(4) Losses are defined as the actual amount paid the members and do not include any adjusting expenses or other expenses. If all losses are paid in full in any year and there is an excess sum remaining in the loss reserve, such excess sum shall be retained in the loss fund and shall be available for the following purposes in this order: Payment of current losses; recoupment by the company of all sums which have been removed from the guaranty fund in prior years to pay excess losses; as a permanent loss reserve fund.

**10-12-102. Association to file articles - bylaws.** After the articles of association have been subscribed and acknowledged in the manner provided for Colorado corporations, a certified copy thereof shall be filed with the commissioner, who shall obtain the approval of the attorney general and otherwise investigate to determine whether the association has complied with the provisions of sections 10-12-101 to 10-12-104. The association shall adopt bylaws and prepare applications and a list of policyholders, all of which, together with any amendments thereto, shall be filed with the commissioner. The commissioner shall issue a certificate of authority to an association which in his opinion has complied with the provisions of sections 10-12-101 to 10-12-104, and, if any provision has not been complied with, the commissioner shall suspend the certificate of authority until such time as compliance has been effected.

**10-12-103. Noncompliance a misdemeanor - penalty.** (1) Upon failure of any association to comply with the provisions of sections 10-12-101 to 10-12-104, whether or not in possession of a valid certificate of authority, the officers and directors jointly and severally are guilty of a misdemeanor and, upon conviction thereof, each shall be punished by a fine of not less than five hundred dollars nor more than fifteen hundred dollars for each act in violation of sections 10-12-101 to 10-12-104.

(2) Any order or decision of the commissioner shall be subject to review, which shall be on the basis of the record of the proceedings before the commissioner and shall not be limited to questions of law, by appeal to the district court of the city and county of Denver at the instance of any party in interest.

(3) Such companies, organized and operating under existing laws, shall not be required to reorganize their corporate structure in order to be eligible to operate under sections 10-12-101 to 10-12-104.

**10-12-104. Fees - annual statement - tax.** (1) The association shall pay to the division of insurance the fees as prescribed pursuant to section 10-3-207 (4).

(2) (a) Each agent, solicitor, special agent, or salaried representative soliciting business in this state shall be licensed by the division of insurance upon application of the association and shall be subject to the insurance licensing laws of the state. The fee for the initial license is five dollars, and the fee for filing each annual notice of intention to keep the agent's license in force is two dollars.

(b) Notwithstanding the amount specified for any fee in paragraph (a) of this subsection (2), the commissioner by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the commissioner by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

(3) The association shall render an annual statement of accounts and such records of the financial condition of the association as may be required by the commissioner, who shall furnish forms for this purpose. The commissioner shall have the same supervisory authority over such association as is provided by law in the case of other insurance companies and associations, and the commissioner shall collect two and one-fourth percent premium tax from each of the associations or companies as provided in section 10-3-209.

**10-12-105. Guaranty fund of mutual companies.** (1) Guaranty fund certificates may be issued to provide a guaranty fund for domestic life and fire insurance companies incorporated upon the mutual plan and for domestic casualty insurance associations incorporated upon the assessment plan, such fund to be held as security for the payment of all losses and other policy liabilities of such companies. Guaranty fund certificates may draw interest or dividends not exceeding in the aggregate eight percent per annum, which shall only be paid from the profits of the company. The certificates may only be retired or redeemed by using the profits of the company for that purpose, but the full fund as required of each kind of mutual and assessment company by this title (except article 15), and article 14 of title 24, C.R.S., shall at all times be maintained. Such guaranty fund shall be a liability until redeemed or retired. It shall only be used to pay policy claims or liabilities when the contingent mutual liability of the policyholders has been drawn upon and found insufficient to meet the losses of policy claims or when the directors for any cause fail to provide for the payment of policy claims.

(2) Upon satisfying himself of such failure, the commissioner shall suspend the certificate of authority of such company and apply to the district court for an order restraining said company from doing further business; and the court may appoint a receiver or issue such decrees and orders as may best serve the interests of the members or policyholders and of the public; and the disbursement or distribution of the guaranty fund shall then be made under the court's direction; but the fund shall first be used to pay policy claims or losses, and, if any of the fund then remains, it shall be used to pay creditors, if any, and the then remaining portion of the fund shall be used to redeem outstanding guaranty fund certificates, or, if none are outstanding, it shall be distributed among the members of the company as the court may direct. The profits of a domestic mutual insurance company or association are that portion of its cash funds not required for the payment of losses and expenses and not set apart for the unearned premium reserve or any other purpose required by law.

**Editor's note:** Section 52 of chapter 280, Session Laws of Colorado 2012, provides that the act amending subsection (1) applies to offenses committed and applications submitted on or after July 1, 2012.

**10-12-106. Fees of mutual companies.** Mutual and assessment companies, unless otherwise specified in this title (except article 15), and article 14 of title 24, C.R.S., are required to pay the same fees and be under the same supervision and authority of the commissioner as companies that are engaged in the same kind of insurance business and that are organized upon the joint-stock plan, and they shall comply with the general laws of this title, unless otherwise specified, and be subject to the penalties provided therein.

**Editor's note:** Section 52 of chapter 280, Session Laws of Colorado 2012, provides that the act amending this section applies to offenses committed and applications submitted on or after July 1, 2012.

**10-12-107. Ownership of profits.** Every domestic insurance company incorporated upon the mutual or assessment plan shall state clearly in its policies or certificates that the accumulations of profits of such corporations over and above all proper liabilities are the sole property of the members or policyholders in good standing and that the same shall be distributed in a just and equitable manner in case such company is reinsured or ceases to do business.

**10-12-108. Mutual insurance companies - corporation policyholders.** Any public or private corporation, board, or association in this state or elsewhere may make applications and enter into agreements for and hold policies in any domestic or foreign mutual insurance company. Any officer, stockholder, trustee, or legal representative of any such corporation, board, or association or any estate may be recognized as acting for or on its behalf for the purpose of such membership but shall not be personally liable upon such contract of insurance by reason of acting in such representative capacity. The right of any corporation

organized under the laws of this state to participate as a member of any such mutual insurance company is declared to be incidental to the purpose for which such corporation is organized and as much granted as the rights and powers expressly conferred.

**10-12-110. Mutual insurance companies - premiums and premium deposits.** The policies shall provide for a premium or premium deposit payable in cash and, except as provided in this section, for a contingent premium at least equal to the premium or premium deposit. Such mutual company may issue a policy without a contingent premium while it has a surplus equal to the capital required of a domestic stock insurance company transacting the same kinds of insurance, and in no event shall the holder of any such policy be liable for a greater amount than the premium or premium deposit expressed in the policy. If at any time the admitted assets are less than the reserve and other liabilities, the company shall immediately collect upon policies with a contingent premium a sufficient proportionate part thereof to restore such assets, but no member shall be liable for any part of such contingent premium in excess of the amount demanded within one year after the termination of the policy. The commissioner may, by written order, direct that proceedings to restore such assets be deferred during the time fixed in such order.

**10-12-111. Mutual life assessment companies prohibited - when.** No life insurance company which is organized under the mutual assessment plan or which issues contracts, the performance of which is contingent upon the payment of assessments or calls made upon its members, shall do business in this state, except such companies authorized on April 15, 1913, to do business in this state and which value their assessment policies or certificates of membership as yearly renewable term policies, according to the standard of valuation of life insurance policies prescribed by the laws of this state. No such company shall provide in any contract of insurance for any cash or other benefit to accrue to any living member or policyholder or to any beneficiary except a death benefit from life insurance upon the yearly renewable term plan.

## PART 4

## MUTUAL INSURANCE COMPANIES

**10-12-401. Legislative declaration.** It is the intent of the general assembly by the enactment of this part 4 that the legal existence and status of mutual insurance companies formed under this part 4 and the members thereof be recognized beyond the limits of this state and that, subject to any reasonable registration requirements, any such mutual insurance company transacting business outside this state be granted the protection of full faith and credit under section 1 of article IV of the constitution of the United States.

**Source: L. 91:** Entire part added, p. 1219, § 1, effective May 24.

**10-12-402. Scope of provisions.** This part 4 shall apply to all domestic and foreign mutual insurers, including captive insurance companies organized as mutual insurers, transacting or being organized to transact any of the kinds of business for which insurance companies regulated by this title are permitted.

**Source: L. 91:** Entire part added, p. 1219, § 1, effective May 24.

**10-12-403. Mutual insurer defined.** For purposes of this part 4, a "mutual" insurer is an insurance corporation without capital stock, owned by its policyholders collectively, who have the right to vote in the election of its directors.

**Source: L. 91:** Entire part added, p. 1219, § 1, effective May 24.

**10-12-404. Company name.** The corporate name of any company organized under this article shall contain the word "mutual" and shall not be the same as and shall be

distinguishable on the records of the secretary of state from the name of any domestic company or of any foreign or alien company authorized to transact business in this state.

**Source: L. 91:** Entire part added, p. 1220, § 1, effective May 24. **L. 2000:** Entire section amended, p. 988, § 102, effective July 1.

**10-12-405. Applicability of other code and corporation code provisions.** Domestic mutual insurers, incorporating or qualifying to transact any or all of the classes of insurance designated in section 10-3-102, shall be subject to all provisions of this title generally applicable to other incorporated insurers, specifically including the provisions of article 3 of this title, and in case of conflict between this part 4 and other provisions of this title, the provisions of this part 4 shall control. Domestic mutual insurers shall be subject to additional articles of this title as they are applicable to the class or classes of insurance made by such domestic mutual insurer. Domestic mutual insurers shall not be required to have or issue capital stock or shares nor shall they be required to distribute an annual report to a member other than at the time of the initial policy issuance or once each year on renewal. Except as otherwise provided in this part 4, incorporated mutual insurers shall be deemed to be incorporated or organized under the general corporation law of this state.

**Source: L. 91:** Entire part added, p. 1220, § 1, effective May 24.

**10-12-406. Lines of business.** When permitted by its articles of incorporation, a company may be organized under this part 4 to make insurance to the same extent and for the same purposes as permitted for domestic insurance companies under section 10-3-102 or for captive insurance companies under section 10-6-107.

**Source: L. 91:** Entire part added, p. 1220, § 1, effective May 24. **L. 94:** Entire section amended, p. 1648, § 88, effective May 31.

**10-12-407. Bylaws.** The bylaws shall provide that each policyholder of the company shall be a member of the company and shall be entitled to one or more votes based upon the amount of insurance in force, the number of policies held, or the amount of premium paid, as shall be stated in such bylaws. The bylaws may permit voting by proxy.

**Source: L. 91:** Entire part added, p. 1220, § 1, effective May 24.

**10-12-408. Liability of members.** (1) A member of a mutual insurance company organized under this article is not liable to any other member, to the company, or to any creditor of the company for the payment of losses or expenses of the company beyond payment of premiums for insurance issued to such member, nor may any member be assessed for any liability of the company.

(2) A mutual insurance company may, if permitted by its articles of incorporation or bylaws and if provision therefor is clearly disclosed to its members on the face of the policy, make contingent premium assessments on its members.

(3) No person is liable for any obligation arising from membership unless the person was admitted to membership upon the person's application or with the person's consent.

**Source: L. 91:** Entire part added, p. 1220, § 1, effective May 24.

**10-12-409. Dividends.** (1) The board of directors or trustees of any company which is subject to the provisions of this part 4 and which writes life, accident, or accident and health insurance may declare dividends to its members.

(2) After retaining sufficient funds for the payment by the company of all outstanding policy and other obligations, the board of directors or trustees of any company which is subject to the provisions of this article and which writes casualty, fidelity and surety, fire,

elements and marine, or similar insurance may from time to time fix and determine the amount of dividends payable, or of unabsorbed or unused premiums or premium deposits to be returned, to each policyholder, may establish reasonable classifications or groupings of policyholders and plans for the distribution of such dividends or refunds upon each general kind of insurance or groups or classes thereof, and may establish reasonable territorial divisions upon policies expiring during a fixed period.

(3) The declaration and payment of dividends by any company subject to the provisions of this part 4 shall be subject to the following conditions:

(a) No dividends shall be declared or paid at any time except out of the earned, as distinguished from contributed, surplus nor when the surplus of the company is less than the original surplus required for the kind or kinds of insurance the company is authorized to write nor when the payment of such dividends will reduce its surplus to less than such amount.

(b) No dividends shall be declared or paid contrary to any restriction contained in the articles of incorporation.

**Source: L. 91:** Entire part added, p. 1221, § 1, effective May 24.

**10-12-410. Insolvency or impairment of mutual insurance company.** A mutual insurance company is deemed insolvent when its admitted assets are less than all of its liabilities, excluding from such liabilities the aggregate amount of its guaranty fund, and is deemed impaired when its admitted assets are less than its liabilities, including as a liability the aggregate amount of its guaranty fund, or when its surplus is less than the minimum requirements of section 10-3-201.

**Source: L. 91:** Entire part added, p. 1221, § 1, effective May 24.

**10-12-411. Conversion of domestic mutual insurer to domestic stock or other form of insurer.** (1) Any domestic mutual insurer may submit to the commissioner a petition and plan to convert, without reincorporation, into a domestic stock or other form of insurer pursuant to the requirements of this section.

(2) The petition and plan shall set forth with specificity the terms and conditions of the proposed conversion and shall do all of the following:

(a) Certify that the plan has been adopted by a majority vote of the board of directors of the insurer;

(b) Certify that the plan and the proposed conversion will not be prejudicial to the policyholders of the insurer;

(c) Specify the method and basis for the issuance of the capital stock of the converted stock or other form of insurer; and

(d) Provide copies of proposed amendments to the insurer's articles of incorporation and bylaws or other documents of organization to effectuate the conversion.

(3) The commissioner shall preliminarily approve the conversion after receiving the information provided in subsection (2) of this section.

(4) After receiving preliminary approval from the commissioner, the insurer shall do all of the following:

(a) Give notice, either personally or through mailing at least twenty-one days before the time fixed for the meeting, to the last known postal address of each policyholder that the question of the conversion will be voted upon at a regular or special meeting of the policyholders. Such notice shall fairly but briefly describe the proposed conversion plan.

(b) Approve the conversion plan and any necessary amendments to the insurer's articles of incorporation and bylaws or other documents of organization, at the regular or a special meeting held in pursuance of the call and notice, by the affirmative vote of not less than two-thirds of the policyholders voting in person or by proxy; and

(c) Submit the conversion plan, together with proper proof that it has been approved by the policyholders as provided in this section, to the commissioner for final approval. The

conversion plan shall not become effective until the commissioner issues an amended certificate of authority to the petitioner.

(5) Upon the issuance of the amended certificate of authority, the conversion shall be effective and the mutual insurer shall immediately become a stock or other form of insurer rather than a mutual insurer. The conversion into a stock or other form of insurer shall not affect any suits, rights, or contracts of the mutual insurer. In all other respects the rights and properties of the mutual insurer shall continue to be the property of the resulting stock or other form of insurer, which shall remain bound by all the obligations and liabilities of the mutual insurer. The stock or other form of insurer shall be deemed to have been organized at the time the converted mutual insurer was originally organized.

(6) Notwithstanding the requirements of paragraphs (a) and (b) of subsection (4) of this section, in the event of insolvency of the insurer, its board of directors by a majority vote may, in its petition, request that the commissioner waive the requirements of notice to and approval by the policyholders before submitting the petition and plan of conversion. Such petition shall specify both of the following:

(a) The method and basis for the issuance of the converted insurer's shares of its capital stock or other indication of ownership to an independent party in connection with an investment by such independent party in an amount sufficient to restore the insurer to a sound financial condition; and

(b) That the conversion shall be accomplished without distribution to the past, present, or future policyholders, if the commissioner finds that the value of the insurer, due to insolvency, is insufficient to warrant any such distribution.

(7) If the commissioner, upon review of the plan of conversion and the financial examination, finds that the domestic mutual insurer meets statutory requirements with respect to capital, surplus fund, and assets, the commissioner may, by a written order, waive the requirements of paragraphs (a) and (b) of subsection (4) of this section.

(8) A domestic mutual insurer may, by a majority vote of its directors and upon approval of the commissioner, abandon such plan for conversion at any time before the issuance of the final order of the commissioner. Upon such abandonment, all rights and obligations arising out of the plan shall terminate and the insurer shall continue to conduct its business as a domestic mutual insurer as though no such plan had ever been adopted.

#### ANNOTATION

**Applied** in *Benham v. Pryke*, 636 P.2d 1339 (Colo. App. 1981).

**10-13-102. Licensing of solicitors.** Such contracts may be executed by an attorney, attorney-in-fact, agent, or other representative, referred to in this article as an “attorney”, duly authorized and acting for such subscribers. Each attorney or exchange doing business in this state shall be required to license each solicitor, agent, special agent, special representative, or salaried representative soliciting business in this state. Such representative need not be a resident of this state, nor will such representative be required to countersign policies issued. The application for such license shall be made by the employer, and the commissioner shall issue to such individual requested in the application the required license upon payment of the usual agent’s license fee if the individual is found by the commissioner to be qualified therefor.

**Cross references:** For fees for licensing agents, see § 10-3-207.

**10-13-103. Declaration of subscribers.** (1) Such subscribers so contracting among themselves shall through their attorney file with the commissioner of this state a declaration verified by the oath of such attorney setting forth:

(a) The name or title of the office at which such subscribers propose to exchange such indemnity contracts. Such name or title shall not be so similar to any other name or title previously adopted by a similar organization or by any insurance corporation or association as in the opinion of the commissioner is calculated to result in confusion or deception.

(b) The kind of insurance to be effected or exchanged;

(c) A copy of the form of policy contract or agreement under or by which such insurance is to be effected or exchanged;

(d) A copy of the form of power of attorney or other authority of such attorney under which such insurance is to be effected or exchanged, which shall show the allowance for expense;

(e) The location of the office from which such contracts or agreements are to be issued;

(f) That applications have been made for indemnity upon at least one hundred separate risks aggregating not less than one and one-half million dollars, as represented by executed contracts or bona fide applications to become concurrently effective, or, in case of liability or compensation insurance, covering a total payroll of not less than one and one-half million dollars;

- (g) A financial statement in such form as the commissioner may require;
- (h) Such other information as the commissioner may deem necessary for the protection of the public.

**10-13-104. Venue of actions - service of process.** Concurrently with the filing of the declaration provided for by the terms of section 10-13-103, the attorney shall file with the commissioner an instrument in writing executed by him for said subscribers, conditioned that, upon the issuance of the certificate of authority provided for in section 10-13-111, action may be brought in the county in which the property insured thereunder is situated, and service of process may be had upon the commissioner or deputy commissioner in all suits in this state arising out of such policies, contracts, or agreements, which service shall be valid and binding upon all subscribers exchanging at any time reciprocal or interinsurance contracts through such attorney. Three copies of such process shall be served, and the commissioner shall file one copy, forward one copy to said attorney, and return one copy with his admission of service.

**10-13-105. Maximum indemnity on single risk.** There shall be filed with the commissioner by such attorney a statement under oath showing the maximum amount of indemnity upon any single risk, and such attorney, as often as the same is required, shall file with the commissioner a statement verified by his oath to the effect that he has examined the commercial rating of such subscribers as shown by the reference book of a commercial agency having at least one hundred thousand subscribers and that from such examination or from other information in his possession it appears that no subscriber has assumed on any single risk an amount greater than ten percent of the net worth of such subscriber.

**10-13-106. Certificate of authority issued.** (1) Upon the filing of the required papers, it is the duty of the commissioner to examine and pass upon the same and, if found in accordance with this title, to issue a certificate of authority which shall expire on April 1 next succeeding.

(2) To qualify for authority to transact insurance business in this state after July 1, 1971, every interinsurance exchange or reciprocal exchange shall possess and maintain an unencumbered surplus in an amount of not less than three hundred thousand dollars. Any interinsurance exchange or reciprocal exchange currently authorized to transact insurance business in this state need not meet such surplus requirements until five years after July 1, 1971; except that the surplus of any such interinsurance exchange or reciprocal exchange shall be increased annually at the rate of twenty percent of the difference between its surplus as of December 31, 1970, and three hundred thousand dollars. Upon written request and for good reason shown, the commissioner may waive the requirement for any one annual surplus increase, with the provision that said surplus increase will be accomplished in full within the next year, together with the surplus increase scheduled for that year.

## ANNOTATION

**Under this section the competency of insurers is passed upon, and determined,** by the insurance commissioner. Consolidated Underwriters v. Indus. Comm'n, 117 Colo. 239, 185 P.2d 1013 (1947).

**Insurance commissioner has discretion** under subsection (1) to issue a new annual certificate of authority to an interinsurance exchange

which fails to meet the unencumbered surplus requirement for original certification when he is acting under his regulatory authority to rehabilitate the interinsurance exchange in the same manner as any other insurance company in §§ 10-3-401 to 10-3-414. Alias Smith & Jones v. Barnes, 695 P.2d 302 (Colo. App. 1984).

**10-13-107. Reserve required.** There shall be maintained at all times an unearned premium reserve computed on a monthly or more frequent pro rata basis. The computation of this reserve shall be based upon premium deposits other than membership fees and without any deduction for expenses and the compensation of an attorney.

**10-13-108. Annual financial report.** (1) Such attorney shall make a sworn annual report to the commissioner of the business of the preceding year ending December thirty-first, on or before the first day of March succeeding, showing that the financial condition of affairs at the office where such contracts are issued is in accordance with the standard of solvency, and shall furnish such additional information and reports as may be required to show the total premiums or deposits collected, the total losses paid, the total amounts returned to subscribers, and the amounts retained for expenses and subject to taxation: Such attorney shall not be required to furnish the names and addresses of any subscribers, except for purposes of verifying by the commissioner the reports furnished under section 10-13-105. These names and addresses are not to be filed or to become any part of the public records. The report shall be on a form prescribed by the commissioner.

(2) The business affairs and assets of any reciprocal or interinsurance exchange or attorney's office shall be subject to examination by the commissioner.

**10-13-109. Authority conferred on corporations.** Any corporation organized under the laws of this state, in addition to the rights, powers, and franchises specified in its articles of incorporation, has full power to exchange insurance contracts of the kind and character mentioned in section 10-13-101. The right to exchange such contracts is declared to be incidental to the purposes for which such corporations are organized and as much granted as the rights and powers expressly conferred.

**Editor's note:** The word "corporation" as used in this section is limited to those engaged in the business of insurance or suretyship. See definition in § 10-1-102 (6).

**10-13-109.5. Exchange may hold and convey real estate.** (1) Any reciprocal or interinsurance exchange authorized to transact business in this state may, in its own name, purchase, take, receive, lease, or otherwise acquire, own, hold, improve, use, and otherwise deal in and with real property, or have an interest in real property, wherever situated, and may sell, convey, assign, encumber, mortgage, pledge, lease, exchange, transfer, and otherwise dispose of all or any part of such real property or interest.

(2) (a) To encumber, transfer, or otherwise affect an estate or interest in real property in its own name, a reciprocal or interinsurance exchange shall execute and record, in the office of the clerk and recorder in the county in which such real property is located, a statement of authority that sets forth:

- (I) The name of the reciprocal or interinsurance exchange;
- (II) The address, including the street address, if any, of the reciprocal or interinsurance exchange; and
- (III) The name of the person or entity authorized to encumber, transfer, or otherwise affect an estate or interest in real property in the name of the reciprocal or interinsurance exchange.

(b) The statement of authority shall be executed and acknowledged by the secretary or assistant secretary of the reciprocal or interinsurance exchange who is not the person authorized to encumber, transfer, or otherwise affect an estate or interest in real property in the name of the reciprocal or interinsurance exchange.

(c) An official with whom a statement of authority is recorded may charge and collect a fee for such recordation not to exceed the fee for recordation of an encumbrance or transfer of real property.

(d) After recording, a statement of authority, as it may be amended from time to time, shall remain effective until a cancellation thereof is recorded. An amendment or cancellation of a statement of authority shall meet the requirements for execution and recording of an original statement.

(e) The recorded statement of authority, any amendment thereof, and any cancellation thereof shall constitute prima facie evidence of the facts recited therein, the authority of the person executing such statement, amendment, or cancellation to execute and record such statement, amendment, or cancellation, and the authority of the person or entity named therein to encumber, transfer, or otherwise affect an estate or interest in real property in the name of the reciprocal or interinsurance exchange.

(3) Any contract, deed, lease, mortgage, deed of trust, purchase or sale agreement, or any other contract, document, or instrument to be executed in the name of the reciprocal or interinsurance exchange may be executed by the person or entity designated in the recorded statement of authority of the reciprocal or interinsurance exchange.

(4) Notwithstanding the provisions of section 38-30-123, C.R.S., the power of attorney or other authorizing document actually executed by subscribers to the reciprocal or interinsurance exchange shall not be filed or recorded in or become part of the public records.

(5) The validity of transactions described in subsection (1) of this section entered into prior to July 1, 1996, and the rights, duties, and interests contained therein shall remain unimpaired and may be completed, confirmed, or enforced in accordance with the law or custom in effect prior to July 1, 1996, or pursuant to the terms of this section.

**10-13-110. Noncompliance a misdemeanor.** Any attorney, agent, or representative who, except for the purpose of applying for a certificate of authority, exchanges any contracts of indemnity of the kind and character specified in section 10-13-101 or directly or indirectly solicits or negotiates any application for the same without first complying with the provisions of this title is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars.

**10-13-111. Annual certification - revocation.** Each attorney by or through whom are issued any policies of or contracts for indemnity of the character referred to in this title shall procure from the commissioner annually a certificate of authority stating that all the requirements of this title have been complied with, and, upon such compliance and the payment of the fees and taxes required by this title, the commissioner shall issue such certificate of authority. The commissioner may revoke or suspend any certificate of authority issued in case of breach of any of the conditions imposed by this title after reasonable notice has been given said attorney in writing so that he may appear and show cause why such action should not be taken. Pending such investigation, no information shall be published, but, in case of revocation or suspension of a certificate of authority, notice of the same shall be published by the commissioner in the Denver daily newspapers. Any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

PART 1

DEFINITIONS - STRUCTURE AND PURPOSE

- 10-14-101. Definitions.** As used in this article, unless the context otherwise requires:
- (1) "Benefit contract" means the agreement for the provision of benefits authorized by section 10-14-401, as that agreement is described in section 10-14-404.
  - (2) "Benefit member" means an adult member who is designated by the governing documents of the society to be a benefit member under a benefit contract.
  - (3) "Certificate" means the document issued as written evidence of the benefit contract.
  - (4) "Governing documents" mean the society's articles of incorporation, constitution, bylaws, and rules, however designated.
  - (5) "Lodge" means any subordinate member unit of the society, known as camps, courts, councils, branches, or by any other designation as described in section 10-14-103.

(6) "Premium" means any premium, rate, dues, or other required contributions by whatever name known, which are payable under the certificate.

(7) "Rule" means any rule, regulation, or resolution adopted by the supreme governing body or board of directors which is intended to have general application to the members of the society.

(8) "Society" means a fraternal benefit society as set forth in section 10-14-102, unless otherwise indicated.

**Editor's note:** The former § 10-14-101 was relocated to § 10-14-102 in 1993.

**10-14-102. Fraternal benefit societies - what constitutes.** Any incorporated society, order, or supreme lodge, without capital stock, conducted solely for the benefit of its members and their beneficiaries and not for profit, operated on a lodge system with ritualistic form of work, having a representative form of government, and which provides any of the benefits enumerated in section 10-14-401, is hereby declared to be a fraternal benefit society.

**Editor's note:** This section is similar to former § 10-14-101 as it existed prior to 1993, and the former § 10-14-102 was relocated to § 10-14-103.

#### ANNOTATION

**Annötator's note.** Since § 10-14-102 is similar to § 10-14-101 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

**For a nonprofit corporation lacking indicia of fraternal society,** see Int'l. Serv. Union Co. v. People ex rel. Wettengel, 101 Colo. 1, 70 P.2d 431 (1937).

**Lack of lodge system and representative government subject corporation to premium tax.** The general assembly imposes a tax upon gross premium income of insurance companies.

Fraternal and benevolent corporations defined as those which have a lodge system with a ritualistic form of work and representative form of government are exempted. It has clearly defined what is meant by "lodge system" and "representative government". Since the reorganization, Homesteaders has not had a lodge system; it has not had a representative form of government; nor has it performed any ritualistic work. These are requirements essential to a status that would exempt it from the tax under discussion. *Beery v. Homesteaders Life Co.*, 146 Colo. 218, 361 P.2d 127 (1961).

**10-14-103. Lodge system - defined.** (1) A society is operating on the lodge system if it has a supreme governing or legislative body and subordinate lodges into which members are elected, initiated, or admitted in accordance with its governing documents, and rituals. Subordinate lodges shall be required by the governing documents of the society to hold regular meetings at least once in each month in furtherance of the purposes of the society.

(2) A society may, at its option, organize and operate lodges for children under the minimum age for adult membership. Membership and initiation in local lodges shall not be required of such children, nor shall they have a voice or vote in the management of the society.

## ANNOTATION

**Annotator's note.** Since § 10-14-103 is similar to § 10-14-102 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotation to this section.

**Society's constitution is part of insurance contract.** Under the laws of Colorado governing fraternal and benefit societies, the constitution of such a society is made a part of the contract between the society and the insured. *Neighbors v. Westover*, 99 Colo. 231, 61 P.2d 585 (1936).

**10-14-104. Representative form of government - defined.** (1) A society has a representative form of government when:

(a) The supreme governing body is either:

(I) An assembly composed of delegates elected directly by the members or at intermediate assemblies or conventions of members or their representatives, together with other delegates as may be prescribed in the society's governing documents. A society may provide for the election of delegates by mail. The elected delegates shall constitute at least a majority of the delegates and not less than two-thirds of the votes of the assembly and not less than the number of votes required to amend the society's governing documents. The assembly shall be elected, shall meet at least once every four years, and shall elect a board of directors to conduct the business of the society between meetings of the assembly. Vacancies on the board of directors between elections may be filled in the manner prescribed by the society's governing documents.

(II) A board composed of persons elected by the members, either directly or by their representatives in intermediate assemblies, and any other persons prescribed in the society's governing documents. A society may provide for election of the board by mail. Each term of a board member shall not exceed four years. Vacancies on the board between elections shall be filled in the manner prescribed by the society's governing documents. Those persons elected to the board shall constitute at least a majority of the board and not less than the number of votes required to amend the society's governing documents. A person filling the unexpired term of an elected board member shall be considered to be an elected member. The board shall meet at least semiannually to conduct the business of the society.

(b) The officers of the society are elected either by the supreme governing body or by the board of directors, pursuant to the governing documents of the society;

(c) Only benefit members are eligible for election to the supreme governing body, the board of directors, or any intermediate assembly; and

(d) Each voting member has one vote. No vote may be cast by proxy.

**Editor's note:** This section is similar to former § 10-14-103 as it existed prior to 1993, and the former § 10-14-104 was relocated to § 10-14-503.

**10-14-105. Purposes and powers.** (1) A society shall operate for the benefit of members and their beneficiaries by:

(a) Providing benefits as specified in section 10-14-401; and

(b) Operating for one or more lawful social, intellectual, educational, charitable, benevolent, moral, fraternal, patriotic, or religious purposes for the benefit of its members, which may also be extended to others. Such purposes may be carried out directly by the society, or indirectly through subsidiary corporations or affiliated organizations.

(2) Every society shall have the power to adopt governing documents for the government of the society, the admission of its members, and the management of its affairs. Each society shall have the power to change, alter, add to, or amend such governing documents and shall have such other powers as are necessary and incidental to carrying into effect the objects and purposes of the society.

## PART 2

### MEMBERSHIP

**10-14-201. Qualifications for membership.** (1) A society shall specify in its governing documents or rules:

(a) Eligibility standards for each and every class of membership. If benefits are provided on the lives of children, the minimum age for adult membership shall be set at not less than fifteen years of age and not greater than twenty-one years of age.

(b) The process for admission to membership for each membership class; and

(c) The rights and privileges of each membership class. Only benefit members shall have the right to vote on the management of the insurance affairs of the society.

(2) A society may also admit social members who shall have no voice or vote in the management of the insurance affairs of the society.

(3) Membership rights in the society are personal to the member and are not assignable.

**Editor's note:** This section is similar to former § 10-14-108 as it existed prior to 1993.

### ANNOTATION

**Annotator's note.** Since § 10-14-201 is similar to § 10-14-108 as it existed prior to the 1993 amendment to article 14, which resulted in the relocation of provisions, a relevant case decided under that provision has been included in the annotations to this section.

**Person who misrepresents age is not aided by retroactive lowering of age limit.** Retroac-

tive amendment to the charter of a fraternal benefit society as to the age limit of members held not to apply to one who procured his alleged membership by misrepresenting his age. *Wiltshire v. Modern Woodmen of Am.*, 76 Colo. 460, 232 P. 925 (1925).

**10-14-202. Principal office - meetings - communications to members - grievance procedures.** (1) The principal office of any domestic society shall be located in this state and comply with the provisions of section 10-3-128. The meetings of its supreme governing body may be held in any state, district, province, or territory wherein such society has at least one subordinate lodge, or in such other location as determined by the supreme governing body, and all business transacted at such meetings shall be as valid in all respects as if such meetings were held in this state.

(2) (a) A society may provide in its governing documents for an official publication in which any notice, report, or statement required by statute to be given to members, including notice of election, may be published. Such required reports, notices, and statements shall be printed conspicuously in the publication. If the records of a society show that two or more members have the same mailing address, an official publication mailed to one member is deemed to be mailed to all members at the same address unless a member requests a separate copy.

(b) Not later than June 1 of each year, a synopsis of the society's annual statement, as of the immediately preceding December 31, providing an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each benefit member of the society or, in lieu thereof, such synopsis may be published in the society's official publication.

(c) A society may provide for procedures in its governing documents for grievances or complaints by members.

**Editor's note:** This section is similar to former § 10-14-119 as it existed prior to 1993.

**10-14-203. No personal liability.** (1) The officers and members of the supreme governing body or any subordinate body of a society shall not be personally liable for any benefits provided by a society.

(2) Any person may be indemnified and reimbursed by any society for expenses reasonably incurred by, and liabilities imposed upon, such person in connection with or arising out of any action, suit, or proceeding, whether civil, criminal, administrative, or investigative, or threat thereof, in which the person may be involved by reason of the fact that such person is or was a director, officer, employee, or agent of the society or of any firm, corporation, or organization which such person served in any capacity at the request of the society. A person shall not be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding as to which such person is finally adjudged to be or have been guilty of breach of a duty as a director, officer, employee, or agent of the society or in relation to any matter in such action, suit, or proceeding, or threat thereof, which has been made the subject of a compromise settlement, unless in either case the person acted in good faith for a purpose the person reasonably believed to be in or not opposed to the best interests of the society and, in a criminal action or proceeding, in addition, had no reasonable cause to believe that such conduct was unlawful. The determination whether the conduct of such person met the standard required to justify indemnification and reimbursement in relation to any matter described in this subsection (2) may only be made by the supreme governing body or board of directors by a majority vote or a quorum consisting of persons who were not parties to such action, suit, or proceeding or by a court of competent jurisdiction. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of no contest as to such person shall not in itself create a conclusive presumption that the person did not meet the standard of conduct required to justify indemnification and reimbursement. The right of indemnification and reimbursement pursuant to this subsection (2) shall not be exclusive of other rights to which such person may be entitled as a matter of law and shall inure to the benefit of such person's heirs, executors, and administrators.

(3) A society shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the society, or who is or was serving at the request of the society as a director, officer, employee, or agent of any other firm, corporation, or organization against any liability asserted against such person and incurred by such person in any such capacity or arising out of such person's status as such, whether or not the society would have the power to indemnify the person against such liability under this section.

(4) No director, officer, employee, member, or volunteer of a society serving without compensation shall be liable, and no cause of action may be brought, for damages resulting from the exercise of judgment or discretion in connection with the duties or responsibilities of such person for the society unless such act or omission involved willful or wanton misconduct.

**10-14-204. Waiver.** The governing documents of the society may provide that no subordinate body nor any of its subordinate officers or members shall have the power or authority to waive any of the provisions of the governing documents of the society. Such provision shall be binding on the society and every member and beneficiary of a member.

## ANNOTATION

**Annotator's note.** Since § 10-14-204 is similar to § 10-14-121 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

**Waiver of nonpayment of premiums or dues.** Where it is established that an insurance society accepted payment of premiums after the

insured was in default, and that it was aware of such default, a waiver is established, and the case does not fall within this section, concerning waivers of the provisions of the laws and constitution of such societies. *Lagrow v. ## PART 3

## GOVERNANCE

**10-14-301. Organization.** (1) A domestic society organized on or after July 1, 1993, shall be formed as follows: Seven or more citizens of the United States, a majority of whom are citizens of this state, who desire to form a fraternal benefit society may make, sign, and acknowledge before some officer competent to take acknowledgments of deeds, articles of incorporation. Such articles of incorporation shall contain:

(a) The proposed corporate name of the society, which shall not so closely resemble the name of any society or insurance company as to be misleading or confusing;

(b) The purpose for which it is being formed and the mode in which its corporate powers are to be exercised. Such purposes shall not include more liberal powers than are granted by this article.

(c) The names and residences of the incorporators and the names, residences, and official titles of all the officers, trustees, directors, or other persons who are to have and exercise the general control and management of the affairs and funds of the society for the first year or until the ensuing election at which all such officers shall be elected by the supreme governing body, which election shall be held not later than one year from the date of issue of the letter of authorization.

(2) The articles of incorporation, duly certified copies of the society's bylaws and rules, copies of all proposed forms of certificates, applications therefor, and circulars to be issued by the society, and a bond conditioned upon the return to applicants of the advanced payments if the organization is not completed within one year shall be filed with the commissioner, who may require such further information as the commissioner deems necessary. The bond with sureties approved by the commissioner shall be in such amount, not less than three hundred thousand dollars nor more than one million five hundred thousand dollars, as is required by the commissioner. All documents filed are to be in the English language. If the purposes of the society conform to the requirements of this article and all provisions of the statutes have been complied with, the commissioner shall furnish the incorporators a letter of authorization authorizing the society to solicit members as provided in this section.

(3) No letter of authorization granted under the provisions of this section shall be valid after one year from its date or after such further period, not exceeding one year, as may be authorized by the commissioner upon good cause shown, unless the five hundred applicants required in subsection (4) of this section have been secured and the organization has been completed as provided in this section. The articles of incorporation and all other proceedings pursuant thereto shall become null and void one year from the date of the letter of authorization, or at the expiration of the extended period, unless the society shall have completed its organization and received a certificate of authority to do business as provided in this section.

(4) Upon receipt of a letter of authorization from the commissioner, the society may solicit members for the purpose of completing its organization, shall collect from each applicant the amount of not less than one regular monthly premium in accordance with its tables of rates, and shall issue to each such applicant a receipt for the amount so collected.

No society shall incur any liability other than for such advance premium, nor issue any certificate, nor pay, allow, offer, or promise to pay any benefit to any person until:

(a) At least ten subordinate lodges have been established into which the five hundred applicants have been admitted;

(b) There has been submitted to the commissioner, under oath of the president, secretary, or corresponding officer of such society, a list of such applicants, giving their names, addresses, date each was admitted, name and number of the subordinate lodge of which each applicant is a member, and the amount of benefits to be granted and premiums therefor; and

(c) It is shown to the commissioner, by sworn statement of the treasurer or corresponding officer of such society, that at least five hundred applicants have each paid in cash at least one regular monthly premium as provided, which premiums in the aggregate shall amount to at least one hundred fifty thousand dollars. The advance premiums shall be held in trust during the period of organization, and, if the society has not qualified for a certificate of authority within one year, as specified in this section, the premiums shall be returned to said applicants.

(5) The commissioner may make such examination and require such further information as the commissioner deems advisable. The society shall submit articles of incorporation, which shall be issued in triplicate, to the commissioner and attorney general for examination. After being approved, the articles shall be filed and recorded in the office of the secretary of state who shall issue a certificate of incorporation. A copy of the articles, certified by the secretary of state, shall be filed with the commissioner. Upon presentation of satisfactory evidence that the society has complied with all the statutory provisions, including the establishment of a deposit with the commissioner of three hundred thousand dollars, unless the commissioner accepts a lesser amount, the commissioner shall issue to the society a certificate to that effect and that the society is authorized to transact business pursuant to the provisions of this article. The commissioner shall cause a record of the certificate of authority to be made. A certified copy of the record may be given in evidence with like effect as the original certificate of authority.

**10-14-302. Amendments to governing documents.** (1) A domestic society may amend its governing documents in accordance with the provisions thereof by action of its supreme governing body at any regular or special meeting thereof or, if its governing documents so provide, by referendum. Such referendum may be held in accordance with the provisions of its governing documents by the vote of the voting members of the society, by the vote of delegates or representatives of voting members, or by the vote of local lodges. A society may provide for voting by mail. No amendment submitted for adoption by referendum shall be adopted unless, within six months after the date of submission thereof, a majority of the members voting shall have signified their consent to such amendment by one of the methods specified in this section. Whenever a domestic society desires to amend its articles of incorporation, it shall file its certificate of amendment with the commissioner before filing the same with the secretary of state, and if the commissioner, with the advice of the attorney general, finds the same to be legally adopted and in due legal form and not in conflict with statutory provisions governing societies, then and not otherwise the certificate of amendment shall be filed with the secretary of state. Any other amendment of the governing documents of the society shall be filed with the commissioner. If the commissioner, with the advice of the attorney general, finds the amendment to be legally adopted and in due legal form and not in conflict with statutory provisions governing societies, then the amendment shall become operative upon filing, unless a later time is provided in the amendment or in the society's governing documents.

(2) Within ninety days after any amendment becomes operative, the amendment or amendments, or a synopsis thereof, shall be furnished to all members of the society either by mail or by publication in full in the official publication of the society. The affidavit of any officer of the society or of anyone authorized by it to mail any amendments or synopsis thereof, stating facts which show that the same have been duly addressed and mailed, shall be prima facie evidence that such amendments or synopsis thereof have been furnished to the addressee.

(3) Every foreign or alien society authorized to do business in this state shall file with the commissioner and the secretary of state a duly certified copy of all amendments of, or additions to, its articles of incorporation within ninety days after the enactment of the same in accordance with the provisions set forth in subsection (1) of this section. Any other amendment of the governing documents of the society shall be filed with the commissioner within ninety days after enactment.

(4) Printed copies of the governing documents, as amended, certified by the secretary or corresponding officer of the society, shall be prima facie evidence of the legal adoption thereof.

**Editor's note:** This section is similar to former § 10-14-123 as it existed prior to 1993.

**10-14-303. Institutions.** A society may create, maintain, and operate, or may establish organizations to operate, not-for-profit institutions to further the purposes permitted by section 10-14-105 (1) (b). Such institutions may furnish services free or at a reasonable charge. Any real or personal property owned, held, or leased by the society for this purpose shall be reported in every annual statement.

**10-14-304. Reinsurance.** (1) A domestic society may, by a reinsurance agreement, cede any individual risk or risks in whole or in part to an insurer (other than another fraternal benefit society) having the power to make such reinsurance and authorized to do business in this state. It may take credit for the reserves on such ceded risks to the extent reinsured, but no credit shall be allowed as an admitted asset or as a deduction from liability to a ceding society for reinsurance made, ceded, renewed, or otherwise becoming effective after July 1, 1993, unless the reinsurance is in compliance with the applicable provisions of section 10-3-118 and all pertinent insurance regulations.

(2) Notwithstanding the limitation in subsection (1) of this section, a society may reinsure the risks of another society in a consolidation or merger approved by the commissioner under section 10-14-305.

**Source: L. 93:** Entire article amended with relocations, p. 595, § 1, effective July 1.

**10-14-305. Consolidations and mergers.** (1) A domestic society may consolidate or merge with any other society by complying with the provisions of this section. It shall file with the commissioner:

(a) A certified copy of the written contract containing in full the terms and conditions of the consolidation or merger;

(b) A sworn statement by the president and secretary or corresponding officers of each society showing the financial condition thereof on a date fixed by the commissioner but not earlier than the society's most recent financial report required pursuant to section 10-14-602;

(c) A certificate of such officers, duly verified by their respective oaths, that the consolidation or merger has been approved by a two-thirds vote of the supreme governing body of each society, such vote being conducted at a regular or special meeting of each such body, or, if the society's governing documents so permit, by mail;

(d) Evidence that at least sixty days prior to the action of the supreme governing body of each society, the text of the contract has been furnished to all members of each society either by mail or by publication in full in the official publication of each society; and

(e) Any other information deemed necessary by the commissioner.

(2) If the commissioner finds that the contract is in conformity with the provisions of this section, that the financial statements are correct, and that the consolidation or merger is just and equitable to the members of each, the commissioner shall approve the contract and issue a certificate to such effect. Upon such approval, the contract shall be in full force and effect unless any society which is a party to the contract is incorporated under the laws of any other state or territory. In such event the consolidation or merger shall not become effective unless and until it has been approved as provided by the statutes of such state or territory and a certificate of such approval filed with the commissioner of this state or, if the statutes of such state or territory contain no such provision, then the consolidation or merger shall not become effective unless and until it has been approved by the commissioner or equivalent regulatory agency of such state or territory and a certificate of such approval filed with the commissioner of this state. In case such contract is not approved, it shall be inoperative, and the fact of its submission and its contents shall not be disclosed by the commissioner.

(3) Upon the consolidation or merger becoming effective as provided in this section, all the rights, franchises, interests, duties, and liabilities of the consolidated or merged societies in and to every species of property, real, personal, or mixed, and things in action thereunto belonging shall be vested in the society resulting from or remaining after the consolidation or merger without any other instrument; except that conveyances of real property may be evidenced by proper deeds, and the title to any real estate or interest therein vested under the laws of this state in any of the societies consolidated or merged shall not revert or be in any way impaired by reason of the consolidation or merger but shall vest absolutely in the society resulting from or remaining after such consolidation or merger.

(4) The affidavit of any officer of the society or of anyone authorized by it to mail any notice or document stating that such notice or document has been duly addressed and mailed shall be prima facie evidence that such notice or document has been furnished the addressees.

**10-14-306. Conversion of fraternal benefit society into a mutual or stock life insurance company.** Any domestic fraternal benefit society may be converted and licensed as a mutual life insurance company or stock life insurance company by compliance with all the requirements of this title pertaining to a life insurance company. A plan of conversion shall be prepared in writing by the board of directors setting forth in full the terms and conditions of conversion. The affirmative vote of two-thirds of all members of the supreme governing body at a regular or special meeting shall be necessary for the approval of such plan. No such conversion shall take effect unless and until approved by the commissioner, who may give such approval if the commissioner finds that the proposed change is in conformity with the statutory requirements and not prejudicial to the certificate holders of the society.

## PART 4

### CONTRACTUAL BENEFITS

**10-14-401. Benefits.** (1) A society may provide the following contractual benefits as authorized by the certificate of authority issued:

- (a) Death benefits;
- (b) Endowment benefits;
- (c) Annuity benefits;
- (d) Temporary or permanent disability benefits;
- (e) Hospital, medical, or nursing benefits;
- (f) Monument or tombstone benefits to the memory of deceased members; and
- (g) Such other benefits as authorized for life insurers and which are not inconsistent with this article.

(2) A society shall specify in its rules those persons who may be issued, or covered by, the contractual benefits in subsection (1) of this section, consistent with providing benefits to members and their dependents. A society may provide benefits on the lives of children under the minimum age for adult membership upon application of an adult person.

**Editor's note:** This section is similar to former § 10-14-105 as it existed prior to 1993.

**10-14-402. Beneficiaries.** (1) The owner of a benefit contract shall have the right at all times to change the beneficiary in accordance with the governing documents of the society unless the owner waives this right by specifically requesting in writing that the beneficiary designation be irrevocable. A society may, through its governing documents, limit the scope of beneficiary designations and shall provide that no revocable beneficiary shall have or obtain any vested interest in the proceeds of any certificate until the certificate has become due and payable in conformity with the provisions of the benefit contract.

(2) A society may make provision for the payment of funeral benefits to the extent of such portion of any payment under a certificate as might reasonably appear to be due to any person equitably entitled thereto by reason of having incurred expense occasioned by the burial of the member. The portion so paid shall not exceed the sum of one thousand dollars.

(3) If at the death of any person insured under a benefit contract there is no lawful beneficiary to whom the proceeds shall be payable, the amount of such benefit, except to the extent that funeral benefits may be paid as provided in subsection (2) of this section, shall be payable to the estate of the deceased insured the same as other property not exempt; except that, if the owner of the certificate is other than the insured, such proceeds shall be payable to such owner.

#### ANNOTATION

**Annotator's note.** Since § 10-14-402 is similar to § 10-14-107 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

**Confinement of benefits to limited class is distinguishing feature of fraternal benefit insurance.** One of the distinguishing features of fraternal benefit insurance from ordinary insurance is that the payment of death benefits in the former is usually confined to limited classes of persons. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**No one outside of the class designated is eligible as a beneficiary.** *Mund v. Rehaume*, 51 Colo. 129, 117 P. 159 (1911).

**Who are eligible as beneficiaries is determined by the laws of the state where the society is organized.** *Mund v. Rehaume*, 51 Colo. 129, 117 P. 159 (1911); *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**Beneficiaries take under policy and not by inheritance.** A fraternal order, the death of a member in which entitles his surviving kin to certain benefits, is, for the purpose of determining who is entitled to the benefit, treated as a mutual insurance company, and the certificate of membership as a policy of life insurance, and, so far as possible, as the last will of the member. The policy measures the rights of the parties. The beneficiaries take thereunder and not by inheritance. *Empire Ranch & Cattle Co. v.*

Jones, 51 Colo. 128, 117 P. 176 (1911).

**Person named as beneficiary is presumed a legal one notwithstanding incorrect description by relationship.** In the absence of proof to the contrary, the presumption is that the person named as beneficiary in a fraternal benefit certificate is a legal one, notwithstanding the description by relationship of the person designated is not strictly correct. The test is: Does she come within one of the eligible classes? *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**Intent of insured in designating beneficiary is often sought.** The intent of a member of a fraternal insurance society in designating a beneficiary in a certificate, like that of a testator, is often sought for in construing the certificate. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**Rights of beneficiary become vested on date of decedent's death.** The rights of a party entitled to the fund under a fraternal benefit

certificate become vested on the date of the decedent's death. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**Attempted change of beneficiary not made in prescribed manner is inoperative.** As a general rule, an attempted change of beneficiary under a fraternal benefit certificate is inoperative if not made in the manner prescribed by the constitution and by laws of the association. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**A divorced wife may take as beneficiary.** If a divorced wife has an insurable interest in the life of the husband, this will support a policy of insurance, and if she is dependent on him when he dies, e.g., for monthly payments of alimony, she is eligible to take as a beneficiary, although not then his wife. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

**10-14-403. Benefits not attachable.** No money or other benefit, charity, relief, or aid to be paid, provided, or rendered by any society shall be liable to attachment, garnishment, or other process or to be seized, taken, appropriated, or applied by any legal or equitable process or operation of law to pay any debt or liability of a member, beneficiary, or any other person who may have a right thereunder either before or after payment by the society.

**Source:** L. 93: Entire article amended with relocations, p. 599, § 1, effective July 1.

**Editor's note:** This section is similar to former § 10-14-122 as it existed prior to 1993.

#### ANNOTATION

**Fund realized from fraternal society insurance not liable for decedent's debts.** It is provided by this section that the fund shall not be liable for the debt of any certificate holder or

beneficiary named therein. *Hendrie & Balthoff Mfg. Co. v. Platt*, 13 Colo. App. 15, 56 P. 209 (1899) (decided prior to L. 11, p. 434, § 21, the earliest source of this section).

**10-14-404. Benefit contract.** (1) Every society authorized to do business in this state shall issue to each owner of a benefit contract a certificate specifying the amount of benefits provided pursuant thereto. The certificate, together with any riders or endorsements attached thereto, the governing documents of the society, the application for membership, the application for insurance and declaration of insurability, if any, signed by the applicant, and all amendments to each thereof shall constitute the benefit contract, as of the date of issuance, between the society and the owner, and the certificate shall so state. A copy of the application for insurance and declaration of insurability, if any, shall be endorsed upon or attached to the certificate. All statements on the application shall be representations and not warranties. Any waiver of this provision shall be void.

(2) Any changes, additions, or amendments to the governing documents of the society duly made or enacted subsequent to the issuance of the certificate shall bind the owner and the beneficiaries and shall govern and control the benefit contract in all respects as though such changes, additions, or amendments had been made prior to and were in force at the time of the application for insurance; except that no change, addition, or amendment shall destroy or diminish benefits which the society contracted to give the owner as of the date of issuance.

(3) Any person upon whose life a benefit contract is issued prior to attaining the age of majority shall be bound by the terms of the application and certificate and by all the

governing documents of the society to the same extent as though the age of majority had been attained at the time of application.

(4) A society shall provide in its governing documents that if its reserves as to all or any class of certificates become impaired its board of directors or corresponding body may require that there shall be paid by the owner to the society the amount of the owner's equitable proportion of such deficiency as ascertained by its board, and that if the payment is not made it shall stand as an indebtedness against the certificate and draw interest not to exceed the rate specified for certificate loans under the certificates or in lieu of or in combination therewith; however, the owner may accept a proportionate reduction in benefits under the certificate. The society may specify the manner of the election and which alternative is to be presumed if no election is made.

(5) Copies of any of the documents specified in this section, certified by the secretary or corresponding officer of the society, shall be received as evidence of the terms and conditions thereof.

(6) No certificate shall be delivered or issued for delivery in this state unless a copy of the form has been filed with the commissioner in the manner provided for like policies issued by life insurers in this state. Every life, accident, health, or disability insurance certificate and every annuity certificate issued on or after July 1, 1994, shall meet the standard contract provision requirements not inconsistent with this article for like policies issued by life, sickness, and accident insurers in this state; except that a society may provide in its certificates for a grace period for payment of premiums of one full month. The certificate shall also contain a provision stating the amount of premiums which are payable under the certificate and a provision reciting or setting forth the substance of any sections of the society's governing documents in force at the time of issuance of the certificate which, if violated, will result in the termination or reduction of benefits payable under the certificate. If the governing documents of the society provide for expulsion or suspension of a member, the certificate shall also contain a provision that any member so expelled or suspended, except for nonpayment of a premium or within the contestable period for material misrepresentation in the application for membership or insurance, shall have the privilege of maintaining the certificate in force by continuing payment of the required premium.

(7) Benefit contracts issued on the lives of persons below the society's minimum age for adult membership may provide for transfer of control of ownership to the insured at an age specified in the certificate, but no less than the legal age of majority. A society may require approval of an application for membership to effect this transfer and may provide in all other respects for the regulation, government, and control of such certificates and all rights, obligations, and liabilities incident thereto and connected therewith. Ownership rights prior to such transfer shall be specified in the certificate.

(8) A society may specify the terms and conditions on which benefit contracts may be assigned.

#### ANNOTATION

**Annotator's note.** Since § 10-14-404 is similar to § 10-14-109 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

**This section does not validate every bylaw that might be adopted.** For example, it could not render effective a bylaw which would change the contract so as to impair vested rights

or deprive a member of substantial rights conferred expressly or impliedly by the contract itself. The reason is that "the obligation of every contract is protected from the state interference by the federal constitution". *Modern Woodmen of Am. v. White*, 70 Colo. 207, 199 P. 965 (1921).

**It contemplates only bylaws or amendments thereto that are reasonable**, and does not intend to make valid any amendment which

otherwise would be void on the ground of being unreasonable. *Modern Woodmen of Am. v. White*, 70 Colo. 207, 199 P. 965 (1921).

**Bylaw requiring actual proof of death for recovery is unreasonable.** A bylaw of a fraternal insurance society providing that the absence or disappearance of a member without proof of

actual death shall not entitle his beneficiary to recover on a benefit certificate, is unreasonable, and invalid as to a beneficiary under a certificate issued before the adoption of the bylaw. *Modern Woodmen of Am. v. White*, 70 Colo. 207, 199 P. 965 (1921).

**10-14-405. Nonforfeiture benefits, cash surrender values, certificate loans, and other options.** (1) For certificates issued prior to July 1, 1994, the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan, or other option granted shall comply with the statutory provisions applicable immediately prior to July 1, 1993.

(2) For certificates issued on or after July 1, 1994, each certificate shall provide for paid-up nonforfeiture benefits, cash surrender values, loans, or other options in an amount and type not less than the corresponding amount ascertained in accordance with the statutes of this state applicable to life insurers issuing policies containing like benefits based upon applicable mortality tables.

### FINANCIAL

**10-14-501. Investments.** A society shall invest its funds only in such investments as are authorized by the statutes of this state including but not limited to sections 10-3-210 to 10-3-242 and part 8 of article 3 of this title for the investment of the assets of life insurers.

**Source: L. 93:** Entire article amended with relocations, p. 601, § 1, effective July 1.

**Editor's note:** This section is similar to former § 10-14-111 as it existed prior to 1993.

**10-14-502. Funds.** (1) All assets shall be held, invested, and disbursed for the use and benefit of the society, and no member or beneficiary shall have or acquire individual rights therein or become entitled to any apportionment on the surrender of any part thereof, except as provided in the benefit contract.

(2) A society may create, maintain, invest, disburse, and apply any special fund or funds necessary to carry out any purpose permitted by the governing documents of such society.

(3) A society may, pursuant to resolution of its supreme governing body and with prior written approval of the commissioner, establish and operate one or more separate accounts and issue contracts on a variable basis, subject to the statutory provisions and regulations regarding life insurers establishing such accounts and issuing such contracts. To the extent the society deems it necessary to comply with any applicable federal or state statutes, or any rules issued pursuant thereto, the society may:

(a) Adopt special procedures for the conduct of the business and affairs of a separate account;

(b) Provide, for persons having beneficial interests therein, special voting and other rights, including without limitation special rights and procedures relating to investment policy, investment advisory services, selection of certified public accountants, and selection of a committee to manage the business and affairs of the account; and

(c) Issue contracts on a variable basis to which section 10-14-404 (2) and (4) shall not apply.

**10-14-503. Exemptions.** Except as provided in this section, societies shall be governed by the provisions of this article and shall be exempt from all other provisions of the insurance statutes of this state unless the terms of such statutes expressly apply to societies, or unless any such insurance statute is specifically made applicable to societies by this article. Societies shall comply with the applicable provisions of sections 10-3-109 (2), 10-3-208, and 10-8-530 (1.5); part 7 of article 3 of this title; and article 16 of this title.

#### ANNOTATION

**Annotator's note.** Since § 10-14-503 is similar to § 10-14-104 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

**Fraternal societies are exempt from general insurance laws.** An intention is manifest in the laws governing fraternal benefit societies to exempt them from the provisions of the general insurance laws of the state, particularly by the

provisions of this section. *Neighbors v. Westover*, 99 Colo. 231, 61 P.2d 585 (1936).

**They are also not controlled by general corporation law.** The legislative policy of Colorado has been to differentiate between commercial corporations and fraternal benefit societies, the latter being controlled by the provisions of this article and not by title 7 of these statutes. *Sovereign Camp of Woodmen of World v. Woodmen of World*, 73 Colo. 57, 213 P. 579 (1923).

**10-14-504. Taxation.** Every society organized or licensed under this article is hereby declared to be a charitable and benevolent institution, and all of its funds shall be exempt from all and every state, county, district, municipal, and school tax other than taxes on real estate and office equipment.

**Source:** L. 93: Entire article amended with relocations, p. 603, § 1, effective July 1.

**Editor's note:** This section is similar to former § 10-14-133 as it existed prior to 1993.

#### ANNOTATION

**Annotator's note.** Since § 10-14-504 is similar to § 10-14-133 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

**Corporation must have all the indicia of a fraternal society to avoid premium tax.** The general assembly imposes a tax upon gross premium income of insurance companies. Fraternal and benevolent corporations defined as those which have a lodge system with a ritualistic form of work and representative form of government are exempted. It has clearly defined what is meant by "lodge system" and "representative government". Since the reorganiza-

tion, *Homesteaders* has not had a lodge system; it has not had a representative form of government; nor has it performed any ritualistic work. These are requirements essential to a status that would exempt it from the tax under discussion. *Beery v. Homesteaders Life Co.*, 146 Colo. 218, 361 P.2d 127 (1961).

**Fraternal benevolent societies are not exempt from sales taxes that were not contemplated in 1911** when they were declared to be "charitable and benevolent institution[s]" when such sales tax was first adopted in 1935 and the legislature imposed the tax on "all sales and purchases of tangible personal property at retail". This is particularly true if the legislation that created the tax listed specific exemptions

that did not include fraternal benevolent societies. Colo. Dept. of Rev. v. Woodmen of the World, 919 P.2d 806 (Colo. 1996).

**The reintroduction of the words “and every” to a phrase making it read “all and every state tax” does not strengthen and reaffirm the broad scope of the exemption for**

**fraternal benefit societies**, it merely was replaced after being determined by the revisor of statutes to be redundant. The meaning of the phrase remains unchanged. Colo. Dept. of Rev. v. Woodmen of the World, 919 P.2d 806 (Colo. 1996).

**10-14-505. Rules and regulations of commissioner.** The commissioner may establish and from time to time amend such reasonable rules and regulations as are necessary to enable the commissioner to carry out the commissioner’s duties under the laws of this state and the provisions of this article.

## PART 6

### REGULATION

**10-14-601. Valuation.** (1) Standards of valuation for certificates issued prior to July 1, 1994, shall be those provided by the statutes applicable immediately prior to July 1, 1993.

(2) The minimum standards of valuation for certificates issued on or after July 1, 1994, shall be based on the valuation methods, standards, and practices (including interest assumptions) set forth in the statutes of this state applicable to life insurers issuing policies containing like benefits.

**Source: L. 93:** Entire article amended with relocations, p. 603, § 1, effective July 1.

**Cross references:** For provisions regarding valuation of life insurance policies, see §§ 10-7-101, 10-7-309, and 10-7-309.5.

**10-14-602. Reports.** Reports shall be filed in accordance with the provisions of this section. Every society transacting business in this state shall annually, on or before the first day of March, file with the commissioner a true statement of its financial condition, transactions, and affairs for the preceding calendar year, unless for cause shown such time has been extended by the commissioner. The statement shall at least include the substance of that which is required by what is known as the convention blank form adopted from year to year by the national association of insurance commissioners for fraternal benefit societies, including any instructions, procedures, and guidelines not in conflict with the provisions of this article, actuarial statements and requirements of reserves in accordance with the statutes of this state applicable to life insurers, and any additional information required by the commissioner.

**Source: L. 93:** Entire article amended with relocations, p. 603, § 1, effective July 1.

**10-14-603. Annual certificate of authority.** Societies that are authorized to transact business in this state as of July 1, 1993, and all societies authorized thereafter, may continue such business until June 30, 1994. The authority of all such societies may thereafter be renewed annually but shall terminate on the last day of the succeeding June. However, a certificate of authority so issued shall continue in full force and effect unless specifically terminated. For each such certificate of authority or renewal the society shall pay to the division of insurance fees as prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S. A duly certified copy or duplicate of such certificate of authority shall be prima facie evidence that the society is a fraternal benefit society within the meaning of this article.

**Editor's note:** This section is similar to former § 10-14-116 (1) as it existed prior to 1993.

**10-14-604. Cash capital.** To avoid situations where a society's transactions would create undue financial risks to its enrollees, subscribers, certificate holders, or the people of this state, the regulations specified in this section are authorized. The commissioner may by regulation establish standards consistent with those of the national association of insurance commissioners which require any society to maintain a minimum surplus level. The minimum surplus level shall reflect the type, volume, and nature of the insurance business being transacted and the type of entity for which the surplus levels are being established in accordance with the assessment features of societies. The regulation may additionally require the submission of an opinion by a qualified actuary which states whether the surplus level of the entity is sufficient for the authority requested.

**10-14-605. Examination of societies.** The examination of societies, both at the initial formation and at any time during which any such society is authorized to transact business in this state, shall follow the same standards and procedures that apply to life insurers. The cost of any such examination may be assessed by the commissioner to be paid by the society.

**10-14-606. Publications.** Pending, during, or after an examination or investigation of any domestic, foreign, or alien society, the commissioner shall make public no financial statement, report, or finding, nor shall the commissioner permit to become public any financial statement, report, or finding affecting the status, standing, or rights of any such society, until a copy thereof has been served upon such society at its home office or until such society has been afforded a reasonable opportunity to answer any such financial statement, report, or finding and to make such showing in connection therewith as it may desire.

**Editor's note:** This section is similar to former § 10-14-130 as it existed prior to 1993.

**10-14-607. Grounds for injunction, liquidation, and receivership of domestic society.** (1) The commissioner shall notify a domestic society when the commissioner upon investigation finds that a domestic society:

- (a) Has exceeded its powers;
- (b) Has failed to comply with any provision of this article;
- (c) Is not fulfilling its contracts in good faith;
- (d) Has a membership of less than four hundred after an existence of one year or more;
- (e) Is conducting business fraudulently or in a manner hazardous to its members, creditors, or the public; or
- (f) Is using methods which, although not otherwise specifically proscribed by statute, nevertheless renders its operation hazardous, or its condition unsound, to its members or the public.

(2) If the commissioner notifies a society pursuant to subsection (1) of this section, the commissioner may utilize the procedures, practices, standards, and provisions of parts 4 and 5 of article 3 of this title. In applying said provisions, the application of the assessment feature of the certificate shall be first considered.

**Source: L. 93:** Entire article amended with relocations, p. 605, § 1, effective July 1.

**10-14-608. Foreign or alien society - admission.** No foreign or alien society shall transact business in this state without a certificate of authority issued by the commissioner. Any such society desiring admission to this state shall comply substantially with the requirements and limitations of this article applicable to domestic societies, excluding any deposit requirements in section 10-14-301 (5). Any such society may be authorized to transact business in this state upon filing with the commissioner such information as may be requested.

**Source: L. 93:** Entire article amended with relocations, p. 605, § 1, effective July 1.

**10-14-609. Suspension - revocation - denial of license of foreign or alien society.**  
(1) The commissioner shall notify a foreign or alien society of any of the deficiencies specified in this subsection (1) and state in writing the reasons for the commissioner's dissatisfaction when the commissioner, upon investigation, finds that a foreign or alien society transacting or applying to transact business in this state:

- (a) Has exceeded its powers;
- (b) Has failed to comply with any provision of this article;
- (c) Is not fulfilling its contracts in good faith;
- (d) Is conducting its business fraudulently or in a manner hazardous to its members, creditors, or the public; or
- (e) Is using methods which, although not otherwise specifically proscribed by statute, nevertheless renders its operation hazardous, or its condition unsound, to its members or the public.

(2) As part of the notification required by subsection (1) of this section, the commissioner shall at once issue a written notice to the society requiring that the deficiency or deficiencies which exist be corrected. After such notice, the society shall have a thirty-day period in which to comply with the commissioner's request for correction, and, if the society fails to comply, the commissioner shall notify the society of such findings of noncompliance and require the society to show cause on a date named why its certificate of authority should not be suspended, revoked, or denied. If on such date the society does not present good and sufficient reason why its authority to do business in this state should not be suspended, revoked, or denied, the commissioner may suspend or deny the certificate of authority of the society to do business in this state until satisfactory evidence is furnished to the commissioner that such suspension or denial should be withdrawn, or the commissioner may revoke the authority of the society to do business in this state.

(3) Nothing contained in this section shall be taken or construed as preventing any foreign or alien society from continuing in good faith all contracts made in this state during the time such society was legally authorized to transact business in this state.

(4) In addition to the provisions of subsections (1) to (3) of this section, the provisions of section 10-1-110, except for the provisions of paragraphs (a) to (c) of subsection (1) of said section, shall apply to societies doing business in this state.

#### ANNOTATION

**Annotator's note.** Since § 10-14-610 is similar to § 10-14-128 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

**This section and § 10-14-127 should be construed together** because if we construe the latter alone, said word "such" would be mean-

ingless. *Woodmen of World v. McCue*, 88 Colo. 209, 294 P. 947 (1930).

**"Such domestic society" refers to a society about to be dissolved**, and the attorney general is the only one authorized to maintain an injunction suit against a society in that condition. *Woodmen of World v. McCue*, 88 Colo. 209, 294 P. 947 (1930).

**10-14-611. Licensing of agents.** Agents of societies shall be licensed in accordance with the statutory provisions regulating the licensing, revocation, suspension, or termination of a license of resident and nonresident agents as provided in part 4 of article 2 of this title, and subject to the exceptions provided in section 10-2-401 (3).

**10-14-612. Unfair methods of competition and unfair and deceptive acts and practices.** Every society authorized to do business in this state shall be subject to the provisions of part 11 of article 3 of this title relating to unfair insurance trade practices; except that nothing in such provisions shall be construed as applying to or affecting the right of any society to determine its eligibility requirements for membership, or be construed as applying to or affecting the offering of benefits exclusively to members or persons eligible for membership in the society by a subsidiary corporation or affiliated organization of the society.

#### PART 7

#### MISCELLANEOUS

**10-14-701. Service of process.** Societies authorized to do business in this state shall be subject to the same provisions and requirements regarding service of process as life insurers in accordance with section 10-3-107.

**Source: L. 93:** Entire article amended with relocations, p. 607, § 1, effective July 1.

**Editor's note:** This section is similar to former § 10-14-118 as it existed prior to 1993.

#### ANNOTATION

**Annotator's note.** Since § 10-14-701 is similar to § 10-14-118 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case

construing that provision has been included in the annotations to this section.

**Process on foreign societies must be made on insurance commissioner.** Under this section

service of process upon foreign societies can only be made upon the commissioner of insurance. The provisions of title 7 are not applicable

to such societies. *Galligan v. Independent Order of Foresters*, 84 Colo. 198, 269 P. 584 (1928).

**10-14-702. Fees.** Except as otherwise specifically provided in this article, societies shall pay the applicable fees specified in sections 10-3-207 and 24-31-104.5, C.R.S., and be subject to the assessment of late fees pursuant to section 10-3-109 (2) and (3).

**10-14-704. Penalties.** (1) Any person, officer, member, or examining physician of any society authorized to do business under this article who knowingly or willfully makes any false or fraudulent statement or representation in or with reference to any application for membership, or for the purpose of obtaining money from or benefit in any society transacting business under this article, is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than five hundred dollars, nor more than two thousand five hundred dollars, or by imprisonment in the county jail for not less than thirty days nor more than one year, or by both such fine and imprisonment.

(2) Any person who willfully makes a false statement of any material fact or thing in a sworn statement as to the death or disability of a certificate holder in any such society for the purpose of procuring payment of a benefit named in the certificate of such holder and any person who willfully makes any false statement in any verified report or declaration under oath required or authorized by this article is guilty of perjury in the second degree.

(3) Any person who solicits membership for, or in any manner assists in procuring membership in, any fraternal benefit society not licensed to do business in this state, or who solicits membership for, or in any manner assists in procuring membership in, any such society not authorized as provided in this article to do business in this state as defined in this article is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars.

(4) Any society, or any officer, agent, or employee thereof neglecting or refusing to comply with, or violating any of the provisions of this article, the penalty for which neglect, refusal, or violation is not specified in this section, is guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than two thousand dollars.

(a) Grand or subordinate lodges of masons, odd fellows, or knights of Pythias (exclusive of the insurance department of the supreme lodge knights of Pythias) or the junior order of united American mechanics (exclusive of the beneficiary degree or insurance branch of the national council junior order united American mechanics); nor to grand or subordinate lodges of societies, orders, or associations now doing business in this state which provide benefits exclusively through local or subordinate lodges; nor to similar societies which do

not issue insurance certificates. Members of lodges of the independent order of odd fellows, knights of Pythias, and other organizations paying periodical or funeral benefits shall not be individually liable for the payment of periodical or funeral benefits or other liabilities of the lodge or other organizations, but the same shall be payable only out of the treasury of such lodges or organizations.

(b) Orders, societies, or associations which admit to membership only persons engaged in one or more crafts or hazardous occupations, in the same or similar lines of business, insuring only their own members and their families, and the ladies' societies or ladies' auxiliaries to such orders, societies, or associations.

(2) The commissioner may require from any society or association, by examination or otherwise, such information as will enable the commissioner to determine whether such society or association is exempt from the provisions of this article.

(3) Any fraternal benefit society organized and incorporated before June 2, 1911, and operating within the definition set forth in sections 10-14-101 to 10-14-104, providing for benefits in case of death or disability resulting solely from accidents, but which does not obligate itself to pay death or sick benefits, may be licensed under the provisions of this article and shall have all the privileges and be subject to all the provisions and regulations of this article; except that the provisions of this article requiring medical examinations, valuations of benefit certificates, and that the certificate shall specify the amount of benefits shall not apply to such society.

- 10-15-102. Definitions.** As used in this article, unless the context otherwise requires:
- (1) "Broker" means any contract seller who must utilize the services of a general provider to fulfill the terms of a preneed contract.
  - (1.5) "Cash advances" means consideration which can be used at the time of need at the discretion of the contract buyer or his or her heirs, assigns, or authorized representatives for merchandise or services the prices of which are not guaranteed in a preneed contract and which merchandise or services are ancillary and in addition to merchandise and services the prices of which are guaranteed in a preneed contract.
  - (2) "Cemetery" means any place, including a mausoleum, niche, or crypt, in which there is provided space either below or above the surface of the ground for the interment of the remains of human bodies.
  - (3) "Commissioner" means the commissioner of insurance.
  - (4) "Common trust funds" means a common trust as defined by the provisions of article 24 of title 11, C.R.S. This article does not preclude the use of a common trust to the extent that the individual contract seller complies with the provisions of this article.
  - (5) "Contract buyer" means a person who purchases merchandise and services through a preneed contract.
  - (6) "Contract seller" means a person who sells merchandise and services through a preneed contract.
  - (7) "Final resting place" means a space, either below or above the surface of the ground, for the interment of the remains of human bodies.
  - (8) "Funds" means money paid by a contract buyer, excluding interest, finance charges, and late fees paid, for the purchase of a preneed contract.
  - (9) "General provider" means a person who engages, on a contract basis, in the usual business of providing the merchandise and performing the services, at time of need, for the final disposition of a deceased human body, and does not include subcontractors of a general provider.
  - (10) "Merchandise" means goods which are normally sold or offered for sale directly to the public for use in connection with funeral services and does not include overhead items.

(11) "Overhead items" means items such as embalming fluid, sanitary supplies, and other items used in the performance of funeral services.

(12) "Person" means an individual, partnership, firm, joint venture, corporation, company, association, joint stock association, or limited liability company.

(13) (a) "Preneed contract" means any written contract, agreement, or mutual understanding, any series or combination of contracts, agreements, or mutual understandings, or any security or other instrument which is convertible into a contract, agreement, or mutual understanding whereby it is agreed that, upon the death of the preneed contract beneficiary, a final resting place, merchandise, or services shall be provided or performed in connection with the final disposition of the preneed contract beneficiary's body. Consideration for a preneed contract is funds or the assignment of life insurance benefits.

(b) A contract for merchandise whereby the buyer takes physical possession of the merchandise at the time of entering into the contract shall not be included in the definition of a preneed contract.

(c) Providing a developed final resting place within a designated cemetery approved for the interment, entombment, or inurnment of human remains is not subject to the provisions of this article. Providing an undeveloped final resting place shall be exempt from the provisions of this article only if the cemetery contains unsold developed final resting places representing at least twenty-five percent of the outstanding paid-in-full contracts for undeveloped final resting places. In the event such specific and identifiable final resting place is not developed for use at the time of need and full payment has been made, then the contract must provide the purchaser with an immediate alternate and comparable final resting place at the same cemetery or a full refund of moneys paid.

(14) "Preneed contract beneficiary" means, for any preneed contract entered into on or after July 1, 1967, any person specified in the preneed contract, upon whose death a final resting place, merchandise, or services of any nature shall be provided, delivered, or performed.

(15) "Preneed contract price" means the total price listed on a preneed contract for all items listed and includes cash advances.

(16) "Services" means any services which may be used to care for and prepare deceased human bodies for burial, cremation, or other final disposition.

(17) "Trustee" means a chartered state bank, savings and loan association, credit union, or trust company that is authorized to act as fiduciary and that is subject to supervision by the state bank or financial services commissioner or a national banking association, federal credit union, or federal savings and loan association authorized to act as fiduciary in Colorado.

(18) "Trust funds" means funds deposited by a contract seller with a trustee.

(19) "Trust instrument" means the documents pursuant to which a trustee receives, holds, invests, and disburses trust funds.

**10-15-103. License procedure - records - examination of records.** (1) (a) No contract seller shall enter into a preneed contract or accept any funds or other consideration without first securing a license from the commissioner. Application for an initial license shall be in writing, signed by the applicant, and duly verified on forms furnished by the commissioner. Each application shall be accompanied by payment of five hundred dollars and a current balance sheet, income statement, and statement of cash flow to demonstrate a net worth of at least ten thousand dollars, as evidenced by the signature of a certified public accountant ("CPA") or public accountant ("PA"), or, if prepared by the applicant, accompanied by a current tax return; or, in the alternative, the applicant shall furnish the commissioner a surety bond in the amount of ten thousand dollars to honor preneed contract obligations.

(b) (I) With the submission of the initial application described in paragraph (a) of this subsection (1), each applicant shall submit a set of fingerprints to the commissioner. The

commissioner shall forward such fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation.

(II) For purposes of this paragraph (b), "applicant" means an individual and, in the case of a corporation, each officer and director of the corporation.

(2) Upon receipt of a complete initial application and license fee, the commissioner shall issue a license to the applicant unless the commissioner determines that:

(a) The applicant has made false statements or misrepresentations in such application; or

(b) The applicant does not meet the conditions of subsection (1) of this section; or

(c) The applicant is not duly authorized to transact business in the state of Colorado; or

(d) Any officer, director, or controlling shareholder of the applicant has been convicted of a crime involving fraud or misappropriation or misuse of funds; or

(e) The applicant has not filed a preneed contract, general provider contract, or trust agreement and assignment form, where applicable, which comply with the provisions of this article; or

(f) The applicant is an insurance company.

(3) (a) The contract seller shall keep accurate accounts, books, and records of all transactions, copies of all preneed contracts, dates and amounts of payments made and accepted thereon, the name and address of each contract buyer, copies of all annual reports, the name of the preneed contract beneficiary as to each preneed contract, the name of the trustee holding trusted funds received under each preneed contract, copies of statutory reports made to the trustee and statutory reports provided by the trustee, and any other information necessary to verify compliance with the provisions of this article.

(b) Such records as stated in paragraph (a) of this subsection (3) shall be kept by the contract seller for at least five years following the earliest of the following:

(I) The death of the preneed contract beneficiary; or

(II) The removal of funds from trust; or

(III) The termination of the assignment of life insurance benefits.

(4) (a) The contract seller shall make all books and records available to the commissioner for examination. The commissioner, or a qualified person designated by the commissioner, during ordinary business hours, shall examine the books, records, and accounts of the contract seller at least once every five years, and more often as necessary to ensure compliance with this article, and for that purpose may require the attendance of and examine under oath all persons whose testimony the commissioner may require.

(b) The commissioner may designate a qualified person who is not an employee of the division of insurance to examine any contract seller, and the reasonable expenses and charges of such examiner shall be paid directly by the contract seller to any such authorized examiner. The examinee may contest the amount of fees, costs, and expenses charged to it by such person by filing an objection with the commissioner that sets forth the charges the examinee considers to be unreasonable, together with the basis for such claim of unreasonable charges. No amounts that are so disputed will be due to the examiner unless and until the commissioner has reviewed the objection and made a written finding that the disputed charges were reasonable in relation to the examination performed.

(5) (a) Every license shall expire on June 30. Every license shall be renewed annually and automatically extended upon filing of a complete application on a form provided by the commissioner, demonstration of compliance with the conditions of subsection (2) of this section, payment of the fee prescribed in paragraph (b) of this subsection (5), and the filing of the annual report which shall be due by March 31 of each year. A filing made later than March 31 may be subject to a late fee of up to one hundred dollars per day for each day received after such date. If the contract seller is in compliance with this section, the contract seller shall be deemed licensed unless and until notified by the commissioner that the renewal does not comply with this section.

(b) The annual renewal fee shall be based upon the aggregate preneed contract price of all preneed contracts outstanding at the end of each calendar year. If the aggregate preneed contract price is:

(I) One hundred thousand dollars or less, the annual renewal fee shall be one hundred dollars;

(II) Greater than one hundred thousand dollars but not exceeding five hundred thousand dollars, the annual renewal fee shall be two hundred dollars;

(III) Greater than five hundred thousand dollars but not exceeding one million dollars, the annual renewal fee shall be five hundred dollars;

(IV) Greater than one million dollars but not exceeding five million dollars, the annual renewal fee shall be one thousand dollars;

(V) Greater than five million dollars but not exceeding ten million dollars, the annual renewal fee shall be one thousand five hundred dollars;

(VI) In excess of ten million dollars, the annual renewal fee shall be two thousand dollars.

(6) Notwithstanding the amount specified for any fee in this section, the commissioner by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the commissioner by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

**Editor's note:** This section is similar to former § 10-15-103 as it existed prior to 1995.

**10-15-104. Annual report.** Each contract seller shall file an annual report on a calendar year basis with the commissioner on a form as provided by the commissioner. In the annual report, each contract seller who is required to deposit funds with a trustee shall state the name of each trustee with which it has trust funds on deposit and the amount remaining on deposit in the trust fund on December 31. Each contract seller shall report annually the amount of all annual preneed aggregate merchandise sales and the disposition of such merchandise. Any contract seller which has voluntarily or involuntarily discontinued the sale of preneed contracts shall not be required to obtain a renewal of its license, but it shall continue to make annual reports to the commissioner until all such contracts have been fully performed by it and shall pay fifty percent of the fee structure prescribed by section 10-15-103 (5) (b).

**10-15-105. Contract requirements - refund - full performance.** (1) (a) The preneed contract shall bind the contract seller, or the heirs, assigns, or duly authorized representatives of the contract seller, to provide the services or merchandise contained in the preneed contract.

(b) (I) The contract seller shall certify pursuant to subparagraphs (II), (III), and (IV) of this paragraph (b) with the commissioner each form of preneed contract offered or sold by such contract seller unless the contract seller notifies the commissioner that it will use preauthorized forms made available by the commissioner. For preneed contracts that are funded by the assignment of life insurance benefits, the assignment shall be deemed to be part of the preneed contract, and the contract seller shall certify pursuant to subparagraphs

(II), (III), and (IV) of this paragraph (b) with the commissioner a copy of each form of assignment.

(II) Each contract seller of preneed contracts shall submit an annual report to the commissioner listing any forms of preneed contracts and each form of assignment used or to be used by the contract seller. Such listing shall be submitted on or before July 15, 2000, and on or before July 1 of each subsequent year. The annual report shall include a certification by the contract seller that, to the best of the seller's knowledge, each form for preneed contracts and assignments in use complies with Colorado law. The commissioner may promulgate rules specifying the necessary elements of the certification.

(III) Each contract seller shall submit to the commissioner a list of new preneed contracts and forms of assignment. Such listing shall include a certification by the contract seller that, to the best of the seller's knowledge, each new preneed contract or form of assignment proposed complies with Colorado law. The commissioner may promulgate rules specifying the necessary elements of the certification.

(IV) The commissioner shall have the power to examine and investigate the preneed contract seller to determine whether the preneed contracts or forms of assignment comply with the seller's certification and Colorado law.

(c) At the time the preneed contract is entered into, the contract seller shall furnish the contract buyer with an accurate copy of the preneed contract.

(d) If the contract seller is a broker, or if the preneed contract requires any services to be performed or merchandise to be provided by a general provider other than the contract seller, the contract seller shall furnish the contract buyer with a copy of the agreement or a certificate evidencing an agreement between the contract seller and such general provider whereby the general provider or the heirs, assigns, or duly authorized representatives of such general provider are obligated to perform the services or provide the merchandise as stated in the preneed contract. Such agreement or certificate shall state that the general provider shall perform the contract services and provide the merchandise specified in the agreement between the contract seller and the general provider, under any fully paid preneed contract, without recourse against the contract buyer or his or her heirs, assigns, or duly authorized representatives for any funds due from the contract seller. Each such agreement or certificate evidencing each agreement shall be filed with the commissioner. As an alternative to having a separate agreement with a general provider, the preneed contract shall contain a signature and statement of guarantee by the general provider or an authorized agent of said general provider to provide the merchandise and services as agreed in the preneed contract.

(2) A preneed contract shall be written in clear, understandable language and shall be printed or typed in at least eight-point type.

(3) A preneed contract shall conform to all other applicable state and federal statutes and regulations.

(4) Each preneed contract shall:

(a) State on its face that "This preneed contract is not insurance; however, preneed contracts and contract sellers are subject to regulation by the Colorado Division of Insurance.";

(b) State the name and address of the principal office of the preneed contract seller and, if not the same, the name and address of the principal office of the general provider;

(c) Identify the contract buyer and the preneed contract beneficiary;

(d) State the terms and conditions for cancellation by the contract buyer within the first seven days of the contract buyer's signature to the preneed contract during which period the contract buyer may provide the contract seller with written notice of cancellation. The contract seller shall forward a one hundred percent refund to the contract buyer within ten calendar days of receipt of the written cancellation.

(e) Provide that the contract buyer may cancel the preneed contract at any time after the seven-day period provided in paragraph (d) of this subsection (4) and that any return of consideration be made to the contract buyer, heirs, assigns, or duly authorized representatives in a timely manner, not to exceed thirty days after the date of the request for return of consideration in lieu of performance, and not to exceed forty-five days after the date of request for return of consideration in case of default or cancellation;

(f) Contain a provision expressing the right of the contract seller to perform under the preneed contract if the heirs, assigns, or duly authorized representatives of the preneed contract beneficiary have not canceled the preneed contract within one hundred sixty-eight hours after the death of the preneed contract beneficiary, or if previously authorized to perform prior to such one hundred sixty-eight hours;

(g) Specify the services or merchandise, or both, to be provided, and clearly indicate that the preneed contract seller guarantees and fully pays for each such service or merchandise, or both, when it is provided, except for cash advances;

(h) Contain a provision providing that the preneed contract seller shall provide merchandise as described in the preneed contract or of equivalent quality;

(i) (I) State on its face the manner in which it is funded. Each preneed contract shall clearly state the terms of the consideration between the contract seller and the contract buyer.

(II) Such terms shall require that the contract buyer be responsible for paying any unpaid balance of the preneed contract price.

(III) Where the consideration is an assignment of life insurance benefits, excluding annuities, any unpaid balance shall not exceed the price of the services or merchandise provided at the time of death of the preneed contract beneficiary, based on the general provider's general price list then in force, in excess of the value of the assignment. Such assignment shall not require the payment of any unpaid balance after the third anniversary of the issue date of the preneed contract. The contract seller may require any assignment which has been reduced in value by action of the policy owner to be returned to full value.

(j) Contain a provision stating that the contract seller is responsible for furnishing the merchandise and services expressed in the preneed contract unless the contract buyer is in default, the contract is canceled, or the assignment funding the contract is void, canceled, or otherwise reduced in value by action of the contract buyer. The preneed contract shall provide that in the case of the death of the preneed contract beneficiary, the contract buyer or, if the contract buyer is deceased, such buyer's heirs, assigns, or duly authorized representatives are entitled to a full return of consideration instead of performance by the contract seller. It shall further provide whether or not a preneed contract, in case of default or cancellation, a preneed contract which has not been performed, or promissory note executed in connection therewith, may allow the contract seller to retain liquidated damages. In no event shall such liquidated damages exceed the lesser of the funds received or fifteen percent of the total preneed contract price. Such liquidated damages are deemed to be the reasonable value of administrative and sales costs incurred.

(5) Any preneed contract for which merchandise has been contracted, manufactured, and placed in storage shall guarantee that the merchandise, when delivered, shall be merchantable and fit for its intended purpose.

(6) No contract seller shall condition a preneed contract upon the purchase of any other item or contract unless such preneed contracts, other contracts, and any other item can be independently purchased at the same stated price. Nothing in this section shall prohibit the sale, purchase, or assignment of life insurance benefits to be identified in the preneed contract and be used as full or partial consideration to fund a preneed contract.

(7) The contract seller shall be deemed to have fully performed under the preneed contract when:

(a) The services or merchandise, or both, contracted for have actually been used in conjunction with the death of the preneed contract beneficiary; or

(b) The services contracted for have actually been furnished; or

(c) The contract buyer has taken physical possession of the merchandise; or

(d) The merchandise contracted for, which the contract buyer has agreed to purchase prior to need, has been manufactured and placed in storage and a certificate of title or warehouse receipt has been issued in the contract buyer's name, any such certificate of title or warehouse receipt having effectively and unalterably transferred ownership of the merchandise to the contract buyer and all such merchandise having been fully protected by casualty insurance against all hazards; or

(e) Full payment to the manufacturer has been made by the contract seller within forty-five days after the sale of the merchandise contracted for, which the contract buyer has

agreed to purchase prior to need, by the contract buyer, the merchandise has been manufactured not later than six months thereafter and placed in storage, and a certificate of title or warehouse receipt has been issued in the contract buyer's name, any such certificate of title or warehouse receipt having effectively and unalterably transferred ownership of the merchandise to the contract buyer and all such merchandise having been fully protected by casualty insurance against all hazards, as stated in paragraph (d) of this subsection (7); or

(f) The merchandise contracted for, which the contract buyer has agreed to purchase prior to need, has been installed upon or placed within the interment site of the contract buyer, including the place of interment, entombment, or ground burial.

(8) In any preneed contract that includes merchandise contracted for pursuant to paragraphs (d) and (e) of subsection (7) of this section, upon full payment for the merchandise by the contract buyer, the title shall be deemed transferred to the contract buyer.

(9) Notwithstanding any other provision of this section to the contrary, upon the request and consent of the contract buyer, a preneed contract, related trust, or assignment of the ownership or the benefits of a life insurance policy may be made irrevocable. However, the contract buyer, or his or her heirs, assigns, or duly authorized representatives may, at any time before performance, transfer the funds or the assignment to any other contract seller or general provider as required by applicable laws.

**Editor's note:** This section is similar to former § 10-15-106 as it existed prior to 1995.

**10-15-107. Deposit of funds with trustee.** (1) If a contract seller enters into a preneed contract in which the consideration is funds, the contract seller shall deposit not less than seventy-five percent of the total preneed contract price with a trustee. The contract seller shall deposit all funds in excess of twenty-five percent of the total preneed contract price with a trustee within forty-five days after receipt thereof. All funds deposited with a trustee shall be deposited under the terms of a trust instrument, which shall not be inconsistent or in conflict with the provisions of this article, and shall be held in trust by the trustee pursuant to the provisions of this article. Copies of all trust instruments and amendments to such trust instruments shall be filed with the commissioner.

(2) For each deposit with a trustee, the contract seller shall make a record of, and provide the trustee with, the name and address of the contract buyer, the total preneed contract price, and the amount of trustable funds. The contract seller shall keep such record, as to each contract buyer, until five years following the earlier of:

(a) The death of the preneed contract beneficiary; or

(b) The removal of funds from trust.

(3) Within thirty days following the last day of the calendar quarter, the contract seller shall provide to the trustee a detailed listing of all preneed contracts outstanding, the name

and address of each contract buyer, the total preneed contract price, accumulated receipts, and the total amount of funds trusted for each preneed contract. If the trustee finds a significant discrepancy between such cumulative listing and the aggregate deposits in trust, the trustee shall contact the contract seller in order to reconcile the discrepancy. If the trustee is unable to resolve such discrepancy to the trustee's satisfaction, the trustee shall promptly notify the commissioner in writing of such discrepancy.

**10-15-108. Standard for investments by trustees.** (1) Savings and loan associations acting as trustees under the terms of this article shall invest trust funds as otherwise authorized under the laws of this state relating to the investment of funds by savings and loan associations and the federal law governing such investments, but savings and loan associations shall accept trust funds only to the extent that the full amount thereof is insured by the federal deposit insurance corporation or its successor.

(2) Banks and trust companies acting as trustees under the terms of this article shall be subject to the following investment standards: In acquiring, investing, reinvesting, exchanging, retaining, selling, and managing property for the benefit of others, trustees shall be required to have in mind the responsibilities which are attached to such offices and the size, nature, and needs of the estates entrusted to their care and shall exercise the judgment and care under the circumstances then prevailing which men of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital. Within the limitations of the standards set forth in this subsection (2), trustees are authorized to acquire and retain every kind of property, real, personal, and mixed, and every kind of investment, specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations, savings accounts in insured savings and loan associations, stocks, preferred or common, securities of any open-end or closed-end management type investment company or investment trust, and participations in common trust funds, which men of prudence, discretion, and intelligence would acquire or retain for their own account.

(3) Credit unions acting as trustees under the terms of this article shall invest funds received under an account agreement as authorized under the laws of this state or the United States relating to the investment of funds by credit unions, but a credit union shall accept trust funds only to the extent that the full amount thereof is insured by the national credit union share insurance fund or other insurer approved by the commissioner of financial services.

**10-15-109. Disbursements - excess trust assets.** At reasonable times, and unless the trustee is notified by the commissioner that the preneed seller is in violation of the provisions of this article or by the contract seller not to disburse trust assets, the trustee shall disburse excess trust assets to the contract seller in accordance with the terms of the preneed contract between the contract buyer and the contract seller. The trustee shall not disburse any excess trust assets until such time as the value of such trust assets exceeds the total of all funds paid by the contract buyers under the preneed contracts. If more than one trust account is used by the contract seller, the aggregate of all trust accounts must exceed the total of all funds paid by all contract buyers before any disbursement by the trustee. It is the obligation and responsibility of the trustee to conduct at least annual valuations of the market value of the assets held in trust, which may include accrued interest.

**10-15-110. Discharge of preneed contract - disbursements by trustees.** (1) Before disbursing any trust assets to discharge a preneed contract, the trustee shall determine that the amount of assets to be released does not exceed the funds trusted.

(2) If a preneed contract is cancelled by the contract buyer or the contract buyer's heirs, assigns, or duly authorized representatives, the trustee shall require a copy of the signed cancellation request before releasing trust assets.

(3) If a preneed contract is cancelled by the contract seller due to a default by the contract buyer, the trustee shall require an affidavit from an officer or owner of the contract seller setting forth such default before releasing funds.

(4) If a preneed contract is performed by the contract seller, the trustee shall require an affidavit from an officer or owner of the contract seller setting forth such performance before releasing funds.

**10-15-111. Insurance-funded preneed contracts.** (1) If a contract seller enters into a preneed contract in which the consideration is the assignment of life insurance benefits, such preneed contract shall state that all or part of such assigned funds shall be paid to the contract seller to pay for the services or merchandise, or both, included in the preneed contract. The preneed contract and the assignment shall identify the policy being assigned including the name of the issuing company. The initial benefit assigned shall not exceed the preneed contract price when the assignment is executed. The purchaser of any insurance policy to be assigned under a preneed contract must have an insurable interest in the life of the preneed contract beneficiary.

(2) If the value of the assignment exceeds the price of the preneed contract services or merchandise, or both, at the time of the death of the preneed contract beneficiary, based on the general provider's general price list in force in accordance with the regulations of the federal trade commission, the excess amounts shall be paid to the beneficiary under the policy or, if none, to the estate of the preneed contract beneficiary.

**10-15-114. Investigations - actions against licensees.** (1) The commissioner may impose an administrative fine not to exceed one thousand dollars for each separate offense; may issue a letter of admonition; may place a contract seller on probation under the commissioner's close supervision on such terms and for such time as the commissioner deems appropriate; and may refuse to renew, may revoke, or may suspend the license of any contract seller if, after an investigation and after notice and a hearing pursuant to the provision of section 24-4-104, C.R.S., the commissioner determines that the contract seller has:

(a) Failed to comply with or has violated any provision of this article or any regulation or order lawfully made pursuant to and within the authority of this article; or

(b) Used false or misleading advertising or made any false or misleading statement or concealment in the contract seller's application for licensure; or

(c) Employed any device, scheme, or artifice which results in defrauding a contract buyer; or

(d) Disposed of, concealed, diverted, converted, or otherwise failed to account for any funds or assets of any contract buyer which are subject to regulation pursuant to this article; or

(e) Committed any act that constitutes a violation of the "Colorado Consumer Protection Act", article 1 of title 6, C.R.S.; or

(f) Been convicted of, or any officer, director, or controlling shareholder has been convicted of, a crime involving fraud or misappropriation or misuse of funds; or

(g) Failed to provide appropriate records requested by the commissioner as part of an investigation of a complaint filed with the commissioner.

#### ANNOTATION

**Three-month suspension was not an abuse of discretion by the division** where the seller of insurance-funded pre-need funeral contracts engaged in selling such contracts on forms not approved by the division, continued to sell such contract after being advised by the division that such contracts were not approved, and failed to specify in the contracts the purchase price for funeral goods and services, all of which violate statutory provisions governing the sale of pre-need funeral contracts. *Guardian Plans v. Div. of Insurance*, 793 P.2d 615 (Colo. App. 1990).

**Division was not equitably estopped from suspending license of pre-need funeral contract**

seller who engaged in selling insurance-funded pre-need contracts in violation of statutes governing the sale of such contracts. Even though the division initially approved such contracts, it did so without sufficient information to render knowing approval of the seller's operation for selling life insurance or annuity funded contracts, and reliance by the seller on the division's action was, therefore, not reasonable. *Guardian Plans v. Div. of Insurance*, 793 P.2d 615 (Colo. App. 1990).

**10-15-115. Injunctions - cease-and-desist orders.** (1) Whenever the commissioner has reasonable cause to believe that any person is violating any provision of this article or any rule or order promulgated pursuant to this article, the commissioner may:

(a) In the name of the people of the state of Colorado, through the attorney general, apply for an injunction in any court of competent jurisdiction to perpetually enjoin such person from committing any act prohibited by this article; or

(b) After notice and hearing pursuant to sections 24-4-104 and 24-4-105, C.R.S., issue an order to cease and desist the act or acts violating any provision of this article. A copy of the cease-and-desist order shall be furnished to each party.

**Editor's note:** This section is similar to former § 10-15-115 as it existed prior to 1995.

**10-15-116. Surrender of license.** Any contract seller may surrender such contract seller's license by delivering it to the commissioner with written notice of its surrender, but such surrender shall not affect the contract seller's civil or criminal liability for acts committed prior thereto.

**Source: L. 95:** Entire article R&RE, p. 1044, § 1, effective May 25.

**Editor's note:** This section is similar to former § 10-15-116 as it existed prior to 1995.

**10-15-117. Reinstatement of license.** The commissioner may reinstate a suspended license or issue a new license to a person whose license has been revoked if no fact or condition then exists which clearly would have justified the commissioner in refusing originally to issue such license and the violations of this article which preceded the suspension or revocation of the license have been corrected.

**Editor's note:** This section is similar to former § 10-15-117 as it existed prior to 1995.

**10-15-118. Violation.** (1) Any person who violates any provision of this article commits a class 3 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S. Any person who violates the trust fund provisions of this article or any other misappropriation of funds commits theft pursuant to section 18-4-401, C.R.S.

(2) The commissioner may apply to a court of competent jurisdiction for the appointment of a receiver if the commissioner determines that such appointment is necessary to protect the interests of the contract buyers.

## ANNOTATION

**Due process requires that terms of penal statute be explicit.** The terms of a penal statute creating a new offense, such as this section, must be sufficiently explicit to inform those who are subject to its provisions, and what conduct

on their part will render them liable to its penalties. *Memorial Trusts, Inc. v. Beery*, 144 Colo. 448, 356 P.2d 884 (1960) (decided prior to L. 61, p. 476, § 16, the earliest source of this section).

**10-15-119. Immunity from prosecution.** (1) If any person asks to be excused from attending and testifying or from producing any books, papers, records, correspondence, or other documents at any hearing on the ground that the testimony or evidence required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture, and, notwithstanding such request, the commissioner directs such person to give such testimony or produce such evidence, such person shall nonetheless comply with such direction but the person shall not thereafter be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which the person testifies or produces evidence pursuant thereto; and no testimony so given or evidence so produced shall be received against such person upon any criminal action, investigation, or proceeding. However, no person who has filed a waiver pursuant to subsection (3) of this section shall be immune from prosecution on account of testimony given or evidence produced.

(2) No person so testifying shall be exempt from prosecution or punishment for any

perjury in the first degree committed by the person while so testifying, and the testimony or evidence so given or produced shall be admissible against the person upon any criminal action, investigation, or proceeding concerning such perjury; nor shall the person be exempt from the refusal, revocation, or suspension of any license, permission, or authority conferred, or to be conferred, pursuant to the laws of this state.

(3) Any person may execute, acknowledge, and file in the office of the commissioner a statement expressly waiving his or her immunity or privilege with respect to any transaction, matter, or thing specified in such statement, and thereupon the testimony of such person or such evidence in relation to such transaction, matter, or thing may be received or produced before any judge or justice, court, tribunal, grand jury, or other authority, and if it is so received or produced, such individual shall not be entitled to any immunity or privilege on account of such testimony so given or evidence so produced. A waiver executed pursuant to this subsection (3) shall be valid only if it is:

- (a) Entered into voluntarily;
  - (b) Executed by a person with the intellectual capacity to understand the consequences of executing such a waiver;
  - (c) Not executed under threat, coercion, or duress; and
  - (d) (I) Entered into knowingly.
- (II) For purposes of this paragraph (d), a waiver is entered into knowingly when the person executing such waiver has been informed of his or her right to confer with independent legal counsel.

**Cross references:** For perjury in the first degree, see § 18-8-502.

**10-15-120. Rule against perpetuities inapplicable.** No trust created pursuant to the provisions of this article, nor any interest therein, shall be deemed to be invalid by any existing law or rule against perpetuities or accumulations or suspension of the power of alienation and such trust and any interest therein may continue for such time as may be necessary to accomplish the purposes for which it may be created.

**10-15-121. Other insurance laws applicable.** In addition to the provisions of this article, the provisions of article 1 of this title and parts 9 and 11 of article 3 of this title, except as they are inconsistent with the provisions or purposes of this article, shall apply to any person regulated pursuant to this article.

## PART 1

## SHORT TITLE - DEFINITIONS - GENERAL PROVISIONS

**10-16-101. Short title.** This article shall be known and may be cited as the “Colorado Health Care Coverage Act”.

**Source:** L. 92: Entire article R&RE, p. 1617, § 1, effective July 1.

## ANNOTATION

**Law reviews.** For article, “H.B. 94-1210: Health Insurance Reform”, see 24 Colo. Law: 2331 (1994). For article, “Managed Health Care

in Colorado: Current Consumer Protection Standards”, see 27 Colo. Law. 91 (July 1998).

**10-16-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Actuarial certification” means a written statement by a member of the American academy of actuaries or other individual acceptable to the commissioner that a small employer carrier is in compliance with the provisions of part 10 of this article, based upon the person’s examination, including a review of the appropriate records and of the actuarial assumptions and methods used by the small employer carrier in establishing premium rates for applicable health benefit plans.

(2) “Affiliate” or “affiliated” means any entity or person that directly or indirectly,

through one or more intermediaries, controls or is controlled by, or is under common control with, a specified entity or person.

(2.5) “Affiliation period” means a period of time not to exceed two months (three months for late enrollees) during which a health maintenance organization does not collect premium and coverage issued would not become effective.

(3) “Base premium rate” means, as to a rating period, the lowest premium rate charged or that could have been charged by the small employer carrier to small employers with similar case characteristics for health benefit plans subject to state insurance regulation.

(4) “Basic health benefit plan” means a health benefit plan developed pursuant to section 10-16-105 (7.2).

(5) “Basic health care services” means health care services that an enrolled population of a health maintenance organization organized pursuant to the provisions of part 4 of this article might reasonably require in order to maintain good health, including as a minimum, emergency care, inpatient and outpatient hospital services, physician services, outpatient medical services, and laboratory and X-ray services.

(5.3) “Benefits ratio” means the ratio of the value of the actual benefits, not including dividends, to the value of the actual premiums, not reduced by dividends, over the entire period for which rates are computed to provide coverage. “Benefits ratio” is also known as “targeted loss ratio”.

(5.5) “Bona fide association” means, with respect to health insurance coverage offered in Colorado, an association which:

- (a) Has been actively in existence for at least five years;
- (b) Has been formed and maintained in good faith for purposes other than obtaining insurance and does not condition membership on the purchase of association-sponsored insurance;
- (c) Does not condition membership in the association on any health status-related factor relating to an individual (including an employee of an employer or a dependent of an employee) and clearly so states in all membership and application materials;
- (d) Makes health insurance coverage offered through the association available to all members regardless of any health status-related factor relating to such members (or individuals eligible for coverage through a member) and clearly so states in all marketing and application materials;
- (e) Does not make health insurance coverage offered through the association available other than in connection with a member of the association and clearly so states in all marketing and application materials; and
- (f) Provides and annually updates information necessary for the commissioner to determine whether or not an association meets the definition of a bona fide association before qualifying as a bona fide association for the purposes of this article.

(5.6) “Bona fide volunteer”:

- (a) Has the meaning set forth in section 31-30-1202, C.R.S.;
- (b) Means any volunteer member of a not-for-profit nongovernmental entity that is organized to provide firefighting services, emergency medical services, or ambulance services; and
- (c) Means any volunteer member of a rescue unit as defined in section 25-3.5-103, C.R.S.

(6) (a) “Business group of one” means, for purposes of qualification, an individual, a sole proprietor, or a single full-time employee of a subchapter S corporation, C corporation, nonprofit corporation, limited liability company, or partnership who works twenty-four hours or more a week on a permanent basis and who has carried on significant business activity for a period of at least one year prior to application for coverage, has gross income as indicated on federal internal revenue service forms 1040, schedule C, F, or SE, or other forms recognized by the federal internal revenue service for income reporting purposes which generated gross income from which that individual, sole proprietor, or single full-time employee has derived at least a substantial part of such individual’s income for one year out of the most recent consecutive three-year period. For the purposes of this subsection (6), “substantial part of such individual’s income” means income derived from

business activities of the business group of one that are sufficient to pay for annual health insurance premiums for the business group of one.

(b) "Business group of one" includes a full-time household employee who works twenty-four hours or more a week on a permanent basis as a household employee, if that employee has derived at least a substantial part of such employee's earned income for one year out of the preceding three-year period from household employment, and if the employee's employer, on at least fifty percent of the days in a normal work week during the preceding calendar quarter, employed at least one household employee.

(c) For purposes of determining whether an applicant meets the requirements of the definition set forth in this subsection (6), a carrier may require an applicant to submit to the carrier any of the following forms of documentation that is applicable to the applicant's current business or employment:

(I) Employment-related tax and withholding information, including, but not limited to, a federal internal revenue service form 1099; and

(II) Relevant portions of federal and state tax returns or a certification by an attorney or certified public accountant that federal and state tax returns have been filed as a business.

(d) For purposes of determining whether an applicant meets the requirements of twenty-four hours or more per week on a permanent basis as set forth in this subsection (6), the commissioner shall promulgate a rule, within existing resources, to define what types of documentation may be requested by a carrier to substantiate this requirement.

(7) "Capped employees" means the number of employees and dependents with health problems at the time the plan of which such employees are a part was issued who are in small groups covered by the carrier where the small employer group would have failed the carrier's normal and actuarially-based small group underwriting criteria specifically because of the health status of those employees with health problems at the time the plan was issued, but who were issued basic or standard health benefit plan coverage as required under section 10-16-105 (7.3) (c) regardless of the health status of the group. "Capped employees" only includes employees and dependents covered by a small employer group health benefit plan of a carrier at the time the carrier proposes to suspend its duty to issue basic or standard health benefit plan coverage as required under section 10-16-105 (7.3) (c).

(8) "Carrier" means any entity that provides health coverage in this state including a franchise insurance plan, a fraternal benefit society, a health maintenance organization, a nonprofit hospital and health service corporation, a sickness and accident insurance company, and any other entity providing a plan of health insurance or health benefits subject to the insurance laws and regulations of Colorado.

(9) (Deleted by amendment, L. 97, p. 630, § 3, effective May 1, 1997.)

(10) (a) "Case characteristics" means demographic characteristics of a small employer that are considered by the carrier in the determination of premium rates for the small employer.

(b) "Case characteristics" are limited to the following demographic characteristics:

(I) The age of covered individuals according to the following brackets:

(A) For children who are dependents, a single bracket from newborn to nineteen years of age, unless the child is a full-time student covered as a dependent, in which case the bracket is newborn up to twenty-four years of age;

(B) For adults and emancipated minors, age brackets in five-year intervals;

(II) Geographic location of the policyholder as determined by rule of the commissioner pursuant to section 10-16-104.9;

(III) Family size, including the following size categories only:

(A) One adult;

(B) One adult and any children;

(C) Two adults; and

(D) Two adults and any children;

(IV) Smoking status; and

(V) (Deleted by amendment, L. 2007, p. 1752, § 1, effective January 1, 2009.)

(VI) Standard industrial classification.

(VII) (Deleted by amendment, L. 2007, p. 1752, § 1, effective January 1, 2009.)

(c) Effective September 1, 2003, "case characteristics" does not include duration of coverage or any other characteristic not specifically described in paragraph (b) of this subsection (10).

(10.3) "Child-only plan" means a health benefit plan that is issued on or after April 29, 2011, and that provides coverage to an individual under nineteen years of age. A "child-only plan" does not include coverage provided to a dependent under an individual or group health benefit plan.

(10.5) "Church plan" shall have the same meaning as set forth in 29 U.S.C. sec. 1002 (33) of the federal "Employee Retirement Income Security Act of 1974".

(11) (Deleted by amendment, L. 2004, p. 980, § 3, effective August 4, 2004.)

(12) "Commissioner" means the commissioner of insurance.

(13) "Control" has the same meaning as set forth in section 10-3-801 (3).

(13.5) "Covered person" means a person entitled to receive benefits or services under a health coverage plan.

(13.7) "Creditable coverage" means benefits or coverage provided under:

(a) Medicare, medicaid, or the children's basic health plan established pursuant to article 8 of title 25.5, C.R.S.;

(b) An employee welfare benefit plan or group health insurance or health benefit plan;

(c) An individual health benefit plan;

(d) A state health benefits risk pool (including but not limited to CoverColorado); or

(e) Chapter 55 of title 10 of the United States code, a medical care program of the federal Indian health service or of a tribal organization, a health plan offered under chapter 89 of title 5, United States code, a public health plan, or a health benefit plan under section 5 (e) of the federal "Peace Corps Act" (22 U.S.C. Sec. 2504 (e)).

(14) "Dependent" means a spouse, an unmarried child under nineteen years of age, an unmarried child who is a full-time student under twenty-four years of age and who is financially dependent upon the parent, and an unmarried child of any age who is medically certified as disabled and dependent upon the parent. "Dependent" shall include a designated beneficiary, as defined in section 15-22-103 (1), C.R.S., if an employer elects to cover a designated beneficiary as a dependent.

(15) (a) "Eligible employee" means an employee who has a regular work week of twenty-four or more hours and includes a sole proprietor and a partner of a partnership if the sole proprietor or partner is included as an employee under a health benefit plan of a small employer, but does not include an employee who works on a temporary or substitute basis.

(b) Notwithstanding any provision of law to the contrary, an eligible employee of a small employer who could also be considered a dependent of the small employer shall receive taxable income from such small employer in an amount equivalent to minimum wage for working twenty-four hours per week on a permanent basis in order for the employer group to be considered a business group of two or more.

(c) Nothing in this subsection (15) is intended to limit the employer's traditional ability to set valid and acceptable standards for employee eligibility based on the terms and conditions of employment, including a minimum weekly work requirement in excess of twenty-four hours and eligibility based upon salaried versus hourly workers and management versus nonmanagement employees.

(15.5) "Emergency service provider" means a local government, or an authority formed by two or more local governments, that provides firefighting and fire prevention services, emergency medical services, ambulance services, or search and rescue services, or a not-for-profit nongovernmental entity organized for the purpose of providing any such services, through the use of bona fide volunteers.

(16) "Enrollee" means an individual who is or has been enrolled in a health maintenance organization or an individual who is or has been enrolled in an individual or group prepaid dental care plan as a principal subscriber together with such individual's dependents who are entitled to dental care services under the plan solely because of their status as dependents of the principal subscriber.

(17) "Enrollee coverage" means any certificate or contract issued pursuant to section 10-16-507 to an enrollee setting out the dental coverage to which such enrollee is entitled.

(18) "Established geographic service area" means the entire state of Colorado or, for plans that do not cover the entire state, any county within which the carrier is authorized to have arrangements established with providers to provide services.

(19) "Evidence of coverage" means any certificate, agreement, or contract issued to an enrollee by a health maintenance organization setting out the coverage to which the enrollee is or was entitled.

(20) "Executive director" means the executive director of the department of public health and environment.

(20.5) "Government plan" shall have the same meaning as set forth in 29 U.S.C. sec. 1002 (32) of the federal "Employee Retirement Income Security Act of 1974", and as in any federal governmental plan.

(21) (a) "Health benefit plan" means any hospital or medical expense policy or certificate, hospital or medical service corporation contract, or health maintenance organization subscriber contract or any other similar health contract subject to the jurisdiction of the commissioner available for use, offered, or sold in Colorado.

(b) "Health benefit plan" does not include: Accident only; credit; dental; vision; medicare supplement; benefits for long-term care, home health care, community-based care, or any combination thereof; disability income insurance; liability insurance including general liability insurance and automobile liability insurance; coverage for on-site medical clinics; coverage issued as a supplement to liability insurance, workers' compensation or similar insurance; or automobile medical payment insurance. The term also excludes specified disease, hospital confinement indemnity, or limited benefit health insurance if such types of coverage do not provide coordination of benefits and are provided under separate policies or certificates. Solely with respect to the provisions of section 10-16-118 (1) (b) concerning creditable coverage for individual policies, the term excludes individual short-term limited duration health insurance policies issued after January 1, 1999. This means such policies do not have to recognize creditable coverage. For the purpose of this paragraph (b), "short-term limited duration health insurance policy" means a nonrenewable individual health benefit plan with a specified duration of not more than six months that meets the following requirements:

(I) The short-term limited duration health insurance policy is issued only to individuals who have not had more than one such policy providing the same or similar nonrenewable coverage from any carrier within the past twelve months and so states in all marketing materials, application forms, and policy forms. An applicant shall be deemed to be eligible for coverage if a short-term carrier includes in its application form the following: "Have you or any other person to be insured been covered under two or more nonrenewable short-term policies during the past twelve months? If "yes", then this policy cannot be issued. You must wait six months from the date of your last such policy to apply for a short-term policy."

(II) The short-term limited duration health insurance policy contains the following disclosure in ten-point or larger bold-faced type in all marketing materials, application forms, and policy forms: "This policy does not provide portability of prior coverage. As a result, any injury, sickness, or pregnancy for which you have incurred charges, received medical treatment, consulted a health care professional, or taken prescription drugs within twelve months of the effective date of this policy will not be covered under this policy."

(22) "Health care services" means any services included in the furnishing to any individual of medical, mental, dental, or optometric care or hospitalization or nursing home care or incident to the furnishing of such care or hospitalization, as well as the furnishing to any person of any and all other services for the purpose of preventing, alleviating, curing, or healing human physical or mental illness or injury. "Health care services" includes the rendering of such services through the use of telemedicine.

(22.5) "Health coverage plan" means a policy, contract, certificate, or agreement entered into by, offered to, or issued by a carrier to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services.

(23) "Health maintenance organization" means any person who:

(a) Provides, either directly or through contractual or other arrangements with others, health care services to enrollees; and

(b) Provides, either directly or through contractual or other arrangements with other persons, health care services, including as a minimum, but not limited to, emergency care, inpatient and outpatient hospital services, physician services, outpatient medical services, and laboratory and X-ray services; and

(c) Is responsible for the availability, accessibility, and quality of the health care services provided or arranged.

(24) "Health status" means the determination by a carrier of the past, present, or expected risk of an individual or the employer due to the health conditions of the employees of the employer.

(24.5) "Health status-related factor" means any of the following factors: Health status; medical condition, including both physical and mental illnesses; claims experience; receipt of health care; medical history; genetic information; evidence of insurability including conditions arising out of acts of domestic violence; and disability.

(24.7) "Hearing aid" means amplification technology that optimizes audibility and listening skills in the environments commonly experienced by the patient, including a wearable instrument or device designed to aid or compensate for impaired human hearing. "Hearing aid" shall include any parts or ear molds.

(25) "Index rate" means as to a rating period for small employers with similar case characteristics, the arithmetic average of the applicable base premium rate and the corresponding highest premium rate.

(25.5) "Intermediary" means a person authorized by health care providers to negotiate and execute provider contracts with carriers on behalf of such providers.

(26) "Late enrollee" means an eligible employee or dependent who requests enrollment in a group health benefit plan following the initial enrollment period for which such individual is entitled to enroll under the terms of the health benefit plan, if such initial enrollment period is a period of at least thirty days. An eligible employee or dependent shall not be considered a late enrollee if:

(a) The individual:

(I) Was covered under other creditable coverage at the time of the initial enrollment period and, if required by the carrier or issuer, the employee stated at the time of initial enrollment that this was the reason for declining enrollment;

(II) Lost coverage under the other creditable coverage as a result of termination of employment or eligibility, reduction in the number of hours of employment, the involuntary termination of the creditable coverage, death of a spouse, legal separation or divorce, or employer contributions towards such coverage was terminated; and

(III) Requests enrollment within thirty days after termination of the other creditable coverage; or

(b) The individual is employed by an employer that offers multiple health benefit plans and elects a different plan during an open enrollment period; or

(c) A court has ordered that coverage be provided for a dependent under a covered employee's health benefit plan and the request for enrollment is made within thirty days after issuance of such court order; or

(d) (I) A person becomes a dependent of a covered person through marriage, birth, adoption, or placement for adoption and requests enrollment no later than thirty days after becoming such a dependent. In such case, coverage shall commence on the date the person becomes a dependent if a request for enrollment is received in a timely fashion before such date.

(II) A person who becomes a dependent of a covered person through a designated beneficiary agreement pursuant to article 22 of title 15, C.R.S., requests enrollment no later than thirty days after becoming such a dependent, and the employer of the covered person elects to cover designated beneficiaries as dependents. In such case, coverage shall commence on the date the person becomes a dependent if a request for enrollment is received in a timely fashion before said date.

(e) The parent or legal guardian of the dependent disenrolls the dependent from, or the dependent otherwise becomes ineligible for, the children's basic health plan, established pursuant to article 8 of title 25.5, C.R.S., and requests enrollment of the dependent no later than ninety days after the disenrollment.

(f) The employee or dependent is enrolled in the medical assistance program established under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., is terminated from the program as a result of loss of eligibility for the program, and requests coverage under the group health benefit plan within sixty days after the date of termination from the program.

(g) The employee or dependent becomes eligible for premium assistance under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., or the children's basic health plan established in article 8 of title 25.5, C.R.S., including under any waiver or demonstration project conducted under or in relation to such act or plan, and the employee or dependent requests coverage under the group health benefit plan within sixty days after the date the employee or dependent is determined to be eligible for such assistance.

(26.3) "Licensed health care provider" shall have the same meaning as in section 10-4-601.

(26.4) "Local government" means any city, county, city and county, special district, or other political subdivision of this state.

(26.5) "Managed care plan" means a policy, contract, certificate, or agreement offered by a carrier to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services through the covered person's use of health care providers managed by, owned by, under contract with, or employed by the carrier because the carrier either requires the use of or creates incentives, including financial incentives, for the covered person's use of those providers.

(27) "Mandatory coverage provision" means any law requiring the coverage of a health care service or benefit. It does not include any law requiring the reimbursement, utilization, or consideration of a specific category of licensed health care practitioner if such reimbursement, utilization, or consideration does not exceed the amount authorized by an insurer in its policies and contracts pursuant to section 10-16-104 (7) (a).

(27.3) "Minor child" means any person under the age of eighteen years.

(27.5) "Network" means a group of participating providers providing services to a managed care plan. For the purposes of part 7 of this article, any subdivision or subgrouping of a network is considered a network if covered individuals are restricted to the subdivision or subgrouping for covered benefits under the managed care plan.

(28) "New business premium rate" means, as to a rating period, the lowest premium rate charged or offered or which could have been charged or offered by the small employer carrier to small employers with similar case characteristics for newly issued health benefit plans with the same of similar coverage.

(28.5) "Participating provider" means a provider that, under a contract with a carrier or with its contractor or subcontractor, has agreed to provide health care services to covered persons with an expectation of receiving payment, other than coinsurance, copayments, or deductibles, directly or indirectly from the carrier.

(28.7) "Patient with diabetes" means a person with elevated blood glucose levels who has been diagnosed as having diabetes by an appropriately licensed health care professional.

(29) "Person" means any individual, partnership, association, trust, or corporation and includes but is not limited to any hospital licensed or certified in this state, independent practice association of physicians, or professional service corporation for the practice of medicine.

(29.5) "Pharmacy benefit management firm" means any entity doing business in this state that contracts to administer or manage prescription drug benefits on behalf of any carrier that provides prescription drug benefits to residents of this state.

(30) "Policy of sickness and accident insurance" means any policy or contract of insurance against loss or expense resulting from the sickness of the insured, or from the bodily injury or death of the insured by accident, or both.

(31) "Premium" means all moneys paid by a small employer and eligible employees as a condition of receiving coverage from a carrier, including any fees or other contributions associated with the health benefit plan.

(32) "Prepaid dental care plan" means any contractual arrangement through an entity organized pursuant to the provisions of part 5 of this article to provide, either directly or through arrangements with others, dental care services to enrollees on a fixed prepayment

basis or as a benefit of such enrollees' participation or membership in any other contract, agreement, or group.

(33) "Prepaid dental care plan organization" means any person who undertakes to conduct one or more prepaid dental care plans providing only dental care services.

(34) "Prepaid dental care services" means services included in the practice of dentistry as defined in article 35 of title 12, C.R.S.

(35) "Producer" means a person licensed by the division who solicits, negotiates, effects, procures, delivers, renews, continues, services, or binds health benefit plans and is licensed to conduct these activities in Colorado.

(36) "Provider" means any physician, dentist, optometrist, anesthesiologist, hospital, X ray, laboratory and ambulance services, or other person who is licensed or otherwise authorized in this state to furnish health care services.

(36.3) "Qualifying event" includes birth, adoption, marriage, dissolution of marriage, loss of employer-sponsored insurance, loss of eligibility under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, C.R.S., loss of eligibility under the children's basic health plan, article 8 of title 25.5, C.R.S., entry of a valid court or administrative order mandating the child be covered, or involuntary loss of other existing coverage for any reason other than fraud, misrepresentation, or failure to pay a premium.

(36.5) "Rate increase" means an increase in the current rate.

(37) (Deleted by amendment, L. 97, p. 630, § 3, effective May 1, 1997.)

(38) "Rating period" means the calendar period for which premium rates established by a carrier are assumed to be in effect.

(39) "Restricted network provision" means any provision of an individual or group health benefit plan that conditions the payment of benefits, in whole or in part, on the use of health care providers that have entered into a contractual arrangement with the carrier to provide health care services to covered individuals.

(40) (a) "Small employer" means any person, firm, corporation, partnership, or association that is actively engaged in business that, on at least fifty percent of its working days during the preceding calendar quarter, except as provided in section 10-16-105 (12), employed no more than fifty eligible employees, the majority of whom were employed within this state and that was not formed primarily for the purpose of purchasing insurance. "Small employer" includes a business group of one. In determining the number of eligible employees, companies that are affiliated companies, or that are eligible to file a combined tax return for purposes of state taxation, shall be considered one employer.

(b) In order to be classified as a small employer with more than one employee when only one employee enrolls in the small employer's health benefit plan, the small employer shall submit to the small employer carrier the two most recent quarterly employment and tax statements substantiating that the employer had two or more eligible employees. Such small employer group shall also meet the participation requirements of the small employer carrier.

(41) "Small employer carrier" means a carrier that offers health benefit plans covering eligible employees of one or more small employers in this state.

(42) "Small group sickness and accident insurance", "small group plan", and "small group policy" mean that form of group sickness and accident insurance issued by an entity subject to part 2 of this article, that form of group service or indemnity type contract issued by an entity organized pursuant to the provisions of part 3 of this article, or that form of policy issued by an entity organized pursuant to the provisions of part 4 of this article which provides coverage to small employers located in Colorado. These terms include a bona fide association plan if such plan provides coverage to one or more eligible employees of a small employer in Colorado.

(43) "Standard health benefit plan" means a health benefit plan developed pursuant to section 10-16-105 (7.2).

(43.5) "Standing referral" means a referral by the covered person's primary care provider to a specialist or specialized treatment center participating in the carrier's network for ongoing treatment of a covered person.

(43.7) "Targeted loss ratio" means the ratio of expected policy benefits over the entire future period for which the proposed rates are expected to provide coverage to the expected

earned premium over the same period. The anticipated loss ratio shall be calculated on an incurred basis as the ratio of expected incurred losses to expected earned premium.

(44) “Uncovered expenditures” means the costs of those health care services which are covered under the health maintenance organization’s health care plans, but which are not guaranteed, insured, or assumed by a person or organization other than the health maintenance organization, or for which a provider has not agreed to hold enrollees harmless if the provider is not paid by the health maintenance organization.

(45) “Waiting period” means, with respect to a group health benefit plan and an individual that is a potential participant or beneficiary in the plan, the period that must pass with respect to the individual, as determined by the plan sponsor, before the individual is eligible to be covered for benefits under the terms of the plan.

### ANNOTATION

**Annotator's note.** Since § 10-16-102 is similar to § 10-8-101 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, a relevant case construing that provision has been included in the annotations to this section.

**There exists a presumption that a violent and unexplained death** from external causes is accidental. *Simonton v. Continental Cas. Co.*, 32 Colo. App. 138, 507 P.2d 1132 (1973).

**It is a question of fact for a jury.** The question of whether decedent's drug dependency was a "sickness or disease" so as not to fall under decedent's accident insurance policy was a question of fact for the jury. *Simonton v. Continental Cas. Co.* 32 Colo. App. 138, 507 P.2d 1132 (1973).

**Jury may find death from drug dependency is an accident.** Where the jury determined that the drug dependency of the deceased was not a sickness or disease and that death was therefore caused by accident, this conclusion is supported by the evidence which demonstrated that decedent was using drugs for treatment of pain caused by pancreatitis, had been using drugs in this way for approximately 10 years, and, although there were instances when abuse of the drugs did result in decedent's intoxication, the evidence indicates these were only isolated incidents. *Simonton v. Continental Cas. Co.*, 32 Colo. App. 138, 507 P.2d 1132 (1973).

**10-16-103. Proposal of mandatory health care coverage provisions.** (1) Every person or organization which seeks legislative action which would mandate a health coverage or offering of a health coverage by an insurance carrier, nonprofit hospital and health care service corporation, health maintenance organization, or prepaid dental care plan organization as a component of individual or group policies shall submit a report to the legislative committee of reference addressing both the social and financial impacts of such coverage, including the efficacy of the treatment or service proposed.

(2) Guidelines for assessing the impact of proposed mandated or mandatorily offered health coverage to the extent that information is available shall include, but not be limited to, the following:

(a) The social impact of such mandatory coverage, including, but not limited to, the following:

(I) The extent to which the treatment or service is generally utilized by a significant portion of the population;

(II) The extent to which the insurance coverage is already generally available to the general population;

(III) The extent to which the lack of coverage results in persons avoiding necessary health care treatments;

(IV) The extent to which the lack of coverage results in unreasonable financial hardship;

(V) The level of public demand for the treatment or service, including the public level of demand for insurance coverage of such treatment or service;

(VI) The level of interest of collective bargaining agents in negotiating privately for inclusion of this coverage in group contracts;

(b) The financial impact of such mandatory coverage, including, but not limited to, the following:

(I) The extent to which the coverage will increase or decrease the cost of the treatment or service;

(II) The extent to which the coverage will increase the appropriate use of the treatment or service;

(III) The extent to which the mandated treatment or service will be a substitute for more expensive treatment or coverage;

(IV) The extent to which the coverage will increase or decrease the administrative expenses of insurance companies and the premium and administrative expenses of policyholders;

(V) The impact of this coverage on the total cost of health care in Colorado.

**10-16-103.5. Payment of premiums - required term in contract.** (1) Every contract between a carrier and a policyholder shall contain a provision that requires a policyholder to pay premiums:

(a) For each individual covered under the policyholder's policy through the date that the policyholder notifies the carrier that the individual covered under the policy is no longer eligible or covered; except that, if a dependent is no longer covered because the dependent becomes enrolled in the children's basic health plan, established pursuant to article 8 of title 25.5, C.R.S., the policyholder shall notify the carrier of the change in coverage at least thirty days prior to the date that the dependent is no longer covered; or

(b) Through the date that the policyholder notifies the carrier that the policyholder no longer intends to maintain coverage for the group through the carrier.

(2) Premiums shall be paid according to the premium payment provisions of the contract. The carrier shall include in the contract, in the billing notice, or in the application process for coverage, an option for the policyholder to make monthly premium payments and an option to make premium payments by automatic electronic transfer.

**10-16-104. Mandatory coverage provisions - definitions.** (1) **Newborn children.** (a) All group and individual sickness and accident insurance policies and all service or indemnity contracts issued by any entity subject to part 3 or 4 of this article shall provide coverage for a dependent newborn child of the insured or subscriber from the moment of birth.

(b) (I) Coverage for a hospital stay for a newborn following a normal vaginal delivery shall not be limited to less than forty-eight hours. If forty-eight hours following delivery falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(II) Coverage for a hospital stay for a newborn following a cesarean section shall not be limited to less than ninety-six hours. If ninety-six hours following the cesarean section falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(III) The provisions of subparagraphs (I) and (II) of this paragraph (b) shall not apply in any case in which the decision to discharge the newborn prior to the minimum length of

stay otherwise required under subparagraphs (I) and (II) of this paragraph (b) is made by an attending provider with the agreement of the mother.

(IV) Nothing in this paragraph (b) shall be construed to require a mother who is a participant or beneficiary to give birth in a hospital or to stay in the hospital for a fixed period of time after the birth of her child.

(V) Nothing in this paragraph (b) shall be construed as preventing a carrier from imposing deductibles, coinsurance, or other cost-sharing in relation to benefits for hospital lengths of stay in connection with childbirth for a mother or newborn child under the plan; except that such coinsurance or other cost-sharing for any portion of a period within a hospital length of stay required under subparagraphs (I) and (II) of this paragraph (b) may not be greater than such coinsurance or cost-sharing for any other sickness, injury, disease, or condition that is otherwise covered under the policy or contract.

(c) (I) Except as provided for cleft lip and cleft palate coverage in sub-subparagraph (A) of subparagraph (II) of this paragraph (c) and for inherited enzymatic disorders caused by single gene defects involved in the metabolism of amino, organic, and fatty acids and for which medically standard methods of diagnosis, treatment, and monitoring exist pursuant to sub-subparagraph (A) of subparagraph (III) of this paragraph (c), the benefits available to newborn children shall consist of coverage of injury or sickness, including all medically necessary care and treatment of medically diagnosed congenital defects and birth abnormalities for the first thirty-one days of the newborn's life, notwithstanding policy limitations and exclusions applicable to other conditions or procedures covered by the policy. Except as provided in sub-subparagraph (C) of subparagraph (II) of this paragraph (c), such coverage shall be subject to copayment, deductible, and aggregate dollar policy maximums that are no higher than are generally applicable under the policy to all other sicknesses, diseases, and conditions otherwise covered under the policy.

(II) (A) With regard to newborn children born with cleft lip or cleft palate or both, there shall be no age limit on benefits for such conditions, and care and treatment shall include to the extent medically necessary: Oral and facial surgery, surgical management, and follow-up care by plastic surgeons and oral surgeons; prosthetic treatment such as obturators, speech appliances, and feeding appliances; medically necessary orthodontic treatment; medically necessary prosthodontic treatment; habilitative speech therapy; otolaryngology treatment; and audiological assessments and treatment.

(B) Cleft lip, cleft palate, or any condition or illness which is related to or developed as a result of the cleft lip or cleft palate shall be considered to be compensable for coverage under the provisions of sub-subparagraph (A) of this subparagraph (II).

(C) If a dental insurance policy, a contract for dental insurance, or an enrollee coverage contract issued pursuant to this article is in effect at the time of the birth, or is purchased after the birth, of a child with cleft lip or cleft palate or both, it shall provide fully for any orthodontics or dental care needed as a result of the cleft lip or cleft palate or both. Such policy or contract may contain the same copayment provisions for the coverage of cleft lip or cleft palate or both as apply to other conditions or procedures covered by the policy or contract.

(III) (A) Coverage for inherited enzymatic disorders caused by single gene defects involved in the metabolism of amino, organic, and fatty acids shall include, but not be limited to, the following diagnosed conditions: Phenylketonuria; maternal phenylketonuria; maple syrup urine disease; tyrosinemia; homocystinuria; histidinemia; urea cycle disorders; hyperlysinemia; glutaric acidemias; methylmalonic acidemia; and propionic acidemia. Covered care and treatment of such conditions shall include, to the extent medically necessary, medical foods for home use for which a physician who is a participating provider has issued a written, oral, or electronic prescription.

(B) There is no age limit on benefits for inherited enzymatic disorders specified in sub-subparagraph (A) of this paragraph (III) except for phenylketonuria. The maximum age to receive benefits for phenylketonuria is twenty-one years of age; except that the maximum age to receive benefits for phenylketonuria for women who are of child-bearing age is thirty-five years of age.

(C) As used in this subparagraph (III), "medical foods" means prescription metabolic formulas and their modular counterparts, obtained through a pharmacy, that are specifically

designated and manufactured for the treatment of inherited enzymatic disorders caused by single gene defects involved in the metabolism of amino, organic, and fatty acids and for which medically standard methods of diagnosis, treatment, and monitoring exist. Such formulas are specifically processed or formulated to be deficient in one or more nutrients and are to be consumed or administered enterally either via tube or oral route under the direction of a physician who is a participating provider. This sub-subparagraph (C) shall not be construed to apply to cystic fibrosis patients or lactose- or soy-intolerant patients.

(D) Coverage of medical foods, as provided under this subparagraph (III), shall only apply to insurance plans that include an approved pharmacy benefit and shall not apply to alternative medicines. Such coverage shall only be available through participating pharmacy providers. Nothing in this subparagraph (III) shall be construed as preventing a carrier from imposing deductibles, coinsurance, or other cost-sharing methods.

(d) If payment of a specific premium is required to provide coverage for a child, the policy may require that notification of birth of the newborn child and payment of the required premium must be furnished to the insurer or other entity within thirty-one days after the date of birth in order to have the coverage continue beyond such thirty-one-day period.

(e) The requirements of this section shall apply to all individual sickness and accident policies issued on and after July 1, 1975, and to all blanket and group sickness and accident policies issued, renewed, or reinstated on and after July 1, 1975, and to all subscriber or enrollee coverage contracts delivered or issued for delivery in this state on and after July 1, 1975.

(f) (I) Any contract of a prepaid dental plan of an entity subject to the provisions of part 5 of this article applied for that provides family coverage shall, as to such coverage of individuals in the family, also provide that the benefits applicable for children shall be payable with respect to a newly born child of the insured from the instant of such child's birth to the same extent that such coverage applies to other individuals in the family. If payment of a specific premium or capitation amount is required to provide coverage for a child, the contract may require that notification of birth of a newly born child and payment of the required premium or capitation amount shall be furnished to the organization within thirty-one days after the date of birth in order to have the coverage continue beyond the thirty-one-day period.

(II) The coverage for newborn children shall include any orthodontics or dental care needed as the result of the child being born with a cleft lip or cleft palate or both. The contract providing such coverage may contain the same copayment provisions as apply to other conditions or procedures covered by the contract.

(g) The health care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this subsection (1) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(1.3) **Early intervention services.** (a) As used in this subsection (1.3), unless the context otherwise requires:

(I) "Division" means the unit within the department of human services that is responsible for developmental disabilities services.

(II) "Early intervention services" means services as defined by the division in accordance with part C that are authorized through an eligible child's IFSP but that exclude nonemergency medical transportation; respite care; service coordination, as defined in 34 CFR 303.12 (d) (11); and assistive technology, unless assistive technology is covered under the applicable insurance policy or service or indemnity contract as durable medical equipment.

(III) "Eligible child" means an infant or toddler, from birth through two years of age, who is an eligible dependent and who, as defined by the department pursuant to section 27-10.5-702 (9), C.R.S., has significant delays in development or has a diagnosed physical or mental condition that has a high probability of resulting in significant delays in development or who is eligible for services pursuant to section 27-10.5-102 (11) (c), C.R.S.

(IV) "Individualized family service plan" or "IFSP" means a written plan developed pursuant to 20 U.S.C. sec. 1436 and 34 CFR 303.340 that authorizes early intervention

services to an eligible child and the child's family. An IFSP shall serve as the individualized plan, pursuant to section 27-10.5-102 (20) (c), C.R.S., for an eligible child from birth through two years of age.

(V) "Part C" means the early intervention program for infants and toddlers who are eligible for services under part C of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq.

(VI) "Qualified early intervention service provider" or "qualified provider" means a person or agency, as defined by the division in accordance with part C, who provides early intervention services and is listed on the registry of early intervention service providers pursuant to section 27-10.5-708 (1) (a), C.R.S.

(b) (I) All individual and group sickness and accident insurance policies or contracts issued or renewed by an entity subject to part 2 of this article on or after January 1, 2008, and all service or indemnity contracts issued or renewed by an entity subject to part 3 or 4 of this article on or after January 1, 2008, that include dependent coverage shall provide coverage for early intervention services delivered by a qualified early intervention service provider to an eligible child. Early intervention services specified in an eligible child's IFSP shall qualify as meeting the standard for medically necessary health care services as used by private health insurance plans.

(II) The coverage required by this subsection (1.3) shall be available annually to an eligible child from birth up to the child's third birthday and shall be limited to five thousand seven hundred twenty-five dollars, including case management costs, for early intervention services for each dependent child per calendar or policy year. For policies or contracts issued or renewed on or after January 1, 2009, and on or after each January 1 thereafter, the limit shall be adjusted by the division based on the consumer price index for the Denver-Boulder-Greeley metropolitan statistical area for the state fiscal year that ends in the preceding calendar year, or by such additional amount to be equal to the increase by the general assembly to the annual appropriated rate to serve one child for one fiscal year in the state-funded early intervention program if that increase is more than the consumer price index increase.

(III) Except as provided in paragraph (d) of this subsection (1.3), the coverage shall not be subject to deductibles or copayments, and any benefits paid under the coverage required by this subsection (1.3) shall not be applied to an annual or lifetime maximum benefit contained in the policy or contract. Unless the carrier agrees prior to the provision of early intervention services, a carrier shall not be required to pay a reimbursement rate for early intervention services provided by a nonparticipating provider that exceeds the reimbursement rate allowed for comparable early intervention services provided by a participating provider.

(IV) The limit on the amount of coverage for early intervention services specified in subparagraph (II) of this paragraph (b) shall not apply to:

(A) Rehabilitation or therapeutic services that are necessary as the result of an acute medical condition or post-surgical rehabilitation;

(B) Services provided to a child who is not participating in part C and services that are not provided pursuant to an IFSP. However, such services shall be covered at the level specified in paragraph (b) of subsection (1.7) of this section.

(c) This subsection (1.3) shall not apply to the following:

(I) Short-term, accident, fixed indemnity, or specified disease policies, disability income contracts, limited benefit health insurance, as defined by the commissioner by rule, credit disability insurance, or a medicare supplement policy as defined in section 10-18-101 (4);

(II) Workers' compensation or similar insurance;

(III) Automobile medical payment insurance or insurance under which benefits are payable with or without regard to fault and required by law to be contained in any liability insurance policy or equivalent self-insurance.

(d) (I) The coverage required by this subsection (1.3) may be offered through a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223; except that a carrier may apply deductible amounts for the required coverage if it is not

considered by the United States department of treasury to be preventive or to have an acceptable deductible amount.

(II) If a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223 requires a deductible or copayment amount for the coverage required by this subsection (1.3), the deductible or copayment amount may be paid by the state as determined by rules adopted by the commissioner in accordance with article 4 of title 24, C.R.S., in consultation with the division of insurance.

(d.5) Payment of benefits for an eligible child shall be made in accordance with section 27-10.5-709 (1), C.R.S. Qualified early intervention service providers that receive reimbursement in accordance with this paragraph (d.5) shall accept such reimbursement as payment in full for services provided under this subsection (1.3) and shall not seek additional reimbursement from either the covered person or the carrier.

(e) Within ninety days after the division determines that a child is no longer an eligible child for purposes of this subsection (1.3), the division shall notify the carrier that the child is no longer eligible and that the carrier is no longer required to provide the coverage required by this subsection (1.3) for that child.

(f) Use of available coverage under this subsection (1.3) for the cost of early intervention services is mandatory, consistent with the requirements of part C. An eligible child must fully utilize available coverage under this subsection (1.3) prior to accessing state general funds or federal part C funds. A carrier shall not terminate or fail to renew health coverage on the basis that an eligible child has accessed or will be accessing early intervention services under this subsection (1.3).

(g) Early intervention services shall be provided as specified in the eligible child's IFSP, and such services shall not duplicate or replace treatment for autism spectrum disorders provided in accordance with subsection (1.4) of this section. Services for the treatment of autism spectrum disorders provided in accordance with subsection (1.4) of this section shall be considered the primary service to an eligible child, and early intervention services provided under this subsection (1.3) shall supplement, but not replace, services provided under subsection (1.4) of this section.

(1.4) **Autism spectrum disorders.** (a) As used in this subsection (1.4), unless the context otherwise requires:

(I) "Applied behavior analysis" means the use of behavior analytic methods and research findings to change socially important behaviors in meaningful ways.

(II) "Autism services provider" means any person who provides direct services to a person with autism spectrum disorder, is licensed, certified, or registered by the applicable state licensing board or by a nationally recognized organization, and who meets one of the following:

(A) Has a doctoral degree with a specialty in psychiatry, medicine, or clinical psychology, is actively licensed by the Colorado medical board, and has at least one year of direct experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism spectrum disorders;

(B) Has a doctoral degree in one of the behavioral or health sciences and has completed one year of experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism spectrum disorders;

(C) Has a master's degree or higher in behavioral sciences and is nationally certified as a "board certified behavior analyst" or certified by a similar nationally recognized organization;

(D) Has a master's degree or higher in one of the behavior or health sciences, is credentialed as a related services provider, and has completed one year of direct supervised experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism spectrum disorders. For the purposes of this sub-subparagraph (D), "related services provider" means a physical therapist, occupational therapist, or speech therapist.

(E) Has a baccalaureate degree or higher in behavioral sciences and is nationally certified as a "board certified associate behavior analyst" or certified by a similar nationally recognized organization.

(III) "Autism spectrum disorders" or "ASD" includes the following neurobiological disorders: Autistic disorder, Asperger's disorder, and atypical autism as a diagnosis within pervasive developmental disorder not otherwise specified, as defined in the most recent edition of the diagnostic and statistical manual of mental disorders, at the time of the diagnosis.

(IV) "Health benefit plan" shall have the same meaning as provided in section 10-16-102 (21). In addition, the term "health benefit plan", as used in this subsection (1.4), excludes short-term limited duration health insurance policies as defined in section 10-16-102 (21) (b). "Health benefit plan", as used in this subsection (1.4), does not include individual health benefit plans.

(V) "Individualized education program" shall have the same meaning as provided in section 22-20-103, C.R.S.

(VI) "Individualized family service plan" shall have the same meaning as provided in section 27-10.5-102, C.R.S.

(VII) "Individualized plan" shall have the same meaning as provided in section 27-10.5-102, C.R.S.

(VIII) "Pharmacy care" means medications prescribed by a physician licensed by the Colorado medical board under the "Colorado Medical Practice Act", article 36 of title 12, C.R.S.

(IX) "Psychiatric care" means direct or consultative services provided by a psychiatrist licensed by the Colorado medical board under the "Colorado Medical Practice Act", article 36 of title 12, C.R.S.

(X) "Psychological care" means direct or consultative services provided by a psychologist licensed by the state board of psychologist examiners pursuant to part 3 of article 43 of title 12, C.R.S., or a social worker licensed by the state board of social work examiners pursuant to part 4 of article 43 of title 12, C.R.S.

(XI) "Therapeutic care" means services provided by a speech therapist, an occupational therapist registered to practice occupational therapy pursuant to article 40.5 of title 12, C.R.S., a physical therapist licensed to practice physical therapy pursuant to article 41 of title 12, C.R.S., or an autism services provider. "Therapeutic care" includes, but is not limited to, speech, occupational, and applied behavior analytic and physical therapies.

(XII) "Treatment for autism spectrum disorders" shall be for treatments that are medically necessary, appropriate, effective, or efficient. The treatments listed in this subparagraph (XII) are not considered experimental or investigational and are considered appropriate, effective, or efficient for the treatment of autism. "Treatment for autism spectrum disorders" shall include the following:

(A) Evaluation and assessment services;

(B) Behavior training and behavior management and applied behavior analysis, including but not limited to consultations, direct care, supervision, or treatment, or any combination thereof, for autism spectrum disorders provided by autism services providers;

(C) Habilitative or rehabilitative care, including, but not limited to, occupational therapy, physical therapy, or speech therapy, or any combination of those therapies. For a person who is also covered under subsection (1.7) of this section, the level of benefits for occupational therapy, physical therapy, or speech therapy shall exceed the limit of twenty visits for each therapy if such therapy is medically necessary to treat autism spectrum disorders under this subsection (1.4).

(D) Pharmacy care and medication, if covered by the health benefit plan;

(E) Psychiatric care;

(F) Psychological care, including family counseling; and

(G) Therapeutic care.

(XIII) "Treatment plan" means a plan developed for an individual by an autism services provider and prescribed by a licensed physician or a licensed psychologist pursuant to a comprehensive evaluation or reevaluation for an individual consisting of the individual's diagnosis; proposed treatment by type, frequency, and anticipated treatment; the anticipated outcomes stated as goals; and the frequency by which the treatment plan will be updated. The treatment plan shall be developed in accordance with the patient-centered medical home as defined in section 25.5-1-103 (5.5), C.R.S.

(b) (I) On or after July 1, 2010, all health benefit plans issued or renewed in this state shall provide coverage for the assessment, diagnosis, and treatment of autism spectrum disorders for a child pursuant to this subsection (1.4). For a child from birth through eight years of age up to, but not including, nine years of age, the annual maximum benefit for applied behavior analysis for autism spectrum disorders required by this subsection (1.4) shall be in an amount not to exceed thirty-four thousand dollars and for a child nine years of age or older and under nineteen years of age, the annual maximum benefit for applied behavior analysis for autism spectrum disorders required by this subsection (1.4) shall be in an amount not to exceed twelve thousand dollars.

(II) Nothing in this subsection (1.4) shall be construed to:

(A) Require or permit a carrier to reduce benefits provided for autism spectrum disorders if a health benefit plan already provides coverage that exceeds the requirements of this subsection (1.4);

(B) Prevent a carrier from increasing benefits provided for autism spectrum disorders; or

(C) Limit coverage for physical or mental health benefits covered under a health benefit plan.

(c) Treatment for autism spectrum disorders shall be prescribed or ordered by a licensed physician or licensed psychologist.

(d) A health benefit plan offered to residents of this state providing basic health care services that is delivered, issued for delivery, or renewed in this state shall not exclude autism spectrum disorders or impose additional requirements for authorization of services that operate to exclude coverage for the assessment, diagnosis, and treatment of autism spectrum disorders.

(e) Except as otherwise provided in paragraph (b) of this subsection (1.4), the coverage required under this subsection (1.4) shall not be subject to dollar limits, deductibles, or coinsurance provisions that are less favorable to an insured than the dollar limits, deductibles, or coinsurance provisions that apply to physical illness generally under the health benefit plan. The benefits of this subsection (1.4) shall be in addition to any benefits provided for in subsections (1.3) and (1.7) of this section.

(f) Benefits provided by a carrier on behalf of a covered individual for any care, treatment, intervention, service, or item, the provision of which was for the treatment of a health condition not diagnosed as an autism spectrum disorder, shall not be applied toward any maximum benefit amount established under this subsection (1.4).

(g) A carrier may not deny or refuse to provide otherwise covered services, refuse to issue, renew, or reissue, or otherwise restrict or terminate coverage under a health benefit plan because the individual or his or her covered dependent is diagnosed with an autism spectrum disorder or due to the individual's or dependent's utilization of services for which benefits are mandated by this subsection (1.4).

(h) Any review of a treatment plan or any appeal of a decision regarding treatment shall be subject to the rules of the commissioner on prompt investigation of health plan claims involving utilization review and denial of benefits.

(i) Nothing in this subsection (1.4) shall be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education program, or an individualized plan. The services required to be covered by this subsection (1.4) shall be in addition to any services provided to an individual under an individualized family service plan, an individualized education program, or an individualized plan.

(j) Coverage under this subsection (1.4) is subject to all terms, conditions, definitions, restrictions, exclusions, limitations, and utilization review of health care services that apply to any other coverage under the health benefit plan, including the treatment under the health benefit plan of services performed by participating and nonparticipating providers.

(1.5) (Deleted by amendment, L. 2009, (HB 09-1204), ch. 344, p. 1802, § 2, effective January 1, 2010.)

(1.7) **Therapies for congenital defects and birth abnormalities.** (a) After the first thirty-one days of life, policy limitations and exclusions that are generally applicable under the policy may apply; except that all individual and group health benefit plans shall provide

medically necessary physical, occupational, and speech therapy for the care and treatment of congenital defects and birth abnormalities for a covered child from the child's third birthday to the child's sixth birthday.

(b) The level of benefits required in paragraph (a) of this subsection (1.7) shall be the greater of the number of such visits provided under the policy or plan or twenty therapy visits per year each for physical therapy, occupational therapy, and speech therapy. Said therapy visits shall be distributed as medically appropriate throughout the yearly term of the policy or yearly term of the enrollee coverage contract, without regard to whether the condition is acute or chronic and without regard to whether the purpose of the therapy is to maintain or to improve functional capacity.

(c) The coverage described in this subsection (1.7) is subject to the provisions of section 10-16-118 (1) (b).

(d) The health care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this subsection (1.7) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(2) **Complications of pregnancy and childbirth.** (a) Any sickness and accident insurance policy providing indemnity for disability due to sickness issued by an entity subject to the provisions of part 2 of this article and any individual or group service or indemnity contract issued by an entity subject to part 3 of this article shall provide coverage for a sickness or disease which is a complication of pregnancy or childbirth in the same manner as any other similar sickness or disease is otherwise covered under the policy or contract. Any sickness and accident insurance policy providing indemnity for disability due to accident shall provide coverage for an accident which occurs during the course of pregnancy or childbirth in the same manner as any other similar accident is covered under the policy.

(b) Any sickness and accident insurance policy providing coverage for sickness on an expense-incurred basis shall provide coverage for a sickness or disease which is a complication of pregnancy or childbirth in the same manner as any other similar sickness or disease is otherwise covered under the policy.

(3) **Maternity coverage.** (a) (I) All group sickness and accident insurance policies providing coverage within the state and issued to an employer by an entity subject to part 2 of this article, all group health service contracts issued by an entity subject to part 3 or 4 of this article and issued to an employer, all individual sickness and accident insurance policies issued by an entity subject to part 2 of this article, and all individual health care or indemnity contracts issued by an entity subject to part 3 or 4 of this article, except supplemental policies covering a specified disease or other limited benefit, shall insure against the expense of normal pregnancy and childbirth or provide coverage for maternity care and provide coverage for contraception in the same manner as any other sickness, injury, disease, or condition is otherwise covered under the policy or contract. Individual sickness and accident insurance policies or contracts may exclude coverage for pregnancy and delivery expenses on the grounds that pregnancy was a preexisting condition. The exclusion for the pregnancy as a preexisting condition under the policy or contract shall not apply for any subsequent pregnancies. Group sickness and accident insurance policies or contracts shall not exclude coverage for pregnancy and delivery expenses on the grounds that pregnancy was a preexisting condition.

(II) Coverage for a hospital stay following a normal vaginal delivery shall not be limited to less than forty-eight hours. If forty-eight hours following delivery falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(III) Coverage for a hospital stay following a cesarean section shall not be limited to less than ninety-six hours. If ninety-six hours following the cesarean section falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(IV) The provisions of subparagraphs (II) and (III) of this paragraph (a) shall not apply in any case in which the decision to discharge prior to the minimum length of stay otherwise required under subparagraphs (II) and (III) of this paragraph (a) is made by an attending provider with the agreement of the mother.

(V) Nothing in this paragraph (a) shall be construed to require a mother who is a participant or beneficiary to give birth in a hospital or to stay in the hospital for a fixed period of time after the birth of her child.

(VI) Nothing in this paragraph (a) shall be construed as preventing a carrier from imposing deductibles, coinsurance, or other cost-sharing in relation to benefits for hospital lengths of stay in connection with childbirth for a mother or newborn child under the plan; except that such coinsurance or other cost-sharing for any portion of a period within a hospital length of stay required under subparagraphs (II) and (III) of this paragraph (a) may not be greater than such coinsurance or cost-sharing for any other sickness, injury, disease, or condition that is otherwise covered under the policy or contract.

(b) The requirement in paragraph (a) of this subsection (3) shall not apply to policies or contracts purchased by employers who employ any number of full-time or part-time employees in fewer than fifteen full-time employee positions or to employers who employ any number of full-time or part-time employees for not more than six consecutive months each year on a seasonal basis if such coverage as required in paragraph (a) of this subsection (3) is provided by the employer in one of the following methods:

(I) **Self-insurance.** All employers who elect under this subparagraph (I) to utilize self-insurance for providing this benefit shall provide written notice to affected employees and to the health insurance carrier of its choice to self-insure.

(II) A policy purchased from an insurance company authorized to do business in this state which meets all of the requirements of the division of insurance for that purpose;

(III) A contract issued by an entity subject to the provisions of part 3 or 4 of this article;

(IV) A combination of the methods of obtaining insurance authorized in subparagraphs (I) to (III) of this paragraph (b).

(c) An entity authorized under the provisions of part 3 or 4 of this article to issue service or indemnity-type contracts shall offer coverage for maternity care to both married and unmarried women in individual, nonfamily contracts and shall offer the same coverage and the same payment of costs for maternity benefits to unmarried women that it offers to married women.

(4) (Deleted by amendment, L. 2009, (HB 09-1204), ch. 344, p. 1802, § 2, effective January 1, 2010.)

(5) **Mental illness.** Every small group policy providing hospitalization or medical benefits by an entity subject to the provisions of part 2 or 3 of this article must provide benefits for conditions arising from mental illness at least equal to the following:

(a) In the case of basic coverage benefits based upon either confinement as an inpatient or partial hospitalization in a hospital or psychiatric hospital licensed by the department of public health and environment, the period of confinement for which benefits are payable shall be at least forty-five days for inpatient care or ninety days for partial hospitalization in any one twelve-month-benefit period. For the purpose of computing the period for which benefits are payable, each two days of partial hospitalization care shall reduce by one day the forty-five days available for inpatient care, and each day of inpatient care shall reduce by two days the ninety days available for partial hospitalization care. Each day of confinement as an inpatient or each two days of partial hospitalization shall reduce by one day the total days available for all other illnesses during any one twelve-month-benefit period. Each day of confinement as an inpatient in a hospital or psychiatric hospital or each two days of partial hospitalization shall reduce by one day the available days provided under subsection (9) of this section. For the purpose of this subsection (5), "partial hospitalization" means continuous treatment for at least three hours, but not more than twelve hours, in any twenty-four-hour period.

(b) (I) In the case of major medical coverage, benefits shall cover outpatient services furnished by a comprehensive health care service corporation, a hospital, or a community mental health center or other mental health clinics approved by the department of human services to furnish mental health services; or furnished by a registered professional nurse within the scope of his or her license; or furnished by a licensed clinical social worker within the scope of his or her license; or furnished by or under the supervision of a licensed physician or licensed psychologist acting in compliance with part 3 of article 43 of title 12, C.R.S. Except as provided in subparagraph (II) of this paragraph (b), the services provided

under this paragraph (b) shall be under the direct supervision of a physician or a licensed psychologist acting in compliance with part 3 of article 43 of title 12, C.R.S. The patient records shall show that the attending physician or licensed psychologist acting in compliance with part 3 of article 43 of title 12, C.R.S., either saw the patient or had a written summary of consultations or a personal consultation with the therapist at least once every ninety days.

(II) If any mental health services are a benefit made available under major medical coverage or as a benefit made available by an entity subject to the provisions of part 3 of this article and such services are performed by a registered professional nurse or licensed clinical social worker, licensed professional counselor, or licensed marriage and family therapist who is licensed to practice in this state, reimbursement for these services shall not be denied and shall be made directly to the registered professional nurse, licensed clinical social worker, licensed professional counselor, or licensed marriage and family therapist when acting as an independent provider, whether or not such services are provided under the direct supervision of a physician or licensed psychologist. Nothing in this subparagraph (II) shall be interpreted to expand the scope of professional nursing, licensed clinical social worker, licensed professional counselor, or licensed marriage and family therapist practice.

(III) For purposes of this subsection (5), "licensed clinical social worker" means a person who is licensed as a clinical social worker under part 4 of article 43 of title 12, C.R.S., and who has at least five years of experience in psychotherapy, as defined in section 12-43-201, C.R.S., under appropriate supervision, beyond a master's degree; "licensed professional counselor" means a person who is licensed as a professional counselor under part 6 of article 43 of title 12, C.R.S., and who has at least five years of experience in psychotherapy, as defined in section 12-43-201, C.R.S., under appropriate supervision, beyond a master's degree; and "licensed marriage and family therapist" means a person who is licensed as a marriage and family therapist under part 5 of article 43 of title 12, C.R.S., and who has at least five years of experience in psychotherapy, as defined in section 12-43-201, C.R.S., under appropriate supervision, beyond a master's degree.

(c) An entity subject to the provisions of part 2 or 3 of this article may establish a copayment or coinsurance requirement for mental illness, which may or may not differ from the copayment or coinsurance requirement established for any other condition or illness; except that copayment or coinsurance requirements for mental illness shall not exceed a fifty percent copayment or coinsurance requirement. Such entity may establish a deductible amount for mental illness, but such deductible amount shall not differ from the deductible amount for any other condition or illness. In addition, such entity may limit the aggregate benefits payable under paragraph (b) of this subsection (5) to an amount of not less than one thousand dollars in any one twelve-month benefit period or not less than twenty visits per year.

(d) (I) No person shall disclose mental health history, diagnosis, or treatment services information received in an initial application for coverage or subsequent claims for benefits to any person, group, organization, or governmental agency, without written consent of the insured, except for purposes of obtaining professional review and judgments of quality and appropriateness of treatment rendered; for purposes of litigation proceedings involving the insured and when ordered by a court; for purposes of reinsurance, when required; for purposes of applying overinsurance provisions; and for purposes of claiming benefits for services on behalf of the insured.

(II) A person shall not be required to report such person's social security number for the purpose of obtaining coverage or, after obtaining coverage, claiming benefits when not required by applicable federal statute or regulation.

(e) The commissioner may exempt from the requirements of paragraphs (a) and (b) of this subsection (5) any small group policy or type of small group policy with respect to which the commissioner has determined that the prescribed mental illness benefits are inapplicable or inappropriate.

(f) The provisions of paragraphs (a) to (e) of this subsection (5) shall apply to all small group policies issued, renewed, or reinstated on and after January 1, 1976.

(g) Every small group plan that is a health care service plan providing hospitalization or medical benefits under the provisions of part 4 of this article shall provide benefits for

conditions arising from mental illness at least equal to the benefits required by this subsection (5). The health care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this subsection (5) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(h) For purposes of this subsection (5), "mental illness" does not include autism. Autism shall be governed by the provisions of section 10-16-104.5.

(5.5) **Biologically based mental illness and mental disorders.** (a) (I) Every group policy, plan certificate, and contract of a carrier subject to the provisions of part 2, 3, or 4 of this article, except those described in section 10-16-102 (21) (b), shall provide coverage for the treatment of biologically based mental illness that is no less extensive than the coverage provided for a physical illness.

(II) Every group policy, plan certificate, and contract of a carrier subject to the provisions of part 2, 3, or 4 of this article, except a small group plan, as defined in section 10-16-102 (42), and a policy or plan as described in section 10-16-102 (21) (b), shall provide coverage for the treatment of mental disorders that is no less extensive than the coverage provided for a physical illness.

(III) Any preauthorization or utilization review mechanism used in the determination to provide the coverage required by this paragraph (a) shall be the same as, or no more restrictive than, that used in the determination to provide coverage for a physical illness; except that a carrier that does not use utilization review mechanisms in determining whether to provide coverage for a physical illness may use utilization review mechanisms for determining whether to provide coverage for drug and alcohol disorders and eating disorders as part of the required coverage for mental disorders. The commissioner shall adopt such rules as are necessary to carry out the provisions of this subsection (5.5). In promulgating such rules, the commissioner shall recognize that the substance of the mechanisms for preauthorization or utilization review may differ between medical specialties and that such mechanisms shall not be more restrictive with respect to a covered person or a mental health provider for a determination under this paragraph (a) than for any other physical illness.

(IV) As used in this subsection (5.5):

(A) "Biologically based mental illness" means schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder.

(B) "Mental disorder" means posttraumatic stress disorder, drug and alcohol disorders, dysthymia, cyclothymia, social phobia, agoraphobia with panic disorder, and general anxiety disorder. The term includes anorexia nervosa and bulimia nervosa to the extent those diagnoses are treated on an out-patient, day treatment, and in-patient basis, exclusive of residential treatment.

(b) Benefits provided under this subsection (5.5) through a small group plan are not required to be provided to the extent that such benefits duplicate benefits required to be provided under subsection (5) of this section.

(c) The health care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this subsection (5.5) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(6) **Dependent children.** (a) No entity subject to the provisions of this article or section 607 (1) of the federal "Employee Retirement Income Security Act of 1974", as amended, shall refuse to accept and honor an otherwise valid claim for a covered benefit that is filed by either parent of a covered child, or by the state department of human services in the case of an assignment under section 26-13-106, C.R.S., who submits valid copies of medical bills. A claim submitted by a custodial parent who is not the insured under a policy issued by an entity subject to the provisions of this article or section 607 (1) of the federal "Employee Retirement Income Security Act of 1974", as amended, shall be deemed a valid assignment of benefits for payment to the health care provider.

(b) No entity described in paragraph (a) of this subsection (6) shall refuse to provide coverage for a dependent child under the health plan of the child's parent for the sole reason that the child:

- (I) Does not live in the home of the parent applying for the policy; or
- (II) Does not live in the insurer's service area, notwithstanding any other provision of law restricting enrollment to persons who reside in an insurer's service area; or
- (III) Was born out of wedlock; or
- (IV) Is not claimed as a dependent on the federal or state income tax return of the child's parent.

(c) When a dependent child is enrolled in a health insurance plan of a parent with whom the child resides less than fifty percent of the time, the entity described in paragraph (a) of this subsection (6) shall:

(I) Provide to the dependent child's parent with whom the child resides the majority of the time information that is necessary for the dependent child to obtain medical benefits and services;

(II) Allow the parent described in subparagraph (I) of this paragraph (c), the health care provider with such parent's approval, or the state to submit claims for covered services without the approval of the other parent;

(III) Make payments directly to the parent described in subparagraph (I) of this paragraph (c), the health care provider, or the state medical assistance agency on claims submitted pursuant to subparagraph (II) of this paragraph (c).

(d) Whenever a parent of a dependent child with whom the child resides less than fifty percent of the time is subject to a court or an administrative order to provide health care coverage for the dependent child, and such parent is eligible for family health care coverage through the parent's employment, the entity described in paragraph (a) of this subsection (6) shall:

(I) Permit such parent to enroll the dependent child under the family coverage plan, regardless of any enrollment season restriction;

(II) Enroll the dependent child upon application for enrollment by the parent with whom the child resides the majority of the time, the state medical assistance agency, or the state child support enforcement agency or a delegate child support enforcement unit if the parent with whom the child resides less than fifty percent of the time is enrolled in a family coverage plan but fails to enroll the dependent child, regardless of any enrollment restrictions;

(III) Not cancel or revoke enrollment of the dependent child, or eliminate coverage for the dependent child, unless the insurer is provided with satisfactory written proof that:

(A) The court or administrative order for health care coverage is no longer in effect; or

(B) The child is or will be enrolled in a comparable plan through another insurer, which enrollment takes effect no later than the effective date of the cancellation or revocation of enrollment or the elimination of coverage.

(e) An entity described in paragraph (a) of this subsection (6) shall not impose on the state medical assistance agency that is assigned the right to recover medical costs on behalf of a medical assistance recipient any requirement that is not imposed on or applicable to other agents or assignees.

**(6.5) Adopted child - dependent coverage.** (a) Whenever an entity described in paragraph (a) of subsection (6) of this section offers coverage for dependent children under a health plan, the entity shall provide benefits to a child placed for adoption with an enrollee, policyholder, or subscriber under the same terms and conditions that apply to a natural dependent of an enrollee, policyholder, or subscriber, regardless of whether adoption of the child is final.

(b) An entity described in paragraph (a) of subsection (6) of this section shall not deny or restrict coverage to an adopted child of an enrollee, policyholder, or subscriber or a child placed for adoption with an enrollee, policyholder, or subscriber on the basis of a preexisting condition if the child would otherwise be eligible for enrollment or coverage and the adoption or placement occurs while the adoptive parent or parent with whom the child is placed is enrolled in the plan.

(c) For the purposes of this subsection (6.5), unless the context otherwise requires:

(I) "Child" means a person who has not attained eighteen years of age.

(II) "Placed for adoption" means circumstances under which a person assumes or retains a legal obligation to partially or totally support a child in anticipation of the child's adoption. A placement terminates at the time such legal obligation terminates.

(6.7) **Medical assistance recipients - denial of coverage - liability to state.** (a) No entity subject to the provisions of this article, article 8 of this title, or section 607 (1) of the federal "Employee Retirement Income Security Act of 1974", as amended, shall refuse to enroll a person for the sole reason that the person is a medical assistance recipient for whom coverage is sought pursuant to section 25.5-4-210, C.R.S., or refuse to accept and honor an otherwise valid claim for a covered benefit which is filed in the case of an assignment under the provisions of articles 4, 5, and 6 of title 25.5, C.R.S.

(b) An entity subject to this subsection (6.7) that is liable as a third party for the medical costs of a medical assistance recipient or that recovers or may recover medical costs from a third party who is liable to a medical assistance recipient for medical costs is liable to the state pursuant to section 25.5-4-301 (4), C.R.S.

(c) The state is deemed to have acquired the rights as an assignee of the medical assistance recipient to any payment by a third party for medical costs.

(7) **Reimbursement of providers.** (a) **Sickness and accident insurance.** (I) (A) Notwithstanding any provisions of any policy of sickness and accident insurance issued by an entity subject to the provisions of part 2 of this article or a prepaid dental care plan subject to the provisions of part 5 of this article, whenever any such policy or plan provides for reimbursement for a service that may be lawfully performed by a person licensed in this state for the practice of osteopathy, medicine, dentistry, dental hygiene, optometry, psychology, chiropractic, podiatry, or acupuncture, a carrier shall not deny reimbursement under the policy or plan when the service is rendered by a person so licensed. Nothing in this part 1 or part 2 or 5 of this article precludes a carrier from setting different fee schedules in an insurance policy for different services performed by different professions, but the carrier shall use the same fee schedule for those portions of health services that are substantially identical although performed by different professions.

(B) The licensed persons who may not be denied reimbursement pursuant to subparagraph (A) of this subparagraph (I) shall include registered professional nurses, licensed clinical social workers, and licensed addiction counselors. However, such inclusion shall not be interpreted as enlarging the scope of professional nursing, licensed clinical social worker, or licensed addiction counseling practice.

(II) The provisions of subparagraph (I) of this paragraph (a) shall apply:

(A) To all individual sickness and accident policies issued on and after July 1, 1973;

(B) To all blanket and group sickness and accident policies issued, renewed, or reinstated on and after July 1, 1973.

(b) **Nonprofit hospital, medical-surgical, and health service corporations.**

(I) (A) Corporations subject to the provisions of this part 1 and part 3 of this article may enter into contracts for the rendering of hospital services, medical-surgical services, and other health services on behalf of any of their subscribers with hospitals maintained by the state, or by any of its political subdivisions, or maintained by a nonprofit corporation organized for hospital purposes, or with other corporations, associations, partnerships, or individuals furnishing hospital services, medical-surgical services, or other health services. Nothing contained in this part 1 or part 3 of this article shall require any such corporation to contract or remain under contract with any individual hospital, physician, or other purveyor of health services; nor shall any employee, agent, officer, or trustee of any such corporation influence or seek to influence any subscriber in the choice or selection of a contracting hospital or contracting physician, or any other contracting purveyor of health services; except that nothing in this paragraph (b) shall prevent any such nonprofit corporation which has subscribers or members solely from one industry, from contracting with any physician or other purveyor of health services as referred to in subparagraph (II) of this paragraph (b) to provide medical, surgical, and other health services to such subscribers or members and their immediate families, nor prevent such corporation from specifying or recommending any physician or other purveyor of health services to render such services to its subscribers or members and their immediate families, for any particular type or classification of medical, surgical, or other health care. Nothing in this part 1 or part

3 of this article shall preclude a corporation, subject to the provisions of this part 1 and part 3 of this article, from setting different fee schedules in contracting for different health services performed by different professions, but the same fee schedule shall be used for that portion of health services which are substantially identical although performed by different professions.

(B) This subparagraph (I) shall apply for all contracts entered into or renewed on or after July 1, 1973, by corporations subject to the provisions of this part 1 and part 3 of this article.

(II) (A) The benefits or services which a corporation subject to the provisions of this part 1 and part 3 of this article may make available to its members or subscribers may include the services made available by hospitals, other licensed health care institutions, doctors of medicine, osteopathy, dentistry, optometry, and podiatry, nursing services, appliances, drugs, medicine, ambulance service, and such other health services or items as the board of trustees of any such corporation may approve; but no corporation subject to the provisions of this part 1 and part 3 of this article may offer to its members or subscribers any certificate or form which would provide for a cash payment or allowance for sickness, accident, disability, or death, other than payments of or toward the charges made by the purveyors of the health services covered by the certificates issued by said corporation, or for any form of casualty or life insurance unless such corporation shall first comply with the statutes of this state applicable to companies offering such forms of insurance.

(B) If a service is a benefit made available by a corporation subject to the provisions of this part 1 and part 3 of this article to its members or subscribers and such service is performed by a registered professional nurse within the scope of his or her license, by a licensed clinical social worker within the scope of his or her license, or by a licensed addiction counselor within the scope of his or her license, the reimbursement for such service shall be made directly to the registered professional nurse, licensed clinical social worker, or licensed addiction counselor when acting as an independent provider under contract with the corporation. However, such inclusion shall not be interpreted as expanding the scope of professional nursing, licensed clinical social worker, or licensed addiction counseling practice. Nothing shall be construed to allow duplicate payment for the same service by different providers.

(c) **Definitions.** As used in this subsection (7):

(I) "Licensed addiction counselor" shall have the same meaning as set forth in section 12-43-201, C.R.S.

(II) "Licensed clinical social worker" shall have the same meaning as set forth in subparagraph (III) of paragraph (b) of subsection (5) of this section.

(8) **Availability of hospice care coverage.** (a) As used in this subsection (8), unless the context otherwise requires:

(I) "Home health services" means home health services as defined in section 25.5-4-103 (7), C.R.S., which are provided by a home health agency certified by the department of public health and environment.

(II) "Hospice care" means hospice services provided to a terminally ill individual by a hospice care program, licensed and regulated by the department of public health and environment pursuant to sections 25-1.5-103 (1) (a) (I) and 25-3-101, C.R.S., or by others under arrangements made by such hospice care program.

(b) Notwithstanding any other provision of the law to the contrary, no individual or group policy of sickness and accident insurance issued by an insurer subject to the provisions of part 2 of this article and no plan issued by an entity subject to the provisions of part 3 of this article which provides hospital, surgical, or major medical coverage on an expense incurred basis shall be sold in this state unless a policyholder under such policy or plan is offered the opportunity to purchase coverage for benefits for the costs of home health services and hospice care which have been recommended by a physician as medically necessary. Nothing in this paragraph (b) shall require an insurer to offer coverages for which premiums would not cover expected benefits. This paragraph (b) shall not apply to any insurance policy, plan, contract, or certificate which provides coverage exclusively for disability loss of income, dental services, optical services, hospital confinement indemnity, accident only, or prescription drug services.

(c) The insurer or entity may adopt standards and criteria for eligibility to be applied to home health services programs and hospice care programs consistent with standards established in rules and regulations of the department of public health and environment.

(d) The commissioner, in consultation with the department of public health and environment, may establish by rule and regulation requirements for standard policy and plan provisions which state clearly and completely the criteria for and extent of insured coverage for home health services and hospice care. Such provisions shall be designed to facilitate prompt and informed decisions regarding patient placement and discharge.

(9) **Availability of coverage for alcoholism.** (a) Any other provision of law to the contrary notwithstanding, no hospitalization or medical benefits contract on a group basis issued by an insurer subject to the provisions of part 2 of this article or an entity subject to the provisions of part 3 of this article shall be sold in this state unless the policyholder under such contract or persons holding the master contract under such contract are offered the opportunity to purchase coverage for benefits for the treatment of and for conditions arising from alcoholism, which benefits are at least equal to the following minimum requirements:

(I) In the case of benefits based upon confinement as an inpatient in an accredited or licensed hospital or in any other public or private facility or portion thereof providing services especially for the treatment of alcoholics, which is licensed by the department of human services for those services, such benefits shall be not less than forty-five days in any calendar year.

(II) Each day of confinement as an inpatient shall reduce by one day the total days available for all other illnesses during any one twelve-month-benefit period.

(III) Each day of confinement as an inpatient shall reduce by one day the available days provided under subsection (5) of this section.

(b) Outpatient benefits shall cover, to the extent of five hundred dollars over a twelve-month period, services furnished by:

(I) An accredited or licensed hospital; or

(II) Any public or private facility or portion thereof providing services especially for the treatment of alcoholics, which is licensed by the department of human services for those purposes; or

(III) Any mental health facility approved as such by the department of human services.

(c) Such entity subject to the provisions of part 3 of this article shall enter into participating agreements with licensed hospitals and licensed alcoholism treatment centers to provide benefits for the treatment of alcoholism rendered in such facilities. Such entities may require provider standards developed in cooperation with the department of human services as a part of any such agreement.

(d) (I) Such entity subject to the provisions of part 2 or part 3 of this article offering coverage for alcoholism under this subsection (9) may establish a copayment requirement for such coverage which may or may not differ from the copayment requirement established for any other condition or illness; except that copayment requirements for the treatment of alcoholism shall not exceed a fifty percent copayment requirement.

(II) Such entity may establish a deductible amount for coverage pertaining to alcoholism, but such deductible amount shall not differ from the deductible amount for any other condition or illness.

(III) In any event, benefits will not be payable unless the patient having the coverage provided under this subsection (9) has completed the full continuum of care, including detoxification and rehabilitation.

(e) The commissioner may exempt from the requirements of this subsection (9) any policy or contract or type of contract with respect to which the commissioner has determined that the prescribed alcoholism benefits are inapplicable or inappropriate.

(10) **Prostate cancer screening.** (a) All individual and all group sickness and accident insurance policies, except supplemental policies covering a specified disease or other limited benefit, which are delivered or issued for delivery within the state by an entity subject to the provisions of part 2 of this article and all individual and group health care service or indemnity contracts issued by an entity subject to the provisions of part 3 or 4 of this article, as well as any other group health care coverage offered to residents of this state, shall provide coverage for annual screening for the early detection of prostate cancer in men

over the age of fifty years and in men over the age of forty years who are in high-risk categories, which coverage by entities subject to part 2 or 3 of this article shall not be subject to policy deductibles. Such coverage shall be the lesser of sixty-five dollars per prostate cancer screening or the actual charge for such screening. Such benefit shall in no way diminish or limit diagnostic benefits otherwise allowable under a policy. This coverage shall be provided according to the following guidelines:

(I) The screening shall be performed by a qualified medical professional, including without limitation a urologist, internist, general practitioner, doctor of osteopathy, nurse practitioner, or physician assistant.

(II) The screening shall consist, at a minimum, of the following tests:

(A) A prostate-specific antigen ("PSA") blood test;

(B) Digital rectal examination.

(III) At least one screening per year shall be covered for any man fifty years of age or older.

(IV) At least one screening per year shall be covered for any man from forty to fifty years of age who is at increased risk of developing prostate cancer as determined by the man's physician for an entity subject to part 2 or 3 of this article, or as determined by a participating physician for an entity subject to part 4 of this article.

(b) The requirements of this subsection (10) shall apply to all individual sickness and accident insurance policies and health care service or indemnity contracts issued on or after January 1, 1996, and to all group accident and sickness policies and group health care service or indemnity contracts issued, renewed, or reinstated on or after January 1, 1996.

(c) For purposes of this subsection (10), "sickness and accident insurance policy" does not include short-term, accident, fixed indemnity, specified disease policies or disability income contracts, and limited benefit or credit disability insurance, or such other insurance as defined in section 10-18-101 (3) or by the commissioner: The term also does not include insurance arising out of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., or other similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and which is required by law to be contained in any liability insurance policy or equivalent self-insurance.

(d) The health care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits provided pursuant to this subsection (10) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(11) **Child health supervision services.** (a) For purposes of this subsection (11), unless the context otherwise requires, "child health supervision services" means those preventive services and immunizations required to be provided in basic and standard health benefit plans pursuant to section 10-16-105 (7.2), to dependent children up to age thirteen. Such services shall be provided by a physician or pursuant to a physician's supervision or by a primary health care provider who is a physician's assistant or registered nurse who has additional training in child health assessment and who is working in collaboration with a physician.

(b) An individual, small group, or large group health benefit plan issued in Colorado or covering a Colorado resident that provides coverage for a family member of the insured or subscriber, shall, as to such family member's coverage, also provide that the health insurance benefits applicable to children include coverage for child health supervision services up to the age of thirteen. Each such plan shall, at a minimum, provide benefits for preventive child health supervision services. A plan described in this paragraph (b) may provide that child health supervision services rendered during a periodic review shall only be covered to the extent such services are provided during the course of one visit by or under the supervision of a single physician, physician's assistant, or registered nurse.

(c) Benefits for child health supervision services shall be exempt from a deductible or dollar limit provision in any individual, small group, or large group health benefit plan issued in Colorado or covering a Colorado resident and such exemption shall be explicitly stated in such a plan. Any copayment or coinsurance applicable to the benefits received during the course of one visit pursuant to paragraph (b) of this subsection (11) shall not exceed the copayment or coinsurance payment applicable to a physician visit. A health

benefit plan issued by an entity subject to part 4 of this article may provide that the benefits offered pursuant to this subsection (11) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with such entity.

(d) A local government or political subdivision of this state is not required to offer to employees or dependents coverage for child health supervision services as required in this subsection (11) in any health benefit plan offered or made available to employees or dependents of the local government or political subdivision.

(e) This subsection (11) shall not apply to a multiple employer health trust, as described in section 10-3-903.5 (7) (b), or a multiple employer welfare arrangement, as described in section 10-3-903.5, but shall apply to those plans and entities subject to the jurisdiction of the division of insurance.

**(12) Hospitalization and general anesthesia for dental procedures for dependent children.** (a) All individual and all group sickness and accident insurance policies that are delivered or issued for delivery within the state by an entity subject to the provisions of part 2 of this article and all individual and group health care service or indemnity contracts issued by an entity subject to the provisions of part 3 or 4 of this article except supplemental policies that cover a specific disease or other limited benefit shall provide coverages for general anesthesia, when rendered in a hospital, outpatient surgical facility, or other facility licensed pursuant to section 25-3-101, C.R.S., and for associated hospital or facility charges for dental care provided to a dependent child, as dependent is defined in section 10-16-102 (14), of a covered person. Such dependent child shall, in the treating dentist's opinion, satisfy one or more of the following criteria:

(I) The child has a physical, mental, or medically compromising condition; or

(II) The child has dental needs for which local anesthesia is ineffective because of acute infection, anatomic variations, or allergy; or

(III) The child is an extremely uncooperative, unmanageable, anxious, or uncommunicative child or adolescent with dental needs deemed sufficiently important that dental care cannot be deferred; or

(IV) The child has sustained extensive orofacial and dental trauma.

(b) A carrier may:

(I) Require prior authorization for general anesthesia and outpatient surgical facilities or hospitalization for dental care procedures in the same manner that prior authorization is required for hospitalization for other covered diseases or conditions; and

(II) Require that if coverage is provided through a managed care plan, the benefits mandated pursuant to this subsection (12) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the carrier; and

(III) Restrict coverage to include anesthesia provided by an anesthesia provider only during procedures performed by an educationally qualified specialist in pediatric dentistry or other dentist educationally qualified in a recognized dental specialty for which hospital privileges are granted or who is certified by virtue of completion of an accredited program of post-graduate hospital training to be granted hospital privileges.

(c) The provisions of this subsection (12) shall not apply to treatment rendered for temporal mandibular joint (TMJ) disorders.

**(13) Diabetes.** (a) Any health benefit plan, except supplemental policies covering a specified disease or other limited benefit, that provides hospital, surgical, or medical expense insurance shall provide coverage for diabetes that shall include equipment, supplies, and outpatient self-management training and education, including medical nutrition therapy if prescribed by a health care provider licensed to prescribe such items pursuant to Colorado law, and, if coverage is provided through a managed care plan, such qualified provider shall be a participating provider in such managed care plan.

(b) Diabetes outpatient self-management training and education when prescribed shall be provided by a certified, registered, or licensed health care professional with expertise in diabetes.

(c) The benefits provided in this subsection (13) are subject to the same annual deductibles or copayments established for all other covered benefits within a given policy.

(d) Private third-party payors shall not reduce or eliminate coverage due to the requirements of this subsection (13).

(14) **Prosthetic devices.** (a) Any health benefit plan, except supplemental policies covering a specified disease or other limited benefit, that provides hospital, surgical, or medical expense insurance shall provide coverage for benefits for prosthetic devices that equal those benefits provided for under federal laws for health insurance for the aged and disabled pursuant to 42 U.S.C. secs. 1395k, 1395l, and 1395m and 42 CFR 414.202, 414.210, 414.228, and 410.100, as applicable to this subsection (14).

(b) For the purposes of this subsection (14) “prosthetic device” means an artificial device to replace, in whole or in part, an arm or leg.

(c) A health benefit plan may require prior authorization for prosthetic devices in the same manner that prior authorization is required for any other covered benefit.

(d) Covered benefits are limited to the most appropriate model that adequately meets the medical needs of the patient as determined by the insured’s treating physician.

(e) Repairs and replacements of prosthetic devices are also covered, subject to copayments and deductibles, unless necessitated by misuse or loss.

(f) A carrier may require that, if coverage is provided through a managed care plan, the benefits mandated pursuant to this subsection (14) shall be covered benefits only if the prosthetic devices are provided by a vendor and prosthetic services are rendered by a provider who contracts with or is designated by the carrier, to the extent that a carrier provides in-network and out-of-network services, the coverage for the prosthetic device shall be offered no less extensively.

(15) Notwithstanding any provision to the contrary, a small employer may purchase health benefit coverage that does not include the coverage for benefits pursuant to subsections (5), (9), (10), (12), and (18) of this section through a basic health benefit plan pursuant to section 10-16-105 (7.2) (b) (I) or (7.2) (b) (III) or that does not include coverage for benefits pursuant to subsections (5), (9), (10), (12), (18) (b) (I), (18) (b) (II), and (18) (b) (IV) to (IX) of this section through a medical evidence-based health benefit plan authorized in section 10-16-105 (7.2) (b) (IV).

(16) (a) All group and individual sickness and accident insurance policies and all service or indemnity contracts issued by any entity subject to part 3 or 4 of this article shall not refuse to provide coverage to an individual, refuse to continue to cover an individual, or limit the amount or extent of coverage available to an individual solely based on that individual’s membership in the uniformed services of the United States. Nothing in this subsection (16) shall prohibit an insurer from excluding or limiting coverage for some other factor or preexisting condition.

(b) As used in this subsection (16):

(I) “Membership” means active duty, national guard, or reserve duty in the uniformed services of the United States, or retirement from such services.

(II) “Uniformed services of the United States” means the United States Army, United States Navy, United States Marine Corps, United States Air Force, United States Coast Guard, national oceanic and atmospheric administration commissioned officer corps, and the United States public health service commissioned corps.

(17) **Cervical cancer vaccines.** (a) All individual and all group sickness and accident insurance policies, except supplemental policies covering a specified disease or other limited benefit, that are delivered or issued for delivery within the state by an entity subject to the provisions of part 2 of this article and all individual and group health care service or indemnity contracts issued by an entity subject to the provisions of part 3 or 4 of this article, as well as any other group health care coverage offered to residents of this state, shall provide coverage for the full cost of cervical cancer vaccination for all females for whom a vaccination is recommended by the advisory committee on immunization practices of the United States department of health and human services.

(b) The requirements of this subsection (17) shall apply to all individual sickness and accident insurance policies and health care service or indemnity contracts issued on or after January 1, 2008, and to all group accident and sickness policies and group health care service or indemnity contracts issued, renewed, or reinstated on or after January 1, 2008.

(c) For purposes of this subsection (17), “sickness and accident insurance policy” does not include short-term, accident, fixed indemnity, specified disease policies or disability income contracts, and limited benefit or credit disability insurance, or such other insurance

as described in section 10-18-101 (3) or by the commissioner. The term also does not include insurance arising out of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., or other similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and which is required by law to be contained in a liability insurance policy or equivalent self-insurance.

(d) The health care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits provided pursuant to this subsection (17) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(18) **Preventive health care services.** (a) (I) Except as specified in subparagraph (II) of this paragraph (a), the following policies and contracts that are delivered, issued, renewed, or reinstated on or after January 1, 2010, shall provide coverage for the total cost of the preventive health care services specified in paragraph (b) of this subsection (18):

(A) All individual and all group sickness and accident insurance policies, except supplemental policies covering a specified disease or other limited benefit, that are delivered or issued for delivery within the state by an entity subject to part 2 of this article;

(B) All individual and group health care service or indemnity contracts issued by an entity subject to part 3 or 4 of this article; and

(C) Any other individual or group health care coverage offered to residents of this state.

(II) Nothing in this subsection (18) shall be deemed to apply to a basic health benefit plan issued pursuant to section 10-16-105 (7.2) (b) (I), (7.2) (b) (III), or (7.2) (b) (IV); except that the required coverage for mammography set forth in subparagraph (III) of paragraph (b) of this subsection (18) shall apply to a basic health benefit plan issued pursuant to section 10-16-105 (7.2) (b) (IV).

(III) Coverage shall not be subject to policy deductibles or coinsurance. Copayments may apply as required by the policy, contract, or other health care coverage.

(b) The coverage required by this subsection (18) shall include preventive health care services for the following, in accordance with the A or B recommendations of the task force for the particular preventive health care service:

(I) Alcohol misuse screening and behavioral counseling interventions for adults by primary care providers;

(II) Cervical cancer screening;

(III) (A) Breast cancer screening with mammography.

(B) Coverage for breast cancer screening with mammography shall be the lesser of one hundred dollars per mammography screening or the actual charge for such screening, but in no case shall the covered person be required to pay more than the copayment required by the policy or contract for preventive health care services. The minimum benefit required under this subparagraph (III) shall be adjusted to reflect increases and decreases in the consumer price index.

(C) Benefits for preventive mammography screenings shall be determined on a calendar year or a contract year basis, which shall be specified in the policy or contract. The preventive and diagnostic coverages provided pursuant to this subparagraph (III) shall in no way diminish or limit diagnostic benefits otherwise allowable under a policy. If a covered person who is eligible for a preventive mammography screening benefit pursuant to this subparagraph (III) has not utilized such benefit during a calendar year or a contract year, then the coverage shall apply to one diagnostic screening for that year. If more than one diagnostic screening is provided for the covered person in a given calendar year or contract year, the other diagnostic service benefit provisions in the policy or contract shall apply with respect to the additional screenings.

(D) Notwithstanding the A or B recommendations of the task force, an annual breast cancer screening with mammography shall be covered for all individuals possessing at least one risk factor including, but not limited to, a family history of breast cancer, being forty years of age or older, or a genetic predisposition to breast cancer.

(IV) Cholesterol screening for lipid disorders;

(V) (A) Colorectal cancer screening coverage for tests for the early detection of colorectal cancer and adenomatous polyps.

(B) In addition to covered persons eligible for colorectal cancer screening coverage in accordance with A or B recommendations of the task force, colorectal cancer screening coverage required by this subparagraph (V) shall also be provided to covered persons who are at high risk for colorectal cancer, including covered persons who have a family medical history of colorectal cancer; a prior occurrence of cancer or precursor neoplastic polyps; a prior occurrence of a chronic digestive disease condition such as inflammatory bowel disease, Crohn's disease, or ulcerative colitis; or other predisposing factors as determined by the provider;

(VI) Childhood immunizations pursuant to the schedule established by the ACIP;

(VII) Influenza vaccinations pursuant to the schedule established by the ACIP;

(VIII) Pneumococcal vaccinations pursuant to the schedule established by the ACIP; and

(IX) Tobacco use screening of adults and tobacco cessation interventions by primary care providers.

(c) For purposes of this subsection (18):

(I) "ACIP" means the advisory committee on immunization practices to the centers for disease control and prevention in the federal department of health and human services, or any successor entity.

(II) "A recommendation" means a recommendation adopted by the task force that strongly recommends that clinicians provide a preventive health care service because the task force found there is a high certainty that the net benefit of the preventive health care service is substantial.

(III) "B recommendation" means a recommendation adopted by the task force that recommends that clinicians provide a preventive health care service because the task force found there is a high certainty that the net benefit is moderate or there is moderate certainty that the net benefit is moderate to substantial.

(IV) "Task force" means the U.S. preventive services task force, or any successor organization, sponsored by the agency for healthcare research and quality, the health services research arm of the federal department of health and human services.

(d) The health care service plan issued by an entity subject to part 4 of this article may provide that the benefits provided pursuant to this subsection (18) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(19) **Hearing aids for children - legislative declaration.** (a) The general assembly hereby finds and determines that the language development of children with partial or total hearing loss may be impaired due to the hearing loss. Children learn the concept of spoken language through auditory stimuli, and the language skills of children who have hearing loss improve when they are provided with hearing aids and access to visual language upon the discovery of hearing loss. The general assembly therefore declares that providing hearing aids to children with hearing loss will reduce the costs borne by the state, including special education, alternative treatments that would otherwise be necessary if a hearing aid were not provided, and other costs associated with such hearing loss.

(b) Any health benefit plan that provides hospital, surgical, or medical expense insurance, except supplemental policies covering a specified disease or other limited benefit, shall provide coverage for hearing aids for minor children who have a hearing loss that has been verified by a physician licensed pursuant to article 36 of title 12, C.R.S., and by an audiologist licensed pursuant to section 12-5.5-102, C.R.S. The hearing aids shall be medically appropriate to meet the needs of the child according to accepted professional standards. Coverage shall include the purchase of the following:

(I) Initial hearing aids and replacement hearing aids not more frequently than every five years;

(II) A new hearing aid when alterations to the existing hearing aid cannot adequately meet the needs of the child;

(III) Services and supplies including, but not limited to, the initial assessment, fitting, adjustments, and auditory training that is provided according to accepted professional standards.

(c) The benefits accorded pursuant to this subsection (19) shall be subject to the same annual deductible or copayment established for all other covered benefits within the insured's policy and utilization review as provided in sections 10-16-112, 10-16-113, and 10-16-113.5. The benefits shall also be subject to part 7 of this article.

(d) Health benefit plans issued by an entity subject to this part 1 may provide that the benefits required pursuant to this section shall be covered benefits only if the services are deemed medically necessary.

(20) **Clinical trials and studies.** (a) All individual and group health benefit plans shall provide coverage for routine patient care costs that a policy or certificate holder, or his or her dependent, receives during a clinical trial if:

(I) The covered person's treating physician, who is providing covered health care services to the person under the health benefit plan contract, recommends participation in the clinical trial after determining that participation in the clinical trial has the potential to provide a therapeutic health benefit to the covered person;

(II) The clinical trial or study is approved under the September 19, 2000, medicare national coverage decision regarding clinical trials, as amended;

(III) The patient care is provided by a certified, registered, or licensed health care provider practicing within the scope of his or her practice and the facility and personnel providing the treatment have the experience and training to provide the treatment in a competent manner;

(IV) Prior to participation in a clinical trial or study, the covered person has signed a statement of consent indicating that the covered person has been informed of the procedure to be undertaken, alternative methods of treatment, the general nature and extent of the risks associated with participation in the clinical trial or study, the coverage provided by an individual or group health benefit plan will be consistent with the coverage provided in the covered person's health benefit plan, and all out-of-network rates will apply; and

(V) The covered person suffers from a condition that is disabling, progressive, or life-threatening.

(b) The coverage required pursuant to paragraph (a) of this subsection (20) does not include:

(I) Any portion of the clinical trial or study that is paid for by a government or a biotechnical, pharmaceutical, or medical industry;

(II) Coverage for any drug or device that is paid for by the manufacturer, distributor, or provider of the drug or device;

(III) Extraneous expenses related to participation in the clinical trial or study including, but not limited to, travel, housing, and other expenses that a participant or person accompanying a participant may incur;

(IV) An item or service that is provided solely to satisfy a need for data collection or analysis that is not directly related to the clinical management of the participant;

(V) Costs for the management of research relating to the clinical trial or study; or

(VI) Health care services that, except for the fact that they are being provided in a clinical trial, are otherwise specifically excluded from coverage under the covered person's health plan.

(c) Nothing in this subsection (20) shall:

(I) Preclude a carrier from asserting the right to seek reimbursement from the entity conducting the clinical trial or study for expenses arising from complications caused by a drug or device used in the clinical trial or study;

(II) Be interpreted to provide a private cause of action against a carrier for damages arising as a result of compliance with this section.

(d) For the purposes of this section:

(I) "Clinical trial" means an experiment in which a drug or device is administered to, dispensed to, or used by one or more human subjects. An experiment may include the use of a combination of drugs as well as the use of a drug in combination with an alternative therapy or dietary supplement.

(II) "Routine patient care cost" means all items and services that are a benefit under a health coverage plan that would be covered if the covered person were not involved in either the experimental or the control arms of a clinical trial; except the investigational item

or service, itself; items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; items and services customarily provided by the research sponsors free of charge for any enrollee in the trial; routine costs in clinical trials that include items or services that are typically provided absent a clinical trial; items or services required solely for the provision of the investigational items or services, the clinically appropriate monitoring of the effects of the item of service, or the prevention of complications; and items or services needed for reasonable and necessary care arising from the provision of an investigational item or service, including the diagnosis or treatment of complications.

(21) **Oral anticancer medication.** (a) Any health benefit plan that provides coverage for cancer chemotherapy treatment shall provide coverage for prescribed, orally administered anticancer medication that has been approved by the federal food and drug administration and is used to kill or slow the growth of cancerous cells. The orally administered medication shall be provided at a cost to the covered person not to exceed the coinsurance percentage or the copayment amount as is applied to an intravenously administered or an injected cancer medication prescribed for the same purpose. A medication provided pursuant to this subsection (21) shall be prescribed only upon a finding that it is medically necessary by the treating physician for the purpose of killing or slowing the growth of cancerous cells in a manner that is in accordance with nationally accepted standards of medical practice, clinically appropriate in terms of type, frequency, extent site, and duration, and not primarily for the convenience of the patient, physician, or other health care provider. This subsection (21) does not require the use of orally administered medications as a replacement for other cancer medications. Nothing in this subsection (21) prohibits coverage for oral generic medications in a health benefit plan. Nothing in this subsection (21) prohibits a carrier from applying an appropriate formulary or other clinical management to any medication described in this subsection (21). For the purposes of this subsection (21), the treating physician for a patient covered under a health maintenance organization's health benefit plan shall be a physician who is designated by and affiliated with the health maintenance organization.

(b) A carrier shall not achieve compliance with this subsection (21) by imposing an increase in patient out-of-pocket costs with respect to anticancer medications used to kill or slow the growth of cancerous cells covered under a policy beyond the modifications permitted pursuant to section 10-16-201.5 (8).

**Editor's note:** (1) The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

(2) The provisions of the "Workers' Compensation Act of Colorado" are contained in articles 40 to 47 of title 8.

(3) Amendments to (4)(a) by Senate Bill 92-12 were harmonized with amendments to (4) by Senate Bill 92-179.

(4) Amendments to (6) by Senate Bill 94-164 were harmonized with amendments by House Bill 94-1029.

(5) If the commission on mandated health insurance benefits twice fails to reach a quorum to consider the mandated health insurance coverage established by subsection (18) or concludes that the benefits of such mandated health insurance coverage outweigh its harms, amendments to subsections (15) and (18) shall take effect. (See L. 2008, p. 2077.) On January 16, 2009, the revisor of statutes received notice from the division of insurance that the commission was unable to reach a quorum.

(6) Subsection (1.5) was amended in Senate Bill 09-292. Those amendments were superseded by the amendment to subsection (1.5) in House Bill 09-1204, effective January 1, 2010.

**10-16-104.3. Dependent health coverage for persons under twenty-five years of age - coverage for students who take medical leave of absence.** (1) All individual and group sickness and accident insurance policies providing coverage within the state by an entity subject to the provisions of part 2 of this article and all group health service contracts issued by an entity subject to the provisions of part 3 or 4 of this article that offer dependent coverage shall offer to the parent, for an additional premium if applicable, by rider or supplemental policy provision, the same dependent coverage for an unmarried child who is under twenty-five years of age, and is not a dependent as defined by section 10-16-102 if such child:

- (a) Has the same legal residence as the parent; or
  - (b) Is financially dependent upon the parent.
- (2) The additional premium, if applicable, for a rider or supplemental policy provision offered pursuant to subsection (1) of this section, shall be paid by the parent or the policyholder, at the discretion of the policyholder.

(3) (a) All individual and group sickness and accident insurance policies providing coverage within the state by an entity subject to the provisions of part 2 of this article and all group health service contracts issued by an entity subject to the provisions of part 3 or 4 of this article that provide dependent coverage to a child who is enrolled in a postsecondary educational institution shall not terminate coverage due to a medically necessary leave of absence before the date that is the earlier of:

- (I) One year after the first day of the medically necessary leave of absence; or
- (II) The date the coverage would otherwise terminate under the terms of the plan or health insurance coverage.

(b) For purposes of this subsection (3), “medically necessary leave of absence” means a leave of absence from a postsecondary educational institution or a change in enrollment of the dependent at the institution that:

- (I) Begins while the dependent is suffering from a serious illness;
- (II) Is medically necessary; and
- (III) Causes the dependent to lose student status for the purpose of dependent coverage.

**10-16-104.4. Child-only plans - legislative declaration - open enrollment - reporting requirements - repeal.** (1) As a condition of issuing coverage in the individual market, a carrier shall issue at least one child-only plan. The carrier shall issue every child-only plan pursuant to this section. A carrier shall accept an application for child-only plan coverage only during the enrollment periods outlined in this section unless the application is received within thirty days after a qualifying event.

(2) (a) Except as specified in paragraph (b) of subsection (3) of this section, there shall be two open enrollment periods each year during which carriers shall accept applications for child-only plan coverage. The first open enrollment period shall begin on the first of the month closest to ninety days after April 29, 2011. In each year thereafter, the open enrollment periods shall be in January and July. Each period must last one month and must be followed by a thirty-day waiting period for the child-only plans to take effect.

(b) During any period of open enrollment, carriers shall offer child-only plan coverage to all applicants under nineteen years of age on a guaranteed-issue basis.

(c) Each carrier shall continuously and prominently display, on its web site, notice of each open enrollment period and instructions on how to enroll a child in a child-only plan, including information regarding the ability to enroll due to a qualifying event. Each carrier shall also provide a link to the public programs administered by the department of health care policy and financing so that individuals considering enrolling in child-only plans have access to eligibility information for the public programs.

(3) (a) A carrier may cancel coverage for a dependent in the individual market if the parent subscriber cancels his or her individual coverage. The carrier shall allow the dependent to apply for child-only plan coverage during the next open enrollment period with no surcharge.

(b) A carrier may deny coverage to an applicant for enrollment in a child-only plan if other creditable coverage is available. For purposes of this paragraph (b), “creditable coverage” does not include eligibility for a high-risk pool insurance plan, but includes current enrollment in a high-risk pool insurance plan.

(c) A carrier may impose a surcharge for up to twelve months on an individual who enrolls in a child-only plan if the individual was previously enrolled in a child-only plan, subsequently dropped the coverage, and the lapse in coverage is greater than sixty-three days. The surcharge may be up to an additional fifty percent of the amount that would be charged for the same child demonstrating continuous coverage.

(4) Each carrier that participates in the individual market in Colorado shall submit to the commissioner the following information at the time the carrier submits the information required in section 10-16-111 (4) (a):

- (a) The number of applicants for a child-only plan;
  - (b) The number of individuals enrolled in a child-only plan; and
  - (c) The number of applicants denied enrollment in a child-only plan and the reasons for the denials.
- (5) Federal grant moneys shall be used to implement this section.
- (6) This section is repealed, effective January 1, 2014.

**10-16-104.5. Autism - treatment - not mental illness.** (1) Any sickness and accident insurance policy providing indemnity for disability due to sickness issued by an entity subject to the provisions of part 2 of this article and any individual policies issued by an entity subject to the provisions of part 3 or 4 of this article which provide coverage for autism shall provide such coverage in the same manner as for any other accident or sickness, other than mental illness, otherwise covered under such policy.

(2) Nothing in this section shall mandate or be construed or interpreted to mandate that any individual policy must provide coverage for autism.

(3) Nothing in this section shall prohibit or prevent a person with an autism spectrum disorder from receiving mental health benefits in his or her health benefit plan.

**10-16-104.6. Off-label use of cancer drugs.** (1) A health benefit plan that provides coverage for prescription drugs shall not limit or exclude coverage for any drug approved by the United States food and drug administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States food and drug administration for the treatment of the specific type of cancer for which the drug is prescribed if:

- (a) The drug is recognized for treatment of that cancer in the authoritative reference compendia as identified by the secretary of the United States department of health and human services; and
- (b) The treatment is for a covered condition.

**10-16-104.7. Substance abuse - court-ordered treatment coverage.** (1) Any individual or group health benefit plan delivered or issued for delivery within this state by an entity subject to the provisions of part 2, 3, or 4 of this article that provides coverage for substance abuse treatment shall provide coverage for substance abuse treatment regardless of whether the treatment is voluntary or court-ordered as a result of contact with the criminal justice or legal system. The health benefit plan shall only be required to provide coverage for benefits that are medically necessary and otherwise covered under the plan. Such coverage shall be subject to copayment, deductible, and policy maximums and limitations. Health benefit plans issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this section shall be covered benefits only if the services are deemed medically necessary and are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(2) Nothing in this section shall mandate or be construed to mandate that any health benefit plan must provide coverage for substance abuse treatment.

**Source: L. 2002:** Entire section added, p. 750, § 1, effective January 1, 2003.

**10-16-104.8. Mental health services coverage - court-ordered.** (1) An individual or group health benefit plan delivered or issued for delivery within this state by an entity subject to the provisions of part 2, 3, or 4 of this article that provides coverage for mental health services shall provide coverage for mental health services regardless of whether the services are voluntary or court-ordered as a result of contact with the criminal justice or juvenile justice system. The health benefit plan shall be required to provide coverage only for benefits that are medically necessary and otherwise covered under the plan. Such coverage shall be subject to applicable in- or out-of-network copayment, deductible, and policy maximums and limitations. The court order for mental health services shall not mandate the type of mental health services or the length and frequency of treatment that is to be covered by the health benefit plan. The health benefit plan shall only be responsible for those benefits that are covered by the health benefit plan and not those that are court-ordered that exceed the scope of benefits as provided by the health plan. Determination of medically necessary mental health services shall be made by the health benefit plan based on the submitted clinical treatment plan from a provider who is designated by and affiliated with the health benefit plan. Health benefit plans issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this section shall be covered benefits only if the services are deemed medically necessary and are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(2) Nothing in this section shall mandate or be construed to mandate that a health benefit plan provide coverage for mental health services.

(3) For purposes of this section, "mental health services" includes treatment for mental illness as described in section 10-16-104 (5) and treatment for biologically based mental illness as described in section 10-16-104 (5.5).

(4) For purposes of this section, "mental health services" does not include services that are outside the scope of the contract. Such mental health services that are outside the scope of the contract may include: Services that are custodial or residential in nature, probation assessments, testing for ability, aptitude, or intelligence, or performing evaluations, such as placement evaluations, custody evaluations, reunification assessments, or community risk assessments for any purpose other than mental health treatment.

**10-16-104.9. Geographic areas for small employers.** (1) The commissioner shall promulgate a rule concerning geographic case characteristics, which may include metropolitan statistical areas for small employers. In promulgating such rule, the commissioner shall take testimony from all interested parties, including, but not limited to, consumer

advocates and consumers, insurers, health care providers, the state demographer, and producers. The rule shall include, without limitation, the following features:

(a) If the rule establishes separate geographic areas, in rate filings to the commissioner, a carrier shall be required to show that rates reflect a relativity to rates for other areas in the state and that rates and relativities are not excessive, inadequate, or unfairly discriminatory in such geographic areas;

(b) The rule shall contain a determination of the appropriate population base for statistical reliability in determining geographic areas or metropolitan statistical areas;

(c) (I) The rule shall provide justifications of why any separate geographic areas, which may include metropolitan statistical areas, serve the public interest in regard to ensuring that premium rates for different geographic areas of the state are not excessive, inadequate, or unfairly discriminatory;

(II) If the commissioner determines that metropolitan statistical areas are no longer the best method for addressing geographic case characteristics, the commissioner shall provide detailed justifications concerning the separate geographic areas, in connection with which the commissioner shall make public the impact the geographic case characteristics may have on insurance premiums for the separate geographic areas; and

(d) In adopting such rule, the commissioner may consider the cost of health care in a geographic area, experience of health care of any separate geographic area, and information including actuarial opinions or certifications and set loss ratios for loss ratio guarantees submitted by small employer carriers pursuant to section 10-16-107 (1). The cost of health care and experience and the population that may be served may be a consideration when determining whether separate geographic case characteristics are necessary, but shall not be the sole factors of separate geographic case characteristics, nor shall it compromise the public interest of insureds and potential insureds of this state.

**10-16-105. Small group sickness and accident insurance - guaranteed issue - mandated provisions for basic health benefit plans - rules.** (1) Notwithstanding any other provision of this article, the mandatory coverage provision for mental health coverage as specified in section 10-16-104 (5) shall not apply to any small employer who has not provided group sickness and accident insurance to employees after July 1, 1989, or to any small employer who has provided group sickness and accident insurance from a person or entity licensed pursuant to section 10-3-903.5 that did not include mental health coverage after July 1, 1989; except that any small employer who is not required to provide the mental health coverage specified in section 10-16-104 (5) shall be offered the opportunity to purchase such coverage.

(2) (a) Where a small group sickness and accident insurer subject to the provisions of part 2 of this article or an entity subject to the provisions of part 3 or 4 of this article elects not to provide mandatory coverage provisions pursuant to subsection (1) of this section such insurer or entity shall disclose to an insured, in a form and manner prescribed by the commissioner, the services and benefits not covered as a result of this election and the estimated amount of premium reduced by eliminating such coverage.

(b) Such disclosure notice shall be given in writing to all interested policyholders and certificate holders as part of the sales and marketing materials before the insurer or entity approves an application for insurance from an insured and shall contain the following statement: "Interested policyholders, certificate holders, and enrollees are hereby given notice that this small group policy does not cover all the health services and benefits which the Colorado Revised Statutes usually require group plans to cover."

(c) Such disclosure notice shall reproduce the exact language of the Colorado Revised Statutes with which the policy does not comply and specify what the small group policy does cover, if anything, in lieu of the mandatory coverage provisions.

(3) A small group sickness and accident insurance plan, small group plan, or small group policy shall be renewable to all eligible employees and dependents at the option of the small employer, except as allowed pursuant to section 10-16-201.5.

(4) (Deleted by amendment, L. 97, p. 633, § 4, effective May 1, 1997.)

(5) Each small group sickness and accident insurer or other entity shall make reasonable disclosure in solicitation and sales materials provided to small employers the following information in a form and manner prescribed by the commissioner and upon request of any such small employer shall provide such information in detail:

(a) How premium rates for a specific employer are established or adjusted;

(b) The provisions concerning the insurer's or other entity's right to, and the frequency with which the insurer or other entity may, change premium rates and the factors, including case characteristics, which affect changes in premium rates;

(c) (Deleted by amendment, L. 2004, p. 981, § 5, effective August 4, 2004.)

(d) The provisions relating to renewability of coverage;

(e) The provisions of such coverage relating to any preexisting condition exclusion;

(f) How to access the benefits and premiums available under all health benefit plans for which the employer is qualified; and

(g) (I) That the small employer purchasing any health benefit plan other than a basic plan pursuant to subparagraph (I), (III), or (IV) of paragraph (b) of subsection (7.2) of this section must pay for all of the mandated benefits pursuant to section 10-16-104 and that these mandates include mandatory, nonwaivable coverages for newborn, maternity, pregnancy, childbirth, complications from pregnancy and childbirth, early intervention services, therapies for congenital defects and birth abnormalities, low-dose mammography, mental illness, biologically-based mental illness, the availability of alcoholism treatment, the availability of hospice care, prostate cancer screening, child health supervision, hospitalization and general anesthesia for dental procedures for dependent children, diabetes, and prosthetic devices.

(II) That a small employer purchasing a basic health benefit plan described in subparagraph (I), (III), or (IV) of paragraph (b) of subsection (7.2) of this section is waiving coverage for low-dose mammography screening, mental illness, prostate screening, hospitalization and general anesthesia for dental procedures for children, and the availability of treatment for alcoholism.

(6) Each small group sickness and accident insurer or other entity shall file with the commissioner a complete and detailed description of its rating practices and renewal underwriting practices in a form and manner prescribed by the commissioner, and each such insurer shall maintain information and documentation that demonstrates that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles. This subsection (6) shall not apply to nondeveloped rates, including, but not limited to, rates for medicaid, medicare, and the children's basic health plan, as defined by the commissioner.

(6.5) Each small employer carrier shall file with the commissioner annually, on or before March 1, an actuarial certification certifying that the small employer carrier is in compliance with the provisions of subsections (8), (8.5), and (13) to (15) of this section and that the rating methods of the small employer carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the commissioner. A copy of the certification shall be retained by the small employer carrier at its principal place of business.

(6.6) The information and documentation described in subsection (6) of this section shall be confidential as determined by the commissioner. Any information not determined confidential shall be public when filed.

(7) An individual, corporation, association, partnership, or any other entity engaged in the health insurance business subject to this section shall not request or require from a small group applying for coverage, or from an individual in a small group applying for coverage, medical information going back more than five years before the date of application. Medical information that is more than five years old on any of the enrollee members of a small group shall not be used by the insurer in underwriting or setting premiums for the group. Nothing in this subsection (7) shall preclude a small group health insurer subject to the provisions

of part 2 of this article from asking about the current health status of any of the individuals in a group applying for coverage or from using such information on current health status to underwrite or set premiums for the group as provided by law.

(7.2) The commissioner shall promulgate rules to implement a basic health benefit plan and a standard health benefit plan to be offered by each small employer carrier as a condition of transacting business in this state. The commissioner shall survey small group carriers annually to determine the range of health benefit plans available. The commissioner shall implement a basic plan that approximates the lowest level of coverage offered in small group health benefit plans. A basic health benefit plan may be based on the latest medical evidence. The commissioner shall implement a standard plan that approximates the average level of coverage offered in small group health benefit plans. In determining levels of coverage, the commissioner shall consider factors such as coinsurance, copayments, deductibles, out-of-pocket maximums, and covered benefits. The commissioner shall amend the rules as necessary to implement the basic and standard health benefit plans. The rules shall be in conformity with article 4 of title 24, C.R.S., and shall incorporate the following standard health benefit plan design described in paragraph (a) of this subsection (7.2) and the various options for the basic health benefit plan design described in paragraph (b) of this subsection (7.2):

(a) The standard health benefit plan shall reflect the benefit design of common plan offerings in the small group market and may reflect a plan design that has a deductible amount of two thousand five hundred dollars for which the covered person is responsible after the first one thousand dollars of coverage has been provided by an employer in a manner similar to a personal care account.

(b) (I) A basic health benefit plan may reflect a basic health benefit plan that does not include coverage pursuant to the mandatory coverage provisions of section 10-16-104 (5), (9), (10), (12), and (18).

(II) A basic health benefit plan may reflect a health benefit plan that is a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223. A carrier may apply deductible amounts for mandatory health benefits for mammography, prostate screening, child supervision services, or prosthetic devices pursuant to section 10-16-104 (10), (11), (14), and (18) (b) (III) if such mandatory benefits are not considered by the federal department of treasury to be preventive or to have an acceptable deductible amount.

(III) A basic health benefit plan may reflect a basic health benefit plan that does not include coverage pursuant to the mandatory coverage provisions of section 10-16-104 (5), (9), (10), (12), and (18) and is a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223. A carrier may apply deductible amounts for mandatory health benefits for child supervision services or prosthetic devices pursuant to section 10-16-104 (11) and (14) if such mandatory benefits are not considered by the federal department of treasury to be preventive or to have an acceptable deductible amount.

(IV) On and after January 1, 2009, a basic health benefit plan may reflect a medical evidence-based health benefit plan that:

(A) Does not include coverage pursuant to the mandatory coverage provisions of section 10-16-104 (5), (9), (10), (12), and (18); except that a basic health benefit plan issued pursuant to this subparagraph (IV) shall include coverage for mammography as specified in section 10-16-104 (18) (b) (III);

(B) Is a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223;

(C) Covers limited prevention and screening based on the latest medical evidence embodied in recommendations of an independent panel of experts in primary care and prevention that systematically reviews the evidence of effectiveness and develops recommendations for clinical preventive services; except that a carrier may apply deductible amounts for mandatory health benefits for mammography, child supervision services, or prosthetic devices pursuant to section 10-16-104 (11), (14), and (18) (b) (III) if such mandatory benefits are not considered by the federal department of treasury to be preventive or to have an acceptable deductible amount;

(D) Covers limited elective inpatient and surgical care;

(E) Covers limited medications used primarily for cost-effective chronic disease management;

(F) Covers maternity care.

(c) Notwithstanding any provision of law to the contrary, a small employer carrier may offer and a small employer may accept or reject coverage for employees' domestic partners and their dependents or for employees' designated beneficiaries and their dependents under a standard or basic health benefit plan.

(7.3) (a) Except as otherwise provided in this subsection (7.3), effective January 1, 1995, every small employer carrier shall, as a condition of transacting business in this state with small employers, actively offer to such small employers the choice of a basic health benefit plan or a standard health benefit plan. Effective July 1, 1997, every small employer carrier shall also offer to small employers a choice of all the other small group plans the carrier markets in Colorado; except that this requirement shall not apply to a health benefit plan offered by a carrier if such plan is made available in the small group market only through one or more bona fide association plans and except as provided in paragraph (i) of this subsection (7.3).

(b) (I) to (III) (Deleted by amendment, L. 2004, p. 981, § 5, effective August 4, 2004.)

(IV) (Deleted by amendment, L. 2001, p. 1167, § 1, effective July 1, 2001.)

(V) Notwithstanding the provisions of paragraph (a) of this subsection (7.3), no small employer carrier is required to offer coverage or accept applications pursuant to this section from business groups of one if the commissioner finds that acceptance of an application would place the small employer carrier in a financially impaired condition. In addition, a small employer carrier that has not offered coverage or accepted applications pursuant to this subparagraph (V) shall not offer coverage or accept applications until a determination by the commissioner that the small employer carrier is no longer financially impaired.

(c) (I) A small employer carrier shall issue a basic health benefit plan or a standard health benefit plan, except as provided in paragraph (i) of this subsection (7.3), to any eligible small employer that applies for such health benefit plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan that are consistent with this article. A small employer carrier shall also issue any of its other small employer plans to any small employer that applies for such a plan; except that this requirement shall not apply to a business group of one where the business group of one does not meet the carrier's normal and actuarially-based underwriting criteria. The requirements of this paragraph (c) shall not apply to a health benefit plan offered by a carrier if such plan is made available in the small group market only through one or more bona fide association plans.

(II) and (III) (Deleted by amendment, L. 2004, pp. 762, 981, §§ 1, 5, effective July 1, 2004, and August 4, 2004.)

(IV) If a small employer carrier offers a health benefit plan with a deductible of at least one thousand five hundred dollars, the small employer carrier shall provide to each covered person a clear and understandable disclosure in the health benefit plan contract or materials indicating:

(A) The amount of the deductible;

(B) The policies related to copayments, deductibles, and cost-sharing arrangements.

(d) Notwithstanding the requirements of paragraph (c) of this subsection (7.3), no small employer carrier is required to offer coverage or accept applications pursuant to this section if the commissioner finds that acceptance of an application would place the small employer carrier in a financially impaired condition. In addition, a small employer carrier that has not offered coverage or accepted applications pursuant to this paragraph (d) shall not offer coverage or accept applications until a determination by the commissioner that the small employer carrier is no longer financially impaired.

(d.5) and (e) (Deleted by amendment, L. 97, p. 633, § 4, effective May 1, 1997.)

(f) Basic and standard health benefit plans offered by a small employer carrier shall be subject to the certification requirements of section 10-16-107.2.

(g) The commissioner may, at any time after providing notice and an opportunity for a hearing to a small employer carrier, disapprove the continued use by the small employer

carrier of the basic health benefit plan and the standard health benefit plan on the grounds that such plans do not meet the requirements of this article.

(h) (Deleted by amendment, L. 97, p. 633, § 4, effective May 1, 1997.)

(i) In lieu of accepting applications from and guarantee issuing the basic and standard plans to business groups of one year round, small employer carriers may limit their issuance of coverage as provided in this paragraph (i). A small employer carrier may establish open enrollment periods for guarantee issued basic or standard plan applications from business groups of one for a period of thirty-one days following the birth date of the person qualifying as a business group of one. A small employer carrier may establish annual open enrollment periods for business groups of one for thirty-one days following the birth date of the applicant and may limit issuance of a basic health benefit plan and a standard health benefit plan to such thirty-one-day period. Carrier marketing and sales materials for business groups of one shall clearly disclose the open enrollment period. If a person qualifying as a business group of one applies for coverage under a plan other than the basic or standard plan, and if the business group of one is denied coverage as provided by law, then the small employer carrier shall offer the business group of one a choice of coverage under the basic or standard plan during the applicant's appropriate open enrollment period. A small employer carrier shall accept applications from business groups of one for a basic or standard plan through the thirty-first day after the birth date of the person qualifying as a business group of one. The date upon receipt of the signed application and the applicant's birth date shall be used in determining whether the thirty-one day open enrollment applies to a particular person qualifying as a business group of one. Eligible dependents of such person may also be covered at the same time as the applicant. Small employer carriers that use open enrollment periods shall also accept applications from business groups of one and issue a basic or standard plan as provided by law if such applications are submitted within thirty-one days of any one of the following events:

(I) A person qualifying as a business group of one exhausts state or federal continuation coverage;

(II) The date a person initially meets the requirements of section 10-16-102 (6) and whose birth date is more than thirty-one days after so doing; or

(III) A person qualifying as a business group of one involuntarily loses other creditable coverage. This subparagraph (III) shall not apply in cases of failure to pay premium, fraud, or a voluntary decision on the part of such person to terminate other creditable coverage.

(7.4) (a) Except as provided in paragraph (d) of this subsection (7.4), the requirements used by a small employer carrier to determine whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, shall be applied uniformly among all small employers with the same number of eligible employees applying for coverage or receiving coverage from the small employer carrier.

(b) A small employer carrier may vary the application of minimum participation requirements and minimum employer contribution requirements by the size of the small employer group and by product.

(c) In applying minimum participation requirements with respect to an employer, a small employer carrier shall not consider employees or dependents who have creditable group coverage or individual coverage that has been consistently maintained and that was in force prior to the individual's eligibility for group coverage under an existing group plan when determining whether the applicable percentage of participation is met. However, a small employer carrier may consider employees or dependents of such employer who have coverage under another health benefit plan that is sponsored by such small employer.

(d) A small employer carrier shall not increase any requirement for minimum employee participation or for minimum employer contribution with respect to a small employer at any time after such employer has been accepted for coverage.

(7.5) (a) Effective January 1, 2004, if a small employer carrier offers coverage to a small employer, such small employer carrier shall offer the group coverage to all of the eligible employees of the small employer and their dependents. A small employer carrier shall not offer coverage to only certain eligible individuals in a small employer group or to

only part of the group, except in the case of late enrollees as provided in section 10-16-118 (1) (c).

(b) A small employer carrier shall not modify a basic health benefit plan or a standard health benefit plan with respect to a small employer or any eligible employee or dependent through a rider, endorsement, or otherwise, if the effect of such modification is to restrict or exclude coverage for certain diseases or medical conditions that are otherwise covered by such plan.

(7.6) (a) No small employer carrier is required to accept applications from or offer coverage pursuant to paragraph (a) of subsection (7.3) of this section:

(I) To a small employer, where the employer is not physically located in the small employer carrier's established geographic service area, except as provided in section 10-16-704 (2);

(II) To an employee, when the employee does not work or reside within the small employer carrier's established geographic area; or

(III) Within an area where the small employer carrier reasonably anticipates and demonstrates to the satisfaction of the commissioner that it does not have the capacity within its established geographic service area to deliver service adequately to the members of such groups because of its obligations to existing group policyholders and enrollees.

(b) A small employer carrier that cannot offer coverage pursuant to subparagraph (III) of paragraph (a) of this subsection (7.6) may not offer coverage in the applicable area to any new employer group with more than fifty employees or to any small employer group until the later of one hundred eighty days after each such refusal or the date on which the small employer carrier notifies the commissioner that it has regained capacity to offer health benefit plans to small employer groups.

(8) (a) The premium rate charged during a rating period to small employers shall be based on a single, same index rate, applicable to all small employers, adjusted for case characteristics and coverage.

(b) (Deleted by amendment, L. 2004, p. 981, § 5, effective August 4, 2004.)

(c) (I) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers.

(II) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(d) For the purposes of this subsection (8), a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision if the restriction of benefits to network providers results in substantial differences in claim costs.

(e) The small employer carrier shall not use case characteristics other than age, geographic area, and family size, nor shall it use any other rating factors except as provided in this subsection (8) and subsections (13) to (15) of this section.

(f) The commissioner may establish rules to implement the provisions of this subsection (8) and to assure that rating practices used by small employer carriers are consistent with the purposes of this subsection (8) and subsections (13) to (15) of this section, including rules that:

(I) Assure that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans; and

(II) Prescribe the manner in which case characteristics that are consistent with section 10-16-104.9 may be used by small employer carriers.

(8.1) and (8.2) (Deleted by amendment, L. 2004, p. 981, § 5, effective August 4, 2004.)

(8.5) (a) For small group health benefit plans issued to or renewed for a small employer on or after January 1, 2009:

(I) (A) An adjustment in rates for standard industrial classification may be made but shall not be charged to the individuals under the plan;

(B) A carrier may adjust rates uniformly for all individuals under a small employer policy based on tobacco use. A small employer carrier may apply an increase or decrease of up to fifteen percent rating adjustment to particular individuals related to tobacco use.

Any individual who does not qualify for a lower rate may be offered the option of participating in a bona fide wellness program as defined under the federal "Health Insurance Portability and Accountability Act of 1996", as amended. Any individual who participates in a bona fide wellness program may be allowed the lower rate. The availability of a tobacco rating adjustment and any bona fide wellness program shall be disclosed to each potential insured. The provisions of this sub-subparagraph (B) shall only be applicable if allowed under federal law.

(II) For a small employer's policy, adjustments made pursuant to sub-subparagraph (A) of subparagraph (I) of this paragraph (a) may be made but shall not result in a rate for the small employer that deviates from the carrier's filed rate by more than the amounts set forth in the following schedule:

(A) On and after September 1, 2003, until September 29, 2004, decreases more than fifteen percent from the carrier's filed rate;

(B) On and after September 30, 2004, increases more than ten percent from or decreases more than twenty-five percent from the carrier's filed rate;

(C) Repealed.

(III) Any adjustments pursuant to sub-subparagraph (A) of subparagraph (I) of this paragraph (a) shall be applied uniformly to the rates charged for all individuals under the small employer policy, and any adjustments pursuant to sub-subparagraph (B) of subparagraph (I) of this paragraph (a) may be applied to individuals within the small group;

(IV) A small employer carrier shall not increase or decrease rates based on the size of a small employer group; and

(V) A small employer carrier may make an upward adjustment to a small business group's renewal premium, not to exceed fifteen percent annually, due to standard industrial classification or tobacco use for all individuals under the small employer policy pursuant to subparagraph (I) of this paragraph (a).

(b) A small employer carrier offering a health benefit plan to a small employer pursuant to paragraph (a) of this subsection (8.5) shall be required to demonstrate to the commissioner in rate filings that premium rates are not excessive, inadequate, or unfairly discriminatory.

(c) The small employer carrier shall not use case characteristics other than age, geographic area, family size, smoking status, and standard industrial classification on that small employer carrier's health benefit plan, industry, and plan design.

(8.7) (a) The commissioner shall evaluate how subsection (8.5) of this section affects the small group market. Specifically, the commissioner shall evaluate the impact of the following:

(I) Rating flexibility based on application of rating flexibility on small business groups of one to small employers with no more than fifteen employees, as compared to the impact on small employers with sixteen or more employees;

(II) Rating flexibility on the size and stability of the small group market; and

(III) (Deleted by amendment, L. 2007, p. 1752, § 2, effective January 1, 2009.)

(IV) The number of small employer groups whose premiums are at or below the index rate and the number of small employer groups whose premiums are above the index rate.

(b) The commissioner shall submit a report of the evaluation pursuant to this subsection (8.7) to the business affairs and labor committee of the house of representatives and the business, labor, and technology committee of the senate, or their successor committees, no later than March 15, 2011. The commissioner shall consult with interested parties, including but not limited to employers and employees in the small group market, and survey the small employer carriers authorized to conduct business in Colorado. The report, to the greatest extent practicable, shall include an analysis of:

(I) The small group insurance market with trend information, availability of coverage, average cost of coverage, and number of lives covered in the small group market;

(II) Any cost-shifting that may occur because of reimbursement rates from publicly funded health coverage plans; and

(III) Any other factor affecting the growth or decline of the small group market.

(9) and (10) Repealed.

(11) (Deleted by amendment, L. 2006, p. 1075, § 2, effective July 1, 2006.)

(12) In the case of an employer that was not in existence throughout the preceding calendar quarter, the determination of whether such employer is a small or large employer shall be based on the average number of employees that is reasonably expected such employer will employ on business days in the current calendar year.

(13) (a) (I) On and after January 1, 2004, a small employer may be subject to premium adjustments for health status up to thirty-five percent above the modified community rate for a period no greater than twelve months if the small employer has, at any time during the past twelve months, purchased health benefit coverage as a small employer that is either self-funded or insured through a health benefit plan that is not a small group plan, except for health benefit plans sponsored by an employee leasing company, as defined in section 8-70-114 (2) (a) (V), C.R.S., pursuant to sub-subparagraphs (D) to (F) of this subparagraph (I). The provisions of this subparagraph (I) shall not apply to:

(A) A small employer that has not previously sponsored a health benefit plan for its employees;

(B) A self-employed person who has not previously qualified as a business group of one;

(C) A small employer that meets the criteria of paragraph (b) of this subsection (13);

(D) A small employer that had previously participated in a health benefit plan through an employee leasing company, as defined in section 8-70-114 (2) (a) (V), C.R.S., if the small employer's coverage through the employee leasing company was subject to the small group laws;

(E) A small employer that had previously participated in a health benefit plan sponsored by an employee leasing company, as defined in section 8-70-114 (2) (a) (V), C.R.S., and the small employer is no longer a party to an employee leasing company;

(F) A small employer that is currently using the services of an employee leasing company, as defined in section 8-70-114 (2) (a) (V), C.R.S., that does not offer a health benefit plan as part of its employee leasing services or, because of an action by an insurer, has ceased offering a health benefit plan to employees assigned to client locations pursuant to an employee leasing contract; or

(G) A small employer that, due to a change in employment status within the state or a change in corporate structure motivated by a change in business purpose that is unrelated to health care, is no longer eligible to participate in a multiple employer welfare arrangement, and that, currently or immediately prior to seeking coverage in the small group market, participates or participated in a multiple employer welfare arrangement pursuant to part 9 of this article and that is fully insured by a licensed insurer as defined by section 10-16-901 (2).

(II) For the purposes of determining whether the small employer is eligible for the premium adjustment, the carrier may require that the small employer submit either of the following:

(A) Evidence of the most recent health benefit coverage; or

(B) In the circumstances in which the small employer does not currently sponsor a small group plan, a signed affidavit confirming that the small employer has never sponsored a group policy at any time during the past twelve months prior to applying for small group coverage, and acknowledging that failure to report such previous group coverage may result in the application of a premium adjustment for health status of up to thirty-five percent above the modified community rate for a small employer carrier.

(b) A small employer who had purchased health benefit coverage from a small employer carrier and who discontinued health benefit coverage as a small employer prior to January 1, 2004, may obtain health benefit coverage from a small employer carrier without being subject to premium adjustments for health status prior to July 1, 2004.

(c) Small employer carriers may offer small group policies that include a premium discount not to exceed ten percent for those individuals that have refrained from smoking for more than twelve consecutive months prior to the effective date or renewal of the small group nonsmoker policy. Such nonsmoker discounts shall be for the subsequent policy year period. Proof of nonsmoking status may be requested by the carrier when the policy is issued or renewed.

(d) The premium adjustment for health status allowed pursuant to this subsection (13) shall only be used for the calculation of premium amounts and shall not be used by a small employer carrier as a basis of acceptance or rejection of health benefit coverage for a small employer. The premium adjustment for health status shall not apply to a group of more than fifty employees that subsequently becomes subject to small group coverage if such group has had no lapse of coverage greater than ninety days.

(14) (a) A small employer group whose small group insurance has been discontinued because of nonpayment of premiums or fraud may be subject to premium adjustments for health status of no more than thirty-five percent above the modified community rate for a small employer carrier when the small business group reapplies for coverage in the small group market. A small employer carrier may require the increased premium to apply to the small business group for a period no greater than twelve months.

(b) The premium adjustment for health status allowed pursuant to this subsection (14) shall only be used for the calculation of premium amounts and shall not be used by a small employer carrier as a basis of acceptance or rejection of health benefit coverage for a business group of one.

(15) On and after January 1, 2004, small employer groups who have not previously sponsored health benefit coverage shall not be subject to premium adjustments for health status pursuant to subsection (13) of this section.

(16) Repealed.

**10-16-105.2. Small employer health insurance availability program.** (1) (a) Except as provided in paragraphs (b), (c), and (d) of this subsection (1), this article shall apply to any health benefit plan that provides coverage to the employees of a small employer in this state if any of the following conditions are met:

(I) Any portion of the premium or benefit is paid by or on behalf of a small employer;

(II) An eligible employee or dependent is reimbursed, whether through wage adjustments or otherwise, by or on behalf of a small employer for any portion of the premium;

(III) The health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of section 106, 125, or 162 of the federal "Internal Revenue Code of 1986", as amended, except as provided in paragraph (d) of this subsection (1); or

(IV) The plan is marketed to individual employees through an employer or at a place of business, except as otherwise allowed by rule. The division of insurance shall promulgate a rule to allow, with the permission of or at the request of the employer:

(A) Agents to market health benefit plans through an employer or at an employer's place of business to such employer's ineligible employees;

(B) Small employer carriers to market individual health benefit plans through an employer or at an employer's place of business to such employer's ineligible employees and to dependents of eligible employees when the carrier has group coverage in place with the employer.

(b) The provisions of this article shall not apply to a multiple employer health trust, as set forth in section 10-3-903.5 (7) (b), or a multiple employer welfare arrangement, as set forth in section 10-3-903.5 (7) (c).

(c) (I) The provisions of this article concerning small employer carriers and small group plans shall not apply to an individual health benefit plan newly issued to a business group of one that includes only a self-employed person who has no employees, or a sole proprietor who is not offering or sponsoring health care coverage to his or her employees, together with the dependents of such a self-employed person or sole proprietor if, pursuant to rules adopted by the commissioner, all of the following conditions are met:

(A) As part of the application process, the carrier determines whether or not the applicant is a self-employed person who meets the definition of a business group of one pursuant to section 10-16-102 (6).

(B) If the applicant is a business group of one self-employed person, the carrier accepts or rejects such person and, if such person is applying for family coverage, accepts or rejects the entire family unless the applicant waives coverage for a family member who has other coverage in effect.

(C) If the carrier rejects an application for a business group of one self-employed person and the carrier does business in both the individual and small group markets, the carrier shall notify the applicant of the availability of coverage through the small group market and of the availability of small group coverage through the carrier.

(D) As part of its application form, an individual carrier requires a business group of one self-employed person purchasing an individual health benefit plan pursuant to this subparagraph (I) to read and sign a disclosure form stating that, by purchasing an individual policy instead of a small group policy, such person gives up what would otherwise be his or her right to purchase a business group of one standard, basic, or other health benefit plan from a small employer carrier for a period of three years after the date the individual health benefit plan is purchased, unless a small employer carrier voluntarily permits such person to purchase a business group of one policy within such three-year period. The disclosure form shall also briefly describe the factors used to set rates for the individual policy being purchased in comparison with the factors used to set rates for a business group of one small group policy. The individual carrier shall provide to the business group of one self-employed applicant a copy of the health benefit plan description form for the Colorado standard health benefit plan in addition to the description form for the individual plan being marketed. The disclosure form may be included within any other certification form that the carrier uses for the plan. The division of insurance shall make available a standard plan description form to individual carriers upon request.

(II) Nothing in this paragraph (c) shall preclude a business group of one from applying for small group coverage.

(III) For the purposes of this paragraph (c), an individual health benefit policy shall not include one or more short-term limited duration health insurance policies issued within six months before the date of application for group coverage.

(d) A plan shall not be subject to the small group provisions of this article if the premium for the plan is paid for through a section 125 plan or program of the federal "Internal Revenue Code of 1986", as amended, the employer makes no contribution to the section 125 plan or program, the employer does not have in place an employer-sponsored health benefit plan, and the employer does not pay for any portion of the premium or benefit paid.

(1.5) Notwithstanding any other provision of law, a small employer that does not have, and has not had in the previous twelve months, a small group health benefit plan providing coverage to its employees under this article may reimburse an employee, whether through wage adjustments or health reimbursement arrangements, for any portion of the premium for a health coverage plan.

(2) (a) Except as provided in paragraph (b) of this subsection (2), carriers that are affiliated companies or that are eligible to file a consolidated tax return shall be treated as one carrier and any restrictions or limitations imposed by this article shall apply as if all health benefit plans delivered or issued for delivery to small employers in this state by such affiliated carriers were issued by one carrier.

(b) An affiliated carrier that is a health maintenance organization having a certificate of authority under this article may be considered to be a separate carrier for purposes of this subsection (2).

(c) The provisions of section 10-3-118 and part 7 of article 3 of this title shall apply if a small employer carrier cedes or assumes all of the insurance obligation or risk with respect to one or more health benefit plans delivered or issued for delivery to small employers in this state.

(3) Pursuant to rules adopted by the commissioner, a small employer carrier may reject for coverage under a small group plan a business group of one self-employed person if, at the time of application for group coverage, the self-employed person has in place or, within the immediately preceding thirty days, has had in place an individual health benefit plan that meets the requirements of subparagraph (I) of paragraph (c) of subsection (1) of this section and has been in place for less than three years. An individual health benefit policy shall not include one or more short-term limited duration health insurance policies issued within six months before the date of application for group coverage.

(4) Notwithstanding any provision of law to the contrary, a carrier may decline to renew or reenroll a business group of one that has been terminated by the carrier for nonpayment of premiums. The time period during which the carrier may so decline shall extend for up to six months after the date of termination or until the next open enrollment period, whichever is greater.

**10-16-105.3. Health benefit plans - not prohibited.** (1) A carrier shall not be prohibited from offering to a small employer additional options of health benefit plans that:

(a) Provide for different benefits for insureds and dependents of such insureds covered by the same policy; and

(b) Encourage appropriate health care condition management based on clinical guidelines by providing case management benefits to covered persons.

**10-16-105.5. Individual health plans - federally eligible individual - limited guarantee issue.** (1) As used in this section, “federally eligible individual” means an individual:

(a) For whom, as of the date on which the individual seeks coverage, the aggregate of periods of creditable coverage is eighteen months or more and whose most recent prior creditable coverage was under a group health plan. As used in this section, “group health plan” means an employee welfare benefit plan as defined in 29 U.S.C. sec. 1002 (1) of the federal “Employee Retirement Income Security Act of 1974” to the extent that the plan provides health care services, including items and services paid for as health care services, to employees or their dependents directly or through insurance reimbursement or otherwise. A “group health plan” includes a government or church plan.

(b) Who is not eligible for coverage under a group health benefit plan, medicare, or medicaid and does not have other health benefit plan coverage;

(c) Whose most recent coverage was not terminated as a result of nonpayment of premiums or fraud; and

(d) Who did not turn down an offer of continuation coverage if it was offered and who subsequently exhausted such coverage.

(2) CoverColorado is hereby designated the state alternative mechanism for health care coverage of federally eligible individuals, in accordance with the federal “Health Insurance Portability and Accountability Act of 1996”. On and after July 1, 2001, every carrier offering individual health benefit plans in Colorado shall promptly provide written notice pursuant to section 10-8-521 to all federally eligible individuals who apply for individual health benefit plan coverage. CoverColorado shall accept for enrollment every federally eligible individual who applies for coverage within sixty-three days after termination of such individual’s prior coverage and shall not impose any preexisting condition exclusions

or limitations on the new coverage. The health care coverage offered by CoverColorado shall be comprehensive coverage, with benefits substantially the same as those otherwise offered to individuals eligible for CoverColorado. The premiums charged by CoverColorado shall be the same as the premiums otherwise charged to individuals eligible for CoverColorado and shall be subject to the limits set forth in section 10-8-512 (3).

(3) With respect to the provisions of subsection (2) of this section, a carrier that offers coverage in the individual market through a managed care plan may limit the individuals who may be enrolled to those that live, reside, or work within the service area of the plan. Such a carrier may deny coverage to eligible individuals if it demonstrates to the commissioner that it will not have the capacity to deliver services adequately to additional enrollees and it is applying this subsection (3) uniformly to individuals without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(4) A carrier may apply to the commissioner to suspend for a period of time its duty to issue coverage pursuant to subsection (2) of this section where continued compliance would adversely affect the financial condition of the company. Where such a suspension is granted, the carrier may not offer coverage in the individual market for a period of at least one hundred eighty days after the suspension is granted.

(5) For the purposes of this section, the term "health benefit plan", as defined in section 10-16-102 (21), does not include nonrenewable individual health benefit plans with a duration of six months or less.

**10-16-106. Group replacement - extension of benefits.** (1) This section shall indicate which carrier is liable where one carrier's group contract replaces a plan of similar benefits of another carrier within thirty-one days after the termination, cancellation, or expiration of the contract that is being replaced.

(2) The prior carrier remains liable only to the extent of its accrued liabilities, extensions of benefits as specified in the policy contract, and benefits for covered persons until release from an in-patient facility as required by section 10-16-705 (4). The position of the prior carrier shall be the same whether the group policyholder or other entity secures replacement coverage from a new carrier, self-insures, or foregoes coverage.

(3) Liability of a succeeding carrier is as follows:

(a) Each person who is eligible for coverage in accordance with the succeeding carrier's plan of benefits, with respect to classes eligible and actively at work and nonconfinement rules, if allowable, shall be covered by the succeeding carrier's plan of benefits except with respect to accrued liabilities and extensions of benefits provided for in subsection (2) of this section.

(b) Each person who is not eligible under the succeeding carrier's plan of benefits in accordance with paragraph (a) of this subsection (3) shall be covered by the succeeding carrier in accordance with the following guidelines if such individual was validly covered, including benefit extension, under the prior plan on the date of discontinuance. Such guidelines are as follows:

(I) The minimum level of benefits to be provided by the succeeding carrier shall be the applicable level of benefits of the prior carrier's plan reduced by any benefits payable by the prior plan.

(II) Coverage shall be provided by the succeeding carrier until at least the earliest of the following dates:

(A) The date the individual becomes eligible under the succeeding carrier's plan as described in paragraph (a) of this subsection (3);

(B) The date the individual's coverage would terminate in accordance with the succeeding carrier's plan provisions applicable to individual termination of coverage, where employment is terminated or where the individual ceases to be an eligible dependent.

(C) (Deleted by amendment, L. 99, p. 196, § 2, effective January 1, 2000.)

(III) Nothing in this paragraph (b) shall be construed to limit the duration of continuation coverage provided for in section 10-16-108.

(c) (Deleted by amendment, L. 99, p. 196, § 2, effective January 1, 2000.)

(d) Each person previously covered by a policy which included deductibles or waiting periods shall be given credit for the satisfaction or partial satisfaction of the same or similar provisions in the succeeding policy where it provides similar benefits. In the case of deductible provisions, the credit shall apply for the same or overlapping benefit periods and shall be given for expenses actually incurred and applied against the deductible provisions of the prior carrier's plan during the ninety days preceding the effective date of the succeeding carrier's plan but only to the extent these expenses are recognized under the terms of the succeeding carrier's plan and are subject to a similar deductible provision.

(e) Where a determination of the extent of the prior carrier's benefits is required, the prior carrier shall furnish a statement of such benefits or other pertinent information sufficient to permit verification of the benefit determination or sufficient to allow the succeeding carrier to make the determination. For the purposes of this paragraph (e), benefits of the prior plan will be determined in accordance with all of the definitions, conditions, and covered expense provisions of the prior plan rather than those of the succeeding plan. The benefit determination will be made as if coverage had not been replaced by the succeeding carrier.

**10-16-106.3. Uniform claims - billing codes - electronic claim forms.** (1) On or before July 1, 2002, all carriers shall accept the claim form adopted by the American dental association for use by all dental providers and carriers in the state, and the centers for medicare and medicaid services' claim forms CMS-1500 and CMS-1450, otherwise known as form UB-04, as amended, as the uniform health care claim forms for use by all other health care providers and carriers in the state. All carriers shall accept such claim forms from health care providers in electronic form. A carrier shall not prohibit submission of health care claims in hard copy form, nor shall a carrier be prohibited from requiring that a claim be submitted in hard copy form. A carrier shall not require submission of a claim on a form other than those set forth in this section, except as provided in subsection (3) of this section.

(2) On or before July 1, 2002, the commissioner shall adopt a uniform list of required elements to be used on the uniform claim forms accepted by carriers pursuant to this section. Such elements shall be used by health care providers in order for a claim to be considered a clean claim.

(3) Concurrent with the effective date for implementation of the federal "Health Insurance Portability and Accountability Act of 1996", as amended, and the federal regulations implemented pursuant to such act, as amended, for claims filed electronically, carriers shall require the submission of electronic claims with the elements in the format required by such act and such regulations and shall not require the submission of forms and elements pursuant to subsections (1) and (2) of this section.

**10-16-106.5. Prompt payment of claims - legislative declaration.** (1) The general assembly finds, determines, and declares that:

(a) Patients and health care providers often do not receive the reimbursements to which they are entitled from health insurance entities in a timely manner, even in the case of claims that are submitted on standard forms and do not require additional information for processing; and

(b) Unnecessary delays in the payment of routine and uncontested claims for reimbursement represent an unwarranted drain on health care providers' resources, which could be better spent attending to the needs of patients, as well as wasting the time and money of the patients themselves. Therefore, it is in the interest of the citizens of Colorado that reasonable standards be imposed for the timely payment of claims.

(2) As used in this section, "clean claim" means a claim for payment of health care expenses that is submitted to a carrier on the uniform claim form adopted pursuant to section 10-16-106.3 with all required fields completed with correct and complete information, including all required documents. A claim requiring additional information shall not be considered a clean claim and shall be paid, denied, or settled as set forth in paragraph (b) of subsection (4) of this section. "Clean claim" does not include a claim for payment of expenses incurred during a period of time for which premiums are delinquent, except to the extent otherwise required by law.

(2.5) This section shall apply to claims made as a result of injuries sustained in a motor vehicle accident regardless of whether fault in such accident has been determined.

(2.7) (a) A policyholder, insured, or provider may submit a claim:

(I) By United States mail, first class, or by overnight delivery service;

(II) Electronically;

(III) By facsimile (fax); or

(IV) By hand delivery.

(b) (I) A carrier shall make a mechanism available to providers that shall enable a provider to confirm the receipt of a claim that is filed with the carrier in a manner other than electronically. Within ten business days after the submission of the claim as determined by the provider, the carrier shall list such claim on the notification mechanism as received. The claim shall be deemed received on the date it is listed on the notification mechanism by the carrier. If a claim is not listed on the notification mechanism, the provider may contact the carrier for the purposes of resubmission of the claim. The carrier shall have a separate facsimile process to receive the resubmission of the paper claims. The resubmitted claim shall be deemed received on the date of the facsimile transmission acknowledgment. If such mechanism is accessible only by electronic means, upon request of the provider, the information must be made available in hard-copy form within three business days.

(II) If the claim is submitted electronically, the claim is presumed to have been received on the date of the electronic verification of receipt by the carrier or the carrier's clearinghouse. The carrier or carrier's clearinghouse shall provide a confirmation within one business day after submission by a provider.

(3) Every carrier shall provide a copy of its filing requirements to:

(a) Every enrollee or insured upon enrollment in the carrier's plan or upon issuance of the policy when applicable;

(b) Every enrollee or insured, upon request, within fifteen calendar days;

(c) Every participating provider upon acceptance of the provider into the carrier's network; and

(d) Every enrollee, insured, and participating provider within fifteen calendar days after any change in the standard form or the accompanying instructions or requirements when applicable.

(4) (a) Clean claims shall be paid, denied, or settled within thirty calendar days after receipt by the carrier if submitted electronically and within forty-five calendar days after receipt by the carrier if submitted by any other means.

(b) If the resolution of a claim requires additional information, the carrier shall, within thirty calendar days after receipt of the claim, give the provider, policyholder, insured, or patient, as appropriate, a full explanation in writing of what additional information is needed to resolve the claim, including any additional medical or other information related

to the claim. The person receiving a request for such additional information shall submit all additional information requested by the carrier within thirty calendar days after receipt of such request. Notwithstanding any provision of an indemnity policy to the contrary, the carrier may deny a claim if a provider receives a request for additional information and fails to timely submit additional information requested under this paragraph (b), subject to resubmittal of the claim or the appeals process. If such person has provided all such additional information necessary to resolve the claim, the claim shall be paid, denied, or settled by the carrier within the applicable time period set forth in paragraph (c) of this subsection (4).

(c) Absent fraud, all claims except those described in paragraph (a) of this subsection (4) shall be paid, denied, or settled within ninety calendar days after receipt by the carrier.

(d) (I) Except as otherwise provided in paragraph (b) of this subsection (4), if the carrier intends to prospectively conduct a charge audit, such carrier shall, not later than the forty-fifth day after the date the carrier receives the claim, pay the charges submitted by any participating institutional provider at a rate of at least eighty-five percent of the contracted rate on the claim, less deductibles, coinsurance, and copayments, and shall pay a nonparticipating institutional provider at least sixty percent of the amount due on the claim, less deductibles, coinsurance, and copayments. The carrier shall complete the charge audit, and make any additional payment not later than the ninetieth day after receipt of a claim.

(II) The institutional provider shall allow reasonable access to the records necessary to conduct the audit within the time period required by this paragraph (d).

(III) For the purposes of this paragraph (d), "charge audit" means an audit to determine whether data in an enrollee's medical record documents the health care services listed on a claim for payment submitted to a carrier. "Charge audit" does not mean a review of the medical necessity of the services provided.

(5) (a) A carrier that fails to pay, deny, or settle a clean claim in accordance with paragraph (a) of subsection (4) of this section or take other required action within the time periods set forth in paragraph (b) of subsection (4) of this section shall be liable for the covered benefit and, in addition, shall pay to the insured or health care provider, with proper assignment, interest at the rate of ten percent annually on the total amount ultimately allowed on the claim, accruing from the date payment was due pursuant to subsection (4) of this section.

(b) A carrier that fails to pay, deny, or settle a claim in accordance with subsection (4) of this section within ninety days after receiving the claim shall pay to the insured or health care provider, with proper assignment, a penalty in an amount equal to twenty percent of the total amount ultimately allowed on the claim. Such penalty shall be imposed on the ninety-first day after receipt of the claim by the carrier. If a carrier denies a claim in accordance with subsection (4) of this section within ninety days after receiving the claim and the denial is determined to be unreasonable pursuant to a civil action in accordance with section 10-3-1116, the carrier shall pay the penalty in this paragraph (b) to the insured or to the assignee.

(c) To the extent that penalties are not paid concurrently with the claim, the penalties in this section may be paid on a quarterly basis or when the aggregate penalties for a provider exceeds ten dollars.

(6) This section shall not prohibit a carrier from retroactively adjusting payment of a claim that is not subject to the provisions of section 10-16-704, if:

(a) The policyholder notifies the carrier of a change in eligibility of an individual; and

(b) The adjustment is made within thirty days after the carrier's receipt of such notification.

(7) If a carrier delegates its claims processing functions to a third party, the delegation agreement shall provide that the claims processing entity shall comply with the requirements of this section. Any delegation by the carrier shall not be construed to limit the carrier's responsibility to comply with this section or any other applicable section of this article.

(8) This section shall not apply to claims filed pursuant to the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S.

(9) The commissioner may investigate claims against a health coverage plan that is authorized to conduct business in this state when such claims are filed by a provider related to the improper handling or denial of benefits pursuant to this section.

**10-16-106.7. Assignment of health insurance benefits.** (1) (a) Any carrier that provides health coverage to a covered person shall allow, but not require, such covered person under the policy to assign, in writing, payments due under the policy to a licensed hospital, other licensed health care provider, an occupational therapist as defined in section 12-40.5-103, C.R.S., or a massage therapist as defined in section 12-35.5-103 (8), C.R.S., also referred to in this section as the “provider”, for services provided to the covered person that are covered under the policy.

(b) The covered person may, with or without the agreement of the provider, revoke the assignment. Such revocation shall be in writing and shall be sent to the carrier. The carrier shall send a copy of the revocation to the provider who is the subject of the revocation. The revocation shall be effective when it has been received by both the carrier and the provider and shall only affect those charges incurred after such receipt by both.

(2) (a) When a provider receives an assignment from a covered person, it is the responsibility of the provider to bill the carrier and notify the carrier that the provider holds an assignment on file. The carrier shall honor the assignment the same as if a copy of the assignment had been received by the carrier. Only upon request of the carrier shall the provider be required to give the carrier a copy of the assignment.

(b) The carrier shall honor the assignment and make payment of covered benefits directly to the provider. If the carrier fails to honor the assignment by making payment to the covered person and if the covered person, upon receipt of such payment, fails to pay an amount equivalent to such payment to the provider within forty-five days, the carrier shall be liable for the payment directly to the provider. It shall be the responsibility of the provider to notify the carrier if payment has not been received. In such case, the carrier shall make payment of covered benefits as specified in section 10-16-106.5.

(c) If the provider collects payment from the enrollee and subsequently receives payment from the carrier, the provider shall reimburse the enrollee, less any applicable copayments, deductibles, or coinsurance amounts, within forty-five days.

(3) Nothing in this section shall be construed to limit a carrier’s ability to determine the scope of its benefits, services, or any other terms of its policies, or from negotiating contracts with licensed hospitals or other licensed health care providers on reimbursement rates or any other lawful provisions.

**10-16-107. Rate regulation - rules - approval of policy forms - benefit certificates - evidences of coverage - benefits ratio - disclosures on treatment of intractable pain.**

(1) Rates for any sickness, accident, or health insurance policy, contract, certificate, or other evidence of coverage issued or delivered to any policyholder, enrollee, subscriber, or member in Colorado, by an insurer subject to the provisions of part 2 of this article or an entity subject to the provisions of part 3 or 4 of this article shall not be excessive, inadequate, or unfairly discriminatory. To assure compliance with the requirements of this section that rates are not excessive in relation to benefits, the commissioner shall promul-

gate rules to require rate filings and, as part thereof, may require the submission of adequate documentation and supporting information including actuarial opinions or certifications and set expected benefits ratios. Expected rate increases shall be submitted to the commissioner at least sixty days prior to the proposed implementation of the rates. If the commissioner does not approve or disapprove the rate filings within a sixty-day period, the carrier may implement and reasonably rely upon the rates on the condition that the commissioner may require correction of any deficiencies in the rate filing upon later review if the rate charged is excessive, inadequate, or unfairly discriminatory. A prospective rate adjustment shall be the sole remedy for rate deficiencies pursuant to this subsection (1). If the commissioner finds deficiencies in the rate filing after a sixty-day period, the commissioner shall provide notice to the carrier and the carrier shall correct the rate on a prospective basis. Expected rate filing increases filed with the commissioner on or after June 5, 2008, may be reviewed by the commissioner and shall be disapproved and resubmitted for approval if any of the provisions of subsection (1.6) of this section apply. Rate filings that do not involve a requested rate increase, or a requested rate increase of less than five percent for dental insurance, shall not require preapproval and may be implemented upon filing with the commissioner. The filing requirements of this subsection (1) shall not apply to nondeveloped rates, including, but not limited to, rates for medicaid, medicare, and the children's basic health plan, as defined by the commissioner. Failure to supply the information required by this section will render the filing incomplete. The commissioner shall make a determination of completeness no later than thirty days following submission of the filing for review. All filings not returned on or before the thirtieth day after receipt will be considered complete. Filings may be reviewed for substantive content, and if reviewed, any deficiency shall be identified and communicated to the filing carrier on or before the forty-fifth day after receipt. Correction of any deficiency, including deficiencies identified after the forty-fifth day, shall be on a prospective basis, and no penalty shall be applied for a violation identified that was not willful. Rate filings for insurance regulated under parts 1 to 4 of this article shall be filed electronically in a format made available by the division, unless exempted by rule for an emergency situation as determined by the commissioner. A rate filing summary for insurance regulated under parts 1 to 4 of this article shall be posted on the division's internet site in order to provide notice to the public. Nothing in this section shall be construed to limit the right of the public to inspect a rate filing and any supporting information pursuant to part 2 of article 72 of title 24, C.R.S., nor to impair the commissioner's ability to review rates and determine that the rates are not excessive, inadequate, or unfairly discriminatory.

(1.5) (a) Rates for an individual health coverage plan issued or delivered to any policyholder, enrollee, subscriber, or member in Colorado by an insurer subject to part 2 of this article or an entity subject to part 3 or 4 of this article shall not be excessive, inadequate, or unfairly discriminatory to assure compliance with the requirements of this section that rates are not excessive in relation to benefits. Rates are excessive if they are likely to produce a long run profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to services rendered. In determining if rates are excessive, the commissioner may consider the expected filed rates in relation to the actual rates charged. Concerning inadequacy, rates are not inadequate unless clearly insufficient to sustain projected losses and expenses, or the use of such rates, if continued, will tend to create a monopoly in the market. Concerning unfair discrimination, unfair discrimination exists if, after allowing for practical limitations, price differentials fail to reflect equitably the differences in expected losses and expenses.

(b) Notwithstanding any other provision of this article, an insurer subject to part 2 of this article or an entity subject to part 3 or 4 of this article shall not vary the premium rate for an individual health coverage plan due to the gender of the individual policyholder, enrollee, subscriber, or member. Any premium rate based on the gender of the individual policyholder, enrollee, subscriber, or member shall be considered unfairly discriminatory and shall not be allowed.

(1.6) (a) The commissioner shall disapprove the requested rate increase if any of the following apply:

(I) The benefits provided are not reasonable in relation to the premiums charged;

(II) The requested rate increase contains a provision or provisions that are excessive, inadequate, unfairly discriminatory, or otherwise do not comply with the provisions of this title;

(III) The requested rate increase is excessive or inadequate. In determining if the rate is excessive or inadequate, the commissioner may consider profits, dividends, annual rate reports, annual financial statements, subrogation funds credited, investment income or losses, unearned premium reserve and reserve for losses, surpluses, executive salaries, expected benefits ratios, any factors in section 10-16-111, and any other appropriate actuarial factors as determined by current actuarial standards of practice.

(IV) The actuarial reasons and data based upon Colorado claims experience and data, when available, do not justify the necessity for the requested rate increase; or

(V) The rate filing is incomplete.

(b) In determining whether to approve or disapprove a rate filing, the commissioner may consider, but shall not be limited to consideration of, the expected benefits ratio for a health benefit plan or any other cost category determined appropriate by the commissioner. The achievement of a benefits ratio of eighty-five percent or higher for large group insurance, eighty percent for small group insurance, and sixty-five percent for individual insurance by a carrier may expedite the review of the approval process for a carrier who meets the benefits ratio pursuant to this paragraph (b).

(1.7) (Deleted by amendment, L. 2008, p. 2251, § 6, effective July 1, 2008.)

(2) No policy of sickness and accident insurance or subscription certificate or membership certificate or other evidence of health care coverage shall be delivered or issued for delivery in this state, nor shall any endorsement, rider, or application that becomes a part of any such policy, contract, or evidence of coverage be used, until the insurer has filed a certification with the commissioner that such policy, endorsement, rider, or application conforms, to the best of the insurer's good faith knowledge and belief, to Colorado law pursuant to section 10-16-107.2 and copies of the rates and the classification of risks or subscribers pertaining thereto are filed with the commissioner.

(3) (a) (Deleted by amendment, L. 92, p. 1744, § 4, effective January 1, 1993.)

(b) An evidence of coverage shall contain:

(I) No provisions or statements which are unjust, unfair, inequitable, misleading, or deceptive, which encourage misrepresentation, or which are untrue, misleading, or deceptive as defined in section 10-16-413 (1); and

(II) A clear and complete statement, if a contract, or a reasonably complete summary, if a certificate, of:

(A) The health care services and the insurance or other benefits, if any, to which the enrollee is entitled under the health care plan, including the ability to obtain a second opinion for proposed treatment by the health care provider, if the health benefit plan provides such coverage;

(B) Any limitations on the services, kind of services, benefits, or kind of benefits, to be provided, including any deductible or copayment feature;

(C) Where and in what manner information is available as to how services may be obtained;

(D) The total amount of payment for health care services and the indemnity or service benefits, if any, which the enrollee is obligated to pay with respect to individual contracts, or an indication whether the plan is contributory or noncontributory with respect to group certificates;

(E) A clear and understandable description of the health maintenance organization's method for resolving enrollee complaints.

(c) Any subsequent change may be evidenced in a separate document issued to the enrollee.

(d) A copy of the form of the evidence of coverage to be used in this state, and any amendment thereto, shall be subject to the filing and approval requirements of section 10-16-107.2 unless it is subject to the jurisdiction of the commissioner under the laws governing health insurance or nonprofit hospital, medical-surgical, and health service corporations in which event the filing and approval provisions of subsection (2) of this

section shall apply. To the extent, however, that such provisions do not apply, the requirements in paragraph (b) of this subsection (3) shall be applicable.

(e) (Deleted by amendment, L. 2008, p. 2251, § 6, effective July 1, 2008.)

(f) (Deleted by amendment, L. 92, p. 1744, § 4, effective January 1, 1993.)

(g) The commissioner may require the submission of whatever relevant information the commissioner deems necessary in determining whether to approve or disapprove a filing made pursuant to this section.

(4) (a) For prepaid dental care plans no enrollee coverage or amendment, advertising matter, or sales material shall be issued or delivered to any person in this state until a copy of the form of the enrollee coverage or amendment, advertising matter, or sales material has been filed with the commissioner.

(b) The enrollee coverage shall contain a clear and complete statement of a contract, or a reasonably complete summary if a certificate of contract, of:

(I) The prepaid dental care services to which the enrollee is entitled under the prepaid dental care plan;

(II) Any limitations of the services, kind of services, or benefits to be provided, including any deductible or copayment feature;

(III) Where and in what manner information is available as to how services may be obtained;

(IV) The enrollee's obligation respecting charges for the prepaid dental care plan.

(c) The enrollee coverage, advertising matter, and sales material shall contain no provisions or statements which are unjust, unfair, inequitable, misleading, or deceptive or which encourage misrepresentation or which are untrue or misleading.

(d) The commissioner shall approve any form of enrollee coverage if the requirements of paragraphs (b) and (c) of this subsection (4) are met and the prepaid dental care plan is able in the judgment of the commissioner to meet its financial obligations under the enrollee coverage. It is unlawful to issue such form until approved. If the commissioner does not disapprove any such form within thirty days after the filing, it shall be deemed approved. If the commissioner disapproves a form of enrollee coverage, advertising matter, or sales material, the commissioner shall notify the prepaid dental care plan organization, specifying the reasons for disapproval. The commissioner shall grant a hearing on such disapproval within fifteen days after a request in writing is received from the prepaid dental care plan organization.

(5) Effective January 31, 1997, a managed care plan that provides coverage for reproductive health or gynecological care shall not be issued or renewed unless such plan either:

(a) Provides a woman covered by the plan direct access to an obstetrician, gynecologist, or an advanced practice nurse who is a certified nurse midwife pursuant to section 12-38-111.5, C.R.S., participating and available under the plan for her reproductive health care or gynecological care; or

(b) (I) Subject to rules promulgated by the commissioner, has procedures in place that ensure that, if a woman covered by the plan requests a timely referral to an obstetrician, gynecologist, or an advanced practice nurse who is a certified nurse midwife pursuant to section 12-38-111.5, C.R.S., participating and available under the plan for her reproductive health and gynecological care, the request for referral shall not be unreasonably withheld. Such rules shall include, but need not be limited to, the following issues:

(A) What constitutes a timely referral;

(B) Circumstances, practices, policies, contract provisions, or actions that constitute an undue or unreasonable interference with the ability of a woman to secure a referral or reauthorization for continuing care;

(C) The process for issuing a denial of a request, including the means by which a woman may obtain such a denial and the reasons therefor in writing;

(D) Actions that constitute improper penalties imposed upon primary providers as a result of referrals made pursuant to this subsection (5); and

(E) Such other issues the commissioner deems necessary.

(II) In developing rules pursuant to this subsection (5), the commissioner shall consult with providers, including, but not limited to, family care physicians, representatives of

health plans, and other appropriate persons and may conduct such surveys and analyses as may be necessary to develop the regulation.

(5.5) (a) No health coverage plan or managed care plan that provides coverage for eye care services shall be issued or renewed after January 1, 2001, by any entity subject to part 2, 3, or 4 of this article unless such health coverage plan or managed care plan:

(I) Provides a covered person direct access to any eye care provider participating and available under the plan or through its eye care services intermediary for eye care services;

(II) Ensures that all eye care providers on a health coverage plan or managed care plan are annually included on any publicly accessible list of participating providers for the health coverage plan or managed care plan; and

(III) Allows each eye care provider on a health coverage plan or managed care plan panel to furnish covered eye care services to covered persons without discrimination between classes of eye care providers and to provide such services as permitted by their license.

(b) A health coverage plan or managed care plan shall not:

(I) Impose a deductible or coinsurance for eye care services that is greater than the deductible or coinsurance imposed for other medical services under the health coverage plan or managed care plan;

(II) Require an eye care provider to hold hospital privileges as a condition of participation as a provider under the health coverage plan or managed care plan, unless an eye care provider is licensed pursuant to article 36 of title 12, C.R.S.; or

(III) Impose penalties upon primary care providers as a result of the direct access provisions of this subsection (5.5).

(c) Nothing in this subsection (5.5) shall be construed as:

(I) Creating coverage for any health care service that is not otherwise covered under the terms of the health coverage plan or managed care plan;

(II) Requiring a health coverage plan or managed care plan to include as a participating provider every willing provider or health professional who meets the terms and conditions of the health coverage plan or managed care plan;

(III) Preventing a covered person from seeking eye care services from the covered person's primary care provider in accordance with the terms of the covered person's health coverage plan or managed care plan;

(IV) Increasing or decreasing the scope of the practice of optometry as defined in section 12-40-102, C.R.S.;

(V) Requiring eye care services to be provided in a hospital or similar medical facility; or

(VI) Prohibiting a health coverage plan or managed care plan from requiring a covered person to receive a referral or prior authorization from a primary care provider for any subsequent surgical procedures.

(d) As used in this subsection (5.5), unless the context otherwise requires:

(I) "Eye care provider" means a participating provider who is an optometrist licensed to practice optometry pursuant to article 40 of title 12, C.R.S., or an ophthalmologist licensed to practice medicine pursuant to article 36 of title 12, C.R.S.

(II) "Eye care services" means those health care services related to the examination, diagnosis, treatment, and management of conditions and diseases of the eye and related structures that a managed care plan is obligated to pay, reimburse, arrange, or provide for covered persons or organizations as specified by a health coverage plan or managed care plan, excluding those health care services rendered in conjunction with a routine vision examination or the filling of prescriptions for corrective eyewear.

(6) (a) A carrier offering a group health benefit plan may not require any individual, as a condition of enrollment or continued enrollment under the plan, to pay a premium or contribution that is greater than the premium or contribution for a similarly situated individual enrolled in the plan on the basis of any health status-related factor in relation to the individual or to an individual enrolled under the plan as a dependent of the individual.

(b) The prohibition in paragraph (a) of this subsection (6) shall not be construed to:

(I) Restrict the amount that an employer may be charged for coverage under a group health benefit plan; or

(II) Prevent a carrier from establishing premium discounts or rebates or modifying otherwise applicable copayments, coinsurance, or deductibles in return for:

(A) Adherence to programs of health promotion and disease prevention if otherwise allowed by state or federal law;

(B) Participation in a wellness and prevention program pursuant to section 10-16-136; or

(C) Satisfaction of a standard related to a health risk factor pursuant to a wellness and prevention program authorized in section 10-16-136.

(7) (a) A service or indemnity contract issued or renewed on or after January 1, 1998, by any entity subject to part 2, 3, or 4 of this article shall disclose in the contract and in information on coverage presented to consumers whether the health coverage plan or managed care plan provides coverage for treatment of intractable pain. If the contract is silent on coverage of intractable pain, then the contract shall be presumed to offer coverage for the treatment of intractable pain. If the contract is silent or if the plan specifically includes coverage for the treatment of intractable pain, the plan shall provide access to such treatment for any individual covered by the plan either:

(I) By a primary care physician with demonstrated interest and documented experience in pain management whose practice includes up-to-date pain treatment;

(II) By providing direct access to a pain management specialist located within this state and participating in and available under the plan; or

(III) By having procedures in place that ensure that, if the individual requests a timely referral for intractable pain management to a pain management specialist participating in and available under the plan, the request for referral shall not be unreasonably denied by the plan. The commissioner shall promulgate rules pursuant to this subparagraph (III) that include, but need not be limited to, the following issues:

(A) What constitutes a timely referral;

(B) Circumstances, practices, policies, contract provisions, or actions that constitute an undue or unreasonable interference with the ability of an individual to secure a referral or reauthorization for continuing care;

(C) The process for issuing a denial of a request, including the means by which an individual may receive notice of a denial and the reasons therefor in writing;

(D) Actions that constitute improper penalties imposed upon primary care physicians as a result of referrals made pursuant to this subsection (7); and

(E) Such other issues as the commissioner deems necessary.

(b) For purposes of this subsection (7), “intractable pain” means a pain state in which the cause of the pain cannot be removed and which in the generally accepted course of medical practice no relief or cure of the cause of the pain is possible or none has been found after reasonable efforts including, but not limited to, evaluation by the attending physician and one or more physicians specializing in the treatment of the area, system, or organ of the body perceived as the source of the pain.

(8) On and after January 1, 2005, a carrier shall not refuse to issue or renew a health benefit plan to an individual based solely on the individual’s prior donation of a kidney.

**10-16-107.1. False or misleading information - penalties.** (1) A person or organization shall not knowingly withhold information that will affect the rates or premiums chargeable under this part 1 or knowingly give false or misleading information to the commissioner or any statistical agent, advisory organization, or carrier. A person or organization who violates this section shall be subject to the penalties in subsection (2) of this section.

(2) Upon a finding that any person or organization has knowingly violated subsection (1) of this section, the commissioner may impose a penalty of not more than ten thousand dollars for each violation but, if the violation is found to be willful, a penalty of not more than twenty-five thousand dollars for each violation. The penalties may be in addition to any other penalty provided by law.

**10-16-107.2. Filing of health policies - rules.** (1) All sickness and accident insurers, health maintenance organizations, and nonprofit hospital and health service corporations authorized by the commissioner to conduct business in Colorado shall submit an annual report to the commissioner listing any policy form, endorsement, or rider for any sickness, accident, nonprofit hospital and health service corporation, health maintenance organization, or other health insurance policy, contract, certificate, or other evidence of coverage issued or delivered to any policyholder, certificate holder, enrollee, subscriber, or member in Colorado. Such listing shall be submitted by January 15, 1993, and not later than December 31 of each subsequent year and shall contain a certification by an officer of the organization that each policy form, endorsement, or rider in use complies with Colorado law. The necessary elements of the certification shall be determined by the commissioner.

(2) (a) All sickness and accident insurers, health maintenance organizations, nonprofit hospital and health service corporations, and other entities providing health care coverage authorized by the commissioner to conduct business in Colorado shall also submit to the commissioner a list of any new policy form, application, endorsement, or rider at least thirty-one days before using such policy form, application, endorsement, or rider for any health coverage. Such listing shall also contain a certification by an officer of the organization that each new policy form, application, endorsement, or rider proposed to be used complies, to the best of the insurer's good faith knowledge and belief, with Colorado law. The necessary elements of the certification shall be determined by the commissioner.

(b) (I) The commissioner shall develop a uniform employee application form for health benefit plans and shall require all small group sickness and accident insurers, health maintenance organizations, nonprofit hospital and health service corporations, and other

entities providing small group health care coverage authorized by the commissioner to conduct business in Colorado to exclusively use such uniform employee application form for the conduct of business in this state. On and after January 1, 2007, all small group sickness and accident insurers, health maintenance organizations, nonprofit hospital and health service corporations, and other entities that provide small group health care coverage shall use the uniform employee application form for small group sickness and accident health benefit plans.

(II) The division may permit carriers to use a modified electronic version of the uniform application form.

(c) (I) The commissioner shall implement an initial uniform application form for individual health benefit plans and, on and after January 1, 2012, shall require all individual sickness and accident insurers, health maintenance organizations, nonprofit hospital and service corporations, health insurance producers and producer organizations, and other entities providing individual health care coverage authorized by the commissioner to conduct business in this state, to exclusively use the uniform application form for the conduct of business in this state. The initial uniform application form shall include the name of the applicant, contact information for the applicant, other demographic information approved by the commissioner, and questions concerning medical conditions for which the carrier may refuse to issue coverage.

(II) The commissioner shall consider recommendations regarding the initial uniform application form and content of the application that are submitted to the division by members of the insurance industry on or before January 1, 2011.

(III) The commissioner shall promulgate rules to implement the initial uniform application form on or before September 1, 2011.

(IV) On and after January 1, 2012, all individual sickness and accident insurers, health maintenance organizations, nonprofit hospital and service corporations, health insurance producers and producer organizations, and other entities that issue individual health benefit plans shall use the initial uniform application form for an individual's coverage.

(V) Upon receipt of an initial uniform application form from a consumer, the carrier shall review the application form and decide to issue coverage, to ask for additional unduplicated information, or to deny coverage.

(VI) If a carrier decides to deny coverage based upon information received in the initial uniform application form, the denial of coverage shall serve as a denial for purposes of eligibility for coverage through CoverColorado pursuant to part 5 of article 8 of this title.

(3) The commissioner shall promulgate rules and regulations by September 30, 1993, and periodically thereafter as needed, setting forth the standards for policy forms, endorsements, and riders marketed in Colorado.

(4) The commissioner shall have the power to examine and investigate organizations authorized to conduct business in Colorado to determine whether policy forms, endorsements, and riders comply with the certification of the organization and statutory mandates.

**10-16-107.3. Health insurance policies - plain language required - rules.** (1) (a) A carrier issuing or renewing a health benefit plan, limited benefit health insurance, dental plan, or long-term care plan subject to this article shall not issue or renew the plan unless the text of the plan does not exceed the tenth-grade level as measured by the Flesch-Kincaid

grade level formula or does not score less than fifty as measured by the Flesch reading ease formula.

(b) In conjunction with the report submitted to the commissioner pursuant to section 10-16-107.2, the carrier shall report the readability scores prior to the issuance or renewal of a policy or the use of the plan.

(2) The health benefit plan, limited benefit health insurance, dental plan, or long-term care plan shall contain an index or table of contents if the plan is more than three pages in length or if the text of the plan exceeds three thousand words. The index, table of contents, and text of the plan shall be printed in not less than ten-point type.

(3) For purposes of subsection (1) of this section, the following shall apply:

(a) (I) A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall count as one word;

(II) A unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and

(III) A syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. If the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciations containing fewer syllables may be used.

(b) "Text" includes all printed matter except the following:

(I) The name and address of the carrier; the name, number, or title of the policy; the table of contents or index; captions and subcaptions; and specification pages, schedules, or tables; and

(II) Any policy language that is drafted to conform to the requirements of any federal law or regulation; any policy language required by any collectively bargained agreement; any medical terminology; any words that are defined in the policy; and any policy language required by law or regulation if the carrier identifies the language or terminology excepted and certifies in writing that the language or terminology is entitled to be excepted.

(4) The commissioner shall promulgate rules regarding the electronic dissemination of newly issued or renewed policy forms or endorsements.

(5) For the purposes of subsection (1) of this section, for group health benefit plans, the evidence of coverage or certificate of coverage that is provided to the covered person shall be the only text for the purposes of the Flesch-Kincaid grade level formula and the Flesch reading ease formula.

**Source: L. 2010:** Entire section added, (HB 10-1166), ch. 143, p. 487, § 2, effective January 1, 2012.

**Editor's note:** Section 3 of chapter 143, Session Laws of Colorado 2010, provides that the act adding this section applies to automobile insurance policies, health benefit plans, limited benefit health insurance, dental plans, and long-term care plans issued or renewed and being marketed on or after January 1, 2012.

**10-16-108. Conversion and continuation privileges. (1) Group sickness and accident insurance - conversion privileges.** (a) If the group insurance policy provides hospital, surgical, or major medical insurance or any combination of these coverages on an expense-incurred basis, for other than specified diseases or accidental injuries only, the health benefit plan shall also contain a conversion privilege conforming to the requirements of paragraph (c) of this subsection (1).

(b) Every group sickness and accident insurance policy included within the provisions of section 10-16-214 (1) shall contain a provision which permits every covered employee whose employment is terminated, if the policy remains in force for active employees of the employer, to elect to continue the coverage for himself and his dependents. Such provision shall conform to the requirements, where applicable, of subparagraph (XVII) of paragraph (d) and paragraphs (e) and (f) of this subsection (1).

(c) (I) A group policy delivered or issued for delivery in this state which provides hospital, surgical, or major medical expense insurance or any combination of these coverages on an expense-incurred basis, but not including a policy which provides benefits

for specific diseases or for accidental injuries only, shall provide that an employee, dependent, or member whose insurance under the group policy has been terminated for any reason other than discontinuance of the group policy in its entirety or with respect to an insured class or failure of the employee or member to pay any required contribution and who has been continuously insured under the group policy (and under any group policy providing similar benefits which it replaces) for at least three months immediately prior to termination is entitled to have issued by the insurer a policy of sickness and accident insurance, referred to in this paragraph (c) as the "converted policy", subject to the following conditions:

(A) Written application for the converted policy shall be made and the first premium paid to the insurer no later than thirty-one days after such termination.

(B) The converted policy shall be issued without evidence of insurability.

(C) The initial premium for the converted policy shall be determined in accordance with the insurer's table of premium rates applicable to the age and class of risk of each person to be covered under the converted policy and to the type and amount of the insurance provided. Conditions pertaining to health shall not be an acceptable basis of classification for the purposes of this paragraph (c). The frequency of premium payments shall be the frequency customarily required by the insurer for the policy form and plan selected, but the insurer shall not require premium payments less frequently than quarterly without the consent of the insured.

(D) The effective date of the converted policy shall be the day following the termination of insurance under the group policy.

(E) The converted policy shall cover the employee or member and any dependents thereof who were covered by the group policy on the date of termination of insurance. At the option of the insurer, a separate converted policy may be issued to cover any dependent.

(F) The insurer shall not be required to issue a converted policy covering any person if such person is covered by medicare. Furthermore, the insurer shall not be required to issue a converted policy covering any person if such person is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy, a hospital or medical service subscriber contract, a medical practice or other prepayment plan, or any other plan or program if such person is eligible for similar benefits (whether or not covered therefor) under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis, or if similar benefits are provided for or available to such person pursuant to or in accordance with the requirements of any statute and the benefits provided or available under such sources for such person, together with the converted policy, would result in overinsurance according to the insurer's standards.

(II) In the event that coverage would be continued under the group policy on an employee following such employee's retirement prior to the time the employee is or could be covered by medicare, the employee may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had the insurance terminated at retirement by reason of termination of employment or membership.

(III) Subject to the conditions set forth in subparagraphs (I) and (II) of this paragraph (c), the conversion privilege shall also be available: To the surviving spouse, if any, at the death of the employee or member with respect to the spouse and such children whose coverage under the group policy terminates by reason of such death or to each surviving child whose coverage under the group policy terminates by reason of such death or, if the group policy provides for continuation of dependents' coverage following the employee's or member's death, at the end of such continuation; to the spouse of the employee or member upon termination of coverage of the spouse, while the employee or member remains insured under the group policy, by reason of ceasing to be a qualified family member under the group policy, with respect to the spouse and such children whose coverage under the group policy terminates at the same time; to a child solely with respect to such child upon termination of the child's coverage by reason of ceasing to be a qualified family member under the group policy if a conversion privilege is not otherwise provided with respect to such termination.

(IV) The insurer may elect to provide group insurance coverage in lieu of the issuance of a converted policy.

(d) (I) A converted policy issued upon the exercise of the conversion privilege of paragraph (c) of this subsection (1) shall offer a choice of a basic or standard health benefit plan.

(II) to (VII) Repealed.

(VIII) The converted policy may provide for the termination of coverage thereunder of any person when such person is covered by medicare, Title XVIII of the federal "Social Security Act" as added by the "Social Security Amendments of 1965" or as later amended or superseded.

(IX) The converted policy may provide that the insurer may request information from the converted policyholder, in advance of any premium due date of the converted policy, to determine whether any person covered thereunder:

(A) Is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy, any hospital or medical service subscriber contract, any medical practice or other prepayment plan, or any other plan or program; or

(B) Is eligible for similar benefits, whether or not covered therefor, under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or

(C) Has similar benefits provided for or available to such person, pursuant to or in accordance with the requirements of any statute.

(X) The converted policy may also provide that the insurer need not renew the converted policy or the coverage of any person insured thereunder either if the benefits provided under the sources referred to in subparagraph (IX) of this paragraph (d) for such person, together with the converted policy, would result in overinsurance according to the insurer's standards or if the converted policyholder refuses to provide the requested information.

(XI) and (XII) Repealed.

(XIII) With respect to any person who was covered by the group policy, the period specified in the time limit on certain defenses provisions of the converted policy shall commence with the date the person's insurance became effective under the group policy.

(XIV) If the insurer elects to provide group insurance coverage in lieu of a converted policy, the benefit levels required for a converted policy shall be applicable to such group insurance coverage.

(XV) (A) An employee or member who is entitled to make application for a converted policy pursuant to the provisions of paragraph (c) of this subsection (1) shall be given written notice of the existence of the conversion privilege at least fifteen days prior to the expiration of the thirty-one-day conversion period established by the group policy. If the employee or member is not given notice of his conversion rights, the employee or member shall have an additional period within which to exercise such conversion privilege. This additional period shall expire fifteen days after the employee or member has been given such notice, but in no event shall the additional period be continued for more than sixty days after the expiration of the thirty-one-day period established by the group policy.

(B) Written notice presented to the employee or member by the policyholder or mailed by the policyholder to the last-known address of the employee or member, as furnished to the policyholder, shall constitute the giving of notice for the purpose of this provision. If an employee or member is permitted an additional period for conversion, as provided in this subparagraph (XV), and if written application for the converted policy, accompanied by the initial premium, is made within the additional period, the effective date of the converted policy shall be the day following the employee's or member's termination of insurance under the group policy.

(XVI) Benefits due under a policy of insurance insuring against disability from sickness or accident shall not be reduced by an increase in federal social security benefits once payment of disability benefits has commenced.

(XVII) An employee shall be eligible to make the election on such employee's own behalf and for such employee's dependents provided for in paragraph (b) of this subsection (1) if:

(A) The employee's eligibility to receive insurance coverage has ended for any reason other than discontinuance of the group policy in its entirety or with respect to an insured class;

(B) Any premium or contribution required from or on behalf of the employee has been paid to the termination date; and

(C) The employee has been continuously insured under the group policy, or under any group policy providing similar benefits which it replaces, for at least six months immediately prior to termination.

(XVIII) The provisions of subparagraph (XVII) of this paragraph (d) shall not apply to a policy which provides benefits for specific diseases or for accidental injuries only.

(XIX) The employer shall not be required to offer continuation of coverage of any person if such person is covered by medicare, Title XVIII of the federal "Social Security Act", or medicaid, Title XIX of the federal "Social Security Act".

(e) (I) Upon the termination of employment of an eligible employee, the death of any such employee, or the change in marital status of any such employee, the employee or dependent has the right to continue the coverage for a period of eighteen months after loss of coverage or until such employee or dependent becomes eligible for other group coverage, whichever occurs first. However, should new coverage exclude a condition covered under the continued plan, coverage under the prior employer's plan may be continued for the excluded condition only for the eighteen months or until the new plan covers the condition, whichever occurs first.

(II) The employer shall notify the employee in writing of the employee's right to continue health care coverage upon termination from employment. A written communication signed by the employee or a notice postmarked within ten days of termination mailed by the employer to the last-known address of the employee shall meet the notice requirements of this subparagraph (II). The notification shall inform the employee of:

(A) The employee's right to elect to continue the existing coverage at the applicable rate;

(B) The amount such employee must pay monthly to the employer to retain the coverage, which payment shall include the employer's contribution for such employee in addition to the employee's own contribution;

(C) The manner in which and the office of the employer to which the payment to the employer must be made;

(D) The time by which the payments to the employer must be made to retain coverage; and

(E) The fact that loss of coverage will result if timely payment is not made to the employer.

(III) The employee shall notify the employer in writing of the employee's election to continue coverage, and shall make proper payment to the employer as soon as possible upon notification by the employer of termination; however, in no case shall such notification occur or such payment be made more than thirty days after the date of termination of employment unless the employer has failed to give timely notice in accordance with subparagraph (II) of this paragraph (e). Timely submission of payment and notice by the employee shall result in the continuation of such employee's health care coverage as if there had been no interruption of coverage. Failure to timely submit proper payment and notice by the employee shall relieve the employer of any responsibility to the employee for the continuation of health care coverage.

(IV) If the employer fails to notify an eligible employee of the right to elect to continue the coverage, the employee shall have the option to retain coverage if, within sixty days of the date the employment is terminated, the employee makes the proper payment to the employer to provide continuous coverage.

(V) After timely receipt of the monthly payment from an eligible employee, if the employer fails to make the payment to the insurer, with the result that the employee's coverage is terminated, the employer shall become liable for the employee's coverage, but to no greater extent than the amount of the premium.

(f) A group sickness and accident insurance policy that provides for continued coverage after an employee is terminated, as required by paragraph (b) of this subsection (1), shall also include a provision allowing a covered employee or surviving spouse or dependent, at the expiration of such continued coverage, to obtain from the insurer underwriting the group policy, at the employee's, spouse's, or dependent's option and expense, without further

evidence of insurability and without interruption of coverage, an individual policy of sickness and accident insurance which shall conform to the descriptions, limitations, and requirements of converted policies pursuant to subparagraph (I) of paragraph (c) of this subsection (1).

(g) The provisions of subparagraph (XVII) of paragraph (d) of this subsection (1) and paragraphs (e) and (f) of this subsection (1) shall apply to all group policies issued, renewed, or reinstated on and after July 1, 1986.

**(2) Group contracts of nonprofit hospital, medical-surgical, and health service corporations and group service contracts of health maintenance organizations.**

(a) Every group contract or group service contract providing hospital services, medical-surgical services, or other health services for subscribers or enrollees and their dependents issued by a nonprofit hospital, medical-surgical, and health service corporation or a health maintenance organization operating with a certificate of authority pursuant to part 3 or 4 of this article shall contain a provision which permits every covered employee or enrollee of an employed group whose employment is terminated, if the contract remains in force for active employees of the employer, to elect to continue the coverage for such employee and the employee's dependents. Such provision shall conform to the requirements, where applicable, of paragraphs (b), (c), and (d) of this subsection (2).

(b) (I) An employee shall be eligible to make the election for such employee and the employee's dependents provided for in paragraph (a) of this subsection (2) if:

(A) The employee's eligibility to receive insurance coverage has ended for any reason other than discontinuance of the group contract in its entirety or with respect to an insured class;

(B) Any premium or contribution required from or on behalf of the employee has been paid to the termination date; and

(C) The employee has been continuously covered under the group contract, or under any group contract providing similar benefits which it replaces, for at least six months immediately prior to termination.

(II) The provisions of subparagraph (I) of this paragraph (b) shall not apply to a contract which provides benefits for specific diseases or for accidental injuries only.

(III) The employer shall not be required to offer continuation of coverage of any person if such person is covered by medicare, Title XVIII of the federal "Social Security Act", or medicaid, Title XIX of the federal "Social Security Act".

(c) (I) Upon the termination of employment of an eligible employee, the death of any such employee, or the change in marital status of any such employee, the employee or dependent has the right to continue the coverage for a period of eighteen months after loss of coverage or until the employee or dependent becomes eligible for other group coverage, whichever occurs first. However, should new coverage exclude a condition covered under the continued plan, coverage under the prior employer's plan may be continued for the excluded condition only for the eighteen months or until the new plan covers the condition, whichever occurs first.

(II) The employer shall notify the employee of such employee's right to continue health care coverage upon termination from employment. Such notification shall be in writing. A written communication signed by the employee or a notice postmarked within ten days of termination mailed by the employer to the last-known address of the employee shall also meet the notice requirements of this subparagraph (II). The notification shall inform the employee of:

(A) The employee's right to elect to continue the existing coverage at the applicable rate;

(B) The amount the employee must pay monthly to the employer to retain the coverage, which payment shall include the employer's contribution for such employee in addition to the employee's own contribution;

(C) The manner in which and the office of the employer to which the payment to the employer must be made;

(D) The time by which the payments to the employer must be made to retain coverage; and

(E) The fact that loss of coverage will result if timely payment is not made to the employer.

(III) The employee shall notify the employer in writing of the employee's election to continue coverage, and shall make proper payment to the employer as soon as possible upon notification by the employer of termination; however, in no case shall such notification occur or such payment be made more than thirty days after the date of termination of employment unless the employer has failed to give timely notice in accordance with subparagraph (II) of this paragraph (c). Timely submission of payment and notice by the employee shall result in the continuation of such employee's health care coverage as if there had been no interruption of coverage. Failure to timely submit proper payment and notice by the employee shall relieve the employer of any responsibility to the employee for the continuation of health care coverage.

(IV) If the employer fails to notify an eligible employee of the right to elect to continue the coverage, the employee shall have the option to retain coverage if, within sixty days of the date such employment is terminated, such employee makes the proper payment to the employer to provide continuous coverage.

(V) After timely receipt of the monthly payment from an eligible employee, if the employer fails to make the payment to the insurer, with the result that the employee's coverage is terminated, the employer shall become liable for the employee's coverage, but to no greater extent than the amount of the premium.

(d) A group contract or group service contract that provides for continued coverage after an employee is terminated, as required by paragraph (a) of this subsection (2), shall also include a provision allowing a covered employee or surviving spouse or dependent, at the expiration of such continued coverage, to obtain from the insurer underwriting the group contract or group service contract, at the employee's, spouse's, or dependent's option and expense, without further evidence of insurability and without interruption of coverage, an individual service contract or contract providing hospital, medical-surgical, or other health services which shall conform to the same type of descriptions, limitations, and requirements as those specified for converted policies pursuant to subparagraph (I) of paragraph (c) of subsection (1) of this section.

(e) The provisions of paragraphs (b) to (e) of this subsection (2) shall apply to all group contracts issued, renewed, or reinstated on and after July 1, 1986.

**(3) Continuation of policies and group service contracts - reduction in hours of work.** Every group policy or group service contract delivered or issued for delivery in this state by an insurer subject to the provisions of part 2 of this article or by an entity subject to the provisions of part 3 or 4 of this article that covers full-time employees working forty or more hours per week shall contain a provision that the policyholder may elect to contract with the insurer or other entity to continue such policy or contract under the same conditions and for the same premium for such employees and their dependents even if the policyholder or employer reduces the working hours of such employees to less than thirty hours per week, if the following conditions are met:

(a) The covered employee is employed as a full-time employee of the policyholder or employer and is insured under the group policy or group service contract, or under any group policy or group service contract providing similar benefits which said group policy or group service contract replaces, immediately prior to such reduction in working hours;

(b) The policyholder has imposed such reduction in working hours due to economic conditions or the reduction of hours is due to the employee's injury, disability, or chronic health conditions; and

(c) The policyholder intends to restore the employee to a full forty-hour work schedule as soon as economic conditions improve or as soon as the employee is able to return to full-time work.

**(4) Special provisions for small group health benefit plans.** (a) Effective January 1, 1995, each small employer carrier shall, upon termination of a group policy by the carrier or employer for reasons other than replacement with another group policy or fraud and abuse in procuring and utilizing coverage, offer to any individual the choice of a basic or standard health benefit plan, except as provided in paragraph (b) of this subsection (4). Reasons for termination include, but are not limited to, the group no longer meeting

participation requirements, cancellation due to nonpayment of premiums, or the policyholder exercising the right to cancel.

(b) If the group's original plan had benefits which were significantly less generous in most respects than the standard plan as determined by the commissioner, the carrier is only required to offer the basic health benefit plan to such group or individual. If an individual is eligible for continuation coverage or conversion coverage pursuant to section 10-16-108 or is eligible for continuation coverage under federal law, then the provisions of paragraph (a) of this subsection (4) and this paragraph (b) shall not apply to such an individual.

(c) Each small employer carrier shall offer the choice of a basic or standard health benefit plan to any individual who loses nexus to existing small group coverage; except that:

(I) If an individual is eligible for continuation coverage or conversion coverage pursuant to section 10-16-108 or is eligible for continuation coverage under federal law, then the provisions of this paragraph (c) shall not apply to such an individual; and

(II) If an individual lost nexus to group coverage for fraud or abuse in procuring or utilizing coverage, then the provisions of this paragraph (c) shall not apply to such an individual.

**10-16-108.5. Fair marketing standards.** (1) Each small employer carrier shall actively market health benefit plan coverage, including the basic health benefit plan and the standard health benefit plan, to eligible small employers in the state.

(2) (a) Except as provided in paragraph (b) of this subsection (2), no carrier or producer shall, directly or indirectly, engage in the following activities:

(I) Encouraging or directing individuals or small employers to refrain from filing an application for coverage with the individual or small employer carrier because of the health status, claims experience, industry, occupation, or geographic location of the individual or small employer;

(II) Encouraging or directing individuals or small employers to seek coverage from another carrier because of the health status, claims experience, industry, occupation, or geographic location of the individual or small employer.

(b) The provisions of paragraph (a) of this subsection (2) shall not apply with respect to information provided by a carrier or producer to an individual or a small employer

regarding the established geographic service area or a restricted network provision of a carrier.

(3) (a) Except as provided in paragraph (b) of this subsection (3), no small employer carrier shall, directly or indirectly, enter into any contract, agreement, or arrangement with a producer that provides for or results in the compensation paid to a producer for the sale of a health benefit plan to be varied because of the health status, claims experience, industry, occupation, or geographic location of the small employer.

(b) Paragraph (a) of this subsection (3) shall not apply to a compensation arrangement with a producer on the basis of a percentage of premium if such percentage does not vary because of the health status, claims experience, industry, occupation, or geographic area of the individual or small employer.

(4) A small employer carrier shall provide reasonable compensation, as provided under the plan of operation of the small employer health reinsurance program, to a producer, if any, for the sale of a basic or standard health benefit plan.

(5) No small employer carrier shall terminate, fail to renew, or limit its contract or agreement of representation with a producer for any reason related to the health status, claims experience, occupation, or geographic area of the small employers placed by the producer with the small employer carrier.

(6) No carrier shall induce or otherwise encourage a small employer to exclude an employee from health coverage or benefits provided in connection with the employee's employment.

(7) Any denial by a carrier of an application for coverage from an individual or a small employer shall be in writing and shall state any reason for the denial.

(8) The commissioner may establish regulations setting forth additional standards to provide for the fair marketing and broad availability of health benefit plans to individuals and small employers in this state.

(9) A violation of this section by a carrier or a producer is an unfair or deceptive act or practice pursuant to the provisions of part 11 of article 3 of this title.

(10) If a small employer carrier enters into a contract, agreement, or other arrangement with a third-party administrator to provide administrative marketing or other service related to the offering of health benefit plans to small employers in this state, the third-party administrator shall be subject to this section as if it were a small employer carrier.

(11) (a) Effective January 1, 1998, all carriers offering or providing health benefit plan coverage or medicare supplemental coverage shall make available a Colorado health benefit plan description form for each policy, contract, and plan of health benefits that either covers a Colorado resident or is marketed to a Colorado resident or such resident's employer.

(b) The format for and elements of the Colorado health benefit plan description form shall be determined by rule of the commissioner after consultation with consumer, provider, and carrier representatives.

(c) A Colorado health benefit plan description form shall include information of general interest to purchasers of health plans and persons insured under health plans. Such form shall be designed to facilitate comparison of different health benefit plans. Informational materials specifying the plan's cancer screening coverages and their respective parameters shall be included with the form.

(d) A carrier shall provide a completed Colorado health benefit plan description form for each of its health benefit plans:

(I) Upon request, to any person covered by such plan or such person's employer; and

(II) As part of its marketing materials, to any person or employer who may be interested in purchasing or obtaining coverage under such a plan. This requirement shall include the provision of the form by the carrier to every employee who has the option of selecting such a plan during an employer's open enrollment period.

**10-16-110. Fees paid by health coverage entities.** (1) (a) There shall be paid to the division of insurance by every corporation subject to the provisions of this part 1 and part 3 of this article such fees as are prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S.

(b) Every nonprofit hospital and health service corporation representative subject to this part 1 and part 3 of this article shall pay to the commissioner the following fees:

(I) For each enrollment representative's initial license, ten dollars;

(II) For each enrollment representative's renewal license, six dollars.

(c) To defray the cost of administering this article, every corporation subject to the provisions of this part 1 and part 3 of this article shall pay annually to the commissioner on March 1 an amount equivalent to five cents per person exceeding ten thousand in number enrolled in the health service plans of such corporation.

(2) (a) Every health maintenance organization subject to this part 1 and part 4 of this article shall pay to the commissioner the fees as prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S.

(b) Every health maintenance organization representative subject to this part 1 and part 4 of this article shall pay to the commissioner the following fees:

(I) For each enrollment representative's initial license, ten dollars;

(II) For each enrollment representative's renewal license, six dollars.

(3) Coincident with the filing of the annual report prescribed by section 10-16-111, each prepaid dental care plan organization subject to this part 1 and part 5 of this article shall pay to the state treasurer through the commissioner fees for transacting a prepaid dental care plan. The fees shall be as prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S.

(4) Notwithstanding the amount specified for any fee in this section, the commissioner by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the commissioner by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

**10-16-111. Annual statements and reports - repeal.** (1) **Nonprofit hospital, medical-surgical, and health service corporations.** (a) All corporations subject to the provisions of this part 1 and part 3 of this article doing business in this state on July 1, 1967,

or which may thereafter do business in this state, shall make and file annually with the commissioner, on or before the first day of March of each year, a statement under oath upon a form prescribed by the commissioner stating the amount of all membership dues or subscriber fees collected in this state or from residents thereof by the corporation making such statement during the year ending the last day of December next preceding; the amounts actually paid during such year for hospital, medical-surgical, and other health services for the subscribers or members of the corporation, and the amounts placed in established reserves for cases billed but not yet paid, unreported and unbilled cases, retroactive cost adjustments, membership dues or fees paid in advance but not yet earned, and all other liabilities and obligations required of domestic insurers which are consistent with the responsibilities of such corporations. The annual statement made to the commissioner pursuant to this subsection (1) shall at least include the substance of that which is required by what is known as the convention blank form for hospital, medical, and dental service or indemnity corporations adopted from year to year by the national association of insurance commissioners, including any instructions, procedures, and guidelines not in conflict with any provision of this title for completing the convention blank form.

(b) In preparing the statements required by paragraph (a) of this subsection (1), all insurance companies shall follow the instructions, procedures, and guidelines of the national association of insurance commissioners. If the initial application of any such instruction, procedure, or guideline would cause a reduction in the total capital and surplus of a domestic insurer of ten percent or more or would cause the capital and surplus of a domestic insurer to fall to or below the company action level as defined by the commissioner by rule, such insurer may, within thirty days after the effective date of such instruction, procedure, or guideline, file with the commissioner a request to phase in the effect of the instruction, procedure, or guideline over a period not to exceed three years or a time period approved by the commissioner.

(c) Any request made pursuant to paragraph (b) of this subsection (1) shall include a complete analysis, in a form prescribed by the commissioner, of the impact upon the insurer making the request that is expected to result from application of the subject instruction, procedure, or guideline and, if a phase-in is requested, a description of the insurer's plan for the phase-in period. The commissioner shall not deny a request for a phase-in except upon notice and the opportunity for a hearing as provided in section 24-4-105, C.R.S.

(d) Any request for a hearing made pursuant to paragraph (c) of this subsection (1) shall include a description of the basis on which relief is sought. Upon receiving such a request, the commissioner shall postpone the effective date of the subject instruction, procedure, or guideline pending the conclusion of the hearing and the taking of final agency action thereon. The hearing shall commence within sixty days after the commissioner receives the request and shall be conducted in accordance with section 24-4-105, C.R.S.

(2) **Health maintenance organizations.** (a) Every health maintenance organization shall annually, on or before March 1, file a report verified by at least two principal officers with the commissioner with a copy to the executive director covering the preceding calendar year.

(b) Such report shall be on forms prescribed by the commissioner and shall include:

(I) A financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent public accountant;

(II) Any material changes in the information submitted pursuant to section 10-16-401 (3);

(III) The number of persons enrolled during the year, the number of enrollees as of the end of the year, and the number of enrollments terminated during the year;

(IV) A summary of information compiled pursuant to section 10-16-402 (1) (b) (III) in such form as required by the executive director;

(V) Such other information relating to the performance of the health maintenance organization as is necessary to enable the commissioner to carry out the commissioner's duties under this part 1 and part 4 of this article.

(c) and (d) Repealed.

(e) Each health maintenance organization shall report to the commissioner within five days of receipt or determination of a noncompliance order issued by the United States

department of health and human services. Each health maintenance organization shall report to the commissioner within five days of receipt of determination by the United States department of health and human services or the health maintenance organization or a creditor or guarantor as to repayment schedule of loans or modification of financial commitments. The report shall include any determination for the ensuing twelve-month period. Upon providing such report, the health maintenance organization shall submit a revised financial statement recognizing the appropriate amounts as a direct liability.

(3) **Prepaid dental care plan organizations.** (a) Every prepaid dental care plan organization subject to this part 1 and part 5 of this article shall file with the commissioner annually, on or before March 1, a report verified by at least two principal officers covering the preceding calendar year.

(b) Such report shall be on forms prescribed by the commissioner and shall include:

(I) A financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent public accountant;

(II) Any material changes in the information submitted pursuant to section 10-16-503 (1);

(III) The number of persons enrolled during the year, the number of enrollees as of the end of the year, and the number of enrollments terminated during the year;

(IV) Statistics relating to the cost of its operations, the pattern of utilization of its services, and the availability and accessibility of its services;

(V) Such other information relating to the performance of the organization as is necessary to enable the commissioner to carry out the commissioner's duties under this part 1 and part 5 of this article.

(4) (a) On or before June 1 of each year, a carrier doing business in this state shall submit to the commissioner, where applicable, the following cost information for the previous calendar year:

(I) Medical trend itemized by medical provider price increases, utilization changes, medical cost shifting, and new medical procedures and technology;

(II) Medical trend itemized by pharmaceutical price increases, utilization changes, cost shifting, and the introductions of new brand and generic drugs;

(III) Dividends paid;

(IV) Executive salaries, stock options, or bonuses;

(V) Insurance producer commissions;

(VI) Payments to legal counsel;

(VII) Provision for profit and contingencies;

(VIII) Administrative expenditures with breakdowns for advertising or marketing expenditures, paid lobbying expenditures, and staff salaries;

(IX) Expenditures for disease or case management programs or patient education and other cost containment or quality improvement expenses;

(X) Charitable contributions;

(XI) Losses on investments or investment income;

(XII) Reserves on hand;

(XIII) The amount of surplus and the amount of surplus relative to the carrier's risk-based capital requirement;

(XIV) Taxes itemized by category;

(XV) Administrative ratio;

(XVI) Actual benefits ratio;

(XVII) The number of lives insured under each benefit plan the carrier offers to small employers; and

(XVIII) The cost of providing or arranging health care services.

(a.5) (I) In addition to and in conjunction with the information submitted pursuant to paragraph (a) of this subsection (4), a carrier that participates in the individual market in Colorado shall submit to the commissioner the following information:

(A) The number of applicants for a child-only plan;

(B) The number of individuals enrolled in a child-only plan; and

(C) The number of applicants denied enrollment in a child-only plan and the reasons for the denials.

(II) This paragraph (a.5) is repealed, effective January 1, 2014.

(b) A carrier licensed in multiple jurisdictions may satisfy the requirements of paragraph (a) of this subsection (4) by filing the Colorado allocated portion of national data if the actual data is not otherwise available.

(c) The commissioner shall aggregate the data submitted pursuant to paragraph (a) of this subsection (4) for all carriers and publish the information on the division's web site. The commissioner shall submit a report annually to the general assembly that analyzes the cost of health care and the factors that drive the cost of health care on an individual and group basis in this state.

(d) The commissioner shall report annually to the general assembly regarding financial information on carriers that includes, but is not limited to, benefits ratios, rate increases, and the reasons or data tracked for cost increases, as applicable for health insurance provided pursuant to this article.

#### **10-16-112. Private utilization review - health care coverage entity responsibility.**

(1) As used in this section, unless the context otherwise requires:

(a) "Private utilization review organization" means an entity, other than a hospital or public reviewer following federal guidelines, which conducts utilization review. This definition shall not apply to any independent medical examination provided for in any policy of insurance.

(b) "Utilization review" means an evaluation of the necessity, appropriateness, and efficiency of the use of health care services, procedures, and facilities, but does not include any independent medical examination provided for in any policy of insurance.

(2) Any private utilization review organization providing services to an insurance carrier, nonprofit hospital and health care service corporation, or health maintenance organization regulated pursuant to the provisions of this article is the direct representative of the insurance carrier, nonprofit hospital and health care service corporation, or health maintenance organization. Any insurance carrier, nonprofit hospital and health care service corporation, or health maintenance organization is responsible for the actions of any private utilization review organization acting within the scope of any contract and on its behalf within the scope of any contract which result in any violation of this title or any rules or regulations promulgated by the commissioner.

**Source:** L. 93: Entire section added, p. 494, § 2, effective April 26.

**10-16-113. Procedure for denial of benefits - internal review - rules.** (1) (a) A health coverage plan shall not make a determination, in whole or in part, that it will deny a request for benefits for a covered individual on the ground that such treatment or covered benefit is not medically necessary, appropriate, effective, or efficient unless such denial is made pursuant to this section.

(b) For the purposes of this section, a denial of a preauthorization for a covered benefit shall be considered a denial of a request for benefits and shall be made pursuant to the provisions of this section.

(c) If a health coverage plan denies a benefit because the treatment is an excluded benefit and the claimant presents evidence from a medical professional licensed pursuant to the "Colorado Medical Practice Act", article 36 of title 12, C.R.S., or, for dental plans only, a dentist licensed pursuant to the "Dental Practice Law of Colorado", article 35 of title 12, C.R.S., acting within his or her scope of practice, that there is a reasonable medical basis that the contractual exclusion does not apply to the denied benefit, such evidence establishes that the benefit denial is subject to the appeals process. The denial of such benefit shall be subject to the appeals provisions of this section and section 10-16-113.5.

(2) Following a denial of a request for benefits by the health coverage plan, such plan shall notify the covered person in writing. The content of such notification and the deadlines for making such notification shall be made pursuant to regulations promulgated by the commissioner.

(3) (a) (I) All denials of requests for reimbursement for medical treatment, standing referrals, or other benefits on the ground that such treatment or covered benefit is not medically necessary, appropriate, effective, or efficient shall include:

(A) An explanation of the specific medical basis for the denial;

(B) The specific reasons for the adverse determination;

(C) Reference to the specific health coverage plan provisions on which the determination is based;

(D) A description of the health coverage plan's review procedures and the time limits applicable to such procedures and shall advise the covered person and the covered person's designated representative of the right to appeal such decision; and

(E) A description of any additional material or information necessary, if any, for the covered person and the covered person's designated representative to perfect the request for benefits and an explanation of why such material or information is necessary.

(II) In the case of an adverse benefit determination by health coverage plan:

(A) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, the carrier shall furnish the covered person and the covered person's representative with either the specific rule, guideline, protocol, or other similar criterion or a statement that such rule, guideline, protocol, or other criterion was relied upon in making the adverse determination and that a copy of such rule, guideline, protocol, or other criterion will be provided free of charge to the covered person and the covered person's designated representative upon request; or

(B) If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, the carrier shall furnish the covered person and the covered person's designated representative with either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the covered person's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

(III) In the event of an adverse benefit determination by a health coverage plan concerning a request involving urgent care, a carrier:

(A) Shall provide a description of the expedited review process applicable to such requests to the covered person and the covered person's designated representative; and

(B) May communicate the other information required pursuant to subparagraph (I) of this paragraph (a) to the covered person orally within the time frame outlined in 29 CFR 2560.503-1 (f) (2) (i) so long as a written or electronic copy of such information is furnished to the covered person no later than three days after the oral notification.

(b) (I) For the purposes of this paragraph (b), a "health coverage plan" does not include insurance arising out of the "Workers' Compensation Act of Colorado" or other similar law, automobile medical payment insurance, or property and casualty insurance. A health coverage plan shall specify that an appeal from the denial of a request for covered benefits on the ground that such benefits are not medically necessary, appropriate, effective, or efficient shall include a two-level internal review of the decision, followed by the right of the covered person to request an external review under section 10-16-113.5. The covered

person shall have the option of choosing whether to utilize the voluntary second-level internal appeal process. The commissioner shall promulgate rules for such benefits denials that reflect the requirements in 29 CFR 2560.503-1 (a) to (j). In addition, the commissioner shall promulgate rules specifying the elements of and timelines for external review appeals procedures, including but not limited to the review of appeals requiring expedited reviews and authorizations by the covered individual requesting an independent external review for access to medical records necessary for the conduct of the external review. The commissioner shall consult with and utilize public and private resources, including but not limited to health care providers, in the development of such rules.

(II) and (III) (Deleted by amendment, L. 2003, p. 1384, § 1, effective January 1, 2004.)

(IV) The carrier shall notify the covered person of his or her right to appeal a denial of benefits through a two-level internal review process and that the second level of internal review may be utilized at the option of the covered person.

(V) The first-level appeal shall be evaluated by a physician who shall consult with an appropriate clinical peer or peers, unless the reviewing physician is a clinical peer; except that, in the case of dental care, the first-level appeal may be evaluated by a dentist, who shall consult with an appropriate clinical peer or peers, unless the reviewing dentist is a clinical peer. The physician or dentist and clinical peers shall not have been involved in the initial adverse determination. A person who was previously involved with the denial may answer questions.

(VI) (A) The second-level internal review of an appeal from the denial of a request for covered benefits shall be reviewed by a health care professional who has appropriate expertise, who was not previously involved in the appeal, and who does not have a direct financial interest in the appeal or outcome of the review.

(B) The health coverage plan shall allow the covered person to be present for the second-level internal review, either in person or by telephone conference. The covered person shall have the opportunity to bring counsel, advocates, and health care professionals to the review, to prepare in advance for the review, and to present materials to the health care professional prior to the review and at the time of the review. The health coverage plan and the covered person shall, upon request, provide a copy of the materials it presents at the review to the other party at least five days prior to the review. If new information is developed after the five-day deadline, such material may be presented when practicable. The health coverage plan shall notify the covered person that the plan shall make an audio or video recording of the review unless neither the covered person nor the health coverage plan wants the recording made. The health coverage plan shall make such recording available to the covered person. If there is an external review, the audio or video recording shall, at the request of either party, be included in the material provided by the carrier to the reviewing entity.

(4) All written denials of requests for covered benefits on the ground that such benefits are not medically necessary, appropriate, effective, or efficient shall be signed by a licensed physician familiar with standards of care in Colorado. In the case of written denials of requests for covered benefits for dental care, a licensed dentist familiar with standards of care in Colorado may sign the written denial.

(5) A covered person's health care provider may communicate with the physician or dentist involved in the initial decision to deny reimbursement for or coverage of medical treatment or other benefits.

(6) (Deleted by amendment, L. 2003, p. 1384, § 1, effective January 1, 2004.)

(7) Nothing in this section shall preclude or deny the right of the covered individual to seek any other remedy or relief.

**10-16-113.5. Independent external review of benefit denials - legislative declaration - definitions.** (1) The general assembly hereby finds, determines, and declares that, in the interest of improving accountability for health care coverage decisions, covered individuals should have the option of an independent external review by qualified experts when they have been denied a request for coverage pursuant to their health plan's procedures for denial of benefits required by section 10-16-113.

(2) As used in this section, unless the context otherwise requires:

(a) (I) "Covered individual requesting an independent external review" means a covered person who:

(A) Has gone through at least one of the internal appeals review levels offered by a health coverage plan and established pursuant to section 10-16-113 (3) and who has requested an independent external review of a health coverage plan's decision to deny reimbursement for or coverage of medical treatment that is a covered benefit on the grounds that such treatment is not medically necessary, medically appropriate, medically effective, or medically efficient; or

(B) Has pursued an expedited review of a denial of a benefit pursuant to state regulation.

(II) The term "covered individual requesting an independent external review" shall also include the designated representative of a covered individual requesting an independent external review.

(b) "Expedited review" means a review following completion of procedures for expedited internal review of an adverse determination involving a situation where the time frame of the standard independent external review procedures would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function.

(c) (I) "Expert reviewer" means a physician or other appropriate health care provider assigned by an independent external review entity to conduct an independent external review. An expert reviewer shall not:

(A) Have been involved in the covered individual's care previously;

(B) Be a member of the board of directors of the health coverage plan;

(C) Have been previously involved in the review process for the covered individual requesting an independent external review;

(D) Have a direct financial interest in the case or in the outcome of the review; or

(E) Be an employee of the health coverage plan.

(II) Physicians or other appropriate health care providers who are expert reviewers shall:

(A) Be experts in the treatment of the medical condition of the covered individual requesting an independent external review and knowledgeable about the recommended treatment or service that is the subject of the review through the expert's actual, current clinical experience;

(B) Hold a license issued by a state and, for physicians, a current certification by a recognized American medical specialty board in the area appropriate to the subject of review; and

(C) Have no history of disciplinary action or sanction, including loss of staff privileges or participation restrictions, taken or pending by any hospital, government, or regulatory body.

(d) (I) "Health coverage plan" has the same meaning as set forth in section 10-16-102 (22.5).

(II) "Health coverage plan" does not include insurance arising out of the "Workers' Compensation Act of Colorado" or other similar law, automobile medical payment insurance, property and casualty insurance, or insurance under which benefits are payable with

or without regard to fault and which is required by law to be contained in any liability insurance policy or equivalent self-insurance.

(e) “Independent external review entity” means an entity that meets the requirements of this section and is certified by the commissioner to conduct independent external reviews of determinations by a plan to deny a request for reimbursement for or coverage of medical treatment that is a covered benefit for a covered individual on the grounds that such treatment or covered benefit is not medically necessary, medically appropriate, medically effective, or medically efficient. The independent external review entity may not review health coverage plan decisions to deny a request for reimbursement for or coverage of a medical treatment that is not a covered benefit. The independent external review entity may review health care coverage plan decisions to deny a request for reimbursement or coverage of a medical treatment on the grounds that it is an experimental or investigational procedure, but only if such procedure is not explicitly listed as an excluded benefit in the policy. Where a specific procedure is a listed excluded benefit, the plan shall deny coverage on the grounds that it is not a covered benefit and this shall not be reviewable by the independent external review entity.

(f) “Medical and scientific evidence” includes, but is not limited to, the following sources:

(I) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff;

(II) Peer-reviewed literature, biomedical compendia, and other medical literature that meet the criteria of the national institute of health’s national library of medicine for indexing in index medicus, excerpta medicus (“EMBASE”), medline, and MEDLARS data base of health services technology assessment research (“HSTAR”);

(III) Medical journals recognized by the United States secretary of health and human services, pursuant to section 1861 (t) (2) of the federal “Social Security Act”;

(IV) The following standard reference compendia:

(A) The American hospital formulary service-drug information;

(B) The American medical association drug evaluation;

(C) The American dental association accepted dental therapeutics; and

(D) The United States pharmacopoeia - drug information.

(V) Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the federal agency for health care policy and research, national institutes of health, the national cancer institute, the national academy of sciences, the health care financing administration, the congressional office of technology assessment, and the national board recognized by the national institutes of health for the purpose of evaluating the medical value of health services.

(3) Health coverage plans shall make available an independent external review process that meets the requirements of this section. The cost of an independent external review shall be paid by the health coverage plan.

(4) (a) To qualify for certification by the commissioner as an independent external review entity, such entity shall meet the following requirements:

(I) The independent external review entity shall ensure that cases are reviewed by expert reviewers knowledgeable about the recommended treatment or service through the expert reviewers’ actual, current clinical experience and who have appropriate expertise in the same or similar specialties as would typically manage the case being reviewed.

(II) The independent external review entity shall ensure that the decision is based upon a case review that includes a review of the medical records of the covered individual requesting an independent external review and a review of relevant medical and scientific evidence.

(III) The independent external review entity shall have a quality assurance procedure that ensures the timeliness and quality of the reviews conducted pursuant to this section, the qualifications and independence of the expert reviewers, and the confidentiality of medical records and review materials.

(IV) The independent external review entity shall maintain patient confidentiality pursuant to Colorado and federal law.

(b) In addition to the requirements set forth in paragraph (a) of this subsection (4), the commissioner shall only certify an independent external review entity that:

(I) Is not a subsidiary of, or owned or controlled by, a carrier, trade association of carriers, or a professional association of health care providers;

(II) Maintains documentation available for review by the division of insurance upon request that shall include the following:

(A) The names of all stockholders and owners of more than five percent of such stock or options;

(B) The names of all holders of bonds or notes in amounts in excess of one hundred thousand dollars;

(C) The names of all corporations and organizations that the independent external review entity controls or is affiliated with, and the nature and extent of any ownership or control, including the affiliated organization's business activities;

(D) The names of all directors, officers, and executives of the independent external review entity and a statement regarding any relationship the directors, officers, or executives may have with any health coverage plan or carrier;

(III) Does not have any material professional, family, or financial conflict of interest with:

(A) The health coverage plan or any officer, director, or executive of the health coverage plan. This requirement shall not prohibit a physician or qualified health care professional who contracts with the health coverage plan as a participating provider from serving on a review panel of the independent external review entity if the physician or qualified health care professional meets the requirements of paragraph (c) of subsection (2) of this section. If a participating provider serves on the panel reviewing the case of a covered individual requesting an independent external review, the covered individual requesting an independent external review shall be notified that a health care professional serving on the review panel has a contract as a participating provider with the health coverage plan.

(B) The physician or physician's medical group that treated the covered individual requesting an independent external review;

(C) The institution at which the treatment or service would be provided;

(D) The development or manufacture of the principal drug, device, procedure, treatment, or service proposed for the covered individual requesting an independent external review whose treatment is under review; or

(E) The covered individual requesting an independent external review.

(c) Nothing in subparagraph (III) of paragraph (b) of this subsection (4) shall be construed to include affiliations that are limited to staff privileges at a health care institution.

(d) The commissioner shall promulgate such rules as are necessary for the certification of independent external review entities under this section. The commissioner may deny, suspend, or revoke the certification of an independent external review entity that does not comply with the requirements of this section. The commissioner shall have the authority to contract with any person or entity to develop the certification rules and for administration of the certification program. The commissioner shall consult with and utilize public and private resources, including but not limited to health care providers, in the development of such rules.

(5) Upon receipt of a request from a covered person requesting an independent external review of a denial, the health care coverage plan shall contact the division of insurance. The division of insurance or its contractor shall inform the health care coverage plan of the name of the certified independent external review entity to which the appeal should be sent.

(6) All health coverage plan materials dealing with the plan's grievance procedures shall advise covered persons in writing of the availability of an independent external review process, the circumstances under which a covered individual requesting an independent external review may use the independent external review process, the procedures for requesting an independent external review, and the deadlines associated with an independent external review.

(7) A covered individual requesting an independent external review shall make such request within sixty calendar days after receiving notification of a second-level appeal denial of coverage for such treatment or service. Such notification of the denial of coverage shall include a notification of the person's right to an independent external review. A covered individual requesting an independent external review shall notify the plan if the covered individual requesting an independent external review requests an expedited review.

(8) After receipt of a written request for an independent external review, a health coverage plan shall notify the covered individual requesting an independent external review in writing. Such notification shall include descriptive information on the certified independent external review entity that the division of insurance or its contractor has selected to conduct the independent external review.

(9) (a) The health coverage plan shall provide to the certified independent external review entity a copy of the following documents after the division of insurance or its contractor has selected a certified independent external review entity for the case:

(I) Any information submitted to the health coverage plan by a covered individual requesting an independent external review or the physician or other health care professional of the covered individual seeking an independent external review in support of the request of the covered individual requesting an independent external review for coverage under the health coverage plan's procedures. The certified independent external review entity shall maintain the confidentiality of any medical records submitted pursuant to this subsection (9).

(II) A copy of any relevant documents used by the plan to determine the medical necessity, medical appropriateness, medical effectiveness, or medical efficiency of the proposed service or treatment, and a copy of any denial letters issued by the plan concerning the individual case under review. The health coverage plan shall provide, upon request to the covered individual requesting an independent external review, all relevant information supplied to the independent external review entity that is not confidential or privileged under state or federal law concerning the individual case under review.

(b) The certified independent external review entity shall notify the covered individual requesting an independent external review, the physician or other health care professional of the covered individual requesting an independent external review, and the health coverage plan of any additional medical information required to conduct the review after receipt of the documentation required pursuant to this section. The covered individual requesting independent external review or the physician or other health care professional of the covered individual requesting an independent external review shall submit the additional information, or an explanation of why the additional information is not being submitted, to the certified independent external review entity and the health coverage plan after the receipt of such a request. The health coverage plan may, at its discretion, determine that additional information provided by the covered individual requesting independent external review or the physician or other health care professional of the covered individual requesting independent external review justifies a reconsideration of its denial of coverage, and a subsequent decision by the health coverage plan to provide coverage shall terminate the independent external review upon notification in writing to the certified independent external review entity and the covered individual requesting an independent external review.

(10) (a) The certified independent external review entity shall submit the expert determination to the health coverage plan, the covered individual requesting independent external review, and the physician or other health care professional of the covered individual requesting an independent external review within thirty working days after the health coverage plan has received a request for external review; except that, at the request of the expert reviewer, such deadline shall be extended by up to ten working days for the consideration of additional information required pursuant to this section. In the case of an expedited review, the determinations shall be submitted within seven working days after the health coverage plan has received a request for external review; except that, at the request of the expert reviewer, the deadline shall be extended for five working days for the consideration of additional information required pursuant to this section.

(b) The expert reviewer's determination shall be in writing and state the reasons the requested treatment or service should or should not be covered. The expert reviewer's determinations shall specifically cite the relevant provisions in the health coverage plan documentation, the specific medical condition of the covered individual requesting an independent external review, and the relevant documents provided pursuant to this section to support the expert reviewer's determination. The expert reviewer's determination shall be based on an objective review of relevant medical and scientific evidence.

(c) Determinations shall also include:

- (I) The titles and qualifying credentials of the persons conducting the review;
- (II) A statement of the understanding of the persons conducting the review of the nature of the grievance and all pertinent facts;
- (III) The rationale for the decision;
- (IV) Reference to medical and scientific evidence and documentation considered in making the determination; and
- (V) In cases involving a determination adverse to the covered individual requesting an independent external review, the instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination.

(11) The determinations of the expert reviewer shall be binding on the health coverage plan and on the covered individual requesting independent external review. A determination of the expert reviewer in favor of the covered individual requesting independent external review shall create a rebuttable presumption in any subsequent action that the health coverage plan's coverage determination was not appropriate. A determination of the expert reviewer in favor of the health coverage plan shall create a rebuttable presumption in any subsequent action that the health coverage plan's coverage determination was appropriate.

(12) Where an expert determination is made in favor of the covered individual requesting an independent external review, coverage for the treatment and services required under this section shall be provided subject to the terms and conditions applicable to benefits under the health coverage plan.

(13) A certified independent external review entity and an expert reviewer assigned by such independent external review entity to conduct a review pursuant to this section shall be immune from civil liability in any action brought by any person based upon the determinations made pursuant to this section. This subsection (13) shall not apply to an act or omission of the independent external review entity that is made in bad faith or involves gross negligence.

(14) Nothing in this section shall make the health coverage plan liable for damages arising from any act or omission of the certified independent external review entity.

(15) A health coverage plan may require a surety bond to indemnify the health coverage plan for the certified independent external review entity's noncompliance with this section.

**10-16-113.7. Reporting the denial of benefits to division.** Each carrier shall report the number and outcome of second-level internal appeals pursuant to section 10-16-113 to the division by February 1 of each year. On at least an annual basis, the division shall compile the information reported by each carrier along with the number and outcome of third-level external appeals of each health coverage plan and make such information available on the division web site and for public inspection. The commissioner may specify the format in which the information shall be submitted by a carrier.

**10-16-114. Short title.** Sections 10-16-114 to 10-16-117 shall be known and may be cited as the "Colorado Catastrophic Health Insurance Coverage Act".

**Source: L. 94:** Entire section added, p. 742, § 1, effective January 1, 1995.

**10-16-115. Definitions.** As used in sections 10-16-114 to 10-16-117, unless the context otherwise requires:

(1) "Catastrophic health insurance" means insurance meeting the requirements set forth in section 10-16-116 (2).

(2) "Dependent child" means an adopted or natural child of an employee who is:

(a) Under twenty-one years of age;

(b) Legally entitled to or the subject of a court order for the provision of proper or necessary subsistence, education, medical care, or any other care necessary for the individual's health, guidance, or well-being and who is not otherwise emancipated, self-supporting, married, or a member of the armed forces of the United States; or

(c) So mentally or physically incapacitated that the individual cannot provide for himself or herself.

(3) "Employee" means an individual who resides in this state and is employed by an employer.

(4) "Employer" means a person or entity employing one or more individuals in this state, excluding the federal government or businesses providing health insurance coverage through a self-insured plan which has benefits equal to or greater than a catastrophic health insurance plan set forth in section 10-16-116.

**Source: L. 94:** Entire section added, p. 742, § 1, effective January 1, 1995.

**10-16-116. Catastrophic health insurance - coverage.** (1) An employer may offer catastrophic health insurance to its employees pursuant to sections 10-16-114 to 10-16-117. Employees who elect such coverage shall pay the cost of the insurance pursuant to section 10-16-117.

(2) Each catastrophic health insurance policy issued pursuant to subsection (1) of this section is required to:

(a) Be issued to the employer unless issued as an individual plan pursuant to section 10-16-105.2 (1) (d);

(b) In order to be considered a qualified higher deductible plan for purposes of a medical savings account pursuant to section 39-22-504.7, C.R.S., or other provisions of state law, meet the requirements for a qualifying plan for a medical savings account under federal law and have a minimum deductible of at least one thousand five hundred dollars but no more than two thousand two hundred fifty dollars for individual coverage or at least three thousand dollars but no more than four thousand five hundred dollars for family coverage;

(c) Offer coverage for the spouse and dependent children of the insured employee;

(d) Cover all employees who elect coverage and are not otherwise covered by medicare or another health insurance policy;

(e) For group coverage, cover an employee and eligible dependents regardless of health status; except that a business group of one may be restricted to obtaining coverage during an open enrollment period as specified by section 10-16-105 (7.3) (i);

(f) Be priced according to appropriate rating requirements for health benefit plans as specified by law;

(g) Provide a clearly written contract of coverage, including a list of procedures covered under the policy;

(h) For group coverage, include a portability clause which provides that:

(I) When an employee leaves employment for any reason the employee, the employee's spouse, and the employee's dependent children may each elect to continue coverage or convert coverage to an individual policy pursuant to section 10-16-108; and

(II) Conversion benefits shall be the insured's choice of the same catastrophic coverage issued, without evidence of insurability, as an individual policy or the conversion coverage specified in section 10-16-108;

(i) Comply with requirements for health benefit plans specified in this article, including those related to preexisting conditions in accordance with section 10-16-118.

(3) Insurers shall provide a written disclosure to a covered person that indicates the mandated benefits of section 10-16-104 (1), (1.7), (5), (5.5), (8), (9), (10), (11), (12), (13),

(14), and (18) (b) (III) are covered benefits of the high deductible health plan offered pursuant to section 10-16-105 (7.2) (b) (II); except that the mandated benefits for mammography, prostate screenings, child health supervision services, and prosthetic devices shall be subject to policy deductibles.

#### **10-16-117. Premium payments - pre-tax - election - reporting requirements.**

(1) When catastrophic health insurance is purchased pursuant to sections 10-16-114 to 10-16-117, the employer, at its option, may pay all or a part of such cost.

(2) If claiming an exclusion of premium payments for state income tax purposes pursuant to section 39-22-104.5, C.R.S., an employee shall elect to purchase catastrophic health insurance by signing a written election. Such election shall be in the form prescribed by the executive director of the department of revenue and shall be signed prior to the date the employer withholds the first contribution.

(3) An employer shall withhold the premium payments for catastrophic health insurance from the wages of an employee who has elected coverage pursuant to subsection (2) of this section and shall remit the premiums to the insuring entity on the employee's behalf. All such premiums collected by an employer are withheld from the employee's wages on a pre-tax basis pursuant to section 39-22-104.5, C.R.S.

(4) An employer withholding premium payments from an employee's wages pursuant to subsection (3) of this section shall report the amount withheld to the department of revenue, pursuant to rules promulgated by such department.

#### **10-16-118. Limitations on preexisting condition limitations.** (1) A health coverage plan that covers residents of this state:

(a) (I) If it is a group health benefit plan, shall not deny, exclude, or limit benefits for a covered individual because of a preexisting condition for losses incurred more than six months following the date of enrollment of the individual in such plan or, if earlier, the first day of the waiting period for such enrollment; except that, for business groups of one, a health benefit plan shall not deny, exclude, or limit benefits for a covered individual because of a preexisting condition for losses incurred more than twelve months following the date of enrollment of the individual in such plan. A group health benefit plan may impose a preexisting condition exclusion or limitation only if such exclusion relates to a condition (whether physical or mental), regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within six months immediately preceding the date of enrollment of the individual in such plan or, if earlier, the first day of the waiting period for such enrollment; except that a group health benefit plan shall not impose any preexisting condition exclusion in the case of a child that is adopted or placed for adoption before attaining eighteen years of age, or relating to pregnancy.

(II) If it is an individual health benefit plan, or a group health coverage plan to which subparagraph (I) of this paragraph (a) does not apply, shall not deny, exclude, or limit benefits for a covered individual because of a preexisting condition for losses incurred more than twelve months following the effective date of coverage and may not define a

preexisting condition more restrictively than an injury, sickness, or pregnancy for which a person incurred charges, received medical treatment, consulted a health care professional, or took prescription drugs within twelve months.

(III) If it is a health maintenance organization that does not utilize preexisting condition limitations in any health benefit plan, may impose an affiliation period. An affiliation period shall run concurrently with any waiting period. Such a health maintenance organization may, in lieu of an affiliation period, use an alternative method to address adverse selection with the prior approval of the commissioner.

(b) Shall waive any affiliation period or time period applicable to a preexisting condition exclusion or limitation period for the period of time an individual was previously covered by creditable coverage if such creditable coverage was continuous to a date not more than ninety days prior to the effective date of the new coverage. The period of continuous coverage shall not include any waiting period for the effective date of the new coverage. This paragraph (b) shall not preclude application of any waiting period applicable to all new enrollees under the plan. The method of crediting and certifying coverage shall be determined by the commissioner by rule.

(c) Shall exclude coverage for late enrollees for the greater of twelve months or for no more than an eighteen-month-preexisting condition exclusion; except that, if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period shall not exceed eighteen months from the date the individual enrolls for coverage under the health benefit plan. Health maintenance organizations that do not use preexisting condition exclusion periods in any of their plans may impose up to a three-month affiliation period in lieu of the eighteen-month preexisting condition period.

#### ANNOTATION

**Subsection (1)(a)(II) applies only to the general category of preexisting conditions** for one year after the effective date of an individual health coverage plan and can be construed to permanently allow the limitation, denial, or ex-

clusion of benefits if coverage for a condition is explicitly excluded from such plan. *Usick v. Am. Family Mut. Ins. Co.*, 131 P.3d 1195 (Colo. App. 2006).

**10-16-119. Requirements for excess loss insurance used in conjunction with self-insured employer benefit plans under the federal "Employee Retirement Income Security Act".** (1) Any entity issuing excess loss insurance shall file all policy forms with the division and certify compliance with the provisions of this title.

(2) All excess loss insurance shall be issued to cover the employer's liability under the employer's self-insured obligation. Excess loss insurance shall meet the following requirements:

(a) The policy shall only be issued to insure an employer and not the employer's employees;

(b) Payment by the issuer of the insurance shall only be made to the employer and not the employees or providers;

(c) Commencing with policies issued or renewed on and after January 1, 2003, the minimum retention to the employer shall be no less than fifteen thousand dollars per person per plan year with a minimum one hundred twenty percent of expected claims aggregate.

**10-16-121. Required contract provisions in contracts between carriers and providers.** (1) A contract between a carrier and a provider or its representative concerning the delivery, provision, payment, or offering of care or services covered by a managed care plan shall make provisions for the following requirements:

(a) The contract shall contain a provision stating that neither the provider nor the carrier shall be prohibited from protesting or expressing disagreement with a medical decision, medical policy, or medical practice of the carrier or provider.

(b) The contract shall contain a provision that states the carrier shall not terminate the contract with a provider because the provider expresses disagreement with a carrier's decision to deny or limit benefits to a covered person or because the provider assists the covered person to seek reconsideration of the carrier's decision or because a provider discusses with a current, former, or prospective patient any aspect of the patient's medical condition, any proposed treatments or treatment alternatives, whether covered by the plan or not, policy provisions of a plan, or a provider's personal recommendation regarding selection of a health plan based on the provider's personal knowledge of the health needs of such patients.

(c) Any contract providing for the performance of claims processing functions by an entity with which the carrier contracts shall require such entity to comply with section 10-16-106.5 (3), (4), and (5).

(d) The contract shall contain a provision that the provider shall not be subjected to financial disincentives based on the number of referrals made to participating providers in the health plan for covered benefits so long as the provider making the referral adheres to the carrier's or the carrier's intermediary's utilization review policies and procedures.

(2) Nothing in subsection (1) of this section shall be construed to prohibit a carrier from:

(a) Including in its provider contracts a provision that precludes a provider from making, publishing, disseminating, or circulating directly or indirectly or aiding, abetting, or encouraging the making, publishing, disseminating, or circulating of any oral or written statement or any pamphlet, circular, article, or literature that is false or maliciously critical of the carrier and calculated to injure such carrier; or

(b) Terminating a contract with a provider because such provider materially misrepresents the provisions, terms, or requirements of a carrier's products; or

(c) Terminating a contract with a provider pursuant to a contract provision that allows either party to the contract to terminate the contract without cause pursuant to specific notice requirements that are the same for both parties.

(3) Each contract between a carrier and an intermediary shall contain a provision requiring that the underlying contract authorizing the intermediary to negotiate and execute contracts with carriers, on behalf of the providers, shall comply with the requirements of subsection (1) of this section.

(4) The commissioner shall not act to arbitrate, mediate, or settle disputes between a carrier, its intermediaries, or a provider network arising under or by reason of a provider contract or its termination. Existing dispute resolution mechanisms available in contract law shall be used to resolve such disputes. Notwithstanding any provision of law to the contrary, the commissioner is not prohibited from enforcing the applicable provisions of this article.

(5) The commissioner shall, after notice and hearing, promulgate reasonable regulations as are necessary or proper to carry out the requirements of this section.

(6) No contract between a carrier and a provider or its representative or between a carrier and an intermediary that concerns the delivery, provision, payment, or offering of care or services covered by a managed care plan shall be issued, renewed, amended, or extended in this state after January 1, 1997, unless it complies with the requirements of this section.

#### ANNOTATION

**This section and § 10-16-705 (7) are expressions of the intent of the general assembly that termination clauses should be permitted in contracts between doctors and**

**health care providers.** Grossman v. Columbine Medical Group, Inc., 12 P.3d 269 (Colo. App. 1999).

**10-16-122. Access to prescription drugs.** (1) Except as provided in section 25.5-5-404 (1) (u), C.R.S., any pharmacy benefit management firm or intermediary whose contract with a carrier, as defined in section 10-16-102 (8), includes an open network shall allow participation by each pharmacy provider in the contract service area. If a pharmacy benefit management firm or intermediary offers an open network, the pharmacy benefit management firm or intermediary may offer such network on a regional or local basis.

(2) For purposes of this section, "open network" means any pharmacy network created by a pharmacy benefit management firm or intermediary through a contracting process with pharmacy providers that does not include competitive bidding and allows participation by any pharmacy provider that agrees to the terms and conditions of the contract offered by the pharmacy benefit management firm or intermediary.

(3) A pharmacy benefit management firm or intermediary shall not be prohibited from contracting with exclusive pharmacy networks if, sixty days before the termination or effective date of an exclusive pharmacy network contract between the pharmacy providers and the pharmacy benefit management firm or intermediary, notice of such termination or of the effective date of an exclusive pharmacy network contract is published in one or more newspapers of general circulation in the affected contract service area. Notice shall include information about where in Colorado a copy of the pharmacy provider selection criteria may be obtained.

(4) (a) No pharmacy benefit manager or carrier offering a managed care plan shall transfer or request that a pharmacy provider transfer the prescription or prescriptions of a covered person or subscriber, wholly or in part, to a different participating pharmacy provider than the provider selected by the covered person or subscriber unless one or more of the following conditions have been met:

(I) The participating pharmacy provider to whom the covered person or subscriber's prescription is to be transferred or the carrier or pharmacy benefit manager has obtained a document, signed by the covered person or subscriber, that contains a clear, conspicuous, and unequivocal request by the covered person or subscriber for a change of provider;

(II) The participating pharmacy provider carrier or pharmacy benefit manager to whom the covered person or subscriber's prescription is to be transferred has obtained the covered person or subscriber's oral authorization for the transfer and is able to furnish proof of such authorization through verification by an independent third party or an electronic record; or

(III) The pharmacy provider's participation in the pharmacy network of the carrier or pharmacy benefit manager has changed and the pharmacy provider selected by the covered person or subscriber is no longer a participating provider in the network, provided that the covered person or subscriber has been notified of the proposed transfer of pharmaceutical

care services and is given an opportunity to affirmatively select a participating pharmacy provider other than the proposed transferee.

(b) Nothing in this subsection (4) shall require a carrier offering a managed care plan or a pharmacy benefit manager to pay for pharmaceutical benefits received from a nonparticipating provider.

**10-16-123. Telemedicine.** (1) It is the intent of the general assembly to recognize the practice of telemedicine as a legitimate means by which an individual in a rural area may receive medical services from a provider without person-to-person contact with the provider.

(2) On or after January 1, 2002, no health benefit plan that is issued, amended, or renewed for a person residing in a county with one hundred fifty thousand or fewer residents may require face-to-face contact between a provider and a covered person for services appropriately provided through telemedicine, pursuant to section 12-36-106 (1) (g), C.R.S., subject to all terms and conditions of the health benefit plan, if such county has the technology necessary for the provisions of telemedicine. Any health benefits provided through telemedicine shall meet the same standard of care as for in-person care. Nothing in this section shall require the use of telemedicine when in-person care by a participating provider is available to a covered person within the carrier's network and within the member's geographic area.

(3) A health benefit plan shall not be required to pay for consultation provided by a provider by telephone or facsimile.

**10-16-124. Prescription information cards - legislative declaration.** (1) It is the intent of the general assembly to lessen patients' waiting times for prescriptions, to decrease administrative burdens for pharmacies, and to improve care to patients by minimizing confusion, eliminating unnecessary paperwork, and streamlining the dispensing of prescription drugs paid for by third party payors.

(2) Each health benefit plan that offers coverage for prescription drugs shall issue to the named insured a card or other device containing uniform prescription drug information. Such card or device shall be in the format approved by the national council for prescription drug programs, shall include all of the required and situational fields and shall conform to the most recent pharmacy identification card or device implementation guide produced by the national council for prescription drug programs.

(3) (a) A new uniform prescription, drug information card or device, as required pursuant to subsection (2) of this section, shall be issued by a carrier:

(I) When a person enrolls in a health benefit plan that offers prescription drug coverage; and

(II) When a person's coverage changes and the change affects data contained on the card or device.

(b) Newly issued cards or devices shall be updated with the latest coverage information and shall conform to the national council for prescription drug programs' standards then in effect and to the implementation guide then in use.

(4) No health maintenance organization that supplies benefits to its plan subscribers through an in-house drug or pharmacy outlet and has received a certificate of authority pursuant to part 4 of this article shall be subject to this section.

(5) The provisions of the section shall not apply to the children's basic health plan as described in article 8 of title 25.5, C.R.S.

**10-16-125. Reimbursement to nurses.** (1) In counties of the state that are neither part of a metropolitan statistical area nor a primary statistical area, a carrier offering a health benefit plan shall not discriminate between a physician and an advanced practice nurse not practicing under the direction of a physician when establishing reimbursement rates for covered services that could be provided by an advanced practice nurse or a physician.

(2) In order to improve access to primary care and choices of providers, a carrier providing a health benefit plan shall evaluate an application for status as a participating provider from an advanced practice nurse utilizing objective and reasonable criteria and shall take into account the provider-to-covered-person ratio for the covered benefits that appropriately may be provided by the advanced practice nurse. The carrier shall make a determination on an application for participating provider status submitted by an advanced practice nurse, and notify the applicant of its determination, within the same period in which the carrier makes a participating provider determination for physicians. If the application is denied, the carrier shall specify the reason for the denial. If the application is approved, the carrier shall list the advanced practice nurse in the provider directory for the health benefit plan.

**10-16-126. Fee-for-service dental plans.** (1) Notwithstanding any provision of this title to the contrary, a fee-for-service dental plan for which premiums are not charged is not subject to the provisions of this title and the offering of such a plan shall not be considered transacting the business of insurance pursuant to section 10-3-903. The offeror of a fee-for-service dental plan shall have no liability for payment of claims and the fees paid to the provider of the services shall be paid directly by the consumer.

(2) Any offeror of such fee-for-service dental plan shall advise the consumer that the plan is not an insurance plan and that the consumer shall be solely responsible for full payment to the provider of any fees or charges incurred by the consumer.

**10-16-129. Health savings accounts.** Any carrier authorized to conduct business in this state that offers coverage pursuant to part 2, 3, or 4 of this article may offer a high deductible health plan that would qualify for and may be offered in conjunction with a health savings account pursuant to 26 U.S.C. sec. 223, as amended. A carrier offering a high deductible health plan that may be offered in conjunction with a health savings account may apply the deductible to mandatory health benefits for mammography, prostate cancer screening, child health supervision services, and prosthetic devices pursuant to section 10-16-104 (10), (11), (14), and (18) (b) (III) if such mandatory benefits are not considered by the federal department of treasury to be preventive or to have an acceptable deductible amount.

**10-16-130. Disclosure of rate increases to public entities - legislative declaration - definitions.** (1) The general assembly hereby finds, determines, and declares that variability in premiums by carriers offering health benefit coverage to a public entity present difficulties for fiscal planning for the public entity. Therefore, it is in the best interest of the state to promote greater accountability to the public and sound fiscal policy by public entities through disclosure by health insurance carriers of information concerning the public entity's rate, loss ratio, and the total number of claims exceeding ten thousand dollars for the public entity.

(2) A carrier authorized to conduct business in this state that offers coverage pursuant to part 2, 3, or 4 of this article to a public entity, with one hundred or more employees enrolled in such coverage, shall disclose to the public entity, at the request of the public entity, once annually and concurrent with the issuance of the employer's rate renewal, the following information as it relates to the amounts of coverage being considered for calculating the renewal:

- (a) The total number of employees covered by the carrier for the public entity;
  - (b) The total dollar amount of claims paid by the carrier on behalf of the public entity;
  - (c) Total of premiums paid; and
  - (d) The number of claims that exceed ten thousand dollars for any one covered person under health benefit coverage for the public entity.
- (3) As used in this section, unless the context otherwise requires:
- (a) "Loss ratio" means the total claims paid for the coverage period divided by the total amount of premiums paid by a public entity.
  - (b) "Public entity" shall have the same meaning as that provided in section 24-10-103 (5), C.R.S.

**10-16-133. Health carrier information disclosure - web site - insurance producer disclosure requirements - legislative declaration.** (1) The general assembly finds and determines that consumers deserve to know the quality and cost of their health care insurance. Health care insurance transparency provides consumers with the information necessary, and the incentive, to choose health plans based on cost and quality. The general assembly further finds that providing reliable cost and quality information about health care insurance empowers consumer choice and that consumer choice creates incentives at all levels and motivates the entire system to provide better care and benefits for less money. Therefore it is the intent of the general assembly to make information regarding the costs of health care insurance readily available to consumers through the division of insurance.

(2) The commissioner shall implement and maintain a consumer guide on the division of insurance web site that is easily accessible and available to consumers regarding each carrier authorized to do business in this state. The web site shall:

(a) Be derived from the information that each carrier is required to file with the division, except for records that are not open to public inspection pursuant to part 2 of article 72 of title 24, C.R.S.;

(b) Include such information as the commissioner determines, in his or her discretion and after soliciting input from interested parties, to be useful to consumers and purchasers of health care insurance; except that records that are not open to public inspection pursuant to part 2 of article 72 of title 24, C.R.S., shall not be included; and

(c) Include a link to the division's complaint form for use by consumers to file a complaint against a carrier and a link to the division's complaint index so that consumers may access information regarding complaints against carriers.

(3) The commissioner is authorized to include additional health plan and quality information on the web site from state or nationally recognized organizations that measure performance of health benefit plans.

(4) The commissioner shall consider alternative methods of making the consumer guide accessible to consumers who do not have internet access.

(5) An insurance producer licensed pursuant to part 4 of article 2 of this title who solicits or negotiates an application for health care insurance on behalf of a carrier shall disclose to the person purchasing the plan that the insurance producer will receive a commission from the carrier. The insurance producer shall provide the consumer with the standard compensation schedule for the product being sold. Any change to the insurance producer's compensation from the initial disclosure to the time of purchase shall be disclosed by the insurance producer to the purchaser at or before the time of sale.

**Source:** **L. 2008:** Entire section added, p. 2067, § 1, effective January 1, 2009.

**10-16-134. Health care transparency - information required - web site - definition.**

(1) On or before March 1, 2009, and on or before March 1 each year thereafter, each carrier shall submit to the division a list of the average reimbursement rates, either statewide or by geographic area, as defined by rule of the commissioner pursuant to section 10-16-104.9, for the average inpatient day or the average reimbursement rate for the twenty-five most common inpatient procedures based upon the most commonly reported diagnostic-related groups.

(2) (a) The commissioner shall post the information submitted pursuant to subsection (1) of this section on the division's web site.

(b) The division shall ensure that the web site and information is easy to navigate, contains consumer-friendly language, and fulfills the intent of this section.

(3) For purposes of this section, "diagnostic-related group" means the classification assigned to an inpatient hospital service claim based on the patient's age and sex, the principal and secondary diagnoses, the procedures performed, and the discharge status.

**Source: L. 2008:** Entire section added, p. 1265, § 4, effective May 27.

**10-16-135. Health benefit plan information cards - rules - standardization - contents.**

(1) (a) The commissioner shall adopt rules requiring every carrier providing a health benefit plan to issue to covered persons to whom a health benefit plan identification card is issued a standardized, printed card containing plan information. To the extent possible, the rules shall incorporate and not conflict with the requirements of section 10-16-124 regarding prescription information cards. The commissioner shall adopt initial rules by October 31, 2008, that describe the format of a standardized, printed card to be issued by carriers to persons covered under a health benefit plan to whom health benefit plan identification cards are issued. The rules establishing the format for the printed card shall include a standard size, shall require the card to be legible and photocopied, and shall delineate the information to be contained on the card, including, but not limited to, the following information, as applicable:

(I) The covered person's name and the applicable plan number;

(II) Copayment and deductible amounts for the most commonly used health care services;

(III) Contact information for the carrier or health benefit plan administrator; and

(IV) An indication of whether the health benefit plan is regulated by the state.

(b) The rules adopted pursuant to paragraph (a) of this subsection (1) shall require all carriers to issue a standardized, printed card to a covered person to whom a health benefit plan identification card is issued upon the purchase or renewal of or enrollment in a plan on or after July 1, 2009. No later than July 1, 2010, all carriers shall issue the standardized, printed card to covered persons to whom health benefit plan identification cards are issued.

(c) Nothing in this section shall preclude a carrier from including information on the standardized, printed cards that is in addition to the information required to be included on the card pursuant to rules adopted pursuant to this section.

(2) (a) No later than thirty days after June 3, 2008, the commissioner, in consultation with the director of the division of professions and occupations in the department of regulatory agencies and the executive director of the department of public health and environment, shall establish a work group comprised of representatives of the divisions of insurance and registrations in the department of regulatory agencies; the departments of public health and environment, personnel, and health care policy and financing; the governor's office of information technology; carriers; providers, including hospitals, physicians, and pharmacists; private businesses; consumers; and other stakeholders deemed appropriate by the commissioner. The work group shall:

(I) Make recommendations on standards for technology and tools through which information may be electronically recognized, exchanged, or transmitted between carriers

and providers, which standards shall conform to any standards adopted by a nonprofit organization that sets relevant national technical standards;

(II) Make recommendations as to the specific information that such technology and tools should be able to electronically exchange or transmit;

(III) Make recommendations to simplify eligibility and coverage verification through electronic data interchange utilizing swipe card or other appropriate technology;

(IV) Make recommendations regarding eligibility notification, preauthorization, or service notification and retroactive denial through electronic data interchange using swipe card or other appropriate technology;

(V) Make recommendations regarding how to incorporate the requirements of section 10-16-124 pertaining to uniform prescription drug information as part of the technology and tools for electronically recognizing, exchanging, or transmitting information between carriers and providers;

(VI) Make recommendations regarding whether, once electronic data interchange technology and tools are fully implemented, standardized, printed cards are necessary and, if so, what information needs to be included on the printed cards;

(VII) Make recommendations regarding when such technology could be implemented for medical assistance programs, as defined in sections 25.5-1-103 and 25.5-4-103, C.R.S.; and

(VIII) Make recommendations, if the work group so chooses, to create a pilot program for initial use of the recommended technology and tools.

(b) The work group established pursuant to paragraph (a) of this subsection (2) shall report its recommendations to the commissioner no later than six months after its first meeting; except that, if the work group is unable to complete its duties in six months, it may request that the commissioner extend the deadline by not more than an additional six months.

(c) After receipt of the work group's recommendations, the commissioner shall adopt rules to implement a standardized electronic swipe card or other appropriate technology to be used by carriers, providers, and covered persons under a health benefit plan to allow access to information regarding the applicable coverage under the plan. Carriers shall implement the new technology no later than two years after the effective date of the rules adopted pursuant to this paragraph (c); except that, if the work group concludes that carriers are unable to fully implement the technology by the deadline, the work group may recommend that the commissioner grant an extension of not more than six months for full implementation of the requirements of such rules.

(3) The rules adopted by the commissioner pursuant to this section shall conform to applicable federal guidelines on standardized claims attachment forms once such federal guidelines are adopted.

(4) The commissioner shall amend, modify, reenact, update, or otherwise revise the rules adopted pursuant to this section as necessary to reflect the most current technology available that will allow real-time data exchange, benefits eligibility, coverage determinations, and other appropriate provider-carrier transactions.

(5) Licensed or certified hospitals and physicians licensed pursuant to article 36 of title 12, C.R.S., shall use the standardized, printed card provided to covered persons and children's basic health plan enrollees and, once implemented, shall use the standardized electronic technology for accessing information about the coverage available under a health benefit plan or the children's basic health plan for a covered person or enrollee to whom health care services are or will be provided by the hospital or physician.

(6) A carrier or provider located in a rural area of the state, as determined by the commissioner, may apply to the commissioner for, and the commissioner may grant, an extension of any of the deadlines imposed by this section if meeting a particular deadline would impose a financial hardship on the rural carrier or provider. The commissioner may require the rural carrier or provider to submit documentation supporting the financial hardship claim.

**10-16-136. Wellness and prevention programs - individual and small group health coverage plans - voluntary participation - incentives or rewards - definitions - legislative declaration - repeal.** (1) The general assembly hereby finds and declares that:

(a) With the rising costs of health care coverage, it is important to find innovative ways to reduce costs and make health coverage more affordable for individuals and small employer groups;

(b) When individuals covered under a health coverage plan lead healthy lifestyles and engage in wellness and disease prevention activities, their need for health care and the costs of their health care are reduced, and the entity providing their health care coverage benefits from reduced utilization rates and costs;

(c) Carriers should be afforded the ability to develop innovative and flexible ways to encourage covered persons under their health coverage plans to engage in activities that promote their overall health and prevent or reduce the impacts of disease;

(d) It is therefore important to allow carriers to provide incentives or rewards, including premium discounts and reduced out-of-pocket costs for health care services, to encourage covered persons to participate in and satisfy a standard related to a health risk factor pursuant to wellness and prevention programs; and

(e) This section is intended to lower costs for all small groups and individuals and is not intended to increase or allow carriers to increase rates for or shift costs to those individuals and small groups that decline to participate in wellness and prevention programs offered by carriers.

(2) (a) Consistent with section 10-16-107 (6) and subject to subsection (3) of this section, a carrier offering an individual health coverage plan or a small group plan in this state may offer incentives or rewards to encourage the individual or small group and other covered persons under the plan to participate in wellness and prevention programs. For purposes of small group plans, the incentives or rewards may be applied to the entire small group or to individuals in the small group based on their participation in wellness and prevention programs. A carrier offering such incentives or rewards shall implement adequate measures to ensure that the privacy of individuals in the group is maintained and that individually identifiable health information is not shared or made available to an individual's employer or any other person not otherwise allowed access to the information under the federal "Health Insurance Portability and Accountability Act of 1996", as amended. A carrier shall not disclose to any third party, including a covered person's employer, and the covered person's employer shall not disclose, any information obtained from or about a covered person in connection with the covered person's participation in a wellness and prevention program that is reasonably attributable to the covered person, unless the covered person consents in writing to disclosure of such information.

(b) (I) Carriers may determine the types of wellness and prevention programs to offer to individuals and small groups and the incentives or rewards allowed under the health coverage plan or small group plan.

(II) Licensed health care providers, community-based wellness programs, employers, and individuals participating in an individual health coverage plan may develop wellness and prevention programs for carriers to consider in determining the types of wellness and prevention programs to offer under a health coverage plan or small group plan.

(III) The incentives or rewards that a carrier may allow under a health coverage plan or small group plan may include, but are not limited to, premium discounts or rebates; modifications to copayment, deductible, or coinsurance amounts; or a combination of these incentives or rewards.

(IV) An incentive or reward offered by a carrier under wellness and prevention programs shall be reasonably related to the program and may be:

(A) Tied only to participation in the program; or

(B) Based on satisfaction of a standard related to a health risk factor, as permitted by and in compliance with the federal "Health Insurance Portability and Accountability Act of 1996", as amended, 42 U.S.C. sec. 201 et seq., and the federal regulations implementing such act.

(c) A carrier shall not offer or sell in this state an individual or group health coverage plan that includes a wellness and prevention program, or an incentive or reward for

participation in a wellness and prevention program, that violates the federal “Health Insurance Portability and Accountability Act of 1996”, as amended, and the federal regulations implementing such act.

(d) Any wellness and prevention program, or an incentive or reward for participation in such program, offered by a carrier pursuant to this section shall comply with the federal “Americans with Disabilities Act of 1990”, as amended, 42 U.S.C. sec. 12101 et seq., and parts 3 to 8 of article 34 of title 24, C.R.S.

(3) A carrier offering incentives or rewards pursuant to this section shall ensure that:

(a) Participation in or satisfaction of a standard related to a health risk factor pursuant to a wellness and prevention program is not a condition of coverage under the health coverage plan or small group plan;

(b) Incentives or rewards are uniformly applied based on the wellness and prevention program, and not based on the size or composition of the small group participating in the program, and that there is a reasonable justification for the amount, frequency, and nature of the incentives or rewards;

(c) Participation in a wellness and prevention program is voluntary and that a penalty may not be imposed on a covered person or small group for not participating in a wellness and prevention program or not satisfying a standard related to a health risk factor pursuant to the program;

(d) Any incentive or reward for satisfying a standard related to a health risk factor is made in compliance with this section, the federal “Health Insurance Portability and Accountability Act of 1996”, as amended, and the federal regulations implementing such act;

(e) The carrier does not market the wellness and prevention program in a manner that reasonably could be construed as providing an incentive or reward primarily for the purpose of inducing individuals or small groups to purchase the carrier’s health coverage plan; and

(f) The carrier does not use wellness and prevention programs, or incentives or rewards under such programs, to increase rates or premiums for any individuals or small groups covered by the carrier’s plans.

(3.5) An incentive or reward based upon satisfaction of a standard related to a health risk factor may be offered or provided by a carrier only pursuant to a bona fide wellness and prevention program and if the following standards are met:

(a) (I) The incentive for the wellness and prevention program, together with the incentive for other wellness and prevention programs with respect to the health coverage plan or small group plan that requires satisfaction of a standard related to a health risk factor, is reasonably related to the program and does not exceed twenty percent of the cost of employee-only coverage under the health coverage or small group plan or, if an employee’s dependents are allowed to participate in the program, does not exceed twenty percent of the cost of the coverage in which an employee and dependents are enrolled. An employer may also receive an incentive for participation of employees in a wellness and prevention program as long as the employees are allowed an incentive.

(II) For purposes of this paragraph (a), the cost of coverage is determined based on the total amount of employer and employee contributions for the benefit package under which the employee is, or the employee and any dependents are, receiving coverage.

(III) An incentive may be in the form of a discount or rebate of a premium or contribution, a waiver of all or part of a cost-sharing mechanism, including, but not limited to, deductibles, copayments, or coinsurance, the absence of a surcharge, or the value of a benefit that would otherwise not be provided under the health coverage or small group plan.

(b) The wellness and prevention program:

(I) Is consistent with evidence-based research and best practices;

(II) Has a reasonable likelihood of improving the health of, or preventing disease in, participating individuals;

(III) Contains culturally and linguistically appropriate programs and materials; and

(IV) Is not overly burdensome, a subterfuge for discriminating based on a health factor, or highly suspect in the method chosen to promote health or prevent disease.

(c) The program gives individuals eligible for the wellness and prevention program the opportunity to qualify for the incentive under the program upon enrollment in the health coverage or small group plan and at least once per year after enrollment.

(d) (I) The full incentive under the wellness and prevention program is made available to all similarly situated individuals. An incentive is not available to all similarly situated individuals for a period unless the wellness and prevention program allows an individual or a licensed health care provider chosen by the individual to request:

(A) A reasonable alternative standard or waiver of the otherwise applicable standard for obtaining the incentive for that period if it is unreasonably difficult for the individual, due to a medical condition, to satisfy the otherwise applicable standard; or

(B) A reasonable alternative standard or waiver of the otherwise applicable standard for obtaining the incentive for that period if it is medically inadvisable for the individual to attempt to satisfy the otherwise applicable standard.

(II) If an individual requests and is granted a waiver or is allowed a reasonable alternative standard and satisfies that standard, the individual shall receive the full incentive under the program that is available to all similarly situated individuals.

(III) If the carrier denies a request for an alternative standard or waiver of a standard that would otherwise be applicable to an individual under a wellness and prevention program, the individual may request an independent external review pursuant to section 10-16-113.5.

(IV) The small employer carrier shall disclose, in all plan materials describing the terms of the wellness and prevention program, the availability of a reasonable alternative standard or the possibility of a waiver of the otherwise applicable standard as required by this paragraph (d). If health coverage or small group plan materials mention the availability of a wellness and prevention program but do not describe the terms of the program, the small employer carrier is not required to make the disclosure of an alternative or waiver pursuant to this subparagraph (IV).

(e) The incentives are provided to an individual based on a program or activity that is scientifically proven to improve health, and the carrier does not provide incentives based on an individual's actual health status.

(3.7) Prior to offering or providing an incentive or reward based upon satisfaction of a standard related to a health risk factor in accordance with subsection (3.5) of this section, a carrier shall submit its proposal for the incentive or reward to a nationally recognized nonprofit entity that accredits wellness programs for review and determination as to whether the proposed program and incentive or reward satisfy the requirements of subsection (3.5) of this section. A carrier shall not offer the proposed program or the incentives or rewards unless the accrediting entity determines that the program and incentives or rewards satisfy those requirements and accredits the carrier's wellness and prevention program.

(4) Nothing in this section shall prohibit a carrier from offering incentives or rewards to covered persons for adherence to programs of health promotion and disease prevention if otherwise allowed by state or federal law.

(5) (a) The division of insurance shall determine which carriers are offering wellness and prevention programs in Colorado and collect the following information from those carriers:

(I) The types of wellness and prevention programs offered;

(II) The types and nature of incentives or rewards the carrier provides for participation;

(III) The total number of small groups in the small group market participating in programs offered by the carrier, specifying the number of each of the following small groups participating in such programs:

(A) Business groups of one;

(B) Small groups with at least two employees and fewer than eleven employees;

(C) Small groups with at least eleven employees and fewer than twenty-six employees;

(D) Small groups with at least twenty-six employees and fewer than fifty-one employees;

(IV) The number of individuals insured through an individual health coverage plan that are participating in programs offered by the carrier;

(V) Any information, including socioeconomic information, as required by the commissioner pursuant to section 10-16-107 to ensure that rates filed in conjunction with the programs are not excessive, inadequate, or unfairly discriminatory;

(VI) The dollar amount of discounts provided to the total number of small groups, as identified pursuant to subparagraph (III) of this paragraph (a); and

(VII) The dollar amount of discounts provided to the total number of individuals, as identified pursuant to subparagraph (IV) of this paragraph (a).

(b) The division shall determine the percentage of carriers issuing individual health coverage plans or small group plans in the state that offer wellness and prevention programs and shall provide that information and the information collected pursuant to paragraph (a) of this subsection (5) to the health and human services committees of the senate and house of representatives, the business, labor, and technology committee of the senate, and the business affairs and labor committee of the house of representatives, or their successor committees, by January 1, 2012, and by each January 1 thereafter until January 1, 2015. The division shall also make the information available to the public by that date.

(6) A small employer that makes available to its employees, through its small group plan, wellness and prevention programs shall not make participation or disclosure of participation in a wellness and prevention program a condition of employment with the small employer.

(6.5) Nothing in this section modifies rate regulation of health coverage plans pursuant to this article, including the applicability of modified community rating to such plans.

(6.7) The commissioner shall monitor and enforce the requirements of this section and, in connection with such monitoring and enforcement, may take any market conduct action authorized by part 2 of article 1 of this title that the commissioner deems necessary to enforce the requirements of this section. As used in this subsection (6.7), "monitor and enforce" includes at least the following:

(a) The review of carrier and producer marketing practices related to wellness and prevention programs; and

(b) An assessment of the types of individual health coverage plans and small group plans containing wellness and prevention programs that have been sold, indicating the percentage of such plans that are high deductible, high cost-sharing plans.

(7) As used in this section:

(a) "Carrier" shall have the same meaning as set forth in section 10-16-102 and shall include CoverColorado, established in section 10-8-504, and any carrier offering a health benefit plan to participants in CoverColorado.

(a.5) "Health risk factor" includes, without limitation, health behaviors such as smoking, diet, alcohol consumption, exercise, and exposure to UV radiation, that are known to be associated with increased mortality and morbidity for a number of conditions.

(b) "Wellness and prevention program" means a program designed to promote health or prevent disease and may include, without limitation, the following:

(I) Health screenings;

(II) Mental health and substance abuse screenings and prevention;

(III) Internet, telephonic, live coaching, or consultation-based wellness programs;

(IV) Education and training about dietary habits;

(V) Online and in-person seminars or podcasts on health and wellness topics, wellness handouts, a wellness library, videos, or newsletters, and a wellness intranet site;

(VI) Wellness programs geared specifically for children, teens, or special populations;

(VII) Corporate health fairs that may combine health screenings with educational opportunities, including access to information on leading a healthy lifestyle and to nutritional counseling;

(VIII) Stress management programs;

(IX) Employee assistance programs for employees and their families;

(X) Disease management;

(XI) Diabetes care programs;

(XII) Tobacco cessation programs;

(XIII) Prescription drug or carrier-approved nonprescription dietary supplement use that aids in overall health and wellness or prevents disease;

- (XIV) Patient-centered medical home programs;
- (XV) Nurse-on-call programs; or
- (XVI) On-site or external health club or fitness center memberships or facilities.
- (8) This section is repealed, effective July 1, 2015.

**10-16-137. Policy forms - explanation of benefits - standardization of forms - rules.**

(1) The commissioner shall convene a group of stakeholders, including carriers, providers, and consumers, to develop a standardized format for the following regarding health benefit plans, limited benefit health insurance, and dental plans:

(a) Section names and the placement of those sections in the policy forms issued by all carriers; and

(b) The required information for carriers to provide on an explanation of benefits form sent to covered persons or providers making a claim for benefits under a health benefit plan, limited benefit health insurance, or dental plan.

(2) The commissioner shall adopt rules after considering the input from carriers, providers, consumers, and other stakeholders in developing the standardized format for policy forms and explanation of benefits forms. The rules shall apply to health benefit plans, limited benefit health insurance, and dental plans issued or delivered on or after January 1, 2012.

**10-16-138. Pathology services - direct billing required.** (1) A clinical laboratory or physician that is located in this state or in another state, and that provides anatomic pathology services for patients in this state, shall present or cause to be presented a claim, bill, or demand for payment for these services only to:

(a) The patient;

(b) The responsible insurance carrier or other third-party payer;

(c) The hospital, public health clinic, or nonprofit health clinic ordering such services;

(d) The referring laboratory, excluding a laboratory of a physician's office or group practice that does not perform the professional component of the anatomic pathology service for which such claim, bill, or demand is presented; or

(e) A governmental agency or its specified public or private agent, agency, or organization on behalf of the recipient of the services.

(2) Except for a physician at a referring laboratory that has been billed pursuant to subsection (6) of this section, no licensed practitioner in the state may, directly or indirectly, charge, bill, or otherwise solicit payment for anatomic pathology services unless the services were rendered personally by the licensed practitioner or under the licensed practitioner's direct supervision in accordance with section 353 of the "Public Health Service Act", 42 U.S.C. sec. 263a.

(3) A patient, insurer, third-party payer, hospital, public health clinic, or nonprofit health clinic is not required to reimburse a licensed practitioner for charges or claims submitted in violation of this section.

(4) Nothing in this section:

(a) Mandates the assignment of benefits for anatomic pathology services; or

(b) Prohibits a group practice, as defined in 42 U.S.C. sec. 1395nn (h) (4) (A) (i) to (iv), from billing for anatomic pathology services when a physician in the group practice performs or supervises anatomic pathology services in a laboratory that is owned and operated by at least one member of the group practice.

(5) For purposes of this section, "anatomic pathology services" means:

(a) Histopathology or surgical pathology, meaning the gross and microscopic examination performed by a physician or under the supervision of a physician, including histologic processing;

(b) Cytopathology, meaning the microscopic examination of cells from the following:

(I) Fluids;

(II) Aspirates;

(III) Washings;

(IV) Brushings; or

(V) Smears, including the pap test examination performed by a physician or under the supervision of a physician;

(c) Hematology, meaning the microscopic evaluation of bone marrow aspirates and biopsies performed by a physician, or under the supervision of a physician, and peripheral blood smears when the attending or treating physician or technologist requests that a blood smear be reviewed by a pathologist;

(d) Subcellular pathology or molecular pathology, meaning the assessment of a patient specimen for the detection, localization, measurement, or analysis of one or more protein or nucleic acid targets; and

(e) Blood-banking services performed by pathologists.

(6) This section does not prohibit billing of a referring laboratory for anatomic pathology services in instances where a sample or samples must be sent to another physician or laboratory for consultation or histologic processing. The term "referring laboratory" does not include a laboratory of a physician's office or group practice that does not perform the professional component of the anatomic pathology service involved.

(7) A person who receives a bill for an anatomic pathology service made in knowing and willful violation of this section may maintain an action to recover the actual amount paid for the bill.

## PART 2

### SICKNESS AND ACCIDENT INSURANCE

**10-16-201. Form and content of individual sickness and accident insurance policies.** (1) No such policy shall be delivered or issued for delivery in this state unless:

(a) The entire money and other considerations therefor are expressed therein; and

(b) The time at which insurance takes effect and terminates is expressed therein; and

(c) It purports to insure only one person, except as provided in sections 10-16-214 and 10-16-215, and except that a policy or contract may be issued upon the application of an adult member of a family, who shall be deemed the policyholder, covering members of any one family, including husband, wife, dependent children or any children under the age of nineteen, and other dependents living with the family; and

(d) Every printed portion of the text matter and of any endorsements or attached papers is printed in uniform type of which the face is not less than ten-point; the "text" shall include all printed matter except the name and address of the insurer, name and title of the policy, captions, subcaptions, and form numbers; but, notwithstanding any provision of this article, the commissioner shall not disapprove any such policy on the ground that every printed portion of its text matter or of any endorsement or attached paper is not printed in uniform type if it is shown that the type used is required to conform to the laws of another state in which the insurer is licensed; and

(e) The exceptions and reductions of indemnity are adequately captioned and clearly set forth in the policy or contract; and

(f) Each such form, including riders and endorsements, is identified by a form number in the lower left-hand corner of the first page thereof.

(2) If any policy is issued by an insurer domiciled in this state for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state has advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy meet the standards set forth in this section and sections 10-16-202 and 10-16-203.

(3) (a) Each policy in which the insurer reserves the right to refuse renewal on an individual basis shall provide, in substance, in a provision thereof or in an endorsement thereon or in a rider attached thereto, that, subject to the right to terminate the policy upon nonpayment of premium when due, the right to refuse renewal shall not be exercised before the renewal date occurring on, or after and nearest, each anniversary or, in the case of lapse and reinstatement at the renewal date, occurring on, or after and nearest, each anniversary of the last reinstatement and that any refusal of renewal shall be without prejudice to any claim originating while the policy is in force. This paragraph (a) shall not apply to accident only policies.

(b) In addition, each policy shall provide, in substance, in a provision thereof or in an endorsement thereon or in a rider attached thereto, that an insurer shall not exercise its right to refuse to renew the policy on an individual basis after two years from its date of issue or, in the event the policy has been reinstated, two years from the date of its last reinstatement and before the age or other limitation upon renewal stated in the policy solely because of deterioration in the physical or mental condition or the health of any person covered thereunder.

(c) Nothing in this subsection (3) shall be construed to negate the renewability requirements for health benefit plans specified in section 10-16-201.5.

(4) (a) No policy of sickness and accident insurance issued, renewed, or reinstated shall contain any provision which limits or excludes payments under hospital or medical benefits coverage to or on behalf of the insured because the insured or any covered dependent is eligible for or receiving medical assistance benefits under articles 4, 5, and 6 of title 25.5, C.R.S.

(b) The requirements of paragraph (a) of this subsection (4) shall apply to all such policies issued, renewed, or reinstated on or after August 1, 1984.

(5) (a) If a person is deployed by or called to active duty in the United States military and the person's individual sickness and accident insurance policy lapses during the deployment or activation, the insurer who insured the person shall issue, upon application, the same individual coverage to the person. The application shall contain reasonable evidence of the individual sickness and accident insurance that covered the person prior to the deployment or activation. The insurer shall not:

(I) Restrict benefits or increase premiums for the coverage as a result of the lapse in coverage;

(II) Use any health condition originating or newly treated during the lapse in coverage to rate the policy; or

(III) Limit benefits by an exclusionary rider or by applying a preexisting condition limitation provision to the policy.

(b) Nothing in this subsection (5) shall be construed to limit the ability of an insurer to increase premiums for such policies based on general rate increases that are applicable to all policyholders.

(6) An individual policy of sickness and accident insurance, other than a long-term care policy, disability income policy, or supplemental policy covering a specified disease or other limited benefit, issued, renewed, or reinstated on or after January 1, 2007, shall not contain any provision that limits or excludes payments under hospital or medical benefits coverage to or on behalf of the insured because the insured or a covered dependent sustained an injury while intoxicated or under the influence of a controlled substance, as defined in section 18-18-102 (5), C.R.S.

#### ANNOTATION

**Annotator's note.** Since § 10-16-201 is similar to § 10-8-103 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, a relevant case construing that provision has been included in the annotations to this section.

**Applicability of equal fee provisions.** The administrator of the state health plan was not

subject to the provisions of this section because § 10-16-103 (1) provides that non-profit corporations are governed by the provisions of article 16 of this title and not other laws of the state relating to insurance. *Parrish v. Rocky Mt. Hosp. and Med. Servs.*, 754 P.2d 1180 (Colo. App. 1988).

**10-16-201.5. Renewability of health benefit plans - modification of health benefit plans.** (1) A carrier providing coverage under a health benefit plan shall not discontinue coverage or refuse to renew such plan except for the following reasons:

- (a) Nonpayment of the required premium;
- (b) Fraud or intentional misrepresentation of material fact on the part of the plan sponsor with respect to group health benefit plan coverage and the individual with respect to individual coverage;
- (c) (Deleted by amendment, L. 97, p. 640, § 8, effective May 1, 1997.)
- (d) (I) The carrier elects to discontinue offering and nonrenew all of its individual, small group, or large group health benefit plans delivered or issued for delivery in this state. In such case the carrier shall provide notice of the decision to discontinue or not to renew coverage to all policyholders and covered persons and to the insurance commissioner in each state in which an affected individual is known to reside at least one hundred eighty days prior to the discontinuance or nonrenewal of the health benefit plan by the carrier. The carrier shall also discontinue and nonrenew all of its individual or small or large group health benefit plans in Colorado. Notice to the insurance commissioner under this paragraph (d) shall be provided at least three working days prior to the notice to the affected individuals.
- (II) If a carrier discontinues coverage completely from a market segment and otherwise remains in the market, the carrier shall continue to provide coverage through the first renewal period not to exceed twelve months after the notice provided pursuant to subparagraph (I) of this paragraph (d) has expired.
- (e) (Deleted by amendment, L. 97, p. 640, § 8, effective May 1, 1997.)
- (f) With respect to individual health benefit plans, the commissioner finds that the continuation of the coverage would not be in the best interest of the policyholders or certificate holders, the plan is obsolete, or would impair the carrier's ability to meet its contractual obligations. Once the commissioner has made such a finding or the carrier provides the insured the option to purchase any other comparable health benefit coverage as determined by the commissioner, the carrier shall provide notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of discontinuation and shall provide each affected covered individual the opportunity to purchase any other individual health insurance coverage being offered by the carrier. In exercising this option, a carrier shall act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.
- (g) With respect to group health benefit plans, the policyholder fails to comply with participation or contribution rules;
- (h) With respect to a carrier that offers group health benefit plans in the market through a managed care plan, there is no longer any enrollee in connection with such plan that lives, resides, or works in the service area of the carrier;

(i) With respect to small group health benefit plans, an employer is no longer actively engaged in the business in which it was engaged on the effective date of the plan; or

(j) With respect to coverage of an employer that is made available only through one or more bona fide associations, the membership of an employer ceases.

(2) (a) A carrier that elects to nonrenew and to discontinue offering all of its individual, small group, or large group health benefit plans in this state pursuant to paragraph (d) of subsection (1) of this section shall be prohibited from writing new health benefit plans of the same type (individual, small group, or large group) as was discontinued or nonrenewed in this state for a period of five years after the date of the notice to the insurance commissioner.

(b) Repealed.

(3) For the purposes of this section, the term "health benefit plan" in section 10-16-102 (21) does not include nonrenewable individual health benefit plans with a duration of six months or less.

(4) An individual health benefit plan must clearly disclose in its contracts and marketing materials the conditions of renewability which conform with the requirements of this section.

(5) A large group health benefit plan carrier may modify a large group health benefit plan at renewal pursuant to section 10-16-214 (3) (a) (IV) if all those large groups covered by the same plan are uniformly modified.

(6) A group health benefit plan carrier may discontinue offering a particular type of group health coverage only if:

(a) The group health carrier provides notice of such discontinuation at least ninety days prior to the date of the discontinuation of such coverage to each policyholder provided this type of coverage and each certificate holder, participant, and beneficiary covered by such a policy;

(b) The group health carrier offers to each policyholder provided coverage of this type the option to purchase any other health insurance coverage currently being offered by the carrier to a group in such market;

(c) In exercising the option to discontinue coverage of this type and in offering the option of coverage under paragraph (b) of this subsection (6), the carrier acts uniformly without regard to the claims experience of those policyholders or any health status-related factor relating to any certificate holders, participants, or beneficiaries covered or new participants or beneficiaries that may become eligible for such coverage;

(d) With respect to the discontinuance of a particular small group plan, the carrier shall notify the commissioner before providing notification to policyholders and insureds as specified in paragraph (a) of this subsection (6). In addition to such notice, the carrier shall provide to the commissioner the following certifications:

(I) That the premiums offered for other health insurance coverage by the carrier pursuant to paragraph (b) of this subsection (6) are not excessive, inadequate, or unfairly discriminatory relative to the plan that was discontinued; and

(II) That the benefit levels offered in other health insurance coverage by the carrier are in compliance with the requirements provided by law for small group health insurance.

(7) (a) The provisions of this section that apply to group health benefit plans shall apply to group health benefit plans sold, issued, renewed, or extended on or after July 1, 1997.

(b) The provisions of this section that apply to individual health benefit plans shall apply to individual health benefit plans sold, issued, renewed, in effect, or operated on or after July 1, 1997.

(8) (a) With respect to benefits provided under a small group health benefit plan or individual health benefit plan renewed on or after January 1, 1999, a carrier may make reasonable modifications if:

(I) The modification is effective only upon renewal of such health benefit plan;

(II) The health benefit plan is uniformly modified for all groups and individuals covered by such health benefit plan;

(III) To the extent a health benefit plan already provides the benefits and coverages established in section 10-16-105 (7.2) and rules and regulations promulgated thereunder, the proposed modifications to benefits and coverages do not fall below such requirements;

(IV) The proposed modification is provided to policyholders and the commissioner at least ninety days prior to the effective date of the modification; and

(V) The carrier provides to each affected policyholder the opportunity to purchase any other health benefit plan offered by the carrier in such market.

(b) The commissioner may promulgate such reasonable rules and regulations as are necessary and proper to carry out the provisions of this subsection (8).

#### **10-16-202. Required provisions in individual sickness and accident policies.**

(1) Except as provided in section 10-16-204, each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this section in the words in which the same appear in this section; except that the insurer, at its option, may substitute for one or more of such provisions corresponding provisions of different wording approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(2) A provision as follows: "Entire contract—changes: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions."

(3) Provisions as follows: "Time limit on certain defenses: (a) After two years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period."

"(The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period, nor to limit the application of section 10-16-203 in the event of misstatement with respect to age or occupation or other insurance.)"

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium until at least age fifty, or in the case of a policy issued after age forty-four, for at least five years from its date of issue, may contain, in lieu of the foregoing, the following provision, from which the clause in parentheses may be omitted at the insurer's option, under the caption "Incontestable":

"After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.")

(b) Except for individual disability income insurance policies, no claim for loss incurred or disability, as defined in the policy, commencing after one year from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical

condition not excluded from coverage by name or a specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(An individual health benefit plan shall not define a preexisting condition more restrictively than an injury, sickness, or pregnancy for which a person incurred charges, received medical treatment, consulted a health care professional, or took prescription drugs within the twelve months immediately preceding the effective date of coverage.)

(c) If this is an individual disability income insurance policy then no claim for loss incurred or disability, as defined in this individual disability income insurance policy, commencing after two years from the date of issue of the policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or a specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(4) (a) A provision as follows: "Grace period: A grace period of ..... (insert a number not less than '7' for weekly premium policies, '10' monthly premium policies, and '31' for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force."

(b) A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the provision referred to in paragraph (a) of this subsection (4), "Unless not less than thirty days prior to the premium due date the insurer has delivered to the insured or has mailed to the insured's last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted."

(5) (a) A provision as follows: "Reinstatement: If any renewal premium is not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy. If the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement."

(b) The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue.

(6) (a) Provisions as follows: "Notice of claim: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at ..... (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer."

(b) In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the provision set forth in paragraph (a) of subsection (6) of this section:

"Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, the insured shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on

account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given."

(7) A provision as follows: "Claim forms: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made."

(8) A provision as follows: "Proofs of loss: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within ninety days after the termination of the period for which the insurer is liable and in case of claim for any other loss within ninety days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, if such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required."

(9) A provision as follows: "Time of payment of claims: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid ..... (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof."

(10) (a) A provision as follows: "Payment of claims: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured."

(b) The following provisions, or either of them, may be included with the provision set forth in paragraph (a) of this subsection (10) at the option of the insurer:

"If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give valid release, the insurer may pay such indemnity, up to an amount not exceeding \$ ..... (insert an amount which shall not exceed \$1000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment."

"Subject to any written direction of the insured in the application or otherwise, all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person."

(11) A provision as follows: "Physical examinations and autopsy: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law."

(12) A provision as follows: "Legal actions: No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action

shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.”

(13) (a) A provision as follows: “Change of beneficiary: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy.”

(b) The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer’s option.

### ANNOTATION

**Annotator’s note.** Since § 10-16-202 is similar to § 10-8-104 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, relevant cases construing that provision have been included in the annotations to this section.

**An insured adopts the application when he executes** it even though he may not have read the application. *Commercial Ins. Co. v. Smith*, 417 F.2d 1330 (10th Cir. 1969).

**Even so, this does not shift the burden of proving fraud** which was the critical issue. The company has the affirmative burden in avoiding a policy. The insured contends he did not know the seriousness of the eye disease. The issue of scienter was presented and the jury decided in favor of the insured. Therefore, the insurer failed to prove fraud clearly, cogently, convincingly, and beyond a reasonable doubt. *Commercial Ins. Co. v. Smith*, 417 F.2d 1330 (10th Cir. 1969).

**For “fraudulent misstatements” must have elements of common-law fraud.** The insurance company’s contention is that the insured knew, at the time he answered the application, of the serious nature of his eye condition and therefore the company is entitled to rescind the insurance contract. The contention concerns a construction of the meaning of the statutory phrase “except fraudulent misstatements”. Under this statute, the trial court correctly submitted the case to the jury on instructions that the appellant must establish the legal elements of common-law fraud which includes scienter or intent to defraud,

instead of instructions setting out the equitable defense of fraud, as to which scienter or intent to defraud is not a necessary element. *Commercial Ins. Co. v. Smith*, 417 F.2d 1330 (10th Cir. 1969).

**Initial effective date of policy governs rider if parties intend this.** The second part of the policy which increased the benefits was added as a rider within two years of the claim. The language consolidates the rider and the policy initially issued by the words “Attached to and forming part of policy”. The parties intended one policy, with the initial effective date to govern the two year contestability clause. This conclusion is more clear when the brevity of the rider application is noted. *Commercial Ins. Co. v. Smith*, 417 F.2d 1330 (10th Cir. 1969).

**The reinstatement of sickness and accident policies is governed by this section**, and the provisions of this section are dispositive of arguments related to the limitations of which insurers are required to notify insureds. *Jarnigan v. Banker’s Life and Casualty Co.*, 824 P.2d 11 (Colo. App. 1991).

**The language in subsection (3)(b) regarding “preexisting conditions” supercedes** that of § 10-16-118 (1)(a)(II) with respect to individual health coverage plans. Thus, the definition of “preexisting conditions” in such plans does not include specified conditions the coverage for which is explicitly limited, denied, or excluded. *Usick v. Am. Family Mut. Ins. Co.*, 131 P.3d 1195 (Colo. App. 2006).

**10-16-203. Optional provisions in individual sickness and accident insurance policies.** (1) Except as provided in section 10-16-204, no individual sickness and accident insurance policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the same appear in this section; except that the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the commissioner which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appro-

appropriate caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(2) A provision as follows: "Change of occupation: If the insured is injured or contracts sickness after having changed the insured's occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes the insured's occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation."

(3) A provision as follows: "Misstatement of age: If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age."

(4) A provision as follows: "Other insurance in this insurer: If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured are in force concurrently herewith, making the aggregate indemnity for ..... (insert type of coverage or coverages) in excess of \$ ..... (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to the insured's estate."; or, in lieu thereof:

"Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, the insured's beneficiary, or the estate of the insured, as the case may be, and the insurer will return all premiums paid for all other such policies."

(5) (a) A provision as follows: "Insurance with other insurers: If there is other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the 'like amount' of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage."

(b) If the foregoing policy provision is included in a policy which also contains the policy provisions in subsection (6) of this section, there shall be added to the caption of the foregoing provision the phrase "..... Expense incurred benefits". The insurer may include in this provision, at its option, a definition of "other valid coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition, such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to

any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employer's liability statute, whether provided by a governmental agency or otherwise, shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third-party liability coverage shall be included as "other valid coverage".

(6) (a) A provision as follows: "Insurance with other insurers: If there is other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined."

(b) If the policy provision set forth in paragraph (a) of this subsection (6) is included in a policy which also contains the policy provision in subsection (5) of this section, there shall be added to the caption of the provision set forth in paragraph (a) of this subsection (6) the phrase "..... Other benefits". The insurer may include in this provision, at its option, a definition of "other valid coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition, such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefits provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employer's liability statute, whether provided by a governmental agency or otherwise, shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision, no third-party liability coverage shall be included as "other valid coverage".

(7) (a) A provision as follows: "Relation of earnings to insurance: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or the insured's average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars, or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time."

(b) The policy provision set forth in paragraph (a) of this subsection (7) may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue. The insurer may include in this provision, at its option, a definition of "valid loss of time coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. In the absence of such definition, such

term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employer's liability statute, or benefits provided by union welfare plans or by employer or employee benefit organizations.

(8) A provision as follows: "Unpaid premium: Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom."

(9) A provision as follows: "Conformity with state statutes: Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes."

**Editor's note:** This section is similar to former § 10-8-105 as it existed prior to 1992.

**10-16-204. Inapplicable or inconsistent provisions in individual policies of sickness and accident insurance.** If any provision of part 1 of this article or this part 2 is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part of a provision and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

**Editor's note:** This section is similar to former § 10-8-106 as it existed prior to 1992.

**10-16-205. Order of certain policy provisions in individual policies of sickness and accident insurance.** The provisions which are the subject of sections 10-16-202 and 10-16-203, or any corresponding provisions which are used in lieu thereof in accordance with such sections, shall be printed in the consecutive order of the provisions in such sections, or, at the option of the insurer, any such provision may appear as a unit in any part of the policy with other provisions to which it may be logically related, but the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered, or issued.

**10-16-206. Third party ownership of individual sickness and accident insurance policies.** The word "insured", as used in part 1 of this article and this part 2, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits, and rights provided therein.

**Editor's note:** This section is similar to former § 10-8-108 as it existed prior to 1992.

**10-16-207. Requirements of other jurisdictions.** (1) Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this state, may contain any provision which is not less favorable to the insured or the beneficiary than the provisions of part 1 of this article and this part 2 and which is prescribed or required by the law of the state under which the insurer is organized.

(2) Any policy of a domestic insurer, when issued for delivery in any other state or country, may contain any provision permitted or required by the laws of such other state or country.

**Editor's note:** This section is similar to former § 10-8-109 as it existed prior to 1992.

**10-16-208. Conforming to statute.** (1) No policy provision which is not subject to section 10-16-202 or 10-16-203 shall make a policy, or any portion thereof, less favorable in any respect to the insured or the beneficiary than the provisions thereof which are subject to part 1 of this article and this part 2.

(2) A policy delivered or issued for delivery to any person in this state in violation of part 1 of this article or this part 2 shall be held valid but shall be construed as provided in part 1 of this article and this part 2. When any provision in a policy subject to part 1 of this article and this part 2 is in conflict with any provision of part 1 of this article or this part 2, the rights, duties, and obligations of the insurer, the insured, and the beneficiary shall be governed by the provisions of part 1 of this article and this part 2.

**Editor's note:** This section is similar to former § 10-8-110 as it existed prior to 1992.

**10-16-209. Application for policy.** (1) The insured shall not be bound by any statement made in an application for a policy unless a copy of such application is attached to or endorsed on the policy when issued as a part thereof. If any such policy delivered or issued for delivery to any person in this state is reinstated or renewed, and the insured or the beneficiary or assignee of such policy makes written request to the insurer for a copy of the application, if any, for such reinstatement or renewal, the insurer, within fifteen days after the receipt of such request at its home office or any branch office of the insurer, shall deliver or mail to the person making such request a copy of such application. If such copy is not so delivered or mailed, the insurer shall be precluded from introducing such application as evidence in any action or proceeding based upon or involving such policy or its reinstatement or renewal.

(2) No alteration of any written application for any such policy shall be made by any person other than the applicant without the applicant's written consent; except that insertions may be made by the insurer, for administrative purposes only, in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant.

(3) The falsity of any statement in the application for any policy covered by part 1 of this article or this part 2 may not bar the right to recovery thereunder unless such false statement materially affected either the acceptance of the risk or the hazard assumed by the insurer.

**Editor's note:** This section is similar to former § 10-8-111 as it existed prior to 1992.

#### ANNOTATION

**Annotator's note.** Since § 10-16-209 is similar § 10-8-111 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, a relevant case construing that provision has been included in the annotations to this section.

**The effect of this section is:** (1) To bar the

insurer from defending against liability to the insured under a policy, on the basis of statements in an application not attached to the policy; and (2) even when the application is attached, to bar the insurer from denying recovery unless the false statement involved materially

affected the acceptance of the risk or hazard assumed by the insurer. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**The provisions of this section and § 10-8-116 do not require attachment of a copy** of the individual member's application for coverage under group health insurance policy to that policy, or to the certificate of coverage issued thereunder, and the trial court's conclusion to this effect is not in error. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**A group member, as a member of the farm bureau, is not the applicant** for a "policy", but only the applicant for a certificate of coverage under the policy. Colorado farm bureau is the applicant for the group "policy". Further, no "policy" is ever issued to the group member, to which his application must have necessarily been attached; but only a certificate of coverage. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**If representations made in answer to specific questions material to the risk are untrue**, the policy will thereby be rendered void, and it is immaterial whether such answers be considered warranties or representations, or whether they were made with the intention to deceive the insurer or without such intention. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**Finder of fact may determine falsity a materiality of answers.** The trial judge, as finder of fact, could conclude: (1) That the answer given by a group member regarding his wife's prior medical history, although true to the extent given, was nevertheless false, by omission of mention of several previous, similar illnesses of which the group member was completely aware; and (2) that it therefore constituted a material, fraudulent misrepresentation. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**10-16-210. Notice - waiver.** The acknowledgment by any insurer of the receipt of notice given under any policy covered by part 1 of this article or this part 2, or the furnishing of forms for filing proofs of loss, or the acceptance of such proofs, or the investigation of any claim under such policy shall not operate as a waiver of any of the rights of the insurer in defense of any claim arising under such policy.

**10-16-211. Age limit.** If any such policy contains a provision establishing, as an age limit or otherwise, a date after which coverage provided by the policy will not be effective, and if such date falls within a period for which a premium is accepted by the insurer or if the insurer accepts a premium after such date, the coverage provided by the policy will continue in force subject to any right of cancellation until the end of the period for which the premium has been accepted. In the event the age of the insured has been misstated and if, according to the correct age of the insured, the coverage provided by the policy would not have become effective or would have ceased prior to the acceptance of such premium, the liability of the insurer shall be limited to the refund, upon request, of all premiums paid for the period not covered by the policy.

**10-16-212. Exemption from attachment and execution.** So much of any benefits under all policies of sickness and accident insurance as does not exceed two hundred dollars for each month during any period of disability covered by such policy shall not be liable to attachment, trustee process, or other process, or to be seized, taken, appropriated, or applied by any legal or equitable process or by operation of law, either before or after payment of such benefits, to pay any debt or liabilities of the person insured under such policy. This exemption shall not apply where an action is brought to recover for necessities contracted

for during such period and the writ or complaint contains a statement to that effect. When a policy provides for a lump sum payment because of a dismemberment or other loss insured, such payment shall be exempt from execution by the insured's creditors.

**10-16-213. Industrial sickness and accident insurance.** (1) The term "industrial sickness and accident insurance", as used in this part 2, means sickness and accident insurance under individual policies for which the premium is payable weekly and includes any such policy which covers sickness only or accident only.

(2) Any insurer authorized to write sickness and accident insurance in this state has the power to issue industrial sickness and accident policies.

(3) No policy of industrial sickness and accident insurance may be delivered or issued for delivery in this state unless it has printed on such policy the words "industrial policy".

(4) (a) Each such policy shall be subject to the provisions of this part 2; except that no such policy shall be required to contain any of the policy provisions set forth in section 10-16-202 or 10-16-203 and except that no such policy shall contain any provision relative to notice of proof of loss, or the time for paying benefits, or the time within which suit may be brought upon the policy, which in the opinion of the commissioner is less favorable to the insured than would be permitted by said policy provisions. Such policy may contain a provision that, upon proper written request, a named beneficiary shall be designated in or by endorsement on the policy to receive the proceeds thereof on the death of the insured, and there shall be reserved to the insured the power to change the beneficiary at any time by written notice to the insurer at its home office, accompanied by the policy for endorsement of the change on said policy by the insurer. The insurer shall have the right to refuse to designate a beneficiary if evidence satisfactory to the company of such beneficiary's insurable interest in the life of the insured is not furnished on request.

(b) Any such policy may provide in substance that any payment under said policy may be made to the insured or the insured's estate or to any relative by blood or connection by marriage of the insured, or, to the extent of such portion of any payment under the policy as reasonably appears to the insurer to be due to such person or to any other person equitably entitled thereto by reason of having incurred expense occasioned by the maintenance or illness or burial of the insured. If the policy is in force at the death of the insured, the proceeds from said policy shall be payable to the named beneficiary if living, but, upon the expiration of fifteen days after the death of the insured, unless proof of claim in the manner and form required by the policy, accompanied by the policy for surrender, has theretofore been made by such beneficiary, the insurer may pay to any other person permitted by the policy.

**10-16-214. Group sickness and accident insurance.** (1) Group sickness and accident insurance is declared to be that form of sickness and accident insurance covering groups of persons, with or without their dependents, and issued upon the following bases:

(a) Under a policy issued to an employer, who shall be deemed the policyholder, insuring at least ten employees of such employer for the benefit of persons other than the employer. The term "employees", as used in part 1 of this article and this part 2, includes the officers, managers, and employees of the employer, the bona fide volunteers if the employer is an emergency service provider, the partners if the employer is a partnership, the officers, managers, and employees of subsidiary or affiliated corporations of a corporation employer, and the individual proprietors, partners, and employees of individuals and firms, the business of which is controlled by the insured employer through stock ownership,

contract, or otherwise. The term "employer", as used in part 1 of this article and this part 2, may include an emergency service provider, any municipal or governmental corporation, unit, agency, or department thereof, and the proper officers, as such, of an emergency service provider or an unincorporated municipality or department thereof, as well as private individuals, partnerships, and corporations.

(b) Under a policy issued to an association, including a labor union, which has a constitution and bylaws and which is organized and maintained in good faith for purposes other than that of obtaining insurance, insuring at least twenty-five members of the association for the benefit of persons other than the association or its officers or trustees, as such;

(c) On and after July 1, 1994, under a policy issued to any person or organization to which a policy of group life insurance may be issued or delivered in this state to insure any class of individuals that could be insured under such group life insurance policy; except that, on and after July 1, 1994, such a policy shall cover at least two or more individuals at date of issue, and on and after January 1, 1996, such a policy shall cover a business group of one at the date of issue;

(d) Under a policy issued to any other substantially similar group which, in the discretion of the commissioner, may be subject to the issuance of a group sickness and accident policy or contract.

(e) Repealed.

(2) (a) The provisions of this section shall not apply to transactions in this state involving group sickness and accident insurance policies for policies which were lawfully issued and delivered in another jurisdiction in which the company was authorized to do insurance business and any such policy was issued to a valid multistate association located in the state of issue, if the policy is not designed, administered, or marketed as a plan for employers to provide coverage to one or more employees and is not a bona fide association plan.

(b) For purposes of this subsection (2), "valid multistate association" means an association which has:

(I) Been in active existence for at least five years;

(II) Been organized and maintained in good faith for purposes other than that of obtaining insurance;

(III) A minimum of five hundred members;

(IV) A constitution, charter, or bylaws which provide for regular meetings, at least annually, to further the purposes of the members;

(V) Collected dues or solicited contributions for members; and

(VI) Provided the members with voting privileges and representation on the governing board and committees.

(3) (a) Except as provided for in subsection (2) of this section, all policies of group sickness and accident insurance providing coverage to persons residing in the state shall contain in substance the following provisions or provisions which, in the opinion of the commissioner, are more favorable to the persons insured or at least as favorable to the persons insured and more favorable to the policyholder:

(I) A provision that the policyholder is entitled to a grace period of thirty-one days for the payment of any premium due except the first, during which grace period the policy shall continue in force, unless the policyholder has given the insurer written notice of discontinuance of the coverage in advance of the date of discontinuance in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a pro rata premium for the time the coverage was in force during such grace period.

(II) A provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue and that no statement made for the purpose of effecting insurance coverage under the policy with respect to a person shall be used to avoid the insurance with respect to which such statement was made or to reduce benefits under such policy after such insurance has been in force for a period of two years during such person's lifetime unless such statement is contained in a written instrument signed by the person making such statement and a copy

of that instrument is or has been furnished to the person making the statement or to the beneficiary of any such person;

(III) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued and that all statements made by the policyholder or by the persons covered shall be deemed representations and not warranties;

(IV) A provision that no agent has authority to change the policy or waive any of its provisions and that no change in the policy shall be valid unless approved by an officer of the insurer and evidenced by an endorsement on the policy or by rider or amendment to the policy signed by the insurer; but any such amendment which reduces or eliminates coverage shall have been either requested in writing or signed by the policyholder;

(V) (A) A provision specifying the additional exclusions or limitations, if any, applicable under the policy with respect to a disease or physical condition of a person, not otherwise excluded from the person's coverage by name or specific description effective on the date of the person's loss, which existed prior to the effective date of the person's coverage under the policy. With respect to a group health coverage plan, such provision shall comply with the provisions of section 10-16-118; except that, with respect to a group disability income insurance policy, such provision shall comply with the provisions of sub-subparagraph (C) of this subparagraph (V).

(B) In no event shall such exclusion or limitation apply to loss incurred or disability commencing after the earlier of the end of a continuous period of six months commencing on or after the effective date of the person's coverage during all of which the person has received no medical advice or treatment in connection with such disease or physical condition and the end of the six-month period commencing on the effective date of the person's coverage, except as provided in sub-subparagraphs (A) and (C) of this subparagraph (V).

(C) A group disability income insurance policy shall not define a preexisting condition more restrictively than an injury, sickness, or pregnancy for which a person incurred charges, received medical treatment, consulted a health professional, or took prescription drugs within the twelve-month period immediately preceding the effective date of coverage. In no event shall a group disability income insurance policy deny, exclude, or limit benefits for a covered individual because of a preexisting condition for a disability commencing more than twelve months following the effective date of such individual's coverage under the group disability income insurance policy.

(VI) A provision specifying the ages, if any, to which the insurance provided is limited, the ages, if any, for which additional restrictions are placed on benefits, and the additional restrictions placed on the benefits at such ages. If the premiums or benefits vary by age, there shall also be a provision specifying an equitable adjustment of premiums or benefits, or both, to be made in the event the age of a covered person has been misstated, such provision to contain a clear statement of the method of adjustment to be used. In no event, however, shall coverage be required for any person during any period when, according to the person's correct age, coverage would otherwise not be provided for the person under the policy.

(VII) A provision that the insurer will issue to the policyholder, for delivery to each person insured, a certificate, which may be in summary form, setting forth the essential features of the insurance coverage, including any applicable conversion or continuation privilege, and to whom the benefits are payable. If family members or dependents are included in the coverage, only one certificate need be issued for each family unit.

(VIII) A provision that written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy. Failure to give notice within such time shall not invalidate nor reduce any claim if it is shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

(IX) A provision that the insurer will furnish, to the person making claim or to the policyholder for delivery to said person, such forms as are usually furnished by it for filing proof of loss. If such forms are not furnished before the expiration of fifteen days after the insurer receives notice of any claim under the policy, the person making the claim shall be deemed to have complied with the requirements of the policy as to proof of loss upon

submitting, within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, character, and extent of the loss for which claim is made.

(X) A provision that, in the case of claim for loss of time for disability, written proof of such loss must be furnished to the insurer within ninety days after the commencement of the period for which the insurer is liable, that subsequent written proofs of the continuance of such disability must be furnished to the insurer at such intervals as the insurer may reasonably require, and that, in the case of a claim for any other loss, written proof of such loss must be furnished to the insurer within ninety days after the date of such loss. Failure to furnish such proof within such time shall not invalidate nor reduce any claim if it was not reasonably possible to furnish such proof within such time if such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the claimant, later than one year from the time proof is otherwise required.

(XI) A provision that all benefits payable under the policy, other than benefits for loss of time, will be payable pursuant to section 10-16-106.5 and that, subject to due proof of loss, all accrued benefits payable under the policy for loss of time will be paid not less frequently than monthly during the continuance of the period for which the insurer is liable and that any balance remaining unpaid at the termination of such period will be paid as soon as possible after receipt of such proof;

(XII) A provision that indemnity for loss of life shall be payable to the beneficiary designated by the insured (but, when the policy contains conditions pertaining to family status or provisions pertaining to coverage of family members, the beneficiary may be the family member specified by the policy terms) or, if there is no such designated or specified beneficiary, to such other person as is specified in the policy and that all other indemnities of the policy are payable to the insured; except that the group policy may provide that all or any portion of any benefits on account of hospital, medical, and surgical or other services may be paid, at the insurer's option, directly to the hospital or person rendering such services. The group policy may provide that, if any benefit is payable to the estate of a person or to a person who is a minor or otherwise not competent to give a valid release, the insurer may pay such benefit, up to an amount not exceeding two thousand dollars, to any relative by blood or connection by marriage of such person who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to the provisions of this subparagraph (XII) shall discharge the insurer's obligation with respect to the extent of such payment.

(XIII) A provision that the insurer shall have the right and opportunity to examine the person of the individual for whom claim is made when and so often as it may reasonably require during the pendency of claim under the policy and also the right and opportunity to make an autopsy in case of death where it is not prohibited by law;

(XIV) A provision that no action at law or in equity shall be brought to recover on the policy prior to the expiration of the time requirements for payment pursuant to section 10-16-106.5 and after proof of loss has been filed in accordance with the requirements of the policy and that no such action shall be brought at all unless brought within three years from the expiration of the time within which proof of loss is required by the policy.

(b) (I) The provisions of subparagraph (V) of paragraph (a) of this subsection (3) shall not apply to dental insurance.

(II) The provisions of subparagraphs (V) and (XII) of paragraph (a) of this subsection (3) shall not apply to policies issued to a creditor to insure debtors of such creditor.

(III) The standard provisions required for individual health insurance policies shall not apply to group health insurance policies.

(IV) If any provision of this section is, in whole or in part, inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part thereof and shall modify any inconsistent provision or part thereof in such manner as to make the provision contained in the policy consistent with the coverage provided by the policy.

(4) A carrier offering a group health benefit plan shall not establish rules for eligibility for any individual to enroll under the plan based on any health status-related factors in relation to the individual or a dependent of the individual.

(5) A carrier writing health benefit coverage for an employee leasing company shall ensure that any health benefit plan marketed or sold to such company that covers employees in Colorado complies with all the provisions of Colorado law that apply to large employer health plans, including consumer and provider protections, mandated benefits, nondiscrimination and fair marketing rules, preexisting limitations, and other required health plan policy provisions. All health coverage plans sponsored by or marketed through an employee leasing company shall be fully insured plans.

(6) A group sickness and accident insurance policy, other than a long-term care policy, disability income policy, or supplemental policy covering a specified disease or other limited benefit, issued, renewed, or reinstated on or after January 1, 2007, shall not contain any provision that limits or excludes payments under hospital or medical benefits coverage to or on behalf of the insured because the insured or any covered dependent sustained an injury while intoxicated or under the influence of a controlled substance, as defined in section 18-18-102 (5), C.R.S.

## ANNOTATION

**Law reviews.** For article, "The Terminated Employee's Right to Continue Group Health Insurance", see 17 Colo. Law. 53 (1988).

**Annotator's note.** Since § 10-16-214 is similar to § 10-8-116 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, relevant cases construing that provision have been included in the annotations to this section.

**This section requires the inclusion of the mandatory provisions as part of the terms of the contract of insurance, and makes them enforceable as such.** Statements made by the policyholder can be used against it only if its application is attached to the policy. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**Individual employees' applications need not be attached to policy.** The general assembly did not intend, by use of the wording of these statutes, that all applications made by individual employees or members of a group be attached to the original policy issued to the group. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**As a condition precedent to use of their statements as defense to liability.** Subsection

(2) does not require the mandatory inclusion in the policy of a provision that the application of an individual member must be attached to the policy, or to the certificate issued thereunder, as a condition precedent to the use of statements in that application as a defense to liability, although subsection (2)(b) indicates that any such statements are admissible in evidence whenever contained in a written application submitted to the insurer. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

**Preemption of insurance provisions under the federal "Employee Retirement Income Security Act".** ERISA does not preempt persons from state laws which regulate insurance, banking, and securities. The test for whether a state law falls under the "business of insurance" is: (1) Whether the state law has the effect of transferring or spreading a policy holder's risk; (2) whether the state law is an integral part of the policy relationship between the insurer and the insured; and (3) whether the state law is limited to entities within the insurance industry. *Denette v. Life of Indiana Ins. Co.*, 693 F. Supp. 959 (D. Colo. 1988).

This section meets all three requirements of the test and therefore regulates insurance and is

not preempted by ERISA. *Denette v. Life of Indiana Ins. Co.*, 693 F. Supp. 959 (D. Colo. 1988).

**10-16-215. Blanket sickness and accident insurance.** (1) Blanket sickness and accident insurance is declared to be that form of sickness and accident insurance covering special groups of not less than ten persons as enumerated in one of the following:

(a) Under a policy or contract issued to any common carrier, which shall be deemed the policyholder, covering a group defined as all persons who may become passengers on such common carrier;

(b) Under a policy or contract issued to an employer, who shall be deemed the policyholder, covering any group of employees defined by reference to exceptional hazards incident to such employment;

(c) Under a policy or contract issued to a college, school, or other institution of learning or to the head or principal thereof, who shall be deemed the policyholder, covering students or teachers;

(d) Under a policy or contract issued in the name of any volunteer fire department, first aid, or other such volunteer group, which shall be deemed the policyholder, covering all of the members of such department or group;

(e) Under a policy or contract issued to any other substantially similar group which, in the discretion of the commissioner, may be subject to the issuance of a blanket sickness and accident policy or contract.

(2) An individual application shall not be required from a person covered under a blanket sickness or accident policy or contract, nor shall it be necessary for the insurer to furnish each person a certificate.

(3) All benefits under any blanket sickness and accident policy shall be payable to the person insured or any such person's agent, or to the designated beneficiary of any such person, or to the estate of any such person; except that, if the person insured is a minor, such benefits may be made payable to the parent, guardian, or other person actually supporting such person.

**Editor's note:** This section is similar to former § 10-8-117 as it existed prior to 1992.

**10-16-216. Examinations.** (1) The commissioner may, at any reasonable time, make or cause to be made an examination of every admitted health insurer transacting any insurance to which the provisions of part 1 of this article and this part 2 are applicable to ascertain whether each insurer and every rate used by it for every such class of insurance complies with the requirements and standards of this title applicable thereto. Such examination need not be a part of a periodic general examination participated in by representatives of more than one state.

(2) The officers, managers, agents, and employees of any such insurer may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation, together with all data, statistics, and information of every kind and character collected or considered by such insurer in the conduct of the operations to which such examination relates.

(3) The commissioner may conduct such examination on the basis of concern for an insurer's solvency or the complaint of a person claiming to be aggrieved or to ascertain compliance by insurers with the requirements of part 1 of this article and this part 2.

(4) Filed reports on examinations conducted pursuant to this section shall be available for public inspection at the division of insurance.

**10-16-216.5. Hearing procedure and judicial review - violations - penalty.**

(1) Any person aggrieved by any rate charged, underwriting rule, policy form, certificate, contract of insurance, or rider followed or adopted by a health insurer may request the insurer to review the manner in which the rate, underwriting rule, policy form, certificate, contract of insurance, or rider has been applied with respect to insurance afforded to any such person. Such request may be made by an authorized representative of any such person and shall be written. If the request is not granted within thirty days after it is made, the request may be treated as rejected. Any person aggrieved by the action of an insurer in refusing the review requested may file a written complaint and request for hearing with the commissioner, specifying the grounds relied upon. If the commissioner finds that probable cause for the complaint does not exist or that the complaint is not made in good faith, the commissioner shall deny the hearing; however, if the commissioner finds that the complaint charges a violation of any provision of this article and that the complainant would be aggrieved if the violation is proven, the commissioner shall proceed as provided in subsection (2) of this section.

(2) If after examination or inspection of an insurer, or upon the basis of other information, or upon sufficient complaint as provided in subsection (1) of this section, the commissioner has good cause to believe that such insurer, or any rate, underwriting rule, policy form, certificate, contract of insurance, or rider made or used by any such insurer does not comply with the applicable requirements and standards, the commissioner shall, unless the commissioner has good cause to believe such noncompliance is willful, give notice in writing to such insurer, stating therein in what manner and to what extent such noncompliance is alleged to exist and specifying therein a reasonable time, not less than ten days thereafter, in which such noncompliance shall be corrected.

(3) (a) If the commissioner has good cause to believe that noncompliance with the applicable requirements and standards as specified in subsection (2) of this section is willful or if, within the period prescribed by the commissioner in the notice required by subsection (2) of this section, the insurer does not make such changes as may be necessary to correct the noncompliance specified by the commissioner or establish to the satisfaction of the commissioner that such specified noncompliance does not exist, the commissioner may hold a public hearing in connection therewith. Within a reasonable period of time, not less than ten days before the date of such hearing, the commissioner shall mail a written notice of the hearing to such insurer. The notice given under this subsection (3) shall state in what manner and to what extent noncompliance is alleged to exist and the matter to be considered at such hearing. The hearing shall not include subjects not specified in the notice. The hearing shall be conducted in accordance with section 24-4-105, C.R.S., and the commissioner shall have all the powers set forth in said section.

(b) Any insurer aggrieved by an order or decision of the commissioner made without a hearing may, within thirty days after notice of the order or decision, make written application to the commissioner for a hearing thereon. The commissioner shall hold a hearing as provided in the applicable provisions of article 4 of title 24, C.R.S. Within fourteen days after such hearing, the commissioner shall affirm, reverse, or modify the commissioner's previous action, specifying the reasons therefor.

(4) If, after a hearing pursuant to subsection (3) of this section, the commissioner finds:

(a) That any rate violates the provisions of this title applicable to it, the commissioner may issue an order to the insurer which has been the subject of the hearing, specifying in what respects such violation exists and stating when, within a reasonable period of time, the further use of such rate by such insurer in contracts of insurance made thereafter shall be prohibited. In such order the commissioner shall require the excess premium plus eight percent interest to be refunded to the policyholder. The amount of the refund, plus interest, shall be computed from the effective date of the rate used on the policyholder contract to the date of the order by the commissioner pursuant to this section. Interest shall be computed as simple interest per annum.

(b) That an insurer is in violation of the provisions of this title applicable to it, other than the provisions dealing with rates, the commissioner may issue an order to such insurer which has been the subject of the hearing, specifying in what respect such violation exists and requiring compliance within a specified time thereafter;

(c) That any policy form, certificate, contract of insurance, or rider contains any provision or style of presentation which is deceptive or misleading or renders its use hazardous to the public or the policyholders or otherwise does not comply with the requirements of law, the commissioner may issue an order to such insurer which has been the subject of the hearing, prohibiting the further use of such form in this state;

(d) That the violation of any of the provisions of this title applicable to it by any insurer which is the subject of a hearing is willful, the commissioner may suspend or revoke, in whole or in part, the certificate of authority of such insurer with respect to the class of insurance which has been the subject matter of the hearing.

(5) In addition to any other remedies or penalties provided by law:

(a) The commissioner may suspend or revoke, in whole or in part, the certificate of authority of any insurer which fails to comply with an order of the commissioner within the time limit contained in any such order. The commissioner shall not suspend or revoke the certificate of authority for failure to comply with an order until the time prescribed for an appeal therefrom has expired or, if an appeal has been taken, until such order has been affirmed. The commissioner may determine when a suspension or revocation of any certificate of authority shall become effective. An order of suspension shall remain in effect for the period fixed by the commissioner unless the commissioner modifies or rescinds such suspension or until the order upon which such suspension is based is modified, rescinded, or reversed. No certificate of authority shall be suspended or revoked except upon a written order of the commissioner, stating findings made after a hearing held upon not less than ten days' written notice to such person or organization specifying the alleged violations.

(b) If a failure to comply with an order of the commissioner within the time limit specified in any such order is willful, the insurer shall be liable to the state in an amount not exceeding five thousand dollars for any such failure. The commissioner shall collect the amount so payable and may bring a civil action in the name of the people of the state of Colorado to enforce such collection. Such penalty may be in addition to the remedy provided in paragraph (a) of this subsection (5). All moneys collected by the commissioner under this paragraph (b) shall be transmitted to the state treasurer who shall credit the same to the general fund of the state.

(6) Any finding, determination, rule, ruling, or order made by the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

### PART 3

#### NONPROFIT HOSPITAL, MEDICAL-SURGICAL, AND HEALTH SERVICE CORPORATIONS

**10-16-301. Legislative declaration.** (1) It is the policy of the general assembly, and the intent and purpose of this article, to promote the availability of hospital care, medical-surgical care, and other health services on a voluntary nonprofit prepaid basis, and to thereby promote the health and welfare of the people of the state of Colorado.

(2) It is further the policy of the general assembly to conform the laws of the state of Colorado to section 1012 of the federal "Tax Reform Act of 1986", as amended, to ensure uniform federal and Colorado income taxation treatment of nonprofit hospitals, medical-surgical, and health service corporations. The general assembly recognizes that health care coverage may be offered to the citizens of this state by various entities with distinct organizational and functional forms. The placement of this part 3 in this article should in no way be construed so as to alter the distinct organizational and functional character of nonprofit hospital, medical-surgical, and health service corporations or to alter the legal distinctions between such corporations and other health care coverage entities.

**Source:** L. 92: Entire article R&RE, p. 1681, § 1, effective July 1.

**Editor's note:** This section is similar to former § 10-16-102 as it existed prior to 1992.

**10-16-302. Incorporation and organization - exemptions.** (1) Any nonprofit corporation organized under the laws of the state of Colorado for the purpose of establishing, maintaining, and operating a nonprofit plan, whereby prepaid hospital care, medical-surgical care, and other health services are made available to persons who become subscribers to such plan under a contract with the corporation, or for the purpose of providing long-term care insurance to persons pursuant to a contract with the corporation shall be subject to and governed by the provisions of part 1 of this article and this part 3 and, except as provided in this article and elsewhere in this title, shall not be subject to the laws of this state relating to insurance or insurance companies. The provisions of sections 10-3-109 (2), 10-3-128, and 10-8-530 (1.5); articles 1 and 2 of this title; and parts 4, 5, 7, 8, 11, and 12 of article 3 of this title, to the extent applicable, shall govern corporations organized pursuant to the provisions of this part 3.

(2) The provisions of this part 3 shall not apply to any employer's health plan or services established and maintained solely for its employees and their immediate families, nor to any labor organization's health plan or services established and maintained solely for its members and their immediate families, which plans or services are self-insured, nor to any such health plan or services established, maintained, and insured jointly by any employer and any labor organization.

**Editor's note:** (1) This section is similar to former § 10-16-103 as it existed prior to 1992.

(2) Amendments to subsection (1) by Senate Bill 94-206 and House Bill 94-1275 were harmonized.

## ANNOTATION

**Annotator's note.** Since § 10-16-302 is similar to § 10-16-103 as it existed prior to the 1992 repeal and reenactment of this article, a relevant case construing that provision has been included in the annotations to this section.

**Nonapplicability of provisions to state health plan.** Subsection (2) exempts the state health plan from the provisions of this article. *Parrish v. Rocky Mt. Hosp. and Med. Servs.*, 754 P.2d 1180 (Colo. App. 1988).

**10-16-303. Filing of articles of incorporation.** (1) Whenever any number of persons associate to form a corporation for any of the purposes named in section 10-16-302, they shall submit articles of incorporation which shall be issued in triplicate to the commissioner and the attorney general for examination. After being approved by such officers, the articles shall be filed and recorded in the office of the secretary of state who shall issue a certificate of incorporation. A copy of such articles, certified by the secretary of state, shall be filed with the commissioner.

(2) When not less than the amount required by section 10-16-310 is deposited with the commissioner, as provided for in this part 3, the commissioner shall cause an examination to be made either by the commissioner or some disinterested person, especially appointed by the commissioner for the purpose, who shall certify that the provisions of part 1 of this article and this part 3 have been complied with by said corporation, as far as applicable thereto. Such certificate shall be filed in the office of the commissioner, who shall thereupon deliver to such corporation a certified copy thereof, which, together with a copy of the articles of incorporation, shall be filed in the office of the clerk and recorder of the county wherein the principal office of the company is to be located, before the authority to commence business is granted.

(3) Whenever any such corporation thereafter desires to amend its articles of incorporation, it shall file its certificate of amendment with the commissioner before filing the same with the secretary of state, and if the commissioner, with the advice of the attorney general, finds the same to have been legally adopted and to be in due legal form and not in conflict with the provisions of law governing such corporations, then, and not otherwise, such certificate of amendment shall be filed with the secretary of state.

(4) Any corporation organized under the laws of this state relating to corporations not for profit prior to July 1, 1967, for the purposes named in section 10-16-302, shall within one year after July 1, 1967, comply with all of the provisions of this section and shall thereupon become subject to and be governed by said provisions.

**Editor's note:** This section is similar to former § 10-16-104 as it existed prior to 1992.

## ANNOTATION

**Annotator's note.** Since § 10-16-303 is similar to §§ 10-8-103, 10-8-116, 10-8-122, 10-8-122.2, 10-16-104, 10-16-114.6, and 10-17-131.6 as they existed prior to the 1992 repeal of part 1 of article 8 and article 17 of this title, and to the 1992 repeal and reenactment of this article 16, relevant cases construing those provisions have been included in the annotations to this section.

**Minimum requirements of all sickness and accident insurance policies.** Compliance with this section will not insulate insurance company from liability for aiding and abetting discrimination. *Civil Rights Comm'n v. Travelers Ins.*, 759 P.2d 1358 (Colo. 1988).

**natory on the basis of sex.** *Civil Rights Comm'n v. Travelers Ins.*, 759 P.2d 1358 (Colo. 1988) (decided prior to the enactment of § 10-16-114.6).

**A policy provision** that benefits were payable for covered expenses incurred within 52 weeks from the date of the first medical expenses for an injury or sickness which is also the basis for the claim, did not forever bar the recovery of claims resulting from any covered injury or sickness that occurred during any previous period. *Bumpers v. Guarantee Trust Life Ins. Co.*, 826 P.2d 358 (Colo. App. 1991).

**10-16-304. Contents of articles.** (1) In addition to the contents required or permitted by the general corporation laws of this state relating to corporations not for profit, the articles of incorporation of any corporation shall comply with the following:

(a) The name of the corporation shall not include the words "insurance", "casualty", "surety", "mutual", or any other words descriptive of the insurance, casualty, or surety business. The corporate name of any corporation formed under this article shall not be the same as and shall be distinguishable on the records of the secretary of state from the name of any other corporation authorized to do business in this state; and

(b) The statement of purposes shall be in conformity with the provisions of part 1 of this article and this part 3.

(2) Any such corporation organized prior to July 1, 1967, whose existing articles of incorporation shall not be in substantial conformity with part 1 of this article and this part 3 shall forthwith cause to be adopted and filed, as required in part 1 of this article and in this part 3 such amendments thereto as shall be necessary to effect substantial compliance with part 1 of this article and this part 3.

**10-16-305. Directors.** (1) The property and lawful business of every such corporation subject to the provisions of part 1 of this article and this part 3 shall be held and managed by a board of trustees or directors with such powers and authority as shall be necessary or incidental to the complete execution of the purposes of each such corporation as limited by its articles or the bylaws. No such board shall be composed of less than ten nor more than twenty-four members. Every such corporation with annual gross subscription income exceeding one million dollars shall have a majority of its board consisting of persons who are not:

(a) Members of the medical or nursing profession; or

(b) Employed by a hospital or clinic or employed by a corporation subject to part 1 of this article and to this part 3; or

(c) Otherwise directly or indirectly connected with hospitals or licensed health care institutions or purveyors of health services in this state.

(2) It is the duty of all members of a board of trustees or directors to represent the interests of the subscribers or members of health service plans of such corporation.

(3) Any such corporation subject to the provisions of part 1 of this article and this part 3 shall keep correct and complete books and records of account and shall keep minutes of the proceedings of its board of trustees or directors and committees having authority of the board of trustees, and shall keep at its registered office or principal office in this state a record of the names and addresses of its subscribers or members of the health service plans of such corporation. All books and records, excluding privileged medical records and personal records of subscribers or members, of such corporation may be inspected by any subscriber, or his agent or attorney at the registered or principal office of the corporation, for any proper purpose at any reasonable time.

**10-16-306. Contracts - benefits for long-term care insurance.** Corporations subject to the provisions of part 1 of this article and this part 3 may enter into contracts for the rendering of long-term care insurance, as defined in section 10-19-103 (5), on behalf of any of their subscribers. Such contracts shall comply with article 19 of this title.

#### ANNOTATION

**Annotator's note.** Since § 10-16-306 is similar to § 10-16-107 as it existed prior to the 1992 repeal and reenactment of this article, a relevant case construing that provision has been included in the annotations to this section.

**Applicability of equal fee provisions.** The administrator of the state health plan was not

subject to the provisions of this section because § 10-16-103 (2) exempts the state health plan from the provisions of this article. *Parrish v. Rocky Mt. Hosp. and Med. Servs.*, 754 P.2d 1180 (Colo. App. 1988).

**10-16-307. Authority to do business.** No corporation subject to the provisions of part 1 of this article and this part 3 shall transact any business in this state unless it first procures from the commissioner a certificate of authority stating that the requirements of the laws of this state have been complied with and authorizing it to do business. The certificate of authority shall expire on June 30 each year and shall be renewed annually if the corporation has continued to comply with the provisions of part 1 of this article and this part 3.

**Editor's note:** This section is similar to former § 10-16-111 as it existed prior to 1992.

**10-16-309. Requirements for certificate of authority.** (1) The commissioner shall not issue or renew a certificate of authority to any corporation operating or proposing to operate a nonprofit hospital, medical-surgical, and other health services plan, unless:

(a) The subscription or membership certificates which the corporation offers to its subscribers or members, together with a schedule of the dues and fees to be paid by subscribers or members, have been filed with the commissioner in accordance with the provisions of section 10-16-107;

(b) The schedule of the dues and fees to be paid by subscribers or members is such as will enable such corporation to meet the expenses of the hospital, medical-surgical, and other health services which are made available to its subscribers or members without impairing the guarantee fund required by section 10-16-310.

**Editor's note:** This section is similar to former § 10-16-112 as it existed prior to 1992.

**10-16-310. Surplus - guarantee fund deposit - regulations.** (1) No corporation subject to the provisions of part 1 of this article and this part 3 shall be permitted to do any

business in this state unless, in addition to the other requirements of law, it has and maintains surplus in an amount not less than five percent of the corporation's subscription income collected in the preceding year, not exceeding two million dollars, plus two and one-half percent of such income exceeding two million dollars but not exceeding ten million dollars, plus one percent of such income exceeding ten million dollars; but, in no event shall such surplus be less than one hundred thousand dollars. All corporations subject to the provisions of part 1 of this article and this part 3 shall place on deposit with the commissioner a guarantee fund of cash or approved securities in an amount determined by such formula, but not less than one hundred thousand dollars nor more than one million five hundred thousand dollars. Any amount of said surplus required by this subsection (1) and subsection (3) of this section in excess of one million five hundred thousand dollars shall be maintained by the corporation at all times, but shall not be required to be placed on deposit with the commissioner.

(2) The cash or securities representing the guarantee fund required by this section shall be deposited with the commissioner under joint control in the same manner as prescribed in sections 10-3-206, 10-3-210, and 10-3-211.

(3) The regulations authorized in this subsection (3) are to be promulgated to avoid situations where the transactions of a corporation subject to the provisions of part 1 of this article and this part 3 would create undue financial risks to its subscribers or the people of this state. The commissioner may by regulation establish standards consistent with the risk-based capital models applicable to hospital, medical, and dental service or indemnity corporations developed or adopted by the national association of insurance commissioners which require any such corporation to maintain a greater minimum level of surplus than the specified dollar minimums established by subsection (1) of this section. Such minimum level of surplus shall reflect the type, volume, and nature of the business being transacted. Such regulations may additionally require the submission of an opinion by a qualified actuary which states whether or not the surplus level of the entity is sufficient.

**Editor's note:** This section is similar to former § 10-16-113 as it existed prior to 1992.

**10-16-311. Group benefits for depositors of banks - benefits for subscribers in public institutions.** (1) Nonprofit hospitals and health service corporations may contract with any bank located and doing business in any community in this state, the population of which does not exceed ten thousand inhabitants, as shown by the last preceding federal census, to provide group hospital and medical benefits for the depositors of such bank if the premiums are paid by the bank as holder of the master contract from authorized deductions from individual member depositors' accounts in such bank in accordance with applicable laws governing such deductions.

(2) (a) No certificate issued, renewed, or reinstated by a corporation subject to the provisions of part 1 of this article and this part 3 shall contain any provision which limits or excludes payments under hospital or medical benefits coverage to or on behalf of the subscriber because the subscriber or any covered dependent is eligible for or receiving medical assistance benefits under articles 4, 5, and 6 of title 25.5, C.R.S.

(b) The requirements of paragraph (a) of this subsection (2) shall apply to all such certificates issued, renewed, or reinstated on or after August 1, 1984.

**10-16-315. Revocation of certificate - appeal.** (1) The commissioner shall not make public the result of any examination or investigation of any corporation found to be insolvent or with its capital impaired prior to suspending or revoking the authority of such company to do business in this state. If the commissioner determines, after examination, hearing, or other evidence, that such corporation is in an unsound condition, or has failed to comply with the law, or with the provisions of its charter, or that its condition is, or its methods are, such as to render its operations hazardous to the public, or to its subscribers, or that its actual assets, exclusive of its capital, are less than its liabilities, or if its officers or agents refuse to submit to examination, or to perform any legal obligation relative thereto, or refuse on behalf of the corporation to pay the examination charges, the commissioner shall suspend or revoke all certificates of authority granted to said corporation, and to its officers or agents, and shall cause notice thereof to be published in one or more daily newspapers published in the city and county of Denver, which shall have a general state circulation, and no solicitation of new business shall thereafter be done by it or its agents in this state while such default or disability continues, nor until its authority to do business is restored. Before suspending or revoking the certificate of authority of any

such corporation, unless it is insolvent or its capital impaired, the commissioner shall grant fifteen days in which to show cause why such action should not be taken.

(2) A corporation whose certificate of authority has been suspended or revoked by the commissioner, may appeal any such action to the court of appeals pursuant to section 24-4-106 (11), C.R.S.

(3) The court has the power to make an order suspending or staying the order of the commissioner suspending or revoking the license of a corporation pending the appeal; but the corporation appealing shall give a bond, with sureties satisfactory to the court, in such amount as the court determines to be just and proper, conditioned to pay to the state and to any persons whomsoever any loss that may be sustained by reason of the stay or suspension of such order of said commissioner, and that during the period allowed for taking such appeal, the publication of notice of the revocation or suspension of license of such corporation as provided by this section shall not be made. If the order of the commissioner has been stayed or suspended by the order of said court, such publication shall not be made until after the discharge of such stay or until the affirmation of such order of revocation or suspension.

(4) (Deleted by amendment, L. 92, p. 1598, § 122, effective July 1, 1992.)

(5) (a) In the event of such a finding of insolvency, the commissioner shall have and exercise all of the powers and authority set forth in part 5 of article 3 of this title.

**10-16-317. Exemption of direct payment methods.** Nothing contained in part 1 of this article or this part 3 shall be construed to affect or apply to hospitals, or other licensed health care institutions, nor to any individuals, partnerships, associations, or corporations which are the direct purveyors of health services; nor shall anything contained in part 1 of this article or this part 3 be construed to in any way limit the rights of such hospitals, or other licensed health care institutions or purveyors of health services, to establish methods of payment directly with the purchasers of their services; except such methods of payment by all corporations subject to part 1 of this article and this part 3 shall be on a prospective reimbursement basis as required by section 10-16-318; but the commissioner may require from any such institution or purveyor of services such information as will enable the commissioner to determine whether any such arrangements for payment for services are subject to the provisions of part 1 of this article and this part 3.

**10-16-317.5. Assignment of benefits.** (1) An individual or group nonprofit hospital or medical service contract issued pursuant to the provisions of this article shall not prohibit a subscriber under the contract from assigning, in writing, benefits payable under the contract to a licensed hospital or other licensed health care provider for services provided to the subscriber which are covered under the contract.

(2) When a licensed hospital or other licensed health care provider receives an assignment from a subscriber it is the responsibility of the provider to bill the contract issuer, including a copy of the assignment, and to mail a copy of such bill to the subscriber or certificate holder, stating on such copy that it is for informational purposes only and that the payor has been billed for covered benefits. The issuer of such nonprofit hospital or medical service contract shall honor such assignment and make payment of covered benefits directly to such licensed hospital or other licensed health care provider. In the event the issuer fails to honor such assignment by making payment to the subscriber and the subscriber, upon receipt of such payment, fails to timely pay an amount equivalent to such payment to the licensed hospital or other licensed health care provider, then the issuer shall be liable for such covered benefits payment directly to the licensed hospital or other licensed health care provider. It shall be the responsibility of the licensed hospital or other licensed health care provider to notify the issuer if timely payment has not been received. In such case, the issuer shall make payment of covered benefits pursuant to section 10-3-1110 (2) within thirty days after receipt of such notification.

(3) (a) Nothing in this section shall be construed to limit any nonprofit hospital, medical-surgical, and health care service corporation from determining the scope of its benefits or services or any other terms of its subscriber contracts, nor from negotiating contracts with licensed providers on reimbursement rates or any other lawful provisions.

(b) Notwithstanding the provisions of subsection (2) of this section, a licensed provider shall not be entitled to payment greater than the lesser of its charges or any level of reimbursement previously negotiated with any nonprofit hospital, medical-surgical, and health care service corporation, if applicable; nor shall such payor have any obligation under this section except for covered benefits.

(4) Nothing in this section shall be construed to prevent any nonprofit hospital, medical-surgical, and health care service corporation from limiting covered benefits to services provided by providers who have contracted with such corporation or from providing different levels of benefits depending on whether the provider has or has not contracted with such corporation.

**Editor's note:** (1) Although the effective date for the repeal and reenactment of this article was July 1, 1992, this section was added, effective May 20, 1992.

(2) This section was enacted as § 10-16-124.5 but, because of the repeal and reenactment of this article, was renumbered on revision for ease of location.

**10-16-318. Prospective reimbursement.** (1) No corporation subject to the provisions of part 1 of this article and this part 3 which provides a service contract as distinguished from a fixed dollar benefit contract shall provide reimbursement for the rendering of hospital care, medical-surgical care, or other health services on behalf of any of its members or subscribers with hospitals except by contract which provides for reimbursement on a prospective reimbursement basis. As used in this part 3, "prospective reimbursement" means a method of reimbursement whereby the purveyor of health services is reimbursed by each corporation subject to part 1 of this article and this part 3 for such services according to a schedule of rates, determined and agreed upon prior to the rendering of the services by both the purveyor of health services and each corporation subject to the provisions of part 1 of this article and this part 3. Such rates are to remain in force during the term of the contract or for one calendar year if a contract has a longer term, except as adjusted as provided in this section.

(2) (a) The bases for the prospective reimbursement rates shall be:

(I) Determined mutually by the corporation and the hospital using established accounting principles and regulations utilized in the health care industry for the determination of reimbursement to purveyors. Historic expenses may be one of the bases for reimbursement but not the sole basis.

(II) Supported by current and predicted costs derived through an appropriate budget and accounting system of the hospital, which budget and accounting system shall be available for discussion in detail with the corporation.

(b) The hospitals' operating requirements and the services offered, geographical characteristics, and the changes in price level indices may be included in the bases for prospective reimbursement.

(c) All such contracts shall be, if deemed necessary and only after the parties have exhausted all other efforts, subject to arbitration by the commissioner under the rules and regulations established by such commissioner.

(3) In order to provide incentives for the efficient and economical utilization of purveyor resources, the reimbursement rate agreed upon by the purveyor and the corporation subject to part 1 of this article and this part 3 shall be neither retroactively increased to reflect unforeseen patient costs nor retroactively decreased as a result of efficient purveyor operation. However, gains accruing to the purveyor as a result of a modification of those patient services, of operating requirements, or of changes in price level indices which were included in the bases for the setting of the prospective rate will be subject to downward adjustment.

(4) Provision shall be made between corporations subject to part 1 of this article and this part 3 and the purveyor of health care services for a mechanism to determine adjustments of prospectively determined rates. Such adjustments will occur when major events that have a fiscal impact occur which were unpredictable or were uncontrollable by the purveyor of health care services and which would require a rate change to meet the financial requirements of the purveyor of health care services.

(5) Corporations subject to part 1 of this article and this part 3 shall not pay more for purveyor's services than will be charged to commercial insurers.

(6) Each corporation subject to the provisions of part 1 of this article and this part 3 shall provide the commissioner with a copy of each contract entered into under this section, within thirty days after such contract is entered into, and such other information as the commissioner deems necessary by rule.

**10-16-320. Investment of funds.** The investable funds of a corporation subject to the provisions of part 1 of this article and this part 3 may only be invested in those types of investments which are permitted by law for the investment of the assets of life insurance companies and in such other types of investments as the commissioner may permit; notwithstanding any condition, restriction, or exclusion set forth in sections 10-3-218 and 10-3-220, any asset used for a home office building or for rental to others held on May 13, 1981, by a company subject to the provisions of this article shall remain an admitted asset

under part 2 of article 3 of this title so long as such company's home office is located in such asset. The provisions of section 10-3-233 shall not apply to such corporation.

**10-16-321. Medicare supplement benefit standards.** The provisions of article 18 of this title shall apply to corporations organized pursuant to the provisions of this part 3. On and after July 1, 1983, no corporation subject to the provisions of part 1 of this article and this part 3 shall deliver or issue for delivery in this state any subscription certificate or membership certificate intended as a medicare supplement policy, as defined in section 10-18-101, or any endorsement, rider, or application which becomes a part thereof, until a copy of the form and of the premium rates or dues pertaining thereto have been filed with the commissioner, nor shall any such certificate endorsement, rider, or application be used until the expiration of thirty days after the filing thereof, unless the commissioner sooner gives written approval thereto and of the premium rates or dues pertaining thereto. Within thirty days of such filing the commissioner shall notify the corporation which has filed any such form in writing if the documents do not comply with the requirements of law or if the rates do not meet the loss ratio standards set forth in section 10-18-105, and shall specify the reasons for such opinion. In all other cases, the commissioner shall give approval. Final orders and decisions of the commissioner relating to medicare supplement policies and rates filed under this section are subject to judicial review as provided in section 24-4-106, C.R.S. All medicare supplement policies, subscription certificates, and benefit forms and the premium rates or dues pertaining thereto which were approved by the commissioner prior to July 1, 1983, shall remain approved under the provisions of this article.

**10-16-324. Conversion of corporation to a stock insurance company.** (1) It is the intent of the general assembly by the enactment of this section to create a procedure for nonprofit hospital, medical-surgical, and health service corporations subject to the provisions of part 1 of this article and this part 3 to elect to convert to a stock insurance company subject to article 3 of this title. The general assembly in so doing recognizes the substantial and recent changes in market and health care conditions that are affecting such corporations and further recognizes the need for equal regulatory treatment and competitive equality for health care insurers. The general assembly further finds that a procedure for conversion to a stock insurance company will be in the best interests of policyholders by providing greater

financial stability for such company's policyholders and a greater opportunity to remain a financially independent Colorado company.

(2) Any nonprofit hospital, medical-surgical, and health service corporation, referred to in this section as "corporation", subject to the provisions of part 1 of this article and this part 3 may convert, without reincorporation, to a stock insurance company subject to article 3 of this title under a plan that complies with this section and has been approved by the commissioner pursuant to this section.

(3) In order to convert to a stock insurance company, the corporation shall file with the commissioner a plan for such conversion and apply for an amended certificate of authority pursuant to part 1 of article 3 of this title. The plan shall be available to the public for inspection both at the office of the commissioner and at the office of the proponent of the plan.

(4) The plan shall set forth with specificity the terms and conditions of the proposed conversion and shall do all of the following:

(a) Certify that the plan has been adopted by a majority vote of the board of directors of the corporation;

(b) Establish that the plan and the proposed conversion will not be prejudicial to the subscribers of the corporation or the citizens of the state of Colorado;

(c) Provide a comparative premium rate analysis of the corporation's major plans and product offerings, comparing actual premium rates for the three-year period prior to the filing of the plan and projected premium rates for the three-year period following any proposed conversion. Any such rate analysis shall address the projected impact, if any, of the proposed conversion upon the cost to subscribers as well as the projected impact, if any, of the proposed conversion upon the corporation's underwriting profit, investment income, and loss and claim reserves, including the effect, if any, of adverse market or risk selection upon such reserves.

(d) Provide for the protection of all existing contractual rights of the corporation's subscribers or contract holders for medical and hospital service or claims for reimbursement thereof;

(e) (I) Specify a reasonable treatment for the benefit of the citizens of the state of Colorado of the value of the corporation on all of the following terms that must be approved by the commissioner:

(A) Such treatment shall be deemed to be reasonable if consideration, determined by the commissioner to be equal to the fair market value of the corporation, is conveyed or issued to one or more qualifying entities;

(B) The commissioner shall determine the fair market value of the corporation at the time of conversion, determined as if it had voting stock outstanding and one hundred percent of its stock were freely transferable and available for purchase without restrictions. Consideration shall be given to market value, investment or earnings value, net asset value, and a control premium, if any. If a qualifying entity or entities receive, at the time of conversion, one hundred percent of the shares of the then-outstanding stock of the corporation, the qualifying entity or entities shall be regarded as having acquired the fair market value of the corporation, unless the commissioner finds that such outstanding stock does not represent the fair market value of the corporation.

(C) Nothing contained in sub-subparagraphs (A) and (B) of this subparagraph (I) shall require the auction, sale, or marketing of the corporation or require the commissioner to fix a dollar valuation of the corporation at the time of conversion;

(D) During the first three years after conversion, to avoid dilution of the value of the qualifying entity's ownership of stock, the corporation or its affiliates may not issue stock greater in seniority, including voting rights, or dividends, than the stock, if any, initially transferred to the qualifying entity. The commissioner may waive the requirements of this sub-subparagraph (D) regarding voting rights, if the commissioner determines that the corporation has transferred to the qualifying entity or entities a benefit equivalent to such voting rights.

(E) Each qualifying entity, its directors, officers, and staff shall be and remain independent of the converted stock insurance company and its affiliates and no person who is an officer, director, or staff member of the corporation at the time the plan is submitted or

at the time of conversion or thereafter shall be qualified to be an officer, director, or staff member of the qualifying entity. Nothing in this sub-subparagraph (E) shall prohibit a single member of the board of each qualifying entity, selected by such qualifying entity, from serving on the board of the corporation or the board of a holding company that owns the corporation. No director, officer, agent, or employee of the corporation shall benefit directly or indirectly from the conversion of the corporation.

(F) The charitable mission and grant-making functions of each qualifying entity must be dedicated to promoting or serving the health care needs of the citizens of Colorado; except that in no event shall any qualifying entity use the consideration (or any proceeds or gains thereon) transferred to it by the corporation to compete directly as a licensed carrier as defined in section 10-16-102 (8) with the corporation or any of its affiliates;

(G) The commissioner may permit all or a portion of the consideration conveyed to any qualifying entity to consist of stock of the corporation or a holding company which owns the corporation. Stock transferred to a qualifying entity may be restricted as set out in the plan approved by the commissioner.

(H) Repealed.

(I) At the time of the conversion, the corporation or a holding company that owns the corporation may issue additional voting shares of stock through an initial public offering or private placement, which stock shall not be included in the consideration transferred to a qualifying entity.

(II) (A) For purposes of this paragraph (e), a "qualifying entity" means an independent tax-exempt charitable or social welfare organization, operating under sections 501(c)(3) or 501(c)(4) of title 26 of the United States Code, the federal "Internal Revenue Code of 1986", as amended.

(B) Whether the qualifying entity is organized under said sections 501 (c) (3) or 501 (c) (4) of the federal "Internal Revenue Code of 1986", as amended, the articles of incorporation of the qualifying entity shall contain at least the following provisions: The qualifying entity shall be organized and operated exclusively for charitable, educational, or scientific purposes consistent with sub-subparagraph (F) of subparagraph (I) of this paragraph (e); the qualifying entity shall engage in lobbying or political activities only to the extent permitted an organization exempt under section 501 (c) (3) of the internal revenue code; the qualifying entity shall not engage in campaign activity or the making of political contributions; no part of the net earnings of the qualified entity may inure to the benefit of any individual; the qualifying entity may not engage in any self dealing for the benefit of its directors, officers, or employees; the qualifying entity shall report to the public at least annually information equivalent to that required of organizations qualified under section 501 (c) (3) of the federal "Internal Revenue Code of 1986", as amended. Nothing in this sub-subparagraph (B), however, shall require that a qualified entity divest itself of stock of the corporation.

(C) A "qualifying entity" shall be newly established for purposes of the conversion authorized in this section, unless otherwise approved by the commissioner.

(f) Specify the proposed amendments to the corporation's articles of incorporation, bylaws, and other documents of organization to effectuate the conversion;

(g) Specify the proposed form of notice of the proposed conversion to be published as set forth in subsection (6) of this section; and

(h) Provide such other information as determined by the commissioner to be reasonably necessary and relevant to the evaluation of the plan.

(5) The commissioner may retain, upon notice to the corporation, any qualified expert, such as attorneys, accountants, actuaries, and financial analysts, not otherwise a part of the commissioner's staff, to assist in reviewing the proposed plan, with such reasonable expenses incurred during the review to be borne by the corporation.

(6) Within thirty days after filing the plan of conversion and application for an amended certificate of authority, the corporation shall:

(a) Publish notice, in a form and in newspapers to be approved by the commissioner, of the proposed plan of conversion once a week for three consecutive weeks in at least one daily newspaper of general circulation in the counties in which the corporation does business;

(b) Cause notice, in a form and manner to be approved by the commissioner, of the proposed plan of conversion to be delivered by regular mail to all current subscribers; and

(c) Submit to the commissioner proof of publication of the notice required by paragraph (a) of this subsection (6) and properly executed amendments to the corporation's articles of incorporation, bylaws, and other organizational documents to effectuate the conversion authorized by this section.

(7) The commissioner shall hold a hearing pursuant to article 4 of title 24, C.R.S., before making a final decision to approve or disapprove the plan of conversion within sixty days after completion of publication of notice of the hearing thereon. The commissioner shall issue an order approving or disapproving the plan or approving an amended plan within sixty days after completion of the hearing.

(8) Upon mutual agreement of the corporation and the commissioner, the commissioner may enter an order extending any time limits within this section.

(9) The commissioner shall approve the plan of conversion if the commissioner finds that:

(a) The plan meets the requirements of subsection (4) of this section;

(b) The plan is fair and reasonable and not contrary to law or to the interests of subscribers, contract holders, or the public; and

(c) Upon conversion, the corporation will meet the standards and conditions applicable to stock insurance companies, including minimum surplus required of such companies.

(10) The conversion shall become effective as specified in the plan of conversion and when the revised articles of incorporation have been adopted.

(11) The corporate existence of the corporation shall not terminate upon conversion as provided for in this section, but the converted stock company shall be deemed to be a continuation of the corporation and to have been organized on the date the corporation was originally organized. Conversion under this section will not cause a dissolution of the corporation.

(12) Except as specifically provided for in this section, upon completion of its conversion to a stock insurance company as provided in this section, the corporation shall no longer be subject to this article and shall be subject to and comply with all laws and regulations applicable to a stock insurance company as provided in article 3 of this title, including all other requirements of a stock insurer as contained in this title.

(13) In the year of conversion, the corporation shall be obligated to pay the subscriber fee provided in section 10-16-110 (1) (c) for the portion of the year before the effective date of the conversion and premium taxes as a stock insurer pursuant to section 10-3-209 for premiums collected or contracted for the portion of the year from and including the effective date of the conversion.

(14) The converted stock insurance company shall be a member insurer under the "Life and Health Insurance Protection Association Act" as provided by article 20 of this title. All subscribers of the corporation existing on the date of conversion will be afforded coverage and protection in accordance with the terms and conditions of the said act. The converted stock insurance company will be subject to assessments as provided in article 20 of this title, and its share of any class B assessment made under section 10-20-109 (3) (b) shall be calculated, as applicable, based upon any Colorado premium or subscriber fees received by it during the calendar years immediately preceding its conversion to a stock insurance company; except that nothing in this subsection (14) shall require the converted stock insurance company to be assessed for insolvencies relating to member insurers who became insolvent insurers prior to the effective date of the conversion.

(15) Any final action by the commissioner pursuant to subsection (7) of this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S., at the initiation of the corporation seeking conversion to a newly created stock insurance company, or any person that was a party to the agency proceeding and was adversely affected or aggrieved by the final agency decision. The remedies set forth in this subsection (15) are exclusive remedies for any person aggrieved by a final action of the commissioner under this section.

## ANNOTATION

**Interests protected by this section** include those of a policyholder of the corporation to be converted and of a coalition of nonprofit organizations that could be adversely affected if the entity established to receive the consideration under this section was not sufficiently funded. Accordingly, these persons had standing to challenge the insurance commissioner's order approving the conversion. *Hawes v. Colo. Div. of Ins.*, 32 P.3d 571 (Colo. App. 2001).

**Fair market value is not conclusively determined by the highest bid.** Where \$160 million offer was conditioned on surrender of a significant contractual right and was not accepted, commissioner of insurance was not required to value corporation at \$160 million.

*Hawes v. Colo. Div. of Ins.*, 32 P.3d 571 (Colo. App. 2001).

**The commissioner may award attorney fees** under the common fund doctrine where it is necessary for the commissioner to discharge his or her responsibilities in an equitable conversion proceeding of a nonprofit corporation to a for-profit stock insurance company pursuant to § 10-16-324 and if nothing prohibits such an award. However, the commissioner does not have discretion to award attorney fees for lobbying effort conducted prior to the establishment of the commissioner's authority to preside over the conversion proceeding. *Hawes v. Colo. Div. of Ins.*, 65 P.3d 1008 (Colo. 2003).

## PART 4

### HEALTH MAINTENANCE ORGANIZATIONS

**10-16-401. Establishment of health maintenance organizations.** (1) The general assembly recognizes that health care coverage may be offered to the citizens of this state by various entities with distinct organizational and functional forms. The placement of this part 4 in this article should in no way be construed so as to alter the distinct organizational and functional character of health maintenance organizations or to alter the legal distinctions between such organizations and other health care coverage entities.

(2) Notwithstanding any law of this state to the contrary, any person may apply to the commissioner for and obtain a certificate of authority to establish and operate a health maintenance organization in compliance with part 1 of this article and this part 4; however, the general assembly declares that nothing in part 1 of this article or this part 4 shall be construed to ensure the success of any health maintenance organization and the state accepts no responsibility for the financial obligations of such organizations. No person shall establish or operate a health maintenance organization in this state, nor sell or offer to sell, or solicit offers to purchase or receive advance or periodic consideration in conjunction with a health maintenance organization without obtaining a certificate of authority under this part 4. A foreign corporation may qualify under this part 4 subject to its registration to do business in this state as a foreign corporation.

(3) Every health maintenance organization as of July 6, 1973, shall submit an application for a certificate of authority under subsection (4) of this section within one hundred eighty days of the said date. Each such applicant may continue to operate until the commissioner acts upon the application. In the event that an application is denied under section 10-16-402, the applicant shall henceforth be treated as a health maintenance organization whose certificate of authority has been revoked.

(4) Each application for a certificate of authority shall be verified by an officer or authorized representative of the applicant, shall be in a form prescribed by the commissioner, and shall set forth or be accompanied by the following:

(a) A copy of the basic organizational document, if any, of the applicant such as the articles of incorporation, articles of association, partnership agreement, trust agreement, or other applicable documents and all amendments thereto, in triplicate, for examination by the commissioner and attorney general. Where required, said articles shall be filed and recorded in the office of the secretary of state who shall issue a certificate of incorporation. A copy of such articles shall be filed with the commissioner.

- (b) A copy of the bylaws, rules and regulations, or similar document, if any, regulating the conduct of the internal affairs of the applicant;
- (c) A list of the names, addresses, and official positions of the persons who are to be responsible for the conduct of the affairs of the applicant, including all members of the board of directors, board of trustees, executive committee, or other governing board or committee, the principal officers in the case of a corporation, and the partners or members in the case of a partnership or association;
- (d) A copy of any contract made or to be made between any providers or persons listed in paragraph (c) of this subsection (4) and the applicant;
- (e) A statement generally describing the health maintenance organization, its health care plan or plans, facilities, and personnel;
- (f) A copy of the form of evidence of coverage to be issued to the enrollees;
- (g) A copy of the form of the group contract, if any, which is to be issued to employers, unions, trustees, or other organizations;
- (h) Financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent regular certified financial statement shall be deemed to satisfy this requirement unless the commissioner directs that additional or more recent financial information is required for the proper administration of part 1 of this article and this part 4.
- (i) A description of the proposed method of marketing the plan, a financial plan which includes a three-year projection of the initial operating results anticipated, and a statement as to the sources of working capital as well as any other sources of funding;
- (j) A power of attorney duly executed by such applicant, if not domiciled in this state, appointing the commissioner and the commissioner's successors in office, and duly authorized deputies, as the true and lawful attorney of such applicant in and for this state upon whom all lawful process in any legal action or proceeding against the health maintenance organization on a cause of action arising in this state may be served;
- (k) A statement reasonably describing the geographic area or areas to be served;
- (l) A description of the complaint procedures to be utilized as required under section 10-16-409;
- (m) A description of the procedures and programs to be implemented to meet the quality of health care requirements in section 10-16-402 (1) (b);
- (n) A description of the mechanism by which enrollees will be afforded an opportunity to participate in matters of policy and operation under section 10-16-404 (2);
- (o) Such other information as the commissioner may require to make the determinations required in section 10-16-402;
- (p) An access plan for each separate network of the health maintenance organization as specified in section 10-16-704 (9). To the extent that the information in the access plan contains the required information specified in paragraphs (e), (f), (k), (l), (m), and (n) of this subsection (4), the health maintenance organization shall be deemed to be in compliance with said paragraphs.
- (5) A health maintenance organization shall, unless otherwise provided for in part 1 of this article or this part 4, file a notice describing any modification of the operation set out in the information required by subsection (4) of this section. Such notice shall be filed with the commissioner prior to the modification. If the commissioner does not disapprove within thirty days of filing, such modification shall be deemed approved.

**Editor's note:** This section is similar to former § 10-17-103 as it existed prior to 1992.

**10-16-402. Issuance of certificate of authority - denial.** (1) (a) Upon receipt of an application for issuance of a certificate of authority, the commissioner shall forthwith transmit copies of such application and accompanying documents to the executive director.

(b) The executive director shall determine whether the applicant for a certificate of authority, with respect to health care services to be furnished:

(I) Has demonstrated the willingness and potential ability to assure that such health care services will be provided in a manner to assure both availability and accessibility of adequate personnel and facilities and in a manner enhancing availability, accessibility, and continuity of service;

(II) Has arrangements, established in accordance with regulations promulgated by the executive director, for an ongoing quality of health care assurance program concerning health care processes and outcomes; and

(III) Has a procedure, established in accordance with regulations of the executive director, to develop, compile, evaluate, and report statistics relating to the cost of its operations, the pattern of utilization of its services, the availability and accessibility of its services, and such other matters as may be reasonably required by the executive director.

(c) Within thirty days of receipt of the application for issuance of a certificate of authority, the executive director shall certify to the commissioner whether the proposed health maintenance organization meets the requirements of paragraph (b) of this subsection (1). If the executive director certifies that the health maintenance organization does not meet such requirements, the executive director shall specify in what respects it is deficient.

(2) The commissioner shall issue or deny a certificate of authority to any person filing an application pursuant to section 10-16-401 within thirty days of receipt of the certification from the executive director. Issuance of a certificate of authority shall be granted upon payment of the application fee prescribed in section 10-16-110 (2) if the commissioner is satisfied that the following conditions are met:

(a) The persons responsible for the conduct of the affairs of the applicant are competent, trustworthy, and possess good reputations;

(b) The executive director certifies in accordance with subsection (1) of this section that the health maintenance organization's proposed plan of operation meets the requirements of paragraph (b) of subsection (1) of this section;

(c) (I) The health maintenance organization will effectively provide or arrange for the provision of basic health care services, through insurance or otherwise, except to the extent of reasonable requirements for copayments, deductibles, and payments for out-of-network services received pursuant to section 10-16-704 (2).

(II) Nothing in this paragraph (c) shall prohibit a carrier from offering to a small employer additional options of a health benefit plan that:

(A) Provides for different benefits for insureds and dependents of insureds covered by the same policy; and

(B) Encourages appropriate health care condition management based on clinical guidelines by providing case management benefits to covered persons.

(d) The health maintenance organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner may consider:

(I) The financial soundness of the health care plan's arrangements for health care services and the schedule of charges used in connection therewith;

(II) The adequacy of working capital;

(III) Any agreement with an insurer, a nonprofit hospital, medical-surgical, and health service corporation, a government, or any other organization for insuring the payment of the cost of health care services or the provision for automatic applicability of an alternative coverage in the event of discontinuance of the plan;

(IV) Any agreement with providers for the provision of health care services;

(V) Any surety bond or deposit of cash or securities submitted in accordance with section 10-16-412 as a guarantee that the obligations will be duly performed.

(e) The enrollees will be afforded an opportunity to participate in matters of policy and operation pursuant to section 10-16-404;

(f) Nothing in the proposed method of operation, as shown by the information submitted pursuant to section 10-16-401 or by independent investigation, is contrary to the public interest;

(g) Any deficiencies certified by the executive director have been corrected.

(3) A certificate of authority shall be denied only after compliance with the requirements of section 10-16-419.

(4) A certificate of authority shall expire on the last day of June in each year and shall be renewed annually if the company has continued to comply with the laws of this state.

**10-16-403. Powers of health maintenance organizations.** (1) The powers of a health maintenance organization include, but are not limited to, the following:

(a) The purchase, lease, construction, renovation, operation, and maintenance of hospitals, medical facilities, nursing care and intermediate care facilities, and other institutions of like nature, their ancillary equipment, and such property as may reasonably be required for its administrative offices or for such other purposes as may be necessary to accomplish the business of the organization;

(b) The making of loans to a medical group under contract with it in furtherance of its program or the making of loans to a corporation or corporations under its control for the purpose of acquiring or constructing medical facilities, hospitals, nursing care and intermediate care facilities, and other institutions of a like nature providing health care services to enrollees;

(c) The furnishing of health care services through providers which are under contract with or employed by the health maintenance organization;

(d) The contracting with any person for the performance on its behalf of certain functions such as marketing, enrollment, and administration;

(e) The contracting with an insurance company licensed in this state, or with a nonprofit hospital, medical-surgical, and health service corporation authorized to do business in this state, for the provision of insurance, indemnity, or reimbursement against the cost of health care services provided by the health maintenance organization;

(f) The offering, in addition to basic health care services, of:

(I) Additional health care services;

(II) Indemnity benefits not exceeding twenty percent of net medical and hospital expenses incurred on an annual basis;

(III) Indemnity benefits, in addition to benefits provided directly or indirectly through contracts with providers, by the health maintenance organization, through insurers or nonprofit hospital, medical-surgical, and health service corporations;

(g) The offering of contracts for the rendering of long-term care insurance, as defined in section 10-19-103 (5), on behalf of any of its enrollees. Such contracts shall comply with article 19 of this title.

(h) Repealed.

(2) (a) A health maintenance organization shall file notice, with adequate supporting information, with the commissioner prior to the exercise of any power granted in the introductory portion or paragraph (a) of subsection (1) of this section. The commissioner shall disapprove such exercise of power, if in the commissioner's opinion it would substantially and adversely affect the financial soundness of the health maintenance organization and endanger its ability to meet its obligations. If the commissioner does not disapprove within thirty days of the filing, it shall be deemed approved.

(b) The commissioner may promulgate rules and regulations exempting from the filing requirement of paragraph (a) of this subsection (2) those activities having a de minimis effect.

**10-16-404. Governing body.** (1) The governing body of any health maintenance organization may include providers, other individuals, or both.

(2) Such governing body shall establish a mechanism to afford the enrollees an opportunity to participate in matters of policy and operation through the establishment of advisory panels, by the use of advisory referenda on major policy decisions, or through the use of other mechanisms.

**10-16-406. Evidence of coverage.** Every enrollee residing in this state is entitled to evidence of coverage under a health care plan. If the enrollee obtains coverage under a health care plan through an insurance policy or a contract issued by a nonprofit hospital, medical-surgical, and health service corporation, whether by option or otherwise, the insurer or the nonprofit hospital, medical-surgical, and health service corporation shall issue the evidence of coverage. Otherwise, the health maintenance organization shall issue the evidence of coverage.

**Editor's note:** This section is similar to former § 10-17-108 as it existed prior to 1992.

**10-16-407. Information to enrollees.** (1) Every health maintenance organization shall annually provide to its enrollees:

(a) The most recent annual statement of financial condition including a balance sheet and summary of receipts and disbursements;

(b) A description of the organizational structure and operation of the health care plan and a summary of any material changes since the issuance of the last report;

(c) A description of services and information as to where and how to secure them; and

(d) A clear and understandable description of the health maintenance organization's method for resolving enrollee complaints.

(2) Every health maintenance organization shall clearly state in its brochures, contracts, policy manuals, and printed materials distributed to enrollees that such enrollees shall have the option of calling the local prehospital emergency medical service system by dialing the

emergency telephone access number 9-1-1 or its local equivalent whenever an enrollee is confronted with a life or limb threatening emergency. For the purposes of this section, a "life or limb threatening emergency" means any event that a prudent lay person would believe threatens his or her life or limb in such a manner that a need for immediate medical care is created to prevent death or serious impairment of health. No enrollee shall in any way be discouraged from using the local prehospital emergency medical service system, the 9-1-1 telephone number, or the local equivalent, or be denied coverage for medical and transportation expenses incurred as a result of such use in a life or limb threatening emergency.

(3) (a) A health maintenance organization that offers basic health care services to enrollees through a limited health benefit plan pursuant to section 10-16-403 (1) (h) shall clearly state in its brochures, contracts, policy manuals, and printed materials distributed to enrollees the following information:

(I) That a limited health benefit plan may impose a limit on the total maximum benefit amount available to the enrollee on an annual basis and on the total maximum benefit amounts available for particular health care services provided during a given year;

(II) The specific amount of the annual total maximum benefit amount and the annual total maximum amount for particular health care services covered by the limited health benefit plan; and

(III) That once the enrollee receives the total maximum amount of benefits under the limited health benefit plan in any given year, or receives the total maximum amount of benefits for a particular health care service in a given year, the enrollee is responsible for paying out-of-pocket for the costs of any health care services provided to the enrollee during that year that exceed the total annual maximum benefit amount or the total maximum benefit amount for a particular health care service, as applicable.

(b) The health maintenance organization shall ensure that the information required by this subsection (3) is prominently displayed, in bold-faced font in at least fourteen-point type, on any materials provided to enrollees.

(c) (I) Each enrollee who participates in a limited health benefit plan shall sign the following statement of understanding indicating his or her understanding of the limitations of the plan:

#### STATEMENT OF UNDERSTANDING

I, \_\_\_\_\_, understand that I am enrolling in a limited health benefit plan that contains a total maximum annual amount of benefits available to me and my covered dependents each plan year for basic health care services. The total maximum annual benefit amount is \_\_\_\_.

I understand that once I receive the total maximum amount of benefits under the limited health benefit plan in a plan year, I am fully responsible for paying out-of-pocket for the costs or charges for any health care services I or my covered dependents receive during the remaining portion of the plan year.

I understand that I may exhaust my total annual maximum benefit amount while I am or a covered dependent is undergoing treatment for an illness or injury and that I will be responsible for paying the costs of treatment provided after I have exhausted my benefits under the limited health benefit plan.

I understand that if I exhaust my total annual maximum benefit amount in a plan year, I or my covered dependent may or may not be eligible for the state Medicaid program, the Colorado Indigent Care Program, or other public programs, and that it is solely my choice and responsibility to investigate my options and eligibility for participation in any public program.

**10-16-408. Open enrollment.** (1) After a health maintenance organization has been in operation twenty-four months, it shall have an annual open enrollment period of at least one month during which it accepts enrollees up to the limits of its capacity, as determined by the health maintenance organization, in the order in which they apply for enrollment. A health maintenance organization may apply to the commissioner for authorization to impose such underwriting restrictions upon enrollment as are necessary to preserve its financial stability, to prevent excessive adverse selection by prospective enrollees, or to avoid unreasonably high or unmarketable charges for enrollee coverage for health care services. The commissioner shall approve or deny such application within thirty days of the receipt thereof from the health maintenance organization.

(2) Health maintenance organizations providing or arranging for services exclusively on a group contract basis may limit the open enrollment provided for in subsection (1) of this section to all members of the group or groups covered by such contracts.

(3) Except as provided in subsection (2) of this section, the enrollment policies of health maintenance organizations may not be such as to prevent or hinder the enrollment by, or in any other manner discriminate against, persons eligible for medical benefits under Titles XVIII and XIX of the federal "Social Security Act" as authorized under Public Law 89-97; such policies shall be grounds for suspension or revocation of the organization's certificate of authority issued pursuant to this article.

**10-16-409. Complaint system.** (1) (a) Every health maintenance organization shall establish and maintain a complaint system which has been approved by the commissioner, after consultation with the executive director, to provide reasonable procedures for the resolution of written complaints initiated by enrollees concerning health care services.

(b) Each health maintenance organization shall maintain in a form prescribed by the commissioner after consultation with the executive director, for examination by the commissioner or the executive director, which shall include:

(I) A description of the procedures of such complaint system;

(II) The total number of complaints handled through such complaint system and a compilation of causes underlying the complaints filed;

(III) The number, amount, and disposition of malpractice claims settled during the year by the health maintenance organization and any of the providers used by it which involve services covered by the health maintenance organization.

(2) The health maintenance organization shall maintain records of written complaints filed with it concerning other than health care services and shall submit to the commissioner a summary report at such times and in such format as the commissioner may require. Such

complaints involving other persons shall be referred to such persons with a copy to the commissioner.

(3) The commissioner or the executive director may examine such complaint system subject to the limitations concerning medical records of individuals set forth in section 10-16-416 (3).

#### ANNOTATION

**No conflict exists between the Health Care Availability Act and the Colorado Health Maintenance Organization Act.** An agreement to arbitrate professional negligence claims obtained on behalf of persons or entities that unquestionably are health care providers must comply with the provisions of the Health Care Availability Act. *Evans v. Colo. Permanente Medical Group, P.C.*, 902 P.2d 867 (Colo. App. 1995), aff'd, 926 P.2d 1218 (Colo. 1996).

**If dispute resolution procedures include arbitration of professional negligence claims** against health care providers who provide medical services, the patient must be notified of this fact in a manner consistent with the Health Care Availability Act requirements; this section does not conflict with requirements of that act. *Evans v. Colo. Permanente Medical Group, P.C.*, 902 P.2d 867 (Colo. App. 1995), aff'd, 926 P.2d 1218 (Colo. 1996).

**10-16-410. Investments.** With the exception of investments made in accordance with section 10-16-403 (1) (a) and (2), the investable funds of a health maintenance organization shall be invested only in securities or other investments permitted by the laws of this state for the investment of assets constituting the legal reserves of life insurance companies or such other securities or investments as the commissioner may permit.

**Editor's note:** This section is similar to former § 10-17-113 as it existed prior to 1992.

**10-16-411. Protection against insolvency.** (1) (a) Before issuing any certificate of authority, the commissioner shall require that the health maintenance organization have an initial minimum surplus of one million five hundred thousand dollars. "Surplus" means total assets less all liabilities with the exception of long-term loans from the secretary of the United States department of health and human services or other loan or obligation with terms and conditions acceptable to the commissioner. Such loan or obligation shall be considered equity until such time as the funding source shall declare that repayment shall commence. Upon such declaration, the amount necessary to fund the repayments, including accrued interest thereon, for the ensuing twelve months will be included as a direct liability and so classified in the determination of minimum surplus as provided by this subsection (1).

(a.5) The minimum surplus required by paragraph (a) of this subsection (1) may be reduced by up to five hundred thousand dollars if the health maintenance organization has available to it an administrative infrastructure that the commissioner considers appropriate to reduce, control, or eliminate start-up costs associated with the administration of the health maintenance organization. Such infrastructure includes office space and equipment, computer systems, software, management services contract, and personnel recruitment fees.

(b) Every health maintenance organization shall maintain a minimum surplus at least equal to one million dollars.

(c) and (d) (Deleted by amendment, L. 99, p. 80, § 2, effective July 1, 1999.)

(1.5) (a) Notwithstanding any provision of subsection (2) or (4) of this section to the contrary, a health maintenance organization whose sole business is providing health care services to recipients under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., the children's basic health plan, article 8 of title 25.5, C.R.S., or medicare

under Title XVIII of the federal "Social Security Act", as amended, shall maintain a minimum surplus of not less than four million dollars and shall maintain a claims liability within its financial statement equal to the greater of:

(I) One month of federal and state reimbursements received by the health maintenance organization for services provided to health care recipients; or

(II) The health maintenance organization's total outstanding claims liabilities.

(b) A health maintenance organization subject to this subsection (1.5) annually shall submit an opinion by a qualified actuary that attests that the health maintenance organization's surplus level and outstanding claims liability meet the requirements of this subsection (1.5).

(2) The commissioner may, by rule, establish standards consistent with the risk-based capital models applicable to managed care organizations developed or adopted by the national association of insurance commissioners that require any such corporation to maintain a greater minimum level of surplus than the specified dollar minimums established by subsection (1) of this section. Such minimum level of surplus shall reflect the type, volume, and nature of the business being transacted. Such rules may additionally require the submission of an opinion by a qualified actuary that states whether or not the surplus level of the entity is sufficient.

(3) If a health maintenance organization fails to comply with the surplus requirements of this section, the commissioner is authorized to take appropriate action to assure that the continued operation of the health maintenance organization will not be detrimental to its enrollees.

(4) (a) If the initial application of this section would cause a reduction in the total capital and surplus of a health maintenance organization of ten percent or more or would cause the capital and surplus of a health maintenance organization to fall to or below the company action level as defined by the commissioner by rule, such health maintenance organization may, within thirty days after the effective date of such rule, file with the commissioner a request to phase in the requirements of this section over a period not to exceed three years or another time period as approved by the commissioner.

(b) Any request made pursuant to paragraph (a) of this subsection (4) shall include a complete analysis, in a form prescribed by the commissioner, of the impact upon the health maintenance organization making the request, that is expected to result from application of this section and, if a phase-in is requested, a description of the health maintenance organization's plan for the phase-in period. The commissioner shall not deny a request for a phase-in except upon notice and an opportunity for a hearing as provided in section 24-4-105, C.R.S.

(c) Any request for a hearing made pursuant to paragraph (b) of this subsection (4) shall include a description of the basis upon which relief is sought. Upon receipt of such a request, the commissioner shall, with regard to the health maintenance organization making the request, postpone the effective date of the section pending the conclusion of the hearing and the taking of final agency action thereon. The hearing shall commence within sixty days after the commissioner receives the request and shall be conducted in accordance with section 24-4-105, C.R.S.

**Editor's note:** This section is similar to former § 10-17-114 as it existed prior to 1992.

**10-16-412. Statutory deposit.** (1) Unless otherwise provided in subsections (2) and (3) of this section, each health maintenance organization shall furnish cash or securities acceptable to the commissioner to be held by the commissioner under joint control in the same manner as prescribed in sections 10-3-206, 10-3-210, and 10-3-211. The primary purpose of this deposit shall be to protect the interests of the enrollees and to assure continuation of health care services to enrollees of a health maintenance organization and to cover reasonable administration costs attributed to rehabilitation, liquidation, or conservation under section 10-16-418.

(2) (a) Every health maintenance organization shall have an initial deposit of three hundred thousand dollars.

(b) (Deleted by amendment, L. 99, p. 83, § 3, effective July 1, 1999.)

(3) Health maintenance organizations shall establish and maintain the following minimum deposits:

(a) The following schedule, based upon enrollment levels achieved on December 31 of the preceding year:

(I) to (III) (Deleted by amendment, L. 99, p. 83, § 3, effective July 1, 1999.)

(IV) \$300,000: Enrollment of not less than 60,000;

(V) \$350,000: Enrollment of 60,000 but less than 100,000;

(VI) \$400,000: Enrollment of 100,000 or more.

(b) The statutory deposit shall at all times equal or exceed twenty-five percent of the health maintenance organization's uncovered expenditures for the previous calendar year. At such time as the deposit is less than twenty-five percent of the health maintenance organization's uncovered expenditures for the previous calendar year, additional deposits will be required to maintain this level. The maximum deposit required, however, shall not exceed one million dollars.

(4) (a) If the initial application of this section would create undue financial risks to the enrollees of a health maintenance organization, such health maintenance organization may, within thirty days after July 1, 1999, file with the commissioner a request to phase in the requirements of this section over a period not to exceed three years or another time period as approved by the commissioner.

(b) Any request made pursuant to paragraph (a) of this subsection (4) shall include a complete analysis, in a form prescribed by the commissioner, of the impact upon the health maintenance organization making the request, that is expected to result from application of this section and, if a phase-in is requested, a description of the health maintenance organization's plan for the phase-in period. The commissioner shall not deny a request for a phase-in except upon notice and an opportunity for a hearing as provided in section 24-4-105, C.R.S.

(c) Any request for a hearing made pursuant to paragraph (b) of this subsection (4) shall include a description of the basis upon which relief is sought. Upon receipt of such a request, the commissioner shall, with regard to the health maintenance organization making the request, postpone the effective date of the section pending the conclusion of the hearing and the taking of final agency action thereon. The hearing shall commence within sixty days after the commissioner receives the request and shall be conducted in accordance with section 24-4-105, C.R.S.

**10-16-413. Prohibited practices.** (1) No health maintenance organization, or representative thereof, may cause or knowingly permit the use of advertising which is untrue or misleading, solicitation which is untrue or misleading, or any form of evidence of coverage which is deceptive. For purposes of part 1 of this article and this part 4:

(a) A statement or item of information is deemed to be untrue if it does not conform to fact in any respect which is or may be significant to an enrollee of, or person considering enrollment in, a health care plan.

(b) A statement or item of information is deemed to be misleading, whether or not it may be literally untrue, if, in the total context in which such statement is made or such item of information is communicated, such statement or item of information may be reasonably understood by a reasonable person not possessing special knowledge regarding health care coverage, as indicating any benefit or advantage or the absence of any exclusion, limitation, or disadvantage of possible significance to an enrollee of, or person considering enrollment in, a health care plan, if such benefit or advantage or absence of limitation, exclusion, or disadvantage does not in fact exist.

(c) An evidence of coverage is deemed to be deceptive if the evidence of coverage taken as a whole, and with consideration given to typography and format, as well as language, shall be such as to cause a reasonable person, not possessing special knowledge regarding health care plans and evidences of coverage therefor, to expect benefits, services, charges, or other advantages which the evidence of coverage does not provide or which the health care plan issuing such evidence of coverage does not regularly make available for enrollees covered under such evidence of coverage.

(2) Part 11 of article 3 of this title shall apply to health maintenance organizations, health care plans, and evidences of coverage except to the extent that the commissioner determines that the nature of health maintenance organizations, health care plans, and evidences of coverage render such article clearly inapplicable.

(3) An enrollee may not be cancelled or nonrenewed on the basis of the status of such enrollee's health.

(4) No health maintenance organization, unless licensed as an insurer, may use in its name, contracts, or literature any of the words "insurance", "casualty", "surety", "mutual", or any other words descriptive of the insurance, casualty, or surety business and shall be distinguishable on the records of the secretary of state from the name or description of any insurance or surety corporation doing business in this state.

**10-16-413.5. Return to home - legislative declaration.** (1) The general assembly hereby finds that:

(a) As individuals "age-in-place" in their own homes or other settings, they frequently contract with continuing care retirement communities or assisted living, nursing, or Alzheimer facilities to receive the services they need in order to maximize their independence;

(b) Elderly and disabled persons select particular facilities because of proximity to family and friends, religious affiliation, reputation in the community, or the security offered in a particular setting;

(c) Some health care service plan contracts require that an enrollee be placed in a skilled nursing facility participating in the plan;

(d) Requiring an elderly or disabled person to move into an unfamiliar environment can be traumatic and have an adverse effect on the person's psychological, social, and physical well-being;

(e) Elderly and disabled persons who require hospitalization need to be able to "return to home" without interference from health care coverage providers, if the facility is able to provide the needed services and is willing to accept payment on the same terms as a network provider.

(2) As used in this section, unless the context otherwise requires:

(a) "Continuing care" means furnishing, pursuant to an agreement, shelter, food, and either nursing care or personal services whether such nursing care or personal services are provided in a facility or another setting designated by the agreement for continuing care, nursing care, or personal care services, to an individual not related by consanguinity or affinity to the provider furnishing care upon payment of an entrance or rental fee.

(b) "Enrollee" means an individual who is eligible for health care benefits under a contract with a carrier.

(3) On and after January 1, 2000, no carrier, including a carrier that offers a medicare supplement policy pursuant to article 18 of this title, shall deny payment for continuing care provided to an enrollee even if the provider is not under contract with the carrier if all of the following apply:

(a) The service is a covered benefit under the terms of the contract covering the enrollee;

(b) The enrollee:

(I) Prior to being hospitalized, resided where the continuing care services are to be provided;

(II) Had a contractual or other right to return to such location; and

(III) Returned to such location regardless of whether he or she returned to a different part of a facility in which he or she resided prior to hospitalization;

(c) The level of care that the enrollee needs may be provided at the location where the continuing care services are to be provided and the location is licensed by the state of Colorado as a skilled nursing facility and certified as participating in medicare; and

(d) With respect to an enrollee returning to the location where the continuing care services are to be provided pursuant to this section, the provider of continuing care services agrees to abide by the same terms and conditions that apply to participating providers under contract with the carrier, including but not limited to:

(I) Utilization review, quality assurance, peer review, and access to health care services; and

(II) Management and administrative procedures including data and financial reporting procedures that may be required by the carrier.

(4) The carrier shall pay the provider of continuing care services for covered benefits at the same rate for the same level and intensity of services as providers under contract with the carrier.

(5) The enrollee shall have a cause of action against the carrier for a violation of this section. The action may be commenced by the enrollee or on behalf of the enrollee by an adult relative, friend, or guardian of the enrollee who has an interest in or the responsibility for the enrollee's welfare.

**10-16-415. Powers of insurers and nonprofit hospital, medical-surgical, and health service corporations.** (1) An insurance company licensed in this state, or a nonprofit hospital, medical-surgical, and health service corporation authorized to do business in this state, may either directly or through a subsidiary or affiliate, organize and operate a health maintenance organization under the provisions of part 1 of this article and this part 4. Notwithstanding any other law which may be inconsistent, any two or more such insurance companies, nonprofit hospital, medical-surgical, and health service corporations, or subsidiaries or affiliates thereof, may jointly organize and operate a health maintenance organization. An insurance company shall not be considered in violation of the laws regulating insurance by the providing of health care by a health maintenance organization owned or operated by an insurer or a subsidiary thereof.

(2) Notwithstanding any other provision of law, an insurer or a nonprofit hospital, medical-surgical, and health service corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. The enrollees of a health maintenance organization constitute a permissible group under such laws. Among other things, under such contracts, the insurer or nonprofit hospital, medical-surgical, and health

service corporation may make benefit payments to health maintenance organizations for health care services rendered by providers pursuant to contracts with health maintenance organizations.

**Editor's note:** This section is similar to former § 10-17-117 as it existed prior to 1992.

**10-16-416. Examination.** (1) The commissioner may make an examination of the affairs of any health maintenance organization and providers with whom such organization has contracts, agreements, or other arrangements pursuant to its health care plan as often as the commissioner deems it necessary for the protection of the interests of the people of this state but not less frequently than once every five years.

(2) The executive director may make an examination concerning the quality of health care services of any health maintenance organization and providers with whom such organization has contracts, agreements, or other arrangements pursuant to its health care plan as often as the executive director deems it necessary for the protection of the interests of the people of this state but not less frequently than once every three years.

(3) Every health maintenance organization and provider shall submit its books and records relating to the health care plan to such examinations and in every way facilitate them. Medical records of individuals and records of physicians providing service under a contract to the health maintenance organization shall not be subject to such examination, although they may be subject to subpoena upon a showing of good cause. For the purpose of examinations, the commissioner and the executive director may administer oaths to and examine the officers and agents of the health maintenance organization and the principals of such providers concerning their business.

(4) The expenses of examinations under this section shall be assessed against the organization being examined and remitted to the commissioner or the executive director for whom the examination is being conducted.

(5) In lieu of such examination, the commissioner or the executive director may accept the report of an examination made by the commissioner or the head of the health department of another state.

(6) To supplement the examination powers of the commissioner, as provided in this section, the commissioner may request or require any foreign company, entity, or new applicant, or any domestic company may make a request to the commissioner, to be examined by independent examiners certified by the society of financial examiners, actuaries who are members of the American academy of actuaries, or other qualified loss reserve specialists, independent risk managers, independent certified public accountants, or other qualified examiners of insurance companies deemed competent by the commissioner, or any combination of such qualified persons. The commissioner may also accept, as part of the commissioner's examination, reports made by any qualified person pursuant to this subsection (6). Neither such persons nor members of their immediate families shall be officers of, connected with, or financially interested in the entity, company, or applicant being examined other than as policyholders, nor shall they be financially interested in any other corporation or person affected by the examination, investigation, or hearing. The commissioner shall establish guidelines for assuring the neutrality of those persons to be authorized to supplement the examination procedures authorized in this section. The reasonable expenses and charges of such persons so retained or designated shall be paid directly by any foreign company, entity, or new applicant or domestic company to any such outside authorized examiner.

**10-16-417. Suspension or revocation of certificate of authority.** (1) The commissioner may suspend or revoke any certificate of authority issued to a health maintenance organization pursuant to part 1 of this article and this part 4 if the commissioner finds that any of the following conditions exist:

(a) The health maintenance organization is operating significantly in contravention of its basic organizational document, its health care plan, or in a manner contrary to that described in and reasonably inferred from any other information submitted pursuant to section 10-16-401, unless amendments to such submissions have been filed with and approved by the commissioner;

(b) The health maintenance organization issues evidence of coverage or uses a schedule of charges for health care services which do not comply with the requirements of section 10-16-406;

(c) The health care plan does not provide or arrange for basic health care services;

(d) The executive director certifies to the commissioner that:

(I) The health maintenance organization does not meet the requirements of section 10-16-402 (1) (b); or

(II) The health maintenance organization is unable to fulfill its obligations to furnish health care services as required under its health care plan;

(e) The health maintenance organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees;

(f) The health maintenance organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation pursuant to section 10-16-404;

(g) The health maintenance organization has failed to implement the complaint system required by section 10-16-409 in a manner to reasonably resolve valid complaints;

(h) The health maintenance organization, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive, or unfair manner;

(i) The continued operation of the health maintenance organization would be hazardous to its enrollees;

(j) The health maintenance organization has otherwise failed to substantially comply with part 1 of this article or this part 4.

(2) A certificate of authority shall be suspended or revoked only after compliance with the requirements of section 10-16-419.

(3) When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and shall not engage in any advertising or solicitation whatsoever.

(4) When the certificate of authority of a health maintenance organization is revoked, such organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of such organization. It shall engage in no further advertising or solicitation whatsoever. The commissioner may, by written order, permit such further operation of the organization as the commissioner may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.

**10-16-418. Rehabilitation, liquidation, or conservation of health maintenance organization.** (1) Any rehabilitation, liquidation, or conservation of a health maintenance organization is deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the commissioner pursuant to the

law governing the rehabilitation, liquidation, or conservation of insurance companies, except as otherwise provided in this section.

(2) A provider which has not expressly agreed to hold enrollees harmless if the provider is not paid by the health maintenance organization may elect to take the priority of a person stated in section 10-3-541 (1) (b); except that, if such election is made, the claim by such provider shall only be paid upon condition that the provider shall not assert such claim against any enrollee of the health maintenance organization.

**10-16-419. Administrative procedures.** (1) When the commissioner has cause to believe that grounds for the denial of an application for a certificate of authority exist, or that grounds for the suspension or revocation of a certificate of authority exist, the commissioner shall notify the health maintenance organization and the executive director in writing specifically stating the grounds for denial, suspension, or revocation and fixing a time of at least twenty days but, in the case of a denial, not more than sixty days thereafter for a hearing on the matter.

(2) The executive director or such executive director's designated representative shall be in attendance at the hearing and shall participate in the proceedings. The recommendations and findings of the executive director with respect to matters relating to the quality of health care services provided in connection with any decision regarding denial, suspension, or revocation of a certificate of authority shall be conclusive and binding upon the commissioner. After such hearing, or upon the failure of the health maintenance organization to appear at such hearing, the commissioner shall take action as is deemed advisable on written findings which shall be mailed to the health maintenance organization with a copy thereof to the executive director.

(3) The provisions of article 4 of title 24, C.R.S., shall apply to proceedings under this section to the extent they are not in conflict with subsections (1) and (2) of this section, and any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals.

**Cross references:** For judicial review by the court of appeals, see § 24-4-106.

**10-16-420. Penalties and enforcement.** (1) The commissioner may, in lieu of suspension or revocation of a certificate of authority under section 10-16-417 and pursuant to the provisions of article 4 of title 24, C.R.S., levy an administrative penalty in an amount not less than one hundred dollars nor more than five hundred dollars, if reasonable notice in writing is given of the intent to levy the penalty and the health maintenance organization has a reasonable time within which to remedy the defect in its operations which gave rise to the penalty citation. The commissioner may augment this penalty by an amount equal to the sum that the commissioner calculates to be the damages suffered by enrollees or other members of the public.

(2) (a) If the commissioner or the executive director, for any reason, has cause to believe that any violation of part 1 of this article or this part 4 has occurred or is threatened prior to levy of a penalty or suspension or revocation of a certificate of authority, the commissioner or the executive director shall give notice to the health maintenance orga-

nization and to the representatives, or other persons who appear to be involved in such suspected violation, to arrange a conference with the alleged violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to such suspected violation, and, in the event it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing such violations.

(b) Proceedings under this subsection (2) shall not be governed by any formal procedural requirements, and may be conducted in such manner as the commissioner or the executive director may deem appropriate under the circumstances.

(3) (a) The commissioner may issue an order directing a health maintenance organization or a representative of a health maintenance organization to cease and desist from engaging in any act or practice in violation of the provisions of part 1 of this article or this part 4.

(b) Within thirty days after service of the order of cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of part 1 of this article or this part 4 have occurred. Such hearings shall be conducted pursuant to the provisions of article 4 of title 24, C.R.S.

(4) In the case of any violation of the provisions of part 1 of this article or this part 4, if the commissioner elects not to issue a cease-and-desist order or in the event of noncompliance with a cease-and-desist order issued pursuant to subsection (3) of this section, the commissioner may institute a proceeding to obtain injunctive relief or seek other appropriate relief through the attorney general.

(5) Any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

**10-16-421. Statutory construction and relationship to other laws.** (1) Except for sections 10-1-102, 10-1-116, 10-1-117, 10-1-118, 10-3-109 (2), 10-3-118, 10-3-128, 10-3-208, and 10-8-530 (1.5), part 2 of article 1 of this title, and parts 4 to 8 of article 3 of this title, and as otherwise provided in this article, the provisions of the insurance law and provisions of nonprofit hospital, medical-surgical, and health service corporation laws shall not be applicable to any health maintenance organization granted a certificate of authority under this part 4.

(2) Solicitation of enrollees by a health maintenance organization granted a certificate of authority, or its representatives, shall not be construed as violating any provision of law relating to solicitation or advertising by health professionals; but such health professionals shall be individually subject to the laws, rules and regulations, and ethical provisions governing their individual profession.

(3) Any health maintenance organization authorized under part 1 of this article and this part 4 shall not be deemed to be practicing medicine and shall be exempt from the provisions of laws relating to the practice of medicine.

**PART 5****PREPAID DENTAL CARE PLANS**

**10-16-501. Legislative declaration.** It is the policy of the general assembly and the intent and purpose of this part 5 to promote the availability and assure the competent quality of dental care on a prepaid basis, and to thereby promote the health and welfare of the people of Colorado. The general assembly recognizes that health care coverage may be offered to the citizens of this state by various entities with distinct organizational and functional forms. The placement of this part 5 in this article should in no way be construed so as to alter the distinct organizational and functional character of prepaid dental care plans or to alter the legal distinctions between such plans and other health care coverage entities.

**10-16-502. Establishment of prepaid dental care plan organizations.** (1) No person, unless otherwise authorized pursuant to this title, may establish or operate a prepaid dental care plan organization in this state or sell or offer to sell, or solicit offers to purchase, or receive advanced or periodic consideration in conjunction with a prepaid dental care plan without obtaining and maintaining a certificate of authority pursuant to part 1 of this article and this part 5.

(2) Within ninety days after January 1, 1980, every prepaid dental care plan organization operating in this state and pursuant to part 1 of this article and this part 5 shall submit an application for a certificate of authority to the commissioner. Each such applicant may continue to operate as an organization until the commissioner acts upon the application.

(3) A prepaid dental care plan organized under part 1 of this article and this part 5 shall be subject to part 5 and part 11 of article 3 of this title but shall not be subject to any other laws of this state relating to insurance or insurance companies.

**10-16-503. Application for certificate of authority.** (1) An application for a certificate of authority to operate as a prepaid dental care plan organization formed under part 1 of this article and this part 5 shall be filed with the commissioner on a form prescribed by the commissioner. Such application shall be verified by an officer or authorized representative of the applicant and shall set forth, or be accompanied by, the following:

(a) A copy of any basic organizational document of the applicant such as the articles of incorporation, articles of association, partnership agreement, trust agreement, or other applicable documents and all amendments to such documents;

(b) A copy of all bylaws, rules and regulations, or similar documents regulating the conduct of the internal affairs of the applicant;

(c) A list of the names, addresses, and official positions of the persons who are responsible for the conduct of the affairs of the applicant, including, but not limited to, all members of the board of directors, board of trustees, executive committee, or other

governing board or committee, the principal officers in the case of a corporation, and the partners or members in the case of a partnership or association;

(d) If the prepaid dental care plan organization is a corporation, evidence that the board of directors of such corporation includes:

(I) Dentists, duly licensed pursuant to article 35 of title 12, C.R.S., who have contracted with the corporation to render dental care services to enrollees;

(II) Enrollees of the prepaid dental care plan, who shall comprise at least one-third of the members of the board;

(e) A copy of any contract made or to be made between any providers or persons listed in paragraph (c) of this subsection (1) and the applicant;

(f) A statement generally describing the prepaid dental care plan organization and its dental plan or plans, facilities, and personnel;

(g) A copy of the form of enrollee coverage to be issued to the enrollees;

(h) A copy of the form of any group contract which is to be issued to employers, unions, trustees, or other applicants;

(i) Financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent regular certified financial statement shall satisfy this requirement unless the commissioner determines that additional or more recent financial information is required for the proper administration of part 1 of this article and this part 5.

(j) A description of the proposed method of marketing the prepaid dental care plan, a financial plan which includes a three-year projection of the initial operating results anticipated, and a statement as to the sources of working capital as well as any other sources of funding;

(k) A power of attorney duly executed by such applicant, if not domiciled in this state, appointing the commissioner as the true and lawful attorney of such applicant in and for this state, upon whom all lawful process in any legal action or proceeding against the prepaid dental care plan organization on a cause of action arising in this state may be served;

(l) Repealed.

(m) Such other information as the commissioner may require.

(2) Any existing domestic prepaid dental care plan organization with fifteen hundred or more dental plan enrollees on January 1, 1980, shall have three years to meet the requirements of sections 10-16-505 and 10-16-506. However, such organization shall submit with its application or certificate of authority, a plan approved by the commissioner to meet the requirements of sections 10-16-505 and 10-16-506 at ten percent the first year of operation, fifty percent the second year of operation, and one hundred percent the third year of operation. In addition to exemptions provided elsewhere in this subsection (2), the commissioner may grant a one-year waiver from the provisions of this subsection (2).

(3) Within ten days following any significant modification of any matter furnished pursuant to subsection (1) of this section, a prepaid dental care plan organization shall file notice of such modification together with such supporting documents as are necessary to fully explain the modification with the commissioner.

**10-16-504. Issuance of certificate of authority.** (1) Issuance of a certificate of authority shall be granted by the commissioner if the commissioner is satisfied that the following conditions are met:

(a) The requirements of section 10-16-503 have been fulfilled;

(b) The prepaid dental care plan organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees;

(c) The agreement with providers for the provision of prepaid dental care services has been deemed sufficient;

(d) Each officer responsible for conducting the affairs of the prepaid dental care plan organization has filed with the commissioner, subject to the commissioner's approval, a fidelity bond in the amount of fifty thousand dollars.

(2) A certificate of authority shall expire at 12 midnight on June 30 next following the date of issuance or renewal and shall be renewed as provided in section 10-3-117. A prepaid dental care plan organization shall pay a renewal fee as prescribed pursuant to section 10-3-207.

**10-16-505. Guarantee fund deposit.** (1) A prepaid dental care plan organization subject to the provisions of part 1 of this article and this part 5 shall place on deposit with the commissioner a guarantee fund of cash, approved securities, or letter of credit approved by the commissioner in the amount of two dollars per enrollee for all enrollees entitled to dental care services pursuant to contracts issued by the prepaid dental care plan or ten thousand dollars, whichever is greater.

(2) The cash or securities representing the guarantee fund required by this section shall be deposited with the commissioner under joint control in the same manner as prescribed in sections 10-3-206, 10-3-210, and 10-3-211.

(3) An unpaid final judgment arising upon an enrollee coverage shall be a lien on the deposit prescribed by subsection (1) of this section, subject to execution after thirty days from the entry of final judgment. If the deposit is reduced, it shall be replenished within ninety days by the prepaid dental care plan organization.

(4) Upon liquidation or dissolution of a prepaid dental care plan organization formed under part 1 of this article and this part 5 and the satisfaction of all its debts and liabilities, any balance remaining of the deposit prescribed in subsection (1) of this section together with any other assets of the prepaid dental care plan organization shall be returned by the commissioner to the prepaid dental care plan organization.

(5) The deposit prescribed by subsection (1) of this section shall not apply with respect to a prepaid dental care plan organization which is funded by a federal, state, or municipal government or by any political subdivision thereof to the extent and for such period of time that the prepaid dental care plan organization can demonstrate to the commissioner the presence of operational commitments from such sources equivalent to such deposit.

**10-16-506. Reserve requirement - exception.** (1) A prepaid dental care plan organization formed under part 1 of this article and this part 5 at all times shall maintain for protection of enrollees a financial reserve consisting of two percent of prepaid charges collected from enrollees for the plan, until such reserve totals five hundred thousand dollars. Such reserve shall be in addition to the deposit prescribed by section 10-16-505.

(2) The reserve prescribed by subsection (1) of this section shall not apply with respect to a prepaid dental care plan organization which is funded by a federal, state, or municipal government or by any political subdivision thereof and which meets the requirements of section 10-16-505 (5).

**10-16-507. Enrollee coverage by prepaid dental care plan organizations.** (1) Every enrollee in a prepaid dental care plan shall be issued an enrollee coverage form by the prepaid dental care plan organization.

(2) (a) No contract issued, renewed, or reinstated by a prepaid dental care plan organization shall contain any provision which limits or excludes payments under hospital or medical benefits coverage to or on behalf of the enrollee because the enrollee is eligible for or receiving medical assistance benefits under articles 4, 5, and 6 of title 25.5, C.R.S.

(b) The requirements of paragraph (a) of this subsection (2) shall apply to all such contracts issued, renewed, or reinstated on or after August 1, 1984.

**10-16-508. Examination of prepaid dental care plan organization.** (1) The commissioner may visit once in each six months for the first three years after organization and once each year thereafter, or more often if deemed necessary by the commissioner, each prepaid dental care plan organization organized under part 1 of this article and this part 5 and examine its financial condition and its ability to meet its liabilities and its compliance with the laws of this state affecting the conduct of its business. The commissioner may visit and examine annually each prepaid dental care plan organization not organized under the laws of this state but authorized to transact business in this state.

(2) The commissioner may in like manner examine each prepaid dental care plan organization applying for an initial certificate of authority to do business in this state under part 1 of this article and this part 5.

(3) In lieu of making an examination, the commissioner may accept a full report of the most recent examination of a foreign or alien prepaid dental care plan organization, certified to by the appropriate examining official of another state, territory, commonwealth, or district of the United States.

**Editor's note:** This section is similar to former § 10-16.5-112 as it existed prior to 1992.

**10-16-510. Suspension or revocation of certificate of authority.** (1) The commissioner may suspend or revoke any certificate of authority issued to a prepaid dental care plan organization pursuant to part 1 of this article and this part 5 if the commissioner finds that any of the following conditions exist:

(a) The prepaid dental care plan organization is operating significantly in contravention of its basic organizational document or its prepaid dental care plan or in a manner contrary to that described in and reasonably inferred from any other information submitted pursuant to section 10-16-503, unless amendments to such submissions have been filed with and approved by the commissioner;

(b) The prepaid dental care plan organization issues evidence of coverage or uses a schedule of charges for prepaid dental care services which do not comply with the requirements of section 10-16-507;

(c) The prepaid dental care plan does not provide or arrange for basic prepaid dental care services;

(d) The prepaid dental care plan organization is unable to fulfill its obligations to furnish prepaid dental care services as required under its care plan;

(e) The prepaid dental care plan organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees;

(f) The prepaid dental care plan organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation pursuant to section 10-16-503 (1) (d);

(g) The prepaid dental care plan organization, or any person on its behalf, has advertised or merchandised its prepaid dental care services in an untrue, misrepresentative, misleading, deceptive, or unfair manner;

(h) The continued operation of the prepaid dental care plan organization would be hazardous to its enrollees;

(i) The prepaid dental care plan organization has otherwise failed to substantially comply with part 1 of this article or this part 5.

(2) When the commissioner has cause to believe that grounds for the suspension or revocation of a certificate of authority exist, he shall notify the prepaid dental care plan organization in writing specifically stating the grounds for suspension or revocation and fixing a time of at least twenty days but not more than sixty days thereafter for a hearing on the matter.

(3) After such hearing, or upon the failure of the prepaid dental care plan organization to appear at such hearing, the commissioner shall take action as is deemed advisable on written findings which shall be mailed to the prepaid dental care plan organization.

(4) The provisions of article 4 of title 24, C.R.S., shall apply to proceedings under this section to the extent they are not in conflict with subsections (2) and (3) of this section.

(5) (a) The commissioner may, in lieu of suspension or revocation of a certificate of authority and pursuant to the provisions of article 4 of title 24, C.R.S., levy an administrative penalty in an amount not less than one hundred dollars nor more than five hundred dollars, if reasonable notice in writing is given of the intent to levy the penalty and the prepaid dental care plan organization has a reasonable time within which to remedy the defect in its operations which gave rise to the penalty citation. The commissioner may augment this penalty by an amount equal to the sum that the commissioner calculates to be the damages suffered by enrollees or other members of the public.

(b) (I) If the commissioner, for any reason, has cause to believe that any violation of part 1 of this article or this part 5 has occurred or is threatened, prior to levy of a penalty or suspension or revocation of a certificate of authority, the commissioner shall give notice to the prepaid dental care plan organization and to the representatives, or other persons who appear to be involved in such suspected violation, to arrange a conference with the alleged violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to such suspected violation and, in the event it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing such violation.

(II) Proceedings under this paragraph (b) shall not be governed by any formal procedural requirements and may be conducted in such manner as the commissioner may deem appropriate under the circumstances.

(c) (I) The commissioner may issue an order directing a prepaid dental care plan organization or a representative of a prepaid dental care plan organization to cease and desist from engaging in any act or practice in violation of the provisions of part 1 of this article or this part 5.

(II) Within thirty days after service of the order of cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of part 1 of this article or this part 5 have occurred. Such hearings shall be conducted pursuant to the provisions of article 4 of title 24, C.R.S.

(d) In the case of any violation of the provisions of part 1 of this article or this part 5 if the commissioner elects not to issue a cease-and-desist order, or in the event of noncompliance with a cease-and-desist order issued pursuant to paragraph (c) of this subsection (5), the commissioner may institute a proceeding to obtain injunctive relief or seek other appropriate relief through the attorney general.

(6) When the certificate of authority of a prepaid dental care plan organization is suspended, the prepaid dental care plan organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees and shall not engage in any advertising or solicitation whatsoever.

(7) When the certificate of authority of a prepaid dental care plan organization is revoked, such organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of such organization. It shall engage in no further advertising or solicitation whatsoever. The commissioner may, by written order, permit such further operation of the organization as the commissioner may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing prepaid dental care coverage.

(8) Any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

## PART 6

ACCOUNTABILITY OF INDEPENDENT MEDICAL  
EXAMINERS TO THEIR PATIENTS

**10-16-601. Legislative declaration.** The general assembly declares that the intent of this part 6, which shall only apply to this title and not to articles 40 to 47 of title 8, C.R.S., is to ensure that patients have access to the best possible health care decisions and information and to increase the confidence of consumers that doctors will be truly independent medical examiners.

**Source:** L. 96: Entire part added, p. 566, § 1, effective April 24.

**10-16-602. Definitions.** As used in this part 6, unless the context otherwise requires:

(1) "Doctor" means a person licensed as a doctor under title 12, C.R.S., to provide health care to a patient.

(2) "Insurer" means a sickness and accident insurer and any health maintenance organization; fraternal benefit society; nonprofit hospital, medical-surgical, and health services corporation; prepaid health plans; or other entity providing health care coverage or health benefits or health care services, whether as a principal, indemnitor, surety, or contractor, authorized by the commissioner to conduct business in Colorado. "Insurer" also includes a self-insurer providing any health coverage or health benefit or health care services certificate, agreement, contract, policy, or plan; except that the term "insurer" under this part 6 shall apply only to this part 6 and shall not include an insurer or self-insured employer under articles 40 to 47 of title 8, C.R.S.

(3) "Patient" means an individual covered by, or denoted as an insured, subscriber, enrollee, or purchaser under any health coverage or health benefit or health care services certificate, agreement, contract, policy, or plan. "Patient" also includes a covered employee or dependent of an insured person.

## ANNOTATION

**Law reviews.** For article, "Managed Health Care in Colorado: Current Consumer Protection Standards", see 27 Colo. Law. 91 (July 1998).

**10-16-702. Legislative declaration.** (1) The general assembly hereby finds, determines, and declares that the purposes of this part 7 are:

- (a) To incorporate consumer protections in the creation and maintenance of provider networks by carriers;
- (b) To establish standards to assure the adequacy, accessibility, and quality of health care services offered under a managed care plan; and
- (c) To establish requirements for written agreements between carriers offering managed care plans and participating providers regarding the standards, terms, and provisions under which the participating provider will provide services to covered persons.

**Source: L. 97:** Entire part added, p. 1325, § 2, effective July 1.

**10-16-703. Applicability.** This part 7 applies to all managed care plans, except for workers' compensation and automobile insurance contracts, that are issued, renewed, extended, or modified on or after January 1, 1998.

**Source: L. 97:** Entire part added, p. 1325, § 2, effective July 1.

**10-16-704. Network adequacy - rules - legislative declaration.** (1) A carrier providing a managed care plan shall maintain a network that is sufficient in numbers and types of providers to assure that all covered benefits to covered persons will be accessible without unreasonable delay. In the case of emergency services, covered persons shall have access to health care services twenty-four hours per day, seven days per week. Sufficiency shall be determined in accordance with the requirements of this section and may be established by reference to any reasonable criteria used by the carrier, including but not limited to:

- (a) Provider-covered person ratios by specialty, which may include the use of providers through telemedicine for services that may appropriately be provided through telemedicine;
- (b) Primary care provider-covered person ratios;
- (c) Geographic accessibility, which in some circumstances may require the crossing of county or state lines;
- (d) Waiting times for appointments with participating providers;
- (e) Hours of operation;
- (f) The volume of technological and specialty services available to serve the needs of covered persons requiring covered technologically advanced or specialty care; and

(g) An adequate number of accessible acute care hospital services within a reasonable distance, travel time, or both.

(2) (a) In any case where the carrier has no participating providers to provide a covered benefit, the carrier shall arrange for a referral to a provider with the necessary expertise and ensure that the covered person obtains the covered benefit at no greater cost to the covered person than if the benefit were obtained from participating providers.

(b) (I) A carrier offering a managed care plan with out-of-network benefits, that is not a health maintenance organization or a health maintenance organization with a point of service plan, may require that a covered person travel a reasonable distance beyond the requirements of subsection (6) of this section for care within an adequate provider network in order to receive services from a participating provider. This paragraph (b) shall only apply if:

(A) The covered person resides outside of a metropolitan statistical area or primary metropolitan statistical area and the carrier has no participating providers to provide covered benefits in such geographic area; and

(B) The carrier demonstrates upon request by the commissioner, that the carrier has made unsuccessful good faith efforts to contract with local providers on reasonable terms.

(II) Subparagraph (I) of this paragraph (b) shall not apply to:

(A) Emergency services or primary care providers; and

(B) Cases in which the covered person is so severely ill or impaired that such person is unable to move from place to place without the aid of a mechanical device; has a physical or mental condition, verified by a physician licensed to practice medicine in this state or practicing medicine pursuant to section 12-36-106 (3) (i), C.R.S., that substantially limits the person's ability to move from place to place; or suffers from a physical hardship such that travel would threaten the safety or welfare of the covered person as verified by the covered person's in-network treating physician. Decisions in which a carrier contests the covered person's ability to travel may be appealed pursuant to section 10-16-113 or 10-16-113.5.

(c) (I) In cases where, as a result of the provisions of subparagraph (I) of paragraph (b) of this subsection (2), a covered person is required to travel a reasonable distance beyond the requirements of subsection (6) of this section for an adequate network in order to receive services from a participating provider, and the covered person knowingly seeks services from a nonparticipating provider, the carrier shall be responsible to pay to the provider the lesser of:

(A) The nonparticipating provider's bill charges;

(B) A negotiated rate; or

(C) In the absence of a negotiated rate, the greater of the carrier's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area. Nothing in this paragraph (c) shall require either a carrier or a nonparticipating provider to attempt to negotiate a reimbursement rate.

(II) Upon request the carrier shall disclose to the covered person or the nonparticipating provider whether the amount reimbursed to the nonparticipating provider was the nonparticipating provider's billed charges, a negotiated rate, or the greater of the carrier's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area.

(III) A nonparticipating provider may balance bill the covered person in the event that the reimbursement rate described in subparagraph (I) of this paragraph (c) is not equal to the billed charges.

(IV) The commissioner shall promulgate rules defining the relevant geographic area for the purposes of sub-subparagraph (C) of subparagraph (I) of this paragraph (c). In the promulgation of such rules, the commissioner shall group together counties with similar demographic and economic characteristics. Such characteristics shall include, but not be limited to, average per capita income, the cost of housing, general cost of living, poverty and unemployment levels, or the primary economic base of the county.

(d) The carrier shall provide, in conspicuous, bold-faced type, an understandable disclosure in policy contract materials, certificates of coverage for a policyholder, and marketing materials about the following:

- (I) Specific counties of the state where there are no participating providers;
- (II) The circumstances under which the covered person may be balanced billed by nonparticipating providers; and
- (III) The mechanisms to obtain the carrier's reimbursement rates to nonparticipating providers for specific covered health care services.

(e) (I) A carrier shall make available upon request from the covered person or the nonparticipating provider, from whom the covered person is seeking treatment, the carrier's usual, customary, and reasonable rate for reimbursement for specific health care services.

(II) The commissioner may, upon receipt of one or more complaints from a covered person or a covered person's nonparticipating treating provider, review the carrier's usual, customary, and reasonable rate to determine if the rate is established pursuant to an appropriate methodology that is based on generally accepted industry standards and practices.

(III) The carrier's methodology for determining usual, customary, and reasonable reimbursement rates shall be applied in a uniform manner statewide; except that geographic adjustments may be made apart from the standard methodology.

(f) For the purposes of this subsection (2):

(I) "Balance bill" means the amount that a nonparticipating provider may charge the covered person. Such amount charged equals the difference between the amount paid by the carrier and the amount of the nonparticipating provider's bill charge.

(II) "Negotiated rate" means the rate mutually agreed upon between the carrier and the provider in a specific instance.

(III) "Usual, customary, and reasonable rate" means a rate established pursuant to an appropriate methodology that is based on generally accepted industry standards and practices.

(g) A health maintenance organization offering health benefits in this state may:

(I) Offer health benefit coverage in accordance with paragraph (i) of this subsection (2) to a small employer that is not located, or whose employees do not work or reside, within the health maintenance organization's geographic service area;

(II) Offer health benefit coverage in accordance with paragraph (i) of this subsection (2) in a geographic area within the carrier's service area in which a health maintenance organization is unable to maintain an adequate network and is able to demonstrate to the commissioner upon request that the carrier has made unsuccessful good faith efforts to contract with local providers on reasonable terms; or

(III) A health maintenance organization that elects to offer coverage pursuant to this paragraph (g) shall offer such coverage within a geographic area consistent with the requirements of section 10-16-105 (7.3).

(h) The health maintenance organization shall provide a disclosure to a small employer and its employees who purchase health insurance coverage under the circumstance described in this paragraph (h). Such disclosure shall also be given in writing to all interested policyholders and certificate holders as part of the sales and marketing materials before the insurer or entity approves an application for insurance from an insured. The disclosure shall contain the following statement: "Interested policyholders, certificate holders, and enrollees are hereby given notice that this small group policy requires that an insured travel outside of the geographic area to receive covered health benefits." The carrier shall, in a conspicuous location on the policy contract materials, certificates of coverage for a policyholder, and marketing materials, provide the disclosure required by this paragraph (h) in bold-faced, twelve-point type and all capital letters.

(i) (I) A health maintenance organization that offers coverage pursuant to this section may require that a covered person travel a reasonable distance beyond the area specified under subsection (6) of this section in order to receive services from a participating provider. Except for emergency services and benefits available for out-of-network services, in such cases where the covered person is required to travel a reasonable distance to receive services from a participating provider and knowingly seeks services from a nonparticipating provider, the health maintenance organization shall be responsible to pay for the lesser of:

- (A) The provider's billed charges;
- (B) A negotiated rate; or

(C) In the absence of a negotiated rate, the greater of the health maintenance organization's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area.

(II) Upon request, the health maintenance organization shall disclose to the covered person or the nonparticipating provider whether the amount reimbursed to the nonparticipating provider was the nonparticipating provider's billed charges, a negotiated rate, or the greater of the carrier's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area.

(j) Nothing in paragraph (i) of this subsection (2) shall require either a carrier or a nonparticipating provider to attempt to negotiate a reimbursement rate.

(k) A nonparticipating provider may balance bill the covered person in the event that the reimbursement rate described in paragraph (i) of this subsection (2) is not equal to the provider's billed charges.

(l) The provisions of paragraph (i) of this subsection (2) shall not apply to cases in which the covered person is so severely ill or impaired that such person is unable to move from place to place without the aid of a mechanical device; has a physical or mental condition, verified by a physician licensed to practice medicine in this state or practicing medicine pursuant to section 12-36-106 (3) (i), C.R.S., that substantially limits the person's ability to move from place to place; or suffers from a physical hardship such that travel would threaten the safety or welfare of the covered person as verified by the covered person's in-network treating physician. Decisions in which a carrier contests the covered person's ability to travel may be appealed pursuant to section 10-16-113 or 10-16-113.5.

(m) Notwithstanding any other provision of law, on and after September 1, 2006, for the duration of the term of a policy in effect when the insured pays the amount charged for a covered health care service and seeks reimbursement from a carrier for such covered health care service, the insured shall be liable for no more than the in-network copayment, coinsurance, and deductible for such service if:

(I) The insured seeks reimbursement from the carrier within twelve months after the provision of the service;

(II) Preauthorization is not required for the particular type of service provided; and

(III) A contract between the provider and the carrier was in place when the service was provided.

(2.5) (a) In the event of a material change to the carrier's network that could result in the application of subparagraph (I) of paragraph (b) of subsection (2) of this section, the carrier shall provide at least forty-five days prior to the change, in conspicuous bold-faced type, an understandable disclosure to all affected covered persons about the following:

(I) Specific network changes in the geographic area;

(II) The circumstances under which the covered person may be balance billed by nonparticipating providers; and

(III) The mechanisms to obtain the carrier's reimbursement rates to a nonparticipating provider for specific covered health care services.

(b) In the event of a material change to the carrier's network that could result in the application of subparagraph (I) of paragraph (b) of subsection (2) of this section, the carrier shall provide notice of the change to the commissioner at least fifteen days prior to the change. Such notice may be provided by electronic means.

(c) In the event that a network of a managed care plan with out-of-network benefits that is not a health maintenance organization or a health maintenance organization with a point of service plan changes, and notice to covered persons is provided pursuant to section 10-16-705 (7), such notice shall include an understandable disclosure of:

(I) The circumstances under which the covered person may be balance billed by nonparticipating providers; and

(II) The mechanisms to obtain the carrier's reimbursement rate to nonparticipating providers for specific covered health care services.

(d) In the event that a contract with a participating provider terminates or is terminated, notification to covered persons shall be provided pursuant to section 10-16-705 (7).

(2.7) (a) Nothing in subsection (2) or (2.5) of this section shall delay access to health care services.

(b) Nothing in subparagraph (I) of paragraph (b) of subsection (2) of this section shall exempt a carrier from having a participating provider for all covered benefits. In any case where the carrier has no participating providers to provide a covered benefit, the provisions of paragraph (a) of subsection (2) of this section shall apply.

(3) (a) (I) In 1997, the general assembly enacted this part 7 with the express intent to incorporate consumer protections into the creation and maintenance of provider networks and to establish standards to assure the adequacy, accessibility, and quality of health care services offered under a managed care plan.

(II) The general assembly hereby finds, determines, and declares that there are situations in which insured consumers receive health care services, including procedures approved by their insurance carrier, in a network facility, with a primary provider that is a network provider, but in which other health care professionals assisting with such procedures may not be in-network providers. In such situations, the consumer is not aware that the assisting providers are out-of-network providers. Further, the consumer may have little or no direct contact with the assisting health care professionals. The division of insurance has interpreted the network adequacy provisions in this section, along with the provisions related to relationships between an insurer and a health care provider in section 10-16-705, to hold the consumer harmless for additional charges from out-of-network providers for care rendered in a network facility. The division of insurance's interpretation of these statutes was challenged by an insurer and invalidated by a division of the Colorado court of appeals in *Pacific Life & Annuity Co. v. Colorado Div. of Ins.*, no. 04CA2169 (slip op.) (Feb. 23, 2006).

(III) The general assembly finds, determines, and declares that the division of insurance has correctly interpreted the provisions of this section to protect the insured from the additional expense charged by an assisting provider who is an out-of-network provider, and has properly required insurers to hold the consumer harmless. The division of insurance does not have regulatory authority over all health plans. Some consumers are enrolled in self-funded health insurance programs that are governed under the federal "Employee Retirement Income Security Act". Therefore, the general assembly encourages health care facilities, carriers, and providers to provide consumers disclosure about the potential impact of receiving services from an out-of-network provider.

(IV) The general assembly finds, determines, and declares that some consumers intentionally use out-of-network providers, which is the consumers' prerogative under certain health benefit plans. When consumers intentionally use an out-of-network provider, the consumer is only entitled to benefits at the out-of-network rate and may be subject to balance billing by the out-of-network provider.

(V) Therefore, the general assembly finds, determines, and declares that the purpose of Senate Bill 06-213 is to codify the interpretation of the division of insurance that holds consumers harmless for charges over and above the in-network rates for services rendered in a network facility.

(b) When a covered person receives services or treatment in accordance with plan provisions at a network facility, the benefit level for all covered services and treatment received through the facility shall be the in-network benefit. Covered services or treatment rendered at a network facility, including covered ancillary services or treatment rendered by an out-of-network provider performing the services or treatment at a network facility, shall be covered at no greater cost to the covered person than if the services or treatment were obtained from an in-network provider.

(c) Repealed.

(4) When a treatment or procedure has been preauthorized by the plan, benefits cannot be retrospectively denied except for fraud and abuse. If a health carrier provides preauthorization for treatment or procedures that are not covered benefits under the plan, the carrier shall provide the benefits as authorized with no penalty to the covered person.

(4.5) (a) All claims paid by a carrier shall be considered final unless adjustments are made pursuant to this subsection (4.5).

(b) Except as otherwise provided in this subsection (4.5), adjustments to claims by the provider or the carrier shall be made within the time period set out in a contract between the provider and the carrier. Such time period shall be the same for the provider and the

carrier and shall not exceed twelve months after the date of the original explanation of benefits.

(c) Except as otherwise provided in this subsection (4.5), if there is no contract between a provider and a carrier, adjustments to claims paid to providers shall be made within twelve months after the date of the original explanation of benefits. The time period for adjustments shall be the same for the provider and the carrier.

(d) (I) Adjustments to claims paid under a risk assumption or risk sharing agreement shall be made within six months after the last date of service for a period for which a settlement is being reconciled. The period for which a settlement is reconciled shall not exceed twelve months.

(II) For purposes of this paragraph (d), "risk assumption" and "risk sharing" refer to a transaction whereby the chance of loss, including the expenses for the delivery of service, with respect to the health care of a person is transferred to or shared with another entity in return for full consideration. Such transactions include, but are not limited to, full or partial capitation agreements, withholds, risk corridors, and indemnification agreements. Such transactions do not include fee-for-service arrangements, per diem payments, and diagnostic-related group payment agreements.

(e) Adjustments to claims related to coordination of benefits with federally funded health benefit plans, including medicare and medicaid, shall be made within thirty-six months after the date of service.

(f) A carrier shall not retroactively adjust a claim based on eligibility if the provider received verification of eligibility within two business days prior to the delivery of services.

(g) (I) (A) In circumstances where a carrier determines that a premium has not been received during a grace period required by section 10-16-202 (4) for an individual policy, the carrier may report to the provider that eligibility is contingent on payment of the premium due and that eligibility cannot be confirmed for the period that the premium is outstanding. In such cases, a carrier shall comply with the requirements of section 10-16-705 (12) (b) and (12) (c).

(B) If a carrier fails to report to the provider that eligibility is contingent on payment of premium due pursuant to sub-subparagraph (A) of this subparagraph (I), the carrier shall comply with paragraph (f) of this section.

(II) In circumstances where the provider receives information from the carrier that coverage is contingent upon receipt of a premium, the requirements of section 10-16-705 (3) shall not apply and the provider may collect payment for services from the enrollee.

(III) If the provider has collected payment from the enrollee and subsequently receives payment from the carrier, the provider shall reimburse the enrollee less any applicable copayments, deductibles, or coinsurance amounts.

(h) In circumstances where a carrier determines that a premium has not been received during a grace period required by section 10-16-214 (3) for a group policy, the carrier may report to the provider that the carrier is not required to pay for health care services rendered to an enrollee during a time in which the carrier can demonstrate that the policyholder has secured coverage with another carrier.

(i) Nothing in this subsection (4.5) shall prohibit the carrier from requiring the enrollee to reimburse the carrier for claims paid by the carrier to the provider if:

(I) A change in eligibility status has occurred making the enrollee ineligible for coverage on the date services were provided; or

(II) An enrollee has committed fraud or material misrepresentation in applying for coverage or in receiving or filing for benefits.

(j) A carrier shall not retroactively adjust a claim based on eligibility if the provision of benefits is a required policy provision pursuant to section 10-16-202 (4) or section 10-16-214 (3).

(k) Nothing in this subsection (4.5) shall be construed to require a grace period for the payment of premiums to a health maintenance organization.

(l) (I) Any adjustment made by the carrier that recovers carrier overpayments to a provider shall include a written notice to the provider and shall contain a complete and specific explanation of such adjustments and information regarding the carrier's provider dispute resolution procedures pursuant to section 10-16-705 (13). Such notice shall be made

to both the provider and the enrollee to the extent that the adjustment will result in enrollee liability. Notice to the enrollee required by this paragraph (I) shall include information regarding the carrier's enrollee appeals procedure rather than the carrier's provider dispute resolution procedures.

(II) (A) For claims adjusted by the carrier due to coordination of benefits, in addition to the requirements of this paragraph (I), upon request of the provider, the carrier shall provide all available information regarding the party responsible for payment of the claim to the provider.

(B) The carrier shall provide notice to the provider with the explanation of benefits regarding the availability of the information related to the party responsible for payment of the claim.

(m) Adjustments to claims made in cases where a carrier, pursuant to section 10-1-128 (5) (a) (IV), has reported fraud or abuse committed by the provider, shall not be subject to the requirements of this subsection (4.5).

(5) A managed care plan shall not deny benefits for emergency services previously rendered, based upon the covered person's failure to provide subsequent notification in accordance with plan provisions, where the covered person's medical condition prevented timely notification.

(6) The carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers to covered persons and shall only market a network plan in a geographic area where network providers are accessible without unreasonable delay. In determining whether a health carrier has complied with this subsection (6), consideration shall be given to the relative availability of health care providers in the service area under consideration.

(7) A carrier shall monitor, on an ongoing basis, the capacity and legal authority of the participating providers and facilities with which it contracts to furnish all covered benefits to covered persons.

(8) No managed care plan shall deny or restrict in-network covered benefits to a covered person solely because the covered person obtained treatment outside the network. This protection shall be disclosed in writing to the covered person. Nothing in this subsection (8) shall be construed to require a managed care plan to pay for any benefit obtained outside the plan's network unless the contract or certificate provides for that out-of-network benefit.

(9) Beginning January 1, 1998, a carrier shall maintain and make available upon request of the commissioner, the executive director of the department of public health and environment, or the executive director of the department of health care policy and financing, in a manner and form that reflects the requirements specified in paragraphs (a) to (k) of this subsection (9), an access plan for each managed care network that the carrier offers in this state. The carrier shall make the access plans, absent confidential information as specified in section 24-72-204 (3), C.R.S., available on its business premises and shall provide them to any interested party upon request. In addition, all health benefit plans and marketing materials shall clearly disclose the existence and availability of the access plan. All rights and responsibilities of the covered person under the health benefit plan, however, shall be included in the contract provisions, regardless of whether or not such provisions are also specified in the access plan. The carrier shall prepare an access plan prior to offering a new managed care network and shall update an existing access plan whenever the carrier makes any material change to an existing managed care network, but not less than annually. The access plan of a carrier offering a managed care plan shall demonstrate the following:

(a) An adequate number of accessible acute care hospital services, within a reasonable distance or travel time, or both;

(a.3) An adequate number of accessible primary care providers within a reasonable distance or travel time, or both;

(a.5) An adequate number of accessible specialists and sub-specialists within a reasonable distance or travel time, or both, or who may be available through the use of telemedicine;

(a.7) Geographic accessibility, which in some circumstances may require the crossing of county or state lines;

(a.9) If the covered person has a pharmacy benefit, an adequate number of pharmacy providers within a reasonable distance, travel time, delivery time, or all three. Nothing in this paragraph (a.9) shall preclude the use of a retail or mail-order pharmacy provider.

(b) A carrier offering a managed care plan shall maintain procedures for making referrals within and outside its network that, at a minimum, must include the following:

(I) A comprehensive listing, made available to covered persons and primary care providers, of the plan's network participating providers and facilities;

(II) (A) A provision that referral options cannot be restricted to less than all providers in the network that are qualified to provide covered specialty services; except that a health maintenance organization may offer variable deductibles and copayments to encourage the selection of certain providers.

(B) A health maintenance organization that offers variable deductibles and copayments shall provide adequate and clear disclosure, as required by law, of variable deductibles and copayments to enrollees, and the amount of any deductible or copayment shall be reflected on the benefit card provided to the enrollees.

(III) Timely referrals for access to specialty care;

(IV) A process for expediting the referral process when indicated by medical condition; and

(V) (A) A provision that referrals approved by the plan cannot be retrospectively denied except for fraud or abuse;

(B) A provision that referrals approved by the plan cannot be changed after the preauthorization is provided unless there is evidence of fraud or abuse.

(c) The carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of populations that enroll in managed care plans;

(d) The carrier's quality assurance standards, adequate to identify, evaluate, and remedy problems relating to access, continuity, and quality of care;

(e) The carrier's efforts to address the needs of covered persons with limited English proficiency and illiteracy, with diverse cultural and ethnic backgrounds, and with physical and mental disabilities;

(f) The carrier's methods for determining the health care needs of covered persons, tracking and assessing clinical outcomes from network services, and evaluating consumer satisfaction with services provided;

(g) The carrier's method for informing covered persons of the plan's services and features, including but not limited to the following:

(I) The plan's grievance procedures, which shall be in conformance with division rules concerning prompt investigation of health claims involving utilization review and grievance procedures;

(II) The extent to which specialty medical services, including physical therapy, occupational therapy, and rehabilitation services are available;

(III) The plan's process for choosing and changing network providers; and

(IV) The plan's procedures for providing and approving emergency and medical care;

(h) The carrier's system for ensuring the coordination and continuity of care for covered persons referred to specialty providers;

(i) The carrier's process for enabling covered persons to change primary care professionals;

(j) The carrier's proposed plan for providing continuity of care in the event of contract termination between the carrier and any of its participating providers or in the event of the carrier's insolvency or other inability to continue operations. The description shall explain how covered persons will be notified of the contract termination or the carrier's insolvency or other cessation of operations and transferred to other providers in a timely manner.

(k) Any other information required by the commissioner to determine compliance with the provisions of this part 7.

(10) (a) In determining the reasonableness of travel time and distances for the purposes of this section, consideration shall be given to differences in travel times for rural areas as opposed to urban areas, the relative availability of health care providers, the location where

the majority of people in the area access nonemergency services, and the managed care plan's good faith efforts to contract with local providers at reasonable rates.

(b) The commissioner, upon the commissioner's authority or upon review of one or more complaints, may require the carrier to demonstrate the adequacy of the network's plan as specified in subsection (9) of this section.

(c) The commissioner may utilize the remedies outlined in section 10-3-1108 for failing to provide proper disclosures to covered persons pursuant to subsection (2) or (2.5) of this section.

(11) The division of insurance, in cooperation with the chief medical officer for the state, shall evaluate a carrier's network adequacy plan concerning the use of telemedicine for providers who are specialists and sub-specialists for rural areas. Such review shall occur in a timely fashion so as not to delay access to health care services.

#### ANNOTATION

**When an insured receives care or treatment from a nonparticipating provider at an in-network facility,** there is no negotiated rate, and the nonparticipating provider is under no contractual obligation to charge a rate other than his or her normal rate, and the insurer is mandated to pay to an insured only in-network ben-

efits. The insurer is not required to pay the nonparticipating provider's bill balance to shield the insured from making a payment above what it would make to a participating provider. *Pac. Life & Annuity Co. v. Colo. Div. of Ins.*, 140 P.3d 181 (Colo. App. 2006).

**10-16-705. Requirements for carriers and participating providers.** (1) In addition to any other applicable requirements of this part 7, a carrier offering a managed care plan shall satisfy all the requirements of this section.

(2) A carrier shall maintain a mechanism by which providers can access information on the covered health services for which the provider is responsible, including any limitations or conditions on services.

(3) Every contract between a carrier and a participating provider shall set forth a hold harmless provision specifying that covered persons shall, in no circumstances, be liable for money owed to participating providers by the plan and that in no event shall a participating provider collect or attempt to collect from a covered person any money owed to the provider by the carrier. Nothing in this section shall prohibit a participating provider from collecting coinsurance, deductibles, or copayments as specifically provided in the covered person's contract with the managed care plan.

(4) (a) Every contract between a carrier and a participating provider shall include provisions for continuity of care as specified in this subsection (4).

(b) Each managed care plan shall allow covered persons to continue receiving care for sixty days from the date a participating provider is terminated by the plan without cause when proper notice as specified in subsection (7) of this section has not been provided to the covered person.

(c) In the circumstance that coverage is terminated for any reason other than nonpayment of the premium, fraud, or abuse, every managed care plan shall provide for continued care for covered persons being treated at an in-patient facility until the patient is discharged.

(5) (a) Except as provided for in paragraph (b) of this subsection (5), notwithstanding any contractual provision to the contrary, a carrier that has entered into contracts with one or more contractors or subcontractors or their intermediaries to provide covered health care services to covered persons of the carrier under any managed care plan shall, in the event of nonpayment by, or insolvency of, such contractors or subcontractors or their intermediaries, remain responsible for the payment of all participating providers that have provided covered health care services to covered persons of the carrier pursuant to one or more contracts with such contractors or subcontractors or their intermediaries. Any contracting provider that provides covered health care services to covered persons of the carrier under a managed care contract shall, in the event of nonpayment for such services, have legal standing to enforce the managed care contract against the carrier and receive payment for such services. In the event of the insolvency of a carrier, participating provider claims for unpaid services shall be a class 6 claim under section 10-3-541 (1) (f).

(b) A carrier may apply to the commissioner for the use of an alternative mechanism to ensure that all participating providers that have provided covered health care services to covered persons of the carrier pursuant to one or more contracts with such contractors or subcontractors or their intermediaries receive payment due. If approval is granted, said carrier shall be exempt from the requirements of paragraph (a) of this subsection (5).

(6) A carrier shall notify participating providers of the providers' responsibilities with respect to the carrier's applicable administrative policies and programs, including but not limited to, payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements, and any applicable federal or state programs.

(6.5) A carrier that has entered into a contract with one or more intermediaries to conduct utilization management, utilization review, provider credentialing, administration of health insurance benefits, setting or negotiation of reimbursement rates, payment to providers, network development, or disease management programs shall require the intermediary to comply with the same standards, guidelines, medical policies, and benefit terms of the carrier.

(7) A carrier and participating provider shall provide at least sixty days written notice to each other before terminating the contract without cause. The carrier shall make a good faith effort to provide written notice of termination within fifteen working days after receipt of or issuance of a notice of termination to all covered persons that are patients seen on a regular basis by the provider whose contract is terminating, regardless of whether the termination was for cause or without cause. Where a contract termination involves a primary care provider, all covered persons that are patients of that primary care provider shall also be notified. Within five working days after the date that the provider either gives or receives notice of termination, the provider shall supply the carrier with a list of those patients of the provider that are covered by a plan of the carrier.

(8) The rights and responsibilities under a contract between a carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the carrier, and any subcontracts shall comply with the requirements of this part 7.

(9) A carrier's contract with participating providers shall include a provision that participating providers do not discriminate, with respect to the provision of medically necessary covered benefits, against covered persons that are participants in a publicly financed program.

(9.5) If the health benefit plan provides coverage for a second opinion, the carrier and any entity that contracts with the carrier shall disclose the availability of the second opinion along with the health benefit description form.

(10) A carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, copayments, or deductibles from covered persons pursuant to the evidence of coverage or of the providers' obligations, if any, to notify covered persons of their personal financial obligations for noncovered services.

(10.5) (a) A carrier that has entered into a contract with one or more intermediaries to conduct utilization management, utilization review, provider credentialing, administration of health insurance benefits, setting or negotiation of reimbursement rates, payment to providers, network development, or disease management programs, shall require the

intermediary to indicate the name of the intermediary and the name of the carrier for which it is conducting the work when making any payment to a health care provider on behalf of the carrier.

(b) (I) A violation of subsection (6.5) of this section or this subsection (10.5) is an unfair or deceptive act or practice in the business of insurance pursuant to section 10-3-1104.

(II) The commissioner may examine the actions of a carrier pursuant to subsection (6.5) of this section and this subsection (10.5) when conducting a market conduct analysis pursuant to part 2 of article 1 of this title.

(11) A carrier shall not penalize a provider because the participating provider, in good faith, reports to state or federal authorities any act or practice by the carrier that jeopardizes patient health or welfare, or because the participating provider discusses the financial incentives or financial arrangements between the provider and the managed care plan.

(11.5) A carrier or entity that contracts with the carrier shall not penalize a primary care provider who makes a standing referral of a covered person to a specialist, nor shall the specialist treating the covered person be penalized, with actions that include but are not limited to disincentives or disaffiliation, except for violations of section 10-1-128.

(12) (a) A carrier shall establish one or more mechanisms by which the participating providers may determine, at the time services are provided, whether or not a person is covered by the carrier. If a carrier maintains only one mechanism, such mechanism shall not require electronic access.

(b) (I) Each carrier, regardless of the mechanism used, shall issue a verification code that the participating provider may use as proof of verification as required by section 10-16-704 (4.5) (f).

(II) In lieu of the requirements of this paragraph (b), for the purposes of verifying the carrier's communication to the provider pursuant to section 10-16-704 (4.5) (g) or (4.5) (h), a carrier may submit written confirmation to a provider within two business days.

(III) If a carrier provides electronic access as a mechanism to verify coverage, the carrier may, in lieu of the requirement to issue a verification code through such mechanism, accept as proof of verification a dated screen print from the carrier's electronic verification mechanism demonstrating that the member is eligible pursuant to section 10-16-704 (4.5) (g) or that the carrier is not required to pay for services pursuant to section 10-16-704 (4.5) (h).

(c) In lieu of the requirements of paragraph (b) of this subsection (12), a carrier may institute a policy providing that adjustments to claims related to eligibility will be made only if the carrier can demonstrate that the member did not appear as eligible on any of the carrier's verification mechanisms on the date of service.

(d) A carrier shall notify participating providers of the mechanisms available to verify eligibility and the carrier's intent with respect to the requirements of paragraphs (a), (b), and (c) of this subsection (12).

(13) A carrier shall establish procedures for resolution of administrative, payment, or other disputes between providers and the carrier.

(14) Every contract between a carrier or entity that contracts with a carrier and a participating provider for a managed care plan that requires preauthorization for particular services, treatments, or procedures shall include:

(a) A provision that clearly states that the sole responsibility for obtaining any necessary preauthorization rests with the participating provider that recommends or orders said services, treatments, or procedures, not with the covered person; and

(b) A provision that allows a covered person to receive a standing referral, as defined in section 10-16-102 (43.5), for medically necessary treatment, to a specialist or specialized treatment center participating in the carrier's network or participating in a subdivision or subgrouping of the carrier's network if the subdivision or subgrouping demonstrates network adequacy pursuant to section 10-16-704. The primary care provider for the covered person, in consultation with the specialist and covered person, shall determine that the covered person needs ongoing care from the specialist in order to make the standing referral. A time period for the standing referral of up to one year, or a longer period of time if authorized by the carrier or any entity that contracts with the carrier, shall be determined

by the primary care provider in consultation with the specialist or specialized treatment center. The specialist or specialized treatment center shall refer the covered person back to the primary care provider for primary care. To be reimbursed by the carrier or entity contracting with a carrier, treatment provided by the specialist shall be for a covered person and must comply with provisions contained in the covered person's certificate or policy. The primary care physician shall record the reason, diagnosis, or treatment plan necessitating the standing referral.

(15) A contract between a carrier and a participating provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or this part 7.

(16) A provider who is not licensed to furnish health care services in this state and who participates in a network shall be licensed in the state in which the provider practices and shall meet minimum statutory and regulatory standards for that professional practice applicable in this state.

#### ANNOTATION

**Subsection (7) of this section and § 10-16-121 are expressions of the intent of the general assembly that termination clauses should be permitted in contracts between doctors**

**and health care providers.** Grossman v. Columbine Medical Group, Inc., 12 P.3d 269 (Colo. App. 1999).

**10-16-706. Intermediaries.** (1) In addition to any other applicable requirements of this part 7, a contract between a carrier and an intermediary shall satisfy all the requirements of this section.

(2) Intermediaries and participating providers with whom they contract shall comply with all the applicable requirements of section 10-16-705.

(3) The responsibility to ensure that participating providers have the capacity and legal authority to furnish covered benefits shall be retained by the carrier.

(4) A carrier shall have the right to approve or disapprove participation status of a subcontracted provider in its own or a contracted network for the purpose of delivering covered benefits to the carrier's covered persons.

(5) A carrier shall maintain copies of all intermediary health care subcontracts.

(6) If applicable, an intermediary shall transmit utilization documentation and claims paid documentation to the carrier. The carrier shall monitor the timeliness and appropriateness of payments made to participating providers and health care services received by covered persons.

(7) If applicable, an intermediary shall maintain books, records, financial information, and documentation of services provided to covered persons at the intermediary's place of business in this state.

(8) An intermediary shall allow the commissioner access to the intermediary's books, records, financial information, and any documentation of services provided to covered persons as necessary to determine compliance with this part 7.

(9) A carrier shall have the right, in the event of the intermediary's insolvency, to require the assignment to the carrier of the provisions of a participating provider's contract addressing the provider's obligation to furnish covered services.

**Source:** **L. 97:** Entire part added, p. 1331, § 2, effective July 1.

**10-16-707. Enforcement.** (1) If it is determined that a carrier has not contracted with enough participating providers to assure that covered persons have accessible health care services in a geographic area, that a carrier's access plan does not assure reasonable access to covered benefits, that a carrier has entered into a contract that does not comply with this part 7, or that a carrier has not complied with a provision of this part 7, the commissioner may institute a corrective action that shall be followed by the carrier or may use any of the commissioner's other enforcement powers to obtain the carrier's compliance with this part 7.

(2) The commissioner shall not act to arbitrate, mediate, or settle disputes between a managed care plan and a provider concerning a provider's inclusion or termination from the network.

(3) Failure of a provider to comply with the requirements of section 10-16-705 (16) shall preclude a carrier from contracting with a provider.

**Source:** L. 97: Entire part added, p. 1332, § 2, effective July 1. L. 2002: (3) added, p. 1299, § 15, effective January 1, 2003.

**10-16-708. Rule-making authority of commissioner.** The commissioner may promulgate rules as necessary for carrying out the commissioner's duties under this part 7.

**Source:** L. 97: Entire part added, p. 1332, § 2, effective July 1.

**10-16-709. Evaluation - nonparticipating health care providers - legislative declaration - rules.** (1) (a) The general assembly hereby finds and determines that not all health care providers contract with all health insurers and therefore not all are participating providers. Health care providers who do not contract with a carrier are considered to be nonparticipating providers as to that carrier. In addition, not all health care providers are aware of the terms of health insurance coverage for health care services provided to a consumer insured through individual or group health care coverage. Therefore, the general assembly determines that there is a need to inform insured consumers of the scope of health insurance coverage available to the consumer for the services of nonparticipating providers who render services in a participating facility and the extent of an insured consumer's responsibility when services are rendered to an insured by a nonparticipating provider.

(b) The general assembly hereby declares that it is in the best interest of the residents of this state to provide administrative direction to health insurance carriers, health care providers, and health facilities to provide timely notice to a consumer concerning when the person may or may not incur additional charges for covered health benefits received from health care providers.

(2) The insurance commissioner shall, in collaboration with the division of professions and occupations within the department of regulatory agencies, the department of public health and environment, any other state agency, and any interested party, hold public hearings to determine the extent and source of the problem of a consumer being billed for an amount not paid by his or her health insurance as a result of a nonparticipating provider delivering health care services in a participating facility. These hearings shall also include an evaluation of the following:

- (a) Payments to nonparticipating providers in participating facilities;
- (b) Methods to improve disclosure to consumers of individual and group health insurance;
- (c) When a person may be responsible for amounts in excess of the person's covered benefits from a nonparticipating provider;
- (d) What the carrier's responsibilities are for payment for health benefits covered under the person's health benefit plan; and
- (e) The appropriate appeals process for insurers and health care providers to settle disputes.

(3) The insurance commissioner, the department of public health and environment, and the division of professions and occupations, including, but not limited to, any **type 1** board

under the supervision of the division of professions and occupations, may promulgate rules in accordance with the findings from the evaluation conducted pursuant to subsection (2) of this section.

(4) On or before February 1, 2005, the insurance commissioner shall report the findings of the evaluation pursuant to subsection (2) of this section to the business affairs and labor committees of the house of representatives and the senate. The insurance commissioner shall include in the report a description of the rules promulgated pursuant to subsection (3) of this section. If a state agency did not promulgate rules pursuant to subsection (3) of this section, that state agency shall submit to the insurance commissioner, for inclusion in the commissioner's report to the business affairs and labor committees of the house of representatives and senate, the reasons why rules were not promulgated pursuant to subsection (3) of this section.

## PART 10

### HEALTH CARE COVERAGE COOPERATIVES

**Cross references:** For provisions relating to health care coverage cooperatives prior to 2004, see article 18 of title 6 as contained in Colorado Revised Statutes 2003.

**Law reviews:** For article, "H.B. 94-1193: Health Care Purchasing Reform", see 23 Colo. Law. 2763 (1994).

**10-16-1001. Legislative declaration.** (1) The general assembly hereby recognizes that, through the sunset review for the division of insurance within the department of regulatory agencies in October 2001, the general assembly adopted a recommendation to consolidate and relocate the regulatory functions concerning health care cooperatives. The provisions of parts 1, 2, and 4 of article 18 of title 6, C.R.S., were, therefore, repealed and relocated to this part 10.

(2) The general assembly hereby finds that:

(a) Under the current health care system in this state, individuals risk losing their health care coverage when they move, when they lose or change jobs, when they become seriously ill, or when coverage becomes unaffordable;

(b) Continued escalation of health care costs threatens the continued economic vitality of the state; and

(c) Health care is a critical part of the economy of this state, representing a significant percentage of public and private spending, and affects all industries and individuals in this state.

(3) The general assembly hereby determines that:

(a) Comprehensive health care benefits that meet the full range of health needs, including primary, preventive, and specialized care, should be readily available to citizens of this state;

(b) The current high quality of health care in this state should be maintained;

(c) Employers and their employees in this state should be afforded a meaningful opportunity to choose from a range of health plans, health care providers, and treatments;

(d) Competition in the health care industry should ensure that health plans and health care providers are efficient and charge reasonable prices;

(e) All individuals should have a responsibility to pay their fair share of the costs of health care coverage; and

(f) Colorado's health care system should build on the strength of the employment-based coverage arrangements that now exist in this state.

(4) The general assembly, therefore, declares that the purposes of this part 10 are to:

(a) Promote control of the cost of health care for employers, employees, and others who pay for health care coverage by pooling purchasing power among consumers and organizing providers so that health care services are delivered in the most efficient manner;

(b) Allow health care cooperatives established under this part 10 flexibility in the determination of plans and coverages they provide to members and the selection of health provider networks, plans, and providers with which they contract for services;

(c) Promote individual choice among health plans and health care providers;

(d) Ensure high quality health care; and

(e) Encourage all individuals to take responsibility for their health care coverage by building on existing employment-based arrangements for health care benefits.

(5) The general assembly hereby finds, determines, and declares that the rapidly changing health care market provides unique opportunities for health care providers to organize themselves into new forms of collaborative systems to deliver high quality health care at competitive market prices to cooperatives and other purchasers. This part 10 is enacted to encourage such collaborative arrangements and to promote market-based competition among health care providers.

(6) The general assembly further recognizes that, in order to achieve the most effective use of resources and medical technology to respond to changing market conditions, providers who would otherwise be competitors with each other will need to horizontally integrate in order to develop collaborative arrangements to guarantee an adequate number of providers to service the market and to vertically integrate in order to guarantee that those who receive services will have a continuum of care as appropriate to their care needs.

(7) The general assembly also recognizes that to effect such new forms of collaborative systems and integration of providers to service the market will require an analysis of:

(a) Existing methods of providing services, contracting, collaborating, and networking among providers; and

(b) The extent and type of regulatory oversight of licensed provider networks or licensed individual providers that is appropriate to protect the public.

**Source: L. 2004:** Entire part added, p. 992, § 14, effective August 4.

**10-16-1002. Definitions.** As used in this part 10, unless the context otherwise requires:

(1) "Class of business" means all or a distinct grouping of small employers as shown on the records of a small carrier. Each class shall reflect substantial differences in administrative costs related to the use of health care cooperatives for the marketing and sale of health benefit plans to small employers.

(2) "Cooperative" or "health care coverage cooperative" means a health care coverage cooperative created pursuant to this part 10 as an entity that provides to its members health

coverage and health care purchasing services, including but not limited to detailed information on comparative prices, usage, outcomes, quality, and member satisfaction with provider networks. "Cooperative" does not include a cooperative association organized without capital stock in accordance with article 55 of title 7, C.R.S., that is subject to articles 121 to 137 of title 7, C.R.S., and that had filed articles of incorporation with the secretary of state on or before March 15, 1991.

(3) "Health information" has the same meaning as "medical information", as set forth in section 18-4-412 (2) (b), C.R.S. "Health information" also includes information that relates to the past, present, or future physical or mental health of the member and its eligible employees and to payment for the provision of health care to the member and its eligible employees.

(4) "Licensed provider network" shall have the same meaning as in section 6-18-301.5 (1), C.R.S.

(5) "Managed care" means systems or techniques generally used by third-party payors or their agents to affect access to, and to control, payment for health care services. For example, and not for the purpose of limitation, managed care techniques most often include one or more of the following: Prior, concurrent, and retrospective review of the medical necessity and appropriateness of services or of the site at which services are provided; contracts with selected health care providers; financial incentives or disincentives related to the use of specific providers, services, or service sites; controlled access to and coordination of services by a case manager; and payor efforts to identify treatment alternatives and modify benefit restrictions for high-cost patient care. "Managed care" also includes but is not limited to health maintenance organizations, as defined in section 10-16-102 (23).

(6) (a) "Member" means any public or private employer that has employees covered for health benefits through a cooperative.

(b) If, pursuant to section 10-16-1009 (3) (I), a cooperative provides coverage to individuals and allows individuals to join the cooperative, "member" may also include an individual and any dependent of such individual who is covered by a plan purchased through a cooperative, is eighteen years of age or older, and is not:

(I) Eligible for other coverage with benefits substantially similar to those included in the basic and standard health benefit plans; and

(II) A dependent of an individual who is eligible for other coverage with benefits substantially similar to those included in the basic and standard health benefit plans that cover that individual.

(7) "Person with financial interest in the cooperative's business" means one of the following or an immediate family member of one of the following:

(a) A health care provider who is contracting or attempting to contract, directly or indirectly, with the cooperative;

(b) An individual who is an employee or member of the board of directors of, has a substantial ownership interest in, or derives substantial income from an entity or person that is contracting or attempting to contract, directly or indirectly, with the cooperative; or

(c) An employee of an association, law firm, or other institution or organization that represents the interests of one or more entities or persons that are contracting or attempting to contract, directly or indirectly, with the cooperative.

(8) "Provider network" means a group of health care providers formed to provide health care services to individuals.

(9) "Purchaser" means an individual, an organization, or a governmental entity that makes health benefit purchasing decisions on behalf of a group of individuals.

(10) "Utilization management" means programs designed to assure appropriate utilization of health services relative to established standards or norms.

(11) "Waivered health care coverage cooperative" means a cooperative that has been approved to receive a waiver from the commissioner pursuant to section 10-16-1011.

**Source: L. 2004:** Entire part added, p. 993, § 14, effective August 4.

**10-16-1003. Privacy of health information.** (1) The privacy of individually identifiable health information collected for or by a cooperative shall be protected. Disclosure of such information is prohibited except for:

(a) Disclosures by an individual identified in the information or whose identity can be associated with the information;

(b) Disclosures explicitly authorized through written informed consent procedures by an individual;

(c) Disclosures to federal, state, or local law enforcement agencies for lawful purposes;

(d) Subject to rules promulgated by the commissioner, disclosures for bona fide research projects.

(2) (a) All disclosures of individually identifiable health information shall be restricted to the minimum amount of information necessary to accomplish the purpose for which the information is being disclosed.

(b) Any cooperative shall implement administrative, technical, and physical safeguards for the security of identifiable health information.

(3) (a) Subject to appropriate procedures established by a cooperative, an individual has the right to know whether any individual or entity uses or maintains individually identifiable health information concerning the individual and for what purpose the information may be used or maintained.

(b) Subject to appropriate procedures established by a cooperative, an individual has the right, with respect to identifiable health information concerning the individual that is recorded in any form or medium, to:

(I) See such information;

(II) Copy such information; and

(III) Have a notation made with or in such information including suggestions for amendments or corrections to such information requested by the individual or the individual's representative.

(4) Provider networks and providers in a network shall maintain the confidentiality of medical records as otherwise required by section 18-4-412, C.R.S., or other applicable law.

**Source: L. 2004:** Entire part added, p. 995, § 14, effective August 4.

#### **10-16-1004. Health care coverage cooperatives - establishment - fees.**

(1) (a) There is hereby authorized the creation of entities to be known as health care coverage cooperatives. A health care coverage cooperative may be created as any lawful entity under articles 55, 56, 58, 101 to 117, or 121 to 137 of title 7, C.R.S., so long as such entity operates for the mutual benefit of its members. Entities created pursuant to this part 10, in addition to the matters otherwise required, are subject to this part 10.

(b) Each cooperative shall follow the organizational requirements and corporate governance requirements of its statutory incorporation and, in addition, shall provide internal procedures that comply with section 10-16-1009.

(2) (a) (I) A cooperative organized on or after August 4, 2004, for the purposes of securing health care coverage for its members and their eligible employees shall file articles of organization with the secretary of state and shall provide a copy of such articles to the commissioner in such form as the secretary and the commissioner may require consistent with this part 10 and title 7, C.R.S.

(II) For cooperatives formed prior to August 4, 2004, the executive director of the department of health care policy and financing shall provide the commissioner with such cooperatives' articles of organization.

(b) Any person or entity operating or holding itself out as a cooperative shall apply for and obtain a certificate of authority to operate as a cooperative pursuant to sections 10-16-1005 and 10-16-1006.

(c) No individual or entity that organizes a cooperative may become or attempt to become a person with financial interest in the cooperative's business for a period of three years after organization of the cooperative.

(3) (a) A cooperative is organized when the articles of organization are filed with the secretary of state or, if a delayed effective date is specified in the articles as filed with the secretary of state and a certificate of withdrawal is not filed, on such delayed effective date. The existence of the cooperative begins upon organization; except that no cooperative shall

secure health care coverage for its members until a certificate of authority has been issued by the commissioner pursuant to section 10-16-1005 (1).

(b) Except in a proceeding by the state to cancel or revoke the organization of, or involuntarily dissolve, the cooperative, the secretary of state's filing of the articles of organization shall be conclusive and irrefutable proof that all conditions precedent to organization have been met.

(4) Each cooperative shall file a report pursuant to section 7-136-107, C.R.S., and pay the required fee, which shall be determined and collected pursuant to section 24-21-104 (3), C.R.S., in lieu of all franchise or corporation license taxes.

(5) Except as allowed by section 10-16-1014, the division of insurance shall not participate in the formation or administration of a health care coverage cooperative created pursuant to this part 10.

#### ANNOTATION

**Law reviews.** For article, "Physician-Controlled Network Joint Ventures: Antitrust Considerations", see 24 Colo. Law. 1551 (1995).

**10-16-1005. Issuance of certificate of authority by commissioner for cooperative to purchase health care coverage.** (1) (a) (I) (A) On and after August 4, 2004, an unlicensed cooperative conducting business pursuant to this part 10 shall file an application with the commissioner for issuance of a certificate of authority to purchase health care coverage for members and their eligible employees. An application shall include the following information: The name of the cooperative and any agent for service of process; details concerning provisions to govern the business and affairs of the cooperative, including management and organizational structure; an affidavit signed under oath by an officer of the organization that the cooperative is in compliance with sections 10-16-1004 (2) (c) and 10-16-1008 (3); and the names of managing personnel of the cooperative. The commissioner shall grant a certificate of authority to an applicant under this section unless the application fails to comply with this part 10. The commissioner shall establish an application filing fee, not to exceed one thousand one hundred dollars, to recover the direct costs of the commissioner in conducting the review required by this section. Each cooperative issued a certificate of authority pursuant to this section shall annually submit such information as the commissioner may reasonably require to determine that a cooperative continues to be in compliance with the provisions of this part 10. The commissioner shall establish a fee, not to exceed one thousand one hundred dollars annually, to recover the direct costs of the commissioner in determining annually that a cooperative is in compliance with the provisions of this part 10.

(B) Except as provided in section 10-16-1004 (3) (b), no cooperative shall take any action enumerated in section 10-16-1009 unless a certificate of authority has been issued pursuant to this section by the commissioner. Any person or entity applying to obtain a certificate of authority as required by section 10-16-1004 (2) (b) that fails to obtain a certificate of authority by December 1, 2004, shall cease to engage in any activity for which a certificate of authority is required pursuant to this part 10 until a certificate of authority is issued by the commissioner pursuant to this section and section 10-16-1006.

(C) Cooperatives that have been issued a certificate of authority by the executive director of the department of health care policy and financing prior to August 4, 2004, shall submit proof of such certificate of authority to the commissioner prior to November 1, 2004. The commissioner shall reissue a certificate of authority to the cooperative on or before December 1, 2004.

(II) A cooperative shall be required to post a fidelity or employee dishonesty bond or deposit with the commissioner a certificate of deposit or securities in a minimum amount equal to at least two months' premiums held by the cooperative or its administrator as of

its annual renewal date in order to be granted a certificate of authority under this section. If a cooperative contracts with an outside administrator for all premium-handling functions, the cooperative itself will not be required to post a bond in order to comply with the provisions of this subparagraph (II) so long as the cooperative submits to the commissioner evidence that such administrator has obtained a bond in the required amount.

(b) The commissioner may grant a temporary certificate of authority to any cooperative. Any such temporary certificate of authority shall be valid for a period of one year after the date of issuance.

(c) Notwithstanding the provisions of part 2 of article 72 of title 24, C.R.S., an application, together with any supporting material and responses from the commissioner, shall not be considered a public record until the commissioner approves the application or until an organizer requests a hearing on the commissioner's denial of the application.

(2) The commissioner shall respond in writing to each application for a certificate of authority within thirty days after receipt by the commissioner. The commissioner shall either approve the application or shall inform the organizers of specific changes to the application that the commissioner deems necessary for approval under this part 10. Each applicant shall respond to the commissioner's comments within thirty days after receipt. The commissioner shall either approve the application within thirty days after receipt of such changes or request additional changes to the application. The time limits contained in this subsection (2) shall apply to all phases of the application process except hearings conducted pursuant to article 4 of title 24, C.R.S.

**Source: L. 2004:** Entire part added, p. 997, § 14, effective August 4.

**10-16-1006. Authority to deny application for, revoke, or suspend certificate of authority.** (1) On and after August 4, 2004, the commissioner may deny an application for a certificate of authority pursuant to section 10-16-1005 or revoke or suspend a certificate of authority of any cooperative found to be in violation of this part 10.

(2) (a) Any party may request a hearing pursuant to article 4 of title 24, C.R.S., on any action of the commissioner denying an application for a certificate of authority or revoking or suspending a certificate of authority.

(b) Any hearing conducted under this section shall be conducted pursuant to article 4 of title 24, C.R.S., and section 10-1-127, and the commissioner may use the services of an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S.

(c) Any final decision of the commissioner under this part 10 shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

**Source: L. 2004:** Entire part added, p. 999, § 14, effective August 4.

**10-16-1007. Prohibition on cooperatives transacting insurance business.** A cooperative shall not perform any activity included in the definition of transacting insurance business in this state, as provided in section 10-3-903, except as otherwise authorized in the powers, duties, and responsibilities of cooperatives as set forth in section 10-16-1009. A cooperative shall not establish or engage in the activities of a health maintenance organization, as defined in section 10-16-102 (23).

**Source: L. 2004:** Entire part added, p. 999, § 14, effective August 4.

**10-16-1008. Administrative structure of cooperatives - board of directors - officers - employees.** (1) The affairs of the cooperative shall be managed in accordance with the legal structure required of the entity and governed by persons elected by the members from their own number. The governing body of the cooperative shall adopt bylaws and rules for the cooperative. Members of a cooperative shall be entitled to equal participation and benefit from the cooperative; except that a cooperative at its option may extend voting rights to eligible employees. The governing body of the cooperative shall meet at such times and places as it determines necessary to operate the cooperative in accordance with this part 10.

(2) A cooperative may provide fair remuneration for the time actually spent by its officers and directors in its service and for the service of the members of its executive committee.

(3) An individual who is a member of a governing body of a cooperative may not be a person with financial interest in the cooperative's business during his or her term on the governing body or during the twelve-month period immediately before or after service on such governing body.

(4) The bylaws may provide that no member of the governing body of a cooperative shall occupy any position in the cooperative except the chief executive officer and secretary on regular salary or substantially full-time pay. The bylaws may provide for an executive committee and may allot to the executive committee all the functions and powers of the board of directors, subject to general direction and control by the board.

(5) When a vacancy occurs on the governing body of a cooperative other than by expiration of a member's term, the remaining members of the governing body shall fill the vacancy by majority vote.

(6) The governing body of a cooperative may appoint a chief executive officer of the cooperative and other staff necessary to administer the cooperative. The chief executive officer and other staff serve at the pleasure of the governing body.

(7) No cooperative may assume any liability for payment for health care services covered by a plan purchased through the cooperative.

**Source: L. 2004:** Entire part added, p. 999, § 14, effective August 4.

**10-16-1009. Powers, duties, and responsibilities of cooperatives.** (1) Each cooperative organized pursuant to this part 10 shall:

- (a) Establish the conditions of cooperative membership;
- (b) Provide to cooperative members and their eligible employees clear, standardized information about each provider network, licensed provider network, carrier, or other provider contracted with by the cooperative, including, but not limited to, information on price, benefits, costs, quality, patient satisfaction, membership, and responsibilities and obligations;
- (c) Offer dependent coverage;
- (d) Except for groups over fifty, offer to all members and their eligible employees the standard and basic health benefit plans;
- (e) Obtain the necessary contact information and resources to provide to members and their eligible employees the information described in paragraph (b) of this subsection (1);
- (f) Contract only for insurance functions listed in section 10-3-903, with entities authorized to do business in this state by the commissioner pursuant to this title that have:
  - (I) The capacity to administer the health benefit plan or services to be offered;
  - (II) The ability to monitor and evaluate the quality and cost-effectiveness of care and applicable procedures;
  - (III) The ability to report quality and outcomes information necessary for the cooperative to report quality information to members and their eligible employees; and
  - (IV) The ability to assure members and their eligible employees adequate access to health care providers, including an adequate number and type of providers for the risk pool involved;
- (g) Develop and implement a marketing plan that will widely publicize the cooperative to potential members and their eligible employees and develop and implement methods for informing the public about the cooperative and its services;
- (h) State clearly all administrative and broker or agent fees associated with membership in all materials published for the purpose of soliciting members and their eligible employees or that may be used by potential members in deciding whether to join the cooperative;
- (i) Establish administrative and accounting procedures for the operation of the cooperative and members' services, prepare an annual cooperative budget, and prepare annual program and fiscal reports on cooperative operations;
- (j) Maintain all records, reports, and other information of the cooperative;

(k) Maintain a trust account or accounts for the deposit of premium moneys collected pursuant to paragraph (d) of subsection (3) of this section, to be paid to carriers or licensed provider networks or licensed individual providers for coverage offered through the cooperative. A cooperative shall have a fiduciary duty with respect to premium moneys collected for carriers and licensed provider networks offered through the cooperative.

(l) Annually report on operations of the cooperative, including program and financial operations, and provide for internal and independent audits;

(m) Disclose to members and potential members whether or not the cooperative has been granted a temporary certificate of authority pursuant to section 10-16-1005 (1) (b);

(n) Offer the same premiums and any negotiated health care prices to all member classes, if any, equally; except that a cooperative may offer different premiums or negotiated health care prices to members who are not small employers.

(2) Members that are not self-insured may only be offered plans or services offered by licensed provider networks, licensed individual providers, and other carriers. For purposes of this part 10, "self-insured" means not insured under a plan underwritten by a carrier or licensed provider network. A self-insured employer or individual may join a cooperative in order to have access to the discounted provider rates (excluding capitated agreements) that the cooperative may negotiate on behalf of its self-insured members.

(3) Each cooperative organized pursuant to this part 10 may:

(a) Determine, from time to time, the need to establish classes of membership;

(b) Set reasonable fees for membership in the cooperative that will finance all reasonable and necessary costs incurred in administering the cooperative;

(c) Offer any and all health benefit packages permitted under law in addition to the standard and basic health benefit plans;

(d) Require, as a condition of membership, that all employers include all their employees or a minimum percentage of employees in coverage purchased through the cooperative. The cooperative may establish minimum percentages that differ according to the benefit plan or carrier offered. The cooperative may require an employer making membership application to a cooperative that would entail entering fewer than one hundred percent of such employer's eligible employees or dependents to demonstrate, under standards consistent with paragraph (g) of subsection (4) of this section, that such membership is not likely to result in an adverse selection group being brought into the cooperative and would not otherwise act as a form of risk selection or risk avoidance.

(e) Subject to paragraph (l) of subsection (1) of this section, provide premium collection services for plans and licensed provider networks or licensed individual providers offered through the cooperative;

(f) Reject, or allow a carrier to reject, an employer from membership or drop, or allow a carrier to drop, an employer from membership if the employer or any of its employee members fails to pay premiums or engages in fraud or material misrepresentation in connection with a plan purchased through the cooperative. If an employer or employee is dropped from membership, the employee shall be entitled to continuation and conversion coverage as provided under applicable state or federal continuation laws and the state conversion law.

(g) Contract with qualified independent third parties for any service necessary to carry out the powers and duties authorized or required by this part 10;

(h) Contract with licensed insurance agents or brokers to market coverage made available through the cooperative to its members. A cooperative shall use a uniform fee schedule for all agents and brokers. Such fee schedule shall not vary based on the actual or expected health status or medical utilization of the group to which coverage is sold.

(i) Exclude any carrier, provider network, or provider or freeze enrollment in any carrier, provider network, or provider for failure to achieve established quality, access, or information reporting standards of the cooperative;

(j) Prohibit members who drop coverage through the cooperative from reenrolling for up to twelve months in coverage purchased through the cooperative;

(k) Require that members and their eligible employees continue to pay administrative fees that are part of the contract with the cooperative if a member or eligible employee cancels prior to completion of a contract period;

(l) Offer coverage for individuals who are members. If coverage is offered to individuals as members, the cooperative may require that individuals include all dependents under such coverage.

(m) Establish employer contribution requirements. Such requirements may differ by benefit plan, benefit package, or carrier.

(4) No cooperative organized pursuant to this part 10 may:

(a) Exclude from membership in the cooperative any small employer or eligible employee or dependent of a small employer who agrees to pay fees for membership and any premium for coverage through the cooperative and who abides by the bylaws and rules of the cooperative and satisfies the requirements of the benefit plan selected;

(b) Differentiate classes of membership on the basis of industry type, race, religion, gender, education, health status, or income;

(c) Commit any act constituting a rebate prohibited by section 10-3-1104 (1) (g). The commissioner shall enforce this paragraph (c) pursuant to part 11 of article 3 of this title.

(d) Prohibit any hospital, health maintenance organization, or other provider, as a condition of contracting to provide services through the cooperative, from providing services through a subcontract or subcontracts with any other hospital, health maintenance organization, or other provider meeting the cooperative's quality standards;

(e) Charge any fee not directly related to health care or the administration of health care purchasing functions;

(f) As a condition of membership, require any member, eligible employee, or dependent to subscribe to non-health-care-related products or services;

(g) Knowingly operate the cooperative or market the cooperative in a county or primary metropolitan statistical area in a way that would cause the cooperative to select a risk pool with actuarially projected health care utilization over a two-year period that is below the projected average for all individuals residing in that county or primary metropolitan statistical area. Such measurement and comparison of projected utilization by members of the cooperative to all individuals shall be done on a county or primary metropolitan statistical area basis and not across all members of the cooperative.

(h) Knowingly authorize or select any carrier, provider, licensed provider network, licensed individual provider, or individual provider that does not comply with or conform to the applicable requirements or standards of this title.

**Source: L. 2004:** Entire part added, p. 1000, § 14, effective August 4.

**10-16-1010. Marketing requirements of cooperatives.** (1) A cooperative shall use appropriate, efficient, and standardized means to notify members and prospective members and their eligible employees of the availability of sponsored health care coverage from the cooperative.

(2) A cooperative shall make available to members and prospective members and their eligible employees marketing materials that accurately summarize the health benefit plans that are offered by its licensed provider networks, licensed individual providers, and other carriers, and rates, costs, and accreditation information relating to those plans. A cooperative shall also summarize the services offered by all other provider networks and individual providers the cooperative offers, the rates for those services, and accreditation information relating to those provider networks.

(3) A cooperative may offer nonlicensed provider networks or individual providers only to self-insured members of the cooperative. Nonlicensed provider networks or individual providers may also be offered to members not self-insured if the services offered do not involve transacting insurance business, as defined in section 10-3-903. The members may choose which health benefit plans shall be offered to eligible employees and may change the selection each year. The employee may be given options with regard to health benefit plans and the type of managed care system under which benefits will be provided.

**10-16-1011. Requirements for waived health care coverage cooperatives - rules.**

(1) The commissioner shall promulgate rules setting forth the application procedure for cooperatives seeking a waiver under this section that:

(a) Establish fair, effective, and timely procedures for addressing consumer, contractor, and health plan grievances. Such rules shall include, without limitation, a requirement that health plans provide the cooperative written notification of all grievances filed with the health plans and at least a quarterly summary of such grievances. This paragraph (a) shall not be construed to exempt participating carriers from any requirements of this title concerning grievance procedures.

(b) Require the cooperative to demonstrate that it provides coverage in every geographic area in which its participating carriers are authorized to do business by the division of insurance;

(c) Establish that small employers that purchase fully insured products through the cooperative are not permitted to offer their employees comparable fully insured or self-insured products through any means other than the cooperative;

(d) Ensure that the cooperative will at all times comply with the provisions of section 10-16-1009 (4) (g);

(e) Require the cooperative to offer, at a minimum, the basic and standard benefit plans for employers with fifty or fewer employees that all participating carriers must offer. Other benefit plans and benefit packages may be established and offered by some or all carriers that contract with the cooperative, and such plans or packages may include a range of cost-sharing levels. Benefit packages may also include some variations for differences in delivery systems, such as health maintenance organizations, point-of-service plans, preferred provider plans, and fee-for-service plans.

(2) A waiver shall be in effect for a period of not less than ten years after the date of issue, unless the commissioner determines that the waived cooperative is in violation of subsection (1) of this section. In such a case, the waiver may be phased out over a period of three years by the commissioner in a manner that is consistent with the market viability of the cooperative.

(3) The commissioner may grant a permanent waiver effective upon expiration of a ten-year period. If at any time the commissioner determines that a waived cooperative operating under a permanent waiver is in violation of subsection (1) of this section, the permanent waiver may be phased out by the commissioner over a period of three years in a manner that is consistent with the market viability of the cooperative.

(4) The commissioner shall promulgate rules for annual reporting requirements for waived cooperatives. Reporting requirements shall be based only on the requirements for obtaining a waiver as outlined under subsection (1) of this section. Such reporting requirements shall be integrated with other reporting requirements for cooperatives operating under this part 10.

(5) (a) (I) Any carrier doing business with a waived cooperative shall comply with all rules regarding underwriting, claims handling, sales, solicitation, and other applicable requirements specified pursuant to this title.

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (a), if a waived cooperative requires its participating small employer carriers to offer a standardized health benefit plan that such carriers do not offer outside of the waived cooperative, such carriers shall not be required to market that standardized plan either inside or outside the waived cooperative in those areas of the state that are not part of the waived cooperative's geographic service area.

(b) (I) Any carrier doing business with a waived cooperative shall comply with all applicable rules regarding rating specified pursuant to this title.

(II) (A) Notwithstanding subparagraph (I) of this paragraph (b) and subject to the provisions of sub-subparagraph (B) of this subparagraph (II), a waived cooperative and a participating carrier may negotiate a percentage discount off of what would otherwise be allowable rates under sections 10-16-105 (8) (a) and 10-16-1012 for a particular plan. That percentage discount shall be applied uniformly to all small employer members of the cooperative. Pursuant to section 10-16-1012, a carrier may apply rating factors differently for its business with a waived cooperative than for the carrier's other business. Partici-

pating carriers shall notify the division of insurance of a negotiated cooperative discount at least thirty days prior to use.

(B) A waived cooperative may negotiate the non-health-care expense component of the premium rates charged with participating health care coverage plans. As used in this sub-subparagraph (B), "non-health-care expense" includes but is not limited to marketing expenses, acquisition expenses, cost of paying claims, commissions, maintenance expenses, other administration costs, profits, and other contingency margins. "Non-health-care expense" does not include fees paid to health care providers for health care services regardless of the methodology of reimbursement or payment.

(C) Participating health care coverage plans, including those plans that are under consideration for participation, shall, upon request, disclose to waived cooperatives a list and description of all relevant public information regarding all expenses of the health plans, including but not limited to: The plan's recent filings and previously required filings with the Colorado division of insurance; filings with the national association of insurance commissioners (NAIC); health employer data information set (HEDIS) reports regarding provider compensation; and federal health care financing administration and federal office of personnel management filings relevant to provider compensation. Public information shall be provided upon request to a cooperative within fifteen days after such request.

(D) All health care plans participating in a cooperative shall sign an affidavit declaring that all coinsurance paid by the insured participants of the employer members of a waived cooperative shall be based on the health plan's contracted rate within the health plan's provider network.

(6) If the commissioner does not act on an application for a waiver under this section within sixty days after submission of the application, the cooperative may request a formal hearing with the commissioner.

**Source: L. 2004:** Entire part added, p. 1004, § 14, effective August 4.

**10-16-1012. Application of rating factors inside a waived cooperative.** With the prior approval of the commissioner, a waived cooperative may require all participating carriers to apply allowable rate adjustment factors and case characteristic factors to all of that waived cooperative's business in a consistent fashion, as determined by the cooperative. If a waived cooperative has received such approval, a participating carrier within that cooperative shall not be required to apply allowable rate adjustment factors and case characteristic factors in the same way for its waived cooperative business as for its other business.

**10-16-1013. Violations of article by persons involved with operations of cooperatives - enforcement - penalties.** (1) As used in this section, unless the context otherwise requires, "responsible party" means a member of the governing body or an executive officer of a cooperative.

(2) (a) After notice and the opportunity for a hearing pursuant to article 4 of title 24, C.R.S., the commissioner may enforce the provisions of this part 10 by issuing orders directed to any responsible party, including but not limited to cease-and-desist orders, as are deemed necessary if the commissioner finds that:

(I) Such person has violated this part 10 or any lawful rule promulgated pursuant to this part 10, engaged in any unsafe or unsound practice in connection with a cooperative, engaged in an act, omission, or practice that constitutes a breach of fiduciary duty to a cooperative, or has been found liable for or guilty of a civil or criminal offense affecting such person's qualification to serve in such capacity; or

(II) (A) The cooperative has suffered or appears likely to suffer substantial financial loss or that the interests of its members and eligible employees could be seriously prejudiced by reason of such violation, practice, breach of fiduciary duty, or offense;

(B) Such person has received financial gain from such violation, practice, breach of fiduciary duty, or offense; or

(C) Such violation involves serious dishonesty or demonstrates a willful or continuing disregard for the safety or soundness of the cooperative.

(b) In addition to the actions authorized in paragraph (a) of this subsection (2), the commissioner may impose a civil penalty of up to twenty-five thousand dollars for each violation.

(c) In addition to the penalty provided in paragraph (b) of this subsection (2), if the commissioner determines that any person is in violation of the provisions of section 10-16-1004 (2) (c) or 10-16-1008 (3), the commissioner may order the responsible party suspended or removed from office.

(d) If the commissioner finds that extraordinary circumstances exist that require immediate action, such action may be taken immediately pursuant to section 24-4-105 (12), C.R.S., but a subsequent hearing shall promptly be afforded upon application to rescind the action taken.

(e) The commissioner may initiate informal actions to enforce this part 10 under this section. Such informal actions may include written agreements with, informal commitment letters from, or the forwarding of a letter of reprimand to, a cooperative or responsible party.

(3) Any person adversely affected by an order issued pursuant to this section may, within twenty days after the date of the order, request judicial review under section 24-4-106 (11), C.R.S. An action for judicial review shall not operate to stay or vacate a decision or order; except that the court may issue a stay pending review. The commissioner may recover reasonable attorney fees incurred to enforce the order.

**10-16-1014. Technical assistance to authorized cooperatives from division of insurance.** (1) Subject to available appropriations, the commissioner may provide technical assistance to any cooperative that:

(a) Makes coverage available to employer members and covered individuals statewide to the extent possible;

(b) Requires that employer members not self-insure for any benefits included in the cooperative's basic or standard health benefit plans;

(c) Sets maximum employer member contributions to any plan for a covered individual at an amount not to exceed one hundred percent of the cost of the lowest-priced coverage for that employee's family composition for any particular plan package, with employee members paying the difference between the premium of the selected plan and the employer contribution;

(d) Establishes rules that specify that employer members shall take no action to limit their employees' choice of plans offered through the cooperative or to encourage or discourage employees from making particular choices of plans offered through the cooperative;

(e) Contracts with as many carriers as is allowed by the market and the cooperative's quality, access, and information reporting requirements;

(f) Develops and implements a marketing plan to publicize the cooperative to potential members and develops and implements methods for informing the public about the cooperative and its services;

(g) Develops specific plans to expand health care coverage and to expand access to health care in this state; and

(h) Gives each covered individual the opportunity to choose among carriers that contract with the cooperative.

**10-18-101. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Applicant" means:

(a) In the case of an individual medicare supplement policy or subscriber contract, the person who seeks to contract for insurance benefits; or

(b) In the case of a group medicare supplement policy or subscriber contract, the proposed certificate holder.

(2) "Certificate" means any certificate issued under a group medicare supplement policy, which certificate has been delivered or issued for delivery in this state.

(3) "Medicare" means the "Health Insurance for the Aged Act", Title XVIII of the federal "Social Security Act", as amended by the social security amendments of 1965, and as later amended.

(4) "Medicare supplement policy" means a group or individual policy of sickness and accident insurance or a subscriber contract of a nonprofit hospital and health service corporation or a health maintenance organization, which policy or contract is primarily advertised, marketed, or designed as a supplement to reimbursements under medicare for the hospital, medical, or surgical expenses of persons eligible for medicare.

**Editor's note:** This section is similar to former § 10-18-101 as it existed prior to 1989.

**10-18-102. Applicability and scope.** (1) Except as otherwise specifically provided, this article shall apply to:

(a) All medicare supplement policies and subscriber contracts delivered or issued for delivery in this state on or after July 1, 1989; and

(b) All certificates issued under group medicare supplement policies or subscriber contracts, which certificates have been delivered or issued for delivery in this state on or after July 1, 1989.

(2) The provisions of this article shall not apply to a policy or contract for employees, former employees, or any combination of employees or former employees or to a policy or contract for members, former members, or any combination of members and former members of labor organizations, which policy or contract is established by one or more employers or labor organizations or the trustees of a fund established by one or more employers or labor organizations or any combination of such employers, labor organizations, or trustees.

(3) The provisions of this article shall not apply to insurance policies or health care benefit plans, including group conversion policies, provided to medicare eligible persons, which policies are not marketed as or held out to be medicare supplement policies or benefit plans.

**Source:** L. 89: Entire article R&RE, p. 499, § 1, effective July 1.

**10-18-103. Standards for policy provisions - guarantee issue.** (1) No medicare supplement insurance policy, contract, or certificate in force in this state shall contain benefits that duplicate benefits provided by medicare.

(2) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of medicare supplement policies and certificates. Such standards shall be in addition to and in accordance with all applicable laws under this title. No requirement of this title relating to minimum required policy benefits, other than the minimum standards

contained in this article, shall apply to medicare supplement policies. The standards shall include, but need not be limited to:

- (a) Terms of renewability which shall provide that the policy cannot be cancelled or nonrenewed by the insurer solely on the grounds of deterioration of health or of age;
- (b) Initial and subsequent conditions of eligibility, which shall include the guaranteed issue requirements in subsection (5) of this section;
- (c) Nonduplication of coverage;
- (d) Preexisting conditions;
- (e) Benefit limitations, exceptions, and reductions which shall not include those which are more restrictive than those of medicare for any type of care covered under the policy;
- (f) Elimination, waiting, or probationary periods;
- (g) Recurrent conditions;
- (h) Definition of terms, including, but not limited to, accident, sickness, benefit period, hospital, nurse, physician, and skilled nursing facility;
- (i) Readability standards;
- (j) Continuing care coverage as required by section 10-16-413.5.

(3) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under a medicare supplement policy.

(4) Notwithstanding any other provision of law of this state to the contrary, a medicare supplement policy may not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. The policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(5) The guaranteed issue period for a medicare supplement policy shall not be for less than six months after a previous policy has been involuntarily terminated for reasons other than nonpayment of premiums or for fraud or abuse.

**Source:** L. 89: Entire article R&RE, p. 500, § 1, effective July 1.

**Editor's note:** This section is similar to former § 10-18-103 as it existed prior to 1989.

**10-18-105. Loss ratio standards and filing requirements.** (1) Every insurer providing group or individual medicare supplement insurance benefits to a resident of this state pursuant to section 10-18-102 shall file a copy of the group master policy or individual policy and any certificate used in this state in accordance with the filing requirements and procedures of sections 10-16-107 (2) and (3) and 10-16-406; except that no insurer shall be required to make a filing earlier than thirty days after insurance was provided to a resident of this state under a group master policy issued for delivery outside this state.

(2) Group and individual medicare supplement policies shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of medicare supplement policies on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service

rather than reimbursement basis and on the basis of earned premiums in accordance with accepted actuarial principles and practices. Every entity providing medicare supplement policies or certificates in this state shall file annually its rates, rating schedule, and supporting documentation demonstrating that it is in compliance with the applicable loss ratio standards of this state. All filings of rates and rating schedules shall demonstrate that the actual and expected losses in relation to premiums comply with the requirements of this article.

(3) No entity shall provide compensation to its agents or other producers which is greater than the renewal compensation which would have been paid on an existing policy if the existing policy had been replaced by another policy with the same company and the new policy benefits had been substantially similar to the benefits under the old policy and the old policy had been issued by the same insurer or insurer group.

**Editor's note:** This section is similar to former § 10-18-104 as it existed prior to 1989.

**10-18-106. Disclosure standards - regulations necessary for compliance with federal law.** (1) In order to provide for full and fair disclosure in the sale of medicare supplement policies, no individual medicare supplement policy or certificate shall be delivered or issued for delivery in this state unless the outline of coverage as described in subsection (2) of this section is delivered to the applicant for such policy or such certificate at the time application is made.

(2) The commissioner shall prescribe by regulation the format and content of the outline of coverage required by subsection (1) of this section. As used in this subsection (2), "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include:

- (a) A description of the principal benefits and coverage provided in the policy;
- (b) A statement of the exceptions, reductions, and limitations contained in the policy;
- (c) A statement of the renewal provisions, including any reservation by the insurer of a right to change premiums;
- (d) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.
- (e) (Deleted by amendment, L. 92, p. 1605, § 144, effective May 20, 1992.)

(3) The commissioner may further prescribe by regulation a standard form for and the contents of an informational brochure for persons eligible for medicare by reason of age, which brochure is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insureds eligible for medicare concurrently with delivery of the outline of coverage. With respect to direct response medicare supplement insurance policies, the commissioner may require by regulation that the prescribed brochure must be provided upon request to any prospective insureds eligible for medicare by reason of age, but in no event later than the time of policy delivery.

(4) The commissioner may promulgate regulations for captions or notice requirements determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not medicare supplement coverages for all accident and sickness insurance policies sold to persons eligible for medicare by reason of age, which policies fail to meet the definition of a medicare supplement policy in section 10-18-101 (4).

(5) The commissioner may promulgate such regulations as are necessary to allow Colorado to meet the medicare supplement policy standards and requirements imposed by the federal "Health Insurance for the Aged Act" or otherwise required by any federal law or rule or regulation. This shall include the authority to promulgate as regulations the model standards adopted by the national association of insurance commissioners for the purpose of complying with any such federal requirements.

**10-18-107. Right to examine policy - right to refund of premium.** Medicare supplement policies or certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate within thirty days after its delivery and to have any premium refunded if, after examination of the policy or certificate, the policyholder or certificate holder is not satisfied for any reason. Any refund made pursuant to this section shall be paid directly to the policyholder or certificate holder by the insurer in a timely manner. If a policyholder or certificate holder decides to cancel a policy or certificate after the first thirty days of coverage and the policyholder or certificate holder provides the insurer notice of the cancellation at least thirty days before cancellation, the insurer shall refund a prorated amount of any prepaid premiums for such policy or certificate based on the subsequent full months of coverage being cancelled.

**Editor's note:** This section is similar to former § 10-18-107 as it existed prior to 1989.

**10-18-108. Advertising - copy provided to commissioner.** Every insurer, health care service plan, or other entity providing medicare supplement insurance or benefits in this state that advertises medicare supplement insurance shall provide the commissioner a written copy of the medicare supplement advertisement used in this state. If there is a complaint filed about a radio or television advertisement, the commissioner may request an audio or video cassette from those entities.

- (1) "Applicant" means:
  - (a) In the case of an individual long-term care insurance policy, the person who seeks to contract for benefits; and
  - (b) In the case of a group long-term care insurance policy, the proposed certificate holder.
- (1.5) Repealed.
- (2) "Certificate" means any certificate issued under a group long-term care insurance policy, which policy has been delivered or issued for delivery in this state.
- (3) "Commissioner" means the commissioner of insurance.
- (4) "Group long-term care insurance" means a long-term care insurance policy which is delivered or issued for delivery in this state and issued to one of the following:
  - (a) One or more employers or labor organizations, or to a trust or to the trustees of a fund established by one or more employers or labor organizations, or a combination thereof, for employees or former employees or a combination thereof or for members or former members or a combination thereof, of the labor organizations;
  - (b) Any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if such association:
    - (I) Is composed of individuals all of whom are or were actively engaged in the same profession, trade, or occupation; and
    - (II) Has been maintained in good faith for purposes other than obtaining insurance;
  - (c) (I) An association or a trust or the trustee of a fund established, created, or maintained for the benefit of members of one or more associations. Prior to advertising, marketing, or offering such policy within this state, the association or the insurer of the association shall file evidence with the commissioner that the association has at the outset a minimum of one hundred persons and has been organized and maintained in good faith

for purposes other than that of obtaining insurance, has been in active existence for at least one year, and has a constitution and bylaws which provide that:

(A) The association holds regular meetings not less than annually to further purposes of the members;

(B) Except for credit unions, the association collects dues or solicits contributions from members; and

(C) The members have voting privileges and representation on the governing board and committees.

(II) Thirty days after such filing, the association will be deemed to satisfy such organizational requirements, unless the commissioner makes a finding that the association does not satisfy those organizational requirements.

(d) A group other than as described in paragraph (a), (b), or (c) of this subsection (4), subject to a finding by the commissioner that:

(I) The issuance of the group policy is not contrary to the best interest of the public;

(II) The issuance of the group policy would result in economies of acquisition or administration; and

(III) The benefits are reasonable in relation to the premiums charged.

(5) "Long-term care insurance" means any insurance policy or rider advertised, marketed, offered, or designed to provide coverage for not less than twelve consecutive months for each covered person on an expense-incurred, indemnity, prepaid, or other basis for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services provided in a setting other than an acute care unit of a hospital. "Long-term care insurance" includes group and individual annuities and life insurance policies or riders that provide directly or that supplement long-term care insurance. The term shall also include qualified long-term care insurance contracts. This term does not include life insurance policies that accelerate the death benefit specifically for one or more of the qualifying events of terminal illness, medical conditions requiring extraordinary medical intervention, or permanent institutional confinement and that provide the option of a lump-sum payment for those benefits and in which neither the benefits nor the eligibility for the benefits is conditioned upon the receipt of long-term care. "Long-term care insurance" also includes a policy or rider that provides for payment of benefits based upon cognitive impairment or the loss of functional capacity. Long-term care insurance may be issued by insurers, fraternal benefit societies, nonprofit hospital, medical-surgical, and health service corporations, prepaid health plans, health maintenance organizations, or any similar organizations to the extent they are otherwise authorized to issue life or health insurance. "Long-term health care insurance" shall not include any insurance policy that is offered primarily to provide basic medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income or related asset protection coverage, accident-only coverage, specified disease or specified accident coverage, or limited-benefit health coverage. Notwithstanding any other provisions contained herein, any product advertised, marketed, or offered as long-term care insurance shall be subject to the provisions of this article.

(6) "Policy" means any policy, contract, subscriber agreement, rider, or endorsement delivered or issued for delivery in this state by an insurer, fraternal benefit society, nonprofit hospital, medical-surgical, or health service corporation, prepaid health plan, health maintenance organization, or any similar organization.

(7) Repealed.

(8) (a) "Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract" means an individual or group insurance contract that meets the requirements of 26 U.S.C. sec. 7702B (b) of the federal "Internal Revenue Code of 1986", as amended, as follows:

(I) The only insurance protection provided under the contract is coverage of qualified long-term care services. A contract shall not fail to satisfy the requirements of this subparagraph (I) by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(II) The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the federal "Social Security Act", as added by the "Social Security Amendments of 1965", Pub.L. 89-97, as amended, or would be so reimbursable but for the application of a deductible or coinsurance amount. The requirements of this subparagraph (II) do not apply to expenses that are reimbursable under said Title XVIII only as a secondary payor. A contract shall not fail to satisfy the requirements of this subparagraph (II) by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(III) The contract is guaranteed renewable, within the meaning of 26 U.S.C. sec. 7702B (b) (1) (C) of the federal "Internal Revenue Code of 1986", as amended;

(IV) The contract does not provide for a cash surrender value or other money that can be paid, assigned, pledged as collateral for a loan, or borrowed except as provided in subparagraph (V) of this paragraph (a);

(V) All refunds of premiums and all policyholder dividends or similar amounts under the contract are to be applied as a reduction in future premiums or to increase future benefits; except that a cash refund may be issued in the event of death of the insured or a complete surrender or cancellation of the contract, so long as the refund does not exceed the aggregate premiums paid under the contract;

(VI) The contract meets the consumer protection provisions set forth in 26 U.S.C. sec. 7702B (g) of the federal "Internal Revenue Code of 1986", as amended.

(b) "Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract" also means the portion of a life insurance contract that provides long-term care insurance coverage by rider or as part of the contract and that satisfies the requirements of 26 U.S.C. sec. 7702B (b) and (e) of the federal "Internal Revenue Code of 1986", as amended.

**10-19-104. Scope and applicability of article.** The requirements of this article shall apply to policies delivered or issued for delivery in this state on or after July 1, 1990. This article is not intended to supersede the obligations of entities subject to this article to comply with the substance of other applicable insurance laws insofar as they do not conflict with this article; except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance.

**10-19-105. Extraterritorial jurisdiction - group long-term care insurance.** A group long-term care insurance coverage shall not be offered to a resident of this state under a group policy issued in another state to a group described in section 10-19-103 (4) (d), unless this state or another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in this state has made a determination that such requirements have been met.

**Source:** L. 90: Entire article R&RE, p. 645, § 1, effective July 1.

**10-19-106. Rules on disclosure.** The commissioner may adopt rules and regulations that include standards for full and fair disclosure setting forth the manner, content, and required disclosures for the sale of long-term care insurance policies, terms of renewability,

initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions, and definitions of terms. Such rules and regulations shall be in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

**Source:** L. 90: Entire article R&RE, p. 645, § 1, effective July 1.

**10-19-107. Performance standards.** (1) A long-term care insurance policy may not:

(a) Be cancelled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

(b) Contain a provision establishing a new waiting period in the event that existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

(c) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care; or

(d) Exclude coverage for Alzheimer's disease, senile dementia, other organic brain syndromes, or other types of senility diseases.

(2) A long-term care insurance policy shall:

(a) Offer the policyholder the opportunity to designate an individual who can be contacted in the event the policy is about to lapse. If the policyholder declines to designate someone, the carrier shall obtain a signed statement that the policyholder has been offered this opportunity and declined. The policyholder has the right to periodically update his or her authorized designee.

(b) Provide a ninety-day reinstatement period for policyholders who have allowed their policies to lapse due to nonpayment of premium, who have a cognitive impairment, and who have regularly paid the required premiums. The reinstated policy shall provide the same benefits, terms, and premiums as the lapsed policy.

**10-19-108. Requirements for preexisting conditions.** (1) A long-term care insurance policy or certificate, other than a policy or certificate thereunder, issued to a group as defined in section 10-19-103 (4) (a), shall not use a definition of "preexisting condition" that is more restrictive than the following: "Preexisting condition" means a condition for which medical advice or treatment was recommended by or received from a provider of health care services within six months preceding the effective date of coverage of an insured person.

(2) A long-term care insurance policy or certificate, other than a policy or certificate thereunder issued to a group as defined in section 10-19-103 (4) (a), shall not exclude coverage for a loss or confinement which is the result of a preexisting condition, unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

(3) The commissioner may extend the limitation periods set forth in subsections (1) and (2) of this section to specific age group categories or specific policy forms upon findings that the extension is in the best interest of the public.

(4) The definition of "preexisting condition" in subsection (1) of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant and, on the basis of the answers on the application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether

it is disclosed on the application, need not be covered until the waiting period described in subsection (2) of this section expires. A long-term care insurance policy or certificate shall not exclude or use waivers or riders of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subsection (2) of this section.

**10-19-109. Requirements for prior hospitalization or institutionalization.** (1) A long-term care insurance policy shall not be delivered or issued for delivery in this state if such policy:

(a) Conditions the eligibility for any benefits on a prior hospitalization requirement;

(b) Conditions the eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or

(c) Conditions eligibility for any benefits other than waiver of premium, post-confinement, post-acute care, or recuperative benefits on a prior institutionalization requirement.

(2) (a) A long-term care insurance policy containing any limitations or conditions on eligibility for post-confinement, post-acute care, or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits" such limitations or conditions, including any required number of days of confinement.

(b) Effective July 1, 1991, a long-term care insurance policy containing a benefit advertised, marketed, or offered as a home health care or home care benefit shall not condition receipt of benefits on a prior institutionalization requirement.

(c) A long-term care insurance policy that conditions eligibility for noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

(3) A long-term care insurance policy which provides benefits only following institutionalization shall not condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

**10-19-110. Loss ratio standards.** The commissioner may adopt rules and regulations establishing loss-ratio standards for long-term care insurance policies if a specific reference to long-term care insurance policies is contained in the regulation. Such rules and regulations shall be in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

**10-19-111. Right to return policy - free look.** A long-term care insurance applicant has the right to return the policy or certificate within thirty days after its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in section 10-19-103 (4) (a), the applicant is not satisfied for any reason. A long-term care insurance policy or certificate shall contain a notice, prominently printed on the first page or attached thereto, stating in substance that the applicant has the right to return the policy or certificate within thirty days after its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in

section 10-19-103 (4) (a), the applicant is not satisfied for any reason. This section shall also apply to a denial of application. Any refund shall be made within thirty days after the return or denial.

**10-19-112. Outline of coverage - certificate.** (1) (a) An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means which prominently direct the attention of the recipient to the document and its purpose.

(b) The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of an outline of coverage.

(c) In the case of agent solicitations, an agent shall deliver the outline of coverage prior to the presentation of an application or enrollment form.

(d) In the case of direct response solicitations, the outline of coverage must be presented in conjunction with any application or enrollment form.

(e) In the case of a policy issued to a group defined in section 10-19-103 (4) (a), an outline of coverage shall not be required to be delivered if the information described in subsection (2) of this section is contained in other materials relating to enrollment. Upon request, these other materials shall be made available to the commissioner.

(2) The outline of coverage shall include all of the following:

(a) A description of the principal benefits and coverage provided in the policy;

(b) A statement of the principal exclusions, reductions, and limitations contained in the policy;

(c) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium. Continuation or conversion provisions of group coverage shall be specifically described.

(d) A statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains the governing contractual provisions;

(e) A description of the terms under which the policy or certificate may be returned and premium refunded;

(f) A brief description of the relationship of cost of care and benefits;

(g) A statement that discloses to the policyholder or certificate holder whether the policy is intended to be a federally tax-qualified long-term care insurance contract under 26 U.S.C. sec. 7702B (b) of the federal "Internal Revenue Code of 1986", as amended.

(3) A certificate issued pursuant to a group long-term care insurance policy, which policy is delivered or issued for delivery in this state, shall include:

(a) A description of the principal benefits and coverage provided in the policy;

(b) A statement of the principal exclusions, reductions, and limitations contained in the policy;

(c) A statement that the group master policy determines governing contractual provisions; and

(d) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium. Continuation or conversion provisions of group coverage shall be specifically described.

(4) (Deleted by amendment, L. 2007, p. 200, § 8, effective January 1, 2008.)

(5) Any policy or rider that is advertised, marketed, or offered as long-term care or nursing home insurance shall comply with the provisions of this article.

(6) If an application for a long-term care insurance contract or certificate is approved, the issuer shall deliver the contract or certificate of insurance to the applicant no later than thirty days after the date of approval.

(7) (a) Prior to the sale of an individual life insurance policy that provides long-term care benefits either within the policy or by rider, a policy summary shall be delivered to the

applicant. In the case of direct response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but regardless of request shall make delivery no later than the time of the sale of the policy. In addition to complying with all applicable requirements, the summary shall also include:

(I) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits;

(II) An illustration of the amount of benefits, the length of benefit, and the guaranteed lifetime benefits, if any, for each covered person;

(III) Any exclusions, reductions, or limitations on benefits of long-term care;

(IV) A statement that any long-term care inflation protection option required by section 10-19-113 is not available under the policy.

(b) If applicable to the policy type, the summary shall also include:

(I) A disclosure of the effects of exercising other rights under the policy;

(II) A disclosure of guarantees related to long-term care costs of insurance charges; and

(III) Current and projected maximum lifetime benefits.

(c) The provisions of the policy summary listed in paragraphs (a) and (b) of this subsection (7) may be incorporated into a basic illustration or into the life insurance policy summary.

(8) Whenever a long-term care benefit, funded through a life insurance vehicle by the acceleration of the death benefit, is in benefit payment status, a monthly report shall be provided to the policyholder. The report shall include:

(a) Any long-term care benefits paid out during the month;

(b) An explanation of any changes in the policy, such as death benefits or cash values, due to long-term care benefits being paid out; and

(c) The amount of long-term care benefits existing or remaining.

(9) If a claim under a long-term care insurance contract is denied, the issuer shall, within sixty days of the date of a written request by the policyholder or certificate holder, or a representative thereof:

(a) Provide a written explanation of the reasons for the denial; and

(b) Make available all information directly related to the denial.

**10-19-113. Option for inflation adjustment - renewability.** (1) No insurer may offer a long-term care insurance policy unless the insurer also offers to the policyholder, in addition to any other inflation protection, the option to purchase a policy that provides for benefit levels to increase with benefit maximums or reasonable durations that are meaningful to account for reasonable anticipated increases in the costs of long-term care services covered by the policy. Insurers must offer to each policyholder, at the time of purchase, the option to purchase a policy with an inflation protection feature no less favorable than one of the following:

(a) The inflation protection feature increases benefit levels annually in a manner so that the increases are compounded annually at a rate not less than five percent;

(b) The inflation protection feature guarantees the insured individual the right to periodically increase benefit levels without providing evidence of insurability or health status so long as the option for the previous period has not been declined. The amount of the additional benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least five percent for the period beginning with the purchase of the existing benefit and extending until the year in which the offer is made; or

(c) The inflation protection feature covers a specified percentage of actual or reasonable charges and does not include a maximum specified indemnity amount or limit.

(2) If the policy is issued to a group, the required offer in subsection (1) of this section shall be made to the group policyholder; except that, if the policy is issued to a group

defined in section 10-19-103 (4) (d) other than a continuing care retirement community, the offer shall be made to each proposed certificate holder.

(3) The offer in subsection (1) of this section shall not be required of life insurance policies or riders containing accelerated long-term care benefits.

(4) (a) An insurer shall include the following information in or with the outline of coverage:

(I) A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with the benefit levels of a comparable policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a twenty-year period.

(II) Any expected premium increase or additional premium to pay for automatic or optional benefit increases.

(b) An insurer may use a reasonable hypothetical or graphic demonstration for the purposes of the disclosure required by this subsection (4).

(5) Inflation protection benefit increases under a policy that contains these benefits shall continue without regard to an insured's age, claim status or claim history, or the time the person has been insured under the policy.

(6) An offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium that the insurer expects to remain constant. The offer shall disclose, in a conspicuous manner, that the premium may change in the future unless the premium is guaranteed to remain constant.

(7) (a) Inflation protection as provided in subsection (1) of this section shall be included in a long-term care insurance policy unless an insurer obtains a rejection of inflation protection signed by the policyholder as required in this subsection (7). The rejection may be either in the application or on a separate form.

(b) The rejection shall be considered a part of the application and shall state:

**I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I have reviewed plans \_\_\_\_\_, and I reject inflation protection.**

**10-19-113.3. Incontestability period.** (1) With respect to a policy or certificate that has been in force for less than six months, an insurer may rescind a long-term care insurance policy or certificate or deny a long-term care insurance claim under such a policy upon a showing of misrepresentation that is material to the acceptance for coverage.

(2) With respect to a policy or certificate that has been in force for at least six months but less than two years, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance for coverage and pertains to the condition for which benefits are sought. A policy or certificate that has been in force for two years shall not be contested solely on the grounds of misrepresentation. Such a policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

(3) No long-term care insurance policy or certificate may be field issued based on medical or health status. For purposes of this subsection (3), "field issued" means a policy or certificate is issued by a producer or third-party administrator pursuant to the underwriting authority granted to the producer or third-party administrator by a carrier and using the insurer's underwriting guidelines.

(4) If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payment may not be recovered by the insurer in the event that the policy or certificate is rescinded.

(5) In the event of the death of the insured, this section shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In that

situation, the remaining death benefits under the policies shall be governed by sections 10-7-102 and 10-7-202. In all other situations, this section shall apply to life insurance policies that accelerate benefits for long-term care.

**10-19-113.4. Nonforfeiture benefits - rules.** (1) Except as provided in subsection (2) of this section, a long-term care insurance policy may not be delivered or issued for delivery in this state unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate including a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. If the policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that shall be available for a specified period.

(2) When a group long-term care insurance policy is issued, the offer required in subsection (1) of this section shall be made to the group policyholder; except that, if the policy is issued as group long-term care insurance as defined in section 10-19-103 (4) (d), other than to a continuing care retirement community or other similar entity, the offer shall be made to each proposed certificate holder.

(3) The commissioner shall promulgate rules specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse as described in subsection (1) of this section.

**10-19-113.6. Producer training requirements.** (1) (a) An individual may not sell, solicit, or negotiate long-term care insurance unless the individual is licensed as an insurance producer for accident and health or sickness or life insurance and has completed a one-time training course on or before January 1, 2009, and ongoing training every twenty-four months thereafter. The training shall meet the requirements set forth in subsection (2) of this section.

(b) The training requirements of subsection (2) of this section may be approved as continuing education courses under section 10-2-301.

(2) (a) The one-time training required by this section shall be no less than sixteen hours, eight hours of which shall consist of long-term care, generally, and eight hours of which shall be specific to long-term care partnerships in a classroom setting. The ongoing training required by this section shall be no less than five hours in a classroom setting.

(b) The training required under paragraph (a) of this subsection (2) shall consist of topics related to long-term care insurance, long-term care services and, if applicable, qualified state long-term care insurance partnership programs, including, but not limited to:

(I) State and federal regulations and requirements and the relationship between qualified state long-term care insurance partnership programs and other public and private coverage of long-term care services, including medicaid;

(II) Available long-term care services and providers;

(III) Changes or improvements in long-term care services or providers;

(IV) Alternatives to the purchase of private long-term care insurance;

(V) The effect of inflation on benefits and the importance of inflation protection; and  
(VI) Consumer suitability standards and guidelines.

(c) The training required by this section shall not include training that is insurer- or company product-specific or that includes any sales or marketing information, materials, or training other than those required by state or federal law.

(3) (a) Each insurer subject to this article shall obtain verification that a producer receives training required by paragraph (a) of subsection (1) of this section before the producer is permitted to sell, solicit, or negotiate the insurer's long-term care insurance products. The insurer shall maintain records in accordance with all applicable record retention requirements and shall make the verification available to the commissioner upon request.

(b) Each insurer subject to this article shall maintain records with respect to the training of its producers concerning the distribution of its partnership policies that will allow the division of insurance to provide assurance to the state medicaid agency that producers have received the training contained in subparagraph (I) of paragraph (b) of subsection (2) of this section, as required by paragraph (a) of subsection (1) of this section, and that producers have demonstrated an understanding of the partnership policies and their relationship to public and private coverage of long-term care, including medicaid, in this state. These records shall be maintained in accordance with all applicable record retention requirements and shall be made available to the commissioner upon request.

(4) The satisfaction of these training requirements in any state shall be deemed to satisfy the training requirements in this state.

**10-20-101. Short title.** This article shall be known and may be cited as the "Life and Health Insurance Protection Association Act".

**Source: L. 91:** Entire article added, p. 1256, § 1, effective July 1.

**10-20-102. Legislative declaration.** (1) The general assembly finds and declares that the purpose of this article is to protect, subject to certain limitations, the persons specified in section 10-20-104 (1) against failure by member insurers in the performance of their contractual obligations under life and health insurance policies and annuity contracts specified in section 10-20-104 (2), because of the insolvency of the member insurer that issued the policies or contracts.

(2) To provide the protection specified in subsection (1) of this section, an association of insurers shall be created and shall exist to pay benefits and to continue coverages as limited pursuant to this article. Members of the association are subject to assessment to provide funds to carry out the purpose of this article.

**Source: L. 91:** Entire article added, p. 1256, § 1, effective July 1.

**10-20-103. Definitions.** As used in this article, unless the context otherwise requires:

- (1) "Account" means any of the three accounts created pursuant to section 10-20-106.
- (2) "Association" means the life and health insurance protection association as established by this article.
- (3) "Board" means the board of the association.
- (4) "Commissioner" means the commissioner of insurance.
- (5) "Contractual obligation" means any obligation under a policy, contract, or certificate under a group policy or contract, or portion thereof, for which coverage is provided pursuant to section 10-20-104.
- (6) "Covered policy" means any policy or contract within the scope of this article.
- (7) "Insolvent insurer" means a member insurer which after July 1, 1991, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(8) "Member insurer" means any insurer licensed or who holds a certificate of authority in this state to write any kind of insurance for which coverage is provided pursuant to section 10-20-104 and includes any insurer whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn; but "member insurer" does not include:

- (a) A nonprofit hospital or medical service organization;
- (b) A health maintenance organization;
- (c) A fraternal benefit society;
- (d) A mandatory state pooling plan;
- (e) CoverColorado;
- (f) A stipulated premium insurance company;
- (g) A local mutual burial association;
- (h) A mutual assessment company or any entity that operates on an assessment basis;
- (i) An interinsurance exchange;
- (i.5) A health care coverage cooperative; and
- (j) Any entity similar to those specified in this subsection (8).

(9) "Moody's average" means Moody's corporate bond yield average monthly average corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(10) "NAIC" means the national association of insurance commissioners.

(10.5) "Owner" of a policy or contract for insurance, or "policy owner", or "contract owner", means the person who is identified as the legal owner under the terms of the policy or contract for insurance or who is otherwise vested with legal title to the policy or contract for insurance through a valid assignment completed in accordance with the terms of the policy or contract for insurance and properly recorded as the owner on the books of the insurer. The terms "owner", "contract owner", and "policy owner" do not include persons with a beneficial interest in a policy or contract.

(11) "Person" means any individual, corporation, partnership, association, or voluntary organization.

(12) "Premiums" means amounts received on covered policies or contracts less returned premiums, returned considerations, and returned deposits, and less dividends and experience credits thereon. "Premiums" does not include any amounts received for any policies or contracts or for the portions of any policies or contracts for which coverage is not provided under section 10-20-104 (2); except that assessable premiums shall not be reduced on account of section 10-20-104 (2) (b) (III) relating to interest limitations and section 10-20-104 (3) (b) relating to limitations with respect to any one life.

(13) "Resident" means any person to whom a contractual obligation is owed and who resides in this state on the date of entry of a court order that determines a member insurer to be an insolvent insurer. A person may be a resident of only one state, which in the case of a person other than a natural person shall be its principal place of business. Citizens of the United States who are residents of a foreign country, United States possession, United States territory, or United States protectorate, which country, possession, territory, or protectorate does not have an association similar to the association created by this article, shall be deemed residents of the state of domicile of the insurer that issued the policies or contracts.

(13.5) "Structured settlement annuity" means an annuity purchased in order to fund periodic payments for a plaintiff or other claimant in payment for or with respect to personal injury suffered by the plaintiff or other claimant.

(14) "Supplemental contract" means any agreement entered into for the distribution of policy or contract proceeds.

(15) "Unallocated annuity contract" means an annuity contract or group annuity certificate that is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under the contract or certificate.

**10-20-104. Coverage and limitations - coordination of benefits.** (1) This article shall provide coverage for the policies and contracts specified in subsection (2) of this section and to persons:

(a) Who are owners of or certificate holders under such policies or contracts, other than structured settlement annuities, and who:

(I) Are residents; or

(II) Are not residents, but only under all of the following conditions:

(A) The insurer which issued such policies or contracts is domiciled in this state;

(B) Such insurer never held a license or certificate of authority in the states in which such persons reside;

(C) Such states have associations similar to the association created by this article; and

(D) Such persons are not eligible for any amount of coverage by such associations;

(b) Regardless of where they reside, except for nonresident certificate holders under group policies or contracts, who are the beneficiaries, assignees, or payees of the persons covered under paragraph (a) of this subsection (1).

(1.3) Subsection (1) of this section shall not apply to structured settlement annuities. Except as otherwise provided in subsections (1.5) and (1.7) of this section, this article shall provide coverage to a person who is a payee under a structured settlement annuity or to a beneficiary of a deceased payee if the payee:

(a) Is a resident, regardless of where the contract owner resides; or

(b) Is not a resident, but only under both of the following conditions:

(I) Either:

(A) The contract owner of the structured settlement annuity is a resident; or

(B) The contract owner of the structured settlement annuity is not a resident, but the insurer that issued the structured settlement annuity is domiciled in this state and the state in which the contract owner resides has an association similar to the association created by this article; and

(II) Neither the payee, the beneficiary, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides.

(1.5) This article shall not provide coverage to a person who is a payee or beneficiary of a contract owner who is a resident of this state if the payee or beneficiary is afforded any coverage by the association of another state.

(1.7) This article is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this article is provided coverage under the laws of any other state, the person shall not be provided coverage under this article. In determining the application of the provisions of this subsection (1.7) in situations where a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, this article shall be construed in conjunction with other state laws to result in coverage by only one association.

(2) (a) This article shall provide coverage to the persons specified in subsection (1) of this section for direct, nongroup life, health, annuity, and supplemental policies or contracts and for certificates under direct group life, health, annuity, and supplemental policies and contracts issued by member insurers pursuant to articles 7 and 8 and parts 1 and 2 of article 16 of this title, except as limited by this article.

(b) This article shall not provide coverage for:

(I) Any portion of a policy or contract not guaranteed by the member insurer, or under which the risk is borne by the policy or contract holder;

(II) Any policy or contract of reinsurance, unless assumption certificates have been issued;

(III) Any portion of a policy or contract to the extent that the rate of interest on which it is based, or the interest rate, crediting rate, or other factor employed in calculating returns or changes in value which may include, without limitation, an index or other external reference stated in the policy or contract:

(A) When averaged over the period of four years prior to the date that the member insurer becomes an insolvent insurer under this article, exceeds a rate of interest determined by subtracting two percentage points from Moody's average, averaged for that same

four-year period, or for such lesser period if the policy or contract was issued less than four years before the member insurer becomes an insolvent insurer under this article; and

(B) On and after the date that the member insurer becomes an insolvent insurer under this article, exceeds the rate of interest determined by subtracting three percentage points from Moody's average as most recently available;

(IV) Any plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees or members, to the extent that such plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or similar entity under:

(A) A multiple employer welfare arrangement, as defined in section 514 of the federal "Employee Retirement Income Security Act of 1974", as amended;

(B) A minimum premium group insurance plan;

(C) A stop-loss group insurance plan; or

(D) An administrative services only contract;

(V) Any portion of a policy or contract to the extent that it provides dividends or experience rating credits or provides that any fees or allowances be paid to any person, including the policy or contract holder, in connection with the service to or administration of such policy or contract;

(VI) Any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue such policy or contract in this state;

(VII) Any unallocated annuity contract;

(VIII) Any annuity contract or group annuity certificate which is used by a nonprofit insurance company exclusively for the benefit of nonprofit educational institutions and their employees for the purpose of providing retirement benefits;

(IX) Any policy, contract, certificate, or subscriber agreement issued by a prepaid dental care plan as defined in parts 1 and 5 of article 16 of this title;

(X) Sickness and accident insurance as defined in section 10-16-102 (30) when written by a property and casualty insurer as part of an automobile insurance contract;

(XI) Any unallocated annuity contract issued to an employee benefit plan protected under the federal pension benefit guaranty corporation;

(XII) Any insurer which was insolvent or unable to fulfill its contractual obligations as of July 1, 1991; except that an annuity contract issued or assumed by such an insurer shall be covered under this article if such insurer was ordered into liquidation between July 1, 1991, and August 31, 1991;

(XIII) Any policy or contract covering persons who are not citizens of the United States;

(XIV) Any portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract but such changes have not been credited to the policy or contract, or to the extent the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an insolvent insurer under to this article. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this section, the interest or change in value determined by using the procedures defined in the policy or contract shall be credited as if the contractual date of crediting interest or changing values was the date of insolvency, and such interest or changes shall not be subject to forfeiture.

(XV) Any kind of insurance or annuity, the benefits of which are exclusively payable or determined by a separate account required by the terms of such insurance policy to be maintained by the insurer or by a separate entity.

(3) The benefits for which the association may become liable shall not exceed the lesser of:

(a) The contractual obligations for which the insurer is liable or would have been liable if it were not an insolvent insurer; or

(b) (I) With respect to any one life, regardless of the number of policies or contracts with that insurer:

(A) Three hundred thousand dollars in net life insurance death benefits, and no more than one hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance;

(B) For health insurance benefits: One hundred thousand dollars for coverages not defined as disability, basic hospital, medical and surgical, or major medical insurance, including any net cash surrender and net cash withdrawal values; three hundred thousand dollars for disability insurance; or five hundred thousand dollars for basic hospital, medical and surgical, or major medical insurance;

(C) Two hundred fifty thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values;

(D) With respect to each payee of a structured settlement annuity, two hundred fifty thousand dollars in present value annuity benefits, in the aggregate, including net cash surrender and net cash withdrawal values; or

(E) Three hundred thousand dollars for long-term care benefits.

(II) The association shall not be liable to expend more than three hundred thousand dollars, in the aggregate, with respect to any one life under sub-subparagraphs (A) to (E) of subparagraph (I) of this paragraph (b); except that, with respect to benefits for basic hospital, medical and surgical, and major medical insurance under sub-subparagraph (B) of subparagraph (I) of this paragraph (b), the aggregate liability of the association shall not exceed five hundred thousand dollars with respect to any one individual.

(4) The liability of the association is strictly limited by the express terms of such covered policies and contracts and by the provisions of this article and is not affected by the contents of any brochures, illustrations, advertisements, or oral statements by agents, brokers, or others, used or made in connection with the sale of such covered policies and contracts. The association is not liable for any extracontractual, exemplary, or punitive damages, attorney fees, or interest other than as provided for by the terms of such covered policies or contracts.

**Source:** **L. 91:** Entire article added, p. 1261, § 1, effective July 1.

**10-20-106. Creation of the association.** (1) There is hereby created a private non-profit legal entity to be known as the life and health insurance protection association. All member insurers shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions pursuant to the plan of operation specified in section 10-20-110 and shall exercise its powers through the board of directors provided in section 10-20-107. For purposes of administration and assessment, the association shall maintain three accounts:

- (a) The life insurance account;
- (b) The health insurance account; and
- (c) The annuity account.

(2) The association is under the supervision of the commissioner and is subject to the applicable provisions of the insurance laws of this state. Meetings or records of the association may be opened to the public consistent with the provisions of the insurance laws of Colorado.

**Source:** **L. 91:** Entire article added, p. 1261, § 1, effective July 1.

**10-20-107. Board of directors.** (1) The board of directors of the association shall consist of not less than five nor more than nine member insurers serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to the approval of the commissioner. To select the first board and initially organize the association, the commissioner shall give notice to all member insurers of the time and place of the organizational meeting. At the organizational meeting each member insurer shall be entitled to one vote in person or by proxy. If the board is not selected within sixty days after notice of the organizational meeting, the commissioner may appoint the initial members.

(2) In approving selections or in appointing members to the board, the commissioner shall consider, among other things, whether all member insurers are fairly represented.

(3) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board, but members of the board shall not otherwise be compensated by the association for their services.

**Source: L. 91:** Entire article added, p. 1262, § 1, effective July 1.

**10-20-108. Powers and duties of the association.** (1) In addition to any other powers and duties provided for in this article, the association has the following powers and duties:

(a) If a domestic insurer is an insolvent insurer, the association shall, subject to the limitations of this article and subject to the approval of the commissioner:

(I) Guarantee, assume, or reinsure or cause to be guaranteed, assumed, or reinsured the covered policies of the insolvent insurer;

(II) Assure payment of the contractual obligations of the insolvent insurer; and

(III) Provide such moneys, pledges, notes, guarantees, or other means as are reasonably necessary to discharge such duties; or

(b) With respect to only life and health insurance policies, provide benefits and coverages in accordance with subsection (3) of this section.

(2) (a) If a foreign or alien insurer is an insolvent insurer, the association shall, subject to the approval of the commissioner:

(I) Guarantee, assume, or reinsure or cause to be guaranteed, assumed, or reinsured the covered policies of residents;

(II) Assure payment of the contractual obligations of the insolvent insurer to the residents; and

(III) Provide such moneys, pledges, notes, guarantees, or other means as are reasonably necessary to discharge those duties; or

(IV) With respect to only life and health insurance policies, provide benefits and coverages in accordance with subsection (3) of this section.

(b) This subsection (2) shall not apply if the commissioner has determined that the foreign or alien insurer's domiciliary jurisdiction or state of entry provides, by statute, protection substantially similar to that provided by this article for residents of the state.

(3) (a) When proceeding under paragraph (b) of subsection (1) or subparagraph (IV) of paragraph (a) of subsection (2) of this section, the association shall, with respect to only life and health insurance policies:

(I) Assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer for claims incurred;

(A) With respect to group policies, not later than the earlier of the next renewal date under such policies or contracts or forty-five days, but in no event less than thirty days, after the date on which the association becomes obligated with respect to such policies;

(B) With respect to individual policies, not later than the earlier of the next renewal date, if any, under such policies or one year, but in no event less than thirty days, after the date on which the association becomes obligated with respect to such policies;

(II) Make diligent efforts to provide all known insureds, or group policyholders with respect to group policies, thirty days notice of the termination of the benefits provided;

(III) With respect to individual policies, make available to each known insured or owner if other than the insured, and with respect to group policies, make available to each individual formerly insured who is not eligible for replacement group coverage, substitute coverage on an individual basis in accordance with the provisions of paragraph (b) of this subsection (3), if the insureds had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provisions of the policy or had a right only to make changes in premium by class.

(b) (I) In providing the substitute coverage required under subparagraph (III) of paragraph (a) of this subsection (3), the association may offer either to reissue the terminated coverage or to issue an alternative policy.

(II) Alternative or reissued policies shall be offered without requiring evidence of insurability and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.

(III) The association may reinsure any alternative or reissued policy.

(c) (I) Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular insolvency.

(II) Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that shall be reasonably related to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt as approved by the commissioner. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

(III) Any alternative policy issued by the association shall provide coverage of a type similar to that of the policy issued by the insolvent insurer, as determined by the association.

(d) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner or by a court of competent jurisdiction.

(e) The obligations of the association, with respect to coverage under any policy of the insolvent insurer or under any reissued or alternative policy, shall cease on the date such coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(4) When proceeding pursuant to subsection (2) (a) (II) or (2) (b) of this section, with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with section 10-20-104 (2) (b) (III) (A) and (2) (b) (III) (B).

(5) Nonpayment of premiums within thirty-one days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the obligations of the association under such policy or coverage under this article with respect to such policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this article.

(6) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy contract owners arising after the entry of such order.

(7) In carrying out its duties under subsections (1) and (2) of this section, the association may, subject to approval by the court:

(a) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this article are less than the amounts needed to assure full and prompt performance of the duties of the association under this article, or that the economic or

financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens to be in the public interest;

(b) Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

(8) If the association fails to act within a reasonable period of time as provided in subsections (1), (2), and (3) of this section, the commissioner shall have the powers and duties of the association under this article with respect to insolvent insurers.

(9) There shall be no liability on the part of and no cause of action shall arise against the association or against any transferee from the association in connection with the transfer by reinsurance or otherwise of all or any part of an insolvent insurer's business by reason of any action taken or any failure to take any action by the insolvent insurer at any time.

(10) The association may render assistance and advice to the commissioner, upon the commissioner's request, concerning payment of claims, continuance of coverage, the performance of other contractual obligations of any insolvent insurer, or any member insurer's performance of its contractual obligations.

(11) The association shall have standing to appear or intervene before any court or agency in this state which has jurisdiction over a member insurer for which the association is or may become obligated under this article, or with jurisdiction over any person or property against which the association may have rights through subrogation or otherwise. Such standing shall extend to all matters germane to the powers and duties of the association, including but not limited to proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the member insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court or agency in another state with jurisdiction over a member insurer for which the association is or may become obligated or with jurisdiction over any person or property against whom the association may have rights through subrogation or otherwise.

(12) (a) Any person receiving benefits under this article shall be deemed to have assigned the rights under, and any causes of action against any person for losses arising under, resulting from, or otherwise relating to, the covered policy or contract to the association to the extent of the benefits received because of this article, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or the provision of substitute or alternative coverage. The association may require an assignment to it of such rights and causes of action by any payee, policy, or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this article upon such person.

(b) The subrogation rights of the association under this subsection (12) shall have the same priority against the assets of the insolvent insurer as that possessed by the person entitled to receive benefits under this article.

(c) In addition to paragraphs (a) and (b) of this subsection (12), the association shall have all common-law rights of subrogation and any other equitable or legal remedy which would have been available to the insolvent insurer, owner, beneficiary, or payee of a policy or contract with respect to such policy or contract, including without limitation, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent the benefits received pursuant to this article against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity or payment therefor, excepting any such person responsible solely by reason of serving as an assignee in respect of a qualified assignment under section 130 of the federal "Internal Revenue Code of 1986", as amended.

(13) The association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this article;

(b) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments pursuant to section 10-20-109 and to settle claims or potential claims against it;

(c) Borrow money to effect the purposes of this article, and any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets;

(d) Employ or retain such persons as are necessary to handle the financial transactions of the association and to perform such other functions as become necessary or proper under this article;

(e) Take such legal action as may be necessary to avoid payment of improper claims;

(f) Exercise, for the purposes of this article and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but the association shall not issue insurance policies or annuity contracts other than those issued to perform its obligations under this article;

(g) Negotiate and contract with any liquidator or ancillary receiver to carry out the powers and duties of the association;

(g.5) Request information from persons seeking coverage from the association in order to aid the association in determining its obligations under this article with respect to the person; and a person receiving such request shall promptly comply;

(g.7) Take other necessary or appropriate action to exercise its powers and discharge its duties and obligations under this article;

(h) With respect to covered policies for which the association becomes obligated after an entry of an order of liquidation, elect to succeed to the rights of an insolvent insurer arising after the date of the order of liquidation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that such contract provides coverage for losses occurring after the date of the order of liquidation. As a condition to making this election, the association shall pay unpaid premiums due with respect to policies covered by the association for coverage relating to periods both before and after the date of the order of liquidation.

(14) The association may join an organization of one or more other state associations of similar purposes to further the purposes and to administer the powers and duties of the association.

(i5) Every insured or claimant seeking the protection of this article shall cooperate with the association to the same extent the person or entity would have been required to cooperate with the insolvent insurer. The association has no cause of action against the insured of the insolvent insurer for any sums the association has paid out except those causes of action the insolvent insurer would have had if the sums had been paid by the insolvent insurer. If an insolvent insurer operates on a plan with assessment liability, payments of claims by the association do not reduce the liability of the insured to the receiver, liquidator, or statutory successor for unpaid assessments.

(16) The receiver, liquidator, or statutory successor of an insolvent insurer is bound by settlements of covered claims by the association or a similar organization in another state. The association has a claim against the estate of the insolvent insurer to the extent of claims and expenses paid by the association in connection with the duties of the association as to the insolvent insurer. The court having jurisdiction shall grant these settled claims in the priority to which the claimant would have been entitled in the absence of this article against the assets of the insolvent insurer. The expenses, including legal fees of the association or similar organization in handling claims, shall be given the same priority as the expenses of the liquidator.

(17) The association shall periodically file with the liquidator of the insolvent insurer statements of the covered claims and associated expenses paid by the association and estimates of anticipated claims against the association. This periodic filing preserves the rights of the association for claims against the assets of the insolvent insurer.

(18) The association shall investigate claims brought against it and adjust, compromise, settle, and pay covered claims to the extent of the obligation of the association and deny all other claims.

(19) A person who has a claim against an insurer pursuant to a provision of an insurance policy, other than a policy of an insolvent insurer, that also is a contractual obligation under this article, must first exhaust his right under that policy. The amount of an approved claim under this article shall be reduced by the policy limits of, or amount paid under, that insurance policy, whichever amount is greater. If a claimant exhausts all rights under a policy other than a policy of an insolvent insurer, the insurer issuing that policy is not entitled to sue or continue a suit against the insured of the insolvent insurer to recover

an amount paid to the claimant under the policy; except that a person having a contractual obligation, as defined by this article, under a life insurance policy or an annuity contract issued by an insolvent insurer is not required to exhaust other coverage for that claim, and the amount of an approved claim under a life insurance policy or annuity contract issued by an insolvent insurer may not be reduced because of that duplicate coverage.

(20) Where the association has arranged or offered to provide the benefits of this article to a covered person under a plan or arrangement that fulfills the association's obligations under this article, the person shall not be entitled to benefits from the association in addition to or other than those provided under the plan or arrangement.

(21) Venue in a suit against the association arising under this article shall be in the city and county of Denver. The association shall not be required to give an appeal bond in an appeal that relates to a cause of action arising under this article.

(22) In carrying out its duties in connection with guaranteeing, assuming, or reinsuring policies or contracts under this section, the association may issue substitute coverage for a policy or contract that provides for the calculation of returns or changes in value by the use of an interest rate, crediting rate, or similar factor determined by use of an index or other external reference, by issuing an alternative policy or contract in accordance with the following provisions:

(a) In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for a fixed interest rate, payment of dividends with minimum guarantees, or a different method for calculating interest or changes in value;

(b) There is no requirement for the evidence of insurability, a waiting period, or any other exclusion that would not have applied under the replaced policy or contract;

(c) The alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

**10-20-109. Assessments.** (1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board shall assess each member insurer separately for each account at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty days after prior written notice to the member insurers and shall accrue interest at the rate set forth in 28 U.S.C. sec. 1961 on and after the due date.

(2) There shall be two assessments, as follows:

(a) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of section 10-20-112 (5). Class A assessments may be made whether or not related to a particular insolvent insurer.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under section 10-20-108 with regard to an insolvent insurer.

(3) (a) The amount of any class A assessment shall be determined by the board and may be made on a non-pro rata basis. A non-pro rata assessment shall not exceed one hundred fifty dollars per member insurer in any one calendar year. The amount of any class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the insolvent insurer or any other standard deemed by the board in its sole discretion to be fair and reasonable under the circumstances.

(b) Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became

insolvent, bear to such premiums received on business in this state for such calendar years by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to an insolvent insurer shall not be made until necessary to implement the purposes of this article. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection (3) shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(5) The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed one percent of the average premiums received by such insurer in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became insolvent. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any of the accounts an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this article. The board shall provide in the plan of operation a method of allocating funds among claims, whether relating to one or more insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(6) The board shall, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out, during the coming year, the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount shall be retained in each account to provide funds for the continuing expenses of the association and for future losses.

(7) It shall be proper for any member insurer, in determining its premium rates and policyholder dividends as to any kind of insurance within the scope of this article, to consider the amount reasonably necessary to meet its assessment obligations under this article.

(8) The association shall issue to each insurer paying an assessment for the life and annuity accounts under this article, other than a class A assessment, a certificate of contribution from the association, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. Such certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve; but the insurer shall, at its option, have the right in any event to show such certificate of contribution as an admitted asset at percentages of the original face amount of the assessment for calendar years as follows:

(a) One hundred percent for the first year after issuance; and

(b) One hundred percent less any amount already taken as an offset against premium tax liability pursuant to section 10-20-113 for the second and subsequent years after issuance.

(9) Any member insurer whose certificate of authority has been terminated for any reason whatsoever shall be liable for any assessment based on insolvencies arising prior to such termination.

(10) An assessment is deemed to occur on the date upon which the board votes such assessment. The board may defer calling the payment of the assessment or may call for payment in one or more installments.

**10-20-110. Plan of operation.** (1) (a) The association shall maintain a plan of operation to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall be submitted to the commissioner and be effective upon the commissioner's written approval or after thirty days if said commissioner has not disapproved.

(b) If the association fails to submit a suitable plan of operation or suitable amendments to the plan by January 1, 1992, the commissioner shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this article. Such rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation shall, in addition to any other provisions specified in this article:

(a) Establish procedures for handling the assets of the association;

(b) Establish the amount and method of reimbursing members of the board pursuant to section 10-20-107;

(c) Establish regular places and times for meetings including telephone conference calls of the board;

(d) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board;

(e) Establish the procedures whereby selections for the board will be made and submitted to the commissioner;

(f) Establish any additional procedures for assessments under section 10-20-109;

(g) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(4) The plan of operation may provide that any or all powers and duties of the association, except those established pursuant to sections 10-20-108 (12) (c) and 10-20-109, are delegated to a corporation, association, or other organization which performs, or will perform, functions similar to those of the association established pursuant to this article, or its equivalent in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation pursuant to this subsection (4) shall take effect only with the approval of both the board and the commissioner and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this article.

(5) The plan of operation shall establish a procedure for protest by a member insurer of assessments made by the association pursuant to section 10-20-109. Such procedure shall require that:

(a) Any member insurer that wishes to protest all or any part of an assessment for any year shall first pay the full amount of the assessment as set forth in the notice provided by the association. Such payments shall be accompanied by a statement in writing that the payment is made under protest, setting forth a brief statement of the ground for the protest. The association shall hold such payments in a separate interest-bearing account.

(b) Within thirty days following the payment of an assessment under protest by any protesting member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member that additional time is required to resolve the issues raised by the protest.

(c) In the event the association determines that the protesting member insurer is entitled to a refund, such refund shall be made within thirty days following the date upon which the association makes its determination.

(d) In the alternative to rendering a decision with respect to any protest based on a question regarding the assessment base, the association may refer such protests to the commissioner for final decision, with or without a recommendation from the association.

(e) Interest on any refund due a protesting member insurer shall be paid at the rate actually earned by the association.

**10-20-111. Powers and duties of the commissioner.** (1) In addition to any other powers and duties specified in this article, the commissioner shall:

(a) Upon request of the board, provide the association with a statement of the premiums in this and any other appropriate states for each member insurer;

(b) Notify the board of the existence of an insolvent insurer not later than three days after a determination of insolvency is made by the commissioner, irrespective of limitations imposed upon the commissioner in section 10-3-401;

(c) In any liquidation proceeding involving a domestic insurer, be appointed as the liquidator.

(2) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars per month.

(3) The liquidator of any insolvent insurer shall notify all interested persons of the effect of this article.

**Source: L. 91:** Entire article added, p. 1274, § 1, effective July 1.

**10-20-112. Prevention of insolvencies.** (1) To aid in the detection and prevention of insurer insolvencies, it shall be the duty of the commissioner:

(a) To notify the commissioners of all the other states, territories of the United States, and the District of Columbia when action is taken in any of the following matters against a member insurer:

(I) Revocation of license;

(II) Suspension of license; or

(III) Issuance of a formal order that such member insurer restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policyholders or creditors. Such notice shall be mailed to all commissioners within thirty days following the action taken or the date on which such action occurs.

(b) To report to the board when the commissioner has taken any of the actions set forth in paragraph (a) of this subsection (1) or has received a report from any other commissioner indicating that such action has been taken in another state. Such report to the board shall contain all significant details of the action taken or the report received from another commissioner.

(c) To report to the board when the commissioner has reasonable cause to believe from an examination, whether completed or in process, of a member company that such member company may be an insolvent insurer;

(d) To furnish to the board the NAIC insurance regulatory information system ratios and listings of companies not included in the ratios developed by the NAIC, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. Such report and the information contained therein shall be kept confidential by the board until such time as made public by the commissioner or other lawful authority.

(2) The commissioner may seek the advice and recommendations of the board concerning any matter affecting said commissioner's duties and responsibilities regarding the financial condition of member insurers and companies seeking admission to transact insurance business in this state.

(3) The board shall, upon request of the commissioner, report and make recommendations to the commissioner upon any matter germane to the solvency or liquidation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this state. Such reports and recommendations shall not be considered public documents.

(4) The board shall notify the commissioner when the board has actual knowledge that an insurer may be insolvent.

(5) The board shall request that the commissioner order an examination of any member insurer which the board in good faith believes may be insolvent. Within thirty days after the receipt of such request, the commissioner shall begin such examination. The examination may be conducted as an NAIC examination or may be conducted by such persons as the commissioner designates. The cost of such examination shall be paid by the association, and the examination report shall be treated confidentially. In no event shall such examination report be released to the board prior to its release to the public, but this shall not preclude the commissioner from complying with subsection (1) of this section. The commissioner shall notify the board when the examination is completed. The request for an examination shall be kept on file by the commissioner, but it shall not be open to public inspection prior to the release of the examination report to the public. For purposes of this subsection (5), a "request" is not a report or recommendation.

(6) The board may make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

(7) The board may, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the commissioner containing such information as it may have in its possession bearing on the history and causes of such insolvency. The board may cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer and may adopt by reference any report prepared by such other associations.

**10-20-113. Credits for assessments paid - tax offsets.** (1) (a) A member insurer may offset against its premium tax liability to this state that amount of its class B assessment described in section 10-20-109 that was assessed for the association's life and annuity accounts pursuant to section 10-20-106 to the extent of twenty percent of the amount of such assessment for each of the first, second, third, fourth, and fifth calendar years following the year in which such assessment was paid.

(b) To the extent the offsets specified in paragraph (a) of this subsection (1) exceed the member insurer's premium tax liability, they may be carried forward to offset premium tax liabilities in future years. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business.

(c) In no event shall the total amount of all such offsets for all member insurers exceed four million dollars in any year. The association shall prorate the amount of such offset among all member insurers if the total amount of offset would otherwise exceed four million dollars in any such year and shall notify each insurer of the maximum amount of offset allowable for that year and the amount of the excess offset, if any, that may be carried forward to future years.

(d) (I) Each member insurer writing health insurance is required to recoup over a reasonable length of time a sum reasonably calculated to recoup the assessments paid by the member insurer under this article by way of a surcharge on premiums charged for health insurance policies to which this article applies. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agent's commission.

(II) The amount of the surcharge shall be filed as part of an insurer's rate filing pursuant to section 10-16-107 (1). Such surcharge must be shown in the rate filing as a separate component of the rate and shall include supporting documentation.

(III) Such member insurers who collect surcharges in excess of assessments paid pursuant to this article for an insolvent insurer shall remit the excess to the association as an additional assessment within one hundred twenty days after the end of the collection period as determined by the association. The excess shall be applied to reduce future assessments for that insurer in the appropriate category.

(IV) Any such member insurer may omit the collection of the surcharge in any year from its insureds when the expense of collecting the surcharge in any such year would

exceed the amount of the surcharge. However, nothing in this paragraph (d) shall relieve the member insurer of its ultimate obligation to recoup the amount of the surcharge otherwise collectible from any such previous year.

(2) Any sums which are acquired by refund pursuant to section 10-20-109 (6) from the association by member insurers, and which have theretofore been offset against premium taxes as provided in subsection (1) of this section, shall be paid by such insurers to this state in such manner as the tax authorities may require. The association shall notify the commissioner that such payments have been made.

**10-20-114. Miscellaneous provisions.** (1) Nothing in this article shall be construed to reduce the liability for unpaid assessments of the insureds of an insolvent insurer operating under a plan with assessment liability.

(2) Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties pursuant to section 10-20-108. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation proceeding involving the insolvent insurer, upon the termination of the insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this subsection (2) shall limit the duty of the association to render a report of its activities under section 10-20-115.

(3) For the purpose of carrying out its obligations under this article, the association shall be deemed to be a creditor of the insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as assignee or subrogee pursuant to section 10-20-108 (11). Assets of the insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the insolvent insurer as required by this article. "Assets attributable to covered policies", as used in this subsection (3), are that proportion of the assets which the reserves that should have been established for such policies bear to the reserves that should have been established for all policies of insurance written by the insolvent insurer.

(4) (a) Prior to the termination of any liquidation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, and policyholders of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In such a determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(b) No distribution to stockholders, if any, of an insolvent insurer shall be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties pursuant to section 10-20-108 with respect to such insurer have been fully recovered by the association.

(5) (a) If an order for liquidation of an insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right to recover on behalf of the insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation subject to the limitations of paragraphs (b) to (d) of this subsection (5).

(b) No such distribution shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable and that the insurer did not know, and could not reasonably have known, that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(c) Any person who was an affiliate which controlled the insurer at the time the distributions were paid shall be liable up to the amount of distributions such person received. Any person who was an affiliate which controlled the insurer at the time the distributions were declared shall be liable up to the amount of the distributions such person

would have received if said distributions had been paid immediately. If two or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

(d) The maximum amount recoverable under this subsection (5) shall be the amount needed, in excess of all other available assets of the insolvent insurer, to pay the contractual obligations of the insolvent insurer.

(e) If any person liable pursuant to paragraph (c) of this subsection (5) is insolvent, all of its affiliates which controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

(6) Nothing in this article shall be construed to make the state of Colorado in any way liable for the obligations of the life and health insurance protection association or the unpaid claims of impaired or insolvent life and health insurance companies.

**10-20-117. Immunity.** There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer, its agents, or its employees, the association, its agents, or its employees, members of the board or the commissioner or his representatives for any action or omission by them in the performance of their powers and duties pursuant to this article. Such immunity shall extend to the participation in any organization of one or more other state associations of similar purposes and to any such organization and its agents or employees.

**10-20-118. Stay of proceedings - reopening default judgments.** All proceedings in which the insolvent insurer is a party in any court in this state shall be stayed for sixty days after the date an order of liquidation is final to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment under any decision, order, verdict, or finding based on default, the association may apply to have such judgment set aside by the same court that issued such judgment and shall be permitted to defend against such suit on the merits.

**Source: L. 91:** Entire article added, p. 1280, § 1, effective July 1.

**10-20-119. Prohibited advertisement of association article in insurance sales - notice to policyholders.** (1) No person, including an insurer, agent, or affiliate of an insurer, shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other

way, any advertisement, announcement, or statement, written or oral, which uses the existence of the life and health insurance protection association for the purpose of sales, solicitation, or inducement to purchase any form of insurance covered by the "Life and Health Insurance Protection Association Act". However, this section shall not apply to the association or any other entity which does not sell or solicit insurance.

(2) By December 1, 1991, the association shall prepare a summary document describing the general purposes and current limitations of this article, and such summary document shall be in compliance with subsection (3) of this section. Such summary document shall be submitted to the commissioner for approval. Sixty days after receiving such approval, each member shall, when delivering a policy or contract as described in section 10-20-104 (2) (a) to a policyholder or contract holder, deliver such summary document concurrently or prior to the delivery of such policy or contract, except when subsection (4) of this section applies. The summary document shall also be available upon request by a policyholder. The distribution, delivery, or contents or interpretation of the summary document shall not mean that either the policy or the contract or the holder thereof will be covered in the event of impairment or insolvency of a member insurer. The summary document shall be revised by the association pursuant to amendments to this article or as other circumstances may require. Failure to receive this summary document does not give a policyholder, a contract holder, or an insured any rights other than those stated in this article.

(3) The summary document prepared pursuant to subsection (2) of this section shall contain a clear and conspicuous disclaimer on its face. The commissioner shall establish the form and content of the disclaimer. The disclaimer shall:

(a) State the name and address of the association and the division of insurance;

(b) Prominently warn the policyholder or contract holder that the association may not cover the policy or, if coverage is available, such policy may be subject to substantial limitations and exclusions and shall be conditioned on the continued residence in the state by the policyholder or contract holder;

(c) State that the insurer and its agents are prohibited by law from using the existence of the association for the purpose of sales, solicitation, or inducement to purchase any form of insurance;

(d) Emphasize that the policyholder or contract holder should not rely on coverage by the association when selecting an insurer;

(e) Provide other information as directed by the commissioner.

(4) No insurer or agent may deliver a policy or contract described in section 10-20-104 (2) (a), but excluded under section 10-20-104 (2) (b) (I) from coverage under this article, unless the insurer or agent, prior to or at the time of delivery, gives the policyholder or contract holder a separate written notice which clearly and conspicuously discloses that the policy or contract is not covered by the association. The commissioner shall specify the form and content of the notice.

**10-22-101. Short title.** This article is known and may be cited as the “Colorado Health Benefit Exchange Act”.

**Source: L. 2011:** Entire article added, (SB 11-200), ch. 246, p. 1073, § 1, effective June 1.

**10-22-102. Legislative declaration - intent.** The general assembly determines and declares that with the March 23, 2010, enactment of the federal “Patient Protection and Affordable Care Act”, Pub.L. 111-148, and the March 30, 2010, enactment of the “Health Care and Education Reconciliation Act of 2010”, Pub.L. 111-152, which allow each state to establish a health benefit exchange through state law or opt to participate in a national health benefit exchange operated by the federal department of health and human services, and although there are numerous federal lawsuits challenging the constitutionality of the federal act in multiple federal courts, the best option for the state of Colorado is to establish a health benefit exchange at the state level. The general assembly further finds that the federal act requires each state to establish a health benefit exchange to perform certain duties and to assume certain responsibilities set forth in the federal act or make sufficient progress in the creation of a health benefit exchange by January 1, 2013, or default to a federally run national health benefit exchange. Therefore, the general assembly intends to create a health benefit exchange to fit the unique needs of Colorado, seek Colorado-specific solutions, and explore the maximum number of options available to the state of Colorado. The Colorado health benefit exchange, including an American health benefit exchange, is intended to facilitate the access to and enrollment in health plans in the individual market in this state and include a small business health options program to assist small employers in this state in facilitating the enrollment of their employees in health plans offered in the small employer market. The intent of the Colorado health benefit exchange is to increase access, affordability, and choice for individuals and small employers purchasing health insurance in Colorado.

**10-22-103. Definitions.** As used in this article, unless the context otherwise requires:  
(1) “Board” means the board of directors of the exchange, appointed in accordance with section 10-22-105.

(2) “Committee” means the legislative health benefit exchange implementation review committee created in section 10-22-107.

(3) “Exchange” means the Colorado health benefit exchange created in this article.

(4) “Federal act” means the “Patient Protection and Affordable Care Act”, Pub.L. 111-148, as amended by the “Health Care and Education Reconciliation Act of 2010”, Pub.L. 111-152.

(5) “Secretary” means the secretary of the United States department of health and human services.

**Source: L. 2011:** Entire article added, (SB 11-200), ch. 246, p. 1074, § 1, effective June 1.

**10-22-104. Health benefit exchange - creation.** There is hereby created a nonprofit unincorporated public entity known as the health benefit exchange. The board of directors shall govern the operation of the exchange. The board shall determine and establish the development, governance, and operation of the exchange. The exchange is an instrumentality of the state; except that the debts and liabilities of the exchange do not constitute the debts and liabilities of the state, and neither the exchange nor the board is an agency of the state. The board does not have the authority to promulgate rules pursuant to the “State Administrative Procedure Act”, article 4 of title 24, C.R.S. The exchange shall not duplicate or replace the duties of the commissioner established in section 10-1-108, including rate approval, except as directed by the federal act. The exchange shall foster a competitive marketplace for insurance and shall not solicit bids or engage in the active purchasing of insurance. All carriers authorized to conduct business in this state may be eligible to participate in the exchange.

**10-22-105. Exchange board of directors.** (1) (a) There is hereby created the board of directors of the exchange. The board consists of twelve members, of whom nine are voting members and three are nonvoting, ex officio members. On or before July 1, 2011, the governor shall appoint five voting members to the board, and the president of the senate, the minority leader of the senate, the speaker of the house of representatives, and the minority leader of the house of representatives shall each appoint one voting member to the board. The governor shall not appoint more than three members from the same political party. The board shall elect one of its members as chair of the board. Members of the board may be removed by their respective appointing authorities for cause. The person making the original appointment or reappointment, or whoever is entitled to make the appointment on the date of a vacancy, shall fill the vacancy by appointment for the remainder of an unexpired term. Members may serve a maximum of two consecutive terms. If a member is appointed to fill a vacancy and serves for more than half of the unexpired term, the member shall be eligible for appointment to only one more consecutive term.

(b) The persons making the appointments shall coordinate appointments to ensure that there is broad representation within the skill sets specified in this paragraph (b) and shall consider the geographic, economic, ethnic, and other characteristics of the state when making the appointments. A majority of the voting members must be business representatives or individuals who are not directly affiliated with the insurance industry, and none shall be state employees. Of the members first appointed, in order to ensure staggered terms, four of the governor’s appointees shall serve for a term of two years and the remaining governor’s appointee and other initial appointees shall serve for a term of four years. Thereafter, the terms of the members shall be for four years. Each person appointed to the board should have demonstrated expertise in at least two, and in any case shall have demonstrated expertise in no less than one, of the following areas:

(I) Individual health insurance coverage;

(II) Small employer health insurance;

- (III) Health benefits administration;
- (IV) Health care finance;
- (V) Administration of a public or private health care delivery system;
- (VI) The provision of health care services;
- (VII) The purchase of health insurance coverage;
- (VIII) Health care consumer navigation or assistance;
- (IX) Health care economics or health care actuarial sciences;
- (X) Information technology; or
- (XI) Starting a small business with fifty or fewer employees.

(c) The executive director of the department of health care policy and financing, or his or her designee; the commissioner of insurance, or his or her designee; and the director of the office of economic development and international trade, or his or her designee, shall serve as nonvoting, ex officio members of the board.

(2) Each member of the board is responsible for meeting the requirements of this article and all applicable state and federal laws, rules, and regulations; serving in the public interest of the individuals and small businesses seeking health care coverage through the exchange; and ensuring the operational well-being and fiscal solvency of the exchange.

(3) (a) Board members shall not receive compensation for performance of services for the board but may receive a per diem and reimbursement for travel and other necessary expenses while engaged in the performance of official duties of the board. Per diem and reimbursement expenses are paid through grant moneys received by the board.

(b) A member of the board shall not perform an official act that may have a direct economic benefit on a business or other undertaking in which the member has a direct or substantial financial interest.

(c) A board member or an officer or employee of the exchange is not liable for an act or omission when acting in his or her official capacity, in good faith, without intent to defraud, and in connection with the administration, management, or conduct of this article.

(4) (a) Board members are subject to articles 6, 18, and 72 of title 24, C.R.S.

(b) All moneys received by the board for the exchange are subject to audit by the legislative audit committee. The board shall report all moneys received for the exchange to the legislative audit committee.

(5) Any information provided to a board member pursuant to this article that is exempt from disclosure under either section 24-72-204, C.R.S., or part 4 of article 6 of title 24, C.R.S., shall be and remain confidential and may be used only by the board.

**Source: L. 2011:** Entire article added, (SB 11-200), ch. 246, p. 1075, § 1, effective June 1.

**10-22-106. Powers and duties of the board.** (1) The board is the governing body of the exchange and has all the powers and duties necessary to implement this article. The board shall:

(a) Appoint an executive director to administer the exchange, subject to approval by the committee;

(b) Create an initial operational and financial plan, subject to approval by the committee;

(c) Apply for planning and establishment grants made available to the exchange pursuant to the federal act and apply for, receive, and expend other gifts, grants, and donations. Each grant application is subject to the review and unanimous approval of the board chair and the chair and vice-chair of the committee prior to the submission of the application. If there is not unanimous approval, each grant application is subject to review and the majority approval of the committee.

(d) Create technical and advisory groups as needed to report to the board. The advisory groups shall meet regularly throughout the year to discuss issues related to the exchange and make recommendations to the board.

(e) Provide a written report, on or before January 15 of each year, to the governor and the general assembly concerning the planning and establishment of the exchange and

present the report to the senate health and human services committee and the house of representatives health and environment committee, or their successor committees;

(f) Review the internet portal operated and maintained by the secretary and the model template for an internet portal made available by the secretary for use by the state exchanges and review other appropriate internet portals. The review must include an examination as to whether the model template may be used to direct individuals and employers to health plans, to assist individuals and employers in determining whether they are eligible to participate in the exchange or eligible for a premium tax credit or cost-sharing reduction, and to present standardized information regarding health plans offered through the exchange to assist consumers in making health insurance choices.

(g) Consider the desirability of structuring the exchange as one entity that includes two underlying entities to operate in the individual and the small employer markets, respectively;

(h) Consider the appropriate size of the small employer market under the exchange, taking into consideration the definition of "small employer" pursuant to section 10-16-102;

(i) Consider the unique needs of rural Coloradans as they pertain to access, affordability, and choice in purchasing health insurance;

(j) Consider the affordability and cost in the context of quality care and increased access to purchasing health insurance; and

(k) Investigate requirements, develop options, and determine waivers, if appropriate, to ensure that the best interests of Coloradans are protected.

(2) The board may enter into information-sharing agreements with federal and state agencies and other state exchanges to carry out its responsibilities under this article so long as the agreements include adequate protections with respect to the confidentiality of the information that is shared and comply with all state and federal laws, rules, and regulations.

**10-22-107. Legislative health benefit exchange implementation review committee - creation - duties.** (1) For the purposes of guiding implementation of an exchange in Colorado, making recommendations to the general assembly, and ensuring that the interests of Coloradans are protected and furthered, there is hereby created the legislative health benefit exchange implementation review committee. The committee shall meet on or before August 1, 2011, and thereafter at the call of the chair as often as five times during each calendar year. The committee may use the legislative council staff to assist its members in researching any matters.

(2) (a) The president of the senate shall appoint three members to the committee. Two appointees shall be members of the senate health and human services committee, the business, labor, and technology committee, or the legislative audit committee, or their successor committees. One appointee shall be a representative of the senate at large.

(b) The speaker of the house of representatives shall appoint three members to the committee. Two appointees shall be members of the house health and environment committee, the economic and business development committee, or the legislative audit committee, or their successor committees. One appointee shall be a representative of the house of representatives at large.

(c) The minority leader of the senate shall appoint two members to the committee. One appointee shall be a member of the senate health and human services committee, the business, labor, and technology committee, or the legislative audit committee, or their successor committees. One appointee shall be a representative of the senate at large.

(d) The minority leader of the house of representatives shall appoint two members to the committee. One appointee shall be a member of the house health and environment committee, the economic and business development committee, or the legislative audit committee, or their successor committees. One appointee shall be a representative of the house of representatives at large.

(e) Members of the committee shall serve at the pleasure of the appointing authority.

(3) Members of the committee shall serve without compensation; except that each member shall receive the sums specified in section 2-2-307 (3) (a) and (3) (b), C.R.S., for attendance at meetings of the committee when the general assembly is in recess for more than three days or is not in session.

(4) During odd-numbered years, the president of the senate shall appoint the chair and the speaker of the house of representatives shall appoint the vice-chair of the committee. During even-numbered years, the speaker of the house of representatives shall appoint the chair and the president of the senate shall appoint the vice-chair of the committee.

(5) In any year, the committee may report up to five bills or other measures to the legislative council created in section 2-3-301, C.R.S. These bills are exempt from any applicable bill limit imposed on the individual committee members sponsoring such bills if the bills have been approved by the legislative council under joint rules of the senate and house of representatives.

(6) The committee shall review grants applied for by the board to implement the exchange.

(7) The committee shall review the financial and operational plans of the exchange.

**10-22-108. Moneys for implementation of the exchange.** Moneys received by the board for the implementation of this article must be transferred directly to the exchange for the purposes of this article. The board shall deposit any moneys received in a banking institution within or outside the state. Moneys from the general fund shall not be used for the implementation of this article, except for the sums specified in section 10-22-107 (3) and for legislative staff agency services. The banking institution must be insured by the federal deposit insurance corporation and compliant with the “Savings and Loan Association Public Deposit Protection Act”, article 47 of title 11, C.R.S.

**ARTICLE 23**

**Cash Bonding Agents**

**Editor’s note:** Section 52 of chapter 280, Session Laws of Colorado 2012, provides that the act adding this article applies to offenses committed and applications submitted on or after July 1, 2012.

10-23-101.	Definitions.	10-23-106.	Discipline - hearing - civil penalty.
10-23-102.	Registration required - qualifications - enforcement - repeal.	10-23-107.	Unlicensed practice - penalties.
10-23-103.	Registration requirements - application - qualification bond - forfeiture.	10-23-108.	Bail bond documents - requirements - rules.
10-23-104.	Fees.	10-23-109.	Business practices - price limits - collateral.
10-23-105.	Qualification bond - forfeiture.	10-23-110.	Repeal - review of functions.

**10-23-101. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Cash-bonding agent” means a person who was licensed by the division as of January 1, 1992, to write bail bonds as a cash-bonding agent.

(2) “On the board” means that the name of the person has been publicly posted or

disseminated by a court as being ineligible to write bail bonds under section 16-4-112 (5) (e) or (5) (f), C.R.S.

(3) "Professional cash-bail agent" means a person who furnishes bail for compensation in any court or courts in this state in connection with judicial proceedings by posting a bond with the division. "Professional cash-bail agent" does not mean a full-time salaried officer or employee of an insurer nor a person who pledges United States currency, a United States postal money order, a cashier's check, or other property in connection with a judicial proceeding, whether for compensation or otherwise.

**Source: L. 2012:** Entire article added with relocations, (HB 12-1266), ch. 280, p. 1509, § 41, effective July 1.

**Editor's note:** This section is similar to former § 12-7-101.

**10-23-102. Registration required - qualifications - enforcement - repeal.** (1) No person qualifies to be a professional cash-bail agent unless the person registers with the division. However, any bail bonding agent who was licensed by the division as of January 1, 1992, to write bail bonds as a cash-bonding agent may continue to be registered upon compliance with the other requirements of this article.

(2) No firm, partnership, association, or corporation, as such, shall be registered. No person engaged as a law enforcement or judicial officer shall be registered as a cash-bonding agent or professional cash-bail agent.

(3) (a) All registrations expire in accordance with a schedule established by the commissioner, and the registrant shall renew or reinstate the registration in accordance with the rules of the commissioner. If the commissioner schedules a registration to expire for longer or shorter than a year, the commissioner shall proportionally adjust the renewal fee for the registration. The registrant must satisfy all registration and renewal requirements to qualify to register.

(b) The commissioner shall give a registrant a sixty-day grace period to renew the registration without discipline or sanctions. The commissioner may establish renewal fees and delinquency fees for reinstatement by rule. If a person fails to renew a registration when required by the schedule established by the commissioner, the registration expires.

(4) The division shall transmit all fees collected under this article to the state treasurer, who shall credit the fees to the division of insurance cash fund created in section 10-1-103.

(5) The division shall prepare and deliver to each registrant a pocket card showing the name, address, and classification of the registrant. The pocket card must clearly state that the person is authorized to practice as a cash-bonding agent or professional cash-bail agent.

(6) (a) Each professional cash-bail agent and cash-bonding agent shall submit an annual report in a format required by the division covering July 1 to June 30, no later than October 1 of the following year, for bail bonds posted in Colorado by the agent during the reporting period:

- (I) The number of bail bonds posted with a court;
- (II) The number of bail bonds discharged by a court;
- (III) The number of bail bonds discharged by a court for which the defendant appeared for all scheduled court appearances for the duration of the bond;
- (IV) The number of bail bonds discharged by a court for which the defendant's bond was revoked by a court at the request of the agent for any reason other than failure to appear;
- (V) The number of bail bonds discharged by a court for which the defendant's bond was revoked by a court at the request of the agent because the defendant was charged with a new criminal offense alleged to have been committed during the duration of the bond; and
- (VI) The number of bail bonds posted by the agent for a defendant during the time the defendant was covered by another bond posted by the agent for another criminal case.

(b) If, during the reporting period from July 1, 2012, to June 30, 2013, or any year thereafter, the professional cash-bail agent or cash-bonding agent, the state judicial department, representatives of law enforcement, and representatives of county government complete the design of an instrument, system, or other method of proper verification of the

actions of an agent in returning the defendant to custody or to the court for further proceedings following a failure to appear on a posted bond, then the agent may report the following:

(I) The number of defendants who were returned to court through the actions of the professional cash-bail agent or cash-bonding agent or the agents thereof after failure to appear;

(II) The number of defendants who were returned to custody by action of the professional cash-bail agent or cash-bonding agent or the agents thereof after failure to appear; and

(III) The number of consents of surety filed with the court to continue the bond after failure to appear.

(c) In the annual report required by this section, the professional cash-bail agent or cash-bonding agent shall sign and affirm the information submitted is true and accurate to the best of the agent's knowledge.

(d) This subsection (6) is repealed, effective July 1, 2015.

**Editor's note:** This section is similar to former § 12-7-102.

**10-23-103. Registration requirements - application - qualification bond - forfeiture.** (1) An applicant for registration as a professional cash-bail agent shall supply the following information to the division:

(a) Whether the applicant during the last ten years has been convicted of a felony, entered a guilty plea to a felony, accepted a plea of nolo contendere to a felony, or engaged in or committed an act that violates this article, a rule promulgated under this article, or any act that would violate this article or a rule promulgated under this article if it had been committed in Colorado; and

(b) Any other information required by this article or by the division, including a full-face photograph, for which the applicant shall pay the actual costs if a photograph is required.

(2) Prior to submission of an application under this article, each applicant shall have his or her fingerprints taken by a local law enforcement agency to obtain a fingerprint-based criminal history record check. The applicant is required to submit payment by certified check or money order for the fingerprints and for the actual costs of the record check when the fingerprints are submitted to the Colorado bureau of investigation. Upon receipt of fingerprints and receipt of the payment for costs, the Colorado bureau of investigation shall conduct a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation.

(3) To qualify as a professional agent, the applicant must have been licensed as an insurance producer who furnishes bail in Colorado for four years before applying for registration as a professional cash-bail agent.

**Source: L. 2012:** Entire article added with relocations, (HB 12-1266), ch. 280, p. 1512, § 41, effective July 1.

**Editor's note:** Subsections (1) and (2) are similar to former § 12-7-103, and subsection (3) is similar to former § 12-7-102.5 (7).

**10-23-104. Fees.** (1) (a) Each professional cash-bail agent and cash-bonding agent shall pay an application fee set by the division in an amount to offset the direct and indirect cost of processing registration applications and issuing a registration.

(b) Each professional cash-bail agent and cash-bonding agent shall pay a registration renewal fee set by the division in an amount that offsets the direct and indirect cost of

implementing this article, net of the total amount of the fees paid by that agent under paragraph (c) of this subsection (1).

(c) Each professional cash-bail agent and cash-bonding agent shall pay to the division a fee of one percent on the gross amount of all premiums and fees collected or contracted for the furnishing of bail, less any premium or fee refunded after being collected. The division may lower the fee if the amount collected would exceed the amount needed to implement this article plus a reserve of sixteen and one-half percent.

(d) The premium fee is due and payable on the fifteenth day of January in each year. Any professional cash-bail agent or cash-bonding agent failing or refusing to render a statement and information, or to pay the fee under this section, for more than thirty days after the time specified, is liable for a penalty of up to one hundred dollars for each additional day of delinquency. The division may assess the penalty and interest at a rate of one percent per month or fraction thereof on the unpaid amount from the date when payment was due to the date when full payment is made. The division may suspend the registration of a delinquent agent until any fees, penalties, and interest are fully paid.

(2) The division shall transfer the fees imposed by this section to the treasurer, who shall credit the fee to the division of insurance cash fund created in section 10-1-103.

(3) For the purpose of auditing a professional cash-bail agent's or cash-bonding agent's premium fee statement, the division may examine any books, papers, records, agreements, or memoranda bearing upon the matters required to be included in the premium fee statement. The agent shall make the books, papers, records, agreements, or memoranda available upon request to the division.

**Source: L. 2012:** Entire article added with relocations, (HB 12-1266), ch. 280, p. 1514, § 41, effective July 1.

**10-23-105. Qualification bond - forfeiture.** (1) Each cash-bonding agent shall post a cash qualification bond of fifty thousand dollars with the division. The bond must be to the people of the state of Colorado in favor of any court in this state, whether municipal, county, district, or other court, and to the division for the purposes of this section. In the event of a forfeiture of a cash-bonding agent's qualification bond, the division has priority over all other claimants. To comply with this subsection (1), the bond must be conditioned upon full and prompt payment into the court ordering the bond forfeited. Cash-bonding agents shall not issue bonds except in accordance with section 16-4-104 (1) (b) (III), C.R.S. In the event of a qualification bond forfeiture, a cash-bonding agent shall not write new bail bonds until the qualification bond is restored to fifty thousand dollars.

(2) Each professional cash-bail agent shall post a cash qualification bond of no less than fifty thousand dollars with the division. The bond shall be to the people of the state of Colorado in favor of any court in this state, whether municipal, county, district, or other court, and to the division for the purposes of this section. A professional cash-bail agent shall not furnish a single bail greater than twice the amount of the bond posted with the division. In the event of a forfeiture of a professional cash-bail agent's qualification bond, the division has priority over all other claimants to the bond. To comply with this subsection (2), the bond must be conditioned upon full and prompt payment into the court ordering the bond forfeited. Professional cash-bail agents shall not issue bonds except in accordance with section 16-4-104 (1) (b) (III), C.R.S. In the event of a qualification bond forfeiture, a professional cash-bail agent shall not write new bail bonds until the qualification bond is restored to at least fifty thousand dollars.

(3) To comply with this section, the division must be designated as an authorized signatory with right of survivorship on any bank account, certificate of deposit, commercial instrument, or security that funds the bond required by this section. The right of survivorship terminates on the later of the date on which any liability covered by the bond is satisfied or released or the third anniversary of the death of the professional cash-bail agent or cash-bonding agent. When the right of survivorship terminates, the division shall release the bond to the agent's estate or, if the estate has been settled, to the heirs of the agent.

(4) To qualify under this section:

(a) A bank account, certificate of deposit, commercial instrument, or security must be in the legal name of the professional cash-bail or cash-bonding agent and not a trade name or other business name;

(b) The qualification bond must consist of assets that are solely owned and in the name of the professional cash-bail or cash-bonding agent and be immediately available for liquidation by the commissioner or the division;

(c) The qualification bond must be worth fifty thousand dollars net of any penalty for withdrawal or liquidation;

(d) The professional cash-bail or cash-bonding agent may receive interest thereon, unless the principal amount of the qualification bond falls below the required fifty thousand dollars, if the qualification bond is an interest-bearing instrument;

(e) The terms of the loan, promissory note, and financial arrangement must be submitted to the division if the qualification bond is funded by the proceeds from a loan, promissory note, or other financial arrangement; and

(f) The agreement must terminate at a fixed time and any rate of return is an annual percentage rate and not tied to any premium or collateral or any other direct function from which an agent makes a profit if the qualification bond consists of moneys from a loan, promissory note, or other financial arrangement.

(5) Upon request by the person who posted the qualification bond to be registered under this article, the commissioner shall release the bond if the person has not been registered or licensed to write a bond as a professional cash-bail agent or cash-bonding agent within the last seven years. Neither the commissioner nor the division are liable to any other party for releasing the qualification bond in accordance with this section.

**Editor's note:** Subsection (1) is similar to former § 12-7-103 (3)(a), and subsection (2) is similar to former § 12-7-103 (8)(a).

**10-23-106. Discipline - hearing - civil penalty.** (1) The division may deny, suspend, revoke, or refuse to renew a registration, or issue a cease-and-desist order in accordance with this section, upon reasonable grounds that the registrant:

(a) Failed to post a qualified bond in the required amount with the division while engaged in business or, if the bond was posted, it was forfeited or cancelled;

(b) Knowingly failed to comply with or knowingly violated this article or any proper order or rule of the division or any court of this state where the registrant knew or reasonably should have known of the order or rule;

(c) Violated section 18-13-130, C.R.S.;

(d) Was convicted of a felony or pled guilty or nolo contendere to a felony within the last ten years, regardless of whether the conviction or plea resulted from conduct in or conduct related to the bail bond business;

(e) Served a sentence upon a conviction of a felony in a state correctional facility, city or county jail, or community correctional facility or under the supervision of the state board of parole or any probation department within the last ten years;

(f) Continued to execute bail bonds in any court in this state while on the board if the bail forfeiture judgment that resulted in the registrant's being placed on the board has not been paid, stayed, vacated, exonerated, or otherwise discharged;

(g) Furnished bail in any court in this state in an amount greater than twice the amount of the professional cash-bail agent's bond posted with the division;

(h) Failure to report, preserve without use, retain separately, or return after payment in full, collateral taken as security on any bail bond to the principal, indemnitor, or depositor of the collateral;

(i) Soliciting bail bond business in or about any place where prisoners are confined, arraigned, or in custody;

(j) Failure to pay a final, nonappealable judgment award for failure to return or repay collateral received to secure a bond; or

(k) Any act prohibited by section 18-13-130, C.R.S.

(2) Except for the reasons listed in paragraphs (d) and (e) of subsection (1) of this section, the division, in lieu of revoking or suspending a registration, may in any one proceeding, by order, require the registrant to pay a civil penalty in the sum of no less than three hundred dollars and no more than one thousand dollars for each offense. If the registrant fails to pay the penalty within twenty days after the mailing of the order, postage prepaid, registered and addressed to the last-known place of business of the registrant, the division may revoke the registration or may suspend the registration for such a period as the commissioner may determine, unless the order is stayed by a court of competent jurisdiction. The division shall transmit the civil penalty to the state treasurer, who shall deposit it in the general fund.

(3) Except as otherwise provided in this section, the commissioner need not find that the actions that are grounds for discipline were willful but may consider whether the actions were willful when determining the nature of disciplinary sanctions to be imposed.

(4) (a) The commissioner may commence a proceeding to discipline a registrant when the commissioner has reasonable grounds to believe that the registrant has committed an act enumerated in this section.

(b) In any proceeding held under this section, the commissioner may accept as evidence of grounds for disciplinary action any disciplinary action taken against a registrant in another jurisdiction if the violation that prompted the disciplinary action in the other jurisdiction would be grounds for disciplinary action under this article.

(5) Disciplinary proceedings, hearings, and opportunity for review must be conducted in accordance with article 4 of title 24, C.R.S., by the commissioner or by an administrative law judge, at the commissioner's discretion. The commissioner may exercise all powers and duties conferred by this article during the disciplinary proceedings.

(6) (a) The commissioner may request the attorney general to seek an injunction, in any court of competent jurisdiction, to enjoin a person from committing an act prohibited by this article. When seeking an injunction under this paragraph (a), the attorney general shall not be required to allege or prove the inadequacy of any remedy at law or that substantial or irreparable damage is likely to result from a continued violation of this article.

(b) (I) The commissioner may investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the commissioner.

(II) In order to aid the commissioner in any hearing or investigation instituted under this section, the commissioner or an administrative law judge appointed by the commissioner may administer oaths, take affirmations of witnesses, and issue subpoenas compelling the attendance of witnesses and the production of all relevant records, papers, books, documentary evidence, and materials in any hearing, investigation, accusation, or other matter before the commissioner or an administrative law judge.

(III) Upon failure of any witness or registrant to comply with a subpoena or process, the district court of the county where the subpoenaed person or registrant resides or conducts business, upon application by the commissioner with notice to the subpoenaed person or registrant, may issue to the person or registrant an order requiring the person or registrant to appear before the commissioner; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. If the person or registrant fails to obey the order of the court, the person or registrant may be held in contempt of court.

(c) The commissioner may appoint an administrative law judge under part 10 of article 30 of title 24, C.R.S., to conduct hearings, take evidence, make findings, and report the findings to the commissioner.

(7) (a) The commissioner, the commissioner's staff, any person acting as a witness or consultant to the commissioner, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as commissioner, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a

reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts.

(b) A person participating in good faith in making a complaint or report or in an investigative or administrative proceeding under this section is immune from any civil or criminal liability that otherwise might result by reason of the participation.

(8) A final action of the commissioner is subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S. A judicial proceeding to enforce an order of the commissioner may be instituted in accordance with section 24-4-106 (3), C.R.S.

(9) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the commissioner, warrants formal action, no person shall resolve the complaint by a deferred settlement, action, judgment, or prosecution.

(10) (a) If it appears to the commissioner, based upon credible evidence as presented in a written complaint by any person, that a registrant is acting in a manner that is an imminent threat to the health and safety of the public, or that a person is acting or has acted without the required registration, the commissioner may issue an order to cease and desist such activity. The order must set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist under paragraph (a) of this subsection (10), the registrant may request a hearing on the question of whether acts or practices in violation of this article have occurred. The hearing must be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(11) (a) If it appears to the commissioner, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the commissioner may issue to the person an order to show cause as to why the commissioner should not issue a final order directing the person to cease and desist from the unlawful act or unregistered practice.

(b) The commissioner shall notify a person against whom an order to show cause has been issued of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the commissioner for a hearing on the order. The notice may be served on the person against whom the order has been issued by personal service or by certified, postage-prepaid, United States mail. Personal service or mailing of an order or document constitutes notice of the order to the person.

(c) (I) The commissioner shall hold the hearing on an order to show cause no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the commissioner as provided in this subsection (11). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter.

(II) If a person against whom an order to show cause has been issued does not appear at the hearing, the commissioner may present evidence that notification was properly sent or served on the person under this subsection (11) and such other evidence related to the matter as the commissioner deems appropriate. The commissioner shall issue the order within ten days after the commissioner's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. The commissioner shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(III) If the commissioner reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required licensure, or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued, directing the person to cease and desist from further unlawful acts or unregistered practices.

(IV) The commissioner shall provide notice, in the manner set forth in this subsection (11), of the final cease-and-desist order within ten calendar days after the hearing is conducted to each person against whom the final order has been issued. The final order issued is effective when issued and is a final order for purposes of judicial review.

(12) If it appears to the commissioner, based upon credible evidence presented to the commissioner, that a person has engaged or is about to engage in an unregistered act or practice; an act or practice constituting a violation of this article, a rule promulgated under this article, or an order issued under this article; or an act or practice constituting grounds for administrative sanction under this article, the commissioner may enter into a stipulation with the person.

(13) If any person fails to comply with a final cease-and-desist order or a stipulation, the commissioner may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested, the attorney general shall bring suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(14) A person aggrieved by the final cease-and-desist order may seek judicial review of the commissioner's determination or of the commissioner's final order as provided in subsection (8) of this section.

#### ANNOTATION

**Annotator's note.** Since § 10-23-106 is similar to § 12-7-106 as it existed prior to its 2012 relocation with amendments to this section, relevant cases construing that provision have been included in the annotations to this section.

**This section, in its enumeration of reasons for the denial, suspension and revocation of licenses, suggests the abuses which the general assembly found to exist in the bail bond business, all (or any) of which are sufficient to justify legislative intrusion into the field.** *Herbertson v. Dept. of Ins.*, 173 Colo. 327, 478 P.2d 668 (1970).

**Retroactive application of statute.** Intent of general assembly is clear concerning the effect of felony convictions that occurred prior to the effective date of this section, where the general assembly clearly intended to exclude from the ranks of professional bail bondsmen persons who have been convicted of a felony or have served a sentence therefor within ten years from the date of application for renewal. *Ficarra v. Dept. of Reg. Agencies*, 849 P.2d 6 (Colo. 1993).

**Suspension of license.** This section contemplates mere suspension of a license, rather than

nonrenewal, as a possible alternative when a licensee, for example, engaged in a dishonest, though relatively harmless practice in conducting business, but not when proceedings are initiated as a result of a decision of the division of insurance not to renew a license because the applicant for renewal has incurred a felony conviction or has served a sentence thereupon within the past ten years. *Ficarra v. Dept. of Reg. Agencies*, 849 P.2d 6 (Colo. 1993).

**Public policy considerations in determining constitutionality of statute.** In light of the strong public policy interest involved and the position of trust held by professional bail bondsmen, the general assembly could rationally conclude that those who have not served sentences upon felony convictions within the last ten years are most likely to safely and honestly carry out the duties of a professional bail bondsmen, and that the public interest at stake in the operation of the bail bond system overrides any private expectation at stake in the renewal of a professional bail bondsmen license. *Ficarra v. Dept. of Reg. Agencies*, 849 P.2d 6 (Colo. 1993).

**10-23-107. Unlicensed practice - penalties.** A person who acts or attempts to act as a professional cash-bail agent or cash-bonding agent and who is not registered as such under this article is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment. Upon conviction, the court shall require the person to disgorge any profits from acting as a professional cash-bail agent or cash-bonding agent and forward the profits to the state treasurer, who shall deposit the moneys in the general fund.

**Editor's note:** This section is similar to former § 12-7-109 (3).

**10-23-108. Bail bond documents - requirements - rules.** (1) The professional cash-bail agent or cash-bonding agent who posts a bail bond with the court on behalf of a defendant shall ensure that the following documents comply with the following provisions:

- (a) An indemnity agreement must:
    - (I) Be in writing;
    - (II) Be signed by the professional cash-bail agent or cash-bonding agent;
    - (III) Be signed by the defendant or indemnitor;
    - (IV) Set forth the amount of bail set in the case, the name of the defendant released on the bail bond, the court case number if available, the court where the bond is executed, the premium charged, the amount and type of collateral held by the professional cash-bail agent or cash-bonding agent, and the conditions under which the collateral is returned;
    - (V) Contain documentation that the indemnitor has received copies of signed and dated disclosure forms; and
    - (VI) If the defendant or indemnitor is illiterate or does not read English, contain a note on the indemnity agreement that the agent or a third party has read or translated the agreement to the defendant or indemnitor and be affixed with an affidavit to the indemnity agreement attesting that the document was translated;
  - (b) A promissory note must be:
    - (I) In writing;
    - (II) Signed by the professional cash-bail agent or cash-bonding agent; and
    - (III) Signed by the defendant or indemnitor;
  - (c) A collateral receipt must:
    - (I) Be dated;
    - (II) Be in writing;
    - (III) Be signed by the professional cash-bail agent or cash-bonding agent;
    - (IV) Be signed by the defendant or indemnitor;
    - (V) Be prenumbered;
    - (VI) Contain a full description of the collateral, including the condition of the collateral at the time it is taken into custody; and
    - (VII) Set forth the amount of bail set in the case, the name of the defendant released on the bail bond, the court case number, the court where the bond is executed, the premium charged, the amount and type of collateral held by the agent, and the conditions under which the collateral is returned;
  - (d) A bail bond revocation request must be:
    - (I) Dated;
    - (II) In writing;
    - (III) Signed by the professional cash-bail agent or cash-bonding agent; and
    - (IV) Signed by the defendant or indemnitor.
- (2) (a) Before accepting consideration, the professional cash-bail agent or cash-bonding agent shall commit to writing, sign, date, and obtain the defendant's or indemnitor's signature on an arrangement for the payment of all or part of the premium, commission, or fee, including the payment schedule. The signature of the professional cash-bail agent or cash-bonding agent is not an obligation to pay any debt owed to a lender. To be enforceable, interest and financial charges on any unpaid premium must comply with the "Uniform Consumer Credit Code", articles 1 to 9 of title 5, C.R.S.
- (b) Before accepting consideration or taking collateral, the professional cash-bail agent or cash-bonding agent shall provide, in a form prescribed by the commissioner, a disclosure statement to each defendant and indemnitor detailing the terms of the bail bond.
- (3) (a) A professional cash-bail agent or cash-bonding agent who accepts consideration for a bail bond or undertaking shall, for each payment received, provide to the person tendering payment a prenumbered, signed receipt containing the following:

- (I) The date;
  - (II) The defendant's name;
  - (III) A description of the consideration and amount of money received;
  - (IV) The purpose for which it was received;
  - (V) The penal sum of the bail bond;
  - (VI) The name of the person tendering payment; and
  - (VII) The terms under which the money or other consideration is released.
- (b) The professional cash-bail agent or cash-bonding agent shall provide the person tendering payment a signed and dated receipt for each premium payment listing the amount paid.
- (4) The professional cash-bail agent or cash-bonding agent shall prepare or execute separate agreements and documents for each time the agent posts a bail bond with the court. The agent shall give the indemnitor a copy of each document executed in the course of the bail bond transaction.
- (5) For three years after the date of discharge of a bail bond and return of any collateral or proof of notice to the defendant or indemnitor that any promissory note has been satisfied, the professional cash-bail agent or cash-bonding agent shall keep at the agent's business, copies of each receipt, indemnity agreement, bond, disclosure statement, payment plan, bond revocation request, or other document or information related to the bond transaction and shall make these documents available for inspection by the commissioner or the commissioner's authorized representative during normal business hours.
- (6) The indemnitor may be the defendant.
- (7) The commissioner may examine the business practices, books, and records of any professional cash-bail agent or cash-bonding agent as often as the commissioner deems appropriate.

**10-23-109. Business practices - price limits - collateral.** (1) A professional cash-bail agent or cash-bonding agent shall not charge a premium or commission of more than the greater of fifty dollars or fifteen percent of the amount of bail furnished. A professional cash-bail agent or cash-bonding agent shall not assess fees for any bail bond posted by the agent with the court unless the fee is for payment of a bail bond filing charged by a court or law enforcement agency, the fee is for the actual cost of storing collateral in a secure, self-service public storage facility, or the fee is for premium financing.

(2) If a professional cash-bail agent or cash-bonding agent has issued a disclosure statement in accordance with section 10-23-108 (2) (b), the agent may use collateral received from the defendant or indemnitor to secure the following obligations:

- (a) Compliance with the bond issued on behalf of the principal;
- (b) Any balance due on the premium, commission, or fee for the bail bond; and
- (c) Any actual costs incurred by the professional cash-bail agent or cash-bonding agent as a result of issuing the bail bond.

#### ANNOTATION

**No standing to bring action enjoining release of criminal defendants.** Bail bondsmen have no legal interest in bail procedures formulated by a county court decision so as to confer standing on them to bring an action for an

injunctive order prohibiting the county court from releasing criminal defendants pursuant to such pretrial release program. *Wimberly v. Ettenberg*, 194 Colo. 163, 570 P.2d 535 (1977) (decided under former law).

**10-23-110. Repeal - review of functions.** This article is repealed, effective September 1, 2017. Prior to the repeal, the licensing functions of the commissioner and the division shall be reviewed as provided for in section 24-34-104, C.R.S.

**Source:** L. 89: Entire article R&RE, p. 593, § 1, effective September 1.

**Editor's note:** This section is similar to former § 11-10.5-101 as it existed prior to 1989.

**11-10.5-102. Legislative declaration.** (1) The general assembly hereby declares that the purpose of this article is to serve the taxpayers and the citizens of Colorado by establishing standards and procedures to ensure the preservation and protection of all public funds held on deposit by a bank that are either not insured by or are in excess of the insured limits of federal deposit insurance, and to ensure the expedited repayment of such funds in the event of default and subsequent liquidation of a bank which holds such deposits.

(2) The general assembly further finds, determines, and declares that the protection of public funds on deposit in banks is a matter of statewide concern and importance and that as such:

(a) The provisions of this article shall prevail over any local government ordinance or resolution and over any home rule or territorial charter provision in conflict therewith; and

(b) The requirement that a national bank comply with the provisions of this article neither encroaches upon the prerogatives of a nationally chartered bank nor exceeds the authority of the state of Colorado.

**Source:** L. 89: Entire article R&RE, p. 593, § 1, effective September 1.

**Editor's note:** This section is similar to former § 11-10.5-102 as it existed prior to 1989.

**11-10.5-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Aggregate uninsured public deposits" means the total amount of cash, checks, or drafts on deposit at the close of a business day for credit to the official custodian accounts in an eligible public depository, and which are either not insured by or are in excess of the insurable limits of federal deposit insurance.

(2) "Bank" means any bank organized or chartered under this article and articles 101 to 109 of this title or any bank organized or chartered under chapter 2 of title 12 of the United States Code. For purposes of section 11-10.5-104 and 11-10.5-111 (1) only, the definition of "bank" also includes those banks chartered under the laws of other states.

(3) "Banking board" means the banking board established by section 11-102-103.

(4) "Defaulting depository" means any eligible public depository to which an event of default has occurred.

(5) "Eligible collateral" means, with respect to the securing of uninsured public funds, those instruments or obligations approved to be used for such purposes by the banking board pursuant to the provisions of section 11-10.5-107.

(6) "Eligible public depository" means any bank which has been designated as an eligible public depository by the banking board.

(7) "Event of default" means the issuance of an order by a supervisory authority or a receiver which restrains an eligible public depository from paying its deposit liabilities.

(8) "Federal deposit insurance" means deposit insurance or guarantees provided by the federal deposit insurance corporation or any successor agency thereto.

(9) “Official custodian” means:

(a) A designee with plenary authority, including control over public funds of a public unit which the official custodian is appointed to serve. For purposes of this paragraph (a), “control” includes possession of public funds, as well as the authority to establish accounts for such public funds in banks and to make deposits, withdrawals, or disbursements of such public funds. If the exercise of plenary authority over the public funds of a public unit requires action by or the consent of two or more putative official custodians, then such official custodians shall be treated as one official custodian with respect to such public funds.

(b) A designee, other than a designee described in paragraph (a) of this subsection (9), with authority, including control, over public funds of an entity, including the state of Colorado; any institution, agency, instrumentality, authority, county, municipality, city and county, school district, special district, or other political subdivision of the state of Colorado, including any institution of higher education; any institution, department, agency, instrumentality, or authority of any of the foregoing, including any county or municipal housing authority; any local government investment pool organized pursuant to part 7 of article 75 of title 24, C.R.S.; any public entity insurance pool organized pursuant to state statute; any public body corporate created or established under the constitution of the state of Colorado or any state statute; and any other entity, organization, or corporation formed by intergovernmental agreement or other contract between or among any of the foregoing. For purposes of this paragraph (b), “control” includes possession of public funds, as well as the authority to establish accounts for such public funds in banks and to make deposits, withdrawals, or disbursements of such public funds. If the exercise of authority over such public funds requires action by or the consent of two or more putative official custodians, then such official custodians shall be treated as one official custodian with respect to such public funds.

(10) (a) “Political subdivision” includes any subdivision or any principal department of a public unit:

(I) The creation of which subdivision or principal department has been expressly authorized by state statute;

(II) To which some functions of government have been delegated by state statute; and

(III) To which funds have been allocated by ordinance or state statute for its exclusive use and control.

(b) “Political subdivision” also includes drainage, irrigation, navigation, improvement, levee, sanitary, school, and power districts and bridge and port authorities and any other special district created by state statute or compact between the state of Colorado and one or more states.

(c) “Political subdivision” does not include subordinate or nonautonomous divisions, agencies, or boards within principal departments of a public unit.

(11) “Public deposits” means all public funds on deposit in an eligible public depository in any form, whether time, savings, or demand.

(12) “Public funds” means all funds of a public unit and all funds of any entity referred to in paragraph (b) of subsection (9) of this section.

(13) “Public unit” means the state of Colorado, any county, city and county, city, or municipality, including any home rule city or town or territorial charter city, or any political subdivision thereof.

(2) Subsection (2) was amended in House Bill 04-1110. Those amendments were superseded by the amendment of subsection (2) in Senate Bill 04-239.

**11-10.5-104. Applicability of article.** The provisions of this article shall apply to all banks which elect to become eligible public depositories. No bank shall hold any public funds unless such bank has been designated as an eligible public depository pursuant to the provisions of this article.

**Source: L. 89:** Entire article R&RE, p. 595, § 1, effective September 1.

**11-10.5-105. Authority of banking board.** The banking board shall have the authority to implement any provision of this article by order and by rule and regulation and may obtain restraining orders and injunctions to prevent violation of or to enforce compliance with the provisions of this article and the orders and rules and regulations issued under such provisions. The authority of the banking board shall be liberally construed to ensure that the purposes of this article are properly implemented.

**Editor's note:** This section is similar to former § 11-10.5-104 as it existed prior to 1989.

**11-10.5-106. Designation as eligible public depository - acceptance of provisions.**  
(1) No bank shall be a public depository or shall hold public funds without first being designated as an eligible public depository by the banking board pursuant to the provisions of this section.

(2) No bank shall be designated an eligible public depository unless the bank meets the following criteria:

(a) The deposits of such bank are insured or guaranteed by federal deposit insurance;  
(b) The bank is in compliance with the capital standards established by the banking board; and

(c) The bank agrees in writing to abide by all regulatory directives, reporting requirements, examination requirements, and other criteria established for the administration and enforcement of the provisions and purposes of this article.

(3) (a) (I) Any bank which meets the criteria established in subsection (2) of this section and which desires to accept and hold public funds on and after September 1, 1989, shall file a written application with the banking board requesting designation as an eligible public depository. The request shall be signed by an executive officer of the bank and shall state that the bank agrees to abide by the provisions of this article and all rules and regulations promulgated by the banking board for the administration and enforcement of the provisions of this article.

(II) If the bank requesting such designation was an eligible public depository under applicable law in effect prior to September 1, 1989, and desires to continue to be an eligible public depository subject to the provisions of this article, it shall file the required written application within thirty days following August 1, 1989. If the banking board has no reason to believe that the bank would fail to meet the criteria or fail to follow the provisions of this article, it may designate such bank as an eligible public depository and issue an appropriate certificate evidencing such designation. Such immediate designation is provided for the convenience of the banking board in order to expedite transition from laws governing the protection of public funds in effect prior to September 1, 1989, and is not to be construed as granting a right or privilege to any bank to be designated as an eligible public depository.

(III) Any bank which was not an eligible public depository under applicable law in effect prior to September 1, 1989, or any bank which was granted a charter on or after said date, or any bank which has had its certificate as an eligible public depository withdrawn or revoked by either the banking board or the commissioner may at any time make written application to the banking board for designation as an eligible public depository. Such application shall be made on such forms or in such format as may be prescribed by the banking board. Upon submittal, the application shall contain all required information and shall be accompanied by a fee to be determined by the banking board. The banking board shall review the application and, not more than sixty days from the date that the application

was submitted, shall either grant and issue or deny issuance of a certificate evidencing such designation. The banking board may extend the sixty-day review period for not more than thirty additional days.

(b) (I) Designation as an eligible public depository shall not constitute either a right or a license, and such designation may be revoked, suspended, or placed under restrictions, limitations, or other conditions by the banking board if the board determines that the eligible public depository has failed to comply with the provisions of this article or any rule and regulation promulgated by the banking board for the administration or enforcement of this article or with the provisions of any order of the banking board.

(II) Once granted, designation as an eligible public depository may be retained by the bank to which it was granted unless the banking board acts to suspend, revoke, or otherwise limit the designation. Designation is unique to the bank to which it was granted and may not be sold or transferred to another bank. In the event that a bank designated as an eligible public depository is acquired or merged with another entity, the banking board shall review the continuation of such designation under either this paragraph (b) or paragraph (a) of this subsection (3).

**Editor's note:** This section is similar to former § 11-10.5-105 as it existed prior to 1989.

**11-10.5-107. Eligible collateral - uninsured public deposits.** (1) The banking board shall establish by rule and regulation a list of approved instruments and obligations to be used as eligible collateral by an eligible public depository in order to comply with the provisions of this section. As part of its findings, the banking board shall determine that each approved obligation or instrument meets at least the following criteria:

(a) The obligation or instrument is characterized by attributes of safety, liquidity, and soundness meeting the purposes of this article for the preservation and protection of public funds;

(b) The obligation or instrument, with respect to its market value, shall be marketable or convertible into cash within such time periods as shall be prescribed by the banking board to assure that any claim made pursuant to section 11-10.5-110 is fully and promptly paid;

(c) The standards and relevant factors required to establish and evaluate the current market value of the obligation or instrument are prescribed by the banking board at the time the obligation or instrument is approved for use as eligible collateral, which standards and relevant factors may include statistical standards for deviations from the original market value assigned at the time of approval for use that would result in an automatic deletion from the list of approved eligible collateral;

(d) The market value of each obligation or instrument is verified at least monthly, unless the banking board prescribes a different period for a particular obligation or instrument;

(e) The banking board has at its disposal adequate resources to monitor and evaluate the market value of the obligation or instrument; and

(f) The obligation or instrument satisfies such other criteria as the banking board may establish.

(2) (a) Except as provided in subsection (4) of this section, the banking board shall not treat any eligible public depository differently than any other eligible public depository.

(b) In promulgating the list of eligible collateral pursuant to subsection (1) of this section, the banking board, within the bounds of safety and soundness, shall not establish market values or other evaluation criteria which are disproportionately more restrictive for banks than comparable market values or evaluation criteria for any other class of eligible public depositories operating under this article or any other state law. It is the intent of the general assembly that, to the extent practicable, competitive parity among eligible public depositories which existed under applicable law in effect prior to September 1, 1989, should be maintained.

(3) The banking board shall establish procedures to notify each eligible public depository in a timely manner of the obligations and instruments that have been approved for use as eligible collateral and of obligations and instruments that have been deleted from the list of approved eligible collateral. Any eligible public depository utilizing as collateral an obligation or instrument which has been deleted from the list of approved eligible collateral shall, within three business days of receiving notice of the deletion or within such longer period as prescribed by the banking board, remove it from its portfolio of collateral and substitute sufficient other obligations or instruments that are approved for use as eligible collateral to properly secure public funds as required by this article.

(4) (a) The banking board shall by rule establish criteria and procedures for reducing or removing any uninsured public funds deposited in an eligible public depository if said depository fails to comply with the capital or safety and soundness standards established by the banking board.

(b) The banking board shall require an eligible public depository to increase, substitute, add to, or modify the amount or type of eligible collateral held to secure any uninsured public funds so that the collateral is adequate to fully protect the public funds if the capital or financial condition of the eligible public depository fails to comply with the capital or safety and soundness standards established by the banking board. The banking board shall establish such procedures as may be necessary to ensure that all collateral held pursuant to an action taken under this paragraph (b) is characterized by the highest degree of marketability and liquidity so that, in the event of default, all public deposits may be promptly and fully repaid.

(5) As an ongoing requirement of designation as an eligible public depository, any such depository shall pledge collateral having a market value in excess of one hundred two percent of the aggregate uninsured public deposits.

(6) An eligible public depository shall remove any obligation or instrument pledged as eligible collateral if the banking board determines that the obligation or instrument has failed in some manner to meet the criteria required by this section and shall substitute another obligation or instrument of eligible collateral that is satisfactory to the banking board.

**11-10.5-108. Collateral - where held - right of substitution - income derived.**

(1) (a) Eligible collateral shall be held as provided in this article or by rules and regulations of the banking board. Eligible collateral shall be held in the custody of any bank, including a federal reserve bank, or any depository trust company which has been approved by the banking board to hold eligible collateral and is supervised by the banking board, or an equivalent governmental agency responsible for the regulation of banks in the state in which such bank or depository trust company is located.

(b) An eligible public depository which has its own trust department may make application to the banking board to be allowed to segregate its required eligible collateral from the other assets of the eligible public depository and to hold such collateral in its own trust department under such conditions as the banking board shall prescribe by rule and regulation. The banking board may require an eligible public depository that is holding its own eligible collateral in its own trust department to cease doing so and to have the eligible collateral held by some other entity authorized to hold collateral by paragraph (a) of this subsection (1). Any eligible public depository which holds collateral for any other eligible public depository and which is granted permission by the banking board to hold its own collateral as well shall at all times keep the collateral held for each such eligible public depository segregated.

(2) Under circumstances where eligible collateral is maintained as required by this article, and where such eligible collateral is not held by the eligible public depository's own trust department, each eligible public depository shall provide in a written deposit or pledge agreement between the said eligible public depository and the custodian of the collateral, or

in such other manner as shall be prescribed by the banking board by rule and regulation, that:

(a) In the event of default or insolvency of the eligible public depository for which the collateral is held, the custodian shall surrender such collateral to the banking board; and

(b) The custodian shall make available to the banking board the eligible collateral and any books, records, and papers pertaining thereto for any examination or other reason necessary for the administration of this article.

(3) An eligible public depository may at any time make substitutions of eligible collateral maintained or pledged for the purposes of this article pursuant to collateral substitution procedures established by the banking board and shall at all times be entitled to collect and retain all income derived from such collateral without restriction. The privilege granted under this subsection (3) may be suspended or revoked by the banking board if the eligible public depository has become the subject of increased regulatory oversight as a result of its failure to maintain capital standards required by the banking board for the holding of public funds.

**Editor's note:** This section is similar to former § 11-10.5-109 as it existed prior to 1989.

**11-10.5-109. Verification of collateral held - reports required.** (1) Each eligible public depository shall submit reports at least monthly to the banking board in such format as the banking board may prescribe. Such report shall demonstrate that the eligible public depository is in full compliance with the provisions of this article. In addition, each eligible public depository shall submit copies of its quarterly call reports to the banking board thirty days after the close of each fiscal quarter.

(2) The board of directors of an eligible public depository shall cause an annual audit to be completed at least annually, but at intervals of not more than fifteen months, by an independent accounting firm composed of certified public accountants or a director's examination by a public accountant or any other independent person or persons as determined by the banking board. The banking board shall adopt regulations regarding the qualifications of such public accountant and other independent person or persons who shall assume the responsibility for due care in such directors' examinations. The banking board's regulations shall also establish the scope of such directors' examinations which shall include safeguards to insure that such examinations adequately describe the financial condition of the financial institution. Such independent audit or directors' examination shall be completed and submitted to the banking board within the time lines the banking board requires. Such audits or directors' examinations shall include, but shall not be limited to, the following information:

- (a) The official custodian on whose behalf any public funds are held;
- (b) The name and address of each such official custodian;
- (c) The amount of public funds on deposit for each such custodian;
- (d) The amount of federal deposit insurance coverage for each such official custodian;
- (e) The eligible collateral pledged for aggregate uninsured public deposits and the market value of such eligible collateral; and
- (f) Any other information which may be required by the banking board by rule and regulation.

(3) The banking board may examine all public deposits held by and all eligible collateral required to be maintained by an eligible public depository, and all books, records, and papers pertaining thereto.

(4) Each eligible public depository shall be assessed reasonable expenses by the banking board to meet the costs of any examinations made in accordance with the provisions of this section.

**11-10.5-110. Procedures when event of default occurs.** (1) When the banking board has determined that an eligible public depository has experienced an event of default, the banking board shall proceed in the following manner:

(a) The board shall seize and take possession of all eligible collateral belonging to or held on behalf of the defaulting depository from wherever such eligible collateral is held.

(b) The board shall ascertain the aggregate amounts of public funds held by the defaulting depository as disclosed by the records of such depository. The board shall determine for each official custodian for whom public funds are held by the defaulting depository the accounts and the amount of federal deposit insurance that is available for each account. It shall then determine for each such official custodian the amount of uninsured public funds and the eligible collateral that is pledged to secure such funds. Upon completion of this analysis, the board shall provide each such official custodian with a statement that reports the amount of public funds held by the defaulting depository in his behalf, the amount that may be protected by federal deposit insurance, and the amount that is safeguarded by eligible collateral as required by this article. Each such official custodian shall verify this information from his records within ten working days after receiving the report and information from the banking board.

(c) Upon receipt of a verified report from such official custodian and if the defaulting eligible public depository is to be liquidated or otherwise removed from status as an eligible public depository, the banking board shall proceed to liquidate all eligible collateral held for the safeguarding of public deposits and shall repay each official custodian for the uninsured public deposits held by the depository in his behalf.

(2) In the event that a federal deposit insurance agency is appointed and acts as liquidator or receiver of any eligible public depository under state or federal law, those duties under this article that are specified to be performed by the banking board in the event of default may be delegated to and performed by the said federal deposit insurance agency. Any liquidation occurring under the provisions of this section shall conform to the procedures established in section 11-103-804.

**Source:** L. 89: Entire article R&RE, p. 600, § 1, effective September 1. L. 2003: (2) amended, p. 1206, § 6, effective July 1.

**Editor's note:** This section is similar to former § 11-10.5-113 as it existed prior to 1989.

**11-10.5-111. Public funds to be deposited only in eligible public depositories - responsibilities of official custodians and eligible public depositories - penalty.**

(1) Any official custodian may deposit public funds in any bank which has been designated by the banking board as an eligible public depository. It is unlawful for an official custodian to deposit public funds in any bank other than one that has been so designated.

(2) Each official custodian shall inform an eligible public depository that the public funds on deposit are subject to the provisions of this article before entering into a depository agreement with the eligible public depository. It is the responsibility of the official custodian to maintain documents or other verification necessary to properly identify the public funds which are subject to the provisions of this article.

(3) The division, in consultation with the state treasurer and the state controller, shall establish the necessary controls to ensure the proper identification of public depository accounts.

(4) (a) An official custodian who acted in good faith in selecting, designating, or approving any eligible public depository for the deposit of public funds shall not be liable

for any loss of public funds deposited in an eligible public depository if such loss is caused by the occurrence of an event of default of such eligible public depository.

(b) Any official custodian who violates the provisions of this article is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than two hundred dollars nor more than five hundred dollars, which fine shall be mandatory and may not be reimbursed nor paid by the public unit. Upon any such conviction, the court may adjudge that the official custodian be removed from public office.

(c) Any director, bank officer, or manager who knowingly violates the provisions of this article is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than two hundred dollars nor more than two thousand dollars, which fine shall be mandatory.

(5) It is unlawful for any director, bank officer, or manager of any bank to accept or receive any public funds while such bank is insolvent or while under verbal or written order from the banking board not to accept or receive any public funds.

(6) Notwithstanding any other provision of this section to the contrary, nothing shall be construed to prevent a bank which is an eligible public depository operating pursuant to the provisions of this article from being or acting as an agent on behalf of any official custodian for the purposes of making investments as authorized by part 6 of article 75 of title 24, C.R.S. Any such bank shall maintain such accounting records as are necessary to readily distinguish between the activities authorized by said part 6 and the purposes of the public deposit protection requirements imposed upon it as a condition of being an eligible public depository. The banking board may promulgate such rules and regulations as it deems necessary to ensure that the activities authorized under part 6 of article 75 of title 24, C.R.S., and the protection of public funds pursuant to this article are not commingled.

**11-10.5-112. Annual fees and assessments.** (1) There is hereby created in the state treasury the public deposit administration fund. The fund shall consist of moneys required to be credited to the fund pursuant to subsection (2) of this section and all interest earned on the investment of the moneys in the fund. Any such interest shall be credited at least annually to said fund. Moneys in the fund shall be subject to appropriation by the general assembly to the banking board to be used solely for the administration and enforcement of the provisions of this article. No moneys shall be appropriated from the general fund for payment of any expenses incurred under this section, and no such expenses shall be charged against the state.

(2) Every eligible public depository shall be assessed an annual fee in an amount established by the banking board for the costs of enforcement and administration of this article. Such fees shall fairly and equitably apply to all eligible public depositories calculated according to the proportion of aggregate public funds that each depository holds in relation to the total of all aggregate public deposits held by all eligible public depositories for each annual period for which they were eligible public depositories. The banking board shall transmit such fees to the state treasurer who shall credit the same to the public deposit administration fund.

(3) All fees assessed against an eligible public depository in accordance with the provisions of section 11-10.5-109 (4) shall be transmitted to the state treasurer who shall credit the same to the public deposit administration fund.

(4) In setting fees, the banking board shall apply the standards imposed on boards and commissions of the division of professions and occupations in the department of regulatory agencies for determining the amount of fees pursuant to the provisions of section 24-34-105 (2) (b) and (2) (c), C.R.S.

**11-24-102. Common trust funds established and operated.** Any bank or trust company qualified to act as fiduciary in this state may establish and operate, alone or jointly with another bank or trust company qualified to act as fiduciary in this state, common trust funds for the purpose of furnishing investments to itself as fiduciary, to itself and others as cofiduciaries, to other banks or trust companies as fiduciaries, or to other banks or trust

companies and others as cofiduciaries. Such fiduciary or cofiduciary may invest funds which it lawfully holds for investment in interests in such common trust funds, if such investment is not prohibited by the instrument, judgment, decree, or order creating such fiduciary relationship, and if, in the case of cofiduciaries, the bank or trust company procures the consent of its cofiduciaries to such investment. Any person acting as cofiduciary with any such bank or trust company is hereby authorized to consent to the investment in such interests. In determining whether the investment of funds received or held by a bank or trust company as fiduciary in a common trust fund is proper, the bank or trust company may consider the common fund as a whole and shall not be prohibited from making such investment because of any particular asset.

**11-24-103. Exclusive management and control.** Any bank or trust company maintaining one or more common trust funds shall have the exclusive management and control of each common trust fund administered by it and the sole right at any time to sell, convert, exchange, transfer, or otherwise change or dispose of the assets comprising same. Notwithstanding any other provision of law, such bank or trust company may deposit investments of a common trust fund, which investments are securities, with a clearing corporation or with a federal reserve bank pursuant to part 5 of article 1 of title 15, C.R.S., for the account of the bank or trust company and such investments shall be deemed for the purposes of this article to be in the custody of such bank or trust company.

**11-24-107. Fiduciary defined.** The word "fiduciary", whenever used in this article, means a bank or trust company undertaking to act alone or jointly with others primarily for the benefit of another or others in all matters connected with its undertaking and includes personal representatives [including executors, administrators, administrators with the will annexed (cum testamento annexo), administrators in succession acting under a will (de bonis non), ancillary administrators acting under a will, and ancillary executors], special administrators, guardians, conservators, trustees, whether of express or implied trusts,

custodians under the “Colorado Uniform Transfers to Minors Act” (notwithstanding anything in said act which may be interpreted as contrary to this grant of authority), assignees, receivers, managing agents, as defined in this section, and any other person acting in a similar capacity. “Managing agent” means a fiduciary acting in the fiduciary relationship assumed upon the creation of a relationship which confers investment discretion on the fiduciary, but as to which the technical legal relationship is that of agent and principal.

**11-30-101. Definitions - organization - charter - investigation.** (1) (a) A credit union is a cooperative association, incorporated pursuant to this article for the twofold purpose of promoting thrift among its members and creating a source of credit for them at fair and reasonable rates of interest.

(b) As used in this article:

(I) "Board" means the financial services board, created in section 11-44-101.6.

(I.1) "Commissioner" means the state commissioner of financial services.

(II) "Division" means the division of financial services created in section 11-44-101.

(2) A credit union may be organized in the following manner:

(a) Any eight or more residents of the state of Colorado who meet the membership requirements of section 11-30-103 (2) may execute, in a number of copies to be specified by the commissioner, articles of incorporation setting forth therein the terms by which they agree to be bound. The articles shall state the name and address of the proposed credit union; the names and addresses of the incorporators; the number of shares subscribed by each incorporator; and the term of existence of the corporation, which may be perpetual.

(b) The incorporators shall prepare, in a number of copies to be specified by the commissioner, proposed bylaws for the governing of the credit union, consistent with the provisions of this article, on standard forms approved by the commissioner and shall define therein the proposed eligibility requirements for membership.

(c) The proposed bylaws shall further set forth: The classes of shares which the credit union is authorized to issue; if such shares are to consist of one class only, the par value of each of the shares or a statement that all of the shares are without par value, or, if the shares are to be divided into classes, a statement of the par value of the shares of each such class or that the shares are to be without par value. In addition, if the shares are to be divided into classes, the bylaws shall designate each class and a statement of its preferences, its limitations, and its relative rights with respect to the shares of each other class.

(3) (a) An application in such form as may be prescribed by the commissioner together with the articles of incorporation and the bylaws shall be filed with the commissioner, in a number of copies to be specified by the commissioner, upon the payment of a filing fee, as determined from time to time by the commissioner, to cover the reasonable and necessary expense to the division attributable to such application. Within thirty days after such filing and payment of such fee, the commissioner shall determine whether the same conform to the provisions of this article and whether such a credit union would benefit the members and proposed members thereof, consistent with the purposes of this article, the general character and fitness of the incorporators, and the economic advisability of establishing the proposed credit union. Except for a community charter application, which application shall be submitted to the board for hearing pursuant to section 11-30-101.7, the commissioner may approve or deny an application without notice and hearing.

(b) The commissioner shall make or cause to be made an investigation to determine whether the incorporators and organizers are qualified and whether their qualifications and financial experience are consistent with their responsibilities and duties. An investigation shall also be conducted to determine if an incorporator or organizer has been convicted of any criminal activity. The commissioner may establish by rule the content of such investigations and what, if any, investigations by other agencies or authorities may be treated as substantially equivalent to and accepted in lieu of an investigation by the commissioner.

(4) Upon approval of an application and documents by the commissioner, or by the board with respect to a community charter application, the commissioner shall issue a certificate of approval, in a number of copies equal to the number of copies of the articles

of incorporation required to be filed pursuant to subsection (2) (a) of this section as specified by the commissioner, and attach a copy thereof to each copy of the said articles of incorporation. The incorporators shall then file approved articles with the secretary of state, and a copy of the articles, certified by the secretary of state, shall be filed with the commissioner. The incorporators shall pay to the secretary of state a fee for filing the articles of incorporation and a fee for certifying the copy of articles of incorporation furnished by the incorporators for filing with the commissioner, both fees to be determined and collected pursuant to section 24-21-104 (3), C.R.S.

(5) After the said certified copy of articles of incorporation have been filed with the commissioner, he shall issue a charter for such credit union, at which time the credit union shall become a body corporate having the powers enumerated in section 7-103-102, C.R.S., except as otherwise provided or limited in this article.

(6) The bylaws approved by the commissioner shall then be adopted by the initial board of directors of the credit union.

#### ANNOTATION

**Law reviews.** For note, "Colorado Interest Law", see 34 Dicta 398 (1957).

**11-30-101.7. Hearing procedures for community field of membership credit unions.** (1) An application for a community field of membership shall be subject to approval by the board after the required notice and hearing requirements in this section are met.

(2) Upon submission by the commissioner, pursuant to section 11-30-101 (3), of a community field of membership application, the board shall hold a public hearing to consider the application. Such hearing shall be set by the board within six months after receipt of an application from a group that is subject to the requirements of this section; except that the board may postpone such hearing for valid reasons and good cause.

(3) The board shall give notice of a hearing on a community field of membership application at least thirty days before the hearing date, by registered or certified mail, to the principal office of each credit union, savings and loan association, bank, or industrial bank within the neighborhood, community, or rural district sought to be served by the proposed community credit union, and to such other persons or credit unions, savings and loan associations, banks, or industrial banks as the board may designate. Such notice shall be in the form prescribed by the board and shall include the names of the incorporators, the name and location of the proposed community credit union, the date, time, and place of the hearing, and a statement that the application and proposed or amended articles of incorporation and proposed bylaws are available for inspection in the office of the board. The board shall also cause such notice to be published at least once, not less than twenty days prior to the hearing date, in a newspaper of general circulation within the neighborhood, community, or rural district in which the proposed credit union is to be located. Notwithstanding any other provisions in this section to the contrary, if the board has given the required notice of a hearing and as of the tenth day prior to the hearing has received no written protest against such application, the board may grant such community field of membership without a hearing if the applicants are known to the board.

(4) On hearing, the board may admit into evidence the application and any other relevant information in the files of the division. The applicant and all others who receive

notice by registered or certified mail pursuant to subsection (3) of this section shall be entitled to be heard and to introduce testimony at such hearing. The board may entertain such evidence or testimony from others as the board determines, in its sole discretion, to be necessary.

(5) Within ninety days following the conclusion of a hearing, the board shall issue a written order granting a community field of membership if the board finds:

(a) That the application, articles of incorporation, and bylaws conform to the provisions of this article and any rules promulgated by the board;

(b) That the credit union would benefit its members or proposed members, consistent with the purposes of this article, that the general character and fitness of the incorporators is appropriate, and that it is advisable from an economic standpoint to establish the proposed credit union;

(c) That the neighborhood, community, or rural district is politically, geographically, socially, or economically well-defined; and

(d) That the members of other credit unions within the neighborhood, community, or rural district are specifically excluded from membership, except as otherwise provided by the board for good cause.

(6) A credit union seeking to establish a community field of membership as part of a conversion from a federal to a state charter is subject to the notice and hearing requirements of this section.

**11-30-102. Bylaws of credit unions.** The commissioner shall cause to be prepared a standard form of bylaws, consistent with this article, to be issued to all credit unions. All credit unions shall operate under the standard bylaws; except that each such credit union, subject to the approval of the commissioner, shall propose its own name, its field of membership, the number of members of its board of directors, its credit committee, its supervisory committee, provisions relative to times and places of meetings of the membership and of the board of directors, provisions relative to the conduct of elections and balloting of the credit union, and modifications of the standard bylaws deemed appropriate by the board of directors for the operation of the individual credit union. Any and all amendments to the bylaws shall be approved by the commissioner before they become operative.

**11-30-103. Membership.** (1) Credit union membership shall consist of the incorporators and any other persons and organizations which are elected to membership and which pay any entrance fee. Organizations, incorporated or otherwise, composed for the most part of the same general group as the credit union membership may be members. A central credit union may be organized under this article and may have a membership made up principally of other credit unions organized pursuant to this article or any credit unions authorized to operate within the state of Colorado, and such membership may also include the officers and committee members of such credit unions, members or persons within the field of membership of credit unions within the state which have entered into or are about to enter into voluntary or involuntary liquidation proceedings, and small groups which the commissioner determines lack the potential membership to organize their own credit union if

such groups have a common bond of employment or association.

(2) Credit union organization and membership, other than those of a central credit union, shall be limited to groups having a common bond of employment or association or groups which reside within a well-defined neighborhood, community, or rural district having a population of no more than twenty-five thousand or as otherwise authorized by the board. Small groups which the commissioner determines to lack the potential membership to organize their own credit union may be eligible for membership in an existing credit union if such small groups have a common bond of employment or association. A member of the immediate family of any person who, under the provisions of this article, is eligible for membership in a credit union may also be admitted to membership therein. "Immediate family" means persons related by blood, by marriage, or by adoption.

(3) A member who leaves the field of membership of the credit union may retain membership in the credit union as provided by the bylaws of the credit union.

(4) Except as to accounts, which are defined in and which shall be paid as provided for in article 15 of title 15, C.R.S., nothing in this article shall be construed to prohibit credit unions organized under this article from carrying membership accounts in the names of two or more persons in joint tenancy; and, if any credit union transacting business in this state issues shares and deposits in the names of two or more persons payable to them or to any of them, such shares and deposits, or any part thereof or any interest or dividend thereon, may be paid to any one of said persons whether the others are living or not, and the receipt or acquittance of the person so paid shall be a valid and sufficient discharge to the credit union from all of said persons and their heirs, executors, administrators, and assigns, and such shares and deposits shall be deemed to be owned by said persons in joint tenancy with the right of survivorship.

#### ANNOTATION

The general assembly's use of the phrase "or" in subsection (2) in the phrase "limited to groups having a common bond of employment ... or groups which reside within a well-defined community" is ambiguous with respect to whether a credit union must choose between an employment-based group or a community or whether the credit union can include both in a field of membership. *Colonial Bank v. Colo. Fin. Servs. Bd.*, 961 P.2d 579 (Colo. App. 1998).

It is permissible to interpret this section in a manner that allows the approval of a credit

union that combines both community and employment-based fields of membership. *Colonial Bank v. Colo. Fin. Servs. Bd.*, 961 P.2d 579 (Colo. App. 1998).

Expert testimony provided substantial evidence to support the board's finding that the south metro Denver area constituted a well-defined community pursuant to subsection (2). *Colonial Bank v. Colo. Fin. Servs. Bd.*, 961 P.2d 579 (Colo. App. 1998).

**11-30-103.5. Branches.** Any credit union with a common bond consisting of groups residing within a well-defined neighborhood, community, or rural district having a population of greater than one hundred thousand shall be limited to one additional branch office until January 1, 1997.

**Source:** L. 93: Entire section added, p. 1445, § 4, effective June 6.

**11-30-104. Powers.** (1) A credit union has the following powers to:

(a) Receive the savings of its members either as payment on shares or as deposits, including the right to conduct Christmas clubs, vacation clubs, and other such thrift organizations or plans within the membership;

(b) Make loans to its members;

(c) Make loans to other credit unions as provided in this article;

(d) Deposit in state and national financial institutions insured by an agency of the federal government and to invest in the shares and deposits of the central credit union organized pursuant to this article;

(e) Invest in any of the following: Obligations of the United States or securities guaranteed or insured by any agency of the United States; obligations of any state or territory of the United States, or of any political subdivision or instrumentality thereof, except revenue obligations issued to provide, enlarge, or improve electric power, gas, water, or sewer facilities, or any combination thereof, issued by any city or town, or other similar municipal corporation having a population of less than five thousand persons, as determined by the latest federal decennial census; and, to an extent which shall not exceed ten percent of its shares, deposits, and undivided earnings, in shares of mutual funds or investment companies, stocks, bonds, or other securities of any corporation or religious or educational organizations, as may be approved as prudent and sound by the commissioner;

(f) Borrow money as provided in section 11-30-115;

(g) Apply for and hold membership in a central credit union organized pursuant to this article, in any other central credit union authorized to transact business in this state, and in any organization or association of credit unions;

(h) Acquire, through purchase or other lawful transactions, and to hold title to real and personal property necessary and incidental to the operation of the credit union, and to sell, mortgage, or otherwise dispose of the same;

(i) Exercise such incidental powers as shall be necessary to enable it to carry on effectively the business for which it is incorporated;

(j) Upon the written approval of the commissioner, engage in any activity in which such credit union could engage were it operating under a federal charter at the time, provided such activity is not prohibited by the laws of this state;

(k) Sell all or any portion of its assets and purchase all or any portion of the assets of another credit union and assume the liabilities of the selling credit union and its field of membership, subject to the approval of the commissioner;

(l) Allow shares and deposits to be paid for, transferred, and withdrawn for payment to the account holder or to third parties in such manner and with such procedures as may be established by the board of directors. This paragraph (l) shall apply only with respect to share draft accounts in which the entire beneficial interest is held by one or more individuals or members or by an organization which is operated primarily for religious, philanthropic, charitable, educational, or other similar purposes and which is not operated for profit.

(m) Make loans to, or permit the assumption of loans by, officers or employees of the division who are members of the credit union;

(n) Participate with other credit unions, credit union organizations, or financial organizations in making loans to credit union members when the borrower is a member of either the credit union originating the loan or the credit union purchasing a participation interest in the loan;

(o) Act as trustee or custodian of individual retirement accounts for the credit union's members authorized by federal or state law or as trustee or custodian of any plan established pursuant to the federal "Self-Employed Individuals Tax Retirement Act of 1962", as amended, or the federal "Employee Retirement Income Security Act of 1974", as amended, if a significant portion of the participants in any such plan are eligible for membership in the credit union and the funds held in the trustee or custodial capacity are invested in the credit union's shares or deposits;

(p) Act as fiscal agent for and receive payments on shares and deposits from nonmember units of the federal government or the state of Colorado or any agency or political subdivision thereof;

(q) Receive payment on deposits from nonmember financial institutions which are supervised under the laws of this state, the United States, or another state or territory of the United States.

(2) As authorized pursuant to section 10-2-601 (2), C.R.S., a credit union may, pursuant to federal law or under such rules as may be adopted by the financial services board or the commissioner of insurance pursuant to section 10-2-601, C.R.S., act as the agent, through the credit union or any credit union service organization, for any insurance company authorized to do business in this state by soliciting and selling insurance and collecting premiums on policies issued by such company. For such services, a credit union or credit union service organization may receive such fees or commissions as may be agreed between such entity and the insurance company.

**11-30-105. Exclusive right to use “credit union” in title.** A credit union organized in accordance with the provisions of this article, or in accordance with the laws of the United States or the laws of another state or territory of the United States, has the exclusive right to use the words “credit union” in its name or title; but an association composed of credit unions transacting business in this state may use the words “credit union” in its name or title. Any other person, association, corporation, or partnership using the words “credit union” in its name or title is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than sixty days, or by both such fine and imprisonment.

**11-30-106. Examinations - reports - powers of commissioner.** (1) (a) Credit unions shall be under the supervision of the commissioner. Every credit union shall be examined by the commissioner at least once during any eighteen-month period. The commissioner shall assess each credit union an amount to cover the expenses of the division attributable to the supervision of state-chartered credit unions subject to the commissioner’s jurisdiction. The amount assessed shall be determined according to a schedule or schedules or any other method established by the commissioner to be appropriate, but the assessment shall be at the same rate for all credit unions; except that the commissioner may establish a separate rate schedule for corporate and central credit unions. The commissioner may waive the payment of all or a portion of the assessment with respect to the year in which a charter is issued or cancelled or in which a final distribution is made in liquidation.

(b) The commissioner shall establish the division’s annual assessment to be collected at least semiannually in such amounts as are sufficient to generate the moneys appropriated by the general assembly to the division for each fiscal year.

(c) Repealed.

(2) Annually, every credit union shall file a financial report with the commissioner on a date established by the commissioner, in a form prescribed by the commissioner. Said commissioner may require that additional reports be filed. For failure to file a report when due, unless excused for cause, a credit union shall pay to said commissioner a penalty, as prescribed by regulation, for each day of delinquency in filing.

(3) The board may issue rules and regulations necessary for the administration and enforcement of this article and shall reference the same to the sections of this article to which they apply. Such rules and regulations shall be promulgated pursuant to the provisions of article 4 of title 24, C.R.S., and a copy of such rules and regulations and of each order shall be mailed to each credit union in this state at least thirty days prior to the effective date thereof, except as to temporary or emergency rules.

(4) Except in cases where there is a statutory right to appeal to the board, any person aggrieved and directly affected by a final order of the commissioner may obtain judicial review thereof by filing an action for review with the Colorado court of appeals pursuant to section 24-4-106 (11), C.R.S., within thirty days after the date of issuance of such order.

(5) The commissioner has the power to charge off the whole or any part of any asset of any credit union which could not be lawfully acquired by it and to reduce the value of any asset of a credit union to its market value or to a reasonable value, if no market value can be established. If the losses of a credit union exceed its undivided earnings and reserve funds so that the reasonable value of its assets is less than the total amount due the shareholders, the commissioner may order a reduction in the liability to each shareholder, dividing the loss proportionately among all shareholders. Any reduction from each share account shall be a specified percentage sufficient to correct the impaired condition and preserve the solvency of the credit union. If thereafter the credit union shall realize from such assets a greater amount than that fixed by the order of reduction, such excess shall be divided proportionately among the shareholders to whom liability was previously reduced but only to the extent of such reduction.

(6) The commissioner has the power to issue subpoenas and require attendance of any and all officers, directors, agents, and employees of any credit union and such other witnesses as he may deem necessary in relation to its affairs, transactions, and conditions, and may require such witnesses to appear and answer such questions as may be put to them by the commissioner, and may require such witnesses to produce such books, papers, or documents in their possession as may be required by the commissioner. Upon application of the commissioner, any person served with a subpoena issued by him may be required, by order of the district court of the county where the credit union has its principal office, to appear and answer such questions as may be put to him by the commissioner and be required to produce such books, papers, or documents in his possession as may be required by the commissioner.

(7) The commissioner may issue cease-and-desist orders if the commissioner determines from competent and substantial evidence that a credit union is engaged or has engaged, or when the commissioner has reasonable cause to believe the credit union is about to engage, in an unsafe or unsound practice or is violating or has violated, or when the commissioner has reasonable cause to believe the credit union is about to violate, a material provision of any law or regulation or any condition imposed in writing by the commissioner or any written agreement made with the commissioner. Any person aggrieved by a final order of the commissioner issued pursuant to this section may appeal such order to the financial services board pursuant to section 11-44-101.8.

(8) (a) (I) The commissioner may suspend or remove any director, officer, or employee of a credit union when the commissioner determines such person has:

(A) Violated the provisions of this article or a lawful regulation or order issued thereunder;

(B) Engaged or participated in any unsafe or unsound practice in the conduct of credit union business;

(C) Committed or engaged in any act, omission, or practice which constitutes a breach of fiduciary duty to the credit union, and the credit union has suffered or will probably suffer financial loss or other damage, or the interests of members or account holders may be seriously prejudiced thereby; or

(D) Received financial gain by reason of a violation, practice, or breach of fiduciary duty that involved personal dishonesty or demonstrated a willful or continuing disregard for the safety or soundness of the credit union.

(II) The commissioner may suspend or remove any director, officer, or employee of a credit union who, under the laws of this state, the United States, or any other state or territory of the United States:

(A) Has entered a plea of guilty or nolo contendere to or been convicted of a crime involving theft or fraud that is classified as a felony; or

(B) Is subject to an order removing or suspending such individual from office, or prohibiting such individual's participation in the conduct of the affairs of any credit union, savings and loan association, bank, or other financial institution.

(b) (I) A suspension or removal order shall specify the grounds for the suspension or removal. A copy of the order shall be sent to the credit union concerned and to each member of its board of directors. The commissioner shall send written notice by certified mail, return receipt requested, to any person affected by paragraph (a) of this subsection (8), at least ten days prior to a hearing held pursuant to section 24-4-105, C.R.S., at which the commissioner shall preside.

(II) If the commissioner determines that extraordinary circumstances require immediate action, a person may be suspended or removed under paragraph (a) of this subsection (8) without notice or a hearing, but the commissioner shall conduct a hearing under section 24-4-105, C.R.S., within thirty days after such suspension or removal.

(III) In extraordinary circumstances, upon order of the commissioner, any hearing conducted pursuant to this section shall be exempt from any provision of law requiring that proceedings of the commissioner be conducted publicly. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from the institution.

(IV) Any person who performs any duty or exercises any power of a credit union after receipt of a suspension or removal order under paragraph (a) of this subsection (8) commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

#### ANNOTATION

**Law reviews.** For note, "Colorado Interest Law", see 34 Dicta 398 (1957).

**11-30-106.5. Assessment of civil money penalties.** (1) (a) After notice and a hearing as provided in article 4 of title 24, C.R.S., and after making a determination that no other appropriate governmental agency has taken similar action against such person for the same act or practice, the commissioner may assess and collect a civil money penalty from any person who has violated any final cease-and-desist order issued by the commissioner pursuant to section 11-30-106 (7) or any suspension order issued pursuant to section 11-30-120.

(b) For the purposes of this section, a violation includes, but is not limited to, any

action, by any person alone or with another person, which causes, brings about, or results in the participation in, counseling of, or aiding or abetting of a violation.

(c) In extraordinary circumstances, upon order of the commissioner, any hearing conducted pursuant to this section shall be exempt from any provision of law requiring that proceedings of the commissioner be conducted publicly. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from the institution.

(2) Civil money penalties shall be assessed by written notice of assessment of a civil money penalty served upon the person to be assessed. The notice of assessment of a civil money penalty shall state the amount of the penalty, the period for payment, the legal authority for the assessment, and the matters of fact or law constituting the grounds for assessment. The notice of assessment of a civil money penalty may be appealed to the financial services board pursuant to section 11-44-101.8. On appeal, the board may consider, among other matters, whether the civil money penalty assessed by the commissioner is appropriate considering the financial resources of the person assessed.

(3) In determining the amount of the civil money penalty to be assessed, the commissioner shall consider the good faith of the person assessed, the gravity of the violation, any previous violations by the person assessed, and such other matters as the commissioner may deem appropriate; except that the civil money penalty shall be not more than one thousand dollars per day for each day the person assessed is determined by the commissioner to be in violation of a cease-and-desist order or an order of suspension or removal. Alternatively, the commissioner may assess a civil money penalty for such violation in a lump-sum amount not to exceed fifty thousand dollars.

(4) Civil money penalties assessed pursuant to this section shall be due and payable and collected within thirty days after the notice of assessment of a civil money penalty is issued by the commissioner; except that the commissioner may, in the commissioner's discretion, compromise, modify, or set aside any civil money penalty. If any person fails to pay an assessment after it has become due and payable, the commissioner may refer the matter to the attorney general, who shall recover the amount assessed by action in the district court for the city and county of Denver. Any civil money penalty collected pursuant to this section shall be transmitted to the state treasurer, who shall credit it to the general fund.

**11-30-107. Fiscal year - meetings.** The fiscal year of all credit unions shall end December 31 of each year. The annual meeting shall be held within five months after the close of said fiscal year. Special meetings may be held in the manner indicated in the bylaws. At all meetings a member shall have but a single vote, whatever his share holdings. There shall be no voting by proxy, but a member other than a natural person may cast a single vote through a delegated agent.

**11-30-108. Elections.** At the annual meeting, or by other proper balloting within thirty days before and twenty days after the annual meeting, the credit union members shall elect from the membership a board of directors of not less than five members. A supervisory committee of not less than three members and a credit committee of not less than three members or a credit officer shall be elected by the credit union members or appointed by the board of directors as provided in the bylaws of the credit union. All such persons shall hold office for such terms respectively as the bylaws provide and until successors are elected or appointed and qualify. In addition, one or more alternate members of the credit committee may be elected by the credit union members or appointed by the board of directors to serve in the absence of members of the credit committee. No member shall hold

more than one elected office simultaneously. A record of the names and addresses of the members of the board and such committees, such alternates, and the officers shall be filed with the commissioner within twenty days after their election or appointment.

**11-30-109. Directors and officers - compensation.** (1) At its first meeting after the annual election, the board of directors shall elect from its own number an executive officer, who may be designated as chair of the board or president; a vice-chair of the board or one or more vice-presidents; a treasurer; and a secretary. The offices of secretary and treasurer may be combined into one office known as secretary-treasurer. The persons so elected shall be the executive officers of the corporation. The board of directors shall be responsible for the general management of the affairs of the credit union, and more specifically to:

(a) Act on applications for membership, or to appoint from among the membership of the credit union, one or more membership officers who may act on applications for membership;

(b) Set policies, terms, and conditions under which loans will be available to members, determine interest rates on loans and on deposits, determine whether an interest refund shall be made to members, and declare the rates of any such interest refund and the classes of loans to which such refund shall apply. Any such refund shall be paid from interest income of the credit union and shall be paid only to members who paid interest to the credit union during the period and who were members of record of the credit union at the close of such period, but no refund shall be paid to a member whose loan is delinquent more than the period of time specified by the board of directors.

(c) Fix the amount of the blanket surety bond which shall cover all elected and appointed officials and all employees of the credit union. Such blanket surety bond shall be in an amount equal to the assets of the credit union as of December 31 of the previous year or one million dollars, whichever is less, or in such other amount as may be prescribed by the commissioner.

(d) Declare dividends and, subject to approval by the commissioner, adopt amendments to the bylaws of the credit union;

(e) Determine when any vacancy exists in the board of directors or in the credit committee, and to fill vacancies in the board and in the credit committee until successors are elected or appointed and qualify, and to appoint one or more assistant secretaries or treasurers or both, as needed; and the board may employ an officer in charge of operations whose title shall be either president or general manager, or, in lieu thereof, the board of directors may designate the treasurer or an assistant treasurer to act as general manager and be in active charge of the affairs of the credit union;

(f) Determine the maximum individual share holdings in the credit union and the maximum amount of individual loans which can be made either with or without security;

(g) Have charge of and supervise investments of credit union funds;

(h) Maintain records pursuant to rules promulgated by the financial services board concerning how long records should be retained and in what manner;

(i) Provide for compensation of necessary clerical and auditing assistance requested by the supervisory committee and of loan officers appointed by the credit committee, and to establish any salary which shall be paid to the treasurer or general manager.

(2) The duties of the officers shall be as determined in the bylaws; except that the treasurer shall be the general manager if none has been employed pursuant to paragraph (e) of subsection (1) of this section.

(3) The treasurer may be compensated for his service as treasurer. No other member of the board of directors or of any committee shall, as such, be compensated; except that reasonable health, accident, or similar insurance protection, and the reimbursement of reasonable expenses incurred in the execution of the duties of the position, shall not be considered compensation.

**11-30-110. Credit committee - credit officer.** The credit committee or credit officer shall have the general supervision of all loans to members. Applications for loans shall be on a form approved by the credit committee or the credit officer. At least a majority of the members of the credit committee or the credit officer shall pass and approve or disapprove all loans; except that the credit committee or the credit officer may appoint one or more loan officers and delegate to the same the power to approve or disapprove loans which are within limits prescribed by the credit committee or the credit officer. Each loan officer shall furnish to the credit committee or the credit officer a record of each loan application received by him within seven days after the date of filing of the application. All loans not approved by a loan officer may be considered by the credit committee or the credit officer. No member of the credit committee shall receive any compensation as a loan officer or be employed by the credit union in any other capacity. A credit officer may receive compensation in connection with the performance of his duties. The credit committee shall meet as often as may be necessary after due notice to each member. Vacancies in the credit committee shall be filled pursuant to section 11-30-109 (1) (e).

**11-30-111. Supervisory committee.** (1) The supervisory committee shall:

(a) Make, or cause to be made, a comprehensive annual audit of the books and affairs of the credit union and shall submit a report of the annual audit to the board of directors and a summary of that report to the members at the next annual meeting. The committee shall make or cause to be made such supplementary audits or examinations as it deems necessary.

(b) Make an annual report and submit the same at the annual meeting of the members;

(c) By unanimous vote of the committee if it deems such action to be necessary for the proper conduct of the credit union, suspend any officer or director of the credit union, or any member of the credit committee, and shall call a special meeting of the members of the credit union not less than seven nor more than fourteen days thereafter to act on such suspension. The members at said meeting may sustain any such suspension and remove any such officer, director, or member of the credit committee permanently and elect a successor thereto for the unexpired term of office or may reinstate any such person.

(d) Biennially verify, or cause to be verified, by a random sampling or by verification of all members' accounts, the members' share, deposit, and loan accounts. Such verification may be obtained by either calling in the passbooks, by sending or causing to be sent a statement of account to each member, or by such means as may be specified by the commissioner.

(2) By majority vote, the supervisory committee may call a special meeting of the members of the credit union to consider any violation of any provision of this article, the bylaws, or any rule or requirement of the credit union, by any officer, director, member of any committee, or any member, which the committee deems to be detrimental to the credit union. The supervisory committee shall fill vacancies in its own membership until the next annual election of the credit union.

**11-30-117.5. Share insurance required - confidentiality.** (1) Each credit union shall apply for insurance on its shares and deposits as provided by the national credit union administration board under section 201 of the "Federal Credit Union Act", 12 U.S.C. sec. 1781, or comparable insurance approved by the commissioner. Credit unions with debt and equity capital consisting primarily of funds from other credit unions shall not be subject to the requirements of this section.

(2) Any credit union which is denied a commitment for such insurance shall, within thirty days of such denial, commence steps to liquidate or merge with an insured credit union or shall apply in writing to the commissioner for an extension of time to obtain an insurance commitment. The commissioner shall grant one or more extensions of time to obtain the insurance commitment upon satisfactory evidence that the credit union has made or is making a substantial effort to satisfy the conditions precedent to the issuance of an insurance commitment.

(3) No credit union shall be granted a charter by the commissioner unless such credit union has applied for insurance on its shares and deposits as provided in this section.

(4) Neither the commissioner, the commissioner's deputy, or any other person appointed by the commissioner shall divulge any information acquired in the discharge of the person's duties; except that:

(a) A person specified in the introductory portion to this subsection (4) may divulge information acquired in the discharge of the person's duties if doing so is made necessary by law or under order of court in an action involving the division or in criminal actions;

(b) Any party entitled to appear in a hearing on an application for a community credit union charter shall have access to the applicant's proposed articles or amended articles of incorporation, application for charter, and proposed bylaws;

(c) The commissioner may furnish information as to the condition of a credit union to the national credit union administration board or its successors, a qualified insuring organization, a liquidating agent appointed by the commissioner, a federal home loan bank, a federal reserve bank, the division of banking, the executive director of the department of regulatory agencies, or a department or division of any other state having supervisory authority over credit unions and may accept any report of examination made on behalf of such board, organization, liquidating agent, bank, department, or division;

(d) The commissioner may give records or information in the commissioner's possession to a licensing agency within the department of regulatory agencies relating to possible misconduct by a person or entity licensed by said agency;

(e) The board, the commissioner, and their respective designees may exchange information obtained by the division as to possible criminal violations of any law relating to the activities of a credit union with the appropriate law enforcement agencies; and

(f) Notwithstanding any provision of this article to the contrary, the commissioner may disclose any information in the records of the division or acquired by the commissioner in the discharge of the commissioner's duties that is available from the national credit union

administration board or its successors, or the disclosure of which has been specifically authorized by the board of directors of the credit union to which such information relates. Nothing in this section shall be construed to authorize the board of directors of a credit union to waive any privileges that belong solely to the financial services board, the division, or its employees.

**11-30-118. Dividends.** At such intervals and for such periods of time as the board of directors may authorize and after provision for the required reserves, the board of directors may declare a dividend. Dividends may be paid at various rates on different classes of shares, and dividend credit may be accrued on different classes of shares, as determined by the board of directors. Dividends shall not be paid in excess of available earnings.

**11-30-119. Expulsion or withdrawal of members - deceased members.** (1) Any member may withdraw from the credit union at any time, but notice of withdrawal may be required in the bylaws. The board of directors may expel any member from membership in the credit union if such member fails to comply with the written rules and policies of the credit union as adopted and made available to the membership.

(2) A member shall not be expelled until the member has been informed in writing of the reasons for the expulsion and has had reasonable opportunity to be heard.

(3) All amounts paid on shares or as deposits of an expelled member or withdrawing member, together with any dividends or interest accredited thereto, to the date thereof, as funds become available and after deducting all amounts due from the member to the credit union, shall be paid to such member. The credit union may require sixty days' written notice of intention to withdraw shares and thirty days' written notice of intention to withdraw deposits. Withdrawing or expelled members shall have no further rights in the credit union but shall not, by such expulsion or withdrawal, be released from any remaining liability to the credit union.

**11-30-120. Suspension - liquidation - procedures.** (1) (a) If it appears that any credit union is insolvent, or that it has willfully violated any provision of this article, or that it is operating in an unsafe or unsound manner, the commissioner may issue his order for

such credit union to show cause why its operations should not be suspended until such insolvency, violation, or manner of operation is rectified and afford the credit union an opportunity for a hearing not less than ten days nor more than twenty days after such order. Such order shall be in writing and delivered by registered or certified mail. If the credit union fails to answer such order or if any officer or director or attorney for the credit union fails to appear at the time set for the hearing, the commissioner either may revoke the certificate of incorporation of the credit union or may order the immediate suspension of operations of the credit union, except the collection of payments on outstanding loans or other obligations due the credit union, or both, and may enforce any such order by an action, filed in the district court of the judicial district wherein the principal office of the credit union is located, seeking to enjoin further operations or to appoint a receiver for such credit union.

(b) Any credit union to which an order to show cause has been issued pursuant to paragraph (a) of this subsection (1) may include with any answer or may present at any hearing resulting from such order its proposed plan to continue operations and rectify the insolvency, violation, or manner of operation specified in said order; or the credit union may request that it be dissolved and liquidated and a liquidating agent be appointed by the commissioner. Any credit union may request a stay of execution of any order of the commissioner revoking its certificate of incorporation or suspending its operations by filing an action in the district court for the judicial district in which the principal office of the credit union is located, within ten days after the issuance of such order.

(c) If the commissioner revokes the charter of the credit union, he shall appoint a liquidating agent to liquidate the assets of the credit union pursuant to subsection (3) of this section.

(d) If in the opinion of the board an emergency exists which may result in serious losses to the members, the board may revoke the charter of a credit union and immediately appoint a liquidating agent without notice or a hearing. Notice of the board's emergency determination shall be posted on the premises of the credit union that is the subject of the determination. Within ten days after an emergency determination by the board, the credit union or the directors of the credit union may file an application with the board to rescind such determination. The filing of an application to rescind a determination shall not act as a stay of the board's action pursuant to this subsection (1). The board shall grant the application if it finds that its action was unauthorized and upon granting an application shall rescind its action and restore the credit union to its board of directors. If no application is filed within ten days after the board's emergency determination, all action taken by the board shall be final.

(1.5) (a) The commissioner may appoint himself or herself or a third party as conservator of any credit union and immediately take possession and control of the business and assets of the credit union if the commissioner determines that:

(I) Such action is necessary to conserve the assets of the credit union or to protect the interests of its members from acts or omissions of the existing management;

(II) The credit union, by a resolution of its board of directors, consents to such action;

(III) There is a willful violation of a cease-and-desist order that results in the credit union being operated in an unsafe or unsound manner; or

(IV) The credit union is significantly undercapitalized and has no reasonable prospect of becoming adequately capitalized.

(b) The commissioner may appoint a conservator and take immediate possession of the credit union without prior notice or a hearing; except that, within ten days after the conservator is appointed, the credit union may file an appeal with the board requesting the board to rescind the commissioner's appointment of a conservator. Upon receipt of a timely appeal, the board shall set a date for a hearing and determine whether the commissioner's appointment should be rescinded; except that such appeal shall not act as a stay of the commissioner's action. If the board finds the commissioner's action was unauthorized, the board shall restore control of the credit union to its board of directors. If no appeal is filed within ten days after the commissioner's appointment of a conservator, any action taken by the commissioner shall be final.

(c) In extraordinary circumstances, upon order of the board, any hearing conducted pursuant to this subsection (1.5) shall be exempt from any provision of law requiring that proceedings of the board be conducted publicly. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from the credit union.

(d) The conservator shall have all the powers of the members, directors, officers, and committees of the credit union and shall be authorized to operate the credit union in its own name or to conserve its assets as directed by the commissioner. The conservator shall conduct the business of the credit union and make regular reports to the commissioner until such time as the commissioner has determined that the purposes of conservatorship have been accomplished and the credit union should be returned to the control of its board of directors. All costs incident to the conservatorship shall be paid out of the assets of the credit union. If the commissioner determines that the purposes of the conservatorship will not be accomplished, the commissioner may proceed with the involuntary liquidation of the credit union in the manner described in subsection (1) of this section.

(e) If a conservator is appointed, and is other than the national credit union administration, another approved insurer, or an employee of the division of financial services, the conservator and any assistants shall provide a bond, payable to the credit union and executed by a surety company authorized to do business in this state, which meets with the approval of the financial services board, for the faithful discharge of their duties in connection with such conservatorship and the accounting for all moneys coming into their hands. The cost of such bond shall be paid from the assets of the credit union. Suit may be maintained on such bond by any person injured by a breach of the conditions thereof. This requirement may be deemed met if the financial services board determines that the credit union's fidelity bond covers the conservator and any assistants.

(2) Any credit union may be voluntarily dissolved and liquidated upon majority vote of the entire membership thereof at a meeting especially called for the purpose or at the annual meeting where notice of such proposed action is mailed to the members at least thirty days prior to such meeting. In either event, a copy of the notice shall be delivered to the commissioner not less than ten days prior to such meeting. Any member of a credit union may cast his ballot for or against such dissolution and liquidation by mail within twenty days after such meeting. If a majority of the members of the credit union vote in favor of dissolution and liquidation, the board of directors, within five days after the close of voting, shall notify the commissioner of such action and specify the names and addresses of the directors and officers of the credit union who will conduct the dissolution and liquidation of the credit union. Upon such favorable vote, the credit union shall cease to do business except for the collection of payments on outstanding loans or other obligations due the credit union.

(3) Under any procedure to dissolve and liquidate a credit union pursuant to subsection (1) or (2) of this section, the credit union shall continue in existence for the purpose of discharging its debts, collecting and distributing its assets, and doing all acts required in order to wind up its business, and it may sue and be sued for the enforcement of its debts and operations until its affairs are fully adjusted in liquidation. The assets of the credit union shall be used to pay: First, the expenses incidental to liquidation; second, liabilities due nonmembers; and third, deposits and savings club accounts. Any remaining assets shall be distributed to the members proportionately to the shares held by each member as of the date of dissolution.

(4) Upon the liquidation and distribution of all assets of the credit union which may be reasonably expected to be collectible, the board of directors or the liquidating agent, as the case may be, shall execute in duplicate a certificate of dissolution, prescribed by the commissioner, upon which date the credit union shall cease to exist, and file the same with the secretary of state.

**11-30-120.5. Conversion - state to federal credit union - federal to state credit union.** (1) A credit union organized under the provisions of this article may be converted into a federal credit union by complying with the requirements of this section.

(2) (a) The proposition for such conversion shall first be approved by a majority of the directors of the credit union. If so approved, the proposition shall be submitted to a meeting of its members. The notice of such meeting shall be in writing and may be delivered in person to each member or mailed to each member at the address for such member appearing on the records of the credit union. Such delivery or mailing shall be not more than thirty days nor less than seven days prior to the time of the meeting. Approval of the proposition for conversion shall be by the affirmative vote of not less than two-thirds of the members present and voting at the meeting.

(b) A copy of the minutes of such meeting, verified by the affidavits of the president or vice-president and the secretary of the meeting, shall be filed with the administrator within ten days after the meeting.

(3) Within ninety days after such meeting, the credit union shall take such action as may be necessary under the federal credit union act to convert into a federal credit union, and, within ten days after receipt of the federal credit union charter, there shall be filed with the commissioner a copy of the charter thus issued. Upon such filing the credit union shall cease to be a state credit union.

(4) Upon ceasing to be a state credit union, such credit union shall no longer be subject to any of the provisions of the state law under which said credit union was organized; except that the successor federal credit union, being vested with all of the assets, shall continue to be responsible for all of the obligations of the state credit union to the same extent as though the conversion had not taken place.

(5) A credit union organized under the laws of the United States may be converted into a credit union organized under the laws of this state by complying with all requirements to cease being a federal credit union and doing all acts and obtaining all authorization necessary to organize as a credit union under the provisions of this article.

**11-30-121. Change in place of business.** A credit union may change its place of business to a location outside of the county or city and county in which previously located upon receiving written permission therefor from the commissioner. A credit union may change its place of business within the county or city and county in which previously located by providing written notice of the new address and the effective date of such change to the commissioner.

**11-30-122. Merger.** (1) The method of merger of two or more credit unions shall be as follows:

(a) (I) The board of directors of the continuing and each merging credit union shall:  
(A) Approve a plan for the proposed merger; and  
(B) Authorize representatives of each credit union to act on each credit union's behalf to bring about the merger.

(II) The plan shall include such information as the board deems appropriate.

(b) Upon approval of the merger plan by each board of directors for each credit union involved in the transaction, the merger plan, together with the resolutions of each board of directors, shall be submitted to the board. If the board determines that the merger plan complies with the provisions of this article and any applicable rules thereto, the board may approve the merger plan, subject to such other specific requirements as may be prescribed to fulfill the intended purposes of the proposed merger.

(c) A meeting of the members of each merging credit union involved shall be called for the purpose of considering a merger. Notice of the meeting, including purpose, date, time, place, and ballot of the merger plan shall be given to the entire membership. At such meeting, at least two-thirds of the members present and voting must approve the proposed merger. If any member approves or disapproves the merger by returning a ballot, signed by such member, to the secretary of the credit union at or before the meeting, such ballot for all purposes of this section shall be deemed equivalent to the vote of such member at such meeting, notwithstanding the member is not then present.

(2) The merger shall thereupon be consummated in the following manner:

(a) The duly authorized representatives of each credit union shall execute, in duplicate, a certificate of merger stating:

(I) That the board of directors of each credit union has approved the merger;

(II) That more than two-thirds of the members of each merging credit union have approved the terms and conditions of the proposed merger at a meeting of the members called for that purpose; and

(III) The name and location of the continuing credit union.

(b) The continuing credit union shall prepare and adopt any bylaw amendments required by the board, consistent with the provisions of this article, and execute the same in duplicate.

(c) The certificate above provided for and any required bylaw amendments, both executed in duplicate, shall be forwarded to the board.

(3) (Deleted by amendment, L. 2004, p. 133, § 10, effective July 1, 2004.)

(4) If the board approves the certificate and bylaw amendments, it shall so notify the representatives and shall issue a certificate of approval, attach it to the duplicate certificate of merger, and return the same to the representatives of the participating credit unions together with the duplicate of the bylaw amendments.

(5) The duplicate of the certificate of merger with the board's certificate of approval attached shall be filed with the secretary of state who shall make a record of said certificate and return it, with his certificate of record attached, to the board for permanent record. The fee for said filing shall be determined and collected pursuant to section 24-21-104 (3), C.R.S.

(6) Thereupon the participating credit unions shall be merged in accordance with the provisions of this section. The continuing credit union shall take over the assets and assume all the liabilities of each merging credit union.

(7) A state chartered credit union may merge with a federal credit union provided all requirements outlined in this article and the appropriate federal credit union regulations have been complied with and approval of such proposed merger has been authorized by the board of directors of each credit union involved.

## ANNOTATION

**No exemption as to payment of sales taxes** Southwest Catholic Credit Union v. Charnes, 665 P.2d 626 (Colo. App. 1982).  
is provided to state chartered credit unions.

**11-30-124. Transfer of functions - conforming of statutes.** (1) As of April 11, 1988, the powers, duties, and functions of the state bank commissioner under this article are transferred to the state commissioner of financial services.

(2) On April 11, 1988, all employees of the division of banking whose principal duties are concerned with the powers, duties, and functions transferred to the state commissioner of financial services and whose employment in the division of financial services is deemed necessary by the executive director of the department of regulatory agencies to carry out the purposes of this article are transferred to the division of financial services and shall become employees thereof. Such employees shall retain all rights to state personnel system and retirement benefits under the laws of this state, and their services shall be deemed to have been continuous.

(3) On April 11, 1988, all items of property, real and personal, including office furniture and fixtures, books, documents, and records of the division of banking pertaining to the powers, duties, and functions transferred to the state commissioner of financial services pursuant to this section shall be transferred to the division of financial services and shall become the property thereof.

(4) Whenever the state bank commissioner or the division of banking is referred to or designated by any contract or other document in connection with the powers, duties, and functions transferred to the state commissioner of financial services, such reference or designation shall be deemed to apply to the state commissioner of financial services or the division of financial services, as the case may be. All contracts entered into by the state bank commissioner or the division of banking prior to April 11, 1988, in connection with the powers, duties, and functions transferred to the state commissioner of financial services are hereby validated, with the state commissioner of financial services succeeding to all the rights and obligations of such contracts.

(5) On April 11, 1988, any unexpended appropriations of funds for the current fiscal year made to the division of banking and allocated for the administration and enforcement of this article shall be transferred to the division of financial services. The executive director of the department of regulatory agencies shall have the final authority to determine the allocation of funds for purposes of the transfer under this subsection (5).

(6) The revisor of statutes is authorized to change all references to the state bank commissioner in this article to refer to the state commissioner of financial services and to change all references to the division of banking in this article to refer to the division of financial services.

Alternatives to surety bonds permitted - requirements.** (1) The requirement of a surety bond as a condition to licensure or authority to conduct business or perform duties in this state provided in sections 12-5.5-202 (2) (b), 12-6-111, 12-6-112, 12-6-112.2, 12-6-512, 12-6-513, 12-14-124 (1), 12-59-115 (1), 12-60-509 (2.5) (b), 12-61-907, 33-4-101 (1), 33-12-104 (1), 35-55-104 (1), 37-91-107 (2) and (3), 38-29-119 (2), 39-21-105 (4), 39-27-104 (2) (a), (2) (b), (2) (c), (2) (d), (2) (e), (2.1) (a), (2.1) (b), (2.1) (c), (2.5) (a), and (2.5) (b), 39-28-105 (1), 42-6-115 (3), and 42-7-301 (6), C.R.S., may be satisfied by a savings account or deposit in or a certificate of deposit issued by a state or national bank doing business in this state or by a savings account or deposit in or a certificate of deposit issued by a state or federal savings and loan association doing business in this state. Such savings account, deposit, or certificate of deposit shall be in the amount specified by statute, if any, and shall be assigned to the appropriate state agency for the use of the people of the state of Colorado. The aggregate liability of the bank or savings and loan association shall in no event exceed the amount of the deposit. For the purposes of the sections referred to in this section, "bond" includes the savings account, deposit, or certificate of deposit authorized by this section.

(2) Each appropriate state agency required to accept such bonds, savings accounts, deposits, or certificates of deposit shall promulgate rules and regulations defining the method of assignment, required period of liability, and such other procedures as may be necessary.

(3) All rules adopted or amended by state agencies pursuant to subsection (2) of this section on or after July 1, 1979, shall be subject to section 24-4-103 (8) (c) and (8) (d), C.R.S., and section 24-4-108 or 24-34-104 (9) (b) (II), C.R.S.

## ANNOTATION

The general assembly did not intend that the amount of funds available for reimbursement should vary depending on whether the

security was in the form of a bond or cash alternative. *Western Surety Co. v. Smith*, 914 P.2d 451 (Colo. App. 1995).

**11-35-101.5. Irrevocable letter of credit permitted - requirements.** (1) Where there is the requirement of either an irrevocable letter of credit or a bond as a condition to licensure in sections 12-16-106 (1) and 12-16-218 (1), C.R.S., or where an irrevocable letter of credit is permitted as an alternative to a surety bond, evidence of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, as a condition to licensure or authority to conduct business or perform duties in this state, provided in sections 12-16-105 (5), 12-16-106 (1) (a), 12-16-218 (1) (a), 33-4-101 (1), 33-12-104 (1), 37-91-107 (2), and 39-27-104 (2.1) (c), C.R.S., the requirement shall be satisfied by an irrevocable letter of credit issued by a state or national bank or a state or federal savings and loan association doing business in this state. The requirement shall also be satisfied by an irrevocable letter of credit issued by the bank or banks for cooperatives that are organized pursuant to federal statutes and that serve the region in which the state of Colorado is located. Such letter of credit shall be in an amount specified by statute, if any, and shall name the appropriate state agency as beneficiary, in favor of the people of the state of Colorado.

(2) Each appropriate state agency required to accept such irrevocable letters of credit shall define the method of transferability, the required period of liability, and such other procedures as may be necessary.

(3) Before accepting such irrevocable letters of credit, each appropriate state agency shall determine that the financial institution upon which such irrevocable letter of credit is drawn will be able to make payment upon such letter should it become necessary.

11-38-101. Legislative declaration. (1) The general assembly hereby finds that Colorado’s elderly homeowners should have the opportunity and be permitted to meet their financial needs by accessing the equity in their homes through a reverse mortgage loan transaction.

(2) The general assembly further finds that many restrictions and requirements that exist to govern traditional mortgage loan transactions in Colorado are inapplicable in the context of reverse mortgages and that state law should be clarified to ensure that inapplicability.

(3) The general assembly therefore declares that, in order to foster reverse mortgage transactions and better serve the elderly citizens of this state, it is necessary to enact this article authorizing the making of reverse mortgages and expressly relieving reverse mortgage lenders and borrowers from compliance with inappropriate statutory requirements.

**11-38-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Borrower" means the person receiving cash advances pursuant to the terms of and obligated for repayment of a reverse mortgage. "Person" includes plural as well as singular.

(2) "Independent counseling" means counseling by a person unaffiliated with the lender, including but not limited to a housing counseling agency approved by the United States department of housing and urban development.

(3) "Lender" means a bank, savings and loan association, or credit union organized under the laws of the United States or the state of Colorado or a person who regularly makes loans or advances secured by interests in residential real property.

(4) "Reverse mortgage" means a written instrument evidencing or creating a nonrecourse loan secured by real property which:

(a) Provides cash advances, whether in the form of a lump sum, periodic payments, a line of credit, or other similar methods, or a combination thereof, to a borrower based on the equity in the borrower's owner-occupied principal residence, which periodic payments may be derived from an annuity purchased with such cash advances;

(b) Requires no partial or other payment of principal or interest until the entire loan becomes due and payable; and

(c) Is made by any lender as defined in subsection (3) of this section.

**Source: L. 92:** Entire article added, p. 939, § 1, effective April 23.

**11-38-103. Prepayment.** Payment of a reverse mortgage, in whole or in part, shall be permitted without penalty at any time during the period of such reverse mortgage.

**Source: L. 92:** Entire article added, p. 940, § 1, effective April 23.

**11-38-104. Intervening liens.** All advances made under a reverse mortgage and all interest on such advances shall have priority over any lien arising after recording an instrument evidencing the lien arising from such reverse mortgage with the clerk and recorder of the county where the real property securing such reverse mortgage is located.

**Source: L. 92:** Entire article added, p. 940, § 1, effective April 23.

**11-38-105. Interest - periodic advances.** (1) A reverse mortgage may provide for an interest rate which is fixed or adjustable and may also provide for interest that is contingent on the appreciation in the value of the home securing such reverse mortgage.

(2) If a reverse mortgage provides for periodic advances to a borrower, such advances shall not be reduced in amount or number based on any adjustment in the interest rate on such reverse mortgage.

(3) The interest rate contracted for in any reverse mortgage shall not exceed the loan finance charge rates provided by section 5-2-201, C.R.S., although the effective rate may exceed those rates. Such interest rate shall be calculated on the assumption that the reverse mortgage will be repaid according to the agreed terms and will not be repaid before the end of the agreed term.

**Source: L. 92:** Entire article added, p. 940, § 1, effective April 23. **L. 2000:** (3) amended, p. 1872, § 106, effective August 2.

**11-38-106. Lender default.** Any lender failing to make loan advances as required by the terms of the reverse mortgage, and failing to cure such a default as required by such terms, shall forfeit the right to collect any interest on such reverse mortgage and shall be liable for any civil damages arising from such default. This section shall not apply if the default is by an insurance company which is not owned or controlled directly or indirectly by the lender and the default by the insurance company is pursuant to an annuity purchased by a borrower with reverse mortgage loan advances.

**Source: L. 92:** Entire article added, p. 941, § 1, effective April 23.

**11-38-107. Repayment.** (1) A reverse mortgage may become due and payable upon the occurrence of any one of the following events:

- (a) The home securing the reverse mortgage is sold.
  - (b) The borrower ceases to occupy the home as a principal residence.
  - (c) Any fixed maturity date agreed to by the lender and the borrower is reached.
  - (d) An event occurs which is specified in the terms of the reverse mortgage and which jeopardizes the lender's security.
  - (e) Upon death of the borrower.
- (2) The repayment requirement described in subsection (1) of this section is also expressly subject to the following additional conditions:

- (a) Temporary absences from the home not exceeding sixty consecutive days shall not cause the reverse mortgage to become due and payable.
- (b) Temporary absences from the home exceeding sixty consecutive days but not exceeding one year shall not cause the reverse mortgage to become due and payable so long as the borrower has taken prior action which secures the home in a manner satisfactory to the lender.
- (c) The lender's right to collect reverse mortgage proceeds shall be subject to the applicable statute of limitations for loan contracts pursuant to section 13-80-103.5, C.R.S.; except that the statute of limitations shall commence on the date that the reverse mortgage becomes due and payable.
- (d) Prior to the closing of a reverse mortgage, the lender must prominently disclose any interest or other fees to be charged during the period that commences on the date that the reverse mortgage becomes due and payable and ends when repayment in full is made.

**Source: L. 92:** Entire article added, p. 941, § 1, effective April 23.

**11-38-108. Inapplicability of related statutes.** (1) A reverse mortgage may be made or acquired without regard to the following provisions for other types of mortgage transactions set out in the statutes specified in this subsection (1):

- (a) Any law of this state limiting loan-to-value ratios;
- (b) Prohibitions on balloon payments pursuant to section 5-3-208, C.R.S.;
- (c) Any law of this state limiting interest on interest, the adding of deferred interest to principal, or the compounding of interest;
- (d) Subject to section 11-38-105 (3), interest rate limits under the usury statutes pursuant to sections 5-12-103 and 18-15-104, C.R.S.;
- (e) Any law of this state applicable to insurance or insurance companies under title 10, C.R.S.

**11-38-109. Disclosure - total loan cost.** (1) Any lender making reverse mortgage loans shall provide to a borrower prior to closing on such a loan a written statement of the projected total loan cost rate for all reverse mortgage loans except for reverse mortgage loans subject to federal "Truth in Lending Act", as amended, total annual loan cost disclosure requirements. As used in this section, "total loan cost rate" means the total of all loan costs including, but not limited to, any origination fee, closing costs, servicing fee, insurance premium contingent interest based on appreciation, and the annual interest rate charged on the reverse mortgage balance which is expressed as a single annual average rate of interest. Such statement shall include:

- (a) An explanation of why the total loan cost rate on reverse mortgages is greatest in the early years of the loan and decreases over the term of the loan; and
- (b) A chart or table containing projections of the total loan cost rate at certain anniversary dates during the term of the loan, beginning at the end of year two and

thereafter not more than every four years from the date of the loan to year thirty and utilizing not less than three annual average home appreciation percentages from between zero and ten percent.

**11-38-110. Treatment of reverse mortgage loan proceeds by public benefit programs.** (1) Reverse mortgage loan payments made to a borrower shall be treated as proceeds from a loan and not as income for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(2) Undisbursed funds under a reverse mortgage shall be treated as equity in a borrower's home and not as proceeds from a loan for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(3) This section shall apply to any law relating to means-tested programs of aid provided by this state, including but not limited to supplemental security income, low-income energy assistance, and the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, C.R.S.

**11-40-102. Definitions.** As used in articles 40 to 46 of this title, unless the context otherwise requires:

(1) "Branch" means any office or other place of business in this state operated by an association other than its principal office in this state where subscriptions are sold, taken, or solicited for shares or stock.

(2) "Certificate value" means the aggregate of payments by a certificate holder on shares evidenced by such certificate, plus dividends credited thereto, less withdrawals thereon.

(3) "Commissioner" means the state commissioner of financial services.

(4) "Division" means the division of financial services.

(5) "Domestic savings and loan association" is one organized under the laws of Colorado and complying with the provisions thereof.

(6) "Dues" means the periodic payments made or to be made by a member in the purchase of savings shares.

(7) "Federal savings and loan association" means one organized or chartered under the "Home Owners' Loan Act of 1933", as may from time to time be amended, or under any federal act which may be enacted as a successor act to regulate the organization and operation of associations formerly organized or chartered under said "Home Owners' Loan Act of 1933". Federal savings and loan associations shall not be subject to the provisions of articles 40 to 46 of this title.

(8) "Foreign savings and loan association" means an association or a holding company of an association which is organized under the laws of any other state or nation, except federal savings and loan associations which are organized under the "Home Owners' Loan Act of 1933", and any amendments thereto.

(9) "Free share" means a share not pledged to the association by which issued as collateral security for the repayment of a loan to the owning member.

(10) "Invested capital" means the aggregate of all certificate values, plus the aggregate par value of all permanent stock issued and paid for, if a permanent stock association.

(11) "Loan share" means a share which has been pledged to the association by which issued as collateral security for the repayment of a loan to the owning member.

(12) "Member" means any person owning or having control of an account with an association evidenced by certificate or passbook or any person borrowing from or assuming a loan held by an association or obligated upon a loan held by an association through purchase or otherwise, or a purchaser of property securing a loan held by an association, or a purchaser of property on a contract from an association.

(12.5) "Net worth" includes the sum of all reserve accounts, undivided profits, permanent stock, preferred stock, and surplus, the principal amount of any subordinated debt securities, and any other account or item included as net worth by regulation of the commissioner or by any law, rule, regulation, order, or decision of the federal deposit insurance corporation or its successor or any other state or federal agency that is applicable to federal savings and loan associations.

(13) "Permanent stock" means stock which cannot be withdrawn or the value paid to the holder thereof until all liabilities of the association have been fully liquidated and paid.

(14) "Share" means a unit having a par value of one hundred dollars evidenced by issued certificate, the certificate value of which represents the proportionate interest of a holder in the association.

(15) "Shareholder" means the holder of shares which may be withdrawn upon due and proper notice in accordance with the bylaws or as the laws of the state may provide and the withdrawal or payment of which is not contingent upon the payment of all liabilities of the association.

(16) "Stockholder" means a holder of permanent stock.

(17) "Subordinated debt security" means any note, secured or otherwise, debenture, or other debt security issued by a savings and loan association which is subordinated or junior, on liquidation or otherwise, to any liability or claim of any order or rank, including all claims having the same priority as or a higher priority than savings account holders.

(18) "Tax and loan account" means an account, the balance of which is subject to the right of immediate withdrawal, established for receipt of payments of federal taxes and certain United States' obligations. Tax and loan accounts are not shares, savings or share accounts, savings deposits, or deposit accounts.

#### ANNOTATION

**For a business with characteristics of a savings and loan association,** see *People ex rel.*

*Griffith v. Standard Home Co.*, 59 Colo. 355, 148 P. 869 (1915).

**11-40-104. Fiscal year - closing dates - net earnings.** (1) Each domestic savings and loan association shall have such fiscal year as may be fixed from time to time by resolution of its board of directors, but the fiscal years of all such associations shall be fixed so as to end as of the last day of a calendar month. Every domestic savings and loan association

shall close its books at least once annually as of the close of business on the last day of its fiscal year and may close its books at such other time as may be fixed by resolution of its board of directors. Any reference in this section or elsewhere in articles 40 to 46 of this title to the closing date of an association means the date fixed for the closing of its books as provided in this section. The books and records of every association shall reflect all the accrued liabilities on the above dates.

(2) The net earnings of each period ending on a closing date fixed as provided in this section shall be determined by deducting from gross income of such periods operating and nonoperating expenses and dividends and interest paid to shareholders or depositors. Expenses shall include:

(a) Charges for estimated depreciation and obsolescence of home office building and furniture and fixtures, with contra credits to a depreciation reserve account;

(b) Charges for all losses actually sustained during such periods from the sale of securities, real estate, or other assets or such portion of such losses as have not been charged to reserves pursuant to the provisions of section 11-42-111.

(3) The remaining balance of gross income thus arrived at is the association's net income and shall be available for dividends on permanent stock or be credited to general reserve accounts or the undivided profits account in a manner as provided in section 11-42-111. Provision may be made for an undivided profits account not to exceed five percent of invested capital, unless an excess amount is approved by the commissioner.

(4) No income shall be considered as earned until collected; except that interest due and unpaid may be accrued for a period of not more than six months and considered as earnings.

**11-40-105. File annual reports.** (1) On or before February 1 in each year, every association shall make an annual written report to the commissioner, in a form to be prescribed by the commissioner, of its affairs and operations for the twelve months ending on December 31 of the previous year.

(2) If any association fails to file such report or if any such report is delayed or withheld beyond the day when the report should be so filed, such association shall forfeit and pay the sum of ten dollars for every day such report is withheld or delayed or not completed, and any member of any association or any party in interest may maintain an action in his or her own name to receive such penalty, and the penalty shall be paid to the state treasurer.

(3) (a) Every association, on or before the first day of the third calendar month after the end of its fiscal year, shall mail to each member or may, at its option, publish in a newspaper of general circulation a report in a form prescribed or approved by the commissioner of its financial condition, setting forth a statement of its assets, liabilities, and reserves in the form of a statement of condition.

(b) Paragraph (a) of this subsection (3) shall take effect July 1, 1973, and shall apply to loans or contracts for loans entered into on or after that date. Nothing in this subsection (3) shall be deemed to affect loans or contracts for loans entered into prior to July 1, 1973.

**11-40-106. Annual fees and assessments - fund.** (1) Every domestic savings and loan association operating in this state shall pay to the division of financial services such fees for administration, supervision, and examination as the commissioner may determine sufficient to meet the budget of the division of financial services as appropriated by the general assembly for the fiscal year commencing July 1. The fees shall be determined as follows:

(a) At least semiannually, the commissioner shall assess each association, based on its total assets, to meet the costs of administration, examination, and supervision by the

division for that fiscal year. Such assessments shall be calculated in terms of cents per thousand dollars of total assets but shall in no case exceed in total the costs of administration, examination, and supervision by the division for that fiscal year. The assessment calculation or ratio of the assessment charged to total assets shall be alike in all cases. On or before the dates specified by the commissioner, each association shall pay its assessment.

(b) As of July 1 of each year, the commissioner may estimate a per diem rate to be charged for the examination of each association during the fiscal year. At the conclusion of its examination, each association shall pay the actual cost of the examination, if required by the commissioner.

(c) At least semiannually, the commissioner shall assess each state and federal savings and loan association that has been designated as an eligible public depository, as defined in section 11-47-103 (6), based on its total public deposits held, to meet its share of the division's supervisory costs of monitoring compliance with the provisions of the "Savings and Loan Association Public Deposit Protection Act", article 47 of this title, for that fiscal year. Such assessments shall be calculated in terms of cents per thousand dollars of total public deposits held. The assessment calculation, or ratio of the assessment charged to total public deposits held, shall be alike in all cases. On or before the dates specified by the commissioner, each association shall pay its assessment.

(d) In the same manner as specified in paragraph (b) of this subsection (1), the commissioner may charge any state or federal savings and loan association that has been designated as an eligible public depository, as defined in section 11-47-103 (6), for the actual cost of any examination necessary to assure its compliance with article 47 of this title.

(2) All fees and collections of every kind shall be transmitted to the state treasurer, who shall credit the same to the division of financial services cash fund, which fund is hereby created in the state treasury. All moneys in the fund shall be subject to appropriation by the general assembly for the direct and indirect costs of the activities of the division of financial services. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. Any moneys not appropriated shall remain in the fund and shall not be transferred or revert to the general fund of the state at the end of any fiscal year.

## ANNOTATION

**Law reviews.** For article, "Foreign Savings and Loan Associations Not Doing Business in Colorado", see 16 Colo. Law. 43 (1987).

**11-41-104. Articles of incorporation.** (1) Any five or more persons who are citizens of this state and who may desire to form a corporation for the purpose of carrying on the business of a savings and loan association shall make, sign, and acknowledge, in triplicate, before some officer competent to take the acknowledgment of deeds, a certificate in writing, known as the articles of incorporation, in which shall be stated:

(a) The name of said association, which shall not be identical with that of any other association in this state nor which so resembles the name of any other association as to be likely to lead to confusion as to its identity;

(b) The objects for which the association is formed;

(c) The name of the city or town and county in this state wherein the principal office of the association is to be located;

(d) In the event it is a permanent stock company, the number of shares of permanent stock authorized and the number of shares of permanent stock subscribed for and the amount of cash actually paid in thereon;

(e) The names of the incorporators, their respective occupations and residence addresses, and a statement of the number of shares or amount of stock subscribed by each and the amount of cash paid upon the shares or stock of each;

(f) The kind or classes of shares or stock the association proposes to issue and a statement of all or any of the designations and the powers, rights, qualifications, limitations, or restrictions in respect of any classes of stock or shares of the association;

(g) That the association shall have perpetual existence;

(h) Whether or not cumulative voting shall be allowed in the election of directors;

(i) That, if such is the case, the association is created for the purpose of carrying on part or all of its business beyond the limits of this state;

(j) The number of directors and the names and residences of the directors who shall serve for the first year of its existence and until their successors are elected and qualified;

(k) A statement as to whether the association is organized to issue and sell its shares and otherwise operate as a share association or to accept savings deposits and operate as a deposit association, as provided by the provisions of articles 40 to 46 of this title.

(2) The certificate may also contain any other provisions which the incorporators may see fit to insert for the regulation and conduct of the affairs of the association, the directors, shareholders, and stockholders, or any class of shareholders or stockholders, but such provisions shall not conflict with the provisions of articles 40 to 46 of this title or the laws of the state of Colorado.

(3) The provisions of this section shall be the exclusive authority for the incorporation of a domestic association, and nothing in either section 11-41-121 (1.5) or 11-41-133 (6) shall be construed or interpreted to authorize the organization of a domestic association by a foreign association by incorporation of a charter de novo.

**11-41-106. Approval of articles of incorporation.** The articles of incorporation of any savings and loan association organized under articles 40 to 46 of this title shall not be filed in the office of the secretary of state of the state of Colorado or be received by the secretary of state for filing unless accompanied by a certificate of approval by the commissioner.

**Source:** L. 33: p. 290, § 5. CSA: C. 25, § 8. L. 39: p. 238, § 6. CRS 53: § 122-2-6. C.R.S. 1963: § 122-2-6.

**11-41-107. Documents deposited with commissioner.** (1) Every domestic savings and loan association proposing to incorporate in this state shall first deposit with the commissioner the following documents:

- (a) Two signed and verified copies of the articles of incorporation of the association;
- (b) Two copies of the bylaws of the association;
- (c) Applications signed and verified by a majority of the initial directors of such association, setting forth: Names and addresses of the proposed incorporators, directors, and officers of such association; a statement of the experience and general fitness of the officers and directors to engage in the savings and loan business; an itemized statement of the estimated receipts and expenditures of such association for the first year showing that such association will have a reasonable chance to succeed in the territory in which it proposes to operate; and such other matters as the commissioner may require. Such application shall be accompanied by a fee in the form of a certified check in the amount established by the commissioner, payable to the division of financial services.

(2) Upon receipt of such documents, the commissioner shall immediately examine and investigate into the advisability of issuing a certificate of approval for such association, and he shall issue such certificate of approval if, upon examination, the commissioner finds:

- (a) That the articles of incorporation comply with all the provisions of articles 40 to 46 of this title;
- (b) That the bylaws comply with the provisions of articles 40 to 46 of this title;
- (c) That the provisions of articles 40 to 46 of this title have been complied with;
- (d) That it is expedient and desirable to permit such association to engage in business;
- (e) That the officers and directors have the experience and general fitness to engage in a savings and loan business;
- (f) That the financial program of the association is sound;
- (g) That the association has a probable chance to succeed;
- (h) That its name is not so similar to that of any other association operating in this state as to mislead the public; but the words "the", "and", "mutual", "permanent", and "savings and loan association" shall not themselves constitute such similarity of names as to be likely to mislead the public.

(3) If the commissioner's finding is adverse to the association in any of the particulars recited in subsection (2) of this section, he shall not issue a certificate of approval.

**11-41-108. Refusal of certificate - appeal.** If the commissioner, after an examination, believes for any reason that a certificate of approval should not be issued and refuses to

issue the same, he shall file a written statement with a board consisting of the governor, the attorney general, and the state treasurer of the state of Colorado giving in detail his reasons for such refusal. After notice to all concerned and after a hearing, said board may order the commissioner to issue the certificate of approval or may approve his action in refusing a certificate of approval.

**11-41-109. Certificate of approval - where articles filed.** (1) If the commissioner finds affirmatively for the association upon all the matters set forth in section 11-41-107, he shall issue a certificate of approval under his hand and seal, executed in duplicate, within sixty days thereafter, in which shall be recited in substance the following:

- (a) That the articles of incorporation and bylaws have been filed in his office;
- (b) That said articles of incorporation and bylaws conform to the provisions of the law;
- (c) That he has approved the same.

(2) The commissioner shall attach one of said certificates to each copy of the articles of incorporation and shall retain one copy of the articles of incorporation and bylaws in his office and return the other copy of the articles and bylaws, with the certificate of approval attached thereto, to the association. Upon receipt from the commissioner of the articles of incorporation, the association shall file the same with the secretary of state, and certified copies of the articles of incorporation shall be filed by the association in the office of the county clerk and recorder of each county in this state in which said association may own real estate. The failure to file a certified copy in the office of the clerk and recorder of any county in this state shall not affect the validity of the incorporation of any association which has made its filing with the secretary of state and has obtained a certificate of approval. In the event a true copy of such articles of incorporation is presented to the secretary of state with the request that the same be certified, he shall certify the same for a fee which shall be determined and collected pursuant to section 24-21-104 (3), C.R.S., which certificate shall contain, in addition to the usual statement, a statement that the same is a true copy of the original articles of incorporation on file in his office and a statement as to the date of the filing of such articles of incorporation. When articles of incorporation or amendments thereto have been filed in the office of the secretary of state, he shall record and carefully preserve the same in his office, and a copy thereof, duly certified by the secretary of state under the great seal of the state of Colorado, shall be evidence of the existence of such association and prima facie evidence of the contents of said articles of incorporation or such amendments thereto.

(3) The secretary of state shall charge for the filing of documents for savings and loan associations the same fees that are charged for corporations with like capital stock, as prescribed in the "Colorado Corporation Code", and such fees shall be deposited in the department of state cash fund created in section 24-21-104 (3), C.R.S.

**11-41-110. Body corporate.** Upon making the articles of incorporation, obtaining a certificate of approval from the commissioner, filing the articles of incorporation and certificate of approval in the office of the secretary of state, and paying the filing fees

therefor to the secretary of state, the persons so associating and their successors and assigns shall, from the date of the filing of the same with the office of the secretary of state, be a body corporate by the name set forth in said articles of incorporation, subject to dissolution as provided in articles 40 to 46 of this title and the laws of Colorado not in conflict with said articles 40 to 46. No association shall cease to exist or expire from neglect on the part of the association to elect officers or directors at the time mentioned in their articles of incorporation and bylaws, and all officers or directors elected by an association shall hold office until their successors are duly elected and qualified.

**11-41-111. Renewal of corporate life.** (1) Any association incorporated under any law prior to June 8, 1933, may extend its corporate life upon the affirmative vote of at least a majority of its directors at a special meeting of the board of directors called for that purpose, setting out the purpose of said meeting, and ratified by the written consent of persons holding in the aggregate more than two-thirds in book value of the outstanding stock and shares in such association.

(2) The president or vice-president and the secretary or assistant secretary of said association shall certify the fact, under the seal of said association, and shall make as many certificates as may be necessary so as to file one in the office of the county clerk and recorder in each county wherein the association may do business, one in the office of the secretary of state, and one in the office of the commissioner, and thereupon the corporate life of said association shall be renewed in perpetuity, or for the term mentioned in the certificate, upon filing such certificate in the office of the secretary of state. All stockholders or shareholders have the same rights in the new association, so extended, as they had in the association as originally formed.

(3) The extension of the term of existence of any such association in the manner provided shall not be so construed as enlarging any of the powers, privileges, or franchises theretofore enjoyed by such association. Upon the proper filing of any certificate of extension mentioned in articles 40 to 46 of this title, the corporate existence shall be considered as extended and continuous for the period specified in such certificate from the date of the previous expiration of such corporate existence, and said association shall be considered as then having had a continuous corporate existence to the time of the filing of such certificate of renewal.

**11-41-112. Powers of savings and loan associations.** (1) Savings and loan associations have the following powers:

- (a) To have succession of its corporate name;
- (b) As to all associations incorporated prior to June 8, 1933, to have existence for the period named in their articles of incorporation and, on the termination of such period, perpetually if so provided in the extension;
- (c) As to all associations incorporated under articles 40 to 46 of this title, to have existence perpetually;
- (d) To sue and be sued in any court of law or equity;
- (e) To have a corporate seal and to alter the same and use the same by causing it or a facsimile thereof to be impressed or affixed or reproduced or otherwise;
- (f) To appoint such officers and agents as the business of the association shall require and allow them reasonable compensation;
- (g) To make bylaws, not inconsistent with the constitution or laws of the United States or of this state or the provisions of articles 40 to 46 of this title, and alter the same at pleasure, and make all needed rules and regulations for the transaction of its business and the control of its property and affairs, if a certified copy of same has been filed with the

commissioner. The bylaws of an association may be amended either by the stockholders or shareholders at their annual meeting or by the board of directors of an association at any regular meeting of the board of directors; but no change in the bylaws shall take effect until approved by the commissioner.

(h) To acquire, hold, mortgage, and convey all such real estate and personal property as may be transferred to it in the operation of its business;

(i) To levy, assess, and collect from its shareholders such sums of money by way of installment dues and interest on loans as the association may provide in its bylaws;

(j) To issue and sell shares as provided in sections 11-42-101 to 11-42-106 or, in the case of deposit associations operated under the provisions of section 11-42-125, to accept savings deposits as provided by such section;

(k) To redeem its shares and repay the funds acquired thereby with such earnings as the same may be entitled according to the terms of the issue thereof if the same are no longer required for the purposes of the association;

(l) To act as a trustee, custodian, or manager or in any other fiduciary capacity to the same extent authorized and permitted from time to time by the laws and regulations applicable to federal savings and loan associations in Colorado, and upon specific approval by the commissioner, by permission granted such federal associations by the federal office of thrift supervision or its successor, including specifically, but without limitation, the power to act as the trustee, custodian, or manager of any trust created or organized in the United States and forming a part of a stock bonus, pension, profit-sharing, or retirement plan that is qualified for specific tax treatment under the provisions of the federal "Self-Employed Individuals Tax Retirement Act of 1962", as from time to time amended or supplemented, or under the provisions of any other act of congress enacted after June 2, 1971, as a substitute or replacement for the federal "Self-Employed Individuals Tax Retirement Act of 1962" or under the provisions of the federal "Employee Retirement Income Security Act of 1974", 29 U.S.C. sec. 1001 et seq., as from time to time amended or supplemented. The association managing funds of any such plan, trust, or fund shall have, to the extent applicable to federal savings and loan associations in Colorado, all of the rights, powers, privileges, and immunities and shall be subject to the same obligations and duties as an individual fiduciary under like circumstances with power to make investments. All funds held in such fiduciary capacity by any association may be commingled for appropriate purposes of investment, but individual records shall be kept by the fiduciary for each participant and shall show in proper detail all transactions engaged in under the authority of this paragraph (l). An association acting as a trustee may control accounts in or securities of such association pursuant to the exercise of its authority as a trustee. The exercise by an association of any authority vested in it shall not affect any other authority of such association.

(m) To, subject to the regulations of the United States treasury department and the federal office of thrift supervision or its successor, establish a tax and loan account and serve as a depository for federal taxes or as a treasury tax and loan depository, and to satisfy any requirement in connection therewith;

(n) To provide in its articles of incorporation for the elimination or limitation of the personal liability of a director to the corporation or to its stockholders for monetary damages for breach of fiduciary duty as a director; except that such provision shall not eliminate or limit the liability of a director to the corporation or to its shareholders for monetary damages for: Any breach of the director's duty of loyalty to the corporation or its stockholders; acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; or any transaction from which the director derived an improper personal benefit. No such provision shall eliminate or limit the liability of a director to the corporation or to its shareholders for monetary damages for any act or omission occurring prior to the date when such provision becomes effective.

(o) Pursuant to federal law or under such rules and regulations as may be prescribed by the financial services board and subject to regulations promulgated by the commissioner of insurance concerning the sale of insurance by savings and loan associations as provided in section 10-2-601, C.R.S., to act as the agent, through the savings and loan association or any service corporation thereof, for any fire, life, or other insurance company authorized to do

business in this state by soliciting and selling insurance and collecting premiums on policies issued by such company. For services so rendered, such savings and loan association or service corporation of such savings and loan association may receive such fees or commissions as may be agreed upon between such entity and the insurance company for which it may act as agent.

**11-41-113. Federal home loan bank membership.** (1) Any savings and loan association organized and incorporated under the laws of this state as a savings and loan association that is eligible to become a member of the federal home loan bank, in accordance with the provisions of the act of congress known and cited as the "Federal Home Loan Bank Act", 12 U.S.C. sec. 1421 et seq., approved July 22, 1932, is authorized to subscribe for stock of the federal home loan bank for the district in which it is located and to invest its funds in such stock for the purpose and to the extent required and permitted by the provisions of the "Federal Home Loan Bank Act", 12 U.S.C. sec. 1421 et seq., or any amendment thereto, and is further authorized to furnish to the federal office of thrift supervision or its successor and to the federal home loan bank reports of examinations of such associations made by the commissioner, and is further authorized to consent to an examination to be made by the federal office of thrift supervision or its successor or the federal home loan bank, and is further authorized to do all other things as may be required by the "Federal Home Loan Bank Act", 12 U.S.C. sec. 1421 et seq., or any amendment thereto, necessary to obtain and to continue membership in the federal home loan bank and to obtain advances therefrom or that may be incidental to acquiring or holding membership and to obtaining advances therefrom, and is authorized to assume all the duties, obligations, responsibilities, and liabilities and become entitled to all the benefits provided in the "Federal Home Loan Bank Act", 12 U.S.C. sec. 1421 et seq.

(2) Any savings and loan association has the power to borrow money from the federal home loan bank, when authorized by resolution of its board of directors, upon such terms and rates of interest as may be agreed upon and is authorized to assign and pledge its notes,

bonds, mortgages, or other property and to repledge the shares of stock pledged to it as collateral security without securing the consent of the owner thereto as security for the repayment of its indebtedness for money borrowed.

(3) Such pledgee of any note or other evidence of indebtedness due to an association has the right to enforce in its own name or in the name of the association all appropriate remedies to enforce collection, whether or not the shares described in connection with said note are held by such pledgee. Any obligation incurred by or loan made to an association shall constitute a claim against the association's assets and shall be payable in advance of and by preference over all claims or rights of the shareholders or stockholders of such association and shall be prior to and outrank any demand or application for withdrawal or cancellation of all classes of shares or stock or units or certificates in said association including prepaid and matured shares. The existence of a withdrawal list consisting of members desiring to withdraw from the association shall not prevent the board of directors of such association, in its discretion, from borrowing money from the federal home loan bank, to be used for the purpose of making mortgage loans to the members of the association or retiring bank loans, in which event all such amount of borrowed money may be exclusively used for the purpose borrowed or for other purposes, subject to the approval of the commissioner; but no savings and loan association shall at any time borrow money from the federal home loan bank in an amount exceeding any limit fixed by the laws of this state.

(4) Any savings and loan association having funds in its treasury for investment, which funds are deemed by it to be in excess of the amount needed for loans to its members and for the payment of matured shares and withdrawals, has the power to invest such portion of these excess funds in the obligations, bonds, debentures, and other securities of the federal home loan bank; but such investments may not be made in an amount in excess of the limit, if any, provided by the laws of this state for investment of funds in classes of investment other than in mortgage loans to members of the association.

(5) Any officer, director, trustee, attorney, or agent of a savings and loan association, or other borrower, acting as agent for a federal home loan bank in the collection of interest, amortization, or installment payments on collateral deposited with said bank, who applies the proceeds of such collections otherwise than as provided in the agreement with the bank is guilty of theft and shall be subject to the punishment provided by the laws of this state for that offense.

**11-41-114. How funds invested.** (1) Any savings and loan association may invest any portion of its funds in any of the following:

(a) Loans to its members, secured by first lien trust deeds or mortgages upon improved real estate, and upon such plans of repayment, as provided in section 11-41-119, and in such other loans to its members as the commissioner may approve;

(b) Bonds and other obligations of, or guaranteed as to interest and principal by, the United States;

(c) Bonds or debentures issued by any federal home loan bank in accordance with the provisions of the "Federal Home Loan Bank Act";

(d) Consolidated federal home loan bank bonds or debentures issued by the federal home loan bank administration in accordance with the provisions of the "Federal Home Loan Bank Act";

(e) Bonds or debentures issued by the federal deposit insurance corporation or its successor in accordance with the provisions of Title IV of the "National Housing Act", and any amendments thereto;

(f) Insured shares of savings and loan associations to the extent that each investment is insured by the federal deposit insurance corporation or its successor and uninsured shares of savings and loan associations but not to exceed ten thousand dollars in any one uninsured association, if such associations are incorporated under the laws of this state or the federal government and are doing business in this state and if such associations are functioning and

operating without any restrictions imposed by order of the commissioner or federal home loan bank administration;

(g) Bonds and legal registered warrants as are a direct obligation of the state of Colorado or of any county, city and county, school district, or incorporated city or town therein which has continuously existed as a lawful corporation for a period of at least fifteen years prior to the date thereof and whose bonds have not been in default as to principal or interest for a period of five years prior to the purchase of the same by any savings and loan association;

(h) Other investments, as approved by the commissioner, in which and to the same extent that savings and loan associations, chartered in accordance with the provisions of the "Home Owners' Loan Act of 1933", as amended, may invest;

(i) (I) Capital stock, obligations, or other securities of any corporation, if such corporation is engaged only in such businesses and activities as may be engaged in by corporations whose capital stock is a lawful investment for federal savings and loan associations under the laws, rules, and regulations applicable to all federal savings and loan associations similarly situated. The maximum total investment by any association in any such corporation or combination of corporations shall not exceed the maximum investment which federal savings and loan associations are permitted to maintain in capital stock, obligations, or other securities of similar corporations.

(II) In addition to the maximum total investment provided in subparagraph (I) of this paragraph (i), an association may invest an additional three percent of its assets in such corporation or combination of corporations solely for residential real estate development through joint ventures. Nothing in this subparagraph (II) shall authorize participation in such joint ventures conditioned upon utilization of any real property held, directly or indirectly, by such corporation. This subparagraph (II) shall not be construed to authorize such corporation or combination of corporations to invest in real property unless such investment is initiated through a joint venture.

(III) No association organized under the laws of this state shall acquire the capital stock, obligations, or other securities of any such corporation until there has been filed in the office of the commissioner a statement by such corporation agreeing to permit, and pay all costs of, such examinations or audits of the corporation by the commissioner as he deems necessary in order to confirm compliance with the provisions of this paragraph (i).

(j) Investments in real property and obligations secured by liens on real property located within a geographic area or neighborhood receiving concentrated development assistance by a local government under Title I of the "Housing and Community Development Act of 1974", as amended, but no investment in real property may exceed an aggregate investment of two percent of the assets of the association;

(k) Loans as to which the association has the benefit of any guaranty under Title IV of the "Housing and Urban Development Act of 1968", as amended, or under part B of the "Urban Growth and New Community Development Act of 1970", as amended, or under section 802 of the "Housing and Community Development Act of 1974", as amended, or of a commitment or agreement therefor;

(l) Revenue obligations issued to provide, enlarge, or improve electric power, gas, water, and sewer facilities by any city or town having a population of not less than two thousand people at the time of the investment located in any state in the United States and such investment shall be in accordance with the laws of this state.

(2) In addition to the acceptance of deposit or share accounts, any association may borrow money and negotiate for and receive such long-time or short-time loans evidenced by notes, bonds, debentures, or other securities as may be found necessary to advance the purposes of the association, subject to any limitations as to the total aggregate amount of such borrowings contained in the charter or articles of incorporation of the association or imposed by rules and regulations duly adopted by the commissioner. Except as limited by the terms of its charter or articles of incorporation or by duly adopted rules and regulations of the commissioner, an association may secure such borrowings by the mortgage, pledge, collateral assignment, or other hypothecation of its properties, including a trust or pool or mortgages or other encumbrance held by it. Without limiting the generality of the foregoing, an association may issue and sell securities guaranteed pursuant to section 306 (g) of the

“National Housing Act”, as amended, and may secure such securities as permitted in this subsection (2) and may issue and sell any other guaranteed or unguaranteed securities of a type or kind which may be issued and sold by federal savings and loan associations and secure the same with the property of the association to the same extent as permitted for federal savings and loan associations.

(3) Any association may invest in real estate or interests therein, including buildings and related parking facilities, for use in the conduct of the business of the association or for the conduct of such business and for rental to others of excess space; but no such investment may be made without the prior approval in writing of the commissioner if the total amount of all of such investments made by the association exceeds the aggregate amount of the association’s general reserves, undivided profits, and surplus. A permitted investment under the foregoing provision shall be deemed to include the ownership of stock of a wholly-owned subsidiary corporation having as its exclusive activity the ownership and management of such property or interests.

(4) An association may loan an amount not exceeding three percent of the association’s assets in a manner not otherwise authorized by articles 40 to 47 of this title, on condition that such loans are related to real estate or housing.

(5) An association may invest in real estate, real estate interests, and real estate related enterprises for the purpose of producing income, for inventory and sale, improvement, or rental by direct purchase or otherwise. The maximum total investment by an association pursuant to this subsection (5) shall not exceed ten percent of its assets reduced by the amount invested by the association in real estate through service corporations pursuant to paragraph (i) of subsection (1) of this section. In connection with such investment, the association may exercise all rights of an owner.

nities and Legal Pitfalls in Structuring the Transaction”, see 54 U. Colo. L. Rev. 295 (1983).

**11-41-115. Interest rates on loans.** (1) Any savings and loan association may charge, contract for, and recover such rate of interest as may be provided in the notes or other evidences of indebtedness taken by the association. Notes secured solely by the pledge of shares and notes secured by real estate mortgages repayable upon the sinking fund plan shall be nonnegotiable in form, and all other notes, including those insured by the federal housing administrator and those taken in connection with loans to veterans under the provisions of the “Servicemen’s Readjustment Act of 1944”, may be either negotiable or nonnegotiable in form.

(2) A substantial portion of the business of all associations shall be devoted to the acceptance of savings deposits from or the sale of their shares to their members and the lending of those funds to their members as set forth in section 11-40-103 and otherwise in

articles 40 to 46 of this title, but associations may also purchase loans of a type which they are permitted to make and sell loans with or without recourse so long as such purchase or sale of loans is conducted as a part of and in connection with the other permitted business activities of an association.

(3) Each mortgage loan sold by an association may be sold with or without recourse and, if under a contract to service the same, shall be sold on a basis which will reimburse the association adequately for the cost of such servicing. All sale and servicing agreements shall be in writing and on file in the association.

(4) No interest that may accrue to an association shall be deemed usurious, and the same may be collected as debts of like amount are now by law collected in this state.

(5) No law of this state limiting interest or interest rates or the compounding of interest shall apply to any graduated payment mortgage or deed of trust made to individuals, or any mortgage or deed of trust to individuals where periodic disbursement of part of the loan proceeds is made by an association over a period of time as established by the mortgage or deed of trust, or over an expressed period of time ending with the death of such individuals, including but not limited to mortgages or deeds of trust having provisions for adding deferred interest to principal or otherwise providing for the charging of interest on interest.

**11-41-117.5. Insurance of obligations.** (1) A savings and loan association shall obtain and maintain insurance of its obligations, including accounts, with the federal deposit insurance corporation or its successor.

(2) (a) An association is further authorized to obtain and maintain insurance of any obligations, including accounts, or portions thereof not otherwise insured pursuant to subsection (1) of this section, with any federal agency, with any state agency, or with any other insurer meeting the requirements of paragraph (b) of this subsection (2).

(b) Any insurer insuring obligations pursuant to paragraph (a) of this subsection (2), other than the federal deposit insurance corporation or its successor shall be certified by the commissioner as having met the following:

(I) The contract of insurance contemplated is written upon substantially the same basis as to form, coverage, maturity, voluntary and involuntary termination, and other provisions as the insurance contract provided at that time by the federal deposit insurance corporation or its successor and complies with such further requirements for protection as the commissioner may promulgate by rule.

(II) The insurer has a net worth or, in the case of a governmental or statutorily authorized entity, reserves reasonably commensurate with the risks underwritten.

(III) The insurer, if a nongovernmental entity, is authorized to do business in this state as an insurer or is otherwise authorized by law to insure obligations.

(3) Within twenty days after June 30 and December 31 of each year, each insurer certified pursuant to paragraph (b) of subsection (2) of this section shall file with the commissioner a report for the preceding six months showing its financial condition. Said report shall be prepared, insofar as possible, in conformity with generally accepted accounting principles.

(4) The commissioner or his duly designated representative may investigate the affairs and examine the books, accounts, records, and files of the insurer at such intervals as the commissioner deems prudent, but not less than once a year, and shall have free access for such purposes. Costs of such investigations and examinations shall be paid by the insurer. If any such investigation or examination reveals that the insurer is not conducting its affairs in accordance with this section or that the insurer is not actuarially sound or is impaired and may be unable to fulfill its obligations, the commissioner may exercise any powers available under article 44 of this title until such time as compliance is restored or the impairment is terminated.

(5) The commissioner and the insurer may exchange information regarding an insured savings and loan association.

(6) The commissioner shall determine as of June 30 each year the cost of supervision of the insurer and shall assess such cost against the insurer. The assessment shall be paid on or before September 30 following assessment.

**11-41-118. Loans - investment in notes or bonds.** (1) Savings and loan associations are authorized:

(a) To make such loans and advances of credit and purchases of obligations representing loans and advances of credit as are eligible for insurance by the federal housing administrator and to obtain such insurance;

(b) To make such loans, secured by real property or leasehold, as the federal housing administrator insures or makes a commitment to insure and to obtain such insurance.

(2) Associations may sell any loans authorized by this section, and each such loan sold by an association shall be sold without recourse and, if under a contract to service the same, on a basis which will reimburse the association adequately for the cost of such servicing. All sale and servicing agreements shall be in writing and on file in the association.

(3) It shall be lawful for savings and loan associations to invest their funds and the moneys in their custody or possession which are eligible for investment in notes or bonds secured by mortgage or trust deed insured by the federal housing administrator, and in

obligations of national mortgage associations or similar credit institutions organized under Title III of the "National Housing Act", and in debentures issued by the federal housing administrator.

(4) No laws of this state requiring security upon which loans or investments may be made, or prescribing the nature, amount, or form of such security, or prescribing or limiting the period for which loans or investments may be made, or affecting the negotiability of the loan instrument shall be deemed to apply to loans or investments made pursuant to this section.

(5) An association may make loans for the purpose of mobile home financing, subject to any limitation as to maximum loan amounts which may be prescribed from time to time by the commissioner for all associations. For the purposes of this subsection (5), "mobile home" means a mobile accommodation used or designed for use as living quarters.

(6) An association may make loans for the repair, equipping, alteration, or improvement of any real property, including mobile homes, subject to such restrictions, limitations, prohibitions, conditions, and provisions as the commissioner may from time to time, by rule or regulation duly adopted, prescribe.

(7) An association may make loans or invest in obligations and advances of credit, referred to in this article as "loans", for the payment of expenses for postsecondary school education; but the total aggregate principal amount of an association's investment in such loans, exclusive of any investment which is or which at the time of its making was otherwise authorized, shall not exceed five percent of its invested capital.

(8) An association may issue letters of credit, subject to regulation by the commissioner pursuant to section 11-44-103.

**11-41-119. Loans to members and other loans.** (1) An association may invest any portion of its funds in loans to its members, secured by first lien trust deeds or mortgages upon improved real estate; except that additional loans or advances on the same property secured by additional encumbrances shall be deemed to be first liens for the purposes of articles 40 to 46 of this title, unless an intervening lien has been recorded, and upon the shares issued by such association, or upon both such securities; and except that, only in the case of an association not subject to regulation by the federal deposit insurance corporation or its successor, no one loan can be made in excess of five percent of the gross assets of the association at the close of the preceding month, nor in any event shall the total of loans in excess of fifty thousand dollars exceed twenty percent of the gross assets of the association at the close of the preceding month.

(2) An association may make loans on the security of its shares if the association obtains a first lien upon, or a pledge of, such account as security therefor. No such loan may exceed the withdrawal or repurchase value of the account securing the loan, and no such loan shall be made when there is an impairment of invested share capital or when the association has any application for withdrawal which has been on file and unpaid more than thirty days. Upon any default of such loan, the association may, after giving ten days' written notice to the last address of the owner of such account appearing on the books of the association, cancel such account, to the extent and in the amount sufficient to repay said loan and accrued interest thereon. The commissioner may prescribe such regulations concerning such certificate share loans as may be necessary.

(3) An association may make real estate loans, secured by encumbrances provided for in subsection (1) of this section, repayable upon the following plans:

(a) (I) Installment loans. Loans may be made or purchased for an amount not in excess of ninety-five percent of the appraised value of the tendered security, repayable within forty years in consecutive monthly, quarterly, or annual installments, equal or unequal. Lump-sum payments may be required in the initial contract. The provisions and limitations of this paragraph (a) shall not apply if authority is otherwise permitted by federal law, rule, or regulation.

(II) The initial contract may provide for changes in the interest rate based upon an index agreed to by the borrower and the association. Such provision shall specify that changes in the index shall apply equally to increases or decreases in the interest rate. Decreases shall be mandatory and increases may be at the option of the association. Interest changes may be implemented through changes in the installment amount or the rate of amortization, or any combination thereof, as provided in the initial contract. The installment amount may not be increased more often than at the end of any consecutive twelve-month period of the loan term, and shall be sufficient to amortize the remaining principal balance within forty years from the initial date of the loan.

(b) Loans without amortization. Loans of any type that an association may make on an installment basis may also be made without amortization of principal; but interest shall be payable at least annually, and any such loan may be made for an amount not in excess of eighty percent of the appraised value of the property and for a term of not more than twenty years. The aggregate amount of such loans shall not, at any time, exceed an amount equal to twenty percent of the association's gross assets. In no case may an association provide a loan or loans under this subsection (3) to any one borrower which exceeds five percent of the association's gross assets.

(c) Construction loans. Loans may be made without full amortization of principal if made for the purpose of construction; but any such loan may be made for an amount not in excess of ninety percent of the appraised value of the property, excluding cost of land, and for a term of not more than one year.

(d) Sinking fund loans. Loans made under this plan shall be repayable by crediting to such loans the certificate value of pledged savings shares. Such borrowing members shall be required to carry such monthly periodical savings shares with the association as shall have a par value equal to the loan, and every share issued shall be subject to a lien for any advance made thereon or other lawful claims against the holder, and the payments on such pledged shares shall not be less than thirty-five cents per share per month. At the beginning of foreclosure of any mortgage or trust deed to an association securing such sinking fund loans, credit shall be allowed on the mortgage indebtedness for the value of any pledged shares held by the association as collateral for the loan, and the shares shall be cancelled at the conclusion of the foreclosure proceedings.

(e) Insured or guaranteed loans. An association may make such loans as may be insured or guaranteed by an agency of the federal or state government in such amounts and upon such terms as may be provided by the statutes and regulations affecting such loans, and the proviso in paragraph (a) of this subsection (3) shall not apply to such insured or guaranteed loans.

(4) Other loans. Any association operating under articles 40 to 46 of this title, notwithstanding anything to the contrary contained therein, may make any type or kind of loan and for any purpose that a federal savings and loan association at any time may be authorized to make by any law, rule, regulation, decision, or order which is or may be applicable to federal savings and loan associations. The commissioner, by rule or regulation duly adopted and applicable to all associations, may also authorize all associations organized and operating under articles 40 to 46 of this title to make any investment, in addition to those expressly permitted by said articles 40 to 46, which federal savings and loan associations are authorized to make by any laws, rules, regulations, decisions, or orders applicable to such federal savings and loan associations; but any rule or regulation adopted by the commissioner granting other investment authority shall, to the extent found by the commissioner to be applicable, be subject to the same limitations, restrictions, prohibitions, conditions, and provisions as are applicable in the case of federal savings and loan associations.

(5) Loans secured by first lien trust deeds or mortgages upon improved real estate shall not be made until a signed application for such loan has been submitted, nor until a signed appraisal has been submitted, nor until the loan has been approved by the board of directors or by a committee authorized by the board of directors. Appraisals may be made by any two of the association's directors, officers, employees, or attorneys or by an independent appraiser who is not a director, officer, employee, or attorney of the association; but no such officer, director, employee, or attorney shall act as an appraiser nor act on any committee approving a loan in which he has an interest either in the property tendered as security or in the sale of the property. The association shall furnish to each borrower, upon the closing of the loan, a loan settlement statement, indicating in detail the charges or fees such borrower has paid or obligated himself to pay to the association or to any other person in connection with such loan, and a copy of such statement shall be retained in the records of the association.

(6) Every real estate loan shall be evidenced by a proper instrument in writing obligating the borrower to repay the full amount of the loan and shall be secured by a mortgage or deed of trust constituting a first lien upon real estate securing the loan or, if an additional advance, by a deed of trust or mortgage properly providing for such additional advance. An encumbrance shall provide specifically for full protection to the association with respect to usual insurance risks, taxes, special assessments, other governmental levies, and maintenance and repairs and may provide for an assignment of rents and the appointment of a receiver upon any default.

(7) An association may pay taxes, special assessments, insurance premiums, repairs, and other charges for the protection of the real estate security. All such payments may be charged to a special account or may be added to the unpaid principal balance of the loan and shall be equally secured by the first lien on the real property. An association may require life insurance to be assigned as additional security upon any real estate loan; in such event, the association shall obtain a first lien upon such policy and may advance premiums thereon, and such premium advances may be added to the unpaid principal of the loan and shall be equally secured by the first lien on the security property.

(8) An association may require the borrower to pay monthly in advance, in addition to interest or interest and principal payments, a prorated portion of the estimated annual taxes, assessments, insurance premiums, and other charges upon the real estate securing the loan, or any of such charges, so as to enable the association to pay such charges as they become due from the funds so received. The amount of such monthly charges may be adjusted by the association as the need therefor arises. Every association shall keep an accurate record of the status of taxes, assessments, insurance premiums, and other charges on all real estate securing its loans and on all real and other property owned by it.

(9) Payment on the principal indebtedness of all loans on real estate security shall be applied directly to the reduction of such indebtedness. Payments on all monthly installment loans, other than construction loans, insured loans, and guaranteed loans, shall begin not later than sixty days after the date of the note. Insured loans and guaranteed loans may be repayable upon terms acceptable to the insuring or guaranteeing agency. An association may charge, for the privilege of prepayment in part or in full of a loan relating to an owner-occupied single family residence, if the original contract so provides, an amount not greater than ninety days' interest on the amount prepaid. An association may charge, for the privilege of prepayment in part or in full for any loan not otherwise specifically provided for in this subsection (9), an amount specified in the original contract. Any loan contract may be modified by the parties by written agreement and within the limitations of this section as the need therefor may arise.

(10) An association may make additional advances secured by the original encumbrance if the original loan contract makes proper provision therefor.

(11) An association may purchase loans of any type that it may make, and it may also purchase insured or guaranteed loans made on homes wherever located; but no loan may be purchased from an affiliated company or an officer, director, employee, or attorney of the association without prior approval of the board of directors.

(12) If additional collateral is encumbered on any loan as additional security, an association may invest in said loan for an amount in excess of the percentage provided in

paragraph (c) of subsection (3) of this section. Said association may accept as such additional collateral any security it is authorized to invest in as set forth in section 11-41-114; but such encumbered additional security shall not increase the maximum percentage of said loan beyond the actual value of such additional security.

(13) An association may lend on the security of a first security interest on stock or a membership certificate issued to a tenant-stockholder or resident-member by a cooperative housing corporation organized under article 33.5 of title 38, C.R.S., and as defined by section 216 of the federal "Internal Revenue Code of 1986", as amended, and the assignment by way of security of the borrower's interest in the proprietary lease or right of tenancy in property covered by such cooperative housing corporation, if all of the real property owned by such corporation is located within the state and if such loan is made subject to the same limitations, restrictions, prohibitions, conditions, and provisions as are applicable in the case of federal savings and loan associations.

**11-41-121. Merger, consolidation, and transfer.** (1) As used in this section, the word "association" shall include federal savings and loan associations incorporated under the "Home Owners' Loan Act of 1933".

(1.5) (a) A domestic association may merge with a foreign association and, subject to the limitations specified in this subsection (1.5), notwithstanding any other provision of articles 40 to 46 of this title to the contrary, if the association proposing to merge with a domestic association is a foreign association, the foreign association shall, in addition to submitting all information pertinent to the evaluation of the application under this section that the commissioner may require together with all applicable fees, meet the following criteria:

(I) The foreign association seeking the merger shall have deposits that it may hold insured by the federal deposit insurance corporation or its successor in accordance with the provisions of section 11-41-117; and

(II) The foreign association shall be in compliance with the capital requirements specified in this subparagraph (II) as follows:

(A) and (B) (Deleted by amendment, L. 2004, p. 149, § 56, effective July 1, 2004.)

(C) On and after January 1, 1993, the foreign association shall have a ratio of total capital to total assets of not less than six percent or the prevailing regulatory capital requirements established by the federal deposit insurance corporation or its successor, whichever is greater; and

(II.5) Once a capital threshold is established in accordance with the provisions of subparagraph (II) of this paragraph (a) it shall be the prevailing standard for purposes of this section to be applied by the commissioner regardless of any reduction below the prevailing regulatory capital threshold requirement unless the general assembly authorizes the application of a lower standard; and

(III) The commissioner shall not approve any proposed merger under the provisions of this subsection (1.5) if the merger would result in the foreign association controlling at the time of the merger more than twenty-five percent of the aggregate of all deposits in all banks, savings and loan associations, federal savings banks, and other financial institutions located in Colorado, which are federally insured. For the purposes of this subsection (1.5), deposits shall be determined based upon the public reports most recently filed with the appropriate federal regulatory agency; and

(IV) Except as otherwise provided in paragraph (b) of this subsection (1.5), the foreign association shall be domiciled or conduct its principal operations in a state which is both contiguous to Colorado and which also has laws that allow a domestic association to establish business operations in that state under conditions which are determined by the commissioner to be not more restrictive than those provided in articles 40 to 46 of this title. For the purpose of this subparagraph (IV), the place where an association "conducts its principal operations" means the place where the largest percentage of the aggregate deposits of the foreign association and all of its subsidiaries are held.

(b) On or after January 1, 1991, a foreign association seeking to merge with a domestic association may be domiciled or have its principal offices in any state without regard to its proximity to this state and without regard to the statutory conditions required by subparagraph (IV) of paragraph (a) of this subsection (1.5).

(c) Whenever a foreign association which meets the criteria established by this subsection (1.5) proposes to merge with a domestic association, the foreign association shall make an application for prior approval to the commissioner in such form and with such information that the commissioner may require, and such application shall be accompanied by a nonrefundable filing fee in such amount as determined by the commissioner. Upon receipt of a properly submitted application for merger, the commissioner shall proceed to investigate the application in accordance with the provisions of this section. The commissioner shall not grant approval of the merger until he is satisfied that the criteria imposed by this section have been met and that the merger is not contrary to the public interest.

(d) No foreign association may merge with a domestic association except in accordance with the provisions of this section, and no such merger may be completed without the approval of the commissioner.

(e) Any officer of a foreign association that merges with a domestic association pursuant to this section whose primary duty is managing the day-to-day operations of the Colorado offices of such foreign association shall be a resident of Colorado.

(f) Nothing in this section shall be construed to limit or otherwise curtail the powers of the commissioner with respect to supervisory mergers as established in section 11-44-110.5.

(2) Any two or more associations are authorized to merge and become incorporated in one body by transfer of all their assets and obligations upon such terms as set forth in an agreement of merger. The respective boards of directors of such associations, by a majority vote of each board, shall make or authorize to be made between such associations an agreement of merger.

(3) Copies of the proposed agreement of merger, signed by the president or vice-president of such association and verified by his affidavit and attested by the secretary or assistant secretary thereof with the seal of the association thereunto affixed, shall be submitted together with a fee in the amount established by the commissioner to the commissioner for his approval or disapproval, and he shall cause a certificate of approval or disapproval to be attached to said copies of the proposed agreement, one copy to be filed in the division and one returned to each of the associations.

(4) If approved by the commissioner, such approved agreement shall be presented to the members of each of the merging associations at special meetings called for the purpose of considering and voting upon such approved agreement; but, in the case of associations having permanent stock, only the holders of the permanent stock shall be entitled to any

notice other than the published notice of such special meeting or to vote upon the agreement of merger. The complete agreement of merger, as adopted by the boards of directors and approved by the commissioner, shall be furnished each member entitled to vote on such merger at the time notice of such meetings, as required by section 11-41-123, is given. If at such meetings two-thirds of all votes of the members present in person or by proxy and entitled to vote on such merger are in favor of such approved agreement, the associations may proceed to merge in accordance therewith. The proceedings of such meetings shall be submitted to the commissioner for his approval in the same manner as required for the submission of the agreement by the boards of directors. Unless the agreement of merger fixes a later effective date thereof, the effective date of merger shall be the date upon which the commissioner accepts for filing the certified copies of the proceedings of the meetings of members adopting the approved agreement of merger.

(5) In the event any association involved in a proposed merger is a federal savings and loan association, the commissioner shall transmit to the federal office of thrift supervision or its successor, a copy of the proposed agreement of merger and shall not approve the agreement of merger unless and until he or she has been advised in writing by the federal office of thrift supervision or its successor that said office has no objection to the agreement.

(6) No such transfer shall prejudice the right of any creditor of any such association to have payment of his debt out of the assets and property thereof, nor shall any creditor be thereby deprived of or prejudiced in any right of action then existing against the officers or directors of said association for any neglect or misconduct, and the reorganized association shall be liable for all obligations to members of the associations existing prior to such consolidation.

(7) Upon the effective date of the merger, all of the assets and property of every kind and character, real, personal, and mixed and tangible and intangible, choses in action, rights and credits then owned by the merging associations or which inure to any of them, immediately by operation of law, and without any conveyance or transfer, and without any further act or deed, shall be vested in and become the property of the association into which the other associations are absorbed, which shall have, hold, and enjoy the same in its own right as fully and to the same extent as if the same were possessed, held, and enjoyed by the merging associations prior to such merger. Such association shall be a continuation of the entity and identity of the association into which the other associations are absorbed, and all of the rights and obligations of the merging associations shall remain unimpaired, and the association, at the time of the taking effect of such merger, shall succeed to all of the rights and obligations and duties and liabilities of the merging associations. All rights and remedies of creditors and all liens upon the property of the merging associations shall be preserved, and all debts, liabilities, and duties of the respective merging associations shall thenceforth attach to the association and may be enforced against it to the same extent as if such debts, liabilities, and duties had been incurred or contracted by it.

(8) All pending actions or other judicial proceedings to which any of the associations is a party shall not be deemed to have abated or to have discontinued by reason of such merger but may be pressed to final judgment, order, or decree in the same manner as if a merger had not been made; or the association resulting from such merger may be substituted as a party to such action or proceedings, and any judgment, order, or decree may be rendered for or against it which might have been rendered for or against any of the merging associations theretofore involved in such action or other judicial proceedings.

**11-41-122. Membership fees.** (1) Savings and loan associations shall not, directly or indirectly, charge any membership, admission, repurchase, withdrawal, or other fee, fine, penalty, or sum of money for the privilege of becoming, remaining, or ceasing to be a member of the association or for any other cause, except as provided in subsection (2) of this section; except that reasonable charges may be made to reflect the cost of servicing accounts and upon the making, transfer, or assumption of a loan and for defaults and prepayments of a loan and, after July 1, 1977, for the establishment and maintenance of any Keogh or individual retirement account. Reasonable notice of the amount of and conditions relating to such charges shall be given to affected members.

(2) Subject to such additional limitations, conditions, and provisions as may be promulgated in regulations of the commissioner, a savings and loan association required under a subpoena issued in a civil action to prepare disclosures of private records shall be reimbursed by the requesting party for such services as follows:

(a) For reproduction costs, including copies produced by printer or reproduction processes, the amount provided in section 13-32-104 (1), C.R.S. Costs of photographs, films, and other materials required shall be reimbursed at actual costs.

(b) For travel expenses incurred as a result of compliance, the amount provided in section 13-33-103 (1), C.R.S.;

(c) For personnel costs incurred as a result of compliance, the amount of two dollars and fifty cents for each quarter hour, or fraction thereof.

L. 2008: (2)(a) amended, p. 1881, § 15, effective August 5.

**11-41-123. Directors and meetings.** (1) The corporate powers shall be exercised by a board of directors, which may be any number not less than five as shall be fixed by and stated in the articles of incorporation and which directors shall hold office until their successors are duly elected and qualified. At each annual meeting, the successors to the directors whose terms of office then expire shall be elected by the members entitled to vote at such time and place as shall be directed by the articles or bylaws of the association.

(2) Public notice of the time and place of holding such elections, and also of all special meetings of the members, shall be published at least once, not more than thirty days nor less than ten days prior to the date fixed for said meeting, in a newspaper of general circulation printed in the county where the principal office of said corporation is located, and, if there is no such newspaper, then in a newspaper printed in an adjoining county, and, with respect to any special meeting or any annual meeting to be held at a time or place other than as specified in the articles of incorporation or bylaws of the association, by delivering personally to each member or depositing in the post office at least thirty days before such meeting a copy of said notice, addressed to each member entitled to vote thereat, with the signature of the president or secretary printed thereon, stating the time and, in case of special meetings, the objects of said meeting; and no business shall be transacted at any special meeting except such as shall be mentioned in said notice; if any member fails to furnish the secretary with his correct post-office address, he shall not be entitled to separate notice.

(3) Whenever any notice is required to be given under the provisions of articles 40 to 46 of this title or under the provisions of the articles or bylaws of any association organized under the laws of Colorado, a waiver thereof in writing signed by the persons entitled to said notice, whether before, at, or after the time stated therein, shall be deemed equivalent to such notice.

(4) Members who are entitled to vote may vote either in person or by proxy at such meetings. Any number of members present in person or by proxy at a regular or special meeting of the members shall constitute a quorum unless otherwise specifically provided in articles 40 to 46 of this title. If a majority of the votes represented at any annual or special

meeting are in favor of adjournment, such meeting may be adjourned for a period not to exceed sixty days at one adjournment. Each member entitled to vote shall be permitted to cast, in person or by proxy, one vote for each one hundred dollars, or fraction thereof, of the total certificate value of all his shares and stock. A borrowing member holding a membership certificate shall be permitted, as a borrower, to cast one vote and has such voting right in all cases where articles 40 to 46 of this title give such right to shareholders.

(5) A majority of all votes cast at any meeting of members shall determine any question unless otherwise specifically provided. The members who are entitled to vote at any meeting of the members shall be those of record on the books of the association at the end of the calendar month next preceding the date of the meeting of members, except those who have ceased to be members. In balloting for directors, members may vote for as many directors as are to be elected, or, in case the certificate of incorporation of the association permits cumulative voting, each member may cumulate his votes and give one candidate as many votes as the number of directors multiplied by the number of his votes or distribute them on the same principle among as many candidates as he may desire; and the person having the highest number of votes in consecutive order shall be declared elected. By the unanimous vote of all the members represented at such meeting, the secretary of the meeting may be authorized and instructed to cast one ballot for one or more of all the directors to be elected.

(6) When any vacancy occurs among the directors by death, resignation, or otherwise, it shall be filled for the remainder of the year by a majority vote of the remaining directors, unless otherwise provided by the bylaws of said association.

#### ANNOTATION

**Courts generally will not interfere with management.** In the absence of fraud, gross mismanagement, or ultra vires acts by those lawfully entrusted with the management of the corporation, under this section, neither a court of law nor equity has jurisdiction to interfere with or control the internal affairs or policy of the

corporation. The rule applies to the setting aside of reserve funds and the declaration of dividends, and courts will not interfere with the discretion of directors in such matters unless they have acted fraudulently, capriciously, or unreasonably. *Midland Sav. & Loan Co. v. Dunmire*, 68 F.2d 249 (10th Cir. 1933).

**11-41-124. Officers or directors to receive no commission.** No officer or director of any savings and loan association shall take or receive for himself, directly or indirectly, any commission, compensation, remuneration, gift, speculative interest, or other thing of value as an inducement to the making of any loan by the association or the purchase of any securities for the association or for the sale of any of the stock of the association.

**11-41-126. Bonds of officers.** Every officer, employee, and agent handling or having custody or charge of funds or securities belonging to a savings and loan association, before entering upon the discharge of his duties, shall give a good and sufficient bond in such sum

as may be fixed by the board of directors of any such association. Such bond shall be in such form and provide such coverage as the commissioner may direct and shall be made by a surety corporation authorized to do business in this state. The amount of such bond as to each person shall be subject to the approval of the commissioner. In lieu of individual bonds, a blanket bond covering all active officers, agents, and employees of such association may be executed, subject to approval by the commissioner. Every such bond shall be in force until ten days after notice to such commissioner that the same is to be cancelled.

**11-41-127. Violations - penalties.** (1) Any officer, director, agent, or employee of any savings and loan association who, directly or indirectly or by indirection, commits or causes the commission of theft, abstraction, or misapplication of any of the funds or securities or other property of or under the control of any savings and loan association, with intent to deceive, injure, cheat, wrong, or defraud any person, commits a class 5 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) Any person who willfully and knowingly violates section 11-41-103 and sections 11-41-124 to 11-41-126 is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment, and each such violation shall constitute a separate offense.

**Law reviews.** For article, "Foreign Savings and Loan Associations Not Doing Business in Colorado", see 16 Colo. Law. 43 (1987).

**11-41-128. Acknowledgments.** No notary public or other public officer qualified to take acknowledgments or proof of written instruments shall be disqualified from taking the acknowledgment or proof of an instrument in writing in which a savings and loan association is interested by reason of his employment by or his being a member or officer of the savings and loan association interested in such instrument.

**11-41-129. Amendment of articles of incorporation.** (1) Except as provided in section 11-41-130.5, if the holders of at least one-third of the outstanding voting stock or shares of any association request, in writing, the president or other head officer thereof to call a meeting of stockholders or shareholders of such association for the purpose of considering a proposed amendment to the articles of incorporation of such association, setting forth in such written request the substance of each proposed amendment, or if the

board of directors of any association votes to submit to the stockholders or shareholders thereof a proposed amendment to the articles of incorporation of such association, the president or secretary of the association forthwith shall call a special meeting of the voting stockholders or shareholders of such association for the purpose of considering said proposed amendment for a time not less than thirty nor more than sixty days thereafter. In the event that the request for a meeting of stockholders or shareholders to consider a proposed amendment of the articles of incorporation is presented within ninety days prior to the date of the next annual meeting of the stockholders or shareholders of the association or in the event that the amendment is proposed by the board of directors of the association, the board of directors may cause such proposed amendment to be submitted for consideration at such next annual meeting, or at an adjourned session thereof, rather than at a special meeting of stockholders or shareholders called for such purpose.

(2) If at any such meeting the proposed amendment to the articles of incorporation of such association receives the affirmative vote of the majority, but in the case of associations having stock issued pursuant to section 11-42-107 two-thirds, or such greater amount as may be required by the articles of incorporation, or any amendment thereto, of the stock or shares of each class outstanding having voting power, such amendment shall be deemed adopted; but, where necessary for any association to increase its authorized permanent stock to conform to the requirements of said section 11-42-107, the affirmative vote of a majority of such stock or shares shall be required.

(3) If any proposed amendment to the articles of incorporation would alter or change the preference given to any one or more classes of shares or stock or would convert the stock into shares or shares into stock, the holders of each class of stock or shares so affected by said amendment shall be entitled to vote as a class upon such amendment, whether by the terms of the articles of incorporation such class is entitled to vote or not, and the affirmative vote of the holders of the majority, but in the case of associations having stock issued pursuant to section 11-42-107 two-thirds, of the amount of each class of stock or shares outstanding so affected by the amendment shall be necessary to the adoption thereof, as well as the affirmative vote of the holders of the majority, but in the case of associations having stock issued pursuant to section 11-42-107 two-thirds, of all classes of stock or shares outstanding having voting power.

(4) A certificate setting forth such amendment and the adoption thereof, signed by the president or vice-president of such association, verified by his affidavit, and attested by the secretary or assistant secretary thereof, with the seal of the association thereunto affixed, shall be submitted together with the fee established by the commissioner to the commissioner for his approval or disapproval, and, if he approves, he shall cause a certificate of approval to be attached to said proposed amendment, and then the same shall be filed in the same manner as articles of incorporation, and thereafter said amendment shall be in full force and effect to the same extent, except as provided in section 11-41-130.5, as if the same had been included in the original articles of incorporation. No amendment to the articles of incorporation shall be filed in the office of the secretary of state of the state of Colorado or received by the secretary of state unless a certificate of approval by the commissioner is attached thereto.

(5) Except as provided in section 11-41-130.5, any association organized under the laws of this state, from time to time, may amend its articles of incorporation by increasing or decreasing its authorized stock or shares or reclassifying the same, or by changing the number, designation, preference, relation, or participating or other special rights of shares or stock or the qualifications, limitations, or restrictions of such rights, or by changing its corporate title, or by making any other change or alteration in its articles of incorporation that may be desired, if such articles of incorporation, as so amended, contain only such provisions as it would be lawful and proper to insert in original articles of incorporation made at the time of making such amendment. Except as provided in section 11-41-130.5, no association by any amendment shall so change its articles of incorporation as to work a change in the objects or purposes for which the association was originally organized.

**11-41-130. Reorganization.** (1) The board of directors of any association, at a meeting called for that purpose, may adopt a plan of reorganization of the association. Two copies of the proposed plan of reorganization, signed by the president or vice-president of such association, verified by his affidavit, and attested by the secretary or assistant secretary thereof, with the seal of the association thereunto affixed, shall be submitted to the commissioner for his approval or disapproval, and he shall cause a certificate of approval or disapproval to be attached to said proposed plan, one copy to be filed in the division and one returned to the association. If approved by the commissioner, such approved plan shall be presented to the members at a special meeting called for the purpose of considering and voting upon such approved plan. The complete plan of reorganization, as adopted by the board of directors and approved by the commissioner, shall be furnished each member at the time notice of such meeting, as required by section 11-41-123, is given. If at such meeting two-thirds of all votes of the members present in person or by proxy are in favor of such approved plan, the association may proceed to reorganize in accordance therewith.

(2) The proceedings of such meeting shall be submitted to the commissioner for his approval in the same manner as required for the submission of the plan by the board of directors. Unless the plan of reorganization fixes a later effective date thereof, the effective date of reorganization shall be the date upon which the commissioner accepts for filing the certified copies of the proceedings of the meetings of members adopting the approved plan of reorganization.

(3) The privilege of reorganization is likewise extended to savings and loan associations which are in the course of voluntary or involuntary liquidation.

(4) In order that equity may be done for all members of such association in the event of reorganization, all pending withdrawal applications shall be cancelled.

(5) In addition to all other lawful provisions, the plan may provide for the exchange of shares or stock or both in the association for shares or stock or both of the same or a different class of the reorganized association. Without limiting the methods by which an association may reorganize, any association may:

(a) Provide for reorganization under the existing name of the association or under a different name;

(b) Provide for segregation by division, on the records of the association or on the records of any reorganized association, of any part of its assets and liabilities, including division of the certificate value of the shares or stock or both, and of any reserves created to absorb losses;

(c) Provide for segregation by division, between the association and a reorganized association or between two reorganized associations, of any part of its assets and liabilities, including division of the certificate value of the shares or stock or both and of any reserves created to absorb losses;

(d) Fix the time prior to which notice of withdrawal of such shares so issued in exchange for shares in the associations being reorganized shall not be given.

(6) The reorganization of such association shall not prejudice the right of any creditor of any such association to have payment of his debt out of the assets and property thereof, nor shall any creditor be thereby deprived of or prejudiced in any right of action then existing against the officers or directors of said association for any neglect or misconduct. All obligations to any such prior association shall inure to the benefit of the reorganized association and shall be enforceable by it and in its name, and demands, claims, and rights of action against any such association may be enforced against it as fully and completely as they might have been enforced theretofore; and all deeds, notes, mortgages, contracts, judgments, transactions, and proceedings whatsoever theretofore made, received, entered into, carried on, or done by such association before such reorganization shall be as good, valid, and effectual in law as though such association had never been reorganized.

**11-41-130.5. Cessation of business as an association - amendment of articles.**

(1) Notwithstanding any provision of this article to the contrary, in connection with the

sale of all or a substantial part of its assets, the board of directors of any savings and loan association may propose an amendment to its articles of incorporation to amend the objects and purposes to conform to those authorized in the "Colorado Business Corporation Act", articles 101 to 117 of title 7, C.R.S., and to make such other amendments authorized by and not inconsistent with the provisions of article 110 of title 7, C.R.S. Such proposed amendments shall be submitted to the members or, if the savings and loan association has permanent stock, to the stockholders of said association for their approval. Upon approval, said amendments shall be submitted to the commissioner, together with a plan pursuant to subsection (2) of this section, for his approval.

(2) The amendments to a savings and loan association's articles of incorporation shall be accompanied by a plan for the cessation of the conduct of a savings and loan association in the state.

(3) (a) The commissioner shall approve a plan only if:

(I) He determines that an association has paid or has made provision through an assumption agreement or otherwise for its known and unclaimed liabilities to its depositors and account holders;

(II) The amended articles of incorporation delete the words "savings and loan association"; and

(III) The amended articles of incorporation expressly prohibit the conduct of a savings and loan or banking business in Colorado by the corporation.

(b) In approving a plan, the commissioner may impose such terms and conditions as he deems necessary to protect the depositors, account holders, stockholders, members, and creditors of the savings and loan association.

(4) Upon approval of a plan and the amendments to the articles of incorporation by the commissioner pursuant to this article and upon the filing of such amendments, along with the applicable filing fees with the secretary of state as provided by section 11-41-129 (4), a corporation shall continue in existence pursuant to the "Colorado Business Corporation Act", articles 101 to 117 of title 7, C.R.S., but said corporation shall cease to be a savings and loan association or an association. The corporation's certificate of authority as a savings and loan association or an association shall automatically be cancelled, without further action, and the corporation shall be deemed to be organized pursuant to the "Colorado Business Corporation Act", articles 101 to 117 of title 7, C.R.S., and shall cease to be subject to the provisions of the "Savings and Loan Association Law", articles 40 to 46 of this title.

**11-41-131. Dissolution.** (1) Any domestic association may elect to abandon its certificate of authority, liquidate its affairs, and dissolve as provided in this section. The affirmative vote of at least a majority of the directors must be cast in favor of such proposal at a special meeting thereof. A certified copy of such action shall be furnished to the commissioner, who shall forthwith examine said association, and, if he determines that such association is solvent and that it is to the best interests of the members that such liquidation be accomplished in the manner provided in this section, he shall certify his approval thereto. Upon the granting of such approval, a special meeting of all members entitled to vote shall be called in the manner provided by section 11-41-123. If a majority vote of all such members of the association is cast in favor of the proposal to liquidate and ultimately dissolve such association under the provisions of this section, such proposal shall be deemed adopted. A certified copy of all proceedings taken prior to and at such meeting shall be filed with the commissioner, who shall determine whether or not such proceedings have been conducted in accordance with law. If the commissioner finds that such proceedings are legal and proper, he shall certify his approval thereon and authorize said association to proceed with the liquidation in the manner provided in this section.

(2) The board of directors shall act as trustees for liquidation, and shall proceed as speedily as may be practical to wind up the affairs of the association, and, to the extent necessary, shall exercise all the powers granted by articles 40 to 46 of this title to active

associations and to the commissioner in the case of departmental liquidation, and, without prejudice to the generality of such authority, may carry out executory contracts, enter into new contracts, borrow money, mortgage or pledge property, sell assets at public or private sale, make and receive conveyances in the corporate name, lease real estate, settle or compromise claims, commence and prosecute all actions and proceedings necessary to enable liquidation, distribute assets either in cash or in kind among members according to their respective rights, after paying or adequately providing for the payment of liabilities, and do and perform all acts necessary or expedient to the winding up of the association. The board of directors has power to exchange or otherwise dispose of or place in trust all or any part of the assets upon such terms and conditions and for such considerations as may be deemed reasonable or expedient and may distribute such considerations among the members in proportion to their interest therein. In the absence of fraud, any determination of value made by said board of directors for any such purpose shall be conclusive.

(3) The association, during the liquidation of the assets of the association, shall be subject to the supervision of the commissioner, and shall pay such fees and assessments as are provided for in articles 40 to 46 of this title in the case of active associations and shall report the progress of such liquidation to the commissioner as he may require. Upon completion of liquidation, a final report and accounting of the affairs of the association shall be made to the commissioner. Upon the approval of such report by the commissioner, the board of directors, without the necessity of further action by the members of the association, shall proceed to dissolve such association in the manner provided by law in the case of general corporations.

(4) Nothing in this section shall prejudice the rights of the commissioner to take possession of any association, under the authority vested in him by the provisions of section 11-44-110, upon determining that such procedure is to the best interest of the members.

**11-41-132. Escheat proceedings.** (1) If the affairs of an association have been voluntarily liquidated as provided in articles 40 to 46 of this title and any liquidating dividends remain unclaimed after the approval of the final report of liquidation, the trustees for liquidation may transfer such unclaimed liquidating dividends to the commissioner. In case of such transfer or in case an association has been liquidated by the commissioner and any liquidating dividends remain unclaimed six years after the approval of the final report of such liquidation, the commissioner may elect to pay such unclaimed liquidating dividends to the state treasurer.

(2) Due notice of such election shall be given by publication once a week for four successive weeks in some newspaper of general circulation in the county in this state where the last principal place of business of such association was located. Within fifteen days after the first publication, the commissioner shall mail a copy of the notice to each person whose liquidating dividends are to be paid to the state treasurer at the last address appearing on the books of the association.

(3) After thirty days from the date of the last publication, the commissioner shall pay to the state treasurer any such liquidating dividends in his possession, less the costs of publication and mailing, and shall file with the state treasurer the affidavit of publication by the publisher and the affidavit of mailing by the commissioner, showing the dates of such publications and mailing. The state shall be answerable for such funds, without interest, anytime within twenty-one years after the same have been paid into the treasury, to such persons as shall be legally entitled thereto. After the lapse of twenty-one years from the time any such moneys have been paid into the state treasury, no claim therefor having been made and established by any person entitled thereto, said moneys shall become the property of the state and shall be transferred to the general fund.

(4) Payment to the state treasurer shall discharge the commissioner from any further liability or responsibility for such moneys.

**11-41-133. Acquisition of majority control over an existing association - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Entity" means a person or group of persons.  
(b) "Person" means an individual, corporation, partnership, trust, or similar organization.

(c) An entity shall be deemed "to have control" of an association if said entity:  
(I) Directly or indirectly, or acting in concert with one or more persons, owns, controls, holds with the power to vote, or holds proxies representing more than twenty-five percent of the permanent stock of such association;  
(II) Controls in any manner the election of a majority of the directors of such association; or  
(III) Exercises a controlling influence over the management or policies of such association.

(2) (a) Whenever an entity proposes to take an action or conduct an activity which would cause such entity to have control of that association, the entity shall first make application to the commissioner for a certificate of approval of such action or activity.

(b) The application shall be in such form and provide such information as the commissioner may require by rule or regulation and shall be accompanied when submitted by a nonrefundable filing fee in the amount established by the commissioner.

(3) After receipt of an application, the commissioner shall make an investigation and shall issue the certificate of approval only after he has determined:

(a) That the controlling entity is qualified by character, experience, and financial responsibility to control the association in a legal and proper manner; and

(b) That the interests of the public generally will not be jeopardized by the proposed action or activity causing the entity to have control of the association.

(4) This section shall not apply to the acquisition of:

(a) Directors' voting proxies acquired in the normal course of business as a result of a proxy solicitation in conjunction with a stockholders' meeting;

(b) Stock held in a fiduciary capacity unless the acquiring person has sole discretionary authority to exercise voting rights with respect thereto;

(c) Stock acquired in securing or collecting a debt contracted in good faith; except that it shall apply two years after the date of acquisition; or

(d) Stock acquired by an underwriter in good faith and without any intent to evade the purpose of this section if the shares are held only for such reasonable period of time as will permit the sale thereof.

(5) When the commissioner has not acted upon a completed application within sixty days of receipt thereof, it shall be considered approved.

(6) (a) A domestic association may, subject to any applicable regulations of the federal deposit insurance corporation or its successor, invest in an association that is domiciled or conducts its principal operations in another state and acquire control of such association, and notwithstanding any other provision of articles 40 to 46 of this title to the contrary, if the entity proposing to acquire control of a domestic association is a foreign association, the foreign association shall, in addition to submitting all information pertinent to the evaluation of the application under this section that the commissioner may require together with all applicable fees, meet the following criteria:

(I) The foreign association seeking the acquisition shall have deposits that it may hold insured by the federal deposit insurance corporation or its successor in accordance with the provisions of section 11-41-117; and

(II) The foreign association shall be in compliance with the capital requirements specified in this subparagraph (II) as follows:

(A) and (B) (Deleted by amendment, L. 2004, p. 150, § 57, effective July 1, 2004.)

(C) On and after January 1, 1993, the foreign association shall have a ratio of total capital to total assets of not less than six percent or the prevailing regulatory capital requirements established by the federal deposit insurance corporation or its successor, whichever is greater; and

(II.5) Once a capital threshold is established in accordance with the provisions of subparagraph (II) of this paragraph (a) it shall be the prevailing standard for purposes of this

section to be applied by the commissioner regardless of any reduction below the prevailing regulatory capital threshold requirement unless the general assembly authorizes the application of a lower standard; and

(III) The commissioner shall not approve any application for acquisition under this subsection (6) if such acquisition would result in the foreign association controlling at the time of the acquisition more than twenty-five percent of the aggregate of all deposits in all banks, savings and loan associations, federal savings banks, and other financial institutions located in Colorado, which are federally insured. For the purposes of this subsection (6), deposits shall be determined based upon the public reports most recently filed with the appropriate federal regulatory agency; and

(IV) Except as provided in paragraph (b) of this subsection (6), the foreign association shall be domiciled or conduct its principal operations in a state which is both contiguous to Colorado and which also has laws that allow a domestic association to establish business operations in that state under conditions which are determined by the commissioner to be not more restrictive than those provided in articles 40 to 46 of this title. For the purpose of this subsection (6), the place where an association "conducts its principal operations" means the place where the largest percentage of the aggregate deposits of the foreign association and all of its subsidiaries are held.

(b) On or after January 1, 1991, a foreign association seeking to acquire control of a domestic association may be domiciled or have its principal offices in any state without regard to its proximity to this state and without regard to the statutory conditions required by subparagraph (IV) of paragraph (a) of this subsection (6).

(c) Whenever a foreign association which meets the criteria established by this subsection (6) proposes to acquire control of a domestic association, the foreign association shall make an application for prior approval to the commissioner in such form and with such information that the commissioner shall require, and such application shall be accompanied by a nonrefundable filing fee in such amount as determined by the commissioner. Upon receipt of a properly submitted application to acquire control of a domestic association, the commissioner shall proceed to investigate the application in accordance with the provisions of this section. The commissioner shall not grant approval of the merger until he is satisfied that the criteria imposed by this section have been met and that the acquisition is not contrary to the public interest.

(d) No foreign association may acquire control of a domestic association except in accordance with the provisions of this section, and no such acquisition shall be completed without a certificate of approval issued by the commissioner.

(e) A domestic association which is acquired in accordance with the provisions of this section may continue to operate as a domestic association subject to the provisions of articles 40 to 46 of this title. Any officer of a foreign association that acquires a domestic association pursuant to this section whose primary duty is managing the day-to-day operations of the Colorado offices of such foreign association shall be a resident of Colorado.

**11-41-134. Indemnification and personal liability of directors, officers, employees, and agents - legislative declaration.** (1) The savings and loan association shall have the same powers, rights, and obligations and shall be subject to the same limitations as apply to corporations for profit as set forth in article 109 of title 7, C.R.S. Savings and loan association directors, officers, employees, and agents shall have the same rights as directors, officers, employees, and agents, respectively, of corporations for profit as set forth in article 109 of title 7, C.R.S. Savings and loan association directors and officers shall have the

benefit of the same limitations on personal liability for any injury to person or property arising out of a tort as set forth in section 7-108-402 (2), C.R.S., for directors and officers, respectively, of corporations for profit. Any reference in said sections to shareholders shall be construed to refer to stockholders for the purposes of this section.

(2) (a) The general assembly hereby finds, determines, and declares that the following is enforceable and in conformity with the public policy of this state, as expressed in articles 40 to 46 of this title:

(I) Any insurance policy, form, contract, endorsement, or certificate in effect or issued on or after April 30, 1993, which provides insurance coverage to directors or officers, or both, of a savings and loan association but which does not grant coverage or which excludes coverage for claims made by any depository insurance organization or any other state or federal corporation, organization, or entity acting as receiver, conservator, or liquidator of such savings and loan association, whether in its own name or in behalf of any other person or entity; or

(II) Any fidelity bond, financial institution bond, or depository institution bond in effect or issued on or after April 30, 1993, that provides for termination of such bond upon the taking over of the savings and loan association by a receiver or other liquidator or by state or federal officials.

(b) No provision of articles 40 to 46 of this title shall be construed to contravene or modify the expressed public policy set forth in this subsection (2).

**11-42-101. Investment and savings shares.** (1) Every association may issue and sell an unlimited number of shares of the following types, as described in this section:

(a) "Investment shares" are shares on which the full payment has been made and on which dividends shall be paid in cash.

(b) "Savings shares" are shares on which an initial payment has been made, and upon which further payments are to be made at such times and in such amounts as are optional

with the member, and on which dividends shall be credited unless otherwise agreed that all or part shall be paid in cash.

(c) "Short-term savings shares" are shares which are to be withdrawn in less than twenty-four months from the date on which such share account is opened, or a share account established for the purpose of accumulating funds to pay taxes or insurance premiums, or both, in connection with a loan on the security of a lien on real estate. No association shall be required to distribute earnings on short-term savings shares.

#### ANNOTATION

**A certificate of deposit payable to the order of depositor on demand makes depositor a creditor** of a savings and loan association, not a

member. Dollar Bldg. & Loan Ass'n v. Shields, 93 Colo. 480, 27 P.2d 485 (1933).

**11-42-102. Preliminary requirements.** Shares may be purchased and held absolutely by or in trust for any person, partnership, association, corporation, or trustee. Certificates shall be issued to each purchaser of shares at the time of making full or initial payment thereon, and at the same time share account books shall be issued to purchasers of savings shares.

**11-42-103. Contents of certificate - accounts.** A share account shall be kept on the books of the association with each certificate holder showing the aggregate of all payments made, plus dividends paid in cash or credited. The aggregate of all payments made, plus dividends credited, less withdrawals, shall be termed the "certificate value" or "withdrawal value" of the account.

#### ANNOTATION

**A mutual association cannot contract as to maturity date of its stock.** A mutual building and loan association has no power to contract

with a shareholder that his stock will mature in a definite time. People's Bldg. & Loan Ass'n v. Purdy, 20 Colo. App. 287, 78 P. 465 (1904).

**11-42-104. Participating and limited dividend shares.** Shares may be issued to participate fully or to a limited extent in the net earnings of the association if the articles of incorporation so provide, and such participation shall be specified in the body of the certificate. All shares participating fully in net earnings shall be entitled to an equal rate of dividend, if earned, as fixed by the board of directors. Shares participating to a limited extent shall be entitled to such rate of dividend, if earned, as fixed by the board of directors for the semiannual periods ending June thirtieth and December thirty-first of each year; but, if the rate is decreased, the shareholders thus affected shall be given written notice of the new rate, within thirty days after date of declaration, by mailing such notice to their last known addresses.

## ANNOTATION

**Directors must act reasonably and honestly in declaring dividends.** A holder of a certificate is entitled only to the face value of the certificate plus the regular dividend and such extra divi-

dends as the directors, acting honestly and reasonably and not fraudulently or capriciously, declare. *Midland Sav. & Loan Co. v. Dunmire*, 68 F.2d 249 (10th Cir. 1933).

**11-42-105. Responsibility for losses - extent.** The members of an association shall not be responsible for any losses which its invested capital is not sufficient to satisfy, except to the extent provided in sections 11-42-108 to 11-42-110, and the shares shall not be subject to assessment, nor shall certificate holders be liable for any unpaid installment on their shares. Except as provided in article 47 of this title, no preference between certificate holders shall be created with respect to the distribution of assets upon voluntary or involuntary liquidation, dissolution, or winding up of an association. Shareholders in mutual associations shall participate in the distribution of all assets, and in permanent stock associations they shall participate first, but only to the extent of their share investments.

**11-42-106. Transfer of shares.** Share certificates are transferable on the books of the association by the holder thereof, in person or by a duly authorized attorney, upon surrender of the certificate properly endorsed. The association may treat the holder of record thereof as the owner for all purposes without being affected by any notice to the contrary until the certificate is transferred on the books of the association. A transfer charge of not to exceed fifty cents may be charged for each certificate transferred on its books.

**11-42-107. Permanent stock.** (1) Permanent stock shall be of one class only, shall have the full voting rights, and shall have a par value of not less than one dollar per share; and the proceeds thereof, to the extent of such par value, shall be set apart, shall be nonwithdrawable, and shall be a reserve to absorb losses after all surplus, undivided profits, and other reserves available for losses have been depleted.

(2) Any paid-in surplus may be made available for payment of organization and initial operating expenses, or may be credited to surplus, or to the contingent reserve, or to the federal insurance reserve, or may be transferred to permanent stock as a stock dividend and prorated to the holders of permanent stock. An association shall not issue permanent stock for a consideration other than cash or for a price less than the par value thereof, but, with the approval of the commissioner, stock may be issued for a consideration other than cash in connection with mergers, consolidations, or transfers, and, when fully paid, the stock shall be kept unimpaired to the extent of its par value.

(3) An association may declare and distribute stock dividends from net earnings, or surplus, or undivided profits. With the prior consent of the commissioner, the stock of an association may be reduced by resolution of the board of directors approved by vote or written consent of the holders of a majority of the outstanding stock of such association to such amount as the commissioner shall approve, and any such reduction shall be credited to the contingent reserve account and shall not be available for dividends to stockholders or shareholders; but any reduction in the amount of permanent stock is subject to the provisions of this section and section 11-41-105 fixing minimum permanent stock requirements.

(4) Except as may be required by the commissioner pursuant to section 11-41-105, no association shall be required to maintain permanent stock in excess of five hundred thousand dollars; however, the total amount of permanent stock subscribed to and paid for

shall not at any time, until the maximum of five hundred thousand dollars has been reached, be less than at least the following percentages of the aggregate certificate value of the outstanding invested capital (excluding permanent stock) standing on the records of the association as of January 1 of the current year: Three percent on five million dollars; two percent on five million one dollars through seven million five hundred thousand dollars; one percent on all over seven million five hundred thousand dollars.

(5) (a) As used in this subsection (5), the term "impaired" means a condition in which an association is unable to meet current obligations as they mature.

(b) Cash dividends may be declared and paid on permanent stock unless an association is in an impaired condition or the payment thereof would cause the association's assets to be impaired. Nothing in this subsection (5) shall affect subsection (1) of this section, section 11-42-111 (1) or (7), or other provisions of articles 40 to 47 of this title, restricting the payment of dividends on permanent stock. Subject to the provisions of articles 40 to 47 of this title, permanent stock shall be entitled to such rate of dividends, if earned, as fixed by the board of directors.

(c) Any association which intends to declare a cash dividend on permanent stock shall provide a minimum of thirty days' written notice of its intention to the commissioner.

(6) Directors' and stockholders' meetings shall be called, advertised, and held in accordance with section 11-41-123, but the holders of permanent stock shall have exclusive voting rights.

**11-42-108. Assessment to restore impaired permanent stock.** (1) Stockholders, after their stock has been fully paid, are not liable to creditors or for assessments upon their stock issued on or after July 1, 1981, except as provided by this section. If the commissioner, as a result of any examination or from any report made to him, finds that the permanent stock of any association is impaired, he shall notify the association that such impairment exists. In the event the amount of the impairment, as determined by the commissioner, is questioned by the association, then, upon application filed within ten days, the value of the assets in question shall be determined by appraisals made by independent appraisers acceptable to the commissioner and the association.

(2) If the bylaws of an association expressly give the directors the authority to levy an assessment on permanent stock, then, subject to any limitations contained in the bylaws, the directors may levy and collect assessments upon permanent stock. The directors of an association which has received such notice may levy a pro rata assessment upon the permanent stock thereof to make good such impairment and shall cause notice of the finding of the commissioner and such levy to be given in writing to each stockholder of such association and the amount of assessment which the stockholder must pay for the purpose of making good such impairment; but, in lieu of making such assessment, the impairment may be made good, without the consent of the commissioner, by the reduction of the permanent stock in the manner provided in section 11-42-107.

#### ANNOTATION

**Compliance with this section is mandatory.** Upon notification that the capital of a savings and loan association is impaired, compliance with this statute is mandatory. Equity Sav. &

Loan Ass'n v. Great W. Mtgs., Inc., 31 Colo. App. 178, 501 P.2d 483 (1972).

**The directors have two alternatives:** They can question the amount of the impairment

within 10 days of notification, or they can forego questioning the impairment and levy a pro rata assessment. *Equity Sav. & Loan Ass'n v. Great*

*W. Mtgs., Inc.*, 31 Colo. App. 178, 501 P.2d 483 (1972).

**11-42-109. Sale of delinquent stock.** (1) If any stockholder refuses or neglects to pay the assessment specified in such notice within sixty days from the date of mailing, the directors of such association shall have the right to sell to the highest bidder at public auction any part or all of the stock necessary to pay the assessment of such stockholder, after giving a previous notice of such sale for ten days in a newspaper of general circulation published in the county where the principal office of such association in this state is located, and a copy of such notice of sale shall also be served on such stockholder by mailing a copy of the notice to his last known address ten days before the day fixed for such sale, or such stock may be sold at a private sale and without public notice; but, before making such private sale thereof, an offer in writing shall first be obtained and a copy thereof served upon the owner of record of the stock to be sold by mailing a copy of such offer to his last known address, and, if, after service of such offer, such owner still refuses or neglects to pay such assessment within thirty days from the time of the service of such offer, the directors may accept the offer and sell such stock to the person making such offer or to any other person making a larger offer than the amount named in the offer submitted to the stockholder, but such stock in no event shall be sold for less than the amount of such assessment so called for and the expense of the sale.

(2) Out of the proceeds of the stock sold, the directors shall pay the amount of assessment levied thereon and the necessary cost of sale, and the balance, if any, shall be paid to the person whose stock has been sold. A sale of stock as provided in this section shall effect an absolute cancellation of the outstanding certificate evidencing the stock sold and shall make the same null and void, and a new certificate shall be issued by the association to the purchaser thereof.

**Source:** L. 33: p. 317, § 1. CSA: C. 25, § 25. L. 43: p. 204, § 5. L. 51: p. 212, § 2. CRS 53: § 122-3-9. C.R.S. 1963: § 122-3-9.

#### ANNOTATION

**Shares may be sold of stockholder who refuses to pay assessment.** Where a stockholder refuses to pay an assessment properly levied under this statute, the corporation can sell some of that stockholder's shares in order to raise the amount of the assessment. *Equity Sav. & Loan Ass'n v. Great W. Mtgs., Inc.*, 31 Colo. App. 178, 501 P.2d 483 (1972).

**Issue of directors' negligence cannot be used as a defense to an assessment.** The fact, if it be a fact, that the board of directors was

negligent or acted improperly in causing the corporation to be in an impaired capital position did not constitute a basis for stopping the sale of stock of those stockholders who refused to pay the stock assessment, where the issue was not before the court, but rather is an issue which would be the basis of a separate independent action. *Equity Sav. & Loan Ass'n v. Great W. Mtgs., Inc.*, 31 Colo. App. 178, 501 P.2d 483 (1972).

**11-42-110. Forfeiture of delinquent stock.** (1) If no bid or offer is received equal to or more than the amount of such assessment and the expense of sale, such stock shall be declared forfeited to the association and accepted in full satisfaction of such assessment, and such stock shall not be reissued except in accordance with a permit thereafter obtained from the commissioner pursuant to section 11-42-112.

(2) The proceeds from any assessment, less the cost of any sales and any forfeiture of delinquent stock, shall be credited to the contingent reserve account.

**Source:** L. 33: p. 317, § 1. CSA: C. 25, § 25. L. 43: p. 204, § 5. L. 51: p. 212, § 2. CRS 53: § 122-3-10. C.R.S. 1963: § 122-3-10.

**11-42-111. Reserves and distribution of earnings.** (1) Every association shall maintain general reserves for the sole purpose of meeting losses. Such reserves shall include the

following: Permanent stock, federal insurance reserve, contingent reserve, state tax reserve, and any special purpose reserve established for the sole purpose of absorbing losses by action of the association's board of directors or at the request of the commissioner.

(2) Repealed.

(3) Every association shall set up and maintain a reserve, referred to in articles 40 to 46 of this title as the "contingent reserve", by transfers from net earnings on the closing date fixed for such associations as provided in articles 40 to 46 of this title.

(4) Every association may set up and maintain a reserve, referred to in articles 40 to 46 of this title as the "state tax reserve" in accordance with article 2 of title 29 and articles 20 to 28 of title 39, C.R.S., by annual transfers from the contingent reserve. The state tax reserve shall be considered as a part of the contingent reserve.

(5) Any losses may be charged against general reserves; except that losses may not be charged against permanent stock until all other reserves available for losses have been depleted. Moreover, losses may not be charged to the contingent reserve until any special reserve set up to absorb such losses has been exhausted. Any determined excess in any other reserve may be transferred to the contingent reserve. Allowance for depreciation of assets shall not be charged against general reserves but shall be charged to undivided profits, surplus, or net earnings.

(6) As of each closing date fixed for such association as provided in articles 40 to 47 of this title, each association shall transfer to general reserves an amount which is not less than five percent of its net earnings until general reserves are equal to ten percent of invested capital (excluding permanent stock). If, after having reached ten percent, general reserves should fall below ten percent of invested capital (excluding permanent stock), credits of five percent of net income shall be resumed until general reserves shall again equal ten percent of invested capital (excluding permanent stock). General reserves may be increased over the required ten percent in any amount as may be determined by the board of directors to be for the best interest of the association. Notwithstanding the number of closing dates fixed for an association, not more than two such transfers shall be required annually, but more frequent transfers may be made by an association with the approval of the commissioner.

(7) As of each closing date fixed for such association as provided in articles 40 to 47 of this title, the board of directors of each association shall declare a dividend on all share accounts, if any, that it then has and may also, from net earnings, declare a dividend on permanent stock in such association, but no association shall be required to distribute earnings on Christmas savings shares or deposits or other short-term savings shares or deposits or on share or deposit balances of less than an amount specified by the board of directors, if said amount is disclosed to shareholders or depositors in advance, including reasonable notice of changes. In lieu of or in addition to such net earnings, all or any part of undivided profits or surplus of an association may be likewise distributed, but no funds received as part of the sale price of permanent stock or paid in as an assessment shall be distributed as a cash dividend on permanent stock.

(8) Dividends shall be declared on and pro rata to the certificate value of each share at the beginning of the dividend period, plus payments made thereon during the dividend period (less amounts withdrawn and, for purposes of participation in earnings, deducted from the latest previous payments), computed at the declared rate for the time invested, determined as provided in subsection (9) of this section.

(9) The date of investment shall be the date of actual receipt of such payments by the association unless the board of directors fixes a date, not later than the tenth of the month, for determining the date of investment of payments on shares or designated classes thereof. Payments affected by such determination date, received by the association on or before such determination date, shall receive earnings as if invested on the first of such month.

(10) Payments affected by such determination date, received subsequent to such determination date, shall receive earnings as if invested on the first of the next succeeding month.

(11) In all mutual associations issuing limited dividend shares, no dividends shall be paid or credited on fully participating free shares until all current maximum dividends on

limited dividend shares have been paid or credited and until at least an equal dividend has been credited to fully participating loan shares.

(12) In permanent stock associations, no dividends shall be declared on the permanent stock until all current maximum dividends on limited dividend shares have been paid or credited.

(13) With approval of the commissioner, associations may pay a variable rate of dividends on shares.

(14) Notwithstanding any other provision of the Colorado "Savings and Loan Association Law", article 40 of this title, any association may distribute earnings on its shares on such other dates, on such other bases, and in accordance with such other terms and conditions as may from time to time be authorized by regulations made by the federal office of thrift supervision or its successor or the federal deposit insurance corporation or its successor for federal savings and loan associations when such regulations are approved by the commissioner.

(15) A depreciation reserve, an unearned profits account, an interest due and uncollected account, and a bonus reserve shall be set up and maintained when required.

**11-42-112. Requirements for sale of permanent stock.** (1) No association shall sell, offer for sale, negotiate for the sale of or take subscriptions for, or issue any of its permanent stock until it has first applied for and secured from the commissioner a permit authorizing it so to do. Such application shall be in writing, verified, and filed with the commissioner. In such application, the association shall set forth the names and addresses of its officers, the location of its office, an itemized account of its financial condition, the amount and character of its stock and shares, a copy of any prospectus or advertisement or other description of its stock to be distributed or published, a copy of all minutes of any proceedings of its directors, shareholders, or stockholders relating to or affecting the issue of such stock, and such additional information concerning the association, its condition, and its affairs as the commissioner may require. Upon the filing of such application, it shall be the duty of the commissioner to examine it and the other papers and documents filed therewith.

(2) If he finds that the proposed issue is such as will not mislead the public as to the nature of the investment or will not work a fraud upon the purchaser thereof, the commissioner shall issue to the association a permit authorizing it to issue and dispose of its stock in such amounts as the commissioner may in such permit provide; otherwise he shall deny the application and notify the association in writing of his decision.

(3) Every permit shall recite in bold type that the issuance thereof is permissive only and does not constitute a recommendation or endorsement of the stock permitted to be issued. The commissioner may impose conditions requiring the impoundment of the proceeds from the sale of such stock and limiting the expense in connection with the sale thereof and such other conditions as he may deem reasonable and necessary or advisable to insure the disposition of the proceeds from the sale of such stock in the manner and for the purposes provided in such permit. The commissioner from time to time may amend, alter, or revoke any permit issued by him or temporarily suspend the rights of such association under such permit. The commissioner has the power to establish such rules and regulations as may be reasonable or necessary to carry out the purposes and provisions of this section.

**11-42-113. Redemption of shares or stock.** Every savings and loan association may redeem its shares or stock and repay the funds acquired thereby with such earnings as the

same may be entitled to according to the terms of the issue thereof if the same are no longer required for the purposes of the association upon giving thirty days' written notice in the manner provided in the bylaws of the association, but the association cannot redeem permanent stock. The method of redemption shall be prescribed in the bylaws of the association.

**11-42-114. Bonus plan.** (1) Any association may adopt a plan for the payment of a cash bonus to members agreeing to make share investments in order to provide funds for the financing of homes. Such plan, before being adopted, shall be approved by a majority of the members of the board of directors at any regular or special meeting thereof and shall become effective upon the filing with and approval of the commissioner. The board of directors at any regular or special meeting may abolish the bonus plan as to shares purchased after the date of such action.

(2) After adoption and approval of such bonus plan, the board of directors shall transfer out of net earnings to an account designated "bonus reserve" an amount which, together with existing credits to the bonus reserve, is sufficient to pay the bonus on all accounts then entitled to participation in the bonus reserve in accordance with the provisions of this section. The board of directors may transfer any excess in the bonus reserve to the undivided profits account.

**11-42-115. Power to issue shares to minors or in trust.** (1) Every association has the power to issue stock or shares to a minor of any age and either sex and receive payments thereon from, by, or for the minor. He shall be entitled to withdraw, transfer, or pledge any such shares owned by him and to receive from such association any dividends or other moneys at any time becoming due thereon in the same manner and subject to the same conditions as an adult, and his receipt or acquittance therefor shall constitute a valid release and discharge to the association for the payment of such moneys. The dealing of an association with a minor shall have the same effect upon the association's liability as if the minor were of full legal capacity, until his guardian or conservator files with the association a certified copy of the order of a Colorado court having jurisdiction appointing the guardian or conservator and directing otherwise.

(2) Subject to such regulations as the board of directors of the association may prescribe, an association may contract with the proper authorities of any public or nonpublic elementary or secondary school or any public or charitable institution caring for minors for the participation by the association in any school or institutional thrift or savings plan.

(3) Every association has power to issue stock or shares to any person on a revocable trust for another person, who is either named in writing as beneficiary thereof or who is unnamed. At any time during the lifetime of the trustee, the stock or shares, together with dividends, if any, shall be withdrawn only by the trustee. On the death of the trustee, the stock or shares, together with dividends, if any, shall be paid to the person for whom the stock or shares were issued as designated beneficiary, even though the beneficiary is not of full legal capacity, and, if there is no designated beneficiary living at that time, then to the personal representative of the trustee.

(4) The foregoing authorization shall not be construed as providing an exclusive method for a trustee to invest in stock or shares of an association. Nothing contained in this section shall be construed as limiting or repealing either section 28-5-214 or 28-5-301, C.R.S., with respect to investment of funds by guardians and conservators of minor and incompetent beneficiaries of the veterans administration, heretofore or hereafter appointed, or part 3 of article 1 of title 15, C.R.S., with respect to investments by fiduciaries.

**11-42-116. Joint accounts.** Except as to accounts, which are defined in and which are paid as provided in article 15 of title 15, C.R.S., where shares or stock of an association is issued in the name of two or more persons or the survivors of them, such shares or stock and all dues paid on account thereof by either or any of such persons shall become the property of such persons as joint tenants, and the same, together with dividends, shall be held for the exclusive use of such persons and may be paid to either or any of them during their lifetimes or to the survivors of them after the death of one or more of them, and such payment and the receipt and acquittance of the persons to whom such payment is made shall be a valid and sufficient release and discharge to such association for all payments made on account of such shares or stock.

**11-42-117. Notice of intention to withdraw.** Each association may, at its option, prescribe a period or periods of notice of intention to withdraw. The period of any such notice of intention to withdraw shall not exceed sixty days. All notices of intention to withdraw shall be set forth and be a part of the bylaws of the association. All periods of notice of intention to withdraw shall be disclosed to members at the time of opening an account and shall appear on the shares as described in section 11-42-101. Each association may prescribe by its bylaws the terms and conditions of withdrawal which are not contrary to the provisions of articles 40 to 46 of this title. The shares shall state that the right of withdrawal is subject to the provisions of articles 40 to 46 of this title. This section shall not apply to tax and loan accounts, note accounts, or similar accounts when, subject to the regulations of the United States treasury, the association is serving as a depository for federal taxes or as a treasury tax and loan depository.

**11-42-119. Filing of notice.** All notices of intention to withdraw shall be filed when received by each association in the order in which they are received, and each shall be kept on file with the exact time of the receipt thereof noted thereon, or recorded, until it is paid or cancelled at the written request of the member.

**11-42-120. Shares or account not withdrawable.** No member whose shares are pledged or whose account is pledged as security for a real estate loan from the association issuing such shares or accepting such account shall be permitted to make a withdrawal or

be entitled to give any valid notice of intention to withdraw in respect of such shares or account until the indebtedness for which such shares are pledged or for which such account is pledged as security has been fully paid; except that withdrawals may be made without notice if the full amount of such withdrawals is used to pay such indebtedness or any part thereof.

**11-42-121. Payment of withdrawals.** (1) In case the funds of an association applicable to withdrawals are not sufficient to pay off all members desiring to withdraw, such members may be paid off in either one of two methods, dependent upon which method the board of directors of the association may desire to follow, in full in the order in which withdrawal notices are filed or on a pro rata basis, as follows:

(a) In the event an association elects to pay withdrawals in full in the order in which withdrawal notices are filed, all notices of withdrawal shall be filed in writing in order of time in which filed, and shall be kept in numerical order and so numbered, and shall be paid in the order filed as funds are available for that purpose.

(b) As to associations which elect to pay withdrawals on a pro rata basis, all shares or accounts on which notices of withdrawal have been filed during any period of notice shall receive their pro rata share of the funds available for withdrawal at the end of such notice period, based upon the withdrawal value of the shares or account at the time distribution is made.

(c) Repealed.

(2) Notice of withdrawal shall not make such withdrawing member a creditor of the association.

(3) As to all shares on which a withdrawal notice is on file, the holder thereof shall be entitled to the same rate of dividends paid like shares not on withdrawal.

(4) In all cases, withdrawals shall be governed by the bylaws of the association insofar as such bylaws are not in conflict with the provisions of articles 40 to 46 of this title.

**11-42-122. Limitation on withdrawals.** (1) If an association has on file more withdrawal requests than can be met in full from current funds, the association shall apply to such withdrawals one-half of the monthly receipts, after first deducting the amount necessary to pay the actual and reasonable expenses incurred in the operation of the association and the protection of its assets and reserves set up by it for cash dividends on its shares; except that, should such one-half fail to retire at least five percent of the aggregate withdrawal requests, such portion of the other one-half shall be applied as shall be necessary to retire five percent of the total amount on withdrawal.

(2) "Receipts", as used in this section, means all funds coming into the hands of the association except borrowed money.

#### ANNOTATION

**Annotator's note.** Cases relevant to § 11-42-122, which were decided prior to its earliest

source, L. 33, p. 322, § 6, have been included in the annotations to this section.

**Withdrawals are payable in the order filed** and, under the limitations of this section, a late comer may be refused payment for the time being. *Hawley v. North Side Bldg. & Loan Ass'n*, 11 Colo. App. 93, 52 P. 408 (1898).

**Members have no priority.** Certificates providing that the holder is a member of the association can have no priority in withdrawals. *Exch. Nat'l Bank v. Receivers of City Sav. Bldg. & Loan Ass'n*, 95 Colo. 498, 37 P.2d 394 (1934).

**Offer to pay less than sum due constitutes refusal to pay and authorizes suit.** Under this

section, an offer by a building and loan association to pay to a withdrawing member a lesser sum than he is legally entitled to at the time his notice of withdrawal is complete is such a refusal to pay the sum actually owing, as would authorize the institution of a suit to compel payment. *Enter. Bldg. & Loan Soc'y v. Bolin*, 12 Colo. App. 304, 55 P. 740 (1898).

**Section inapplicable to payment of a certificate of deposit.** *Dollar Bldg. & Loan Ass'n v. Shields*, 93 Colo. 480, 27 P.2d 485 (1933).

**11-42-123. Matured shares.** If, at the time shares in a savings and loan association have matured, the association has withdrawal notices on file to such an extent that the funds of the association, applicable to withdrawals, are not sufficient to pay off all shareholders desiring to withdraw, as well as shares which have matured and are unpaid, and the holder of the matured shares desires to withdraw, he shall file a notice of intention to withdraw and thereafter be subject to all the rights and liabilities of articles 40 to 46 of this title governing withdrawing shareholders; except that he shall be entitled to the full amount of any dividends declared on like shares during the time he has a withdrawal notice on file on same.

**11-42-124. Applicable to previously issued certificates.** All stock or shares or certificates or instruments of whatsoever kind issued by savings and loan associations prior to June 8, 1933, evidencing savings in said associations by the holders thereof, except permanent or nonwithdrawable stock, shall be subject to all the rights and all the liabilities of articles 40 to 46 of this title, and such holders shall be treated as shareholders.

**Source:** L. 33: p. 323, § 8. CSA: C. 25, § 34. CRS 53: § 122-3-24. C.R.S. 1963: § 122-3-24.

**11-42-125. Associations authorized to accept deposit accounts.** (1) Any other provision of articles 40 to 46 of this title to the contrary notwithstanding, any association organized under articles 40 to 46 of this title may be organized as, or may convert to, an association authorized to accept savings deposits. No association shall accept savings deposits of the type provided for by this section unless its articles of incorporation and bylaws shall specifically provide, or have been amended to provide, for the acceptance of such deposits. For the purposes of this section, all associations authorized to accept savings deposits shall be referred to as "deposit associations", and other associations organized under articles 40 to 46 of this title shall be referred to as "share associations".

(2) Except as provided in this section, no deposit association shall issue or sell shares, as otherwise provided in articles 40 to 46 of this title, except permanent stock in the case of associations organized as permanent stock companies; but all shares issued and outstanding at the time an association converts to a deposit association shall retain their status as shares with the same relative rights, privileges, duties, and obligations otherwise applicable to shares in a share association, unless the holders thereof exchange or convert such shares to savings deposits. If any law, rule, regulation, order, or decision regulating federal savings and loan associations hereafter authorizes federal savings and loan associations to accept both savings accounts, other than savings deposits (or issue and sell shares), and savings deposits having substantially the same characteristics as deposits permitted by this section, the commissioner, by rules and regulations duly adopted, may authorize deposit associations to issue shares or accept accounts having the same relative

rights and other characteristics permitted by such federal law, rule, regulation, decision, or order, subject to the same limitations, restrictions, prohibitions, conditions, and provisions, to the extent found by the commissioner to be applicable, as are provided from time to time by such federal laws, rules, regulations, decisions, or orders.

(3) Except as otherwise specifically provided in this section and except to the extent that such construction clearly would be inconsistent with the provisions and intent of articles 40 to 46 of this title, all references in articles 40 to 46 of this title (other than in this section) to shares or share accounts and to the owners or holders of shares or share accounts or to shareholders shall, with respect to the savings deposits authorized by this section, be applicable in the same manner and to the same extent that they would be applicable if such savings deposits were share interests in the association, and, except as provided in this section, the relationships between a deposit association and the holders of savings deposits therein shall be the same, and they shall have or be subject to the same rights, privileges, options, discretions, duties, obligations, restrictions, limitations, prohibitions, and conditions, as if the savings deposits were shares or the depositors were shareholders in a share association, including, but without limitation, the right of savings deposit holders to be members of the association and to have voting rights therein and the right of such associations to issue accounts to minors or in trust, to issue joint accounts, to adopt bonus plans, to issue permanent stock, and to otherwise conduct their operations in the manner provided by the provisions of articles 40 to 46 of this title.

(4) Notwithstanding any other provisions of articles 40 to 46 of this title, in the event of voluntary or involuntary liquidation, dissolution, or winding up of a deposit association or in the event of any other situation in which the priority of savings deposits authorized by this section is in controversy, all savings deposits, to the extent of their certificate value or withdrawal value at the time of the determination of priority, shall be deemed debts of the association, having the same priority as the claims of all general creditors of the association who do not have priority, other than any priority arising or resulting from consensual subordination, over other general creditors of the association, and, in addition, such savings deposits shall have the same right to share in the remaining assets of the association that they would have had if they were shares of such association. If, at the time of the determination of priority, there are outstanding in a deposit association any shares or share accounts in the association, such shares or share accounts shall, to the extent of their certificate value or withdrawal value, have the same priority as against other creditors or claimants as if they were savings deposits.

(5) The provisions of sections 11-42-117 to 11-42-123 shall be applicable to savings deposits, but any deposit association which fails to make full payment on any withdrawal demand within ten days after expiration of any advance notice period prescribed by the association's bylaws and permitted by articles 40 to 46 of this title may be found by the commissioner to be conducting its business in an unsafe or unauthorized manner or to be in an unsafe condition and subject to the penalties or actions resulting from such findings, including, but without limitation, the actions prescribed by sections 11-44-110 and 11-44-116.

(6) The provisions of sections 11-41-131 and 11-44-116 respecting the voluntary and involuntary liquidation of an association shall apply to all deposit associations, except to the extent that the order of priority of payment as between the claims of creditors, holders of savings deposits, shareholders, holders of permanent stock, or other investors is changed by the provisions of this section.

(7) If the laws, rules, regulations, orders, or decisions applicable to federal savings and loan associations hereafter authorize federal savings and loan associations to pay or contract to pay interest at an agreed rate on deposits or on one or more classes of deposits, then, deposit associations organized and operating under articles 40 to 46 of this title may likewise pay or contract to pay interest, subject to such restrictions, limitations, prohibitions, conditions, and requirements as the commissioner, by rules and regulations duly adopted and applicable to all deposit associations, may prescribe.

(8) In order to achieve substantial equality between deposit associations operating pursuant to the provisions of this section and federal savings and loan associations authorized to accept savings deposits, the commissioner is authorized, by rule or regulation

duly adopted, to impose or grant, to the extent consistent with the provisions of articles 40 to 46 of this title, the same restrictions, limitations, prohibitions, conditions, requirements, duties, liabilities, provisions, authorities, powers, rights, options, and discretions as are from time to time applicable to federal savings and loan deposit associations under the laws, rules, regulations, orders, and decisions applicable to such federal savings and loan associations.

(9) Savings deposits in a deposit association shall be evidenced by such certificates, account books, or passbooks as the association could issue or would be required to issue for a corresponding share account if it were not a deposit association; but any such certificate, account book, or passbook shall be modified so as to clearly reveal that the interest or obligation evidenced thereby is a savings deposit and not a share or share account in the issuing association. The term "invested capital", as applied to a deposit association, shall include the certificate values of all savings deposits therein. A deposit association may accept such one or more types of savings deposits as are permitted by the bylaws of the association, if such deposits are of a type and kind that may be accepted by savings and loan associations insured by the federal deposit insurance corporation or its successor.

(10) Any provision to the contrary notwithstanding, all shares or accounts in a federal or state chartered savings and loan association having substantially the same relative rights and characteristics as either shares or savings deposits provided for by this section, whether described or referred to as shares, savings shares, investment shares, share accounts, certificates, certificate accounts, savings accounts, savings deposits, or any other similar name, shall be deemed the equivalent of each other for all purposes involving the right or authority to invest or deposit public or private funds, including funds held in trust or any other fiduciary capacity, in any such association; and, if, by any law, statute, ordinance, resolution, rule, regulation, order, decision, agreement, declaration, trust agreement, last will and testament, or other similar enactment or instrument, the state of Colorado or any of its counties, municipalities, districts, or other political subdivisions, including special districts authorized by law, or any institution, agency, official, instrumentality, or department of any of the foregoing, or any bank, savings bank, industrial bank, credit union, fraternal benefit society, trust deposit and security company, trust company, or other financial institution, or any insurance company, or any agent, executor, administrator, trustee, custodian, or other fiduciary or agent, including trustees or custodians of public or private pension or retirement funds, is authorized or required to invest or deposit such public or private funds in the shares of a federal or state chartered savings and loan association or in any one or more of the other types of savings and loan accounts named in this subsection (10), such funds may also be invested or deposited in any one or more of the other types of accounts, specified in this subsection (10), in such an association, whether the earnings to be paid on such accounts are in the form of dividends or of interest.

### Foreign Savings and Loan Associations

11-43-101. Restrictions on foreign associations.

**11-43-101. Restrictions on foreign associations.** No foreign savings and loan association which conducts a savings and loan business as defined in section 11-40-103 shall operate an office in this state in order to sell its shares or accounts or make new loans in this state. Violation of this section is a class 2 misdemeanor which shall subject the offender and its officers, agents, and representatives, upon conviction thereof, to the penalties which are authorized in section 18-1.3-501 (1), C.R.S., and each separate business transaction in

violation of this section shall constitute a separate offense; but nothing in this section shall be construed to prohibit a foreign association from transacting business in respect to executory contracts in force on May 17, 1939.

## ANNOTATION

**Law reviews.** For article, "Foreign Savings and Loan Associations Not Doing Business in Colorado", see 16 Colo. Law. 43 (1987).

**Section applies to a foreign corporation, authorized by its charter to raise a fund by small periodical payments** from which loans may be made to those who contributed to such funds, and which is conducting a business of this character, even though not technically a building and loan association. *People ex rel. Griffith v. Standard Home Co.*, 59 Colo. 355, 148 P. 869

(1915) (decided prior to L. 33, p. 324, § 1, the earliest source of this section).

**This section is a "doing business law".** Even though this section regulates foreign savings and loan associations by prohibitions rather than by conditions, it is still a "doing business law". In addition, imposition of criminal sanctions, such as those in this section, is not atypical of a "doing business law". *Title Ins. Co. of Minn. v. Am. Sav. & Loan Assn.*, 866 F.2d 1284 (10th Cir. 1989).

#### ANNOTATION

**Law reviews.** For comment on United States Bldg. & Loan Ass'n v. McClelland, appearing below, see 7 Rocky Mt. L. Rev. 156 (1935).

**This is a comprehensive article creating a building and loan department of the state,** defining its powers, and giving it supervision over all foreign and domestic building and loan corporations doing business in this state, with power to grant certificates of business. United States Bldg. & Loan Ass'n v. McClelland, 6 F. Supp. 299 (D. Colo. 1934).

**It is a valid legislative enactment.** Building and loan associations exercise quasi-banking functions, soliciting the savings and funds of the public, especially of those in more modest circumstances. The general assembly violates no constitutional guaranty in declaring them affected with a public interest and in providing, within proper limits, supervision and control for the protection of the investor. United States Bldg. & Loan Ass'n v. McClelland, 6 F. Supp. 299 (D. Colo. 1934).

**11-44-101.4. Definitions.** As used in articles 30 and 40 to 46 of this title, unless the context otherwise requires, "board" means the financial services board, created in section 11-44-101.6.

**Source:** L. 93: Entire section added, p. 1447, § 9, effective June 6.

**11-44-101.5. Division subject to termination - repeal of article.** (1) The provisions of section 24-34-104, C.R.S., concerning the termination schedule for regulatory bodies of the state unless extended as provided in that section, are applicable to the division of financial services created by section 11-44-101.

**11-44-101.6. Financial services board - creation.** (1) There is hereby established in the division the financial services board which shall consist of five members.

(2) (a) There shall be three members who during their tenure are, and shall remain, executive officers of state credit unions and shall have not less than five years' practical experience as an active executive officer of a credit union.

(b) There shall be one member who during such member's tenure is, and shall remain, the executive officer of a state savings and loan association and shall have not less than five years' practical experience as an active executive officer of a savings and loan association.

(c) There shall also be one member to serve as a public member of the board who shall have expertise in finance through current experience in business, industry, agriculture, or education.

(d) Not more than three members shall be of the same major political party. No member of the board shall have any interest, direct or indirect, in a financial institution in which another member of the board shall have any such interest.

(3) Members shall be appointed by the governor, with the consent of the senate. Appointments shall take effect on July 1, 1993. The term of office of each member shall be

four years with the exception of the first appointments wherein two members shall be appointed for a two-year term to effect the staggering of terms. The governor may, after notice and hearing, remove a member for cause. Any board member who is absent from three consecutive board meetings is subject to immediate removal by the governor.

(4) Each member of the board shall receive the same per diem compensation and reimbursement of expenses as those provided for members of boards and commissions in the division of professions and occupations pursuant to section 24-34-102 (13), C.R.S. Payment for all such expenses and allowances shall be made upon vouchers therefor, which shall be filed with the department of personnel.

(5) The board shall meet at least once every three months. The chair of the board may call additional meetings of the board upon at least seventy-two hours' notice to all members of the board and shall do so upon the request of two members. All members of the board shall be subject to immediate call in the event of an emergency. Three members of the board shall constitute a quorum, and action taken by a majority of those present at any meeting at which a quorum is present shall be the action of the board. Upon the affirmative vote of a majority of those present at any meeting at which a quorum is present, one or more members may be authorized to conduct any hearing required under articles 30 and 40 to 46 of this title. In the event that less than a quorum of the board is present during the conduct of the hearing, at least a quorum of the board shall read the entire record before voting thereon. No member who is, or was at any time in the preceding twelve months, a director, officer, partner, employee, member, or stockholder of a corporation, partnership, or unincorporated association which is a party to a proceeding before the board shall participate in such a proceeding. A member may disqualify himself or herself from participating in a proceeding for any other cause deemed by the member to be sufficient.

(6) A quorum may be established by means of a conference telephone call which shall be recorded in the board's minutes. Upon the affirmative vote of a majority of those present at any meeting at which a quorum is present, the board may hold an executive session to consider certain matters required by statute to be kept confidential under articles 30 and 40 to 46 of this title. Any agenda and the minutes of executive sessions shall be kept confidential by the board.

(7) Such clerical, technical, and legal assistance as the board may require shall be provided by the division.

(8) The members of the board shall, before entering upon the discharge of their duties, in addition to any oath required by the state constitution, take and subscribe an oath to keep secret all information acquired by them in the discharge of their duties, except as may be otherwise required by law. Any person who willfully violates this oath is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment.

(9) The board shall elect a chair from among its members to serve for a term not exceeding two years, as determined by the board. No chair shall be eligible to serve as such for more than two successive terms. In addition to the amounts received pursuant to subsection (4) of this section, the chair shall receive per diem compensation and reimbursement of expenses in the amounts provided by section 24-34-102 (13), C.R.S., for each day spent in attending to the duties of the board.

(10) For the fiscal year beginning July 1, 1993, all moneys necessary to fund the board, including but not limited to per diem compensation and reimbursement of expenses for board members, shall be transferred from the moneys allocated for travel expenses for the division.

**11-44-101.7. Powers of the financial services board.** (1) The board is the policy-making and rule-making authority for the division and has the power to:

(a) Regulate its own procedure and practice; and

(b) Make, modify, reverse, and vacate rules for the proper enforcement and administration of articles 30 and 40 to 46 of this title and article 13 of title 12, C.R.S.

(2) In addition to any other powers conferred on it by articles 30 and 40 to 46 of this title, the board has the power to:

(a) Make all final decisions with respect to the organization, conversion, or merger of credit unions and savings and loan associations and administration of life care institutions or providers pursuant to article 13 of title 12, C.R.S.;

(b) Make all final decisions with respect to the suspension or liquidation of credit unions and savings and loan associations under article 30 of this title and this article.

(c) (Deleted by amendment, L. 95, p. 1092, § 3, effective May 31, 1995.)

(3) The board has the power to:

(a) Prohibit the taking of shares or deposits or to restrict the withdrawal of shares or deposits, or both, from any one or more state credit unions or savings and loan associations when the board finds that extraordinary circumstances make such a restriction necessary for the proper protection of depositors in the affected state credit union or savings and loan association;

(b) Authorize state credit unions and savings and loan associations to engage in any activity in which such financial institutions could engage were they operating under a federal charter or certificate of approval at the time such authority is granted, so long as such activity is not prohibited by state law and to the extent permissible under the rules and regulations of the board;

(c) Affirm, modify, reverse, vacate, or stay the enforcement of any order, ruling, or determination made by the commissioner acting pursuant to authority delegated by the board;

(d) Issue a declaratory order with respect to the applicability of article 13 of title 12, C.R.S., articles 30 and 40 to 46 of this title, or any rule and regulation issued by the board to any person, property, or state of facts under said provisions;

(e) Review and comment on the preliminary budget draft for the division prior to its submission to the department of regulatory agencies;

(f) Annually establish such fees and assessments and the percentages thereof as are necessary to generate the moneys appropriated by the general assembly to the division;

(g) Comment to the executive director of the department of regulatory agencies on who shall be the commissioner and to recommend to said executive director the termination of the commissioner for cause;

(h) Perform any acts and make any decisions incidental to or necessary for carrying out its functions as set forth in article 13 of title 12, C.R.S., and articles 30 and 40 to 46 of this title;

(i) Issue subpoenas and require attendance of any and all officers, directors, and employees of any credit union, savings and loan association, small business development credit corporation, or life care institution or provider, and such other witnesses as the board may deem necessary in relation to its affairs, transactions, and conditions, and may require such witnesses to appear and answer such questions as may be put to them by the board, and may require such witnesses to produce such books, papers, or documents in their possession as may be required by the board. Upon application of the board and subject to any protective order which may be entered by a district court, any person served with a subpoena issued by the board may be required, by order of the district court of the county where the credit union, savings and loan association, small business development credit corporation, or life care institution or provider has its principal office, to appear and answer such questions as may be put to such person by the board and be required to produce such books, papers, or documents in such person's possession as may be required by the board.

(4) The board may issue cease-and-desist orders, suspend a director, officer, or employee of a credit union or savings and loan association, or assess civil money penalties, in the same manner as provided in section 11-30-106 (7) and (8), concerning powers of the commissioner, and section 11-44-106.5, concerning suspension or removal of directors, officers, or employees, and as provided in sections 11-30-106.5 and 11-44-123, concerning assessment of civil money penalties by the commissioner.

(5) Except with respect to the organization of community charter credit unions, the board may, in its discretion, delegate to the commissioner any of its powers, duties, and functions.

(6) The board may, in its discretion, require the commissioner to report to the board periodically with respect to any powers delegated pursuant to subsection (5) of this section.

(7) The board shall have the power to approve or deny merger agreements for credit unions as provided in section 11-30-122. Mergers involving a community charter shall be subject to a public hearing pursuant to section 11-30-101.7.

(8) Repealed.

**11-44-101.8. Review of commissioner actions by financial services board - judicial review.** (1) (a) Any credit union, savings and loan association, or life care institution or provider, or any officer, director, employee, agent, advisor, or volunteer thereof, may appeal to the board any actions taken pursuant to authority delegated by the board pursuant to section 11-44-101.7 (5) or as otherwise specifically provided by statute. Notice of such appeal shall be filed with the commissioner within thirty days after such findings, ruling, order, decision, or other action. Such notice shall contain a brief statement of the pertinent facts upon which such appeal is based. Within sixty days after the appeal is filed, the board shall fix a date, time, and place for hearing the appeal and shall notify the credit union, savings and loan association, or life care institution or provider at least thirty days prior to the date of said hearing. Any such action of the commissioner may be stayed by the board pending the appeal to the board. The findings, order, decision, ruling, or other action of the board shall be deemed final agency action.

(b) In extraordinary circumstances, upon order of the board, any hearing conducted pursuant to paragraph (a) of this subsection (1) shall be exempt from any provision of law requiring that proceedings of the board be conducted publicly. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from an institution.

(2) Any credit union, savings and loan association, or life care institution or provider, or any officer, director, employee, agent, advisor, or volunteer thereof, or any other party, aggrieved or directly affected by a final order of the board, may obtain judicial review thereof by filing an action for review pursuant to the provisions of section 24-4-106, C.R.S., with the Colorado court of appeals pursuant to section 24-4-106 (11), C.R.S. The commencement of such proceeding does not, unless specifically ordered by the court, operate as a stay of the board's ruling, order, decision, or other action.

**11-44-102. Commissioner - duties - employees.** (1) The head of the division of financial services shall be the state commissioner of financial services, referred to in this article as the "commissioner". The commissioner shall have had at least five years' practical experience in the operation or regulation of financial institutions or financial service operations. The commissioner shall be appointed by the executive director of the department of regulatory agencies, pursuant to section 13 of article XII of the state constitution.

(2) The commissioner may appoint, pursuant to section 13 of article XII of the state constitution, a deputy commissioner of financial services, a secretary, and such other employees as deemed necessary for the proper conduct of the division.

(3) The deputy commissioner, the secretary, and all other employees of the division shall be under the direct supervision of the commissioner who shall have full power and control over such employees. Neither the commissioner nor any officer or employee of the division shall be personally liable for any acts done in good faith while in the performance of his duties as prescribed by law.

(4) Before entering upon their duties, the commissioner and deputy commissioner shall each give bond, executed by a responsible surety company, running to the people of the state of Colorado, in the penal sum of ten thousand dollars, conditioned upon the faithful and impartial discharge of their respective duties and the proper accounting for all funds which may come into their hands as such officers. Said bonds shall be approved by the governor, and the bonds, together with their oaths of office and the approval of the governor endorsed thereon, shall be filed with the secretary of state. The cost of such bonds shall be charged as an expense of the division of financial services. Suits may be maintained on such bonds in the name of the people of the state of Colorado for the use of the party injured by a breach of the conditions thereof.

(5) (Deleted by amendment, L. 2004, p. 138, § 22, effective July 1, 2004.)

(6) The commissioner, the deputy commissioner, the secretary, and all employees shall be reimbursed for all necessary expenses of their office, including all traveling expenses necessarily incurred in the performance of their duties, upon vouchers therefor properly itemized and filed in accordance with law.

(7) Repealed.

(8) (a) Neither the commissioner nor any employee of the division shall:

(I) Be an officer, director, committee member, attorney for, or stockholder in any credit union or savings and loan association; or

(II) Receive, directly or indirectly, any payment, gratuity, or compensation from any institution over which the division has regulatory authority.

(b) The provisions of paragraph (a) of this subsection (8) shall not prohibit the commissioner or any employee of the division from being a depositor, account holder, borrower, or user of other available financial services on the same terms as are available to the general public or membership.

(c) Notwithstanding any provision of this subsection (8) to the contrary, this subsection (8) shall not prohibit the credit union or savings and loan members of the financial services board pursuant to section 11-44-101.6 (2) (a) or (2) (b) from:

(I) Being executive officers in credit unions or savings and loan associations; and

(II) Receiving bona fide compensation as such officers.

**11-44-103. Powers of commissioner.** The commissioner has general supervision and control over all domestic and foreign savings and loan associations doing business in this state and has full power to grant, refuse, or revoke a permit or license to any association to do business in this state when such association is not conducting its business in conformity with the laws of the state or is conducting its business in such an unsafe manner as to render its further operations hazardous to the public or any of its shareholders. All articles of incorporation and amendments thereto, all bylaws and amendments thereto, and all certificates of stock and shares of associations subject to articles 40 to 46 of this title shall be submitted to said commissioner for his approval or disapproval, and said commissioner has the authority to approve, modify, or reject any such articles of incorporation or amendments thereto, bylaws or amendments thereto, and certificates of stock or shares. The commissioner has full power and authority to prescribe all necessary and proper rules and

regulations for the conduct and operation of savings and loan associations in this state and shall prescribe the manner in which the books and records of associations doing business in this state shall be kept.

**11-44-106.5. Suspension or removal of directors, officers, or employees.**

(1) (a) The commissioner may suspend or remove any director, officer, or employee of an association who in the opinion of the commissioner has:

(I) Violated the savings and loan association laws or a lawful regulation or order issued thereunder;

(II) Engaged or participated in any unsafe or unsound practice in the conduct of savings and loan business;

(III) Committed or engaged in any act, omission, or practice which constitutes a breach of fiduciary duty to the association and the association has suffered or will probably suffer financial loss or other damage or the interests of account holders may be seriously prejudiced thereby; or

(IV) Received financial gain by reason of a violation, practice, or breach of fiduciary duty that involved personal dishonesty or demonstrated a willful or continuing disregard for the safety or soundness of the association.

(b) The commissioner may suspend or remove any director, officer, or employee of an association who, under the laws of this state, the United States, or any other state or territory of the United States:

(I) Has entered a plea of guilty or nolo contendere to or been convicted of a crime involving theft or fraud that is classified as a felony; or

(II) Is subject to an order removing or suspending such individual from office, or prohibiting such individual's participation in the conduct of the affairs of any credit union, savings and loan association, bank, or other financial institution.

(1.2) A suspension or removal order issued pursuant to subsection (1) of this section shall include a description of the grounds for the suspension or removal. A copy of the order shall be sent to the association concerned and to each member of its board of directors.

(2) (a) The commissioner shall send written notice by certified mail, return receipt requested, to any person affected by subsection (1) of this section, at least ten days prior to a hearing held pursuant to section 24-4-105, C.R.S., at which the commissioner shall preside.

(b) If the commissioner determines that a specific case involves extraordinary circumstances which require immediate action, he may suspend or remove a person under subsection (1) of this section without notice or a hearing, but he shall conduct a hearing under section 24-4-105, C.R.S., within thirty days after such suspension or removal.

(c) Any person who performs any duty or who exercises any power of a domestic savings and loan association after receipt of a suspension or removal order under subsection (1) of this section commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(d) In extraordinary circumstances, upon order of the commissioner, any hearing conducted pursuant to this section shall be exempt from any provision of law requiring that proceedings of the commissioner be conducted publicly. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from the institution.

**11-44-107. Confidentiality.** (1) Neither the commissioner, the commissioner's deputy, or any other person appointed by the commissioner shall divulge any information acquired in the discharge of the person's duties; except that:

(a) A person specified in the introductory portion to this subsection (1) may divulge information acquired in the discharge of the person's duties if doing so is made necessary by law or under order of court in an action involving the division of financial services or in criminal actions;

(b) Any party entitled to appear in a hearing on an application for a savings and loan association charter or approval of a merger of savings and loan associations shall have access to the applicant's proposed articles or amended articles of incorporation, application for charter, and proposed bylaws;

(c) The commissioner may furnish information as to the condition of a savings and loan association to the federal office of thrift supervision or its successors, a federal home loan bank, the savings and loan departments of other states, an insurer authorized to insure obligations or accounts pursuant to articles 40 to 47 of this title, the executive director of the department of regulatory agencies, or the division of banking;

(d) The commissioner may give records or information in the commissioner's possession to a licensing agency within the department of regulatory agencies relating to possible misconduct by a person or entity licensed by said agency;

(e) The board, the commissioner, and their respective designees may exchange information obtained by the division of financial services as to possible criminal violations of law relating to the activities of a savings and loan association with the appropriate law enforcement agencies; and

(f) Notwithstanding any provision contained in this article to the contrary, the commissioner, the commissioner's deputies, or other persons appointed by the commissioner may disclose any information in the records of the division of financial services or acquired in the discharge of the person's duties that is available from the federal office of thrift supervision or its successors or the disclosure of which has been specifically authorized by the board of directors of the association to which such information relates. Nothing in this section shall be construed to authorize the board of directors of an association to waive any privileges that belong solely to the financial services board, the division of financial services, or its employees.

**11-44-109. Examination by commissioner - procedure - penalty.** (1) The commissioner, in person or by his deputy or one or more of his or her employees, at such intervals as the commissioner shall determine to be necessary or desirable in order to ascertain that each association is conducting its business in a safe and authorized manner, shall visit the home office and such branch offices as the commissioner deems necessary and examine into the affairs of every domestic association doing business in this state. The commissioner's deputy or any employee of the commissioner, before being entitled to make such examination, shall produce under the hand and seal of the commissioner his or her authority to make such examination. The commissioner and his deputy have the power to administer oaths and to examine under oath any director, officer, employee, or agent of any association concerning the business and affairs thereof. If the association has neither been audited by a registered or certified public accountant, in such manner and by auditors satisfactory to the commissioner, within the twelve-month period immediately preceding the date of such examination or within the period that has elapsed since such last preceding examination, whichever is greater, nor adopted and maintained an internal audit program acceptable to the federal deposit insurance corporation or its successor and the division, the examination

by the division shall include an audit. The cost, as computed by the division, of any such audit shall be paid by the association audited; except that there shall be no charge by the division for making an audit when such audit has been made by reason of collaboration as provided in section 11-41-117.

(1.5) In lieu of making his or her own examination, the commissioner may accept the examination report prepared by the federal office of thrift supervision or its successor or other appropriate regulatory authority.

(2) When, in the judgment of the commissioner, the condition of any association renders it necessary or expedient to make an extra examination or to devote any such extraordinary attention to its affairs, the commissioner has authority to make any extra examinations and to devote any necessary extra attention to the conduct of its affairs and may cause a registered or certified public accountant, appointed by the commissioner, to make an audit or examination of such association's business and affairs. In any such case, the association shall pay a reasonable fee based on actual cost to be affixed by the commissioner for all such extra services rendered by the division or by such accountant. A copy of the commissioner's report on each examination must be furnished to the association examined, and each director must note thereon that he has read the same.

(3) The commissioner or his deputy shall annually examine into the affairs of every foreign association doing business in this state, and for every such examination made outside this state a reasonable expense and the actual traveling expenses incurred shall be paid by the association so examined. If the commissioner deems it necessary, he may cause a public accountant, appointed by the commissioner, to make an audit or examination of such association's business and affairs, and, in any such case, such association shall pay a reasonable price to be fixed by the commissioner for such extra services rendered by such accountant. Should any foreign association fail to pay the costs incurred in any such examination, such costs shall be paid by the state treasurer upon the order of the commissioner, and the amount so paid shall be a first lien upon all the assets and property of such association and may be recovered by suit by the attorney general on behalf of the state of Colorado and restored to the fund from which paid.

(4) For the purpose of the examinations provided for in this section, the commissioner and his deputy or any other person authorized by him to make the examination has free access to all books and papers of the association which relate to its business and to the books and papers kept by any officer, agent, or employee relating thereto or upon which any record of its business is kept and may summon witnesses and administer oaths or affirmations in the examination of the directors, officers, agents, or employees of any such association or any other person in relation to its affairs, transactions, and conditions. He may require and compel the production of records, books, papers, contracts, or other documents by court action if necessary.

(5) Any person who knowingly or willfully testifies falsely in reference to any matter material to said examination is guilty of perjury in the second degree and, upon conviction thereof, shall be punished accordingly; and any person who willfully refuses or fails to attend, answer, or produce books or papers, or who refuses to give said commissioner or his deputy or the person authorized by him full and truthful information and answer in writing to any inquiry or question made in writing by said commissioner or deputy or the person authorized by him in regard to the business carried on by such association or other matters under investigation, or who refuses or willfully fails to appear and testify under oath before the commissioner, his deputy, or the person authorized by him is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than three months, or by both such fine and imprisonment.

(6) Any director, officer, agent, or employee of any association who knowingly or willfully makes any false certificate, entry, or memorandum upon any of the books or the papers of any association or upon any statement filed or offered to be filed in the division of financial services of this state or used in the course of any examination, inquiry, or investigation, with the intent to deceive the commissioner, his deputy, or any person employed or appointed by him to make such examination, inquiry, or investigation, is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than

one thousand dollars, or by imprisonment in the county jail for not less than two months nor more than twelve months, or by both such fine and imprisonment.

L. 2004: (1) and (1.5) amended, pp. 151, 140, §§ 60, 24, effective July 1.

**11-44-110. Power to take possession of association.** (1) If the commissioner, as the result of any examination or from any report made to him, finds that any association doing business in this state is violating the provisions of its articles of incorporation or bylaws or of the laws of this state provided for its government or is conducting its business in an unsafe or unauthorized manner, by an order addressed to such association, he may direct a discontinuance of such violations or unsafe or unauthorized practices and a conformity with all the requirements of law.

(2) If such association refuses or neglects to comply with such order within the time specified therein, or if it appears to the commissioner that any association is in an unsafe condition or is conducting its business in an unsafe manner such as to render its further proceedings hazardous to the public or to any of its members, or if he finds that its assets are impaired to such an extent that it threatens loss to the withdrawable shares, or if any association refuses to submit its books, papers, and accounts to the inspection of the commissioner or any of his examiners, his deputy, or his assistants, or if any officer refuses to be examined upon oath concerning the affairs of such association, then the commissioner may revoke the certificate of authority of such association, which shall act as an injunction against the association issuing any new shares or stock, making any new loans, transferring any shares or stock, or making any change in its managerial or directorial personnel during the time such revocation is in effect.

(3) The commissioner may, with the written approval of the board, take possession of the property, business, and assets of such an association and retain such possession until such association, with the consent of the commissioner, resumes business or until its affairs are liquidated. Such association, with the consent of the commissioner, may resume business upon such conditions as may be prescribed by the commissioner, but such savings and loan association shall pay all the expenses of the commissioner and the commissioner's deputy and employees in so taking possession of its property and assets.

(4) (a) In addition to all other powers to take possession of any association, the commissioner may appoint himself or herself or a third party as conservator of any association and immediately take possession and control of the business and assets of the association if the commissioner determines that:

(I) Such action is necessary to conserve the assets of the association or to protect the interests of its shareholders from acts or omissions of the existing management;

(II) The association, by a resolution of its board of directors, consents to such action;

(III) There is a willful violation of a cease-and-desist order that results in the association being operated in an unsafe or unsound manner; or

(IV) The association is significantly undercapitalized and has no reasonable prospect of becoming adequately capitalized.

(b) The commissioner may appoint a conservator and take immediate possession of the association without prior notice or a hearing; except that, within ten days after the conservator is appointed, the association may file an appeal with the board requesting the board to rescind the commissioner's appointment of a conservator. Upon receipt of a timely appeal, the board shall set a date for hearing and determine whether the commissioner's appointment should be rescinded; except that such appeal shall not act as a stay of the commissioner's action. If the board finds the commissioner's action was unauthorized, the board shall restore control of the association to its board of directors. If no appeal is filed within ten days after the commissioner's appointment of a conservator, all action taken by the commissioner shall be final.

(c) In extraordinary circumstances, upon order of the board, any hearing conducted pursuant to this subsection (4) shall be exempt from any provision of law requiring that proceedings of the board be conducted publicly. Such extraordinary circumstances occur only when specific concern arises about prompt withdrawal of moneys from the association.

(d) The conservator shall have all the powers of the shareholders, directors, and officers of the association and shall be authorized to operate the association in its own name or to conserve its assets as directed by the commissioner. The conservator shall conduct the business of the association and make regular reports to the commissioner until such time as the commissioner has determined that the purposes of conservatorship have been accomplished and the association should be returned to the control of its board of directors. All costs incident to the conservatorship shall be paid out of the assets of the association. If the commissioner determines that the purposes of the conservatorship will not be accomplished, the commissioner may proceed with the involuntary liquidation of the association in the manner described in subsections (2) and (3) of this section.

(e) If a conservator is appointed, and is other than the federal deposit insurance corporation, the office of thrift supervision or its successors, or an employee of the division of financial services, the conservator and any assistants shall provide a bond, payable to the association and executed by a surety company authorized to do business in this state, which meets with the approval of the financial services board, for the faithful discharge of their duties in connection with such conservatorship and the accounting for all moneys coming into their hands. The cost of such bond shall be paid from the assets of the association. Suit may be maintained on such bond by any person injured by a breach of the conditions thereof. This requirement may be deemed met if the financial services board determines that the association's fidelity bond covers the conservator and any assistants.

#### ANNOTATION

**The taking over of a building and loan association is free from constitutional objections,** for building and loan associations are

purely creatures of statute. United States Bldg. & Loan Ass'n v. McClelland, 95 Colo. 292, 36 P.2d 164 (1934).

**11-44-110.5. Supervisory mergers.** As a condition to allowing an association to resume business, the commissioner may require the association to merge with a domestic, foreign, or federal savings and loan association. In the case of such a supervisory merger initiated by the commissioner or the federal deposit insurance corporation or its successor, the provisions of section 11-43-101 shall not apply.

**11-44-111. Appeal from commissioner's action.** When any association, of whose property, business, and assets the commissioner has taken possession, deems itself aggrieved thereby, it may appeal to the financial services board pursuant to section 11-44-101.8 and receive expedited consideration as soon as practicable, and if it has, within ten days after the commissioner took possession, served written notice on the commissioner of its intention to seek to enjoin in court the commissioner's further proceedings, it may apply at any time within thirty days after such taking possession to the district court of the county in which the principal office of the association is located to enjoin further proceedings. After citing the commissioner to show cause why further proceedings should not be enjoined and hearing the evidence of the parties and determining the facts, the court may, upon the merits, dismiss such application or enjoin the commissioner from further proceedings and direct the commissioner to surrender such business, property, and assets to such association. An

appeal from such judgment shall operate as a stay from the commissioner's taking possession, and no bond need be given if such appeal is taken by the commissioner; but, if such appeal is taken by such association, a bond shall be given as required by the court.

**The parties have, under this section, a right to a plenary judicial review of the actions of the commissioner.** United States Bldg. & Loan

Ass'n v. McClelland, 6 F. Supp. 299 (D. Colo. 1934).

**11-44-112. Appointment of commissioner as receiver - assignment for benefit of creditors prohibited.** Upon application to the district court, the commissioner may be appointed the receiver to operate a savings and loan association when such appointment is necessary to avoid the association's assets becoming impaired or when the association is operating in an unsafe manner. In lieu of the commissioner being appointed a receiver or liquidator, the federal deposit insurance corporation or its successor, or an insurer authorized to insure obligations or accounts pursuant to articles 40 to 47.5 of this title, may be tendered an appointment as receiver or liquidator. For the purposes of rule 98 of the Colorado rules of civil procedure, venue of the commissioner is in the city and county of Denver. No savings and loan association shall make an assignment for the benefit of creditors.

**11-44-113. Procedure under court order.** (1) The commissioner may retain possession of any savings and loan association for the purpose of liquidating its affairs, but before doing so he shall furnish a bond, executed by some surety company authorized to do business in this state and running to the people of the state of Colorado, in a penal sum equal to the value of the negotiable assets of the association, as nearly as may be determined, for the faithful discharge of his duties in connection with liquidating the affairs of the association and accounting for all moneys coming into his hands. Such bond shall be approved by the governor and be filed in the office of the secretary of state. The cost of such bond shall be paid from the assets of the association. Suits may be maintained on such bond by any person injured by a breach of the conditions thereof.

(2) Upon taking such possession, the commissioner shall have authority to collect all moneys due to such association, and to give full receipt therefor, and to do such other acts as are necessary or expedient to collect, conserve, or protect its business, property, and assets.

(3) If the commissioner is in possession of the business, property, and assets of any association, regardless of whether or not he is liquidating the affairs of such association, the commissioner, in his discretion, may apply to the district court of the county in which the principal office in this state of such association is located for an order confirming any action taken by the commissioner or authorizing the commissioner to do any act or to execute any instrument not expressly authorized by articles 40 to 46 of this title, which order shall be made after a hearing, on such notice as the court shall prescribe. He may pay and discharge any secured claims against such association, and, within six months after taking such possession, he may disaffirm any executory contracts, including leases, to which such association is a party and disaffirm any partially executed contracts, including leases, to the extent that they remain executory.

**11-44-114. Noncompliance with orders - penalty.** If the commissioner demands possession of the property, business, and assets of any association, pursuant to section 11-44-110, the refusal of any officer, agent, employee, or director of such association to comply with such demand shall constitute a misdemeanor, punishable by a fine of not more than three hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment; and, if such demand is not complied with within twenty-four hours after service, the commissioner may call to his assistance the sheriff of the county in which the principal place of business of such association is located, by written demand under his hand and official seal; whereupon it shall become the duty of such official to enforce the demands of the commissioner.

**11-44-115. Officers to furnish schedule of property.** Upon taking possession of the property, business, and assets of any association, the commissioner shall require the president and secretary of such association to make a schedule of all its property and assets and of all collateral held by it as security for loans, and to make oath that such schedule sets forth all such property, assets, and collateral which such association owns or to which it is entitled, and to deliver such schedule and the possession of all such property and collateral as may not have been so previously delivered to the commissioner, who may examine under oath such president and secretary, the other officers of such association, or the directors, agents, or employees thereof at any time to determine whether or not all the property, assets, and collateral which such association owns or to which it is entitled have been transferred and delivered into his possession.

**11-44-116. Liquidation powers of commissioner.** (1) In liquidating the affairs of an association, the commissioner has the power to collect all moneys due to and all claims of such association and give full receipt therefor; to release or reconvey all real or personal property pledged, hypothecated, or transferred in trust as security for loans; to approve and pay all just and equitable claims; to commence and prosecute all actions and proceedings necessary to enforce liquidations; to compound bad or doubtful debts and to compound and settle with any debtor or creditor of such association or with the persons having possession of its property or being in any way responsible at law or in equity to such association, upon such terms and conditions and in such manner as he deems just and beneficial to such association; in case of mutual dealings between the association and any person, to allow just setoffs in favor of such persons in all cases in which the same ought to be allowed according to law and equity; in case of borrowers holding shares of the association pledged to the association as security for said loan, to allow the amount paid in on said shares, together with all dividends legally declared thereon, to be set off against the amount due on said loan; and to sell, convey, and transfer real and personal property.

(2) If a purchaser for any bad or doubtful debts cannot be obtained and it appears improbable that recovery thereon can be had and that the costs of actions to enforce collections of the same would probably be lost, the court may direct that suits thereon need not be brought.

(3) For the purpose of executing and performing any of the powers and duties conferred upon him, the commissioner, in the name of such association or in his own name, may prosecute and defend any and all suits and other legal proceedings and, in the name of such association or in his own name, as commissioner, may execute, acknowledge, and deliver any deeds, assignments, releases, and other instruments necessary and proper to effectuate any sale of real or personal property or other transaction in connection with the liquidation of such association. Any deed, assignment, release, or other instrument executed pursuant

to the authority given shall be valid and effectual for all purposes as though the same had been executed by the officers of such association by authority of its board of directors.

(4) In case any of the real property so sold is located in a county other than the county in which the application to the court for leave to sell the same is made, the commissioner shall cause a certified copy of the order authorizing or ratifying such sale to be filed in the office of the recorder of the county in which such real property is located.

(5) Upon determining to liquidate an association, the commissioner shall cause an inventory of all the assets of such association to be made in duplicate, the original to be filed with the court and the duplicate in the office of the commissioner. He shall cause due notice to be given, by publication once a week for four successive weeks in some newspaper of general circulation published at or near the principal place of business of such association in this state, to all persons having claims against it as creditors, or investors, or otherwise, to present and file same and make legal proof thereof at a place and within a time to be designated in such publication, which time shall be not less than two months after such first publication. Within ten days after such first publication, he shall cause a copy of such notice to be mailed to all persons whose names appear of record upon its books as creditors or investors, and, upon the expiration of the time fixed for the presentation of claims, the commissioner shall prepare or cause to be prepared in duplicate a full and complete schedule of all claims presented, specifying by classes those that have been approved and those that have been disapproved, and shall file the original with the court and the duplicate in the office of the commissioner. Not later than five days after the time of filing such schedule with the court, written notice shall be mailed to all claimants whose claims have been rejected.

(6) Action to enforce the payment of any rejected claim must be brought and service had within four months after the date of filing of the schedule of claims with the proper court; otherwise all such actions shall be forever barred. All claims of creditors, investors, or other persons against the association or against any property owned or held by it must be presented to the commissioner in writing, verified by the claimant or someone in his behalf, within the period limited in the notice mentioned in subsection (5) of this section for the presentation of claims; and any claims not so presented shall be forever barred; but the claim of any investor, appearing upon the books of the association as a valid claim, presented after the expiration of the time fixed in said notice shall be entitled to share in any dividends declared subsequent to the presentation of such claim.

(7) The commissioner under his hand and official seal may appoint one or more special deputies to assist in the duties of liquidation and distribution under his direction and may also employ such special legal counsel, accountants, and assistants as may be needful and requisite and fix the salaries and compensation to be allowed and paid to each, all to be in a reasonable and commensurate sum. All such salaries and compensation and such other reasonable and necessary expenses as may be incurred in the liquidation shall be paid by the commissioner from the funds of such association in his hands.

(8) From the net realization of such assets in excess of such salaries, compensation, and expenses, the commissioner shall first pay all approved claims other than to investors, and thereafter he shall distribute and pay dividends in liquidation to the shareholders and investors in the association, other than holders of permanent stock, until their claims are fully paid or such assets or funds are exhausted. Such distributions shall be made as funds are available therefor, to the extent of ten percent or more of the approved claims of the class of claimants then entitled to distribution, and shall continue until all the assets have been realized upon and a final dividend in liquidation is declared and paid.

(9) Upon the payment of a final dividend in liquidation, the commissioner shall prepare and file with the court a full and final statement of the liquidation, including a summary of the receipts and disbursements, and a duplicate thereof shall be filed in the office of the commissioner, and, after due hearing and approval by the court, the liquidation shall be deemed to be closed.

(10) The determination by the commissioner to liquidate any association, evidenced by filing written notice of such determination with the court, shall operate to stay or dissolve any actions or attachments instituted or levied within thirty days next preceding the taking of possession of such association by the commissioner, and, pending the process of

liquidation, no attachment or execution shall be levied nor lien created upon any of the property of such association.

(11) Whenever, in case of any association which has issued permanent stock, the commissioner has fully liquidated all claims other than claims of such stockholders, and has made due provision for any and all known or unclaimed liabilities, excepting claims of permanent stockholders, and has paid all expenses of liquidation, he shall call a meeting of the stockholders of said savings and loan association by giving notice thereof for thirty days in one or more newspapers published in the county in which the principal office of the association is located. At such meeting the commissioner shall deliver to such stockholders all the property and effects of said association remaining in his possession, except its records, which shall be retained by him as part of the records of his office, and, upon such transfer and delivery, he shall be discharged from any and all further liability to said association or its creditors, and thereupon the association shall be in the same position as though it had never been authorized to transact a savings and loan business.

**11-44-118. Commissioner and deputy not to accept gifts.** Neither the commissioner nor his deputy shall receive or accept any bribe, gratuity, or reward from any person or association for any purpose whatever or knowingly and willfully make any false or fraudulent report of the condition of any association for any purpose whatsoever. One or more of the directors of any association may be present at any examination of the affairs thereof, but the absence of any or all of the officers or directors shall not operate to prevent the commissioner or his deputy from proceeding with such examination.

**11-44-119. Association's right to resort to court.** Nothing in articles 40 to 46 of this title shall be construed to prevent an association or person affected by any order, ruling, proceeding, act, or action of the commissioner or the financial services board or any person acting on behalf and at the instance of the commissioner or the financial services board, or both, from testing the validity of the same in any court of competent jurisdiction, through injunction, appeal, or other proper process or proceeding, mandatory or otherwise.

**11-44-123. Assessment of civil money penalties.** (1) (a) After notice and a hearing as provided in article 4 of title 24, C.R.S., and after making a determination that no other appropriate governmental agency has taken similar action against such person for the same act or practice, the commissioner may assess and collect a civil money penalty from any person who has violated any final order issued by the commissioner pursuant to section 11-44-110 (1) or any suspension or removal order issued pursuant to section 11-44-106.5, or who has violated section 11-41-133.

(b) For the purposes of this section, a violation includes, but is not limited to, any action, by any person alone or with another person, which causes, brings about, or results in the participation in, counseling of, or aiding or abetting of a violation.

(c) In extraordinary circumstances, upon order of the commissioner, any hearing conducted pursuant to this section shall be exempt from any provision of law requiring that proceedings of the commissioner be conducted publicly. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from the institution.

(2) Civil money penalties shall be assessed by written notice of assessment of a civil money penalty served upon the person to be assessed. The notice of assessment of a civil money penalty shall state the amount of the penalty, the period for payment, the legal authority for the assessment, and the matters of fact or law constituting the grounds for assessment. The notice of assessment of a civil money penalty may be appealed to the financial services board pursuant to section 11-44-101.8. On appeal, the board may

consider, among other matters, whether the civil money penalty assessed by the commissioner is appropriate considering the financial resources of the person assessed.

(3) In determining the amount of the civil money penalty to be assessed, the commissioner shall consider the good faith of the person assessed, the gravity of the violation, any previous violations by the person assessed, and such other matters as the commissioner may deem appropriate; except that the civil money penalty shall be not more than one thousand dollars per day for each day the person assessed is determined by the commissioner to be in violation of a cease-and-desist order or an order of suspension or removal. Alternatively, the commissioner may assess a civil money penalty for such violation in a lump-sum amount not to exceed fifty thousand dollars.

(4) Civil money penalties assessed pursuant to this section shall be due and payable and collected within thirty days after the notice of assessment of a civil money penalty is issued by the commissioner; except that the commissioner, in the commissioner's discretion, may compromise, modify, or set aside any civil money penalty. If any person fails to pay an assessment after it has become due and payable, the commissioner may refer the matter to the attorney general, who shall recover the amount assessed by action in the district court for the city and county of Denver. Any civil money penalty collected pursuant to this section shall be transmitted to the state treasurer, who shall credit it to the general fund.

11-45-102.	Effect of conversion.		

**11-45-101. Conversion into federal association.** (1) Any savings and loan association or other home-financing organization, by whatever name or style it may be designated, which is eligible to become a federal savings and loan association may convert itself into a federal savings and loan association by the following procedure:

(a) At any regular or special meeting of the shareholders of any such association called to consider such action and held in accordance with the laws governing such association, such shareholders, by an affirmative vote of the shareholders owning and voting the number of shares required for authorization of the sale of the association's assets or required to accomplish a consolidation or a merger, whichever is the greater, present in person or by proxy, may declare by resolution the determination to convert said association into a federal savings and loan association.

(b) A copy of the minutes of such meeting of the shareholders, verified by the affidavit of the president or vice-president and the secretary of the meeting, shall be filed within ten days after said meeting in the office or division of this state having supervision of such association. Such verified copy of the minutes of such meeting when so filed shall be presumptive evidence of the holding and of the action of such meeting.

(c) Within a reasonable time and without any unnecessary delay after the adjournment of such meeting of shareholders, the association shall take such action as may be necessary to make it a federal savings and loan association, and, within ten days after receipt of the federal charter, there shall be filed in the office or division of this state having supervision of such association a copy of said charter issued to such association by the office of thrift supervision or its successor or a certificate showing the organization of such association as a federal savings and loan association certified by, or on behalf of, the office of thrift supervision or its successor. Upon the filing of such instrument, such association shall cease to be a state association and shall thereafter be a federal savings and loan association.

**11-45-102. Effect of conversion.** At the time when such conversion becomes effective, such association shall cease to be supervised by this state, and all of the property of such association, including all of its right, title, and interest in and to all property of every kind and character, whether real, personal, or mixed, immediately by operation of law and without any conveyance or transfer whatsoever and without any further act or deed, shall continue to be vested in said association under its new name and style as a federal savings and loan association and under its new jurisdiction; and said federal savings and loan association shall have, hold, and enjoy the same in its own right as fully and to the same extent as if the same were possessed, held, and enjoyed by it as a state association, and said federal savings and loan association, at the time of the taking effect of such conversion, shall continue to be responsible for all of the obligations of said state association to the same extent as though said conversion had not taken place. It is expressly declared that such federal savings and loan association shall be merely a continuation of the state association under a new name, a new jurisdiction, and such revision of its corporate structure as may be considered necessary for its proper operation under said new jurisdiction.

**11-45-103. Conversion into state association.** (1) Any federal savings and loan association may convert itself into an association under articles 40 to 46 of this title by the majority vote of all members present in person or by proxy at an annual meeting or at any special meeting called to consider such action. Copies of the minutes of the proceedings of such meeting of members, verified by the affidavit of the secretary or an assistant secretary, shall be filed in the office of the commissioner and mailed to the office of thrift supervision, or its successor, within ten days after such meeting. Such verified copies of the proceedings of the meeting when so filed shall be prima facie evidence of the holding and action of such meeting.

(2) At the meeting at which conversion is voted upon, the members shall also vote upon the directors who shall be the directors of the state-chartered association after conversion takes effect. Such directors shall then execute two copies of the certificate of incorporation and four copies of the bylaws. The directors chosen for the association shall all sign and acknowledge the certificate of incorporation as subscribers thereto and the bylaws as incorporators of the association. The commissioner may provide, by regulation, for the procedure to be followed by any such federal savings and loan association converting into an association under articles 40 to 46 of this title. The state-chartered association shall be a continuation of the corporate entity of the converting federal association and continue to have all of its property and rights.

**11-46-108. Adverse claims to contents of safe deposit box.** (1) A lessor shall not deny access to a safe deposit box to its lessee unless the claim of said lessee is adverse within the terms of this section. A claim shall be considered adverse when:

(a) The lessor is directed to deny such access by a court order issued in an action in which the lessee is served with process and named as a party by a name which identified him with the name in which the safe deposit box is leased; or

(b) The safe deposit box is leased or the property is held in the name of a lessee with the addition of words indicating that the contents or property are held in a fiduciary capacity for a named beneficiary and the adverse claim is supported by a sworn written statement of facts disclosing that it is made by or on behalf of such a beneficiary and that there is reason to know that the fiduciary may misappropriate the trust property; or

(c) One of several lessees claims, contrary to the terms of the lease, an exclusive right of access, or when one or more persons claim a right of access as agents or officers of a lessee to the exclusion of others as agents or officers, or when it is claimed that a lessee is the same person as one using another name.

**Source: L. 75:** Entire article added, p. 399, § 1, effective July 1.

**11-47-102. Legislative declaration.** (1) The general assembly declares that the purpose of this article is to provide protection of public moneys on deposit in state-chartered and federally chartered savings and loan associations in this state above and beyond the protection provided by the federal deposit insurance corporation or its successor and to ensure prompt payment of deposit liabilities to governmental units in the event of default or insolvency of any such association.

(2) The general assembly further declares that the inclusion of self-insurance pools formed by governmental units within the scope of the provisions of this article is to clarify that such self-insurance pools have been and shall continue to be entitled to protection as provided by the provisions of this article.

**Source: L. 75:** Entire article added, p. 399, § 1, effective July 1. **L. 88:** Entire section amended, p. 428, § 6, effective April 20. **L. 2004:** (1) amended, p. 141, § 28, effective July 1.

**11-47-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Affected governmental unit” means any governmental unit whose deposits of public moneys are affected by an event of default.

(2) “Capital funds” means, with respect to any eligible public depository, the aggregate sum of its capital stock, surplus, and undivided profits and of all reserves required by any law or regulation, together with the amount of any debt subordinated to deposit liabilities when such debt has been allowed to be included in its stated capital position by the applicable regulatory authority.

(3) “Commissioner” means the state commissioner of financial services.

(4) “Defaulting depository” means an eligible public depository to which an event of default has occurred.

(5) “Eligible collateral” means:

(a) Obligations of the United States or of any agency thereof;

(b) Obligations wholly or partially guaranteed or insured as to payment of principal by the United States or any agency thereof;

(c) Obligations of the state of Colorado, including anticipation warrants, and general obligations of any governmental unit of this state, including obligations the interest and

principal of which are secured by deposit in escrow of an amount of obligations of the United States or any agency thereof sufficient to secure such payment;

(d) Obligations evidenced by notes secured by first lien mortgages or deeds of trust on real property, whether or not situate in this state, if such obligations are not for construction or land acquisition and development and if such obligations shall not exceed one hundred percent of the value of all eligible collateral on pledge, which obligations shall not be in default in any respect and are wholly owned by the eligible depository;

(e) Revenue bonds, except industrial development revenue bonds, issued by the state of Colorado or any agency thereof, or by any county, city and county, municipality, school district, special district, or other authority within this state, as well as special improvement district bonds issued by any such political subdivision or authority;

(f) Mortgage-backed securities issued by the federal home loan mortgage corporation, the federal national mortgage association, or the government national mortgage association and such other mortgage-backed securities as are approved by the commissioner;

(g) Such liquid assets, as such term is defined in the federal regulations governing members of a federal home loan bank, as are approved by the commissioner;

(h) Irrevocable and unconditional standby letters of credit issued by a federal home loan bank if:

(I) The letter of credit is in the standard format approved by the Colorado division of financial services;

(II) The Colorado division of financial services is designated as the beneficiary of the letter of credit; and

(III) Securities issued by the federal home loan bank remain triple A-rated by one or more nationally recognized organizations which regularly rate such obligations.

(6) "Eligible public depository" means any state-chartered savings and loan association or any federally chartered savings and loan association having an office in this state which is authorized by the laws of the United States to accept deposit accounts, which deposits are insured by the federal deposit insurance corporation or its successor, and which depository has been designated as an eligible public depository by the commissioner.

(7) "Event of default" means the issuance of an order by a supervisory authority or a receiver restraining an eligible public depository from making payments of its deposit liabilities.

(8) "Governmental unit" means the state of Colorado, every municipality, city and county, county, school district, special district, and authority located in this state, every public body corporate created or established under the constitution or any law of this state, and every board, commission, department, institution, agency of, and every entity created by intergovernmental agreement among, any of the foregoing which collects, receives, or has custody of or control over public moneys.

(8.5) (a) "Market value" means, for eligible collateral consisting of obligations wholly or partially guaranteed or insured as to payment of principal by the United States or any agency thereof, or other obligations evidenced by notes secured by first lien mortgages or deeds of trust, the lower of current market quotation or seventy-five percent of the unpaid principal of the note evidencing the obligation.

(b) For all other eligible collateral, "market value" means the current market quotation.

(9) (Deleted by amendment, L. 2004, p. 141, § 29, effective July 1, 2004.)

(10) "Net deposit liability" means, with respect to a defaulting depository, the amount of its deposit liability to a governmental unit after deduction of any applicable federal deposit insurance corporation or its successor insurance with respect thereto.

(11) "Public deposits" means and includes all public moneys on deposit in an eligible public depository, whether payable on demand or at a certain time.

(12) "Public moneys" means all moneys under the control of or in the custody of governmental units.

(13) "Valuation date" means the last business day of either March or September of each year, as the occasion may require.

**11-47-104. Administration - powers of commissioner and financial services board.**

The provisions of this article shall be administered by the commissioner under the supervision of the financial services board. The financial services board and the commissioner shall have the authority to do all acts necessary and required to carry out the purpose of this article. To this end, the financial services board is empowered to make, amend, and rescind rules and regulations consistent with said provisions and to prescribe a standard form for the statements and reports required to be made or filed by eligible public depositories and to require uniform use of the same. Acts of the commissioner are subject to appeal to the financial services board pursuant to section 11-44-101.8.

**11-47-112. Power and authority of financial services board.** (1) The commissioner shall have specific power and authority to require any eligible public depository to furnish, at any time, such information as the commissioner may request or demand concerning the amount of public deposits held by it, the portion thereof that is insured by the federal deposit insurance corporation or its successor, the amount of its capital funds, and the nature, amount, market value, and location of the eligible collateral maintained or pledged by it to secure said deposits.

(2) If any such depository shall fail or refuse to furnish the information requested or demanded within ten days after the date of the request or demand, the commissioner shall have the authority to forthwith deny it the right to accept and hold any additional public deposits until such time as said information is furnished to him and he has acknowledged receipt thereof, and, at his discretion, he may make public announcement of such denial.

(3) The commissioner shall have the authority to determine and fix the date upon which any event of default is deemed to have occurred, after taking into account and giving due consideration to any rule, regulation, or lawful order of any supervisory authority as the same may affect the inability or failure of an eligible public depository to repay deposit liabilities.

(4) The commissioner shall have the authority to require any eligible public depository to substitute new eligible collateral for any of its maintained or pledged collateral which he deems to be ineligible.

(5) If any depository violates any regulation promulgated by the commissioner pursuant to section 11-47-104 or violates any provision of this article, the commissioner shall have the authority to deny, forthwith, the right of said depository to accept and hold any additional public deposits until such time as the depository complies with the regulations or the provisions of this article. The commissioner, at his discretion, may make public announcement of such denial.

(6) (a) The financial services board may promulgate rules to require an eligible public depository to reduce or eliminate its uninsured public deposit liability if said depository's regulatory capital does not comply with the minimum requirement of the federal deposit insurance corporation or its successor. Notwithstanding any other provision in this article to the contrary, the financial services board also may promulgate rules to require a depository to pledge eligible collateral having a market value in excess of one hundred percent of the aggregate amount of public deposits not insured by the federal deposit insurance corporation or its successor, if said depository's regulatory capital does not comply with the minimum requirement of the federal deposit insurance corporation or its successor. Notwithstanding any other provision in this article to the contrary, the financial services board may promulgate rules to require an eligible public depository to pledge a minimum amount of eligible collateral.

(b) Repealed.

**11-47-113. Procedure when event of default occurs.** (1) When the commissioner has determined that an event of default has occurred with respect to any eligible public depository and has determined and fixed the date of such occurrence, he or she shall proceed in the following manner:

(a) He shall forthwith seize and take possession of all eligible collateral, maintained or pledged, belonging to the defaulting depository, wherever held in custody.

(b) Within twenty days after seizing and taking possession of all eligible collateral pursuant to paragraph (a) of this subsection (1), the commissioner shall ascertain the aggregate amount of public deposits held by the defaulting depository, as disclosed by the records of such depository, and the portion thereof that is insured by the federal deposit insurance corporation or its successor, and shall notify each affected governmental unit of the amount of its deposit, as so disclosed, and the portion thereof that is so insured, and shall require each affected governmental unit to provide him or her with a verified statement showing the amount of its deposit, as disclosed by its own records, within thirty days after receipt of such notification.

(c) Upon receipt of all verified statements from an affected governmental unit, he shall determine and fix the net deposit liability of the defaulting depository to such affected governmental unit. Upon receipt of all such verified statements from all affected governmental units, he shall determine and fix the aggregate net deposit liability of the defaulting depository to all affected governmental units.

(d) The commissioner shall proceed to liquidate the eligible collateral maintained or pledged by the defaulting depository which he had theretofore seized and may, from time to time, apply the amount realized from such liquidation against the net deposit liability to

any governmental unit. The commissioner shall maintain a reserve from such amount realized for the payment of the aggregate net deposit liability to all affected governmental units until payment is made to all affected governmental units.

(e) In the event the federal deposit insurance corporation or its successor is appointed and acts as liquidator or receiver of any eligible public depository under state or federal law, those duties specified in this section to be performed by the commissioner may, where the commissioner deems appropriate, be delegated by the commissioner to and performed by the federal deposit insurance corporation or its successor.

**11-47-118. Public moneys to be deposited only in eligible public depositories - penalty for violation.** (1) It shall be unlawful for any public moneys to be deposited in any state-chartered savings and loan association, or in any federally chartered savings and loan association having its principal office in this state, other than one that has been designated by the commissioner as an eligible public depository, unless the entire amount of such deposit is insured by the federal deposit insurance corporation or its successor.

(2) Any official of a governmental unit having custody of or control over public moneys who violates the provisions of subsection (1) of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than two hundred dollars nor more than five hundred dollars, which fine shall be mandatory, and, upon any such conviction, the court may adjudge that he be removed from office.

(3) Notwithstanding any other provision of this section to the contrary, nothing shall be construed to prevent a savings and loan association which is an eligible public depository operating pursuant to the provisions of this article from being or acting as an agent in behalf of any public entity for the purposes of making investments as authorized by part 6 of article 75 of title 24, C.R.S. Any such savings and loan association shall maintain such accounting records as are necessary to readily distinguish between the activities authorized by said part 6 of article 75 of title 24, C.R.S., and the purposes of the public deposit protection requirements imposed upon it as a condition of being an eligible public depository. The financial services board may promulgate such rules and regulations as it deems desirable to

ensure that the activities authorized under part 6 of article 75 of title 24, C.R.S., and the protection of public funds pursuant to this article are not commingled.

**11-48-101. Applicability.** This article shall be applicable to any savings and loan association organized under the provisions of article 41 of this title or under federal law and

having its principal office in this state, any credit union organized under the provisions of article 30 of this title or federal law and having its principal office in this state, and any industrial bank incorporated under the provisions of article 108 of this title and having its principal office in this state. As used in this article, "financial institution" means any such savings and loan association, credit union, or industrial bank.

**Source:** L. 77: Entire article added, p. 553, § 3, effective May 20. L. 2003: Entire section amended, p. 1208, § 13, effective July 1.

**11-48-102. Limitations.** This article shall be construed to authorize any financial institution to engage in electronic funds transfers only to the extent of transactions authorized in applicable law governing such institutions. The provisions of this article shall govern as to communications facilities owned or controlled by such institutions.

**Source:** L. 77: Entire article added, p. 553, § 3, effective May 20.

**11-48-103. Communications facility.** As used in this article, "communications facility" means an attended or unattended electronic information processing device, other than an ordinary telephone instrument, located in this state separate and apart from a financial institution and through which account holders and financial institutions may engage in transactions by means of either the instant transmission (on-line) of electronic impulses to and from the financial institution or its data processing agent or the recording of electronic impulses or other indicia of a transaction for delayed transmission (off-line) to a financial institution or its data processing agent. Such a device located on the premises of a financial institution shall be a communications facility if such device is utilized by the account holders of other financial institutions.

**Source:** L. 77: Entire article added, p. 553, § 3, effective May 20.

**11-48-104. No operation by financial institution employees.** No communications facility located separate and apart from a financial institution shall be operated by an employee or agent of any financial institution, and no agent or employee of the retailer where a facility is located who operates it shall be deemed to be the agent or employee of any financial institution using the facility or with which transactions are accomplished by means of the facility. No employee or agent of any financial institution shall be stationed at any communications facility located separate and apart from the financial institution except on a temporary basis for the purpose of instructing customers in the use of facilities or for servicing or observing the operation of such facilities.

**Source:** L. 77: Entire article added, p. 554, § 3, effective May 20.

**11-48-105. Sharing.** (1) A financial institution shall make any communications facility available to any similar financial institution for the use of its account holders on the basis of fair, equitable, and nondiscriminatory standards and charges. For purposes of this section, a savings and loan association is similar to any other savings and loan association, a credit union is similar to any other credit union, and an industrial bank is similar to any other industrial bank. A communications facility on the premises of a financial institution is not subject to the mandatory access provisions of this subsection (1). Such a facility may but is not required to be made available for use by the account holders of any similar financial institution.

(2) A financial institution may but is not required to make the use of any communications facility available to a dissimilar financial institution and to any state or national bank in this state for the use of its account holders. Any such use shall be on a fair and reasonable contractual basis.

**Source:** L. 77: Entire article added, p. 554, § 3, effective May 20.

**11-48-106. Consumer protection.** (1) Every financial institution using a communications facility shall provide its account holders, at the time the facility is used, with a receipt or record of each transaction initiated at a facility. Such receipt or record shall be admissible as evidence in any legal action or proceeding and shall constitute prima facie proof of the transaction evidenced by such receipt or record. When a financial institution furnishes a statement of account to an account holder, such statement shall reflect each transaction affecting such account made by the account holder at a communications facility during the period covered by the statement.

(2) With respect to any card or other device issued to an account holder for use at a communications facility, any account holder whose card or device is lost or stolen and subsequently used by an unauthorized person shall only be liable for the lesser of fifty dollars or the amount of money, goods, or services obtained by the unauthorized use prior to notice to the financial institution which issued the card or device of the theft or loss. If the unauthorized use occurs through no fault of the account holder, no liability shall be imposed on the account holder.

(3) No account holder shall be held liable for any loss occurring as the result of any tampering or manipulation of a communications facility unless he performs or authorizes such acts.

**Source:** L. 77: Entire article added, p. 554, § 3, effective May 20.

**11-48-107. Access to automated clearinghouse.** Effective January 1, 1978, an automated clearinghouse in this state shall permit direct access to or membership in such clearinghouse by any financial institution if such access is not prohibited by any rule or regulation of the federal reserve board and if the financial institution agrees to abide by the rules of the clearinghouse. For purposes of this section, "automated clearinghouse" means a group of financial institutions or banks which have agreed to abide by certain rules and procedures for the purpose of exchanging payments and settling balances of participating financial institutions on computer tape to accomplish settlement of transactions by posting credits and debits to reserve balances maintained by member banks of the federal reserve systems through the federal reserve system.

**11-50-101. Short title.** This article shall be known and may be cited as the "Colorado Uniform Transfers to Minors Act".

**Source: L. 84:** Entire article R&RE, p. 383, § 1, effective July 1.

**Editor's note:** This section is similar to former § 11-50-101 as it existed prior to 1984.

**11-50-102. Definitions.** As used in this article, unless the context otherwise requires:

- (1) "Adult" means an individual who has attained the age of twenty-one years.
- (2) "Benefit plan" means an employer's plan for the benefit of an employee or partner.
- (3) "Broker" means a person lawfully engaged in the business of effecting transactions in securities or commodities for the person's own account or for the account of others.
- (4) "Conservator" means a person appointed or qualified by a court to act as general, limited, or temporary guardian of a minor's property or a person legally authorized to perform substantially the same functions.
- (5) "Court" means the district or probate court which would have jurisdiction of the minor's estate, if he had property other than custodial property, as provided in section 15-14-108 (1), C.R.S.
- (6) "Custodial property" means:
  - (a) Any interest in property transferred to a custodian under this article; and
  - (b) The income from and proceeds of that interest in property.
- (7) "Custodian" means a person so designated under section 11-50-110 or a successor or substitute custodian designated under section 11-50-119.
- (8) "Financial institution" means a bank, trust company, savings institution, or credit union, chartered and supervised under state or federal law.
- (9) "Legal representative" means an individual's personal representative or conservator.
- (10) "Member of the minor's family" means the minor's parent, stepparent, spouse, grandparent, brother, sister, uncle, or aunt, whether of the whole or half blood or by adoption.
- (11) "Minor" means an individual who has not attained the age of twenty-one years.
- (12) "Person" means an individual, corporation, organization, or other legal entity.

(13) “Personal representative” means an executor, administrator, successor personal representative, or special administrator of a decedent’s estate or a person legally authorized to perform substantially the same functions.

(13.5) “Qualified minor’s trust” means a trust, including a trust created by a custodian, of which a minor is the sole current beneficiary and that satisfies the requirements of section 2503 (c) of the federal “Internal Revenue Code of 1986” and the regulations implementing that section.

(14) “State” includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession subject to the legislative authority of the United States.

(15) “Transfer” means a transaction that creates custodial property under section 11-50-110.

(16) “Transferor” means a person who makes a transfer under this article.

(17) “Trust company” means a financial institution, corporation, or other legal entity, authorized to exercise general trust powers.

**Source:** L. 84: Entire article R&RE, p. 383, § 1, effective July 1. L. 2000: (5) amended, p. 1832, § 2, effective January 1, 2001. L. 2007: (13.5) added, p. 126, § 2, effective July 1.

**Editor’s note:** This section is similar to former § 11-50-102 as it existed prior to 1984.

**11-50-103. Scope and jurisdiction.** (1) This article applies to a transfer that refers to this article in the designation under section 11-50-110 (1) by which the transfer is made if, at the time of the transfer, the transferor, the minor, or the custodian is a resident of this state or the custodial property is located in this state. The custodianship so created remains subject to this article despite a subsequent change in residence of a transferor, the minor, or the custodian, or the removal of custodial property from this state.

(2) A person designated as custodian under this article is subject to personal jurisdiction in this state with respect to any matter relating to the custodianship.

(3) A transfer that purports to be made and which is valid under the uniform transfers to minors act, the uniform gifts to minors act, or a substantially similar act of another state is governed by the law of the designated state and may be executed and is enforceable in this state if, at the time of the transfer, the transferor, the minor, or the custodian is a resident of the designated state or the custodial property is located in the designated state.

**Source:** L. 84: Entire article R&RE, p. 384, § 1, effective July 1.

**11-50-104. Nomination of custodian.** (1) A person having the right to designate the recipient of property transferable upon the occurrence of a future event may revocably nominate a custodian to receive the property for a minor beneficiary upon the occurrence of the event by naming the custodian followed in substance by the words: “as custodian for \_\_\_\_\_ (name of minor) under the “Colorado Uniform Transfers to Minors Act””. The nomination may name one or more persons as substitute custodians to whom the property must be transferred, in the order named, if the first nominated custodian dies before the transfer or is unable, declines, or is ineligible to serve. The nomination may be made in a will, a trust, a deed, an instrument exercising a power of appointment, or a writing designating a beneficiary of contractual rights which is registered with or delivered to the payor, issuer, or other obligor of the contractual rights.

(2) A custodian nominated under this section must be a person to whom a transfer of property of that kind may be made under section 11-50-110 (1).

(3) The nomination of a custodian under this section does not create custodial property until the nominating instrument becomes irrevocable or a transfer to the nominated custodian is completed under section 11-50-110. Unless the nomination of a custodian has

been revoked, upon the occurrence of the future event the custodianship becomes effective and the custodian shall enforce a transfer of the custodial property pursuant to section 11-50-110.

#### ANNOTATION

**Law reviews.** For article, "Child Support Obligations After Death of the Supporting Parent", see 16 Colo. Law. 790 (1987).

**11-50-107. Other transfer by fiduciary.** (1) Subject to subsection (3) of this section, a personal representative or trustee may make an irrevocable transfer to another adult or trust company as custodian for the benefit of a minor pursuant to section 11-50-110, in the absence of a will or under a will or trust that does not contain an authorization to do so.

(2) Subject to subsection (3) of this section, a conservator may make an irrevocable transfer to another adult or trust company as custodian for the benefit of the minor pursuant to section 11-50-110.

(3) A transfer under subsection (1) or (2) of this section may be made only if:

(a) The personal representative, trustee, or conservator considers the transfer to be in the best interest of the minor;

(b) The transfer is not prohibited by or inconsistent with provisions of the applicable will, trust agreement, or other governing instrument; and

(c) The transfer is authorized by the court if it exceeds ten thousand dollars in value.

## ANNOTATION

**Law reviews.** For article, "Child Support Obligations After Death of the Supporting Parent", see 16 Colo. Law. 790 (1987).

**11-50-108. Transfer by obligor.** (1) Subject to subsections (2) and (3) of this section, a person not subject to section 11-50-106 or 11-50-107 who holds property of or owes a liquidated debt to a minor not having a conservator may make an irrevocable transfer to a custodian for the benefit of the minor pursuant to section 11-50-110.

(2) If a person having the right to do so under section 11-50-104 has nominated a custodian under that section to receive the custodial property, the transfer must be made to that person.

(3) If no custodian has been nominated under section 11-50-104, or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, a transfer under this section may be made to an adult member of the minor's family or to a trust company unless the property exceeds ten thousand dollars in value.

**Source: L. 84:** Entire article R&RE, p. 386, § 1, effective July 1.

**11-50-110. Manner of creating custodial property and effecting transfer - designation of initial custodian - control.** (1) Custodial property is created and a transfer is made whenever:

(a) An uncertificated security or a certificated security in registered form is either:

(I) Registered in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act""; or

(II) Delivered if in certificated form, or any document necessary for the transfer of an uncertificated security is delivered, together with any necessary endorsement to an adult other than the transferor or to a trust company as custodian, accompanied by an instrument in substantially the form set forth in subsection (2) of this section;

(b) Money is paid or delivered to a broker or financial institution for credit to an account in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act"";

(c) The ownership of a life or endowment insurance policy or annuity contract is either:

(I) Registered with the issuer in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act""; or

(II) Assigned in a writing delivered to an adult other than the transferor or to a trust company whose name in the assignment is followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act"";

(d) An irrevocable exercise of a power of appointment or an irrevocable present right to future payment under a contract is the subject of a written notification delivered to the payor, issuer, or other obligor that the right is transferred to the transferor, an adult other than the transferor, or a trust company, whose name in the notification is followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act"";

(e) An interest in real property is recorded in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act"";

(f) A certificate of title issued by a department or agency of a state or of the United States which evidences title to tangible personal property is either:

(I) Issued in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act""; or

(II) Delivered to an adult other than the transferor or to a trust company, endorsed to that person, followed in substance by the words: "as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act""; or

(g) An interest in any property not described in paragraphs (a) to (f) of this subsection (1) is transferred to an adult other than the transferor or to a trust company by written instrument in substantially the form set forth in subsection (2) of this section.

(2) An instrument in the following form satisfies the requirements of paragraphs (a) (II) and (g) of subsection (1) of this section:

### TRANSFER UNDER THE "COLORADO UNIFORM TRANSFERS TO MINORS ACT"

I, \_\_\_\_\_ (name of transferor or name and representative capacity if a fiduciary) hereby transfer to \_\_\_\_\_ (name of custodian), as custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act", the following: (insert a description of the custodial property sufficient to identify it).

Date: \_\_\_\_\_

\_\_\_\_\_  
(Signature)

\_\_\_\_\_ (name of custodian) acknowledges receipt of the property described above as custodian for the minor named above under the "Colorado Uniform Transfers to Minors Act".

Dated: \_\_\_\_\_

\_\_\_\_\_  
(Signature of Custodian)

(3) A transferor shall place the custodian in control of the custodial property as soon as practicable.

**Editor's note:** This section is similar to former § 11-50-103 as it existed prior to 1984.

**11-50-111. Single custodianship.** A transfer may be made only for one minor, and only one person may be the custodian. All custodial property held under this article by the same custodian for the benefit of the same minor constitutes a single custodianship.

**Editor's note:** This section is similar to former § 11-50-103 as it existed prior to 1984.

**11-50-112. Validity and effect of transfer.** (1) The validity of a transfer made in a manner prescribed in this article is not affected by:

(a) Failure of the transferor to comply with section 11-50-110 (3) concerning possession and control;

(b) Designation of an ineligible custodian, except designation of the transferor in the case of property for which the transferor is ineligible to serve as custodian under section 11-50-110 (1); or

(c) Death or incapacity of a person nominated under section 11-50-104 or designated under section 11-50-110 as custodian or the disclaimer of the office by that person.

(2) A transfer made pursuant to section 11-50-110 is irrevocable, and the custodial property is indefeasibly vested in the minor, but the custodian has all the rights, powers, duties, and authority provided in this article, and neither the minor nor the minor's legal representative has any right, power, duty, or authority with respect to the custodial property except as provided in this article.

(3) By making a transfer, the transferor incorporates in the disposition all the provisions of this article and grants to the custodian, and to any third person dealing with a person designated as custodian, the respective powers, rights, and immunities provided in this article.

**Source: L. 84:** Entire article R&RE, p. 388, § 1, effective July 1.

**11-50-113. Care of custodial property.** (1) A custodian shall:

- (a) Take control of custodial property;
- (b) Register or record title to custodial property if appropriate; and
- (c) Collect, hold, manage, invest, and reinvest custodial property.

(2) In dealing with custodial property, a custodian shall observe the standard of care that would be observed by a prudent person dealing with property of another and is not limited by any other statute restricting investments by fiduciaries. If a custodian has a special skill or expertise or is named custodian on the basis of representations of a special skill or expertise, the custodian shall use that skill or expertise. However, a custodian, in the custodian's discretion and without liability to the minor or the minor's estate, may retain any custodial property received from a transferor.

(3) A custodian may invest in or pay premiums on life insurance or endowment policies on:

(a) The life of the minor only if the minor or the minor's estate is the sole beneficiary; or

(b) The life of another person in whom the minor has an insurable interest only to the extent that the minor, the minor's estate, or the custodian in the capacity of custodian is the irrevocable beneficiary.

(4) A custodian at all times shall keep custodial property separate and distinct from all other property in a manner sufficient to identify it clearly as custodial property of the minor. Custodial property consisting of an undivided interest is so identified if the minor's interest is held as a tenant in common and is fixed. Custodial property subject to recordation is so identified if it is recorded, and custodial property subject to registration is so identified if it is either registered, or held in an account designated, in the name of the custodian, followed in substance by the words: "as a custodian for \_\_\_\_\_ (name of minor) under the "Colorado Uniform Transfers to Minors Act"".

(5) A custodian shall keep records of all transactions with respect to custodial property, including information necessary for the preparation of the minor's tax returns, and shall make them available for inspection at reasonable intervals by a parent or legal representative of the minor or by the minor if the minor has attained the age of fourteen years.

**Post-1984 purchases of penny stocks** which father made as custodian of children's funds violated the custodial standard of care set forth in subsection (2). *Buder v. Sartore*, 774 P.2d 1383 (Colo. 1989).

**11-50-114. Powers of custodian.** (1) A custodian, acting in a custodial capacity, has all the rights, powers, and authority over custodial property that unmarried adult owners have over their own property, but a custodian may exercise those rights, powers, and authority in that capacity only.

(1.5) At any time, a custodian may transfer part or all of a custodial property to a qualified minor's trust without a court order. Such a transfer terminates the custodianship to the extent of the transfer.

(2) This section does not relieve a custodian from liability for breach of section 11-50-113.

**11-50-115. Use of custodial property.** (1) A custodian may deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the custodian considers advisable for the use and benefit of the minor, without court order and without regard to:

(a) The duty or ability of the custodian personally or of any other person to support the minor; or

(b) Any other income or property of the minor which may be applicable or available for that purpose.

(2) On petition of an interested person or the minor if the minor has attained the age of fourteen years, the court may order the custodian to deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the court considers advisable for the use and benefit of the minor.

(3) A delivery, payment, or expenditure under this section is in addition to, not in substitution for, and does not affect any obligation of a person to support the minor.

## ANNOTATION

**Gifts not to reduce parent's legal obligation of support.** Where a parent or parents voluntarily make gifts to children during the parents' marriage and the gifts are not in fulfillment of a court order to pay support, and where the parents are, at the time of dissolution of the marriage, able to meet their support obligations, the court may order that such gifts not be used to reduce the legal obligation of support. This rule assumed that the court had properly considered the financial resources of the children, as required by § 14-10-115 (1), before ordering the

amount of support to be paid by the parents. In *re Wolfert*, 42 Colo. App. 433, 598 P.2d 524 (1979) (decided under former § 11-50-105 of the Uniform Gifts to Minors Act).

Trial court did not abuse discretion in determining parties' ability to meet obligation for child support and postsecondary education independently of Uniform Gifts to Minors Act account funds where parties combined gross income exceeded upper limits of child support guidelines. In *re Ludwig*, 122 P.3d 1056 (Colo. App. 2005).

**11-50-116. Custodian's expenses, compensation, and bond.** (1) A custodian is entitled to reimbursement from custodial property for reasonable expenses incurred in the performance of the custodian's duties.

(2) Except for one who is a transferor under section 11-50-105, a custodian has a noncumulative election during each calendar year to charge reasonable compensation for services performed during that year.

(3) Except as provided in section 11-50-119 (6), a custodian need not give a bond.

**Editor's note:** This section is similar to former § 11-50-106 as it existed prior to 1984.

**11-50-117. Exemption of third person from liability.** (1) A third person in good faith and without court order may act on the instructions of or otherwise deal with any person purporting to make a transfer or purporting to act in the capacity of a custodian and, in the absence of knowledge, is not responsible for determining:

(a) The validity of the purported custodian's designation;

(b) The propriety of, or the authority under this article for, any act of the purported custodian;

(c) The validity or propriety under this article of any instrument or instructions executed or given either by the person purporting to make a transfer or by the purported custodian; or

(d) The propriety of the application of any property of the minor delivered to the purported custodian.

**Source:** L. 84: Entire article R&RE, p. 390, § 1, effective July 1.

**Editor's note:** This section is similar to former § 11-50-107 as it existed prior to 1984.

**11-50-118. Liability to third persons.** (1) A claim based on a contract entered into by a custodian acting in a custodial capacity, an obligation arising from the ownership or control of custodial property, or a tort committed during the custodianship may be asserted against the custodial property by proceeding against the custodian in the custodial capacity, whether or not the custodian or the minor is personally liable therefor.

(2) A custodian is not personally liable:

(a) On a contract properly entered into in the custodial capacity unless the custodian fails to reveal that capacity and to identify the custodianship in the contract; or

(b) For an obligation arising from control of custodial property or for a tort committed during the custodianship unless the custodian is personally at fault.

(3) A minor is not personally liable for an obligation arising from ownership of custodial property or for a tort committed during the custodianship unless the minor is personally at fault.

**Source:** L. 84: Entire article R&RE, p. 390, § 1, effective July 1.

**11-50-119. Renunciation, resignation, death, or removal of custodian - designation of successor custodian.** (1) A person nominated under section 11-50-104 or designated under section 11-50-110 as custodian may decline to serve by delivering a valid disclaimer in the form provided in part 12 of article 11 of title 15, C.R.S., to the person who made the nomination or to the transferor or the transferor's legal representative. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under section 11-50-104, the person who made the nomination may nominate a substitute custodian under section 11-50-104; otherwise the transferor or the transferor's legal representative shall designate a substitute custodian at the time of the transfer, in either case from among the persons eligible to serve as custodian for that kind

of property under section 11-50-110 (1). The custodian so designated has the rights of a successor custodian.

(2) A custodian at any time may designate a trust company or an adult other than a transferor under section 11-50-105 as successor custodian by executing and dating an instrument of designation before a subscribing witness other than the successor. If the instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes incapacitated, or is removed.

(3) A custodian may resign at any time by delivering written notice to the minor if the minor has attained the age of fourteen years and to the successor custodian and by delivering the custodial property to the successor custodian.

(4) If a custodian is ineligible, dies, or becomes incapacitated without having effectively designated a successor and the minor has attained the age of fourteen years, the minor may designate as successor custodian, in the manner prescribed in subsection (2) of this section, an adult member of the minor's family, a conservator of the minor, or a trust company. If the minor has not attained the age of fourteen years or fails to act within sixty days after the ineligibility, death, or incapacity, the conservator of the minor becomes successor custodian. If the minor has no conservator or the conservator declines to act, the transferor, the legal representative of the transferor or of the custodian, an adult member of the minor's family, or any other interested person may petition the court to designate a successor custodian.

(5) A custodian who declines to serve under subsection (1) of this section or resigns under subsection (3) of this section, or the legal representative of a deceased or incapacitated custodian, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian by action may enforce the obligation to deliver custodial property and records and becomes responsible for each item as received.

(6) A transferor, the legal representative of a transferor, an adult member of the minor's family, a guardian of the person of the minor, the conservator of the minor, or the minor if the minor has attained the age of fourteen years may petition the court to remove the custodian for cause and to designate a successor custodian other than a transferor under section 11-50-105 or to require the custodian to give appropriate bond.

**Editor's note:** This section is similar to former § 11-50-108 as it existed prior to 1984.

**11-50-120. Accounting by and determination of liability of custodian.** (1) A minor who has attained the age of fourteen years, the minor's guardian or legal representative, an adult member of the minor's family, a transferor, or a transferor's legal representative may petition the court:

- (a) For an accounting by the custodian or the custodian's legal representative; or
- (b) For a determination of responsibility, as between the custodial property and the custodian personally, for claims against the custodial property unless the responsibility has been adjudicated in an action under section 11-50-118 to which the minor or the minor's legal representative was a party.

(2) A successor custodian may petition the court for an accounting by the predecessor custodian.

(3) The court, in a proceeding under this article or in any other proceeding, may require or permit the custodian or the custodian's legal representative to account.

(4) If a custodian is removed under section 11-50-119 (6), the court shall require an accounting and order delivery of the custodial property and records to the successor custodian and the execution of all instruments required for transfer of the custodial property.

#### ANNOTATION

**Subsection (1) (a),** by authorizing the court to order a custodian to account for funds held on behalf of a minor, allows the court broad discretion in fashioning an appropriate remedy when the account has been improperly maintained. *Buder v. Sartore*, 774 P.2d 1383 (Colo. 1989).

**11-50-121. Termination of custodianship.** (1) The custodian shall transfer in an appropriate manner the custodial property to the minor or to the minor's estate upon the earlier of:

- (a) The minor's attainment of twenty-one years of age; or
- (b) The minor's death.

**Source: L. 84:** Entire article R&RE, p. 392, § 1, effective July 1. **L. 91:** Entire section amended, p. 1442, § 1, effective July 1.

**Editor's note:** This section is similar to former § 11-50-105 as it existed prior to 1984.

**11-50-122. Applicability.** (1) This article applies to a transfer within the scope of section 11-50-103 made on or after July 1, 1984, if:

- (a) The transfer purports to have been made under the "Colorado Uniform Gifts to Minors Act" as it existed prior to said date; or
- (b) The instrument by which the transfer purports to have been made uses in substance the designation: "as custodian under the uniform gifts to minors act" or "as custodian under the uniform transfers to minors act" of any other state, and the application of this article is necessary to validate the transfer.

**Source: L. 84:** Entire article R&RE, p. 392, § 1, effective July 1.

**11-50-123. Effect on existing custodianships.** (1) Any transfer of custodial property as now defined in this article made before July 1, 1984, is validated notwithstanding that there was no specific authority in the "Colorado Uniform Gifts to Minors Act", as it existed prior to July 1, 1984, for the coverage of custodial property of that kind or for a transfer from that source at the time the transfer was made.

(2) This article applies to all transfers made before July 1, 1984, in a manner and form prescribed in the former "Colorado Uniform Gifts to Minors Act", except insofar as the application impairs constitutionally vested rights or extends the duration of custodianships in existence on July 1, 1984.

(3) Sections 11-50-102 and 11-50-121 with respect to the age of a minor for whom custodial property is held under this article do not apply to custodial property held in a custodianship that terminated because of the minor's attainment of the age of eighteen before July 1, 1984.

**Editor's note:** This section is similar to former § 11-50-110 as it existed prior to 1984.

**11-50-125. Severability.** If any provisions of this article or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

**Source:** L. 84: Entire article R&RE, p. 393, § 1, effective July 1.

**11-50-126. Prior transfers not affected.** To the extent that this article, pursuant to section 11-50-123 (2), does not apply to transfers made in a manner prescribed in the “Colorado Uniform Gifts to Minors Act”, as it existed prior to July 1, 1984, or to the powers, duties, and immunities conferred by transfers in that manner upon custodians and persons dealing with custodians, the repeal and reenactment of the “Colorado Uniform Gifts to Minors Act” does not affect those transfers or those powers, duties, and immunities.

**Securities acts are remedial in nature and should be broadly construed** to effectuate their

purpose. *Raymond Lee Org., Inc. v. Securities Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**Civil actions arising under this article are strictly analogous to an action under § 12(2)** of the securities exchange act of 1934 — but not to either a § 10(b) action alleging violation of rule 10b-5(1) and (3), nor to a § 10(b) action alleging violation of rule 10b-5(2) when proof of scienter and reliance is required. *Trussell v. United Underwriters, Ltd.*, 228 F. Supp. 757 (D. Colo. 1964) (decided under repealed § 125-1-1, CRS 53, which was similar to this section).

**Parallels federal acts.** The Colorado securities act parallels the federal securities act of 1933 and the securities and exchange act of 1934. *Sauer v. Hays*, 36 Colo. App. 190, 539 P.2d 1343 (1975).

**And federal law is persuasive.** While the Colorado supreme court is not bound by federal law in the interpretation of the Colorado securities act, insofar as the provisions and purposes of this statute parallel those of the federal enactments, such federal authorities are highly persuasive. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**The hallmark of state and federal securities regulation** has always been close attention to the facts of each case and a substantive appraisal of the commercial realities of the offering. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Applied** in *Dietrich Corp. v. King Res. Co.*, 583 F.2d 1143 (10th Cir. 1978).

**11-51-102. Scope of article.** (1) Except as provided in subsection (7) of this section, sections 11-51-301, 11-51-401 (1) and (2), 11-51-501, and 11-51-503 apply to persons who sell or offer to sell when an offer to sell is made in this state or when an offer to purchase is made and accepted in this state.

(2) Sections 11-51-401 (1) and (2), 11-51-501, and 11-51-503 apply to persons who purchase or offer to purchase when an offer to purchase is made in this state or when an offer to sell is made and accepted in this state.

(3) For the purpose of this section, an offer to sell or to purchase is made in this state, whether or not either party is then present in this state, when the offer originates from this state or is directed by the offeror to this state and is received at the place to which it is directed or, in the case of a mailed offer, at any post office in this state.

(4) For the purpose of this section, an offer to purchase or to sell is accepted in this state when acceptance is communicated to the offeror in this state and has not previously been communicated to the offeror, orally or in writing, outside this state; and acceptance is communicated to the offeror in this state, whether or not either party is then present in this state, when the offeree directs it to the offeror in this state reasonably believing the offeror is to be in this state and it is received at the place to which it is directed or, in the case of a mailed acceptance, at any post office in this state.

(5) (a) For the purpose of subsections (1) to (4) of this section, an offer to sell or to purchase made in a newspaper or other publication of general, regular, and paid circulation is not made in this state if the publication:

(I) Is not published in this state; or

(II) Is published in this state, but has had more than two-thirds of its circulation outside this state during the past twelve months.

(b) For the purpose of this subsection (5), if a publication is published in editions, each edition is a separate publication except for material common to all editions.

(6) (a) For the purpose of subsections (1) to (4) of this section, an offer to sell or to purchase made in a radio or television broadcast or other publicly distributed electronic communication received in this state which originates outside this state is not made in this state. For the purpose of subsection (8) of this section, investment advisory services limited to holding oneself out as an investment adviser or financial planner or similar type of adviser or consultant, but not the transaction of any further business, in a radio or television broadcast or other publicly distributed electronic communication received in this state in a manner originating outside this state shall not be construed as investment advisory services provided in this state.

(b) For the purpose of this subsection (6), a radio or television broadcast or other publicly distributed electronic communication originates in this state if either the broadcast studio or the originating source of transmission is located in this state, unless:

(I) The broadcast or communication is syndicated and distributed from outside this state for redistribution to the general public in this state;

(II) The broadcast or communication is supplied by a radio, television, or other electronic network with the electronic signal originating from outside this state for redistribution to the general public in this state;

(III) The broadcast or communication is an electronic signal that originates outside this state and is captured for redistribution to the general public in this state by a community antenna or cable, radio, cable television, or other electronic system; or

(IV) The broadcast or communication consists of an electronic signal that originates in this state, but which is not intended for redistribution to the general public in this state.

(7) Section 11-51-301 and section 11-51-604, to the extent such section relates to section 11-51-301, do not apply to any person with respect to a sale or offer to sell where the sale or offer to sell is directed to another person not located in this state, does not violate a securities registration requirement or its equivalent in the laws of the jurisdiction in which the other person is located, and is not made for the purpose of evading the provisions of this article.

(8) For purposes of section 11-51-401 (1.5), (1.6), and (2.5), "transacting business in this state" includes engaging in any of the activities enumerated in section 11-51-201 (9.5) (a) or holding oneself out as an investment adviser, financial planner, or similar type of

adviser or consultant if such activities are engaged in, or the holding out occurs, within the state regardless of whether a person to whom services are provided or to whom such holding out is made is physically present within the state. "Transacting business in this state" also includes engaging in the services or so holding oneself out whenever a person to whom such services are provided or to whom such holding out is made is both a resident of, and physically present within, the state.

(9) Section 11-51-501 (2) and (3) apply if:

(a) Any of the proscribed conduct occurs within this state regardless of whether a client or prospective client is present within the state when such conduct occurs; or

(b) A client or prospective client is physically present within the state when any of the proscribed conduct occurs in this state.

**Editor's note:** This section is similar to former § 11-51-127 as it existed prior to 1990.

### ANNOTATION

**Annotator's note.** Since § 11-51-102 is similar to § 11-51-127 as it existed prior to the 1990 repeal and reenactment of this article, relevant cases construing that provision have been included in the annotations to this section.

**Jurisdiction.** Whether the contracts are executed in Colorado or out of state is irrelevant since the Colorado securities act expressly covers the solicitation of an offer to buy in this state, and actual execution of a contract within the state is not essential to the exercise of jurisdiction over appellant. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75

(1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**No requirement that entire transaction occur in Colorado.** The disjunctive "or" used in subsection (1) reinforces the view that, whenever either the offer or the sale occurs in this state, the Colorado Securities Act applies. *Rosenthal v. Dean Witter Reynolds, Inc.*, 883 P.2d 522 (Colo. App. 1994), aff'd, 908 P.2d 1095 (Colo. 1995).

### PART 2

### DEFINITIONS AND REFERENCES TO FEDERAL STATUTES AND RULES

**11-51-201. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Bank" means a banking institution organized under the laws of the United States, a member bank of the federal reserve system, any other banking institution or trust company, whether incorporated or not, doing business under the laws of any state or of the United States, a substantial portion of the business of which consists of receiving deposits or exercising fiduciary powers similar to those permitted to national banks under the authority of the comptroller of the currency, which is supervised and examined by a state or federal authority having supervision over banks, and which is not operated for the purpose of evading the provisions of the federal "Securities Act of 1933", and a receiver, conservator, or other liquidating agent of any institution or firm described in this subsection (1).

(2) "Broker-dealer" means a person engaged in the business of effecting purchases or sales of securities for the accounts of others or in the business of purchasing and selling securities for the person's own account. The term does not include the following:

(a) A sales representative;

(b) An issuer with respect to purchasing and selling the issuer's own securities;

(c) A bank; or

(d) Any other person or class of persons the securities commissioner designates by rule or order.

(3) "Central registration depository" means the computer registration system known as the central registration depository which is maintained by the national association of securities dealers and the states that participate in that system or any successor system.

(4) "Commodity futures trading commission" means the commission established by the federal "Commodity Exchange Act".

(5) "Depository institution" means:

(a) A person that is organized or chartered, or is doing business or holds an authorization certificate, under the laws of a state or of the United States which authorize the person to receive deposits, including deposits in savings, share, certificate, or other deposit accounts, and that is supervised and examined for the protection of depositors by an official or agency of a state or the United States; and

(b) A trust company or other institution that is authorized by federal or state law to exercise fiduciary powers of the type a national bank is permitted to exercise under the authority of the comptroller of the currency and is supervised and examined by an official or agency of a state or the United States. The term does not include an insurance company or other organization primarily engaged in the insurance business.

(5.5) (a) "Federal covered adviser" means a person who is registered or required to be registered under section 203 of the federal "Investment Advisers Act of 1940".

(b) "Federal covered adviser" does not include either a person excepted from the definition of "investment adviser" or exempt from registration under the federal "Investment Advisers Act of 1940" solely by reason of the fact such person advises a local government investment pool trust fund under article 75 of title 24, C.R.S.

(6) "Financial or institutional investor" means any of the following, whether acting for itself or others in a fiduciary capacity:

(a) A depository institution;

(b) An insurance company;

(c) A separate account of an insurance company;

(d) An investment company registered under the federal "Investment Company Act of 1940";

(e) A business development company as defined in the federal "Investment Company Act of 1940";

(f) Any private business development company as defined in the federal "Investment Advisers Act of 1940";

(g) An employee pension, profit-sharing, or benefit plan if the plan has total assets in excess of five million dollars or its investment decisions are made by a named fiduciary, as defined in the federal "Employee Retirement Income Security Act of 1974", that is a broker-dealer registered under the federal "Securities Exchange Act of 1934", an investment adviser registered or exempt from registration under the federal "Investment Advisers Act of 1940", a depository institution, or an insurance company;

(h) An entity, but not an individual, a substantial part of whose business activities consist of investing, purchasing, selling, or trading in securities of more than one issuer and not of its own issue and that has total assets in excess of five million dollars as of the end of its latest fiscal year;

(i) A small business investment company licensed by the federal small business administration under the federal "Small Business Investment Act of 1958"; and

(j) Any other institutional buyer.

(7) "Fraud", "deceit", and "defraud" are not limited to common-law deceit.

(8) "Fraudulent conduct" means, for the purposes of section 11-51-410, conduct within this state which constitutes a willful violation of section 11-51-501 or conduct outside this state which would constitute a willful violation of section 11-51-501 if it had occurred within this state.

(9) "Guaranteed" means guaranteed as to payment of principal, interest, or dividends.

(9.5) (a) (I) "Investment adviser" means any person who, for compensation, engages in the business of advising others, either directly or through publications or writings, as to the value of securities or as to the advisability of investing in, purchasing, or selling securities, or who, for compensation and as part of a regular business, issues or promulgates analyses or reports concerning securities.

(II) "Investment adviser" includes financial planners or other persons who, as an integral component of other financially related services, provide investment advisory services to others for compensation and as a part of a business or who hold themselves out as providing investment advisory services to others for compensation.

(b) "Investment adviser" does not include:

(I) A federal covered adviser;

(II) A publisher of a bona fide newspaper, magazine, or business or financial publication with a regular paid circulation;

(III) A publisher of a securities advisory newsletter with a regular and paid circulation who does not provide advice to subscribers on their specific investment situations;

(IV) An author of material included in a newspaper, magazine, publication, or newsletter who does not otherwise come within the definition of an investment adviser or investment adviser representative;

(V) An investment adviser representative;

(VI) A licensed broker-dealer or sales representative for a licensed broker-dealer whose performance of investment advisory services is solely incidental to the conduct of the person's business as a broker-dealer and who receives no special compensation for such services;

(VII) A depository institution or a person employed by or directly associated with a depository institution;

(VIII) Any lawyer, accountant, engineer, or teacher whose performance of such services is solely incidental to the practice of that person's profession;

(IX) A person who provides investment advisory services solely while acting as an investment banker or business broker on behalf of one or more parties to, and in connection with, a transaction or proposed transaction for the transfer of a controlling interest in a business enterprise;

(X) An official, employee, or representative of the United States, an individual state, a political subdivision of an individual state, or an agency or a corporate or other instrumentality of the United States or an individual state, while acting in such person's official capacity on behalf of such entity;

(XI) A licensed real estate broker or salesperson whose advice to clients relates only to the investment or acquisition of real property or an interest in real property; or

(XII) Any other person or class of persons excluded by rule or order of the securities commissioner.

(9.6) (a) "Investment adviser representative" with respect to an investment adviser means an individual who has a place of business in this state; who is a partner, officer, or director of an investment adviser; who occupies a status similar to or performs functions similar to those of a partner, officer, or director for an investment adviser; or who is employed or otherwise associated with an investment adviser who:

(I) Makes recommendations or otherwise renders advice to clients regarding securities;

(II) Manages securities accounts or portfolios for clients;

(III) Determines which recommendation or advice regarding securities should be given to clients; or

(IV) Supervises employees of, or persons otherwise associated with, an investment adviser or a federal covered adviser who perform any of the duties specified in this paragraph (a).

(b) "Investment adviser representative" for a federal covered adviser means any individual with a place of business in this state who is an "investment adviser representative" as defined by the securities and exchange commission in rule 203A-3 promulgated under the federal "Investment Advisers Act of 1940".

(c) The term "investment adviser representative" does not include:

(I) A licensed sales representative for a licensed broker-dealer whose performance of investment advisory services is solely incidental to the conduct of business as a sales representative and who receives no special consideration in connection with providing such services; or

(II) Any other individual or class of individuals excluded by rule or order of the securities commissioner.

(9.7) "Investment advisory services" means those activities performed by a person in connection with such person's engaging in any of the activities described in paragraph (a) of subsection (9.5) of this section, including such activities by a federal covered adviser or an investment adviser representative for a federal covered adviser.

(10) "Issuer" means any person who issues or proposes to issue any security; except that, with respect to certificates of deposit, voting-trust certificates, or collateral-trust certificates or with respect to certificates of interest or shares in an unincorporated investment trust not having a board of directors or persons performing similar functions or of the fixed, restricted management, or unit type, the term "issuer" means the person performing the acts and assuming the duties of depositor or manager pursuant to the provisions of the trust or other agreement or instrument under which such securities are issued; except that, in the case of an unincorporated association which provides by its articles for limited liability of any or all of its members or in the case of a trust, committee, or other legal entity, the trustees or members thereof shall not be individually liable as issuers of any security issued by the association, trust, committee, or other legal entity; except that, with respect to equipment-trust certificates or like securities, the term "issuer" means the person by whom the equipment or property is or is to be used; and except that, with respect to fractional undivided interests in oil, gas, or other mineral rights, the term "issuer" means the owner of any such right or of any interest in such right (whether whole or fractional) who creates fractional interests therein for the purpose of offering them for sale.

(11) "Nonissuer" means not directly or indirectly for the benefit of the issuer.

(12) "Person" means an individual, a corporation, a partnership, an association, an estate, a joint-stock company, a trust where the interests of the beneficiaries are evidenced by a security, an unincorporated organization, a government, a governmental subdivision or agency, or any other legal entity.

(12.5) "Place of business" for investment adviser representatives shall have the same meaning as defined by the securities and exchange commission in rule 203A-3 promulgated under the federal "Investment Advisers Act of 1940".

(13) (a) "Sale" or "sell" includes every contract of sale of, contract to sell, or disposition of a security or interest in a security for value. "Offer to sell" includes every attempt or offer to dispose of, or solicitation of an offer to buy, a security or interest in a security for value.

(b) "Purchase" or "buy" includes every contract of purchase of, contract to buy, or acquisition of a security or interest in a security for value. "Offer to purchase" includes every attempt or offer to acquire, or solicitation of an offer to sell, a security or interest in a security for value.

(c) "Offer" means an offer to sell or an offer to purchase.

(d) Any security given or delivered with, or as a bonus on account of, any purchase of securities or any other thing is considered to constitute part of the subject of the purchase and to have been offered, sold, and purchased for value.

(e) A purported gift of assessable stock is considered to involve an offer, sale, and purchase.

(f) Every sale or offer of a warrant or right to purchase or subscribe to another security of the same or another issuer, as well as every sale or offer of a security which gives the holder a present or future right or privilege to convert into another security of the same or another issuer, is considered to include an offer of the other security.

(g) An "offer", "offer to sell", "offer to purchase", "sale", and "purchase" shall be deemed to be involved so far as the security holders of a corporation or other person are concerned where, pursuant to statutory provisions of the jurisdiction under which such corporation or other person is organized, or pursuant to provisions contained in its articles of incorporation or similar controlling instruments, or otherwise, there is submitted for the vote or consent of such security holders a plan or agreement for the following:

(I) A reclassification of securities of such corporation or other person, other than a stock split, reverse stock split, or change in par value, which involves the substitution of a security for another security;

(II) A statutory merger or consolidation or similar plan of acquisition in which securities of such corporation or other person held by such security holders will become or be exchanged for securities of any other person, except where the sole purpose of the transaction is to change an issuer's domicile; or

(III) A transfer of assets of such corporation or other person to another person, in consideration of the issuance of securities of such other person or any of its affiliates, if:

(A) Such plan or agreement provides for dissolution of the corporation or other person whose security holders are voting or consenting;

(B) Such plan or agreement provides for a pro rata or similar distribution of such securities to the security holders voting or consenting;

(C) The board of directors or similar representative of such corporation or other person adopts resolutions relative to sub-subparagraph (A) or (B) of this subparagraph (III) within one year after taking of such vote or consent; or

(D) The transfer of assets is a part of a preexisting plan for distribution of such securities, notwithstanding the provisions of sub-subparagraph (A), (B), or (C) of this subparagraph (III).

(h) The terms defined in this subsection (13) do not include any bona fide pledge or loan or any dividend payable by an issuer only in its own securities if nothing of value is given by stockholders for the dividend.

(14) "Sales representative" means an individual, other than a broker-dealer, either authorized to act and acting for a broker-dealer in effecting or attempting to effect purchases or sales of securities or authorized to act and acting for an issuer in effecting or attempting to effect purchases or sales of the issuer's own securities. An individual so acting for an issuer is not a sales representative if the individual primarily performs, or is intended primarily to perform upon completion of an offering of the issuer's own securities, substantial duties for or on behalf of the issuer otherwise than in connection with transactions in the issuer's own securities and the individual's compensation is not based, in whole or in part, upon the amount of purchases or sales of the issuer's own securities effected for the issuer. A partner, officer, or director of a broker-dealer or issuer, or an individual occupying a similar status or performing similar functions, is a sales representative only if the individual otherwise comes within the definition.

(15) "Securities and exchange commission" means the commission established by the federal "Securities Exchange Act of 1934".

(16) "Securities commissioner" means the commissioner of securities created by section 11-51-701.

(17) "Security" means any note; stock; treasury stock; bond; debenture; evidence of indebtedness; certificate of interest or participation in any profit-sharing agreement; collateral-trust certificate; preorganization certificate of subscription; transferable share; investment contract; viatical settlement investment; voting-trust certificate; certificate of deposit for a security; certificate of interest or participation in an oil, gas, or mining title or lease or in payments out of production under such a title or lease; or, in general, any interest or instrument commonly known as a "security" or any certificate of interest or participation in, temporary or interim certificate for, guarantee of, or warrant or right to subscribe to or purchase any of the foregoing. "Security" does not include any insurance or endowment policy or annuity contract under which an insurance company promises to pay a sum of money either in a lump sum or periodically for life or some other specified period. For purposes of this article, an "investment contract" need not involve more than one investor nor be limited to those circumstances wherein there are multiple investors who are joint participants in the same enterprise.

(18) "Self-regulatory organization" means a national securities exchange registered under section 6 of the federal "Securities Exchange Act of 1934", a national securities association of broker-dealers registered under section 15A of the federal "Securities Exchange Act of 1934", a clearing agency registered under section 17A of the federal "Securities Exchange Act of 1934", the municipal securities rule-making board established under section 15B of the federal "Securities Exchange Act of 1934", or a futures association registered under section 21 of the federal "Commodity Exchange Act".

(19) "State" means any state, territory, or possession of the United States, the District of Columbia, or Puerto Rico.

(20) "Viatical settlement investment" means the contractual right to receive any portion of the death benefit or ownership of a life insurance policy or certificate, in exchange for consideration that is less than the expected death benefit of the life insurance policy or certificate. "Viatical settlement investment" does not include:

(a) Any transaction between a viator and a viatical settlement provider as defined by section 10-7-602, C.R.S.;

(b) Any transfer of ownership or beneficial interest in a life insurance policy from a viatical settlement provider to another viatical settlement provider as defined by section 10-7-602, C.R.S., or to any legal entity formed solely for the purpose of holding ownership or beneficial interest in a life insurance policy or policies;

(c) The bona fide assignment of a life insurance policy to a bank, savings bank, savings and loan association, credit union, or other licensed lending institution as collateral for a loan; or

(d) The exercise of accelerated benefits pursuant to the terms of a life insurance policy issued in accordance with title 10, C.R.S.

**Annotator's note.** Since § 11-51-201 is similar to § 11-51-102 as it existed prior to the 1990 repeal and reenactment of this article, relevant cases construing that provision have been included in the annotations to this section.

**The hallmark of state and federal securities regulation** has always been close attention to the facts of each case and a substantive ap-

praisal of the commercial realities of the offering. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Legislative intent.** Such expansive language in the Colorado statute defining "security" indicates a legislative intent to provide the flexibility needed to regulate the various schemes devised by those who seek the use of the money of others with the lure of profits. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976); *Griffin v. Jackson*, 759 P.2d 839 (Colo. App. 1988).

**Purpose.** The broad purpose of securities acts is to prevent the exploitation of investors through full and fair disclosure relative to the issuance of securities. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**Securities acts are remedial in nature and should be broadly construed** to effectuate their purpose. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976); *Griffin v. Jackson*, 759 P.2d 839 (Colo. App. 1988).

**Parallels federal acts.** The Colorado securities act parallels the federal securities act of 1933 and the securities and exchange act of 1934. *Sauer v. Hays*, 36 Colo. App. 190, 539 P.2d 1343 (1975).

The definition of "security" in the federal securities act of 1933 (15 U.S.C. § 77b(1)) is parallel to Colorado's definition; "investment contract" is included as a "security" under both statutes; and, therefore, federal cases on the subject can be persuasive. *Raymond Lee Org., Inc. v. Div. of Sec.*, 192 Colo. 112, 556 P.2d 1209 (1976).

**The definition of a security embodies a flexible rather than a static principle.** *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**Investment contract defined.** An investment contract for purposes of the securities act means a contract, transaction, or scheme whereby a person invests his money in a common enterprise and is led to expect profits solely from the efforts of the promoter or a third party. *Raymond Lee Org., Inc. v. Div. of Sec.*, 192 Colo. 112, 556 P.2d 1209 (1976); *Griffin v. Jackson*, 759 P.2d 839 (Colo. App. 1988).

The transaction's substance and economic realities control, not what a party labels the transaction. *Jenkins v. Jacobs*, 748 P.2d 1318 (Colo. App. 1987).

**Question of law.** Whether an interest or instrument is an investment contract is a question of law to be determined by the court. *Straub v. Mountain Trails Resort, Inc.*, 770 P.2d 1321 (Colo. App. 1988).

**Transaction found to be a security.** Whether a transaction is a security is a question of fact to be determined by the jury. *People v. Hoover*, 165 P.3d 784 (Colo. App. 2006).

It is the jury's responsibility to apply the facts to the definition of "security" supplied by the court to decide whether a particular transaction is a security. *People v. Pahl*, 169 P.3d 169 (Colo. App. 2006); *People v. Hoover*, 165 P.3d 784 (Colo. App. 2006).

The three-part test to determine if a transaction is an investment contract, included within the definition of "security", establishes whether such transaction is: (1) An investment of money; (2) in a common enterprise; (3) with the expectation of profit from the efforts of others. *People v. Hoover*, 165 P.3d 784 (Colo. App. 2006).

**Investment notes issued by loan association were securities** where each noteholder entrusted money with expectation of periodic interest in addition to repayment of principal, interest rates were raised periodically, investors' return was dependent upon continuing operation and success of business, and investor's expectation of profit was derived solely from managerial efforts of others. *People v. Milne*, 690 P.2d 829 (Colo. 1984).

**Commodity accounts may be investment contracts and thus securities.** In order to qualify as an investment contract, a commodity account must involve an investment of money in a common enterprise with profits to come solely from the efforts of others. *Clayton Brokerage Co. v. Stansfield*, 582 F. Supp. 837 (D. Colo. 1984).

**Pyramid sales scheme as a security.** A pyramid sales scheme is no less a security because of the sale of distributorships where what, in essence, was being offered was an opportunity to contribute money and to share in the profits of an enterprise managed and owned by Master Industries. *Sauer v. Hays*, 36 Colo. App. 190, 539 P.2d 1343 (1975).

A pyramid promotional scheme involved an "investment contract", a "common enterprise" whereby the "fortunes of the investors" were "inextricably tied" and dependent upon the efforts and success of the corporation in obtaining and recruiting new prospects for its seminars and in consummating sales, and constituted the sale of securities in violation of Colorado's securities act. *Sauer v. Hays*, 36 Colo. App. 190, 539 P.2d 1343 (1975).

**Promoters of pyramid promotional plans must make full, complete, and fair disclosure,** through the registration statement, of the perils involved before their prospects invest their money. *Sauer v. Hays*, 36 Colo. App. 190, 539 P.2d 1343 (1975).

**Agreements to promote inventions.** Agreements whereby an inventor paid a fee to petitioner and assigned a percentage interest in the invention or a fee plus a commission on any net proceeds received as a result of petitioner's efforts in exchange for certain promotional services were held not to be "securities". *Raymond Lee Org., Inc. v. Div. of Sec.*, 192 Colo. 112, 556 P.2d 1209 (1976).

The element of commonality was absent where no other inventor acquired any interest in, nor received any direct benefit from, a particular inventor's invention. *Raymond Lee Org., Inc. v. Div. of Sec.*, 192 Colo. 112, 556 P.2d 1209 (1976).

**The sale of condominium property, when accompanied by collateral agreements involving rental of the units,** did constitute the sale of a "security" within the meaning of the Colorado statute. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

The fact that a rental agreement imposed by an investment company selling condominiums was mandatory and exclusive as to all purchasers, and that the rental rate, supporting services, and promotion and allocation of renters were all controlled by a common agent, made the venture a "common enterprise" for the purpose of defining an investment contract. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

Despite the finding of a "secondary" purpose of personal recreational use, this subordinate motive for a purchase of a condominium did not sufficiently eclipse the plaintiffs' primary purpose of an "expectation of profit". *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Plaintiff's percentage interest in real estate venture met the statutory definitions of a security** contained in the securities acts, state and federal. *Andrews v. Blue*, 489 F.2d 367 (10th Cir. 1973).

**A contract to jointly purchase viatical settlements of life insurance policies is an investment contract and thus qualifies as a security.** A fund that invests in life insurance settlements and sells such investments is a security. *Joseph v. Viatica Mgmt., LLC*, 55 P.3d 264 (Colo. App. 2002).

**Jurisdiction.** Whether the contracts are executed in Colorado or out of state is irrelevant since the Colorado securities act expressly covers the solicitation of an offer to buy in this state, and actual execution of a contract within the state is not essential to the exercise of jurisdiction over appellant. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**Selling of memberships in outdoor campground** did not involve an investment contract. *Straub v. Mountain Trails Resort, Inc.*, 770 P.2d 1321 (Colo. App. 1988).

**"Investment of money"**, for purposes of this section, means that the investor must commit his assets to an enterprise or venture in such a manner as to subject himself to a financial loss. *Griffin v. Jackson*, 759 P.2d 839 (Colo. App. 1988).

**A common enterprise exists** when the fortunes of the investors are interwoven with and dependent upon the efforts and success of those seeking the investment or of third parties. *Griffin v. Jackson*, 759 P.2d 839 (Colo. App. 1988).

**Franchise agreement not a sale of a security.** *Mr. Steak, Inc. v. River City Steak, Inc.*, 342 F. Supp. 640 (D. Colo. 1970), aff'd and modified, 460 F.2d 666 (10th Cir. 1972).

**Applied in Sterling Recreation Org. Co. v. Segal**, 537 F. Supp. 1024 (D. Colo. 1982).

**11-51-201.5. Investment adviser registration depository - definition.** As used in this article, unless the context otherwise requires:

(1) "Investment adviser registration depository" means the electronic computer registration system known as the investment adviser registration depository that is operated and maintained by the national association of securities dealers and by the states that participate in such system, and the term includes any successor system.

**Source: L. 2001:** Entire section added, p. 15, § 1, effective March 9.

**11-51-202. References to federal statutes.** (1) Each reference in this article to a federal act or statute means, unless the context otherwise requires, that act or statute as in effect on January 1, 1990, together with all rules and regulations under such act or statute as in effect on that date, except as subsequent amendments may become applicable under this article pursuant to subsection (2) of this section.

(2) (a) Whenever an amendment to any federal act or statute to which reference is made in this article is enacted with an effective date on or after January 1, 1990, or whenever an amendment to any rule or regulation under any such federal act or statute is promulgated with an effective date on or after such date, the securities commissioner shall determine whether giving effect to such amendment is inconsistent with the purposes of this article set forth in section 11-51-101 (2), any other provision of this article, or any rule under this article. If the securities commissioner determines that an inconsistency exists, the securities commissioner shall commence rule-making proceedings for the purpose of making, amending, or rescinding such rules under this article as may be appropriate to carry out the policy stated in section 11-51-101 (3). If no rule-making proceeding with respect to such amendment is commenced within ninety days after the effective date of such amendment (or within ninety days after the effective date of this article as set forth in section 11-51-801, if later), such amendment shall apply to this article and the rules under this article. If a rule-making proceeding with respect to such amendment is commenced within ninety days after the effective date of such amendment (or within ninety days after the effective date of this article as set forth in section 11-51-801, if later), such amendment shall not apply to this article or any rule under this article except as may be provided by rule upon completion of such rule-making proceeding.

(b) No provision of this article imposing any liability upon a person or providing a basis for any sanction against a person applies to any act done or omitted by such person in good

faith and in conformity with the provisions of this article and the rules under this article, as in effect prior to the effective date of any amendment to any federal act or statute to which reference is made in this article or any amendment to any rule or regulation under any such federal act or statute during the period commencing upon the effective date of such amendment and ending on the date determined by the following:

(I) If no rule-making proceeding with respect to such amendment is commenced under this subsection (2) within ninety days after its effective date (or within ninety days after the effective date of this article as set forth in section 11-51-801, if later), ending on the ninetieth day after such effective date; or

(II) If such a rule-making proceeding is commenced within such period of ninety days, ending upon completion of such rule-making proceeding.

(3) Each reference in this article to the federal "Investment Advisers Act of 1940" means that act in effect on April 30, 1998, together with all rules and regulations under such federal act as in effect on that date, except as subsequent amendments may become applicable under this article pursuant to subsection (2) of this section.

### PART 3

#### REGISTRATION OF SECURITIES AND EXEMPTIONS

**11-51-301. Requirement for registration of securities.** It is unlawful for any person to offer to sell or sell any security in this state unless it is registered under this article or unless the security or transaction is exempted under sections 11-51-307, 11-51-308, or 11-51-309.

**Source:** L. 90: Entire article R&RE, p. 707, § 1, effective July 1.

**Editor's note:** This section is similar to former § 11-51-107 (1) as it existed prior to 1990.

**Cross references:** For the applicability of this section, see § 11-51-102 (1) and (7). For securities exempted from this section, see § 11-51-307.

#### ANNOTATION

**Law reviews.** For article, "Criminal Prosecutions under the Colorado Securities Act", see 47 U. Colo. L. Rev. 233 (1976).

**Annotator's note.** The following annotations include cases decided under former provisions similar to this section.

**When all offerees have equal access to information, there is no need for registration.** *Lively v. Hirschfeld*, 308 F. Supp. 612 (D. Colo. 1970).

**This section and 15 U.S.C. § 77e are identical in thrust**, although the wording of the

federal statute is more comprehensive. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**Only a general intent, and not scienter, need be shown under a charge** of sale of unregistered securities. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**Applied** in *Lowery v. Ford Hill Inv. Co.*, 37 Colo. App. 260, 548 P.2d 127 (1976).

**11-51-302. General registration provisions.** (1) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a broker-dealer licensed or exempt under this article.

(2) Every registration statement filed under section 11-51-303 or 11-51-304 shall be

accompanied by a registration fee, which shall be determined and collected pursuant to section 11-51-707.

(3) Any document or portion thereof filed with the securities commissioner under this article or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in a registration statement to the extent that such document or portion thereof is accurate at the time of such incorporation by reference.

(4) The securities commissioner may, by rule or order, permit the omission of any item of information or document from any registration statement.

(5) The securities commissioner may, by rule or order, require as a condition of registration under section 11-51-304 that the proceeds from the sale of the registered security be held in escrow until the issuer receives a specified amount. The securities commissioner may, by rule or order, determine the conditions of any escrow required under this subsection (5), but the securities commissioner may not reject a depository solely because of its location in another state. Improper release by a depository of such escrow in violation of this subsection (5) is punishable pursuant to section 11-51-603 (2).

(6) (a) In the case of any offering registered under section 11-51-303 or 11-51-304 where less than seventy-five percent of the net proceeds from the sale of the registered securities are committed for use in one or more specific lines of business, eighty percent of the net proceeds received by the issuer shall be placed into escrow until:

(I) The completion of a transaction or series of transactions whereby at least fifty percent of the gross proceeds received from the sale of registered securities (including any amounts actually received by the issuer upon exercise of registered warrants or rights to purchase or subscribe to another security) are committed for use in one or more specific lines of business; and

(II) The lapse of no more than ten days after receipt by the securities commissioner of notice of the proposed release of funds from such escrow.

(b) Such notice must contain the information and be in the form the securities commissioner by rule requires. If an escrow is released and warrants or rights which were once registered remain outstanding, then this subsection (6) shall apply separately to the proceeds from any subsequent exercise of such warrants or rights. Proceeds received from the exercise of such warrants or rights shall then be subject to release upon the conditions stated in this subsection (6), and this subsection (6) shall then each time apply separately with respect to proceeds from the exercise of warrants or rights which were once registered and still remain outstanding. The securities commissioner may, by rule or order, determine the conditions of any escrow required under this subsection (6), but the securities commissioner may not reject a depository solely because of its location in another state. Improper release by a depository of such escrow in violation of this subsection (6), is punishable pursuant to section 11-51-603 (2). The securities commissioner may, by rule or order, waive the requirements of this subsection (6), in whole or in part, with respect to any class of registrations or any specific registration if the securities commissioner finds that such waiver is in the public interest and that compliance with the requirements of this subsection (6) is not necessary for the protection of investors.

(7) (a) Except as provided in paragraph (b) of this subsection (7), a registration statement filed and effective under section 11-51-303 is effective for one year after its effective date and thereafter is effective during the period or periods, but only those periods, when the prospectus contained in the registration statement filed under the federal "Securities Act of 1933" meets the requirements of subsection (a) of section 10 of such federal "Securities Act of 1933".

(b) (I) A registration statement filed and effective under section 11-51-303 or 11-51-304 on behalf of an investment company registered under the federal "Investment Company Act of 1940" is effective for one year after its effective date and may be renewed by filing a renewal notice with the securities commissioner.

(II) Any person filing a renewal notice pursuant to this paragraph (b) shall pay a renewal fee pursuant to section 11-51-707.

(c) A registration statement filed and effective under section 11-51-304 is effective for one year after its effective date unless the securities commissioner by rule or order extends the period of effectiveness.

(d) A registration statement effective under section 11-51-303 or 11-51-304 may be terminated or withdrawn upon the request of the issuer or the person who filed the registration statement and with the consent of the securities commissioner.

(e) All outstanding securities of the same class as a registered security are considered to be registered for the purpose of a nonissuer transaction or series of transactions while the registration statement is effective.

(8) So long as a registration statement under section 11-51-304 is effective, the securities commissioner may, by rule or order, require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering.

(9) A registration statement under section 11-51-303 or 11-51-304 may be amended after its effective date so as to increase the quantity of securities specified as being offered. Every person filing such an amendment shall pay a registration fee, which shall be determined and collected pursuant to section 11-51-707, with respect to the additional securities being registered. Such an amendment becomes effective when the securities commissioner so orders. If the additional securities being registered have been sold before such amendment is filed and the person filing the amendment provides such information as the securities commissioner may request to show that the failure to register the additional securities prior to their sale was in good faith and not for the purpose of avoiding compliance with this article, the securities commissioner may by order provide that the effectiveness of the amendment shall relate back to the first date of sale of the additional securities.

**11-51-303. Registration by coordination.** (1) Securities for which a registration statement has been filed under the federal "Securities Act of 1933" in connection with the offering of the securities may be registered by coordination. A registration statement and accompanying records shall be filed with the securities commissioner pursuant to this section and shall contain the following information and be accompanied by the consent to service of process required by section 11-51-706:

(a) A copy of the latest form of prospectus filed under the federal "Securities Act of 1933";

(b) (I) A current copy of the issuer's articles of incorporation and bylaws or, if so determined by the commissioner, the substantial equivalent of such articles of incorporation and bylaws;

(II) A copy of any agreement with or among the underwriters of the security to be registered;

(III) A copy of any indenture or other instrument governing the issuance of the security to be registered;

(IV) A specimen, copy, or description of the security that is required by rule promulgated by the securities commissioner or order issued pursuant to this article; and

(c) A copy of other information or records filed by the issuer under the federal "Securities Act of 1933" that may be requested by the securities commissioner.

(d) (Deleted by amendment, L. 2004, p. 512, § 1, effective July 1, 2004.)

(2) Any amendments to the federal prospectus shall be promptly filed with the securities commissioner after the amended prospectus is filed with the federal securities and exchange commission; except that an amendment to the prospectus that only delays the effective date of the registration statement shall not be filed with the securities commissioner.

(3) A registration statement required to be filed with the securities commissioner pursuant to this section shall be considered effective simultaneously with or subsequent to the federal registration statement when all of the following conditions are satisfied:

(a) A stop order under subsection (4) of this section or section 11-51-306, or issued by the federal securities and exchange commission, is not in effect and a proceeding is not pending against the issuer under section 11-51-410; and

(b) The registration statement has been on file with the securities commissioner for at least twenty days; except that the securities commissioner may establish, pursuant to rule or order, a period less than twenty days.

(4) The registrant shall promptly notify the securities commissioner of the date when the federal registration statement becomes effective and the content of any price amendment. The registrant shall promptly file the notice containing the price amendment with the securities commissioner. If the notice is not timely received, the securities commissioner may, without prior notice or hearing, issue a stop order, which shall retroactively deny the effectiveness of a registration statement or suspend the effectiveness of the registration statement until the registrant complies with the provisions of this section. The securities commissioner shall promptly notify the registrant of a stop order by telegram, telephone, or electronic means. The securities commissioner shall be able to confirm that notice of the stop order was given to the registrant. If the registrant subsequently complies with the notice requirements of this section, the stop order shall become void as of the date of its issuance.

(5) If the federal registration statement becomes effective before all of the conditions of this section are satisfied, or if a condition of this section is waived by the securities commissioner, the registration statement shall be effective when all of the conditions of this section are either satisfied or waived by the securities commissioner. If the registrant notifies the securities commissioner of the date when the federal registration statement is expected to become effective, the securities commissioner shall promptly notify the registrant by telegram, telephone, or electronic means whether all of the conditions of this section have been satisfied by the registrant or the securities commissioner is waiving one or all of the conditions. The securities commissioner shall also notify the registrant if the commissioner intends to institute a proceeding against the registrant pursuant to section 11-51-306. The securities commissioner shall be able to confirm that such notice was provided to the registrant. Failure of the securities commissioner to notify the registrant of the commissioner's intent to institute an action pursuant to section 11-51-306 shall not invalidate or preclude the institution of such action.

(6) The commissioner shall promulgate a rule that defines the prompt filing and notification provisions of this section.

**11-51-304. Registration by qualification.** (1) A security may be registered by qualification.

(2) A registration statement under this section shall contain full and fair disclosure of all material facts respecting the investment offered, including the following information, shall state the title of the security and the number or amount being registered under this article, and shall be accompanied by the following documents in addition to the consent to service of process required by section 11-51-706:

(a) With respect to the issuer, its name, address, and form of organization; the state or foreign jurisdiction and date of its organization; the general character and location of its business; a description of its physical properties and equipment; and a statement of the general competitive conditions in the industry or business in which it is or will be engaged;

(b) With respect to every director and officer of the issuer, or person occupying a similar status or performing similar functions, the name, address, and principal occupation for the past five years; the amount of securities of the issuer held as of a specified date within thirty days of the filing of the registration statement; the amount of the securities covered by the registration statement to which the person has indicated an intention to subscribe; and a description of any material interest in any material transaction with the issuer or any significant subsidiary effected within the past three years or proposed to be effected;

(c) With respect to persons covered by paragraph (b) of this subsection (2), the remuneration paid during the past twelve months and estimated to be paid during the next twelve months, directly or indirectly, by the issuer (together with all predecessors, parents, subsidiaries, and affiliates) to all such persons in the aggregate;

(d) With respect to any person owning of record, or beneficially if known, ten percent or more of the outstanding shares of any class of equity security of the issuer, the information specified in paragraph (b) of this subsection (2) other than the occupation;

(e) With respect to every promoter, if the issuer was organized within the past three years, the information specified in paragraph (b) of this subsection (2), any amount paid within that period or intended to be paid to that person, and the consideration for any such payment;

(f) With respect to any person on whose behalf any part of the offering is to be made in a nonissuer distribution, the name and address, the amount of securities of the issuer held as of the date of the filing of the registration statement, a description of any material interest in any material transaction with the issuer or any significant subsidiary effected within the past three years or proposed to be effected, and a statement of the person's reasons for making the offering;

(g) The capitalization and long-term debt on both a current and pro forma basis of the issuer, including a description of each security outstanding or being registered or otherwise offered, and a statement of the amount and kind of consideration whether in the form of cash, physical assets, services, patents, goodwill, or anything else for which the issuer or any subsidiary has issued any of its securities within the past two years or is obligated to issue any of its securities;

(h) The kind and amount of securities to be offered; the proposed offering price or the method by which it is to be computed; any variation therefrom at which any proportion is to be made to any person or class of persons, other than the underwriters, with a specification of any such person or class; the basis upon which the offering is to be made if otherwise than for cash; the estimated aggregate underwriting and selling discounts or commissions and finders' fees including separately cash, securities, contracts, or anything else of value to accrue to the underwriters or finders in connection with the offering or, if the selling discounts or commissions are variable, the basis of determining them and their maximum and minimum amounts; the estimated amounts of other selling expenses, including legal, engineering, and accounting charges; the name and address of every underwriter and every recipient of a finder's fee; a copy of any underwriting or selling group agreement pursuant to which the distribution is to be made, or the proposed form of any such agreement whose terms have not yet been determined; and a description of the plan of distribution of any securities which are to be offered otherwise than through an underwriter;

(i) The estimated cash proceeds to be received by the issuer from the offering; the purposes for which the proceeds are to be used by the issuer; the amount to be used for each purpose; the order or priority in which the proceeds will be used for the purposes stated; and the amounts of any funds to be raised; and, if any part of the proceeds is to be used to acquire any property including goodwill otherwise than in the ordinary course of business, the names and addresses of the vendors, the purchase price, and the names of any persons who have received commissions in connection with the acquisition, and the amounts of any such commissions and any other expenses in connection with the acquisition including the cost of borrowing money to finance the acquisition;

(j) A description of any stock options or other security options outstanding or to be created in connection with the offering, together with the amount of any such options held or to be held by every person required to be named in paragraph (b), (d), (e), (f), or (h) of this subsection (2) and by any person who holds or will hold ten percent or more in the aggregate of any such options;

(k) The date of, parties to, and general effect concisely stated of every management or other material contract made or to be made otherwise than in the ordinary course of business if it is to be performed in whole or in part at or after the filing of the registration statement or was made within the past two years, together with a copy of every such contract, and a description of any pending litigation or proceeding to which the issuer is a party and which materially affects its business or assets including any litigation or proceeding known to be contemplated by governmental authorities;

(l) A copy of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature intended as of its effective date to be used in connection with the offering;

(m) A specimen or copy of the security being registered, a copy of the issuer's articles of incorporation and bylaws, or their substantial equivalents, as currently in effect, and a copy of any indenture or other instrument covering the security to be registered;

(n) A signed or conformed copy of an opinion of counsel as to the legality of the security being registered, which shall state whether the security when sold will be legally issued, fully paid, and nonassessable and, if a debt security, a binding obligation of the issuer;

(o) The written consent of any accountant, engineer, appraiser, or other person whose profession gives authority to a statement made by him, if any such person is named as having prepared or certified a report or valuation other than a public and official document or statement which is used in connection with the registration statement;

(p) The balance sheet of the issuer as of a date within four months prior to the filing of the registration statement; a profit and loss statement and analysis of surplus for each of the three fiscal years preceding the date of the balance sheet and for any period between the close of the last fiscal year and the date of the balance sheet, or for the period of the issuer's and any predecessor's existence if less than three years; and, if any part of the proceeds of the offering is to be applied to the purchase of any business, the same financial statements which would be required if that business were the registrant; and

(q) Such additional information as the securities commissioner requires by rule or order and as is required for full and fair disclosure respecting the investment offered.

(3) A registration statement under this section becomes effective when the securities commissioner so orders or twenty-eight calendar days from the date of filing if the securities commissioner does not request changes in the registration statement or if the registration statement is not subject to a stop order under section 11-51-306.

(4) The securities commissioner may, by rule or order, require as a condition of registration under this section that an offering circular containing any designated part of the information specified in subsection (2) of this section be sent or given to each person to whom an offer is made before or concurrently with: The first written offer made to such person otherwise than by means of a public advertisement by or for the account of the issuer or any other person on whose behalf the offering is being made or by any broker-dealer or underwriter who is offering part of an unsold allotment or subscription taken as a participant in the distribution; the confirmation of any sale made by or for the account of any person; or a payment made pursuant to any such sale or the delivery of the security pursuant to any such sale, whichever first occurs.

(5) The date of filing shall be the date that the registration statement or an amendment to the registration statement is received by the securities commissioner.

(6) The securities commissioner shall by rule prescribe a limited offering registration procedure for any offering of securities by an issuer if the issuer has its principal office and the majority of its full-time employees in Colorado; if the issuer provides in its offering document that at least eighty percent of the net proceeds from the offering shall be used in connection with the operations of such issuer in this state; if the gross proceeds from such offering of securities and any other offering of securities will not exceed one million dollars within any twelve-month period; and if the registration statement and offering documents for such limited offering contain the following:

(a) With respect to the issuer, its principal business address, and its form, state or foreign jurisdiction, and date of its organization;

(b) The general character and location of its business and a description of its physical properties and equipment;

(c) The name and address of every officer and director of the issuer and of every person occupying a similar status or performing similar functions, and for each such person, a brief description of their business experience within the last five years, a description of any transaction during the preceding year or any proposed transaction between any such persons and the issuer, and a description of any of the following events occurring within the last five years that are material to an evaluation of the offering:

(I) The filing of a petition in bankruptcy by or against, or the filing of a receivership action against, any such person personally or by or against any entity for which they served as officer, director, or in a similar status or function;

(II) Any conviction of any such person in a criminal proceeding, or the filing of any indictment, information, or criminal complaint against any such person (excluding traffic violations and other minor offenses); and

(III) Any order, judgment, or decree, not subsequently reversed, suspended, or vacated, against any such person entered by a court of competent jurisdiction or any federal or state regulatory authority involving the violation by such person of any federal or state securities law or in connection with any matter material to the offering, the issuer, or its business;

(d) The principal factors contributing to the risks of the enterprise, including, when applicable, the absence of an operating history of the issuer, the absence of profitable operations in recent periods, the nature of the business or proposed business in which the issuer will engage, and the absence of any previous market for the securities of the issuer;

(e) The amount of authorized and issued securities of the issuer;

(f) The kind and amount of securities to be offered, the proposed offering price, and the minimum and maximum amounts that will be raised in the offering;

(g) The name, address, and amount of compensation of any underwriter or broker-dealer to receive compensation in connection with the offering;

(h) The estimated proceeds to be received by the issuer from the offering and the purposes for which such proceeds are to be used;

(i) An unaudited balance sheet as of a date within four months of the filing of the registration statement and an unaudited profit and loss statement and analysis of surplus for the most recent fiscal year of the issuer and for any period between the close of the last fiscal year and the date of the balance sheet, or for the period of the issuer's existence if less than one year; and

(j) The following legend prominently stated on the cover page of the offering document:

THESE SECURITIES ARE OFFERED PURSUANT TO A LIMITED OFFERING REGISTRATION WITH THE COLORADO DIVISION OF SECURITIES. THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE COLORADO DIVISION OF SECURITIES NOR HAS THE DIVISION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFERING DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

THE STATE OF COLORADO HAS INSTITUTED THIS LIMITED OFFERING REGISTRATION PROCEDURE IN AN EFFORT TO SIMPLIFY AND EXPEDITE THE SMALL BUSINESS CAPITAL FORMATION PROCESS. INVESTORS ARE ENCOURAGED TO ASK QUESTIONS OF AND SEEK ADDITIONAL INFORMATION FROM THE ISSUER AND UNDERWRITER OF THESE SECURITIES.

(7) In the case of a registration by qualification under subsection (6) of this section, the securities commissioner may not require as a condition of registration under section 11-51-302 (5) that any of the gross proceeds from the sale of the registered security be held in escrow in the case of an offering underwritten by a broker-dealer registered under the federal "Securities Exchange Act of 1934", or that more than thirty-five percent of the gross proceeds from the sale of the registered security be held in escrow in the case of an offering not underwritten by such a broker-dealer.

(8) A registration statement under subsection (6) of this section becomes effective when the securities commissioner so orders or fourteen calendar days from the date of the filing if the securities commissioner does not request changes in the registration statement or if the registration statement is not subject to a stop order under section 11-51-306.

#### ANNOTATION

**Law reviews.** For article, "Criminal Prosecutions under the Colorado Securities Act", see 47 U. Colo. L. Rev. 233 (1976).

**Applied** in Brooks v. Land Drilling Co., 574

F. Supp. 1050 (D. Colo. 1983) (decided under § 11-51-114 as it existed prior to the 1990 repeal and reenactment of this article).

**11-51-306. Denial, suspension, or revocation of registration.** (1) The securities commissioner may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement, if the securities commissioner finds violations of the escrow provisions in section 11-51-302 (5) or (6), or, in the case of any registration statement under section 11-51-304, if the securities commissioner finds that the order is in the public interest and that any one of the following grounds exists:

(a) The registration statement as of its effective date or as of any earlier date in the case of an order denying effectiveness, any amendment under section 11-51-302 (9) as of its effective date, or any report under section 11-51-302 (8) contains any false or misleading statement in violation of section 11-51-502;

(b) Any provision of this article or any rule, order, or condition imposed under this article has been violated, in connection with the offering, by the issuer, any partner, officer, or director of the issuer, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by the issuer.

Notwithstanding any other provision of this article, the securities commissioner shall not issue any stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement on the grounds that the offering, when viewed on its merits as an investment, is unfair, unjust, or inequitable.

(c) The security registered or sought to be registered is the subject of an administrative stop order or similar order or a permanent or temporary injunction of any court of competent jurisdiction entered under any other federal or state law applicable to the offering; but the securities commissioner may not institute a proceeding against an effective registration statement under this paragraph (c) more than one year from the date of the order or injunction relied on, and the securities commissioner may not enter an order under this paragraph (c) on the basis of an order or injunction entered under any other state law unless that order or injunction was based on facts which would currently constitute a ground for a stop order under this section; or

(d) The issuer's enterprise or method of business includes or would include activities which are illegal where performed.

(1.5) With respect to a security sought to be registered pursuant to section 11-51-303, the securities commissioner may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement if the securities commissioner finds that there has been a failure to comply with section 11-51-303 (2).

(2) The securities commissioner may, by summary order under section 11-51-606 (3) (a), summarily postpone or suspend the effectiveness of a registration statement pending final determination of any proceeding under this section.

(3) No stop order may be entered under this section, except under subsection (2) of this section, without the provision to the issuer of an appropriate prior notice, an opportunity for a hearing, and written findings of fact and conclusions of law.

(4) The securities commissioner may vacate or modify a stop order if the securities commissioner finds that the conditions which prompted its entry have changed or that it is otherwise in the public interest to do so.

**Editor's note:** This section is similar to former § 11-51-112 as it existed prior to 1990.

**11-51-307. Exempt securities.** (1) The following securities are exempted from sections 11-51-301 and 11-51-305:

(a) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any political subdivision of a state, or any agency or corporate or other instrumentality of one or more of any of them or any certificate of deposit for any of them;

(b) Any security issued or guaranteed by Canada, any Canadian province, any political subdivision of any such province, any agency or corporate or other instrumentality of one or more of any of them, or any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor;

(c) Any security issued by and representing an interest in or a debt of, or guaranteed by, any depository institution organized under the laws of the United States or any depository institution organized and supervised under the laws of any state;

(d) Any security issued or guaranteed by any federal credit union or any credit union, industrial loan association, or similar association organized and supervised under the laws of this state;

(e) Any security issued or guaranteed by any railroad, other common carrier, public utility, or holding company which is: Subject to the jurisdiction of the surface transportation board; a registered holding company under the federal "Public Utility Holding Company Act of 1935" or a subsidiary of such a company within the meaning of that act; or regulated in respect of its issuance or guarantee of the security by a governmental authority of the United States, any state, Canada, or any Canadian province;

(f) Any security listed or approved for listing upon notice of issuance on any national securities exchange registered under the federal "Securities Exchange Act of 1934", 15 U.S.C. sec. 78f, as amended, or any other security of the same issuer that is of a senior or substantially equal rank; any security called for by subscription rights or warrants so listed, designated, or approved; or any warrant or right to purchase or subscribe to any of them;

(g) Any security which is issued by any person organized and operated not for private profit but exclusively for religious, educational, benevolent, or charitable purposes or as a chamber of commerce or trade or professional association and which is offered or sold to a bona fide constituent or member of such organization or association, if no direct or indirect commission or remuneration is paid in connection with the offer or sale of such security except to a licensed broker-dealer; or any security which is issued by any cooperative association engaged in the sale or production of electricity and regulated by the public utilities commission of this state;

(h) Any commercial paper which arises out of a current transaction or the proceeds of which have been or are to be used for current transactions and which evidences an obligation to pay cash within nine months of the date of issuance, exclusive of days of grace, or any renewal of such paper which is likewise limited, or any guarantee of such paper or of any such renewal;

(i) Any security issued in connection with an employee's stock purchase, savings, pension, profit-sharing, or similar benefit plan;

(j) Any security issued by a cooperative association as defined in article 55 of title 7, C.R.S.; and

(k) Any security issued by an issuer registered as an open-end management investment company or unit investment trust under the federal "Investment Company Act of 1940" if:

(I) (A) The issuer is advised by an investment adviser that is a depository institution exempt from registration under the federal "Investment Advisers Act of 1940" or that is currently registered, and has been registered or is affiliated with an adviser that has been registered, as an investment adviser under the federal "Investment Advisers Act of 1940" for at least three years next preceding an offer or sale of a security claimed to be exempt under this paragraph (k) and the adviser has acted, or is affiliated with an investment advisor that has acted, as investment adviser to one or more registered investment companies or unit investment trusts for at least three years next preceding an offer or sale of a security claimed to be exempt under this paragraph (k); or

(B) The issuer has a sponsor that has at all times throughout the three years before an offer or sale of a security claimed to be exempt under this paragraph (k) sponsored one or more registered investment companies or unit investment trusts the aggregate total assets of which have exceeded one hundred million dollars; and

(II) There is filed with and paid to the securities commissioner prior to any sale of any securities claimed to be exempt under this paragraph (k):

(A) A notice of intention to sell which has been executed by the issuer and which sets forth the name and address of the issuer and the title of the securities to be offered in this state; and

(B) An exemption fee, which shall be determined and collected pursuant to section 11-51-707, for open-end management companies and for unit investment trusts.

(2) Any notice filed and exemption fee paid under paragraph (k) of subsection (1) of this section shall be effective only for securities sold within twelve months after the date on which such notice was filed with the securities commissioner. For the purposes of paragraph (k) of subsection (1) of this section, an investment adviser is affiliated with another investment adviser if it controls, is controlled by, or is under common control with the other investment adviser. For the purposes of paragraph (k) of subsection (1) of this section, a "sponsor" of a unit investment trust means the person primarily responsible for the organization of the unit investment trust or who has continuing responsibilities for the administration of the affairs of the unit investment trust other than a trustee or custodian. "Sponsor" includes the depositor of the unit investment trust.

**11-51-308. Exempt transactions.** (1) The following transactions are exempted from sections 11-51-301 and 11-51-305:

- (a) Any isolated nonissuer transaction, whether or not effected through a broker-dealer;
- (b) Any nonissuer distribution of an outstanding security;
- (I) If a recognized securities manual contains the name of the issuer, the names of the issuer's officers and directors, a balance sheet of the issuer as of a date within the eighteen-month period immediately preceding the date of the distribution, and a profit and loss statement for either the fiscal year preceding that date or the most recent year of operations;
- (II) If the security has a fixed maturity or a fixed interest or dividend provision and there has been no default by the issuer during the current fiscal year or within the three preceding fiscal years, or during the existence of the issuer and any predecessors if less than three years, in the payment of principal, interest, or dividend on any security of the issuer;
- (III) If any class of securities of the issuer is registered under section 12 of the federal "Securities Exchange Act of 1934";
- (IV) If the issuer is an investment company registered under the federal "Investment Company Act of 1940"; or
- (V) If the issuer of the security has filed and maintained with the securities commissioner, for not less than ninety days next preceding the transaction, such information as the securities commissioner may specify by rule and has paid an exemption fee to be determined and collected as provided in section 11-51-707;
- (c) Any nonissuer transaction effected by or through a licensed broker-dealer pursuant to an unsolicited order or offer to buy, if either the confirmation of the transaction delivered to the customer clearly states that the transaction was unsolicited or the broker-dealer obtains a written acknowledgment signed by the customer that the transaction was unsolicited and a copy of the confirmation or the acknowledgment is preserved by the broker-dealer for such period as the securities commissioner may, by rule, require;
- (d) Any transaction between the issuer or other person on whose behalf the offering is made and an underwriter or among underwriters;
- (e) Any transaction in a bond or other evidence of indebtedness secured by a mortgage, security interest, or deed of trust or by an agreement for the sale of real estate or chattels,

if the entire mortgage, security interest, deed of trust, or agreement together with all the bonds or other evidences of indebtedness secured thereby is offered and sold as a unit;

(f) Any transaction by an executor, administrator, sheriff, marshal, receiver, trustee in bankruptcy, guardian, or conservator;

(g) Any transaction executed by a bona fide pledgee without any purpose of evading the provisions of this article;

(h) Any offer or sale to a financial or institutional investor or to a broker-dealer, whether the purchaser is acting for itself or in some fiduciary capacity;

(i) Any transaction not involving any public offering;

(j) Any transaction pursuant to an offering of securities directed by the offeror to not more than twenty persons (other than those designated in paragraph (h) of this subsection (1)) in this state and sold to not more than ten buyers (other than those designated in paragraph (h) of this subsection (1)) in this state during any period of twelve consecutive months, whether or not the offeror or any of the offerees or buyers is then present in this state, if:

(I) The seller reasonably believes that all the buyers in this state (other than those designated in paragraph (h) of this subsection (1)) are purchasing for investment; and

(II) No commission or other remuneration is paid or given directly or indirectly for soliciting any prospective buyer in this state (other than those designated in paragraph (h) of this subsection (1)) except to a licensed broker-dealer or a licensed sales representative;

(k) Any offer or sale of a preorganization certificate or subscription if no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective subscriber, if the number of subscribers does not exceed twenty-five, and if no payment is made by any subscriber;

(l) Any transaction pursuant to an offer to existing security holders of the issuer, including persons who at the time of the transaction are holders of convertible securities, nontransferable warrants, or transferable warrants exercisable within not more than ninety days of their issuance, if no commission or other remuneration (other than a standby commission) is paid or given directly or indirectly for soliciting any security holder in this state except to a licensed or exempt broker-dealer;

(m) A transaction involving an offer to sell, but not a sale, of a security if:

(I) A registration or offering statement or similar document as required under the federal "Securities Act of 1933" has been filed with the securities and exchange commission, but is not effective;

(II) A registration statement, if required, has been filed under section 11-51-303, but is not effective; and

(III) No stop order of which the offeror is aware has been entered by the securities commissioner or the securities and exchange commission;

(n) A transaction involving an offer to sell, but not a sale, of a security if:

(I) A registration statement has been filed under section 11-51-304 but is not effective; and

(II) No stop order of which the offeror is aware has been entered by the securities commissioner;

(o) A transaction described in section 11-51-201 (13) (g); and

(p) Any offer or sale of a security in compliance with an exemption from registration with the securities and exchange commission under section 3(b) or 4(2) of the federal "Securities Act of 1933" pursuant to regulations adopted thereunder by the securities and exchange commission. The issuer shall file with the securities commissioner a notification of exemption, upon such form as the securities commissioner may prescribe, and pay an exemption fee to be determined and collected pursuant to section 11-51-707.

**The crux of the registration requirement** is disclosure of information sufficient to allow informed decision-making by the investors as a class. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Design of private offering exemption.** The private offering exemption was designed principally to permit the issuance of securities in transactions in which the remedial purposes of registration were satisfied by independent factors. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Question of fact.** The test as to whether or not an offering is public is a question to be determined from the facts in each particular case. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Availability of nonpublic offering exemption in subsection (1)(i) is a question of fact.** *People v. Morrow*, 682 P.2d 1201 (Colo. App.,

1983).

**Each "offering" to be separately assessed.** To determine the public nature of an offering, the predicates for the exemption must apply to the offerees as a group and should not be analyzed on an investor-by-investor basis. Each "offering" must be separately assessed. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**The real test as to whether or not an offering is public** is whether the particular class of persons affected needs the information made available by registration. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Criteria for test.** As to the statutory test for determining whether an offering is private, criteria established by the Colorado division of securities include: (1) The number of offerees and actual purchasers; (2) the offeree's relationship to the issuer; (3) the offeree's knowledge; (4) the manner of the offering; (5) whether the offer is made in a medium intended for general distribution; and (6) a commitment by the offeree that the security is taken for investment only and not for resale or redistribution. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**When requirements for private offering exemption satisfied.** The requirements for private offering exemption are satisfied only if "each offeree . . . does not require the information which would be set forth in a registration statement". *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Securities were not exempt from registration requirements under subsection (1)(p)** where respondents engaged in a general solicitation and thus the offering was not conducted in accordance with rule 506 of regulation D promulgated under the federal Securities Act of 1933. *Black Diamond Fund, LLLP v. Joseph*, 211 P.3d 727 (Colo. App. 2009).

**Applied** in *Brooks v. Land Drilling Co.*, 574 F. Supp. 1050 (D. Colo. 1983).

**11-51-309. Discretionary exemptions.** The securities commissioner may, by rule or order and subject to such terms and conditions as prescribed therein, from time to time add any securities to the securities exempted in section 11-51-307 or add any transactions to the transactions exempted in section 11-51-308, if the securities commissioner finds that the application of sections 11-51-301 and 11-51-305 to such securities or transactions is not necessary in the public interest and for the protection of investors.

**Source: L. 90:** Entire article R&RE, p. 719, § 1, effective July 1.

**Editor's note:** This section is similar to former § 11-51-113 as it existed prior to 1990.

**11-51-310. Denial or revocation of exemptions.** (1) (a) The securities commissioner may, by order, deny or revoke the exemption specified in section 11-51-307 (1) (g) with respect to a specific security or transaction if the securities commissioner finds that such order is necessary in the public interest and for the protection of investors.

(b) The securities commissioner may, by summary order under section 11-51-606 (3) (b), summarily suspend the exemption specified in section 11-51-307 (1) (g) as to a specific security or issuer pending final determination of any proceeding under this subsection (1).

(2) The securities commissioner may, by rule or order, deny or revoke any exemption specified in section 11-51-308 (1) (i), (1) (j), and (1) (p) with respect to a specific security, transaction, issuer, or class of persons if the issuer, any of its predecessors, or any of the issuer's directors, officers, general partners, beneficial owners of ten percent or more of any class of its equity securities, or any of its promoters then presently connected with the issuer in any capacity has been convicted within ten years of any felony in connection with the purchase or sale of any security. Such ten years shall be any ten years prior to any offer or sale of a security for which such exemption would otherwise be available.

(3) No order under subsection (1) or (2) of this section may operate retroactively. No person may be considered to have violated section 11-51-301 or 11-51-305 by reason of any offer or sale effected after the entry of an order under subsection (1) or (2) of this section if that person sustains the burden of proof that the person did not know, and in the exercise of reasonable care could not have known, of the order.

**11-51-311. Coordination of exemptions.** In furtherance of the policy stated in section 11-51-101 (3), the exemptions under sections 11-51-307 to 11-51-309 shall be coordinated with exemptions for securities and transactions under the federal "Securities Act of 1933" so that an offering registered under the federal "Securities Act of 1933" shall be subject to registration by filing under this article in the absence of an exemption under this article and so that an offering exempt from registration under the federal "Securities Act of 1933", other than pursuant to the exemption for intrastate offerings, shall also be exempt from registration under this article. The securities commissioner shall make, amend, and rescind rules in order to effectuate such policy. Nothing in this section shall limit the powers or actions of the securities commissioner to make, amend, and rescind rules with regard to exemptions provided by sections 11-51-307 and 11-51-308 or added by section 11-51-309 but not contained in the federal "Securities Act of 1933" or rules and regulations thereunder.

## PART 4

LICENSING AND REGULATION OF  
BROKER-DEALERS AND SALES REPRESENTATIVES

**11-51-401. Licensing and notice filing requirements.** (1) A person shall not transact business in this state as a broker-dealer or sales representative unless licensed or exempt from licensing under section 11-51-402.

(1.5) A person with a place of business in this state shall not transact business in this state as an investment adviser or investment adviser representative unless such person is licensed as such or exempt from licensing under section 11-51-402.

(1.6) A federal covered adviser either with a place of business in this state or who employs or otherwise engages an individual with a place of business in this state to act as an investment adviser representative shall not transact business in this state as a federal covered adviser unless such adviser has filed with the securities commissioner the notice and fee required in sections 11-51-403 and 11-51-404.

(2) Neither a broker-dealer nor an issuer shall employ or otherwise engage an individual to act as a sales representative in this state unless the sales representative is licensed or exempt from licensing under section 11-51-402.

(2.5) An investment adviser shall not employ or otherwise engage any individual with a place of business in this state to act as an investment adviser representative in this state unless such individual is licensed in accordance with section 11-51-403 or is exempt from licensing under section 11-51-402 (1).

(3) No broker-dealer, investment adviser, or issuer shall employ or otherwise engage a person to participate in any activity in this state contrary to an order by the securities commissioner applicable to that person under section 11-51-410. A broker-dealer, investment adviser, or issuer does not violate this subsection (3) if the broker-dealer, investment adviser, or issuer sustains the burden of proof that it did not know and in the exercise of reasonable care could not have known of the order. Upon request from a broker-dealer, investment adviser, or issuer and for good cause shown, the securities commissioner may waive the prohibition of this subsection (3) with respect to a person subject to an order under section 11-51-410.

(4) No person shall act as an investment adviser for a local government investment pool trust fund under article 75 of title 24, C.R.S., unless the person has first notified the securities commissioner by filing the form prescribed by the securities commissioner.

## ANNOTATION

**Law reviews.** For article, "Dodd Frank Act Expands Federal and State Regulation of Investment Advisers", see 40 Colo. Law. 15 (February 2011).

**Approval or acceptance of the sale of a security is not a necessary element of whether a person is acting as a sales representative.** A

person who facilitated all aspects of the investment other than the formal acceptance of the agreement is acting as a sales representative. Thus, the person is required to have a license. *Black Diamond Fund, LLLP v. Joseph*, 211 P.3d 727 (Colo. App. 2009).

**11-51-402. Exempt broker-dealers, sales representatives - sanctions - exempt investment advisers and investment adviser representatives.** (1) The following broker-dealers are exempt from the license requirement of 11-51-401 (1):

(a) A broker-dealer who is registered as a broker-dealer under the federal "Securities Exchange Act of 1934" and has no place of business in this state if the business transacted in this state as a broker-dealer is exclusively with the following:

- (I) Issuers in transactions involving their own securities;
- (II) Other broker-dealers licensed or exempt from licensing under this article, except when the broker-dealer is acting as a clearing broker-dealer for such other broker-dealers;
- (III) Financial or institutional investors;
- (IV) Individuals who are existing customers of the broker-dealer and whose principal places of residence are not in this state;
- (V) During any twelve consecutive months, not more than five persons in this state, excluding persons described in subparagraphs (I) to (IV) of this paragraph (a); and
- (b) Other broker-dealers the securities commissioner by rule or order exempts.

(2) The following sales representatives are exempt from the license requirement of section 11-51-401 (1):

(a) A sales representative employed or otherwise engaged by a broker-dealer exempt under subsection (1) of this section;

(b) A sales representative employed or otherwise engaged by an issuer in effecting transactions only in securities exempted by section 11-51-307 (1) (a) to (1) (d) or (1) (j);

(c) A sales representative employed by an issuer in effecting transactions only with employees, partners, officers, or directors of the issuer or of a parent or subsidiaries of the issuer, if no commission or other similar compensation is paid or given directly or indirectly to the sales representative for soliciting an employee, partner, officer, or director in this state; and

(d) Other sales representatives the securities commissioner by rule or order exempts.

(3) Any real estate broker or salesman licensed pursuant to part 1 of article 61 of title 12, C.R.S., who is trading only in securities comprised of notes, bonds, or evidences of indebtedness secured by mortgages or deeds of trust upon real estate, where the broker or salesman acts as the agent for the buyer or seller of the real estate securing the note, bond, or evidence of indebtedness being traded and is neither the issuer nor affiliated with or under the direct or indirect control of the issuer or an affiliate of the issuer of the note, bond, or evidence of indebtedness, is exempt from the license requirement of section 11-51-401 (1).

(4) (a) The securities commissioner may by order revoke, suspend, or impose conditions upon exemptions available pursuant to subparagraph (III) of paragraph (a) of subsection (1) of this section and paragraph (a) of subsection (2) of this section if the securities commissioner finds that a broker-dealer or sales representative who has an exemption pursuant to either of said sections offered or sold, other than in an unsolicited transaction, to a public entity in the state of Colorado a financial instrument that such broker-dealer or sales representative knew or should have known does not qualify for sale to the public entity pursuant to section 24-75-601.1, C.R.S., and that such action by the securities commissioner is in the public interest.

(b) Any proceeding concerning an order made pursuant to this subsection (4) shall be conducted as a proceeding under section 11-51-606 (1), (2), (4), and (5).

(5) The following investment advisers with no place of business in this state are exempt from the license requirement of section 11-51-401 (1.5):

(a) An investment adviser who:

(I) Is exempt from registration as an investment adviser pursuant to section 203 (b) of the federal "Investment Advisers Act of 1940";

(II) Has only clients in this state that are: Other investment advisers; federal covered advisers; broker-dealers; depository institutions; insurance companies; employee benefit plans with assets of not less than one million dollars; or other institutional investors other than any local government investment pool trust fund under article 75 of title 24, C.R.S., as are designated by rule or order of the securities commissioner; or

(III) During the preceding twelve-month period, has had not more than five clients other than those specified in subparagraph (II) of this paragraph (a).

(b) The commissioner may by rule or order exempt other investment advisers from the license requirement of section 11-51-401 (1.5).

(6) Investment adviser representatives employed by or otherwise associated with an investment adviser exempt under subsection (5) of this section are exempt from the license requirement of section 11-51-401 (1.5).

## ANNOTATION

**Law reviews.** For article, "Dodd Frank Act Expands Federal and State Regulation of Investment Advisers", see 40 Colo. Law. 15 (February 2011).

**11-51-403. Application for license - notice filing requirements.** (1) An applicant for a license as a broker-dealer, sales representative, investment adviser, or investment adviser representative shall file with the securities commissioner or with the securities commissioner's designee an application for a license and the consent to service of process required by section 11-51-706. The application shall contain the information and be in the form the securities commissioner requires by rule. If the information contained in an application is inaccurate or incomplete in any material respect when the application is filed or becomes inaccurate or incomplete in any material respect as a result of any subsequent event, the applicant shall promptly file an amendment to the application to cure the inaccuracy or omission. The securities commissioner may require an applicant to submit additional information that is material to an understanding of information about the applicant available to the securities commissioner in the application or otherwise, and an application shall be incomplete until all additional information required by the securities commissioner has been submitted.

(2) The application requirement of subsection (1) of this section for broker-dealers and sales representatives is satisfied by an applicant who has filed and maintains complete and current registration information with the securities and exchange commission, in the case of a broker-dealer, or a self-regulatory organization, in the case of a sales representative, if that registration information and the consent to service of process required by section 11-51-706 are provided to the securities commissioner through the central registration depository. Any additional information the securities commissioner may require from such an applicant pursuant to subsection (1) of this section must be material to an understanding of information about the broker-dealer or sales representative that is provided to the securities commissioner through the central registration depository.

(2.5) The application requirement of subsection (1) of this section for an investment adviser and an investment adviser representative is satisfied by an applicant who has filed and maintains complete and current registration information with the investment adviser registration depository if that registration information and the consent to service of process required by section 11-51-706 are provided to the securities commissioner through the investment adviser registration depository. Any additional information the securities commissioner may require from such an applicant pursuant to subsection (1) of this section must be material to an understanding of information about the investment adviser or investment adviser representative that is provided to the securities commissioner through the investment adviser registration depository.

(3) (a) A federal covered adviser who, during any calendar year, either has a place of business in this state or employs or engages an investment adviser representative with a place of business in this state shall file with the securities commissioner annually a consent

to service of process and such documents as are filed by such adviser with the securities and exchange commission that the commissioner may require by rule or order.

(b) The notice filing requirement described in paragraph (a) of this subsection (3) does not apply to any federal covered adviser who, during such calendar year, neither has a place of business in this state nor employs nor engages an investment adviser representative with a place of business in this state.

(c) A notice filing under this section shall be effective from its receipt by the securities commissioner until December 31 of each year. Thereafter, it may be renewed annually until the following December 31 by filing with the securities commissioner a copy of such documents as are required pursuant to paragraph (a) of this subsection (3) and payment of a fee pursuant to section 11-51-404.

(4) Any person required to pay a fee under this section may transmit through any designee of the securities commissioner any fee required by this section or by rules promulgated under this section.

**11-51-404. License and notice fees.** (1) (a) An applicant for a license as a broker-dealer, sales representative, investment adviser, or investment adviser representative shall pay an initial license fee and a licensed person shall pay an annual license fee which shall be determined and collected pursuant to section 11-51-707; except that no such license fee for a sales representative or investment adviser representative shall be more than twenty-five dollars.

(b) A federal covered adviser required to file an annual notice with the securities commissioner pursuant to section 11-51-403 (3) (a) shall pay an annual notice fee that shall be determined and collected pursuant to section 11-51-707.

(2) If an annual license fee is not paid within ninety days after the application is filed, the securities commissioner may deem the application to be withdrawn.

(3) (a) (I) If an annual license or notice fee is not paid within thirty days after the securities commissioner sends a written notice that the fee was not paid when due, the amount of the annual license fee shall be double the amount originally payable.

(II) In the case of a broker-dealer, investment adviser, or federal covered adviser, written notice is deemed sent when the notice is sent to the broker-dealer, investment adviser, or federal covered adviser.

(III) In the case of a sales representative, written notice is deemed sent to the sales representative when the notice is sent to a broker-dealer or an issuer for whom the sales representative is licensed to act.

(IV) In the case of an investment adviser representative, written notice is deemed sent when the notice is sent to the investment adviser or federal covered adviser for whom the investment adviser representative is licensed to act.

(b) (I) If an annual license or notice fee is not paid within sixty days after the securities commissioner sends the written notice described in paragraph (a) of this subsection (3), the securities commissioner may by order summarily suspend the license or, in the case of a federal covered adviser, the authority to do business in this state.

(II) In the case of a broker-dealer, investment adviser, or federal covered adviser, the securities commissioner shall send a copy of the order to the broker-dealer, investment adviser, or federal covered adviser whose license or authority to do business in this state has been summarily suspended.

(III) In the case of a sales representative who has been licensed to act for a broker-dealer or an issuer and whose license has been summarily suspended, the securities commissioner shall send a copy of the order to a broker-dealer or an issuer for whom the sales representative has been licensed to act.

(IV) In the case of an investment adviser representative who has been licensed to act for an investment adviser or federal covered adviser and whose license has been summarily suspended, the securities commissioner shall send a copy of the order to the investment

adviser or federal covered adviser for whom the investment adviser representative has been licensed to act.

(4) If the annual license or notice fee is not paid within thirty days after the effective date of an order of summary suspension, the securities commissioner may by order summarily revoke the license or authority to do business in this state on the grounds that the license or authority has been abandoned.

(5) If an application is denied or withdrawn, or a license or authority to do business in this state is abandoned, revoked, suspended, or withdrawn, the securities commissioner shall retain all fees paid.

**11-51-405. Examinations and alternate qualifications.** (1) In the case of a license as a broker-dealer, if the applicant is not registered as a broker-dealer under the federal "Securities Exchange Act of 1934", the securities commissioner may by rule require the successful completion of a standardized written examination by any individual who will have primary responsibility to supervise any licensed sales representative of the broker-dealer. In the case of an application for a license as a sales representative to act for a broker-dealer who is not registered as a broker-dealer under the federal "Securities Exchange Act of 1934" or to act for an issuer, the securities commissioner may by rule require the successful completion of a standardized written examination by the applicant. Examinations may differ among classes of applicants. Any examination may be administered by the securities commissioner or any person the securities commissioner may designate.

(2) An applicant for a license as a broker-dealer or sales representative who is a licensed real estate broker or salesman pursuant to part 1 of article 61 of title 12, C.R.S., and whose securities activities in this state are limited to trading in securities comprised of notes, bonds, or other evidences of indebtedness secured by mortgages or deeds of trust upon real estate shall be excused from any examination requirement under subsection (1) of this section.

(3) In the case of a license as an investment adviser representative, the securities commissioner may by rule require the successful completion of one or more standardized written examinations. Examinations may differ among classes of applicants. Any examination may be administered by the securities commissioner or any person the securities commissioner may designate.

(4) The securities commissioner may by rule designate other qualifications and credentials that will be accepted in lieu of meeting the examination requirement set forth in subsection (3) of this section.

**11-51-406. General provisions.** (1) (a) Unless a proceeding under section 11-51-410 is instituted, the license of a broker-dealer, sales representative, or investment adviser representative becomes effective upon the last to occur of the following:

(I) The passage of thirty days after the filing of the application or, in the event any amendment is filed before the license becomes effective, the passage of thirty days after the

filing of the latest amendment, if the application, including all amendments, if any, was complete at the commencement of the thirty-day period;

(II) The examination requirement under section 11-51-405 is satisfied;

(III) In the case of a broker-dealer, the requirements of section 11-51-407 are satisfied; and

(IV) The required fee has been paid.

(b) The securities commissioner may authorize an earlier effective date of licensing.

(c) A notice filing by a federal covered adviser becomes effective upon receipt by the securities commissioner of the documents and fee required to be filed pursuant to sections 11-51-403 and 11-51-404.

(2) The securities commissioner may by rule or order, waive or reduce any of the requirements of this section and sections 11-51-405 and 11-51-407 with respect to any person or class of persons and, in connection with the waiver or reduction of any requirement, may limit or impose conditions on the securities activities that such person or class of persons may conduct in this state.

(3) (a) The license of a sales representative is effective only with respect to actions taken for a broker-dealer or issuer for whom the sales representative is licensed.

(b) The license of an investment adviser representative is effective only with respect to actions taken for an investment adviser or federal covered adviser with whom such investment adviser representative is employed or otherwise associated with as shown in the most current information filed by or on behalf of such representative pursuant to section 11-51-403 or 11-51-407 (3).

(4) (a) A person may act as a sales representative for more than one broker-dealer or issuer.

(b) A person may act as an investment adviser representative for more than one investment adviser or federal covered adviser and may also act as an investment adviser representative and a sales representative.

(5) (a) If a licensed sales representative ceases to be employed or otherwise engaged by a broker-dealer or issuer or ceases to act as a sales representative, the broker-dealer or, in the case of a sales representative licensed to act for an issuer, the sales representative shall promptly notify the securities commissioner. A notification required by this subsection (5) may be given by a broker-dealer who is registered as a broker-dealer under the federal "Securities Exchange Act of 1934" by filing the information through the central registration depository.

(b) If a licensed investment adviser representative ceases to be employed or otherwise engaged by an investment adviser or federal covered adviser or ceases to act as an investment adviser representative, the investment adviser or federal covered adviser shall promptly notify the securities commissioner.

(6) The license of a broker-dealer, sales representative, or investment adviser representative is effective until terminated by revocation or withdrawal.

**11-51-407. Operating requirements.** (1) (a) The securities commissioner may by rule require licensed broker-dealers who are not registered under the federal "Securities Exchange Act of 1934":

(I) To satisfy specified minimum financial responsibility requirements;

(II) To file with the securities commissioner specified financial and other information;

(III) To make and maintain specified records and to preserve such records for five years or such other period as may be specified;

(IV) To establish written supervisory procedures and a system for applying such procedures that is reasonably expected to prevent and detect violations of this article; and

(V) To acquire and keep in force a fidelity bond in such minimum amount and covering such risks as may be specified.

(b) The securities commissioner may by rule require licensed investment advisers whose principal office and place of business is in this state, and licensed investment advisers whose principal office and place of business is not in this state but that is either not licensed in the state where it maintains its principal office and place of business or not in compliance with such state's financial operating requirements or books and records requirements:

(I) To file with the securities commissioner specified financial and other information;

(II) To make and maintain specified records and to preserve such records for five years or such other period as may be specified; and

(III) To establish written supervisory procedures and a system for applying such procedures that is reasonably expected to prevent and detect violations of this article.

(c) If a broker-dealer or investment adviser at any time knows, or has reason to know, that it is not in compliance with any rule made by the securities commissioner under this subsection (1), the broker-dealer or investment adviser shall promptly notify the securities commissioner of all relevant facts.

(2) The securities commissioner may by rule require licensed broker-dealers who are registered under the federal "Securities Exchange Act of 1934" to make, maintain, and preserve specified records, but no rule made by the securities commissioner under this subsection (2) shall require any broker-dealer to make, maintain, or preserve any records other than those required to be made, maintained, and preserved under the federal "Securities Exchange Act of 1934".

(3) (a) Every licensed broker-dealer, licensed investment adviser, and every licensed sales representative shall file with the securities commissioner such information as may be necessary to correct any information in that person's application for license that is or has become inaccurate in any material respect. The requirements of this subsection (3) may be satisfied by a broker-dealer who is registered as a broker-dealer under the federal "Securities Exchange Act of 1934" or by a sales representative licensed to act for such a broker-dealer by filing the correcting information through the central registration depository.

(b) A federal covered adviser who has filed the notice described in section 11-51-403 shall file with the securities commissioner a copy of each amendment filed by such adviser with the securities and exchange commission at the time such amendment is filed with the securities and exchange commission.

(4) Every licensed broker-dealer who is not registered under the federal "Securities Exchange Act of 1934" shall at all times have in its employment one or more individuals who have passed the written examination required under section 11-51-405 for individuals with supervisory responsibility. Every licensed investment adviser shall at all times have one or more individuals employed or otherwise associated with the investment adviser designated as having supervisory responsibilities over the investment adviser representatives of such adviser. Such individual or individuals shall have primary responsibility to supervise all of the licensed sales representatives of the broker-dealer, or all of the licensed investment adviser representatives of the investment adviser, as the case may be, and, for the purposes of section 11-51-410, each such individual who is not a partner, officer, or director of the broker-dealer or investment adviser shall be deemed a person occupying a similar status or performing similar functions as a partner, officer, or director. A broker-dealer or investment adviser who is not in compliance with this subsection (4) shall promptly notify the securities commissioner of all relevant facts.

(5) No investment adviser with its principal office and place of business in this state or investment adviser representative of a licensed investment adviser with a place of business in this state shall take or maintain custody or possession of any funds or securities in which any client of such person has any beneficial interest unless:

(a) All of the securities of each client are segregated, marked to identify the particular client with any beneficial interest therein, and held in safekeeping in some place reasonably free from risk of loss, damage, or destruction; and

(b) (I) All of the funds of each client are deposited in one or more accounts, containing only clients' funds, at a depository institution; and

(II) Each account is maintained in the name of the investment adviser or a federal covered adviser as agent or trustee for such clients; and

(III) A separate record is maintained for each such account that shows the name and address of the depository institution where the account is maintained, the dates and amounts of deposits to and withdrawals from the account, and the exact amount of each client's beneficial interest in the account; and

(c) Written notification is sent to the client giving the place and manner in which the client's funds or securities will be maintained immediately after the investment adviser or investment adviser representative accepts custody or possession of such funds or securities from the client and thereafter, if and when there is any change in the place or manner, written notification is sent to the client explaining the change; and

(d) An itemized statement is sent to each client, at least once every three months, that shows the client's funds and securities in the custody or possession of the investment adviser or investment adviser representative at the end of the period and all debits, credits, and transactions affecting the funds and securities during the period; and

(e) A certified public accountant or, with the prior written consent of the client, a public accountant verifies all funds and securities of clients at least once during each calendar year through an actual examination. Such examination shall be at a time chosen by the accountant without prior notice to the investment adviser or investment adviser representative. The investment adviser shall file with the securities commissioner promptly after each such examination a certificate from the accountant in which such accountant avers to the commissioner that the accountant has performed an examination of the funds and securities accounts, and in which the accountant describes the nature and extent of the examination, and the results and conclusions reached.

(f) The investment adviser or investment adviser representative who has custody of client funds or securities posts bonds in amounts and with conditions the securities commissioner may by rule prescribe, subject to the limitations of section 222 (c) of the federal "Investment Advisers Act of 1940". Any equivalent deposit of cash or securities shall be accepted in lieu of any bonds so required. Every bond shall provide for suit thereon by any person who has a cause of action under section 11-51-604 (3) and (5).

**11-51-408. Licensing of successor firms.** (1) (a) A licensed broker-dealer or investment adviser may file an application for a license on behalf of a successor, whether or not the successor is in existence. If a broker-dealer or investment adviser succeeds to and continues the business of a licensed broker-dealer or investment adviser and the successor files an application for a license within thirty days after the succession, the license of the predecessor remains effective as the license of the successor for sixty days after the succession. An application filed pursuant to this subsection (1) must satisfy all requirements of an application under this article.

(b) A federal covered adviser may file a notice on behalf of a successor, whether or not the successor is in existence.

(2) If a successor is licensed or authorized to do business in this state pursuant to subsection (1) of this section, the license of each sales representative or investment adviser representative licensed to act for the predecessor shall remain effective as a license to act for the successor without a separate filing or payment of a separate fee.

**11-51-409. Access to records.** (1) The securities commissioner, in a manner reasonable under the circumstances, may examine, without notice, the records, within or without this state, of a licensed broker-dealer or investment adviser that are required to be made and maintained pursuant to this article in order to determine compliance with this article. A licensed broker-dealer or investment adviser may maintain such records in any form of data storage if the records are readily accessible to the securities commissioner in legible form.

(2) The securities commissioner, in a manner reasonable under the circumstances, may copy records required to be made and maintained under this article or require a licensed broker-dealer or investment adviser, at the expense of the broker-dealer or investment adviser, to copy such records and provide copies to the securities commissioner.

(3) The securities commissioner, in a manner reasonable under the circumstances, may examine, without notice, the records, within or without this state, of a licensed sales representative or investment adviser representative that are made and maintained by the sales representative or investment adviser representative in the normal course of business in order to determine compliance with this article.

(4) The securities commissioner, in a manner reasonable under the circumstances, may copy records made and maintained by a licensed sales representative or investment adviser representative in the normal course of business or require a licensed sales representative or investment adviser representative, at the sales representative's or investment adviser representative's expense, to copy such records and provide copies to the securities commissioner.

**11-51-409.5. Mandatory disclosure - investment advisers and investment adviser representatives.** (1) Each investment adviser and investment adviser representative of a licensed investment adviser shall furnish a written disclosure statement to each prospective client and to each client who is to receive investment advisory services. Such statement shall, at a minimum, contain the information the securities commissioner by rule requires to be furnished to clients or prospective clients by an investment adviser and an investment adviser representative. In the interests of uniformity, the requirements for disclosure of information under such rules should be coordinated and consistent with those that would be imposed under the federal "Investment Advisers Act of 1940" and the rules promulgated pursuant to that act, and with the requirements of other states, unless the securities commissioner makes the specific finding that to do so would be contrary to the public interest, the protection of investors and advisory clients in this state, and the purposes of this article.

(2) The disclosure statement described in subsection (1) of this section shall be delivered before the client or prospective client incurs any obligation for or in connection with the investment advisory services. In addition, the investment adviser or investment adviser representative shall annually deliver or offer to deliver without charge upon written request of each client a true copy of the most recently available disclosure statement.

**11-51-410. Denial, suspension, or revocation.** (1) The securities commissioner may by order deny an application for a license, suspend or revoke a license, censure a licensed person, limit or impose conditions on the securities activities that a licensed person may conduct in this state, and bar a person from association with any licensed broker-dealer, investment adviser, or federal covered adviser in the conduct of its business in this state in

such capacities and for such period as the order specifies. These sanctions may be imposed only if the securities commissioner makes a finding, in addition to the findings required by section 11-51-704 (2), that the applicant or licensed person or, in the case of a broker-dealer or investment adviser, a partner, officer, director, person occupying a similar status or performing similar functions, or person directly or indirectly controlling the broker-dealer or investment adviser:

(a) Has filed an application for a license with the securities commissioner that, as of the effective date of the license or as of any date after filing in the case of an order denying effectiveness, was false or misleading as a result of an untrue statement of a material fact or an omission to state a material fact, unless the applicant sustains the burden of proof that the applicant did not know and in the exercise of reasonable care could not have known of the untruth or omission;

(b) Has willfully violated or willfully failed to comply with any provision of this article or any rule or order under this article, except any rule that is subject to the additional findings required by paragraph (g) of this subsection (1);

(c) Within the past ten years, has entered a plea of guilty or nolo contendere to, or has been convicted of, any felony, any misdemeanor involving a breach of fiduciary duty or fraud, or any misdemeanor in connection with a purchase or sale of a security;

(d) Is subject to a temporary or permanent injunction issued by a court of competent jurisdiction in an action instituted by the securities commissioner, the securities agency or administrator of another state or a foreign jurisdiction, the securities and exchange commission, or the commodity futures trading commission, for violating any securities registration or broker-dealer, investment adviser, federal covered adviser, or similar license requirement in any federal, state, or foreign law or for engaging in fraudulent conduct;

(e) Is currently the subject of an order of the securities commissioner denying, suspending, or revoking the person's license as a broker-dealer, investment adviser, sales representative, or investment adviser representative or barring the person from association with any licensed broker-dealer, investment adviser, or federal covered adviser;

(f) Is currently the subject of any of the following orders issued within the past five years:

(I) An order by the securities agency or administrator of another state or a foreign jurisdiction, entered after notice and opportunity for hearing and based upon fraudulent conduct, denying or revoking the person's license as a broker-dealer, investment adviser, sales representative, or investment adviser representative, or the substantial equivalent of those terms, or suspending or barring the right of the person to be associated with a broker-dealer, investment adviser, or federal covered adviser;

(II) An order by the securities and exchange commission, entered after notice and opportunity for hearing, denying, suspending, or revoking the person's registration as a broker-dealer under the federal "Securities Exchange Act of 1934" or as an investment adviser under the federal "Investment Advisers Act of 1940" or suspending or barring the right of the person to be associated with a broker-dealer or investment adviser;

(III) An order by the commodity futures trading commission, entered after notice and opportunity for hearing, denying, suspending, or revoking registration under the federal "Commodity Exchange Act"; or

(IV) A suspension or expulsion from membership in or association with a member of a self-regulatory organization;

(g) Has willfully engaged in a course of conduct involving the violation of one or more rules made by the securities commissioner that prohibit unfair and dishonest dealings by a broker-dealer or sales representative, including any rule that may be made to define conduct prohibited by section 11-51-501, if each such rule is based upon a finding, in addition to the findings required by section 11-51-704 (2), which finding itself must be based on information provided by broker-dealers and sales representatives at a hearing on the proposed rule, that licensed broker-dealers and sales representatives who will be required to comply with the rule generally agree that the conduct prohibited by the rule does not meet prevailing standards of fair and honest dealing within the securities industry and that it is reasonable to expect the rule will prevent or deter such conduct;

(h) In the case of a broker-dealer who is not registered under the federal "Securities Exchange Act of 1934", is not in compliance with of section 11-51-407 (4);

(i) Has failed reasonably to supervise, with a view to preventing violations of this article, another person who is subject to the person's supervision and who commits such a violation, but for the purpose of this paragraph (i) no person shall be deemed to have failed to supervise another person if there existed established procedures, and a system for applying such procedures, which would reasonably be expected to prevent and detect, insofar as practicable, any such violation by such other person and such person reasonably discharged the duties and obligations incumbent upon such person by reason of such procedures and system without reasonable cause to believe that such procedures and system were not being complied with;

(j) Has ceased to do business as a broker-dealer, investment adviser, sales representative, or investment adviser representative;

(k) Has offered or sold to a public entity in the state of Colorado a financial instrument that such person knew or should have known does not qualify for sale to the public entity under section 24-75-601.1, C.R.S.;

(l) In the case of an investment adviser or investment adviser representative, willfully has:

(I) Failed to provide a client with a written disclosure statement as required pursuant to section 11-51-409.5; or

(II) Engaged in conduct contrary to one or more rules wherein the securities commissioner prohibits dishonest or unethical conduct in connection with providing investment advisory services. This subparagraph (II) applies to an investment adviser representative employed by or affiliated with a federal covered adviser only to the extent permitted under the federal "National Securities Markets Improvement Act of 1996". In the interests of uniformity, any rules promulgated pursuant to this subparagraph (II) shall be coordinated and consistent with the regulation of federal covered advisers by the securities and exchange commission under the federal "Investment Advisers Act of 1940" and the rules promulgated pursuant to that act, and with the rules of other states regarding such conduct by investment advisers and investment adviser representatives, unless the securities commissioner makes the specific finding that to do so would be contrary to the public interest, the protection of investors and advisory clients in this state, and the purposes of this article.

(m) After notice and opportunity for a hearing, has been found within the previous ten years:

(I) By a court with jurisdiction, to have wilfully violated the laws of a foreign jurisdiction under which the business of securities, commodities, investment, franchises, insurance, banking, or finance is regulated;

(II) To have been the subject of an order of a securities regulator of a foreign jurisdiction denying, revoking, or suspending the right to engage in the business of securities as a broker-dealer, agent, sales representative, investment adviser, investment adviser representative, or similar person; or

(III) To have been suspended or expelled from membership or participation in a securities exchange or securities association operating under the securities laws of a foreign jurisdiction; or

(n) (I) Is not qualified because of training, experience, or knowledge of the securities business; except that in the case of an applicant who is a sales representative for a broker-dealer that is a member of a self-regulatory organization or for an individual as an investment adviser representative, a denial order may not be based on this paragraph (n) if the applicant has successfully completed all examinations required by this article.

(II) The securities commissioner may require an applicant for a license pursuant to section 11-51-403, who has not been registered or licensed in any state within the two years preceding the filing of an application in this state, to successfully complete an examination.

(2) The securities commissioner may not begin a proceeding under this section against any person more than ninety days after a license has been issued to that person on the basis of a fact or transaction which the person shows was known to the securities commissioner when the license was issued or when any prior license of the same class was issued to that

person if such prior license was not revoked on the basis, in whole or in part, of such fact or transaction.

(3) For good cause shown the securities commissioner may waive or modify an order previously made under this section as it applies to any person with the consent of that person.

(4) The securities commissioner may suspend the license of a licensee pursuant to a summary order issued under section 11-51-606 (4) and such order shall be valid pending a final determination in any proceeding brought pursuant to this section subject to any modification made to such order under section 11-51-606 (4) (c).

(5) Where a person is an applicant for a license, or is licensed by the securities commissioner in more than one capacity, or both, and one or more grounds for sanction as set forth in subsection (1) of this section as they may apply to one application, license, or association with a broker-dealer, investment adviser, or federal covered adviser has been established either by findings of fact and conclusions of law or alleged before the securities commissioner on stipulation, the securities commissioner may impose one or more of such sanctions not only regarding the application, license, or association giving rise to the matter, but also upon any other application, license, or association under this section if the securities commissioner makes the additional findings that to do so is necessary and appropriate in the public interest and for the protection of investors.

## ANNOTATION

**Law reviews.** For article, "Criminal Prosecutions under the Colorado Securities Act", see 47 U. Colo. L. Rev. 233 (1976).

**An applicant for a license had adequate notice both that the public interest standard would be applied and of the contents of the standard,** because the authority to deny the

application specifically refers to the statute imposing the standard and because the applicant, administrative law judge, and commissioner all referred to the same factors applicable to the standard. *Westmark Asset Mgmt. Corp. v. Joseph*, 37 P.3d 516 (Colo. App. 2001).

**11-51-411. Abandonment of license.** If a licensed person has died or ceased to exist as a legal entity, has been adjudicated incompetent, or cannot be located by the securities commissioner after a reasonable search, the securities commissioner may by order summarily revoke the license on the grounds that the license has been abandoned.

**Source:** L. 90: Entire article R&RE, p. 728, § 1, effective July 1.

**11-51-412. Withdrawal.** (1) An application for a license may be withdrawn without prejudice by the applicant upon written notice to the securities commissioner before the license becomes effective unless a proceeding under section 11-51-410 to deny the license is pending.

(2) Withdrawal from licensing as a broker-dealer, investment adviser, sales representative, or investment adviser representative becomes effective thirty days after receipt by the

securities commissioner of an application to withdraw, or at such earlier time as the securities commissioner may allow, unless:

(a) A proceeding under section 11-51-410 against the licensed person is pending when the application is filed or is instituted within thirty days thereafter; or

(b) Additional information regarding the application is requested by the securities commissioner within thirty days after the application is filed.

(3) If a proceeding is pending or instituted under subsection (2) of this section, withdrawal becomes effective at the time and upon the conditions the securities commissioner by order determines. If additional information is requested, withdrawal is effective thirty days after the additional information is received by the securities commissioner. If no proceeding is pending or instituted under subsection (2) of this section and withdrawal becomes effective, the securities commissioner may institute a proceeding under section 11-51-410 within one year after withdrawal became effective and enter an order as of the last date on which licensing was effective.

(4) Unless another date is specified by the federal covered adviser, withdrawal of a notice filing by a federal covered adviser becomes effective upon receipt by the securities commissioner of notice from such adviser of the withdrawal.

## PART 5

### FRAUD AND OTHER PROHIBITED CONDUCT

**11-51-501. Fraud and other prohibited conduct.** (1) It is unlawful for any person, in connection with the offer, sale, or purchase of any security, directly or indirectly:

(a) To employ any device, scheme, or artifice to defraud;

(b) To make any untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading; or

(c) To engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.

(2) It is unlawful for a custodian of the funds or securities of a local government investment pool trust fund organized under the provisions of part 7 of article 75 of title 24, C.R.S., to effect any transaction to relinquish possession of, distribute, expend, or transfer any of the assets of the trust fund without the prior written authorization of the board, except for:

(a) The purchase or sale of authorized investments or the exchange of such assets for other assets of equal or greater value if such sale, purchase, or exchange is solely in the accounts of the trust fund;

(b) Distributions to participating local governments; or

(c) The payment of routine fees and expenses that have been authorized by the board of trustees in the annual budget of the trust fund.

(3) It is unlawful for any investment adviser of a local government investment pool trust fund organized under the provisions of part 7 of article 75 of title 24, C.R.S., to:

(a) Take custody or possession of the funds or securities of the trust fund;

(b) Act as a principal in any transaction in securities with the trust fund unless the express prior written authorization of the board of trustees is obtained with regard to each such transaction and unless the transaction is effected without mark-up and at the fair market price of the securities purchased or sold; or

(c) Deposit, convey, or maintain the funds or securities of the trust fund in any account that is in any other name than that of the trust fund.

(4) It is unlawful for any broker-dealer or financial institution acting in an advisory capacity to a local government investment pool trust fund organized under the provisions

of part 7 of article 75 of title 24, C.R.S., or any person employed by or directly associated with such broker-dealer or financial institution to:

(a) Act as a principal in any transaction in securities with the trust fund unless the express prior written authorization of the board of trustees is obtained with regard to each such transaction and unless the transaction is effected without mark-up and at the fair market price of the securities purchased or sold; or

(b) Deposit, convey, or maintain the funds or securities of the trust fund in any account that is in any other name than that of the trust fund.

(5) It is unlawful for any person who receives, directly or indirectly, any consideration from another person for advising the other person as to the value of securities or of any purchase or sale thereof, whether through the issuance of analyses or reports or otherwise to:

(a) Employ any device, scheme, or artifice to defraud any client or prospective client;

(b) Make an untrue statement of a material fact to any client or prospective client or to omit to state to any client or prospective client any material fact necessary to make the statements made, in light of the circumstances under which they are made, not misleading, in the disclosure statement delivered to any client or prospective client pursuant to section 11-51-409.5 or a similar document under the federal "Investment Advisers Act of 1940" or during the solicitation of any such client or otherwise in connection with providing investment advisory services; or

(c) Engage in any transaction, act, practice, or course of business that operates or would operate as a fraud or deceit upon any client or prospective client or that is fraudulent, deceptive, or manipulative.

(6) It is unlawful for an investment adviser or investment adviser representative acting as principal for such person's own account or on behalf of a third party to:

(a) Sell a security to a client without disclosing in writing pursuant to section 11-51-409.5 the capacity in which the investment adviser or investment adviser representative is acting before the completion of the transaction; or

(b) Fail to obtain the written consent of the client to such transaction after disclosure has been made and before completion of the transaction.

(7) Nothing in subsection (5) or (6) of this section shall relieve an investment adviser, federal covered adviser, or investment adviser representative of liability under any other subsection of this section.

**Annotator's note.** The following annotations include cases decided under former provisions similar to this section.

**This section appears to be the analogue of § 10(b) of the federal securities and exchange act.** Kerby v. Commodity Res. Inc., 395 F. Supp. 786 (D. Colo. 1975); Ohio v. Peterson, Lowry,

Rall, Barber & Ross, 472 F. Supp. 402 (D. Colo. 1979), aff'd, 651 F.2d 687 (10th Cir.), cert. denied, 454 U.S. 895, 102 S. Ct. 392, 70 L. Ed. 2d 209 (1981); People v. Riley, 708 P.2d 1359 (Colo. 1985); Western-Realco Ltd. v. Harrison, 791 P.2d 1139 (Colo. App. 1989); Rosenthal v. Dean Witter Reynolds, Inc., 883 P.2d 522 (Colo. App. 1994).

Federal authorities are highly persuasive when, as here, the Colorado Securities Act parallels federal enactments. Lowery v. Ford Hill Inv. Co., 192 Colo. 125, 556 P.2d 1201 (1976); Rosenthal v. Dean Witter Reynolds, Inc., 883 P.2d 522 (Colo. App. 1994).

**This section is identical to section 101 of the uniform securities act**, which act this state has adopted. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976); *Ohio v. Peterson, Lowry, Rall, Barber & Ross*, 472 F. Supp. 402 (D. Colo. 1979), *aff'd*, 651 F.2d 687 (10th Cir.), *cert. denied*, 454 U.S. 895, 102 S. Ct. 392, 70 L. Ed. 2d 209 (1981); *People v. Riley*, 708 P.2d 1359 (Colo. 1985).

**Subsection (1) is sufficiently explicit** in its terms to inform persons of ordinary intelligence of the conduct that is criminally proscribed and thus passes constitutional muster in the face of a void-for-vagueness challenge. *People v. Riley*, 708 P.2d 1359 (Colo. 1985).

**Section 11-51-301(1)(f) deals with matters not included within the ambit of this section**, and so there is no violation of equal protection in the differing sanctions imposed by the sections as the classification made by the legislature in enacting the sections is not arbitrary or unreasonable. *People v. Blair*, 195 Colo. 462, 579 P.2d 1133 (1978).

**Like proscriptions and no explicit private cause of action.** This section and § 10(b) of the federal securities and exchange act are alike in their proscriptions of fraudulent conduct and in the fact that neither statute explicitly creates a private cause of action. *Kerby v. Commodity Res. Inc.*, 395 F. Supp. 786 (D. Colo. 1975).

**There is no private right of action** under this section and § 11-51-125. *Philbosian v. First Fin. Sec. Corp.*, 550 F. Supp. 61 (D. Colo. 1982).

**Section 11-51-125 (2) provides for a private right of action** for violations of this section. *Noland v. Gurley*, 566 F. Supp. 210 (D. Colo. 1983).

**Jury may find that trust arrangements are "securities"**, and thus subject to sanction under this section. *People v. Blair*, 195 Colo. 462, 579 P.2d 1133 (1978).

**Nonmanagerial interest in partnership may be a security**; and, therefore, a person may be convicted of securities fraud for the sale thereof. *People v. Robb*, 215 P.3d 1253 (Colo. App. 2009).

**Court did not err in allowing jury to determine whether a joint operating agreement involved a security in a criminal securities fraud case.** There was sufficient evidence to support a determination that the form 610 agreement was an investment contract and, therefore, a security. *People v. Pahl*, 169 P.3d 169 (Colo. App. 2006).

**The required mental state for securities fraud is "willful"**. *People v. Hoover*, 165 P.3d 784 (Colo. App. 2006).

**Proof of knowledge that an investment is a security is not required to convict a defendant for "willful" securities fraud.** *People v. Rivera*, 56 P.3d 1155 (Colo. App. 2002); *People v.*

*Hoover*, 165 P.3d 784 (Colo. App. 2006); *People v. Destro*, 215 P.3d 1147 (Colo. App. 2008).

**Thus, jury instruction stating that the prosecution does not have to prove defendant was aware that he or she was dealing with a security is permissible.** *People v. Rivera*, 56 P.3d 1155 (Colo. App. 2002); *People v. Hoover*, 165 P.3d 784 (Colo. App. 2006); *People v. Destro*, 215 P.3d 1147 (Colo. App. 2008).

**A violation of subsection (1)(b) does not require scienter, that is, intent to defraud.** Proof of scienter is not required to support an administrative order proscribing violations of subsection (1)(b) where the commissioner issued only a cease and desist order under § 11-51-606 (1.5)(d)(IV) and did not seek damages, restitution, or disgorgement. Section 11-51-602 (2) contains a separate and additional requirement of proof of "scienter" if the commissioner also seeks damages, restitution, or disgorgement as part of the proceeding. *Black Diamond Fund, LLLP v. Joseph*, 211 P.3d 727 (Colo. App. 2009).

**Scienter is an element** of the crime of fraudulent practices in connection with the sale of securities. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**But instruction as to "specific intent" insufficient.** With regard to securities law violations, the use of the term "specific intent" in jury instructions confuses matters and adds little or nothing productive or illuminating and thus, instructions given under this section are to be phrased only in terms of "knowingly", "willfully", and "aware". *People v. Blair*, 195 Colo. 462, 579 P.2d 1133 (1978); *People v. Riley*, 708 P.2d 1359 (Colo. 1985).

**Instruction on the definition of materiality not error.** Appellate court rejected defendant's argument that the definition was incorrect because it was a civil, objective standard and was inconsistent with subsection (1)(b). The structure of the Colorado Securities Act demonstrates the general assembly's intent to define general provisions applicable to both criminal and civil violations. Definitions derived from civil law may be applied to criminal statutes. Thus the definitions in part 2 apply generally to all parts of the Colorado Securities Act, whether those parts are at issue in a civil or criminal case. *People v. Prendergast*, 87 P.3d 175 (Colo. App. 2003).

**Evidence in the record supports commissioner's determination that information not disclosed was material.** Nondisclosure of finder's license revocation and permanent injunction constituted an omission of a material fact necessary in order to make statements in private placement memorandum not misleading. The issue is not whether the finder could continue to act as a finder for respondents after finder's license was revoked but rather whether respondents should have disclosed that information,

when it became known to them, in order to make other information not misleading. *Black Diamond Fund, LLLP v. Joseph*, 211 P.3d 727 (Colo. App. 2009).

**No exception to disclosure requirements for publicly available information.** *Black Diamond Fund, LLLP v. Joseph*, 211 P.3d 727 (Colo. App. 2009).

**Because the effect of instructing the jury that good faith is not a defense to a securities fraud prosecution was to create a substantial risk that the jury would find the defendant guilty of violating this section** even if the defendant had acted in good faith, the instruction was thus irreconcilably at odds with the court's prior instruction on the culpability element of willfulness. *People v. Riley*, 708 P.2d 1359 (Colo. 1985); *Heller v. People*, 712 P.2d 1023 (Colo. 1986); *Thornton v. People*, 716 P.2d 1115 (Colo. 1986).

**Simple negligence alone cannot be the basis of liability** under a charge of fraudulent practices in connection with the sale of securities. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**Submission of jury instruction was error.** Submission of a jury instruction that made misrepresentation in connection with the sale of a security a strict liability offense was error. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**Advice of counsel is relevant** to a charge of fraudulent practices in connection with a sale of securities, and a defendant should be entitled to show, if he can, that he sold the securities based upon his good faith reliance on such advice that he could do so legally. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**But is not absolute defense.** Reliance on advice of counsel is not an absolute defense to the charge of fraudulent practices in connection with the sale of securities but rather merely a factor for the jury to consider. *People v. Terranova*, 38 Colo. App. 476, 563 P.2d 363 (1976).

**A claim for misrepresentation under the Colorado Securities Act** does not depend upon the exempt or nonexempt status of the security. The misrepresentation may occur in the context of the registration statement for a nonexempt security or in the promotion or negotiations for sale of an exempt or nonexempt security. *West-*

*ern-Realco Ltd. v. Harrison*, 791 P.2d 1139 (Colo. App. 1989).

**The plain language of this section makes no distinction between an untrue statement of a material fact and a failure to state a material fact.** Thus the supreme court will not create such a dichotomy and disapproves any reading of the Securities Act of 1981 that results in such a practice. *Rosenthal v. Dean Witter Reynolds, Inc.*, 908 P.2d 1095 (Colo. 1995).

**Similar transaction evidence of whether the defendants engaged in a pattern or practice and a plan, scheme, or design** in regard to the alleged fraud and violation of the Colorado Securities Act related to a material fact and the trial court erred in not allowing the plaintiffs to present such evidence where the probative value thereof was not substantially outweighed by the danger of unfair prejudice. *Munson v. Boettcher & Co., Inc.*, 832 P.2d 967 (Colo. App. 1991).

**Arbitration of claims under this section was final such that plaintiff was collaterally estopped from reasserting same claims under federal securities laws.** The court found the Colorado and federal securities statutes to be "quite parallel". *Coffey v. Dean Witter Reynolds Inc.*, 961 F.2d 922 (10th Cir. 1992).

**A financial consulting agreement in which one party is retained to assist the other party in the identification of a suitable publicly held company with which that party could effect a reverse acquisition is not a security for purposes of this section.** *Broadview Fin., Inc. v. Entech Mgmt. Servs. Corp.*, 859 F. Supp. 444 (D. Colo. 1994).

**There is no specific limitations period** attached to this section. *Ohio v. Peterson, Lowry, Rall, Barber & Ross*, 472 F. Supp. 402 (D. Colo. 1979), *aff'd*, 651 F.2d 687 (10th Cir.), *cert. denied*, 454 U.S. 895, 102 S. Ct. 392, 70 L. Ed. 2d 209 (1981).

**Three-year statute of limitations applicable.** It is apparent that, under one or another of three statutes (former § 13-80-108(1)(a), § 13-80-108(1)(b), or § 13-80-109) a three-year statute of limitations is provided by Colorado law for civil actions arising out of this section. *Ohio v. Peterson, Lowry, Rall, Barber & Ross*, 472 F. Supp. 402 (D. Colo. 1979), *aff'd*, 651 F.2d 687 (10th Cir.), *cert. denied*, 454 U.S. 895, 102 S. Ct. 392, 70 L. Ed. 2d 209 (1981) (decided prior to 1986 enactment of three-year statute of limitations in § 13-80-101).

**11-51-502. Misleading filings.** It is unlawful for any person to make or cause to be made, in any document filed with the securities commissioner or in any proceeding under this article, any statement which the person knows or has reasonable grounds to know is, at the time and in the light of the circumstances under which it is made, false or misleading in any material respect.

**11-51-503. Unlawful representation concerning a license, registration, or exemption.** (1) Neither the fact that an application for a license or a registration statement has been filed nor the fact that a person is licensed or a security is registered constitutes a finding by the securities commissioner that any document filed under this article is true, complete, and not misleading. No such fact, nor the fact that an exemption or exception is available for a person, security, or transaction, means that the securities commissioner has passed in any way upon the merits or qualifications of, or has recommended or given approval to, any person, security, or transaction.

(2) It is unlawful to make, or cause to be made, to any prospective purchaser or to any existing or prospective customer or client any representation inconsistent with subsection (1) of this section.

## PART 6

## ENFORCEMENT AND CIVIL LIABILITY

**11-51-601. Investigations - subpoenas.** (1) The securities commissioner may make such public or private investigations within or outside of this state as the securities commissioner deems necessary to determine whether any person has violated or is about to violate any provision of this article or any rule or order under this article or to aid in the enforcement of this article or in the prescribing of rules and forms under this article, may require or permit any person to file a statement as to all the facts and circumstances concerning the matter to be investigated, and may publish information concerning any violation of this article or any rule or order under this article.

(2) For the purpose of any investigation or proceeding under this article, the securities commissioner or any officer designated by the securities commissioner may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the securities commissioner deems relevant or material to the inquiry.

(3) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the district court of the city and county of Denver, upon application by the securities commissioner, may issue to the person an order requiring that person to appear before the securities commissioner, or the officer designated by the securities commissioner, to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(4) No person is excused from attending and testifying or from producing any document or record before the securities commissioner, or in obedience to the subpoena of the

securities commissioner or any officer designated by the securities commissioner, or in any proceeding instituted by the securities commissioner on the ground that the testimony or evidence, documentary or otherwise, required of that person may tend to incriminate that person or subject that person to a penalty or forfeiture; but no document, evidence, or other information compelled under order of the district court of the city and county of Denver, or any information directly or indirectly derived from such document, evidence, or other information, may be used against an individual so compelled in any criminal case; except that the individual testifying is not exempt from prosecution and punishment for perjury in the first or second degree or contempt committed in testifying.

(5) (a) Information in the possession of, filed with, or obtained by the securities commissioner in connection with a private investigation under this section shall be confidential. No such information may be disclosed by the securities commissioner or any of the officers or employees of the division of securities unless necessary or appropriate in connection with a particular investigation or proceeding under this article or for any law enforcement purpose.

(b) As it relates solely to the preservation of the confidentiality of documents and other information obtained by the securities commissioner or any officer or employee of the division of securities pursuant to this section, the division of securities shall be construed as a criminal justice agency as defined in section 24-72-302 (3), C.R.S., and such documents and other information shall be treated as criminal justice records as defined in section 24-72-302 (4), C.R.S.

(c) Except as set forth in this subsection (5), no provision of this article either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the securities commissioner or any of the officers or employees of the division of securities.

**Editor's note:** This section is similar to former § 11-51-119 as it existed prior to 1990.

## ANNOTATION

**Annotator's note.** The following annotations include cases decided under former provisions similar to this section.

**Proceedings may be instituted by order.** Proceedings need not be commenced by a complaint, but may be instituted by the issuance of an order setting forth the facts and conduct warranting a "show cause" order. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**As to the extent of the order for production of documents** which requested information from appellant regarding activities, contracts, and clients, whether occurring within or outside the state, such order was admittedly broad, but the commission's power to enforce the securities act is equally broad. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**Information on out-of-state activities allowed.** When only at the investigatory stage did the commission seek information about the out-of-state activities of appellant over which it could not regulate, such an investigative proce-

dures is permitted. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**Individual defendant has standing to challenge failure** of the commissioner of securities to give defendant notice of the issuance of administrative subpoenas for corporate bank account records during investigation into securities law violations which was directed at both the defendant and the corporation. *People v. Lamb*, 732 P.2d 1216 (Colo. 1987).

**Failure to provide individual defendant with notice** prior to execution of administrative subpoenas for production of corporate bank records during investigation into securities law violations did not require suppression of such bank records because the defendant was not prejudiced as the subpoenas were issued in full compliance with statutory and constitutional requirements except for notice. *People v. Lamb*, 732 P.2d 1216 (Colo. 1987).

**Transactional immunity provided in this section is not self-executing upon notification to the commissioner that a witness intends to claim a privilege against self-incrimination,** but instead requires both a determination of the

likelihood of self-incrimination and a court order compelling the revelation of the subpoenaed evidence. Feigin v. Zinn, 789 P.2d 478 (Colo. App. 1990).

**To receive immunity from criminal prosecution as set forth in subsection (4), an individual subpoenaed to testify or to produce documents before the securities commissioner must first invoke the protections of the fifth amendment.** Then the securities commissioner must apply to the district court for an order compelling evidence or other information pursuant to subsections (3) and (4). Only after such an order has been issued does the immunity provided in subsection (4) apply to the testimony so compelled. People v. District Court of Arapahoe County, 894 P.2d 739 (Colo. 1995).

**Trial court's order granting commissioner's motion for leave to take expedited discovery did not compel witness to testify at his deposition.** The order entered was simply a general order regarding the time at which civil discovery could be commenced; the trial court did not direct the witness to answer particular questions, nor was it requested to do so. People v. District Court of Arapahoe County, 894 P.2d 739 (Colo. 1995).

**Colorado rules of civil procedure are not directly applicable to enforcement proceedings under the Securities Act.** However, a court may consider the policies underlying C.R.C.P. 45(b) in ruling on a motion for the advancement of costs incurred in complying with an administrative subpoena. Feigin v. Colo. Nat'l Bank, 897 P.2d 814 (Colo. 1995).

In the exercise of their equitable authority, district courts may quash an administrative subpoena found to be unreasonable or oppressive. Feigin v. Colo. Nat'l Bank, 897 P.2d 814 (Colo. 1995).

**As a general rule, recipients of subpoenas in criminal proceedings must assume the cost of compliance as a matter of civic responsibility.** However, an individualized determination is called for when it is claimed that the cost of compliance with a subpoena renders the subpoena itself unreasonable and oppressive. The person seeking to quash an administrative subpoena on such grounds has the burden of establishing the precise amount of the cost and that such amount exceeds the amount the recipient would reasonably be expected to incur as a civic responsibility. Feigin v. Colo. Nat'l Bank, 897 P.2d 814 (Colo. 1995).

**11-51-602. Enforcement by injunction.** (1) Whenever it appears to the securities commissioner upon sufficient evidence satisfactory to the securities commissioner that any person has engaged in or is about to engage in any act or practice constituting a violation of any provision of this article or of any rule or order under this article, the securities commissioner may apply to the district court of the city and county of Denver to temporarily restrain or preliminarily or permanently enjoin the act or practice in question and to enforce compliance with this article or any rule or order under this article. If the action is against a broker-dealer, investment adviser, federal covered adviser, sales representative, or investment adviser representative and the court finds that such person has committed a violation of section 11-51-501, in addition to any other relief, the court may enter an order imposing such conditions on such person as the court deems appropriate. In any such action, the securities commissioner shall not be required to plead or prove irreparable injury or the inadequacy of the remedy at law. Under no circumstances shall the court require the securities commissioner to post a bond.

(2) The securities commissioner may include in any action authorized by subsection (1) of this section, relating to any violation of section 11-51-301, 11-51-401, or 11-51-501, a claim for damages under section 11-51-604 or restitution, disgorgement, or other equitable relief on behalf of some or all of the persons injured by the act or practice constituting the subject matter of the action, if the applicable scienter standard of section 11-51-604 is met. No person shall be liable for damages or for restitution, disgorgement, or other equitable relief in any action authorized by subsection (1) of this section for a violation of section 11-51-301 due solely to a failure to file the prescribed notification of exemption or to pay the required exemption fee for an exemption under section 11-51-308 (1) (p).

## ANNOTATION

**Law reviews.** For article, “The Distinction Between a Financial Planner, Investment Advisor and Broker/Dealer”, see 15 Colo. Law. 211 (1986).

**This section does not create a fiduciary relationship between the commissioner and defrauded investors.** Feigin v. Alexa Group, Ltd., 19 P.3d 23 (Colo. 2001).

**Defrauded investors are not entitled to intervention as a matter of right in an action**

**under this section.** Where investors possessed a private right of action under § 11-51-604 that was not affected by res judicata, collateral estoppel, or stare decisis, their interests would be neither impaired nor impeded for purposes of C.R.C.P. 24(a)(2). Feigin v. Alexa Group, Ltd., 19 P.3d 23 (Colo. 2001).

**11-51-603. Criminal penalties.** (1) Any person who willfully violates the provisions of section 11-51-501 commits a class 3 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) Any person who willfully violates any of the provisions of this article, except section 11-51-501, commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(3) The securities commissioner may refer such evidence as is available to the securities commissioner under authority of this article concerning any violation which constitutes the commission of any felony or misdemeanor, including any violation of subsection (1) or (2) of this section, to the attorney general or the proper district attorney, who may, with or without such a reference, prosecute the appropriate criminal proceedings under this article or otherwise as authorized by law, or the securities commissioner may refer such evidence to the proper United States attorney.

(4) Nothing in this article limits the power of the state to punish any person for any conduct which constitutes a crime by statute.

(5) No person shall be prosecuted, tried, or punished for any criminal violation of this article unless the indictment, information, complaint, or action for the same is found or instituted within five years after the commission of the offense.

## ANNOTATION

**Law reviews.** For article, “Criminal Prosecutions under the Colorado Securities Act”, see 47 U. Colo. L. Rev. 233 (1976).

**Annotator’s note.** The following annotations include cases decided under former provisions similar to this section.

**The general assembly did not intend to apply the culpable mental state of willfulness to the security element of § 11-51-501.** People v. Rivera, 56 P.3d 1155 (Colo. App. 2002); People v. Hoover, 165 P.3d 784 (Colo. App. 2006); People v. Destro, 215 P.3d 1147 (Colo. App. 2008).

**Instruction as to “specific intent” insufficient.** With regard to securities law violations, the use of the term “specific intent” in jury instructions confuses matters and adds little or

nothing productive or illuminating and thus, instructions given under this section are to be phrased only in terms of “knowingly”, “willfully”, and “aware”. People v. Blair, 195 Colo. 462, 579 P.2d 1133 (1978); People v. Riley, 708 P.2d 1359 (Colo. 1985).

**Because the effect of instructing the jury that good faith is not a defense to a securities fraud prosecution was to create a substantial risk that the jury would find the defendant guilty of violating § 11-51-123 (1)(b) and (1)(c), even if the defendant had acted in good faith, the instruction was thus irreconcilably at odds with the court’s prior instruction on the culpability element of willfulness.** People v. Riley, 708 P.2d 1359 (Colo. 1985); Thornton v. People, 716 P.2d 1115 (Colo. 1986).

**11-51-603.5. Concurrent enforcement by attorney general - legislative declaration.**

(1) To facilitate the attorney general's enforcement of criminal violations under this article as contemplated by section 11-51-603 (3), the general assembly finds that the investigation of criminal violations under this article is the primary responsibility of the attorney general, concurrently with the district attorneys of this state.

(2) For the purpose of providing adequate funding to the department of law for the investigation and prosecution of allegations of securities fraud, a portion of the fees collected under this article shall be allocated to the department of law for the investigation and prosecution of criminal violations under this article.

**Source: L. 2005:** Entire section added, p. 802, § 1, effective June 1.

**11-51-604. Civil liabilities.** (1) Any person who sells a security in violation of section 11-51-301 is liable to the person buying the security from such seller for the consideration paid for the security, together with interest at the statutory rate from the date of payment, costs, and reasonable attorney fees, less the amount of any income received on the security, upon the tender of the security, or is liable for damages if the buyer no longer owns the security. Damages are deemed to be the amount that would be recoverable upon a tender, less the value of the security when the buyer disposed of it, and interest at the statutory rate from the date of disposition. No person is liable under this subsection (1) for a violation of section 11-51-301 due solely to a failure to file the prescribed notification of exemption or to pay the required exemption fee for an exemption under section 11-51-308 (1) (p).

(2) (a) Except as provided in paragraph (b) of this subsection (2), any broker-dealer or sales representative who sells a security in violation of section 11-51-401 is liable to the person buying the security from such seller for the consideration paid for the security, together with interest at the statutory rate from the date of payment, costs, and reasonable attorney fees, less the amount of any income received on the security, upon the tender of the security, or is liable for damages if the buyer no longer owns the security. Damages are deemed to be the amount that would be recoverable upon a tender, less the value of the security when the buyer disposed of it, and interest at the statutory rate from the date of disposition.

(b) No broker-dealer or sales representative is liable under this subsection (2) for a sale of a security exempt from registration under section 11-51-307 (1) (g) to (1) (j) or for a sale of a security in a transaction exempt from registration under section 11-51-308 (1) (a), (1) (e) to (1) (l), (1) (o), or (1) (p); but this paragraph (b) does not apply if at the time of such sale:

(I) In the case of a violation of section 11-51-401 arising from the failure of a broker-dealer to be licensed under this article, such broker-dealer was registered as a broker-dealer under the federal "Securities Exchange Act of 1934", licensed as a broker-dealer or its equivalent under the laws of another state, or held a limited license under this article; or

(II) In the case of a violation of section 11-51-401 arising from the failure of a sales representative to be licensed under this article, such sales representative was licensed as a sales representative or its equivalent under the laws of another state, held a limited license under this article, or in connection with such sale was acting for a broker-dealer which was registered as a broker-dealer under the federal "Securities Exchange Act of 1934", licensed as a broker-dealer or its equivalent under the laws of another state, or licensed under this article.

(2.5) An investment adviser or investment adviser representative who violates section 11-51-401 is liable to each person to whom investment advisory services are provided in violation of such section in an amount equal to the greater of one thousand dollars or the value of all the benefits derived directly or indirectly from the relationship or dealings with such person prior to such time as the violation may be cured, together with interest at the statutory rate from the date of receipt of such benefits, costs, and reasonable attorney fees.

(2.6) An investment adviser or investment adviser representative who provides investment advisory services to another person but who recklessly, knowingly, or with an intent

to defraud fails to furnish to that person a written disclosure statement as required by section 11-51-409.5 is liable to such other person in an amount equal to one thousand dollars, the value of all benefits derived directly or indirectly from the relationship or dealings with such person, or for actual damages suffered by such other person, whichever is greatest, plus interest at the statutory rate, costs, reasonable attorney fees, or such other legal or equitable relief as the court may deem appropriate.

(3) Any person who recklessly, knowingly, or with an intent to defraud sells or buys a security in violation of section 11-51-501 (1) or provides investment advisory services to another person in violation of section 11-51-501 (5) or (6) is liable to the person buying or selling such security or receiving such services in connection with the violation for such legal or equitable relief that the court deems appropriate, including rescission, actual damages, interest at the statutory rate, costs, and reasonable attorney fees.

(4) Any person who sells a security in violation of section 11-51-501 (1) (b) (the buyer not knowing of the untruth or omission) and who does not sustain the burden of proof that such person did not know, and in the exercise of reasonable care could not have known, of the untruth or omission is liable to the person buying the security from such person, who may sue to recover the consideration paid for the security, together with interest at the statutory rate from the date of payment, costs, and reasonable attorney fees, less the amount of any income received on the security, upon the tender of the security, or is liable for damages if the buyer no longer owns the security. Damages are deemed to be the amount that would be recoverable upon a tender, less the value of the security when the buyer disposed of it, and interest at the statutory rate from the date of disposition.

(5) (a) Every person who, directly or indirectly, controls a person liable under subsection (1), (2), (2.5), (2.6), or (3) of this section is liable jointly and severally with and to the same extent as such controlled person, unless the controlling person sustains the burden of proof that such person did not know, and in the exercise of reasonable care could not have known, of the existence of the facts by reason of which the liability is alleged to exist.

(b) Every person who, directly or indirectly, controls a person liable under subsection (3) or (4) of this section is liable jointly and severally with and to the same extent as such controlled person, unless such controlling person sustains the burden of proof that such person acted in good faith and did not, directly or indirectly, induce the act or acts constituting the violation or cause of action.

(c) Any person who knows that another person liable under subsection (3) or (4) of this section is engaged in conduct which constitutes a violation of section 11-51-501 and who gives substantial assistance to such conduct is jointly and severally liable to the same extent as such other person.

(6) Any tender specified in this section may be made at any time before entry of judgment.

(7) Every cause of action under this article survives the death of any individual who might have been a plaintiff or defendant.

(8) No person may sue under subsection (1), (2), (2.5), or (2.6) or paragraph (a) of subsection (5) of this section more than two years after the contract of sale, or, as those provisions pertain to investment advisers, federal covered advisers, investment adviser representatives, and persons who provide investment advisory services, more than two years after the date of the violation. No person may sue under subsection (3) or (4) or paragraph (b) or (c) of subsection (5) of this section more than three years after the discovery of the facts giving rise to a cause of action under subsection (3) or (4) of this section or after such discovery should have been made by the exercise of reasonable diligence and in no event more than five years after the purchase or sale, or, as those provisions pertain to investment advisers, federal covered advisers, investment adviser representatives, and persons who provide investment advisory services, more than five years after the date of the violation.

(9) No buyer or seller of securities or recipient of investment advice may sue under this section if:

(a) The buyer or seller of securities or recipient of investment advice receives, before the action is commenced, documentation of:

(I) An offer stating how liability under this section may arise and fairly advising the buyer or seller of securities or recipient of investment advice of that person's rights in connection with the offer and any information necessary, including financial, to correct any material misrepresentation or omission in the information that was required by this article to be furnished to the person at the time of the purchase, sale, or rendering of investment advice;

(II) If the basis for relief under this subsection (9) is for a violation of subsection (1), (3), or (4) of this section and the person seeking rescission is a buyer of securities:

(A) An offer to repurchase the security for cash, payable on delivery of the security, in an amount equal to the consideration paid plus interest at the statutory rate from the date of the purchase less the amount of any income received on the security; or

(B) If the buyer no longer owns the security, an offer to pay the purchaser, upon acceptance of the offer, damages in the amount that would be recoverable upon tender of the security less the value of the security when the buyer disposed of the security plus interest at the statutory rate from the date of the purchase, in cash, equal to the damages computed in the manner provided in this subparagraph (II);

(III) If the basis for relief under this subsection (9) is for a violation of subsection (1), (3), or (4) of this section and the person seeking rescission is a seller of securities:

(A) An offer to tender the security, on payment by the seller of an amount equal to the purchase price paid, less income received on the security by the buyer, and interest at the statutory rate after the date of sale of the security to the buyer; or

(B) If the buyer no longer owns the security, an offer to pay the seller of the security upon acceptance of the offer, in cash, damages in the amount of the difference between the price at which the security was purchased and the value the security would have had at the time of the purchase in the absence of the buyer's conduct that may have caused liability and interest at the statutory rate after the date of sale of the security by the seller to the buyer;

(IV) If the basis for relief under this subsection (9) is a violation of subsection (2) of this section:

(A) If the person is a buyer, an offer to pay pursuant to subparagraph (II) of this paragraph (a); or

(B) If the person is a seller of securities, an offer to tender or to pay as specified in subparagraph (III) of this paragraph (a);

(V) If the basis for relief under this subsection (9) is a violation of subsection (2.5) of this section, an offer to reimburse, in cash, the consideration paid for the advice and interest at the statutory rate from the date of the payment;

(VI) If the basis for relief under this subsection (9) is a violation of subsection (2.6) of this section, an offer to reimburse, in cash, the consideration paid for the advice, the amount of any actual damages that may have been caused by the conduct, and interest at the statutory rate from the date of the violation causing the loss;

(b) The offer pursuant to paragraph (a) of this subsection (9) states that the offer must be accepted by the buyer or seller of securities or recipient of investment advice within thirty days after the offer is mailed by the buyer or seller of securities or recipient of investment advice. The party seeking rescission may request that the securities commissioner authorize a time period for acceptance that is less than thirty days but not less than three days. The securities commissioner shall have the authority to grant such change in the acceptance period.

(c) The offeror has the ability to pay the amount offered or to tender the security under paragraph (a) of this subsection (9) at the time the offer is made;

(d) The offer pursuant to paragraph (a) of this subsection (9) is delivered to the buyer or seller of securities or recipient of investment advice, or sent in a manner that ensures receipt by the buyer or seller of securities or recipient of investment advice; or

(e) The buyer or seller of securities or recipient of investment advice who accepts the offer made pursuant to paragraph (a) of this subsection (9) is paid in accordance with the terms of the offer.

(10) No person who has made or engaged in the performance of any contract in violation of any provision of this article or any rule or order under this article or who has

acquired any purported right under any such contract with knowledge of the facts by reason of which the making or performance of any such contract was in violation may base any suit on the contract.

(11) Any condition, stipulation, or provision binding any person acquiring or disposing of any security to waive compliance with any provision of this article or any rule or order under this article is void.

(12) The rights and remedies provided by this article may be pleaded and proved in the alternative and are in addition to any other rights or remedies that may exist at law or in equity, but this article does not create any cause of action not specified in this section or section 11-51-602.

(13) Any person liable under this section may seek and obtain contribution from other persons liable under this section, directly or indirectly, for the same violation. Contribution shall be awarded by the court in accordance with the actual relative culpabilities of the various persons so liable.

(14) In the case of a willful violation of or a willful refusal to comply with or obey an order issued by the securities commissioner to any person pursuant to section 11-51-410 or 11-51-606, the district court of the city and county of Denver, upon application by the securities commissioner, may issue to the person an order requiring that person to appear before the court regarding such violation or refusal. If the securities commissioner establishes by a preponderance of the evidence that the person willfully violated or willfully refused to comply with or obey the order, the court may impose legal and equitable sanctions as are available to the court in the case of contempt of court and as the court deems appropriate upon such person.

**Annotator's note.** The following annotations include cases decided under former provisions similar to this section.

**This section appears to be the analogue of § 12 of the federal securities act of 1933.** Kerby v. Commodity Res. Inc., 395 F. Supp. 786 (D. Colo. 1975).

**Section 11-51-125 (2) provides for a private right of action** for violations of this section. Noland v. Gurley, 566 F. Supp. 210 (D. Colo. 1983).

**The provisions of this section were adopted intact from the text of the uniform securities act** and are almost identical to 15 U.S.C. § 77 (2). Lowery v. Ford Hill Inv. Co., 192 Colo. 125, 556 P.2d 1201 (1976); Ohio v. Peterson, Lowry, Rall, Barber & Ross, 472 F. Supp. 402 (D. Colo. 1979), aff'd, 651 F.2d 687 (10th Cir.), cert. denied, 454 U.S. 895, 102 S. Ct. 392, 70 L. Ed. 2d 209 (1981).

**This section permits rescission.** Andrews v. Blue, 489 F.2d 367 (10th Cir. 1973).

**Provisions of subsection (1) concerning the allowance of attorney fees are permissive and not mandatory.** Andrews v. Blue, 489 F.2d 367 (10th Cir. 1973).

**Persons are not allowed to violate the securities acts under the guise of the contractual provisions.** A contract cannot be used as a shield for wrongdoing amounting to statutory

fraud. *Andrews v. Blue*, 489 F.2d 367 (10th Cir. 1973).

**No liability where offerees had equal access to information.** Transactions by which defendant shareholder was issued all authorized common stock of corporate defendant and subsequently without filing registration statement caused corporate defendant to offer some of that stock to several different persons who were personal friends, acquaintances, or business associates of defendant, or president of corporate defendant, under restriction of first refusal agreement in favor of defendant where each of the offerees by virtue of their relationship had access to any information which would have been revealed by a registration statement, did not give rise to liability under statutes providing for registration of securities. *Lively v. Hirschfeld*, 308 F. Supp. 612 (D. Colo. 1970).

**When plaintiff is entitled to relief as to misrepresentation.** Whenever the elements of misrepresentation under the statute are proven, and the defendant fails to establish the affirmative defense of lack of knowledge, the plaintiff is entitled to relief. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**Such claim is not dependent on exemption status of security.** The claim of misrepresentation under the Colorado securities act does not depend upon the exempt or nonexempt status of the security. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**This section does not require intentional deception for plaintiff to prevail.** *Pottern v. Bache Halsey Stuart, Inc.*, 41 Colo. App. 451, 589 P.2d 1378 (1978).

**Where misrepresentation may occur.** Misrepresentation may occur in the context of the registration statement for a nonexempt security or in the promotion or negotiations for sale of an exempt or nonexempt security. *Lowery v. Ford Hill Inv. Co.*, 192 Colo. 125, 556 P.2d 1201 (1976).

**A misrepresented or omitted fact is considered material** under subsection (1) (now subsection (3)) if there is a substantial likelihood that a reasonable investor would consider the matter important in making an investment decision. Whether or not the misrepresentation or omitted fact is important turns on whether a reasonable investor would regard it as significantly altering the "total mix" of information made available. *Goss v. Clutch Exch., Inc.*, 701 P.2d 33 (Colo. 1985).

Failure to disclose deduction amounting to one-third of ostensible profit constitutes failure to disclose a material fact. *Jenkins v. Jacobs*, 748 P.2d 1318 (Colo. App. 1987).

**This section does not require a plaintiff to plead reliance on an untrue statement or omission of material fact.** So long as plaintiff sufficiently pleads causation, plaintiff need not allege direct reliance. *Rosenthal v. Dean Witter*

*Reynolds, Inc.*, 908 P.2d 1095 (Colo. 1995) (decided under former § 11-51-125).

**At trial, when required to prove reliance or causation,** plaintiff must show that defendant's omission or misstatement was a substantial factor in plaintiff's decision to take the course of action that led to plaintiff's loss. *Rosenthal v. Dean Witter Reynolds, Inc.*, 908 P.2d 1095 (Colo. 1995) (decided under former § 11-51-125).

**A corporation that issues its own stock in reliance on another's deception or manipulative practice may be deemed a "seller" with standing to sue under subsection (5)(c).** In re Stat-Tech Sec. Litig., 905 F. Supp. 1416 (D. Colo. 1995).

**A corporation that is defrauded into issuing its own stock may sue under subsection (5)(c).** In re Stat-Tech Sec. Litig., 905 F. Supp. 1416 (D. Colo. 1995).

**While the facts alleged to support a nexus between the alleged fraud and outside director's state of mind are sparse, they are sufficient to state claims under this section.** They permit an inference that the director knew corporation's financial condition and stock value were inflated, and that he used that knowledge for his own gain. In re Stat-Tech Sec. Litig., 905 F. Supp. 1416 (D. Colo. 1995).

**Plaintiffs failed to plead a claim against securities dealer for primary liability under this section where plaintiffs' only attempt to connect dealer to the alleged misrepresentations was through its employment of broker.** In re Stat-Tech Sec. Litig., 905 F. Supp. 1416 (D. Colo. 1995).

**"Control" pursuant to subsection (5) may be established by showing defendant had some indirect means of discipline or influence over the primary violator.** A showing of "actual" or "culpable" participation is not required. *First Interstate Bank of Denver, N.A. v. Pring*, 969 F.2d 891 (10th Cir. 1992), rev'd on other grounds sub nom. *Central Bank of Denver, N.A. v. First Interstate Bank of Denver, N.A.*, 511 U.S. 164, 114 S. Ct. 1439, 128 L. Ed. 2d 119 (1994); In re Stat-Tech Sec. Litig., 905 F. Supp. 1416 (D. Colo. 1995).

**Reckless or negligent conduct does not provide a legal basis for a claim of aiding and abetting under subsection (5)(c).** *Stat-Tech Liquidating Trust v. Fenster*, 981 F. Supp. 1325 (D. Colo. 1997).

**The 1990 reenactment of the aiding and abetting provision is intended to limit aiding and abetting claims to those instances where the plaintiff can demonstrate that the defendant had knowledge of the primary violation.** Recklessness is no longer a sufficient basis for imposing liability. *Stat-Tech Liquidating Trust v. Fenster*, 981 F. Supp. 1325 (D. Colo. 1997).

**Subsection (5) (now (8)) of this section applies a statute of limitations for actions arising**

**ing under this section.** *Trussell v. United States Underwriters, Ltd.*, 228 F. Supp. 757 (D. Colo. 1964); *Ohio v. Peterson, Lowry, Rall, Barber & Ross*, 472 F. Supp. 402 (D. Colo. 1979), *aff'd*, 651 F.2d 687 (10th Cir.), *cert. denied*, 454 U.S. 895, 102 S. Ct. 392, 70 L. Ed. 2d 209 (1981).

**Subsection (8) is a substantive element of a securities claim that does not restrict the court's jurisdiction and may be waived by the parties.** The lack of specificity in the statute makes it comparable to other statutes that are also not jurisdictional. *Home Health Care Prof. v. Colo. Dept. of Labor*, 937 P.2d 851 (Colo. App. 1996).

**Waiving the statute of repose is not contrary to public policy when there is no contention that the agreement prompted plaintiff to delay investigation or wait for more favorable securities prices to bring suit, or that additional problems of proof developed.** The agreement was for the benefit of both parties to preclude unnecessary litigation while federal issues were on appeal. *Home Health Care Prof. v. Colo. Dept. of Labor*, 937 P.2d 851 (Colo. App. 1996).

**Summary judgment was appropriate for claim filed more than two years after stock purchase.** Where all of the plaintiffs' stock was purchased prior to 1975 and the plaintiffs' amended complaint asserting a claim under this section was not filed until 1978, more than two years later, summary judgment for defendant on plaintiffs' claim under this section was appropriate. *Norton v. Leadville Corp.*, 43 Colo. App. 527, 610 P.2d 1348 (1979).

**Subsection (7) (now subsection (10)) is virtually identical to 15 U.S.C. § 77n.** *Sandefur v. Reynolds Sec., Inc.*, 44 Colo. App. 343, 618 P.2d

690 (1980); *Sandefur v. District Court*, 635 P.2d 547 (Colo. 1981), *overruled on other grounds in Sager v. District Court*, 698 P.2d 250 (Colo. 1985).

**Subsection (7) (now subsection (10)) applies to waiver of judicial trial and review.** *Sandefur v. Reynolds Sec., Inc.*, 44 Colo. App. 343, 618 P.2d 690 (1980), *overruled on other grounds in Sager v. District Court*, 698 P.2d 250 (Colo. 1985).

**The nonwaiver provision of subsection (10) is void under the supremacy clause** because it conflicts with the federal Arbitration Act. *Sager v. District Court*, 698 P.2d 250 (Colo. 1985).

**Anti-waiver clause renders forum selection clauses in securities purchase agreement void.** *Mathers Family Trust v. Cagle*, \_\_\_ P.3d \_\_\_ (Colo. App. 2011).

**Plaintiffs are precluded from bringing an action under this section** because they received and accepted a promissory note as a refund of the consideration. *Tynan Volkswagen v. N. Donald and Co., Inc.*, 757 P.2d 153 (Colo. App. 1988).

**Applicability of time limits to class actions.** As long as the party seeking to act as a class representative does not commence a new, separate suit as class representative, but merely seeks to maintain the currently pending and timely filed action as a class action and act as class representative, the statute of repose does not apply. *Rosenthal v. Dean Witter Reynolds, Inc.*, 883 P.2d 522 (Colo. App. 1994).

**The language of this provision does not limit its applicability to initial offerings rather than the sale of U.S. treasury notes in the secondary market.** *F.D.I.C. v. First Interstate Bank of Denver, N.A.*, 937 F. Supp. 1461 (D. Colo. 1996).

**11-51-605. Burden of proof.** In any proceeding under this article, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

**Editor's note:** This section is similar to former § 11-51-113 (5) as it existed prior to 1990.

**11-51-606. Conduct of proceedings - cease-and-desist orders - consent orders - summary orders - issued by securities commissioner - rules.** (1) Any administrative proceeding under this article shall be conducted pursuant to the provisions of sections 24-4-104 and 24-4-105, C.R.S.; except that section 24-4-104 (3), C.R.S., shall not apply to any proceeding conducted pursuant to this article. Except as specified in paragraph (d) of subsection (1.5) or paragraph (e) of subsection (3) of this section, the securities commissioner shall refer the conduct of all hearings to an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S., or a panel of the securities board in the discretion of the securities commissioner, based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter. Every hearing in an administrative proceeding shall be public unless the securities commissioner, in the securities commissioner's discretion, grants a request joined in by all the respondents that the hearing be conducted privately.

(1.5) (a) Whenever it appears to the securities commissioner, based upon sufficient

evidence as presented in a petition by an officer or employee of the division of securities, that a person has committed or may commit any of the acts or practices listed in paragraph (b) of this subsection (1.5), then, in addition to any specific powers granted under this article, the securities commissioner, in his or her discretion, may issue to such person an order to show cause why the securities commissioner should not enter a final order directing such person to cease and desist from the unlawful act or practice, or impose such other sanctions as provided in subparagraph (IV) of paragraph (d) of this subsection (1.5). The securities commissioner shall, within two calendar days, notify the chairperson of the securities board or an administrative law judge that an order to show cause has been issued, and the chairperson or administrative law judge shall set a date for hearing on such order before the securities board or administrative law judge as provided in paragraph (d) of this subsection (1.5).

(b) The securities commissioner may take action pursuant to paragraph (a) of this subsection (1.5) with regard to any of the following acts or practices:

(I) The sale of a security is subject to registration under this article and the security is being offered or has been offered or sold in violation of section 11-51-301, or any rule or order under said section;

(II) Any person has engaged or is about to engage in the offer or sale of a security or any other act or practice in violation of section 11-51-401 or any rule or order under said section;

(III) Any person has engaged or is about to engage in the offer or sale of a security or any other act or practice in violation of section 11-51-501 or any rule or order under said section;

(IV) Any person has engaged or is about to engage in any act or practice in violation of any provision of article 53 of this title; or

(V) Any person has violated or is about to violate any order previously entered by the securities commissioner.

(c) Any person against whom an order to show cause has been entered pursuant to paragraph (a) of this subsection (1.5) shall be promptly notified by the securities division of the entry of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the chairperson of the securities board or an administrative law judge for hearing on such order. Such notice may be served by United States mail, postage prepaid, to the last-known address of such person, by personal service, by facsimile transmission, or as may be practicable upon any person against whom such order is entered. Mailing or facsimile transmission of an order or other documents under this subsection (1.5), or personal service of such orders or documents, shall constitute notice thereof to the person.

(d) (I) The hearing on an order to show cause shall be commenced no sooner than ten nor later than twenty-one calendar days following the date of transmission or service of the notification by the securities division as provided in paragraph (c) of this subsection (1.5). The hearing may be continued by agreement of all of the parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than thirty-five calendar days following the date of transmission or service of the notification.

(II) If a person against whom an order to show cause entered pursuant to paragraph (a) of this subsection (1.5) does not appear at the hearing, the securities division may present evidence that notification was properly sent or served upon such person pursuant to paragraph (c) of this subsection (1.5) and such other evidence related to the matter as the securities board or administrative law judge deems appropriate. In the case where such person does not appear, the securities commissioner may not issue an order unless there is a finding by the securities board or administrative law judge that there is a reasonable basis to believe such notification was actually received or served, or, after reasonable search by the securities division, the person against whom the order was entered cannot be located. The securities commissioner shall enter such order within ten days after his or her determination related to reasonable attempts of notification of the respondent, and the order shall become final as to that person by operation of law.

(III) At any hearing pursuant to this paragraph (d), the securities board or administrative law judge shall take evidence and hear arguments from the securities division and the person against whom the order to show cause has been entered, pursuant to such rules and procedures as may be adopted by the securities commissioner. Based on the evidence entered and arguments heard at the hearing, the securities board or administrative law judge shall enter findings of fact, conclusions of law, and an initial decision recommending to the securities commissioner that a final order be entered affirming, denying, vacating, or otherwise modifying the order to show cause. The initial decision shall be issued within ten days after the conclusion of the hearing provided pursuant to this paragraph (d) and shall be promptly delivered to the securities commissioner.

(IV) If the securities commissioner reasonably finds that the person against whom the order to show cause was entered has engaged, or is about to engage, in acts or practices constituting violations as set forth in paragraph (b) of this subsection (1.5) and makes the findings required by section 11-51-704 (2), he or she may issue a final cease-and-desist order imposing one or more of the following sanctions:

(A) Directing such person to cease and desist from further unlawful acts or practices;

(B) Censuring the person, if the person is a licensed broker-dealer, sales representative, investment adviser, or investment adviser representative; or

(C) Requiring such person to undertake or comply with conditions or limitations placed upon the activities, functions, or operations of such person, within such reasonable time period as may be imposed by the securities commissioner.

(V) The securities commissioner shall provide notice of the final order within ten calendar days after receiving the initial decision, in the manner set forth in paragraph (c) of this subsection (1.5), to each person against whom such order has been entered. The final order entered pursuant to subparagraph (IV) of this paragraph (d) shall be effective when issued, and shall be a final order for purposes of judicial review pursuant to section 11-51-607.

(2) (a) Whenever it appears to the securities commissioner, based upon sufficient evidence presented to the securities commissioner in a stipulation between an officer or employee of the division of securities and any person, that such person has engaged in or is about to engage in any act or practice constituting a violation of any provision of this article, any rule promulgated pursuant to this article, or any order issued under this article, or any act or practice constituting grounds for administrative sanction under this article, the securities commissioner may issue a consent order against such person.

(b) In any consent order issued pursuant to this subsection (2), the securities commissioner may:

(I) Prohibit the respondent from any further violation of any provision, rule, or order under this article that is alleged in the stipulation to have been violated or from engaging in the conduct alleged in the stipulation as grounds for sanction under this article; and

(II) Impose conditions, limitations, or sanctions as stipulated.

(3) (a) If it appears to the securities commissioner, based upon sufficient evidence as presented in a petition by an officer or employee of the division of securities, that, in the case of a registration statement subject to the escrow provisions in section 11-51-302 (5) or (6), there has been a violation of such escrow provisions, or, in the case of any registration statement under section 11-51-304, any of the grounds specified in section 11-51-306 (1) exist, the securities commissioner may enter a summary stop order postponing or suspending the effectiveness of the registration statement.

(b) If it appears to the securities commissioner, based upon sufficient evidence as presented in a petition by an officer or employee of the division of securities, that sufficient grounds exist under section 11-51-310 (1), the securities commissioner may enter a summary order under section 11-51-310 (1) (b) suspending the exemption from securities registration under section 11-51-307 (1) (g) as to a specified security or issuer pending final determination of a proceeding under that section.

(c) No summary order may be entered pursuant to this subsection (3) unless the securities commissioner determines, in addition to the findings required under section 11-51-704 (2), that immediate issuance of such summary order is imperatively necessary for the protection of investors. An order issued pursuant to this subsection (3) is effective when

entered and shall be accompanied by a brief statement of findings of fact and conclusions of law.

(d) Upon entering a summary order, the securities commissioner shall promptly notify each person against whom it has been entered of its entry and the basis therefor by providing to each such person at such person's last known mailing address a copy of the order and the accompanying findings of fact and conclusions of law.

(e) (I) Any person against whom a summary stop order or summary order suspending exemption has been entered may make a written request to the securities commissioner that the matter be set for a hearing if such request is made within twenty-one calendar days after the date of entry of the order. Upon receipt of such request, the securities commissioner shall notify the chairperson of the securities board, and the chairperson shall set a date for a hearing within twenty-one days to determine whether to continue the summary order.

(II) Any such hearing before the securities board shall be conducted pursuant to the provisions of section 24-4-105, C.R.S. Following the hearing, the securities board shall issue its initial decision, accompanied by findings of fact and conclusions of law. The securities commissioner shall then enter a decision that shall be a final order for purposes of judicial review pursuant to section 11-51-607.

(III) If the securities commissioner does not receive a request for a hearing pursuant to subparagraph (I) of this paragraph (e), the order shall become final twenty-one calendar days after the entry of such order.

(4) (a) If it appears to the securities commissioner, based upon sufficient evidence as presented in a petition by an officer or employee of the division of securities, that any of the grounds specified in section 11-51-410 (1) exist as to any licensed person or, in the case of a licensed broker-dealer, a partner, officer, director, person occupying a similar status or performing similar functions, or a person directly or indirectly controlling a broker-dealer, the securities commissioner may issue to such person an order to show cause why the securities commissioner should not summarily suspend the license of that person or limit or impose conditions on the securities activities of that person pending final determination of a proceeding under sections 24-4-104 and 24-4-105, C.R.S. The securities commissioner shall promptly notify the chairperson of the securities board that an order to show cause has been issued, and the chairperson shall set a date for hearing on such order before the securities board.

(b) Any person against whom an order to show cause has been entered shall be promptly notified by the securities division of the entry of such order and the basis therefor. Such notice shall include a copy of the order, and shall include the date set by the chairperson of the securities board for hearing on such order. In the case of a broker-dealer, the notification shall be sent both to the broker-dealer's last known mailing address and, if different, the most current mailing address the broker-dealer has on file with the securities commissioner as required in section 11-51-407 (3). In the case of a sales representative, notification shall be sent to the sales representative's last known mailing address, the most current mailing address the sales representative has on file with the securities commissioner as required in section 11-51-407 (3), and the last known mailing address of the broker-dealer or issuer for which the sales representative is licensed to act.

(c) (I) The hearing on the order to show cause shall be commenced no sooner than seven, nor later than twenty, calendar days following the date of transmission of notification of the respondent by the division of securities as provided in paragraph (b) of this subsection (4).

(II) The securities board shall take evidence and hear arguments from the securities division and the respondent. If the respondent does not appear, the securities division may provide evidence that notification was promptly sent by the securities division to the respondent pursuant to paragraph (b) of this subsection (4). In the case where the respondent does not appear, the securities commissioner may not issue an order unless there is a finding by the securities board that there is reasonable basis to believe the respondent either received actual notice, or, after reasonable search by the securities division, cannot be located.

(III) Based on the evidence entered and arguments heard at the hearing, the securities board shall enter findings of fact, conclusions of law, and its initial decision recommending

to the securities commissioner that an order be entered either denying the petition of the securities division for summary order or suspending the license of that person or otherwise limiting or imposing conditions on the securities activities of that person pending final determination of a proceeding under sections 24-4-104 and 24-4-105, C.R.S. Exceptions to the initial decision of the securities board must be filed with the securities commissioner within ten calendar days of the date of entry of such order. The securities commissioner shall then issue an order, which shall be a final order for purposes of judicial review pursuant to section 11-51-607.

(d) Any order entered under paragraph (c) (III) of this subsection (4) suspending a license or otherwise limiting or imposing conditions on the securities activities of the licensed person shall remain in effect during the pendency of a proceeding under sections 24-4-104 and 24-4-105, C.R.S., unless vacated or modified on judicial review pursuant to section 11-51-607 or by subsequent order of the securities commissioner after notice and opportunity for hearing.

(5) No order under subsection (3) (b), (3) (c), or (4) (a) of this section may be entered by the securities commissioner unless a proceeding under sections 24-4-104 and 24-4-105, C.R.S., either has been commenced, or is commenced promptly following or contemporaneously with the entry of such an order.

(6) The securities commissioner may promulgate a rule that defines what constitutes prompt filing and notification pursuant to this section.

**11-51-702.5. Securities board - creation - duties - repeal.** (1) There is hereby created the securities board within the department of regulatory agencies which shall consist of five persons appointed by the governor, subject to the consent and approval of the senate, as follows:

(a) Two persons who are licensed by the state supreme court to practice law in the state of Colorado and who are conversant in securities law;

(b) One person certified as a certified public accountant pursuant to article 2 of title 12, C.R.S.; and

(c) Two persons who are members of the public at large.

(2) (a) One of the members of the securities board shall reside west of the continental divide.

(b) The members shall serve terms of three years with each term ending on July 1 of the year in which such term expires; except that initial appointments shall begin January 1, 1995, and one of the members initially appointed pursuant to paragraph (a) and one of the members initially appointed pursuant to paragraph (c) of subsection (1) of this section shall serve until July 1, 2000, the member initially appointed pursuant to paragraph (b) of subsection (1) of this section shall serve until July 1, 2001, and the other members initially appointed shall serve until July 1, 1999.

(c) Any vacancy on the securities board occurring before the expiration of the term shall be filled by the governor for the remainder of the term.

(d) Securities board members may be removed for cause.

(e) Securities board members shall be reimbursed for actual and necessary expenses, not to include out-of-state travel expenses.

(f) On and after July 1, 2004, members of the board shall serve no more than two consecutive terms on the board.

(3) Securities board members shall be subject to the conflict of interest limitations placed on other employees of the division of securities pursuant to section 11-51-703 (2).

(4) The securities board shall provide oversight to the securities commissioner and shall be available to advise the securities commissioner at the request of the securities commissioner on issues affecting the division of securities and securities regulations in the state.

(5) The securities board shall meet as often as is necessary, but no less than quarterly. Meetings may be called by the chairperson of the securities board at the request of the securities commissioner or any member of the securities board.

(6) (a) The securities board shall aid and advise the securities commissioner at the request of the securities commissioner in connection with the duties of the securities commissioner under articles 51, 53, and 59 of this title and part 7 of article 75 of title 24, C.R.S., including but not limited to the promulgation of rules, issuance of orders, formulation of policies, and the setting of fees under such articles and other issues affecting the division of securities and securities regulation in the state.

(b) (Deleted by amendment, L. 2004, p. 15, § 1, effective July 1, 2004.)

(c) The securities board shall hear the matters described in section 11-51-606 (1.5) (d), (3) (e), and (4) (d) and issue the initial decisions as provided therein. The chairperson of the securities board shall determine the date and place for such hearings and may appoint a panel of the securities board consisting of no less than three board members to conduct such hearings. Any hearing held regarding an order issued by the securities commissioner under section 11-51-606 (3) or (4) shall be heard by the securities board.

(7) (a) This section is repealed, effective July 1, 2015.

(b) Prior to such repeal, the functions of the securities board shall be reviewed as provided for in section 24-34-104, C.R.S.

## ANNOTATION

**Law reviews.** For article, "Putting the Brakes on Securities Fraud: Cease and Desist Authority", see 30 Colo. Law. 73 (September 2001).

**11-51-703. Administration of article.** (1) The securities commissioner is hereby empowered to administer and enforce all provisions of this article and to provide the division of securities with such books, records, files, and printing and other supplies and employ such officers and clerical and other assistance as may be necessary in the securities commissioner's discretion to perform the duties required of the securities commissioner under this article.

(2) It is unlawful for the securities commissioner or any of the officers or employees of the division of securities to use for personal benefit any information which is filed with or obtained by the securities commissioner and which is not made public. No provision of this article authorizes the securities commissioner or any of such officers or employees to disclose any such information except among themselves or when necessary or appropriate in a proceeding or investigation under this article. No provision of this article either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the securities commissioner or any of the officers or employees of the division of securities.

(3) The securities commissioner may enter into an arrangement, agreement, or other working relationship with federal, other state, and self-regulatory authorities whereby public documents may be initially filed and maintained in the central registration depository, the investment adviser registration depository, or with other agencies or authorities. It is the

intent of this subsection (3) that the securities commissioner be provided with the power to reduce the duplication of filings, reduce administrative costs, and, in conjunction with other states and with federal authorities, establish uniform procedures, forms, and administration to be used by this state and by such other states and by such federal authorities.

(4) The securities commissioner may delegate to any officer of the division of securities any power, duty, authority, or function created by this article and vested in the securities commissioner, but nothing in this subsection (4) shall authorize the securities commissioner to delegate to any officer the securities commissioner's authority to make rules, institute proceedings or actions under section 11-51-306, 11-51-410, or 11-51-602, refer evidence under section 11-51-603 (3), or exercise the authority created by this section, section 11-51-704 (1) or (2), or section 11-51-707 (3) (a) or (3) (b).

### ANNOTATION

**Annotator's note.** The following annotations include cases decided under former provisions similar to this section.

**Proceedings may be instituted by order.** Proceedings need not be commenced by a complaint, but may be instituted by the issuance of an order setting forth the facts and conduct warranting a "show cause" order. *Raymond Lee Org., Inc. v. Sec. Comm'n*, 36 Colo. App. 417, 543 P.2d 75 (1975), rev'd on other grounds, 192 Colo. 112, 556 P.2d 1209 (1976).

**The confidentiality provisions of subsection (2) of this statute** do not prohibit the commissioner of securities from disclosing information about possible law violations by any person during an examination of the books and records of such person to any other state or federal regulatory or law enforcement agency. *Griffin v. S. W. Devanney & Co., Inc.*, 775 P.2d 555 (Colo. 1989).

**11-51-704. Rules, forms, and orders.** (1) The securities commissioner may, from time to time, make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this article, including rules and forms governing registration statements, applications, and reports, and defining any terms, whether or not used in this article, insofar as the definitions are not inconsistent with the provisions of this article. For the purpose of rules and forms, the securities commissioner may classify securities, persons, and matters within the securities commissioner's jurisdiction and prescribe different requirements for different classes.

(2) No rule, form, or order may be made, amended, or rescinded unless the securities commissioner finds that the action is necessary or appropriate in the public interest and is consistent with the purposes and provisions of this article. In prescribing rules and forms, the securities commissioner may cooperate with the securities and exchange commission with a view to effectuating the policy of this article to achieve maximum uniformity in the form and content of registration statements, applications, and reports wherever practicable.

(3) The securities commissioner may, by rule or order, prescribe the form and content of financial statements required under this article, the circumstances under which consolidated financial statements shall be filed, and whether any required financial statements shall be certified by independent or certified public accountants. Unless the securities commissioner by rule or order provides otherwise, a financial statement required under this article must be prepared in accordance with generally accepted accounting principles or other accounting principles as are prescribed for the issuer of the financial statement by the securities and exchange commission.

(4) No provision of this article imposing any liability upon a person or providing a basis for any sanction against a person applies to any act done or omitted in good faith and in conformity with any rule, form, or order of the securities commissioner, notwithstanding that the rule, form, or order may later be amended or rescinded or be determined by any judicial or other authority to be invalid for any reason.

**11-51-705. Interpretive opinions.** The securities commissioner may honor requests from interested persons for confirmation of the applicability of particular exemptions from securities registration under sections 11-51-307 to 11-51-309 or for other interpretive opinions regarding any provision of this article. Any person making such a request shall pay an opinion fee, which shall be determined and collected pursuant to section 11-51-707 and which shall not be refundable. In response to any request for a confirmation or other interpretive opinion received under this section, the securities commissioner may waive any condition imposed under this article as it applies to the person making such request.

**Editor's note:** This section is similar to former § 11-51-126 as it existed prior to 1990.

**11-51-706. Consent to service of process.** (1) An applicant for licensing under this article, a person filing a registration statement under this article, and an issuer who proposes to offer in this state through an agent a security registered under this article shall file with the securities commissioner, in such form as the securities commissioner by rule prescribes, an irrevocable consent appointing the securities commissioner or the successor in office of the securities commissioner to be the attorney for said person to receive service of any lawful process in any noncriminal suit, action, or proceeding against such person, or the successor, executor, or administrator of such person, arising under this article or any rule or order under this article after the consent has been filed with the same force and validity as if served personally on the person filing the consent.

(2) A person who has filed a consent in compliance with subsection (1) of this section in connection with a previous application for licensing or registration need not file an additional consent, but the securities commissioner may request, and in response to such request such person shall provide, verification of such previous consent.

(3) Service upon any person who has filed a consent pursuant to subsection (1) of this section may be made by leaving a copy of the process in the office of the securities commissioner, but it is not effective unless the plaintiff, who may be the securities commissioner in a suit, action, or proceeding instituted by the securities commissioner, forthwith sends a notice of the service and a copy of the process by registered mail to the defendant or respondent at the last address on file with the securities commissioner and unless the plaintiff's affidavit of compliance with this subsection (3) is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

(4) The methods of service of process provided for in this section are in addition to other methods of service of process provided for by law, including section 13-1-124, C.R.S. Any violation of this article shall be deemed to constitute the transaction of business within this state for the purpose of section 13-1-124, C.R.S.

**11-51-707. Collection of fees - division of securities cash fund created.** (1) A fee payable under this article shall be deemed paid when the securities commissioner receives the payment.

(2) The securities commissioner shall transmit all fees collected under this article, not including fees retained by contractors pursuant to contracts entered into in accordance with section 11-51-405 or 24-34-101, C.R.S., to the state treasurer, who shall credit the same to the division of securities cash fund, which fund is hereby created. Pursuant to subsection (3) of this section, the general assembly shall make annual appropriations from said fund for expenditures of the division of securities. The expenditures incurred by the division shall be made out of such appropriations upon vouchers and warrants drawn pursuant to law. All moneys credited to the division of securities cash fund shall be used as provided in this section and shall not be deposited in or transferred to the general fund of this state or any other fund.

(3) (a) The division shall set the amount of each fee which it is authorized by law to collect under this article. The budget request and the fees for the division shall reflect direct and indirect costs. The division, in the discretion of the securities commissioner, may set registration fees payable under section 11-51-302 according to a scale of rates applied to the dollar amount of securities to be registered, with a maximum fee specified. The division, in the discretion of the securities commissioner, may set an investment company registration renewal fee payable under section 11-51-302 (7) and an exemption fee payable under section 11-51-307 (1) (k) for each series, portfolio, separate account, or fund of an open-end management company or unit investment trust. The division, in the discretion of the securities commissioner, may set registration fees payable under section 11-51-905 (4), according to a scale of rates applied to the asset size of the trust fund as of the date of registration. The division, in the discretion of the securities commissioner, may set annual fees payable under section 11-51-906 (4) (e), according to a scale of rates applied to the asset size of the trust fund as of the date of the filing of the annual audit.

(b) Based upon the appropriation made and subject to the approval of the executive director of the department of regulatory agencies, the division shall set its fees for a fiscal year so that the revenue generated from said fees approximates its direct and indirect costs, including statewide indirect costs. Such fees for a fiscal year may be adjusted by the securities commissioner no more often than twice during that fiscal year.

(c) On July 1 each year, whenever moneys appropriated to the division for its activities for the prior fiscal year are unexpended, said moneys shall be made a part of the appropriation to the division for the next fiscal year, and such amount shall not be raised from fees collected by the division. If a supplemental appropriation is made to the division for its activities, its fees, when adjusted for the fiscal year next following that in which the supplemental appropriation was made, shall be adjusted by an additional amount which is sufficient to compensate for such supplemental appropriation. Funds appropriated to the division in the annual long appropriations bill shall be designated as a cash fund and shall not exceed the amount anticipated to be raised from fees collected by the division.

**11-51-708. Administrative files.** (1) A document is filed when it is received by the securities commissioner.

(2) The securities commissioner shall keep a register of all applications for licenses and registration statements which are or have ever been effective under this article and all orders which have been entered under this article. The register shall be open for public inspection.

(3) The information contained in or filed with any registration statement, application, or report may be made available to the public under article 72 of title 24, C.R.S.

(4) Upon request and at such reasonable charges as the securities commissioner prescribes, the securities commissioner shall furnish to any person photostatic or other copies of any entry in the register or any document which is a matter of public record and may certify their authenticity; and the securities commissioner may also provide certification of the absence of any entry in the register or the absence of any document or other record from division files which are of public record. In any action, proceeding, or prosecution under this article, any copy so certified, and any certification by the securities commissioner as to the absence of any such entry, document, or record from division files, are prima facie evidence of the contents of the entry, document, or record so certified or of the absence of the entry, document, or record which is the subject of such certification.

## PART 8

### EFFECTIVE DATE - REPEAL OF ARTICLE

**11-51-801. Effective date of article.** This article shall be effective on and after July 1, 1990, subject to the provisions of section 11-51-802.

**Source: L. 90:** Entire article R&RE, p. 738, § 1, effective July 1.

**11-51-802. Savings provisions.** (1) Except as otherwise provided in this section, articles 51 and 52 of this title, as said articles existed prior to July 1, 1990, exclusively govern all suits, actions, prosecutions, or proceedings which are pending or may be initiated on the basis of facts or circumstances occurring prior to July 1, 1990; except that no civil suit or action may be maintained to enforce any liability under such prior law unless brought within any period of limitation which applied when the cause of action accrued.

(2) All registrations of securities under such prior law in effect immediately prior to July 1, 1990, shall remain in effect after said date subject to revocation, termination, or withdrawal as provided under such prior law and subject to all administrative orders and all conditions relating to such registrations as were in effect under such prior law.

(3) Such prior law applies to any offer to sell or sale made no later than January 1, 1991, pursuant to an offering begun in good faith before July 1, 1990, on the basis of an exemption available under said prior law.

(4) (a) Every person registered or exempt from registration as a broker, dealer, principal, or representative under articles 51 and 52 of this title, as said articles existed prior to July 1, 1990, shall be automatically licensed as a broker-dealer or sales representative, as the case may be, under this article on July 1, 1990, subject to all fines, censures, suspensions, revocations, conditions, or limitations imposed upon or in connection with such registration or exemption or upon such person, as if imposed upon or in connection with a license under this article, so long as such sanctions would have remained in effect under articles 51 and 52 of this title, as said articles existed prior to July 1, 1990. Such sanctions shall continue to be governed by such prior law.

(b) There are no grounds for the denial of automatic licensing under paragraph (a) of this subsection (4). After July 1, 1990, every person automatically licensed under paragraph (a) of this subsection (4) shall comply with the provisions of this article as if such person's license had been originally obtained by application under the provisions of this article.

(c) No proceeding under section 11-51-410 may be initiated by the securities commissioner against any person who is licensed pursuant to paragraph (a) of this subsection (4) if the proceeding is based upon:

(I) Any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c) to (1) (f) entered or imposed prior to July 1, 1990; or

(II) Any act or course of conduct within section 11-51-410 (1) (a), (1) (b), (1) (g), (1) (i), or (1) (j) initiated and concluded prior to July 1, 1990.

(d) Nothing in this subsection (4) limits the authority of the securities commissioner or any hearing officer, administrative law judge, or court to consider any event or circumstance which has occurred or existed prior to July 1, 1990:

(I) In connection with any proceeding or action other than a proceeding under section 11-51-410; or

(II) Solely in connection with a determination of appropriate sanctions in a proceeding under section 11-51-410 which is based upon:

(A) Any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c), (1) (d), (1) (e), or (1) (f) entered or imposed on or after July 1, 1990; or

(B) Any act or course of conduct within section 11-51-410 (1) (a), (1) (b), (1) (g), (1) (h), (1) (i), or (1) (j) concluded on or after July 1, 1990.

(e) Nothing in this subsection (4) limits the authority of the securities commissioner to initiate a proceeding under section 11-51-410 with regard to:

(I) Any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c) to (1) (f) entered or imposed on or after July 1, 1990, without regard for when the underlying act or conduct was initiated or concluded; or

(II) Any act or course of conduct within section 11-51-410 (1) (a), (1) (b), (1) (g), (1) (h), (1) (i), or (1) (j) concluded on or after July 1, 1990, without regard for when such act or conduct was initiated.

(f) Any administrative action by the securities commissioner under articles 51 and 52 of this title, as said articles existed prior to July 1, 1990, initiated or pending prior to July 1, 1990, against an applicant for registration, or a person registered or exempt from registration, as a broker, dealer, principal, financial principal, representative, or financial representative shall be governed by such prior law; except that as of July 1, 1990, such action shall be construed as an action under section 11-51-410 either to deny an application for a license or to impose sanctions against a licensed person, as the case may be, and the sanctions provided under section 11-51-410 shall apply.

(5) (a) Any person with a place of business in this state who is registered with the securities and exchange commission as an "investment adviser" under the federal "Investment Advisers Act of 1940", who is exempt from registration as an investment adviser pursuant to section 203 (b) of said act, or who is registered as an investment adviser in any other state, and who, prior to January 1, 1999, has filed an application and paid the appropriate fee in compliance with the requirements set forth in sections 11-51-403 and 11-51-404, shall be licensed automatically as an investment adviser under this article effective January 1, 1999.

(b) Any individual with a place of business in this state who is associated either with a federal covered adviser, or an investment adviser licensed automatically pursuant to paragraph (a) of this subsection (5), and regarding whom, prior to or on January 1, 1999, an application has been filed and the appropriate fee paid in compliance with the requirements set forth in sections 11-51-403 and 11-51-404, shall be licensed automatically as an investment adviser representative for such federal covered adviser or investment adviser under this article, effective January 1, 1999. Automatic licensing under this paragraph (b) is unavailable to any individual who is the subject of any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c) to (1) (f) entered or imposed prior to January 1, 1999, or is currently the subject of a proceeding in which any of the sanctions set forth in such paragraphs could be imposed.

(c) After January 1, 1999, no proceeding under section 11-51-410 may be initiated by the securities commissioner against any person who is licensed automatically pursuant to paragraph (a) or (b) of this subsection (5) if the proceeding is based upon:

(I) Any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c) to (1) (f) entered or imposed prior to January 1, 1999; or

(II) Any act or course of conduct within section 11-51-410 (1) (a), (1) (b), (1) (g), (1) (h), (1) (i), or (1) (j) initiated and concluded prior to January 1, 1999.

(d) Nothing in this subsection (5) limits the authority of the securities commissioner or any hearing officer, administrative law judge, or court to consider any event or circumstance that has occurred or existed prior to January 1, 1999:

(I) In connection with any proceeding or action other than a proceeding under section 11-51-410; or

(II) Solely in connection with a determination of appropriate sanctions in a proceeding under section 11-51-410 based upon:

(A) Any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c) to (1) (f) entered or imposed on or after January 1, 1999; or

(B) Any act or course of conduct within section 11-51-410 (1) (a), (1) (b), (1) (g), (1) (h), (1) (i), or (1) (j) concluded on or after January 1, 1999.

(e) Nothing in this subsection (5) limits the authority of the securities commissioner to initiate a proceeding under section 11-51-410 with regard to:

(I) Any plea, conviction, decree, order, or other action described in section 11-51-410 (1) (c) to (1) (f) entered or imposed on or after January 1, 1999, without regard for when the underlying act or conduct was initiated or concluded; or

(II) Any act or course of conduct within section 11-51-410 (1) (a), (1) (b), (1) (g), (1) (h), (1) (i), or (1) (j) concluded on or after January 1, 1999, without regard for when such act or conduct was initiated.

## PART 9

### LOCAL GOVERNMENT INVESTMENT POOL TRUST FUND ADMINISTRATION AND ENFORCEMENT ACT

**11-51-901. Short title.** This part 9 shall be known and may be cited as the "Local Government Investment Pool Trust Fund Administration and Enforcement Act".

**Source:** L. 93: Entire part added, p. 327, § 4, effective July 1.

**11-51-902. General powers of securities commissioner.** The securities commissioner is hereby empowered to administer and enforce the provisions of part 7 of article 75 of title 24, C.R.S., and all the provisions of this part 9.

**Source:** L. 93: Entire part added, p. 327, § 4, effective July 1.

**11-51-903. Interests in local government investment pool trust fund.** (1) For the purposes of this part 9, unless the context otherwise requires:

(a) The interest of a participating local government in a local government investment pool trust fund is a "security", as defined by section 11-51-201 (17); and

(b) The solicitation of a local government to participate in a local government investment pool trust fund constitutes an "offer" to sell a security, as defined by section 11-51-201 (13) (c), by the trust fund to the local government, and the consummation of an agreement to participate in a local government investment pool trust fund constitutes a "sale" of a security, as defined by section 11-51-201 (13) (a), by the trust fund to the local government.

**Source: L. 93:** Entire part added, p. 327, § 4, effective July 1.

**11-51-904. Requirement for registration of local government investment pools.**

(1) It is unlawful for the board of trustees of any local government investment pool trust fund to permit the investment of trust fund assets unless the trust fund is registered with the securities commissioner under this part 9.

(2) It is unlawful for a local government to participate in a local government investment pool trust fund unless the trust fund is registered with the securities commissioner under this part 9.

**Source: L. 93:** Entire part added, p. 328, § 4, effective July 1.

**11-51-905. General registration requirements.** (1) A local government investment pool trust fund shall register with the securities commissioner under this part 9 by filing a notice, in such form as prescribed by the securities commissioner, and a copy of the resolution adopted pursuant to section 24-75-703, C.R.S.

(2) Any local government investment pool trust fund organized pursuant to the provisions of part 7 of article 75 of title 24, C.R.S., as it existed prior to July 1, 1993, shall register with the securities commissioner under this part 9 by filing a notice, in such form as prescribed by the securities commissioner, and the resolution adopted pursuant to the provisions of part 7 of article 75 of title 24, C.R.S., as it existed prior to July 1, 1993, no later than thirty days after July 1, 1993.

(3) The information to be provided to the securities commissioner by a local government investment pool trust fund in the notice for registration shall include, but need not be limited to:

- (a) The name and address of the trust fund;
- (b) The name and address of the administrator of the trust fund;
- (c) The name and address of each of the custodians of the assets of the trust fund;
- (d) The name and address of each of the investment advisers of the trust fund and each of the financial institutions acting in an advisory capacity for the trust fund;
- (e) Identification of each participating local government in the trust fund; and
- (f) The total assets of the trust fund as of the date of filing.

(4) Every filing of the notice and resolution required under this section shall be accompanied by a fee, which shall be determined and collected pursuant to section 11-51-707; except that no such registration fee shall be more than five thousand dollars.

**Source: L. 93:** Entire part added, p. 328, § 4, effective July 1.

**11-51-906. Reports to securities commissioner.** (1) A local government investment pool trust fund shall inform the securities commissioner of any material change regarding the administrator, investment adviser, broker-dealer, or financial institution acting in an advisory capacity, or custodian of the trust fund within ten days of such change.

(2) (a) The board of trustees of a local government investment pool trust fund shall file quarterly reports with the securities commissioner in the form prescribed by the securities commissioner.

(b) Such reports shall demonstrate that the trust fund is in full compliance with the provisions of part 7 of article 75 of title 24, C.R.S., as amended.

(c) The information to be provided in such quarterly reports may include, but need not be limited to:

- (I) The identity of the participating local governments;
- (II) The amount of participation of each such participating local government; and
- (III) The total assets of the trust fund.

(d) In addition to the quarterly reports required in paragraph (a) of this subsection (2), the securities commissioner may, by rule or order, require the board of trustees of a local government investment pool trust fund to file such other periodic reports with the securities commissioner as are necessary to demonstrate that the trust fund is in full compliance with the provisions of part 7 of article 75 of title 24, C.R.S., as amended.

(3) The financial statements of a local government investment pool trust fund shall be prepared in accordance with generally accepted accounting principles except as the securities commissioner may otherwise provide by rule or order.

(4) (a) A local government investment pool trust fund shall file with the securities commissioner an annual audit of the trust fund to be completed at least annually, but at intervals of not more than fifteen months, performed by an independent certified public accountant.

(b) The securities commissioner may, by rule or order, provide that such audits include safeguards to ensure that they adequately describe the financial condition of the trust fund.

(c) Such audit shall be completed and submitted to the securities commissioner within the time lines the securities commissioner by rule or order prescribes.

(d) Such audit shall include, but need not be limited to, the following information:

- (I) The name and address of each custodian holding or which at any time since the last annual audit held any assets of the trust fund;
- (II) The amount and description of the assets of the trust fund on deposit with or otherwise in the custody of each such custodian; and

(III) Any other information the securities commissioner prescribes by rule or order.

(e) Every filing of the annual audit required under this subsection (4) shall be accompanied by a fee, which shall be determined and collected pursuant to section 11-51-707; except that no such annual fee shall be more than two thousand dollars.

**Source: L. 93:** Entire part added, p. 329, § 4, effective July 1.

**11-51-907. Access to records.** (1) The securities commissioner, in a manner reasonable under the circumstances, may examine, without notice, any accounts held by a custodian on behalf of a local government investment pool trust fund and all books, records, and papers pertaining thereto, and all accounts, books, records, and papers pertaining thereto, within or without this state, in the possession of any administrator, the board of trustees, any investment adviser of or broker-dealer or financial institution acting in an advisory capacity to the trust fund, any person employed by or directly associated with such broker-dealer or financial institution in connection with providing such advisory services, or any investment adviser representative.

(2) The securities commissioner, in a manner reasonable under the circumstances, may copy, or cause to be copied, or request from and shall receive copies of such documents as are made and maintained by the custodians, administrator, board of trustees, investment adviser of or broker-dealer or financial institution acting in advisory capacity to the trust fund, any person employed by or directly associated with such broker-dealer or financial institution in connection with providing such advisory services, or any investment adviser representative in connection with a local government investment pool trust fund in the normal course of business, at the expense of such person, in order to determine compliance with this part 9 and part 7 of article 75 of title 24, C.R.S., as amended.

**Source: L. 93:** Entire part added, p. 330, § 4, effective July 1.

**11-51-908. Confidentiality of information.** Financial information and the identities of participating local governments in the possession of, filed with, or obtained by the securities commissioner under this part 9 shall be confidential. No such information may be disclosed by the securities commissioner or any of the officers or employees of the division of securities except in connection with any investigation or proceeding or with the consent of the board of trustees of the local government investment pool trust fund to which such information pertains. Such information shall be construed as information within the meaning of section 24-72-204 (3) (a) (IV), C.R.S.

**ARTICLE 53**

**Colorado Commodity Code**

**Editor’s note:** (1) This article was numbered as article 5 of chapter 125, C.R.S. 1963. The substantive provisions of this article were repealed and reenacted in 1989, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this article prior to 1989, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) Prior to 1989, this article was referred to as the Antibucketing Law. When this article was repealed and reenacted in 1989, the Colorado Commodity Code replaced the Antibucketing Law. The Commodity Code is based on the Model State Commodity Code drafted in 1984 by a national committee of state, federal, and industry regulators and experts. It is designed to fill a jurisdictional void between securities and commodities laws.

## PART 1

REGULATION OF COMMODITY SALES -  
UNLAWFUL ACTIVITIES

**11-53-101. Short title.** This article shall be known and may be cited as the "Colorado Commodity Code".

**Source: L. 89:** Entire article R&RE, p. 629, § 1, effective July 1.

**11-53-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Board of trade" means any person or group of persons engaged in buying or selling any commodity or receiving the same for sale on consignment, whether such person or group of persons is characterized as a board of trade, exchange, or other form of marketplace.

(2) "CFTC rule" means any rule, regulation, or order of the commodity futures trading commission in effect on July 1, 1989, and all subsequent amendments, additions, or other revisions thereto, unless the commissioner, within ten days following the effective date of any such amendment, addition, or revision, disallows the application thereof to this article or to any provisions thereof by rule.

(3) "Commissioner" means the commissioner of securities created by section 11-51-701.

(4) "Commodity" means, except as otherwise specified by the commissioner by rule, regulation, or order, any agricultural, grain, or livestock product or by-product, any metal or mineral (including a precious metal as defined in subsection (13) of this section), any gem or gemstone (whether characterized as precious, semi-precious, or otherwise), any foreign currency, and all other goods, articles, products, or items of any kind. The term "commodity" shall not include:

(a) A numismatic coin whose fair market value is at least fifteen percent higher than the value of the metal it contains;

(b) Real property or any timber, agricultural, or livestock product grown or raised on real property and offered or sold by the owner or lessee of such property; or

(c) Any work of art offered or sold by art dealers, at public auction or offered or sold through a private sale by the owner thereof.

(5) "Commodity contract" means any account, agreement, or contract for the purchase or sale, primarily for speculation or investment purposes and not for use or consumption by the offeree or purchaser, of one or more commodities, whether for immediate or subsequent delivery or whether delivery is intended by the parties, and whether characterized as a cash contract, deferred shipment or deferred delivery contract, forward contract, futures contract, installment or margin contract, leverage contract, or otherwise. A commodity contract shall not include any contract or agreement which requires, and under which the purchaser receives, within twenty-eight calendar days from the payment in good funds of any portion

of the purchase price, physical delivery of the total amount of each commodity to be purchased under the contract or agreement.

(6) "Commodity exchange act" means the federal "Commodity Exchange Act", as amended, unless the commissioner, within ten days following the effective date of any amendment, addition, or revision thereto, disallows the application thereof to this article or to any provisions thereof by rule.

(7) "Commodity futures trading commission" means the federal commission established by the commodity exchange act.

(8) "Commodity merchant" means any of the following as defined or described in the commodity exchange act or by CFTC rule:

- (a) Futures commission merchant;
- (b) Commodity pool operator;
- (c) Commodity trading advisor;
- (d) Introducing broker;
- (e) Leverage transaction merchant;
- (f) An associated person of any of the foregoing;
- (g) Floor broker; and
- (h) Any other person (other than a futures association) required to register with the commodity futures trading commission.

(9) "Commodity option" means any account, agreement, or contract giving a party thereto the right but not the obligation to purchase or sell one or more commodities or one or more commodity contracts, whether characterized as an option, privilege, indemnity, bid, offer, put, call, advance guaranty, decline guaranty, or otherwise, but shall not include an option traded on a national securities exchange registered with the securities and exchange commission.

(10) "Financial institution" means a bank, savings institution, or trust company organized under, or supervised pursuant to, the laws of the United States or of any state.

(11) "Offer" includes every offer to sell, offer to purchase, or offer to enter into a commodity contract or commodity option.

(12) "Person" means an individual, a corporation, a partnership, an association, a joint-stock company, a trust where the interests of the beneficiaries are evidenced by a security, an unincorporated organization, a government, or a political subdivision of a government but does not include the commodity futures trading commission or any clearinghouse thereof or a national securities exchange registered with the securities and exchange commission (or any employee, officer or director of such contract market, clearinghouse, or exchange acting solely in that capacity).

(13) "Precious metal" means the following in either coin, bullion, or other form:

- (a) Silver;
  - (b) Gold;
  - (c) Platinum;
  - (d) Palladium;
  - (e) Copper; and
  - (f) Such other items as the commissioner may specify by rule, regulation, or order.
- (14) "Sale" or "sell" includes every sale, contract of sale, contract to sell, or disposition, for value.

(15) "Securities and exchange commission" means the commission established by the "Securities Exchange Act of 1934".

(16) "Securities Exchange Act of 1934" and "Investment Company Act of 1940" mean the federal statutes of those names as amended, unless the commissioner, within ten days following the effective date of any amendment, addition, or revision thereto, disallows the application thereof to this article or to any provision thereof by rule.

**Cross references:** For the “Commodity Exchange Act”, see Pub.L. 67-331, codified at 7 U.S.C. sec. 1 et seq.; for the “Securities Exchange Act of 1934”, see Pub.L. 73-291, codified at 15 U.S.C. sec. 78a et seq.; for the “Investment Company Act of 1940”, see Pub.L. 76-768, 54 Stat. 789 (1940).

**11-53-103. Unlawful commodity transactions.** Except as otherwise provided in section 11-53-104 or 11-53-105, no person shall sell or purchase or offer to sell or purchase any commodity under any commodity contract or under any commodity option or offer to enter into or enter into as seller or purchaser any commodity contract or any commodity option.

**Source: L. 89:** Entire article R&RE, p. 631, § 1, effective July 1.

**11-53-104. Exempt person transactions.** (1) The prohibitions in section 11-53-103 shall not apply to any transaction offered by and in which any of the following persons (or any employee, officer, or director thereof acting solely in that capacity) is the purchaser or seller:

(a) A person registered with the commodity futures trading commission as a futures commission merchant or as a leverage transaction merchant whose activities require such registration;

(b) A person registered with the securities and exchange commission as a broker-dealer whose activities require such registration;

(c) A person affiliated with, and whose obligations and liabilities under the transaction are guaranteed by, a person referred to in paragraph (a) or (b) of this subsection (1);

(d) A person who is a member of a contract market designated by the commodity futures trading commission (or any clearinghouse thereof);

(e) A financial institution; or

(f) A person registered under the laws of this state as a securities broker or dealer whose activities require such registration.

(2) The exemption provided by subsection (1) of this section shall not apply to any transaction or activity which is prohibited by the commodity exchange act or CFTC rule.

**Source: L. 89:** Entire article R&RE, p. 632, § 1, effective July 1.

**11-53-105. Exempt transactions.** (1) The prohibitions in section 11-53-103 shall not apply to the following:

(a) An account, agreement, or transaction within the exclusive jurisdiction of the commodity futures trading commission as granted under the commodity exchange act;

(b) A commodity contract for the purchase of one or more precious metals which requires, and under which the purchaser receives, within twenty-eight calendar days from the payment in good funds of any portion of the purchase price, physical delivery of the quantity of the precious metals purchased by such payment; except that, for purposes of this paragraph (b), physical delivery shall be deemed to have occurred if, within such twenty-eight-day period:

(I) Such quantity of precious metals purchased by such payment is delivered (whether in specifically segregated or fungible bulk form) into the possession of a depository (other than the seller) which is either:

(A) A financial institution;

(B) A depository the warehouse receipts of which are recognized for delivery purposes for any commodity on a contract market designated by the commodity futures trading commission;

(C) A storage facility licensed or regulated by the United States or any agency thereof; or

(D) A depository designated by the commission; and

(II) Such depository (or other person which itself qualifies as a depository as provided in said subparagraph (I)) or a qualified seller issues and the purchaser receives a certificate, document of title, confirmation, or other instrument evidencing that such quantity of precious metals has been delivered to the depository and is being and will continue to be

held by the depository on the purchaser's behalf, free and clear of all liens and encumbrances, other than liens of the purchaser, tax liens, liens agreed to by the purchaser, or liens of the depository for fees and expenses, which have previously been disclosed to the purchaser;

(c) A commodity contract solely between persons engaged in producing, processing, using commercially, or handling as merchants, each commodity subject thereto, or any by-product thereof; or

(d) A commodity contract under which the offeree or the purchaser is a person referred to in section 11-53-104, an insurance company, an investment company as defined in the "Investment Company Act of 1940", or an employee pension and profit sharing or benefit plan (other than a self-employed individual retirement plan or individual retirement account).

(2) For the purposes of paragraph (b) of subsection (1) of this section, a "qualified seller" is a person who:

(a) Is a seller of precious metals and has a tangible net worth of at least five million dollars (or has an affiliate who has unconditionally guaranteed the obligations and liabilities of the seller, and the affiliate has a tangible net worth of at least five million dollars);

(b) Has stored precious metals with one or more depositories on behalf of customers for at least the previous three years;

(c) Prior to any offer, and annually thereafter, files with the commissioner a sworn notice of intent to act as a qualified seller under paragraph (b) of subsection (1) of this section, containing:

(I) The seller's name and address, names of its directors, officers, controlling shareholders, partners, principals, and other controlling persons;

(II) The address of its principal place of business, state and date of incorporation or organization, and the name and address of the seller's registered agent in this state;

(III) A statement that the seller (or a person affiliated with the seller who has unconditionally guaranteed the obligations and liabilities of the seller) has a tangible net worth of at least five million dollars;

(IV) The name and address of the depository or depositories that the seller intends to use, and the name and address of each and every depository where the seller has stored precious metals on behalf of customers for the previous three years;

(V) Financial statements for the seller (or the person affiliated with the seller who has guaranteed the obligations and liabilities of the seller) for the past three years, including balance sheet and income statements which have been audited by an independent certified public accountant, together with the accountant's report;

(VI) A statement describing the details of all civil, criminal, or administrative proceedings currently pending or adversely resolved against the seller or its directors, officers, controlling shareholders, partners, principals, or other controlling persons during the past ten years including:

(A) Civil litigation and administrative proceedings involving securities or commodities law violations, or fraud;

(B) Criminal proceedings;

(C) Denials, suspensions, or revocations of securities or commodities licenses or registrations;

(D) Suspensions or expulsions from membership in, or association with, self-regulatory organizations registered under the "Securities Exchange Act of 1934" or the commodity exchange act; or

(E) A statement that there were no such proceedings;

(d) Notifies the commissioner within fifteen days of any material changes in the information provided in the notice of intent; and

(e) Annually furnishes to each purchaser for whom the seller is then storing precious metals, and to the commissioner, a report by an independent certified public accountant of the accountant's examination of the seller's precious metals storage program.

(3) The commissioner may, upon request by the seller, waive any of the exemption requirements in paragraph (b) of subsection (1) and subsection (2) of this section, conditionally or unconditionally.

(4) The commissioner may, by order, deny, suspend, revoke, or place limitations on the qualified seller exemption under paragraph (b) of subsection (1) and subsection (2) of this section if the commissioner finds that the order is in the public interest and that the seller, the seller's officers, directors, partners, agents, servants, or employees, any person occupying a similar status or performing a similar function to the seller, or any person who directly or indirectly controls or is controlled by the seller, or the seller's affiliates or subsidiaries:

(a) Has filed a notice of intention under subsection (2) of this section with the commissioner or the designee of the commissioner which was incomplete in any material respect or contained any statement which was, in light of the circumstances under which it was made, false or misleading with respect to any material fact;

(b) Has violated or failed to comply with a provision of this article or is the subject of an adjudication or determination within the last five years by an agency, administrator, or court of competent jurisdiction of any other jurisdiction that the person has willfully violated the anti-fraud provisions of any state or federal securities or commodities law;

(c) Has, within the last ten years, pled guilty or nolo contendere to, or been convicted of any crime involving fraud or unlawful taking;

(d) Has been permanently or temporarily enjoined by any court of competent jurisdiction from engaging in, or continuing, any conduct or practice in violation of the anti-fraud provisions of any state or federal securities or commodities law;

(e) Is the subject of any of the following orders which are in effect and issued within the last five years:

(I) An order by the administrator of any jurisdiction administering a state commodity law or the commodity futures trading commission entered after notice and opportunity for hearing, denying, suspending, or revoking the person's registration as a futures commission merchant, commodity pool operator, commodity trading advisor, introducing broker, leverage transaction merchant, associated person, floor broker, or the substantial equivalent of those terms;

(II) A suspension or expulsion from membership in or association with a self-regulatory organization registered under the commodity exchange act;

(III) A United States postal service fraud order; or

(IV) An order entered by the commodity futures trading commission denying, suspending, or revoking registration under the commodity exchange act;

(f) Has failed reasonably to supervise its sales representatives or sales employees engaged in the investment commodities business.

(5) The commissioner may designate an administrative law judge, appointed pursuant to part 10 of article 30 of title 24, C.R.S., to conduct hearings pursuant to section 24-4-105, C.R.S.

(6) Any person aggrieved by a final order of the commissioner may obtain review of the order in the district court of the city and county of Denver pursuant to the provisions of section 24-4-106, C.R.S.

(7) If the commissioner finds that any applicant or qualified seller is no longer in existence or has ceased to do business or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the commissioner may, by order, revoke qualified seller status.

(8) By order or rule and subject to such terms and conditions prescribed therein, the commissioner may, from time to time, add any persons or transactions not within the exclusive jurisdiction of the commodity futures trading commission as granted by the commodity exchange act, to the persons and transactions exempted from the prohibitions set forth in section 11-53-103, if the commissioner finds that such prohibitions are not necessary in the public interest and for the protection of investors.

**11-53-107. Fraudulent conduct.** (1) No person shall, directly or indirectly, in or in connection with the purchase or sale of, the offer to sell, the offer to purchase, the offer to enter into, or the entry into of any commodity contract or commodity option prohibited by section 11-53-103 or made pursuant to section 11-53-104 or 11-53-105 (1) (b) or (1) (d):

(a) Cheat or defraud, or attempt to cheat or defraud, any other person or employ any device, scheme, or artifice to defraud any other person;

(b) Make any false report, enter any false record, or make any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances under which they were made, not misleading;

(c) Engage in any transaction, act, practice, or course of business, including, without limitation, any form of advertising or solicitation, which operates or would operate as a fraud or deceit upon any person; or

(d) Misappropriate or convert the funds, security, or property of any other person.

## PART 2

### ENFORCEMENT OF COMMODITY CODE - PENALTIES

**11-53-201. Investigations - subpoenas.** (1) The commissioner in his discretion may make such public or private investigations within or outside of this state as the commissioner deems necessary to determine whether any person has violated any provision of this article or any rule or order under this article or to aid in the enforcement of this article, or, in the prescribing of rules and forms under this article, the commissioner may require or permit any person to file a statement as to all the facts and circumstances concerning the matter to be investigated and may publish information concerning any proceeding brought under this article or any rule or order issued under this article.

(2) For purpose of any investigation or proceeding under this article, the commissioner or any officer designated by the commissioner may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner finds to be relevant or material to the inquiry.

(3) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the district court of the city and county of Denver, upon application by the commissioner, may issue to such person an order requiring the person to appear before the commissioner, or the officer designated by him, to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(4) No person is excused from attending and testifying or from producing any document or record before the commissioner, or in obedience to the subpoena of the commissioner or any officer designated by the commissioner, or in any proceeding instituted by the commissioner on the ground that the testimony or evidence, documentary or otherwise, required of the person subpoenaed may tend to incriminate said person or subject the person to a penalty or forfeiture; but no document, evidence, or other information compelled under order of the district court of the city and county of Denver, or any information directly or indirectly derived from such document, evidence, or other information, may be used against an individual so compelled in any criminal case; except that the individual testifying is not exempt from prosecution and punishment for perjury in the first or second degree or contempt committed in testifying.

**Source: L. 89:** Entire article R&RE, p. 637, § 1, effective July 1.

**11-53-202. Enforcement - cease-and-desist orders.** (1) Whenever it appears to the commissioner that any person has engaged in any act or practice constituting a violation of any provision of this article or any rule or order under this article, the commissioner may apply to the district court for the city and county of Denver, or to the appropriate courts of another state, for the appropriate legal or equitable relief, including but not limited to:

(a) A declaratory judgment;

(b) A temporary restraining order or preliminary or permanent prohibitory or mandatory injunction enjoining the act or practice in question and to enforce compliance with this article or any rule or order under this article;

(c) An order for restitution and disgorgement, or either of them; and

(d) An order for appointment of a receiver or conservator for the defendant or the defendant's assets.

(2) Whenever it appears to the commissioner that any person has engaged in any act or practice constituting a violation of any provision of this article or any rule or order under this article, then, in addition to the powers granted in subsection (1) of this section, the commissioner may enter an order to show cause directed to such person and shall follow substantially the procedure set forth in section 11-51-606 (1.5).

**Source:** L. 89: Entire article R&RE, p. 638, § 1, effective July 1. L. 2001: (2) added, p. 803, § 3, effective July 1.

**11-53-203. Power of court to grant relief.** (1) Upon a proper showing by the commissioner that a person has violated any provision of this article or any rule or order under this article, the court may grant appropriate legal or equitable remedies including a temporary restraining order, a preliminary and permanent prohibitory or mandatory injunction, and writ or prohibition or mandamus. In addition, the court may grant the following special remedies:

(a) Imposition of a civil penalty in an amount which may not exceed ten thousand dollars for any single violation or one hundred thousand dollars for multiple violations in a single proceeding or a series of related proceedings;

(b) Disgorgement;

(c) Declaratory judgment;

(d) Restitution to investors wishing restitution; and

(e) Appointment of a receiver or conservator for the defendant or the defendant's assets.

(2) In any such action, the commissioner shall not be required to plead or prove irreparable injury or the inadequacy of the remedy at law. Under no circumstances shall the court require the commissioner to post a bond.

**Source:** L. 89: Entire article R&RE, p. 638, § 1, effective July 1.

**11-53-204. Criminal penalties - statute of limitations.** (1) Any person who willfully violates any provision of this article, except section 11-53-108, or who willfully violates section 11-53-108 when the person knows or should know that the statement the person makes in violation of section 11-53-108 is false or misleading in any material respect commits a class 3 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) The commissioner may refer such evidence as is available concerning violations of this article to the attorney general, the proper district attorney or other criminal prosecutor, who may, with or without such a reference from the commissioner, prosecute the appropriate criminal proceedings.

(3) Nothing in this article limits the power of the state to punish any person for any conduct which constitutes a crime by statute.

(4) No person shall be prosecuted, tried, or punished for any criminal violation of this article unless the indictment, information, complaint, or action for the same is found or instituted within five years after the commission of the offense.

**11-53-205. Administration of article.** (1) This article shall be administered by the commissioner as the head of the division of securities within the department of regulatory agencies.

(2) Neither the commissioner nor any employees of the commissioner shall use any information which is filed with or obtained by the commissioner or the designee of the commissioner which is not public information for personal gain or benefit, nor shall the commissioner or employees of the commissioner conduct any securities or commodity dealings whatsoever based upon any such information, even though public, if there has not been a sufficient period of time for the securities or commodity markets to assimilate such information.

(3) Any information obtained by the commissioner or any designee of the commissioner under this article shall be nonpublic and confidential unless made public by the commissioner or the designee of the commissioner in connection with an investigation or proceeding under this article or under section 11-53-206. No provision of this article either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the commissioner or any designee of the commissioner.

**11-53-206. Cooperation with other agencies.** (1) To encourage uniform application and interpretation of this article and commodities regulation and enforcement in general, the commissioner and the employees of the commissioner may cooperate, including bearing the expense of such cooperation, with law enforcement and other regulatory agencies of this state or other jurisdictions.

(2) The cooperation authorized by subsection (1) of this section shall include, but need not be limited to, the following:

- (a) Making joint examinations or investigations;
- (b) Holding joint administrative hearings;
- (c) Filing and prosecuting joint litigation;
- (d) Sharing and exchanging personnel;
- (e) Sharing and exchanging information and documents; except that any information or documents shared by the commissioner with other agencies shall remain nonpublic and confidential as provided in section 11-53-205 (3) unless made public in connection with an investigation or proceeding brought by agencies with whom said information or documents was shared; and
- (f) Formulating and adopting mutual regulations, statements of policy, guidelines, proposed statutory changes, and releases.

**Source: L. 89:** Entire article R&RE, p. 639, § 1, effective July 1.

**11-53-207. General authority to adopt rules, forms, and orders.** (1) In addition to specific authority granted elsewhere in this article, the commissioner may make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this article. Such rules or forms shall include, but need not be limited to, rules defining any terms, whether or not used in this article, insofar as the definitions are not inconsistent with the provisions of this article. For the purpose of rules or forms, the commissioner may classify commodities, commodity contracts, commodity options, persons, and matters within the commissioner's jurisdiction.

(2) Unless specifically provided in this article, no rule, form, or order may be adopted, amended, or rescinded unless the commissioner finds that the action is:

- (a) Necessary or appropriate in the public interest or for the protection of investors; and
  - (b) Consistent with the purposes fairly intended by the policy and provisions of this article.
- (3) All rules and forms of the commissioner shall be published.

(4) No provision of this article imposing any liability applies to any act done or omitted in good faith in conformity with a rule, order, or form adopted by the commissioner, notwithstanding that the rule, order, or form may later be amended, or rescinded, or be determined by judicial or other authority to be invalid for any reason.

**11-53-209. Pleading exemptions.** It shall not be necessary to plead in the negative any of the exemptions of this article in any complaint, information, or indictment or any writ or proceeding brought under this article; and the burden of proof of any such exemption shall be upon the party claiming the same.

**Source: L. 89:** Entire article R&RE, p. 640, § 1, effective July 1.

**11-53-210. Affirmative defenses.** (1) It shall be an affirmative defense in any complaint, information, or indictment, or to any writ or proceeding brought under this article alleging a violation of section 11-53-103 based solely on the failure in an individual case to make physical delivery within the applicable time period under section 11-53-102 (5) or 11-53-105 (1) (b) if:

(a) Failure to make physical delivery was due solely to factors beyond the control of the seller, the seller's officers, directors, partners, agents, servants, or employees, any person occupying a similar status or performing a similar function to the seller, or any person who directly or indirectly controls or is controlled by the seller, the seller's affiliates, subsidiaries, or successors; and

(b) Physical delivery was completed within a reasonable time under the applicable circumstances.

**11-53-211. Interpretive opinions.** The securities commissioner may honor requests from interested persons for confirmation of the applicability of particular exclusions from the definitions set forth in section 11-53-102, for the applicability of exemptions set forth in sections 11-53-104 and 11-53-105, and for the applicability of any other provision of this article. Any person making such a request shall pay a nonrefundable fee which shall be set and collected pursuant to section 11-51-707. In response to any request for a confirmation or other interpretive opinion received pursuant to this section, the securities commissioner may waive any condition imposed under this article as it applies to the person making the request.

**11-54-101. Short title.** This article shall be known and may be cited as the "Refunding Revenue Securities Law".

**Source:** L. 63: p. 886, § 7. C.R.S. 1963: § 125-8-1.

**11-54-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Facility" means any of the facilities or properties, revenues derived from the operation of which are pledged to the payment of public securities.

(2) Repealed.

(3) "Governing body" means the city council, commission, board of county commissioners, board of trustees, board of directors, or other legislative body of the public body designated in this article in which body the legislative powers of the public body are vested.

(4) "Issuer" means the state or public body issuing any public security.

(5) "May" is permissive.

(6) "Net effective interest rate" means the net interest cost of public securities divided by the sum of the products derived by multiplying the principal amounts of the securities maturing on each maturity date by the number of years from their date to their respective maturities. In all cases the net effective interest rate shall be computed without regard to any option of redemption prior to the designated maturity dates of the public securities.

(7) "Net interest cost" means the total amount of interest to accrue on public securities from their dates to their respective maturities, less the amount of any premium above par, or plus the amount of any discount below par, at which said public securities are being or have been sold. In all cases the net interest cost shall be computed without regard to any option of redemption prior to the designated maturity dates of the public securities.

(8) "Ordinance" means an ordinance of a city or town or resolution or other instrument by which a governing body of the state or public body exercising any power under this article takes formal action and adopts legislative provisions and matters of some permanency.

(9) "Public body of the state" means the transportation commission; any state educational institution, or other state institution, its board of regents, or other governing body thereof constituting a body corporate; any county; any incorporated city or incorporated town, whether incorporated or governed under a general act, special legislative act, or special charter enacted, granted, or adopted pursuant to article XX of the state constitution, or otherwise; any school district; and any metropolitan district, metropolitan sewage disposal district, metropolitan water district, water district, sanitation district, water and sanitation district, water conservancy district, metropolitan recreation district, health service district, city housing authority, county housing authority, urban renewal agency, community redevelopment agency, any other corporate district, any other corporate authority, any corporate commission, or any other political subdivision of the state constituting a body corporate.

(10) "Public security" means a bond, note, warrant, certificate of indebtedness, or other obligation for the payment of money, issued by the state, any public body thereof, or any predecessor of any public body of the state, and payable from designated revenues or

special fund, but excluding any obligation payable from ad valorem taxes, any obligation constituting a debt or an indebtedness within the meaning of any constitutional, charter, or statutory limitation, any obligation payable within one year from the date of its issuance, and any obligation payable from special assessments.

(11) "Shall" is mandatory.

(12) "State" means the state of Colorado, and any board, commission, department, corporation, instrumentality, or agency thereof.

(13) Words used in this article importing singular or plural number may be construed so that one number includes both; and words importing masculine gender shall be construed to apply to the feminine gender and to the neuter gender as well; but these rules of construction shall not apply to any part of this article containing express provisions excluding such construction, or where the subject matter or context is repugnant thereto.

**11-54-103. Refunding public securities.** Any public securities issued by the state, or any public body thereof, may be refunded, without an election, by the state or public body issuing them, or any successor thereof, in the name of the state or public body issuing the public securities being refunded, but subject to provisions concerning their payment and to any other contractual limitations in the proceedings authorizing their issuance or otherwise appertaining thereto, pursuant to an ordinance to be adopted by the governing body of the issuer in the manner provided by law for the issuance of the public securities being refunded, to refund, pay, and discharge all or any part of such outstanding public securities, including any interest thereon in arrears or about to become due, or for the purpose of reducing interest costs or effecting other economies, or of modifying or eliminating restrictive contractual limitations appertaining to the issuance of additional public securities, or to any project appertaining thereto or any combination thereof.

**Source:** L. 63: p. 888, § 3. C.R.S. 1963: § 125-8-3.

**11-54-104. Method of issuance.** Any public securities issued for refunding purposes either may be delivered in exchange for the outstanding public securities being refunded or may be publicly or privately sold.

**Source:** L. 63: p. 888, § 4. C.R.S. 1963: § 125-8-4.

**11-54-105. Limitations upon issuance.** No public securities may be refunded under this article unless the holders thereof voluntarily surrender them for exchange or payment, or unless they either mature or are callable for prior redemption under their terms within ten years from the date of issuance of the refunding public securities. Provision shall be made for paying the public securities within said period of time. No maturity of any public security refunded may be extended over fifteen years, nor may the net effective interest rate of the issue of refunding securities be increased to any rate exceeding the maximum net effective interest rate authorized by the governing body. The principal amount of the refunding public securities may exceed the principal amount of the refunded public securities if the aggregate principal and interest costs of the refunding public securities do not exceed such unaccrued costs of the public securities refunded, except to the extent any interest on the public securities refunded in arrears or about to become due is capitalized with the proceeds of refunding public securities. The principal amount of the refunding public securities may also be less than or the same as the principal amount of the public securities being refunded so long as provision is duly and sufficiently made for their payment. The limitations of this section shall not apply to the refunding of public securities in order to avoid default.

**Source:** L. 63: p. 888, § 5. C.R.S. 1963: § 125-8-5. L. 70: p. 109, § 4.

**11-54-106. Use of proceeds of refunding public securities.** (1) The proceeds of refunding public securities shall either be immediately applied to the retirement of the public securities to be refunded or be placed in escrow in any state or national bank within the state which is a member of the federal deposit insurance corporation to be applied to the payment of the public securities upon their presentation therefor; but, to the extent any incidental expenses have been capitalized, such security proceeds may be used to defray such expenses; and any accrued interest and any premium appertaining to a sale of refunding public securities may be applied to the payment of the interest thereon and the principal thereof, or both interest and principal, or may be deposited in a reserve therefor, as the governing body may determine.

(2) No such escrow shall necessarily be limited to proceeds of refunding public securities but may include other moneys available for its purpose. Any escrowed proceeds, pending such use, may be invested or reinvested in securities meeting the investment requirements established in part 6 of article 75 of title 24, C.R.S. Such escrowed proceeds and investments, together with any interest to be derived from any such investment, shall be in an amount at all times sufficient as to principal, interest, any prior redemption premium due, any charges of the escrow agent payable therefrom to pay the public securities being refunded as they become due at their respective maturities or due at designated prior redemption dates in connection with which the governing body of the issuer shall exercise a prior redemption option. No purchaser of any public security issued under this article shall in any manner be responsible for the application of the proceeds thereof by the issuer or any of its officers, agents, or employees.

**11-54-107. Payment of refunding public securities.** Refunding public securities may be made payable from any revenues derived from any utility, system, project, or other source which might be legally pledged for the payment of the public securities being refunded at the time of the refunding or at the time of the issuance of the public securities being refunded, as the governing body of the issuer may determine, notwithstanding the pledge of such revenues for the payment of the outstanding public securities being refunded is thereby modified; but there shall not be pledged for the payment of the refunding public securities any revenues which might not have been lawfully pledged for the payment of the public securities being refunded because of limitations in any question authorizing their issuance, unless the refunding public securities are similarly authorized at an election by the majority required by law for the issuance of the public securities being refunded.

**11-54-111. Public security provisions.** (1) Public securities, including refunding public securities issued under this article and junior college revenue securities issued under the provisions of article 71 of title 23, C.R.S., shall bear interest at a rate such that the net effective interest rate of the issue of refunding public securities or junior college revenue securities does not exceed the maximum net effective interest rate authorized. Such interest shall be payable semiannually or annually and evidenced by one or two sets of coupons, if any, executed with the facsimile or manually executed signature of any official of the issuer; except that the first coupon appertaining to any public security may evidence interest not in excess of one year, and such securities may be in one or more series, may bear such date, may mature at such times not exceeding forty years from their respective dates, may be designated or redesignated, may be in such denomination, may be payable in such medium of payment and at such place within or without the state, including but not limited to the office of any county treasurer in which the issuer is located wholly or in part, may carry such registration privileges, may be subject to such terms of prior redemption in advance of maturity in such order or by lot or otherwise at such time with or without a premium, may be executed in such manner, may bear such privileges for reissuance in the same or other denominations, may be so reissued, without modification of maturities and interest rates, and may be in such form, either coupon or registered, as may be provided by ordinance of the governing body of the issuer. The governing body may provide for the subordination of the security of any public securities issued under this article and the payment of principal and interest thereon, to the extent deemed feasible and desirable by the governing body, to other public securities issued to finance facilities appertaining thereto or that may be outstanding when the public securities thus subordinated are issued and delivered.

(2) The public securities shall never be sold at less than ninety-five percent of the principal amount thereof and accrued interest thereon to the date of delivery, nor at a price which will result in a net effective interest rate to the issuer of more than the maximum net effective interest rate authorized by the governing body.

(3) Public securities may be issued with privileges for conversion or registration, or both, for payment as to principal or interest, or both; and, where interest accruing on the public securities is not represented by interest coupons, the public securities may provide for the endorsing of payments of interest thereon; and the public securities generally shall be issued in such manner, in such form, either coupon or registered, with such recitals, terms, covenants, and conditions, and with such other details as may be provided by the governing body, except as otherwise provided in this article.

(4) Subject to the payment provisions specifically provided in this article, the said public securities, any interest coupons thereto attached, and any temporary public securities shall be fully negotiable within the meaning and for all the purposes of investment securities (uniform commercial code), article 8 of title 4, C.R.S., except as the governing body may otherwise provide; and each holder of each such public security, by accepting such security, shall be conclusively deemed to have agreed that such public security, except as otherwise provided, is and shall be fully negotiable within the meaning and for all the purposes of investment securities (uniform commercial code), article 8 of title 4, C.R.S.

(5) Notwithstanding any other provision of law, the governing body in any proceedings authorizing public securities under this article:

(a) May provide for the initial issuance of one or more public securities, called "public security" in this subsection (5), aggregating the amount of the entire issue, or any designated portion thereof;

(b) May make such provision for installment payments of the principal amount of any such public security as it may consider desirable;

(c) May provide for the making of any such public security, payable to bearer or otherwise, registrable as to principal or as to both principal and interest and, where interest accruing thereon is not represented by interest coupons, for the endorsing of payments of interest on such public securities; and

(d) May further make provision in any such proceedings for the manner and circumstances in and under which any such public security may in the future, at the request of the holder thereof, be converted into public securities of smaller denominations, which public securities of smaller denominations may in turn be either coupon public securities or public securities registrable as to principal or as to both principal and interest.

(6) If lost or completely destroyed, any public security authorized in this article may be reissued in the form and tenor of the lost or destroyed public security upon the owner furnishing, to the satisfaction of the governing body: Proof of ownership; proof of loss or destruction; a surety bond in twice the face amount of the public security, including any unmatured coupons appertaining thereto; and payment of the cost of preparing and issuing the new public security.

(7) Any officer authorized to execute any public security, after filing with the secretary of state his manual signature certified by him under oath, may execute or cause to be executed, with a facsimile signature in lieu of his manual signature, any public security authorized in this article; except that such a filing is not a condition of execution with a facsimile signature of any interest coupon, and except that at least one signature required or permitted to be placed on each such public security, excluding any interest coupon, shall be manually subscribed. The facsimile signature of an officer shall have the same legal effect as his manual signature.

(8) The clerk or secretary of the issuer may cause the seal of the issuer to be printed, engraved, stamped, or otherwise placed in facsimile on any public security. The facsimile seal shall have the same legal effect as the impression of the seal.

(9) The ordinance authorizing any public securities or other instrument appertaining thereto may contain any agreement or provision customarily contained in instruments securing revenue bonds or like public securities, including without limiting the generality of the foregoing, covenants designated in section 11-54-113.

**11-54-112. Signatures on public securities.** (1) The public securities and any coupons bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding obligations of the issuer, notwithstanding that before the delivery thereof and payment therefor any of the persons whose signatures appear thereon shall have ceased to be officers of the issuer.

(2) Any officer authorized or permitted to sign any public security or interest coupon, at the time of its execution and of the execution of a signature certificate, may adopt as and for his own facsimile signature the facsimile signature of his predecessor in office in the event that such facsimile signature appears upon the public security or coupons appertaining thereto, or upon both the public security and such coupons.

**11-54-113. Covenants in authorizing ordinance.** (1) Any ordinance authorizing the issuance of public securities under this article, or any trust indenture or other instrument appertaining thereto, may contain covenants as to:

(a) The rates, fees, tolls, and charges to be charged for the services and commodities of the facilities, revenues derived from the operation of which are pledged for the payment of the public securities, and the use and disposition thereof, including but not limited to the foreclosure of liens for and collection of delinquencies, the discontinuance of services or facilities, prohibition against free service, the collection of penalties and collection costs,

including disconnection and reconnection fees, and the use and disposition of any revenues of the issuer, derived or to be derived from any facilities;

(b) The creation and maintenance of reserves or sinking funds and the regulation, use, and disposition thereof, to secure the payment of the principal of and the interest on any public securities or of operation and maintenance expenses of any facilities, or part thereof; the determination or definition of revenues from any facilities, and of the expenses of operation and maintenance thereof; and the source, custody, security, use, and disposition of any such reserves or sinking funds, including but not limited to the powers and duties of any trustee with regard thereto;

(c) A fair and reasonable payment by the issuer to the account of such facilities for the services, commodities, or facilities furnished to the issuer or any of its departments by any facilities;

(d) The issuance of other or additional public securities or other instruments payable from or constituting a charge against the revenue of any facilities; the payment of the principal of and the interest on any public securities, and the sources and methods thereof, the rank or priority of any public securities as to any lien or security for payment, or the acceleration of any maturity of any public securities, or the issuance of other or additional public securities payable from or constituting a charge against or lien upon any revenues pledged for the payment of public securities and the creation of future liens and encumbrances against these revenues, and limitations thereon; and the purpose to which the proceeds of the sale of public securities may be applied, and the custody, security, use, expenditure, application, and disposition thereof;

(e) Books of account, the inspection and audit thereof, and other records appertaining to facilities; the insurance to be carried by the issuer and use and disposition of insurance moneys, the acquisition of completion or surety bonds appertaining to any project, funds, or personnel, and the use and disposition of any proceeds of such bonds; the assumption or payment or discharge of any indebtedness, other obligation, lien, or other claim relating to any part of any facilities, or any public securities having or which may have a lien on any part of any revenues of the facilities; and limitations on the powers of the issuer to acquire or operate, or permit the acquisition or operation of, any plants, structures, or properties which may compete or tend to compete with the facilities;

(f) The rights, liabilities, powers, and duties arising upon the breach by the issuer of any covenants, conditions, or obligations; defining events of default; the payment of costs or expenses incident to the enforcement of the public securities or of the provisions of the ordinance authorizing the public securities or any trust indenture or other instrument appertaining thereto, or of any covenant or contract with the holders of the public securities; the procedure, if any, by which the terms of any covenant or contract with, or duty to, the holders of public securities, the public security ordinance, any trust indenture or other instrument, may be amended or abrogated, the amount of public securities the holders of which, or any trustee therefor, must consent thereto, and the manner in which such consent may be given or evidenced; the terms and conditions upon which the holders of the public securities or of a specified portion, percentage, or amount thereof, or any trustee therefor, shall be entitled to the appointment of a receiver, which receiver may enter and take possession of the facilities, or any part thereof, operate and maintain the same, prescribe rates, fees, tolls, and charges, and collect, receive, and apply all revenues thereafter arising therefrom in the same manner as the issuer itself might do; and the terms and conditions upon which any or all of the public securities shall become or may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived;

(g) The vesting in a corporate or other trustee of such property, rights, powers, and duties in trust as the issuer may determine, which may include any of the rights, powers, and duties of any trustee appointed by any holders of public securities, and the limitation of liabilities of any such trustee, or the limitation or the abrogation of the right of such holders of public securities to appoint any trustee, or the limitation of the rights, powers, and duties of such trustee; and the terms and conditions upon which the holders of the public securities or any portion or percentage of them may enforce any covenants or provisions made under this article or duties imposed thereby; and

(h) All such acts and things as may be necessary or convenient or desirable in order to secure its public securities or, in the discretion of the governing body of the issuer, tend to make the public securities more marketable, notwithstanding that such covenant, act, or thing may not be enumerated in this article, it being the intention of this article to give an issuer power to do all things in the issuance of public securities and for their security.

**11-54-114. Incontestable recital in public securities.** Any ordinance authorizing, or any trust indenture or other instrument appertaining to, any public securities under this article may provide that each authorized public security shall recite that it is issued under authority of this article. Such recital shall conclusively impart full compliance with all of the provisions of this article, and all public securities issued containing such recital shall be incontestable for any cause whatsoever after their delivery for value.

**Source:** L. 63: p. 895, § 14. C.R.S. 1963: § 125-8-14.

**11-54-115. Cumulative and continuing rights of holders of public securities.**  
(1) No right or remedy conferred upon any holder of any public security or of any coupon appertaining thereto or any trustee for such holder by this article or by any other law or proceedings appertaining thereto is exclusive of any other right or remedy, but each such right or remedy is cumulative and in addition to every other right or remedy and may be exercised without exhausting and without regard to any other remedy conferred by this article or by any other law.

(2) The failure of any holder of any public securities or coupon issued under this article to proceed as provided in any proceedings appertaining to the issuance of such public security or coupon shall not relieve the issuer, its governing body, or any of its officers, agents, and employees of any liability for failure to perform or carry out any duty, obligation, or other commitment.

**Source:** L. 63: p. 895, § 15. C.R.S. 1963: § 125-8-15.

**11-54-116. Construction of article.** The powers conferred by this article shall be in addition and supplemental to and not in substitution for, and the limitations imposed by this article shall not affect, the powers conferred by any other law. Public securities may be issued under this article without regard to the provisions of any other law, except as otherwise provided in this article expressly or by necessary implication. Insofar as the provisions of this article are inconsistent with the provisions of any other law, the provisions of this article shall be controlling.

**Source:** L. 63: p. 895, § 16. C.R.S. 1963: § 125-8-16.

**11-54-117. Validation.** All outstanding refunding public securities of the state and of all public bodies thereof, and all acts and proceedings had or taken, or purportedly had or taken prior to April 27, 1963, by or on behalf of the state or any public body thereof under law or under color of law preliminary to and in the authorization, execution, sale, issuance, and payment, or any combination thereof, of all such public securities are hereby validated, ratified, approved, and confirmed, including but not necessarily limited to the terms, provisions, conditions, and covenants of any ordinance appertaining thereto, the redemption of public securities before maturity and provisions therefor, the levy and collection of rates, tolls, and charges and other revenues appertaining to such public securities, and the acquisition and application of such other revenues, the pledge and use of the proceeds thereof, and the establishment of liens thereon and funds therefor, appertaining to such public securities, except as provided in this article, notwithstanding any lack of power, authority, or otherwise, other than constitutional, and notwithstanding any defects and irregularities, other than constitutional, in such public securities, acts, and proceedings, and

in such authorization, execution, sale, issuance, and payment, including without limiting the generality of the foregoing such acts and proceedings appertaining to such public securities all or any part of which have not been issued nor purportedly issued prior to April 27, 1963. Such outstanding public securities are and shall be, and such public securities not issued nor purportedly issued prior to said date shall be, after their issuance, binding, legal, valid, and enforceable obligations of the state or the public body issuing them in accordance with their terms and their authorizing proceedings, subject to the taking or adoption of acts and proceedings not had nor taken nor purportedly had nor taken prior to April 27, 1963, but required by and in substantial and due compliance with laws appertaining to any such public securities not issued nor purportedly issued prior to said date.

**Source:** L. 63: p. 896, § 17. C.R.S. 1963: § 125-8-17.

**11-54-118. Effect - limitations.** This article shall operate to supply such legislative authority as may be necessary to validate any refunding public security issued and any such acts and proceedings taken prior to April 27, 1963, which the general assembly could have supplied or provided for in the law under which such public securities were issued and such acts or proceedings were taken. This article shall be limited to the validation of public securities, acts, and proceedings to the extent to which the same can be effectuated under the state and federal constitutions. Also this article shall not operate to validate, ratify, approve, confirm, or legalize any public security, act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined, and shall not operate to confirm, validate, or legalize any public security, act, proceeding, or other matter which has been determined prior to April 27, 1963, in any legal proceedings to be illegal, void, or ineffective.

**Source:** L. 69: R&RE, p. 1083, § 1. C.R.S. 1963: § 125-6-6.

**11-55-107. Limitations on actions brought.** (1) No action based upon any public security authorized and issued on or after July 1, 1969, shall be commenced more than eighteen years after the final maturity date of the issue of which such public security is one.  
(2) No action based upon any public security issued prior to July 1, 1969, shall be commenced more than eighteen years after the final maturity date of the issue of which such public security is one.

(3) No action based upon any claim for interest accrued on any public security, whether said claim is evidenced by interest coupons or not, shall be commenced after action based upon said public security has been barred.

(4) The provisions of this section shall be inoperative as to any public security unless the treasurer of the issuing political subdivision at least six months and not more than twelve months prior has sent to the holder of record of such public security, at his last known address as shown on the books of such treasurer, a notice of the provisions of this section. A copy of such letter of notice held in such treasurer's records shall be conclusive proof that the requirements of this subsection (4) have been complied with.

**11-56-101. Short title.** This article shall be known and may be cited as the “Public Securities Refunding Act”.

**Source: L. 77:** Entire article added, p. 582, § 1, effective July 1.

**11-56-102. Legislative declaration - applicability.** The general assembly hereby declares that the orderly refunding of any revenue obligation or any general obligation bond and any other lawful general obligation indebtedness by any public body of the state, as defined in section 11-56-103 (7), when advantageous to the public body or persons within the public body, will serve a public use and will promote the health, safety, security, and general welfare of the inhabitants thereof and of the people of the state of Colorado. It is the intent of this article to provide a consistent mechanism for refunding for such public bodies of the state.

**Source: L. 77:** Entire article added, p. 582, § 1, effective July 1.

**11-56-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Escrow supplement” means any funds or moneys (other than bond proceeds) of a public body, legally available for the purpose, which are placed in an escrow or trust account established under the provisions of this article to be used and expended, together with the proceeds of refunding bonds or special obligation refunding bonds, or both, to accomplish the purposes of such escrow or trust account.

(2) Repealed.

(3) “General obligation” means general obligation bonds or any other lawful general obligation of a public body constituting a debt or indebtedness of such public body.

(4) “Governing body” means a city council, board of trustees, commission, board of county commissioners, board of directors, or other legislative body of a public body in which the legislative powers of such public body are vested.

(5) (a) “Net effective interest rate” of a proposed issue of refunding bonds means the net interest cost of said refunding issue divided by the sum of the products derived by multiplying the principal amounts expressed in one thousand dollar units of such refunding issue maturing on each maturity date by ten times the number of years from the date of said proposed refunding bonds to their respective maturities.

(b) “Net effective interest rate” of outstanding obligations to be refunded means the net interest cost of said obligations to be refunded divided by the sum of the products derived by multiplying the principal amounts expressed in one thousand dollar units of such obligations to be refunded maturing on each maturity date by ten times the number of years from the date of the proposed refunding bonds to the respective maturities of the obligations to be refunded. In all cases the net effective interest rate shall be computed without regard to any option of redemption prior to the designated maturity dates of the obligations to be refunded.

(6) (a) “Net interest cost” of a proposed issue of refunding bonds means the total amount of interest to accrue on said refunding bonds from their date to their respective

maturities, less the amount of any premium above par or plus the amount of any discount below par, at which said refunding bonds are being or have been sold.

(b) "Net interest cost" of outstanding obligations to be refunded means the total amount of interest which would accrue on said outstanding obligations from the date of the proposed refunding bonds to the respective maturity dates of said outstanding obligations to be refunded. In all cases the net interest cost shall be computed without regard to any option of redemption prior to the designated maturity dates of the obligations to be refunded.

(7) "Public body" means the transportation commission; any state educational institution, or other state institution, its board of regents, or other governing body thereof constituting a body corporate; any county; any municipality as defined by section 31-1-101 (6), C.R.S.; any school district; any special district, including any local government agency, corporation, quasi-municipal corporation, or other entity, organized or acting pursuant to the provisions of title 32 (except article 8), C.R.S.; and any water conservancy district, city housing authority, county housing authority, urban renewal agency, community redevelopment agency, any other corporate district, any other corporate authority, any corporate commission, or any other political subdivision of this state constituting a body corporate.

(8) "Revenue obligation" means revenue bonds or any other obligation payable solely from and pledging only specified income or revenue of the public body, which bonds or obligations do not constitute a debt or indebtedness of such public body.

(9) "Special obligation refunding bonds" means bonds issued by the public body pursuant to section 11-56-112.

**11-56-104. Purpose of refunding.** (1) A refunding of outstanding obligations of a public body may be accomplished pursuant to this article by the issuance of bonds for refunding, paying, and discharging all or any part of such outstanding obligations, including a portion of one or more issues of such obligations and including any interest thereon in arrears or about to become due, and for one or more of the following purposes:

(a) Avoiding or terminating any default in the payment of interest on or principal of, or both interest on and principal of, said obligations;

(b) Reducing the net effective interest rate of said obligations;

(c) Reducing total interest payable over the life of the obligations, by issuing bonds of a shorter term, or at a lower net interest cost, or having a lower net effective interest rate;

(d) Reducing the total principal and interest payable on such obligations or the principal and interest payable thereon in any particular year or years, or effecting other economies;

(e) Modifying or eliminating restrictive contractual limitations appertaining to such obligations, to the incurring of additional indebtedness or obligations, or to any system, facility, or improvement appertaining thereto;

(f) Postponing the maturity of all or any part or portion of said obligations to a later date, subject to the limitations in section 11-56-107;

(g) Substituting an issue of bonds for a note or notes, or other obligations, including but not limited to any obligation issued in anticipation of the later issuance of bonds;

(h) Any combination of the foregoing purposes specified in this subsection (1).

(2) In making the computations necessary or appropriate pursuant to subsection (1) of this section for a refunding transaction in which all or any portion of the principal of or interest on the refunding bonds is to be paid from the proceeds of such refunding bonds or the interest or other income to be derived from the investment of such proceeds, including any refunding transaction as a part of which special obligation refunding bonds are to be issued, only those amounts with regard to bonds issued for refunding purposes which are to be payable by the public body from sources other than refunding bond proceeds and the interest and other income derived from the investment of such proceeds need to be considered.

**11-56-104.5. Disclosures by underwriters of financial matters related to refunding.**

(1) (a) Whenever an underwriter proposes to refund the bonds of any public body, and competitive proposals have not been requested, the underwriter shall, simultaneously with the submission of the proposal, disclose, in writing, to the governing body of the public body, the entire income, from all sources, which he anticipates receiving if his proposal is accepted, specifying all such sources and amounts, as well as disclosing all expenses which he anticipates the public body will incur as a part of such refunding transaction. Any governing body may require such disclosure whenever any refunding proposals are to be considered.

(b) The underwriter shall also provide the governing body of the public body with a comparison of annual debt service requirements before and after refunding, by year and amount, including funds which are required in addition to bond proceeds. Such comparison shall also show the present value of all annual differences in debt service requirements, using as a discount factor the net effective interest rate of the refunding bonds. All such figures shall be computed from the date on which the transaction is closed and shall include funds provided by the issuer as a reduction of, or an addition to, debt service requirements. Funds provided by the issuer in excess of accrued principal and interest, and earnings on the funds, over the life of, and compounded at the net effective interest rate of, the refunding bonds, shall also be disclosed.

(2) The information specified in subsection (1) of this section shall be updated to the date of closing at the time of closing. Any governing body may require an additional disclosure at such time as final figures are available.

**Source: L. 78:** Entire section added, p. 304, § 1, effective March 29.

**11-56-105. General provisions - limitations.** (1) Any revenue obligations or general obligations issued or incurred by any public body may be refunded without an election by the public body issuing or incurring the same or any successor thereof, except as otherwise provided by this section, in the name of the public body which issued or incurred the obligation or indebtedness being refunded, but subject to provisions concerning their payment and to any other contractual limitations in the proceedings authorizing their issuance or otherwise appertaining thereto.

(2) (a) The bonded indebtedness of any school district outstanding at the time of the inclusion of all such district's territory in another district by reorganization, consolidation, dissolution, or any other lawful means may be refunded by action of the governing body of the district, including such territory at the time of such refunding, whether or not such indebtedness has been assumed by the district including such territory.

(b) When an entire school district having outstanding bonded indebtedness has been divided and parts thereof included within two or more other districts by any lawful means, the refunding of such indebtedness shall require affirmative action by a majority of the members of the governing body of each of the districts within which any part of the territory of such district owing said indebtedness is then included, except as is provided in this article to the contrary.

(c) The bonded indebtedness of any school district outstanding at the time any territory of said district is detached therefrom by any lawful means, and which district has retained its lawful corporate existence subsequent to the detachment of such territory from said district, may be refunded by action of the governing body of such district from which territory has been detached with or without concurrence or action by the governing body of any district within which all or any part of said detached territory is included, and such districts from which territory has been detached and which retain their corporate existence subsequent to detachment are specifically exempted from the requirements and provisions of paragraph (b) of this subsection (2).

(3) (a) General obligation refunding bonds may be issued to refund all or any portion of one or more outstanding general obligations of a public body, but no two or more

outstanding general obligations, or portions thereof, may be refunded by a single issue of refunding bonds unless the taxable property upon which tax levies are being made for payment of each such outstanding general obligation is identical to the taxable property on which such levies are being made for the payment of all other outstanding general obligations proposed to be refunded by such single issue of refunding bonds, and the same tax and debt limitations, if any, applicable to each obligation proposed to be refunded by such single issue of refunding bonds are also applicable to all other obligations to be refunded by such single issue.

(b) Refunding revenue bonds may be issued to refund all or any portion of one or more outstanding revenue obligations, but no two or more outstanding revenue obligations may be refunded by a single issue of refunding revenue bonds unless all of the outstanding revenue obligations could be issued as a single obligation at the time of the refunding. Subject to the provisions and limitations of section 11-56-106, general obligation refunding bonds may be issued to refund all or any portion of one or more outstanding revenue obligations, but no two or more outstanding revenue obligations may be refunded by a single issue of general obligation refunding bonds unless the property subject to taxation for the purpose for which each outstanding revenue obligation to be refunded was issued is identical to the property subject to taxation for the purpose for which each other outstanding revenue obligation to be refunded with such single issue of refunding revenue bonds was issued, and the tax and debt limitations, if any, applicable to taxes levied for general obligations issued for all of the purposes for which the outstanding revenue obligations to be refunded with such single issue of general obligation bonds were issued are the same.

(4) Refunding bonds may be delivered in exchange for the obligations to be refunded or may be sold in such manner as determined by the governing body in the best interests of the public body and the proceeds of said sale applied as provided in this article. Said bonds may be sold at, above, or below the par value thereof if the price thereof will not result in a net effective interest rate in excess of the maximum net effective interest rate authorized by the governing body.

(5) No revenue obligation or general obligation may be refunded unless the holder thereof voluntarily surrenders the same for exchange or payment or the said obligations either mature or are callable by the issuer for prior redemption under their terms within twenty years from the date of issuance of the refunding bonds, and provision shall have been made in said refunding for paying the obligations being refunded within said period of time.

(6) (a) A public body shall be authorized to utilize an escrow supplement in accomplishing any refunding procedures undertaken pursuant to this article; except where the purpose of the refunding is to accomplish the purposes designated in section 11-56-104 (1) (b), (1) (c), or (1) (d), then:

(I) Where general obligations constituting a debt or indebtedness of the public body are to be refunded, such escrow supplement shall not exceed the aggregate principal and net interest cost of the obligations to be refunded less the aggregate principal and net interest cost of the refunding bonds, other than special obligation refunding bonds;

(II) Where general obligation refunding bonds are proposed to be issued to refund revenue obligations, pursuant to section 11-56-106, no escrow supplement in excess of the amount by which the principal amount of the obligations to be refunded exceeds the principal amount of the refunding bonds, other than special obligation refunding bonds, shall be permitted unless approved as a part of the refunding question submitted to the electors.

(b) Neither the principal of nor the interest on any special obligation refunding bonds issued in conjunction with any other refunding bonds pursuant to this article shall be considered when making any of the computations required by this subsection (6).

(c) The provisions of this subsection (6) shall not apply to the refunding bonds where the indebtedness refunded was incurred pursuant to subsection (3) of section 6 of article XI of the state constitution.

(7) Whenever any school district issues refunding bonds under the provisions of this article, the governing body shall provide for registration of the bonds in the manner

provided for other school bonds by section 22-42-121, C.R.S., which registration shall have the same legal effect as specified in section 22-42-121, C.R.S.

(8) Any school district which issues refunding bonds under the provisions of this article shall file a report within sixty days after the issuance of said bonds with the state board of education. The report shall indicate the principal amount of obligations refunded, the net effective interest rate of both the obligations refunded and the refunding bonds, the net interest cost of both the obligations refunded and the refunding bonds, all school district costs incident to the issuance of refunding bonds, including those of the escrow agent, and such other items as may be determined by the state board of education.

(9) The issuance of refunding bonds by any public body for purposes of and in the manner authorized by this article, or by the provisions of any other law shall not be interpreted to be the creation of debt or indebtedness such that the same would require the approval at an election in accordance with the constitution or laws of this state, and no such approval shall be required for the issuance of such refunding bonds, except as specifically provided by this article. Any obligations which have been refunded, as provided in this article, either by immediate payment or redemption and retirement or by the placement of proceeds of refunding bonds in escrow, shall not be deemed outstanding for purposes of determining compliance with debt limitations or for determination of the relative position of the pledge or lien on any fund or moneys held by the refunding bonds from and after the date on which sufficient moneys are placed either with the paying agent of such outstanding obligations for the purpose of immediately paying or redeeming and retiring such bonds or with the escrow agent for the purpose of paying or redeeming and retiring such bonds at a designated future date. Sufficiency of any moneys for said purposes shall be determined as provided in section 11-56-109.

#### ANNOTATION

**Electoral approval of a proposed refunding is not required if the specific provisions of the "Public Securities Refunding Act" are satis-**

**fied.** In re Colorado Springs Spring Creek Gen. Imp. Dist., 177 Bankr. 684 (Bankr. D. Colo. 1995).

**11-56-106. Refunding with bonds of another type.** (1) Subject to the provisions of subsections (2), (3), and (4) of this section, nothing contained in this article shall be construed as authorizing a public body to issue any obligations constituting a debt or indebtedness for the purpose of refunding obligations which do not constitute debt or indebtedness.

(2) Any revenue obligations of a public body may be refunded by the issuance of general obligation refunding bonds only if the public body would be authorized by law to issue general obligations for the purposes for which such revenue obligations were originally issued at the time of the issuance of said refunding bonds, whether or not the public body was so authorized at the time of the issuance of such revenue obligations.

(3) If the issuance of general obligations for a particular purpose would be conditioned upon their approval by the qualified electors of the public body at an election, any general obligation refunding bonds proposed to be issued to refund revenue obligations originally issued for such purpose may be issued only if issuance of the refunding bonds has been approved at an election in the same manner.

(4) If a debt limitation pertains to general obligation bonds or other general obligations of a public body issued for a particular purpose, then no general obligation bonds shall be issued to refund any revenue obligations issued for such purpose in any principal amount which would cause such debt limitation to be exceeded.

**Source: L. 77:** Entire article added, p. 587, § 1, effective July 1.

**11-56-107. Bond provisions.** (1) The sum of the principal amount of any refunding revenue bonds may exceed the principal amount of the revenue obligations to be refunded

thereby by such amount as is useful to effect the refunding if the sum of the aggregate principal and net interest cost of the refunding revenue bonds for the period ending on the scheduled final maturity date of the revenue obligations to be refunded, without regard to any redemptions that may be made prior to such scheduled maturity date, is the same or less than the aggregate principal and net interest cost of the revenue obligations to be refunded for the same time period, excluding from the computation of the aggregate principal and net interest cost of the refunding revenue bonds any interest on the obligations to be refunded in arrears or about to become due and payable which is capitalized with the proceeds of the refunding revenue bonds and any interest on the refunding revenue bonds which is capitalized with the proceeds of the refunding revenue bonds. The principal amount of any general obligation refunding bonds shall not exceed the original authorized principal amount of the general obligations to be refunded. Except for refunding bonds where the indebtedness refunded was incurred pursuant to subsection (3) of section 6 of article XI of the state constitution, the principal amount of any general obligation bonds issued to refund outstanding revenue obligations shall not exceed the outstanding principal amount of the revenue obligations to be refunded, except to the extent that a larger principal amount of refunding bonds is authorized at an election pursuant to section 11-56-106 (3) or in the manner otherwise provided by law for incurring new indebtedness.

(2) Neither the principal of nor the interest on any special obligation refunding bonds issued in conjunction with any other refunding bonds pursuant to this article shall be considered when making any of the computations required by subsection (1) of this section.

(3) The principal amount of the refunding bonds may also be less than or the same as the principal amount of the obligations being refunded, so long as provision is duly and sufficiently made for payment in full and discharge of such refunded obligations.

(4) As the governing body may determine, any refunding bonds issued under this article shall:

- (a) Be of a convenient denomination;
- (b) Mature at such time not exceeding forty years from the date of said bonds as determined by the governing body;
- (c) Bear interest, which may be evidenced by one or more sets of coupons, at a specified rate, payable annually or semiannually, but the first interest payment may be for interest accruing for any other period not to exceed three years;
- (d) Be made payable, both principal and interest, in lawful money of the United States, at such place as determined by the governing body;
- (e) Be negotiable in form and executed in substantially the same manner as prescribed for other bonds of such public body.

(5) The right to redeem all or part of said refunding bonds prior to their maturity, and the order of any such redemption, may be reserved in the ordinance or resolution of the governing body, as the case may be, authorizing the issuance of the bonds and, if so reserved, shall be set forth on the face of said bonds. Such redemption may be with or without the payment of a premium not exceeding five percent of principal, as determined by the governing body.

(6) Any ordinance or resolution authorizing, or any escrow agreement or trust indenture or other instrument appertaining to, any refunding bonds issued under this article may provide that each refunding bond shall recite that it is issued under authority of this article. Such recital shall conclusively impart full compliance with all of the provisions and limitations of this article, and all refunding bonds issued containing such recital shall be incontestable for any cause whatsoever after their delivery for value.

**11-56-108. Application of bond proceeds - procedures - limitations.** (1) The proceeds derived from the issuance of refunding bonds under the provisions of this article, together with other legally available funds, if any, of the public body, shall either be immediately applied to the payment or redemption and retirement of the obligations to be refunded and the cost and expense incident to such procedures or shall be placed in escrow

or trust to be applied for the purposes and in the manner required or permitted under this article as the governing body may determine.

(2) Proceeds of refunding bonds, including proceeds of special obligation refunding bonds, if any, and other moneys which are placed in escrow or trust, pursuant to the determination and direction of the governing body, shall be used and applied for the following purposes and in the following manner, the details of which shall be set forth in full and at length in the escrow agreement:

(a) For the purpose of paying the principal of, interest on, and prior redemption premiums, if any, for the obligations refunded only;

(b) For the purpose of paying all or specified portions of the principal of, interest on, and prior redemption premiums, if any, for the obligations to be refunded or the refunding bonds or any combination thereof;

(c) For the purpose of paying all of the principal of, interest on, and prior redemption premiums, if any, for the obligations refunded, and all of the principal of, interest on, and prior redemption premiums, if any, for all special obligation refunding bonds issued as a part of the refunding transaction;

(d) In specified portions, for one or more or all of the purposes described in this subsection (2).

(3) The escrow agreement shall in each case designate and set forth with regard to the obligations refunded, the refunding bonds, and the special obligation refunding bonds, if any:

(a) Any amounts of principal, interest, prior redemption premiums, and costs and expenses of the refunding transaction to be payable from the escrow or trust account; including, without limiting the generality of the foregoing, the capitalization of interest on the refunding bonds for such period of time as the governing body may determine;

(b) Whether each such amount is to be payable:

(I) From funds originally placed in such escrow or trust account; or

(II) From the interest or other income derived from the investment of the funds originally placed in such escrow or trust account; or

(III) From a specified combination of subparagraphs (I) and (II) of this paragraph (b), and, if so, in what proportions; or

(IV) From any moneys in such account without specification or restriction; and

(c) The order and priority, if any, which is to govern the use and application of all or any part of the funds held in said escrow or trust account to payment of any such amounts.

(4) The incidental costs and expenses of the refunding transaction may be paid by the purchaser of the refunding bonds, or by the public body from any general fund, subject to appropriations therefor and any other limitations on the use thereof as otherwise provided by law, or from other available revenues of the public body under the control of the governing body, or from the proceeds of the refunding bonds, or from the interest or other yield derived from the investment of any refunding bond proceeds or other moneys placed in the escrow or trust, or from any other sources legally available therefor, or any combination thereof, as the governing body may determine.

(5) Any accrued interest and any premium appertaining to a sale of refunding bonds may be applied to the payment of the interest thereon or the principal thereof, or to both interest and principal, or may be deposited in a reserve therefor, or may be used to pay refunded obligations by deposit in the escrow or trust account, or otherwise, or may be used to defray any incidental costs and expenses appertaining to the refunding, or any combination thereof, as the governing body may determine. In the event of any use of such accrued interest or premium other than for payment of interest on or principal of the refunding bonds, or as a reserve therefor, the net interest cost figures on the refunding bonds used in making the computations required in sections 11-56-105 (6) and 11-56-107 (1) shall be adjusted upward accordingly to reflect the amounts actually to be paid by the public body.

(6) For the purpose of implementing the provisions of this article, the governing body shall have the power to enter into escrow agreements and to establish escrow or trust accounts with any commercial bank having full trust powers located within the state of

Colorado and which is a member of the federal deposit insurance corporation under protective covenants and agreements whereby such accounts shall be fully secured as provided by section 11-56-109.

**11-56-109. Proceeds of refunding bonds in escrow - investment - security - amounts.** (1) Moneys placed in any escrow or trust shall not necessarily be limited to proceeds of refunding bonds but may include other moneys legally available for the purpose.

(2) Any moneys in escrow or trust, pending use for their intended purpose, may be invested or reinvested only in securities meeting the investment requirements established in part 6 of article 75 of title 24, C.R.S.

(3) The escrow agent shall continuously secure any moneys placed in escrow or trust and not so invested or reinvested in securities by a pledge of such securities in a principal amount at all times at least equal to the total uninvested moneys held in such escrow or trust in strict accordance with the provisions of the escrow agreement. The requirements of this subsection (3) shall not apply with regard to any such uninvested moneys to the extent and during any time the same are fully insured by the federal deposit insurance corporation.

(4) Such moneys and investments in the escrow or trust account, together with the interest or other gain to be derived from any such investments, shall at all times be at least sufficient to make all of the payments required to be made pursuant to the escrow agreement in the manner and at the times specified in said agreement.

(5) The computations made in determining such sufficiency shall be verified by a certified public accountant licensed to practice in this state.

(6) No purchaser of any refunding bond issued under this article shall be responsible in any manner for the application of the bond proceeds or other moneys by the public body, the governing body, or any of the officers, agents, or employees of the public body.

**11-56-110. Sources of payment - limitations.** Refunding bonds, other than special obligation refunding bonds, may be made payable from, and the governing body may pledge to the payment of such refunding bonds, any tax, or any income or revenue of the public body from any source, or both such taxes and such income or revenue, which could have been legally pledged to and used for the payment of the obligations being refunded at the time such obligations being refunded were issued or which could legally be pledged to and used for the payment of the obligations being refunded if the same were to be issued at the time of the refunding, as the governing body may determine, notwithstanding the pledge of such taxes, income or revenue for the payment of the outstanding obligations being refunded is thereby modified. In no event, however, shall any taxes, income, or revenues be pledged for the payment of any refunding bonds which could not have been lawfully pledged for the payment of the obligations being refunded because of the lack of the required approval of such pledge by the electors qualified to vote on the issuance of the obligations being refunded, or because of limitations in the election question authorizing their issuance, unless the refunding bonds and such pledge are similarly authorized by the electors at an election in substantially the manner required by law for the issuance of the obligations being refunded.

**Source:** L. 77: Entire article added, p. 591, § 1, effective July 1.

**11-56-111. Combination of refunding bonds and other bonds - limitations.** Any refunding bonds and bonds for any other purpose authorized by any other law may, in the discretion of the governing body, be issued separately or in combination in one or more

series by the public body, subject, however, to the same limitations provided in section 11-56-105 (3) for combined refunding of two or more outstanding obligations.

**Source: L. 77:** Entire article added, p. 591, § 1, effective July 1.

**11-56-112. Special obligation refunding bonds.** (1) In addition to and in combination with the refunding bonds authorized by this article, the public body may concurrently issue special obligation refunding bonds, for the purpose of providing additional funds with which to accomplish the refunding of outstanding general obligations or outstanding revenue obligations. Such special obligation refunding bonds shall be payable solely from amounts pledged under the escrow or trust agreement derived from certain specified interest or principal, or both interest and principal, payments on the investments in said escrow or trust account.

(2) The total principal amount of special obligation refunding bonds shall not exceed the sum of the following items reduced by the total principal amount of refunding bonds, other than special obligation refunding bonds, to be issued as a part of such refunding transaction:

(a) The total outstanding principal amount of the obligations being refunded;

(b) The prior redemption premium, if any, payable on that portion of the obligations being refunded which are to be called for redemption prior to maturity, as set forth in the ordinance or resolution authorizing the refunding bonds;

(c) The total accrued and unaccrued interest payable on the obligations refunded to stated maturity dates or to the dates at which all or specified portions of the refunded obligations are to be called for redemption prior to maturity, as set forth in the ordinance or resolution authorizing the refunding bonds, less the amount of any such accrued interest deposited into the escrow account by the issuer; and

(d) All costs incurred in the authorization, sale, issuance, and delivery of the refunding bonds and the special obligation refunding bonds.

(3) The public body shall have no authority or power, at any time or in any manner, to pledge its credit, or its taxing power or any other funds, moneys, income, or revenues of such public body other than as specified in this section, to the payment of the principal of or interest on the special obligation refunding bonds issued pursuant to this section, nor shall such special obligation refunding bonds be deemed to be a debt or indebtedness of the public body or the state of Colorado, and such condition shall be set forth on the face of the bonds; except that such public body may pledge any other taxing power, funds, moneys, income, or revenues of such public body as additional security for the special obligation refunding bonds.

(4) The general provisions of this article relating to refunding obligations shall equally apply to special obligation refunding bonds, except as otherwise provided in this article.

**11-56-113. Tax exemption - exceptions.** (1) Except as otherwise provided in this article, all general obligation refunding bonds, refunding revenue bonds, and special obligation refunding bonds and the income therefrom shall be exempt from taxation, except inheritance, estate, and transfer taxes.

(2) Bonds issued pursuant to this article for the purpose of refunding outstanding obligations which were neither exempt from such taxation at the time issued or at the time of the refunding nor which would have been exempt from such taxation if originally issued at the time of the refunding, shall be subject to taxation to the same extent and in the same manner as the outstanding obligations for the refunding of which they are issued.

**11-57-102. Form - payment and transfer of securities.** The securities described in section 11-57-101 shall be in such registered or bearer form, with or without interest coupons; be subject to such conditions for transfer; be subject to such provisions for conversion as to denomination or to bearer or registered form; be made registerable or payable, or both, by the treasurer or other officer of the issuing entity, or by such trustee, registrar, paying agent, or transfer agent within or without this state; be issued, transferred, and registered by such book entry; be in such denomination or denominations; bear such dates, signatures, and authentications; and be held in custody by such depository within or without this state, all as may be determined by the entity or the governing body of the entity authorized or empowered to issue such securities. Payment at designated due dates or in installments may be required by the authorizing proceedings to be by check, draft, or other medium of payment and need not be conditioned upon presentation of any security or coupon. Signatures on any printed securities issued under this article or any other statute may be manually subscribed or by facsimile, but any such printed security, other than an interest coupon, shall bear at least one manual signature, which, notwithstanding the provisions of section 11-55-103 (1) or any other law, may be that of an official of the issuing entity or of the trustee, registrar, or transfer agent.

## PART 2

## SUPPLEMENTAL PUBLIC SECURITIES ACT

**11-57-201. Short title.** This part 2 shall be known and may be cited as the “Supplemental Public Securities Act”.

**Source: L. 2000:** Entire part added, p. 133, § 1, effective August 2.

**11-57-202. Legislative declaration.** The general assembly hereby finds, determines, and declares that, due to the changes in the public securities market and recent technological developments, it is important to provide public entities with the option to elect to apply the provisions of this part 2 when issuing securities. This part 2 will serve a public use and will promote the health, safety, security, and general welfare of the people of the state of Colorado. The general assembly intends for this part 2 to provide supplemental procedures for the issuance of securities otherwise authorized by law. However, nothing in this part 2 authorizes an issuing authority to waive an election otherwise required under section 20 of article X or article XI of the Colorado constitution or to hold an election inconsistent with the election requirements in section 20 of article X.

**Source: L. 2000:** Entire part added, p. 133, § 1, effective August 2.

**11-57-203. Definitions.** As used in this part 2, unless the context otherwise requires:

(1) “Act of issuance” means an ordinance, resolution, or decision to issue a security pursuant to delegated authority adopted by the issuing authority or officer of a public entity for the purpose of issuing a security or an amendment to such ordinance, resolution, or decision adopted by the issuing authority after the issuance of a security.

(2) “Issuing authority” means the governing body of any public entity in which the laws of this state vest the authority to issue securities through an act of issuance.

(3) “Public entity” means any state agency, state department, political subdivision, quasi-governmental entity, or any entity that is created by the constitution or statute of this state that is authorized to issue securities. Such entities include the following:

- (a) The state treasurer;
- (b) Any state educational institution, or other state institution, its governing board, or other issuing authority of such institution constituting a body corporate;
- (c) Any county or city and county;
- (d) Any municipality;
- (e) Any school district;
- (f) Any district organized or acting pursuant to the provisions of title 32, C.R.S.;
- (g) Any district or authority organized or acting pursuant to the provisions of title 29, 30, or 31, C.R.S.;
- (h) Any water conservancy district;
- (i) Any other political subdivision or governmental or quasi-governmental entity of this state;
- (j) Any other public entity as defined in section 24-75-601 (1), C.R.S.; or
- (k) A nonprofit corporation organized under the law of this state and created solely for the purpose of issuing securities on behalf of an entity listed in paragraphs (a) to (i) of this subsection (3).

(4) “Revenues” means all or any portion of any taxes, tolls, fees, rates, charges, assessments, grants, contributions, or other income and revenues received by the public entity.

(5) “Securities” means any financial contract, note, warrant, bond, certificate, or debenture authorized to be issued by a public entity under other laws of this state.

**Source: L. 2000:** Entire part added, p. 133, § 1, effective August 2. **L. 2004:** (1) and (3) amended, p. 948, § 1, effective May 21.

**11-57-204. Election of applicability.** (1) This part 2 is applicable to securities issued by any public entity if the issuing authority of such public entity elects in an act of issuance to apply all or any of the provisions of this part 2 to the issuance of such securities. If a public entity elects to apply a provision of this part 2 and such provision conflicts with a provision of another statutory law, the provision of this part 2 shall control. No provision of this part 2 shall be interpreted to modify or limit the rights and powers conferred on such public entity by any other provision of state law, unless the public entity elects to use such provisions in the issuance of its securities. This part 2 shall not modify or limit any provisions of articles 51 and 59 of this title.

(2) Nothing in this part 2 authorizes an issuing authority to waive an election otherwise required under section 20 of article X or article XI of the Colorado constitution or to hold an election inconsistent with the election requirements in section 20 of article X.

**Source: L. 2000:** Entire part added, p. 134, § 1, effective August 2.

**11-57-205. Delegation of authority.** (1) The issuing authority of a public entity may, in the act of issuance, at any time, delegate to any member of the issuing authority, chief executive officer, or chief financial officer of the public entity the authority to sign a contract for the purchase of the securities or to accept a binding bid for the securities. Such delegation shall be effective for one year after adoption of the act of issuance or such shorter period as specified in the act of issuance. In addition to any determinations that may be delegated in accordance with other provisions of state law, the following determinations may be delegated to such member or officer without any requirement that the issuing authority approve such determinations:

- (a) The rate of interest on the securities;
- (b) The conditions on which and the prices at which the securities may be redeemed before maturity;
- (c) The existence and amount of any capitalized interest or reserve funds;
- (d) The price at which the securities will be sold;
- (e) The principal amount and denominations of the securities;
- (f) The amount of principal maturing in any particular year;
- (g) The dates on which principal and interest shall be paid;
- (h) The securities to be refunded, if any; and
- (i) Whether the securities will be secured by an assurance of payment as described in section 11-57-207 (2) and the terms of any agreement with the third party providing the assurance of payment.

(2) All terms of the securities other than the matters described in subsection (1) of this section shall be approved by the issuing authority of the public entity before the securities are delivered.

**11-57-206. Fixed and variable rates of interest for securities - agreement with third party for interest determinations.** The act of issuance authorizing the issuance of any securities or any trust indenture or other instrument created by such act of issuance may fix a rate or rates of interest, or provide for the determination of the rate or rates from time to time, by a designated agent according to the procedure specified in that act of issuance or other instrument. An issuing authority of a public entity may contract with or select any person to make such determinations.

**Source: L. 2000:** Entire part added, p. 135, § 1, effective August 2.

**11-57-207. Denomination, maturity, interest, and negotiability of securities - rate of interest.** (1) Any securities issued may:

(a) Mature at such time or times as determined by the public entity or as provided in section 11-57-205, not to exceed forty years;

(b) Bear interest at a rate or rates payable or compoundable at such intervals as determined by the public entity or as provided in section 11-57-205; and

(c) Be made payable in lawful money of the United States, at the office of the treasurer or other appropriate officer or employee of the public entity or any commercial bank or commercial banks within or without the state as may be authorized by the public entity.

(2) An issuing authority of a public entity may enter into an agreement with a third party for an assurance of payment of any principal, interest, or premiums due in connection with any securities issued by the issuing authority. The obligation of the issuing authority to reimburse that third party for any advances made pursuant to that agreement may be provided in that agreement, recited in those securities, or evidenced by another instrument. Such obligation shall be designated in the act of issuance as passed by such issuing authority that authorized the issuance of such securities or any other instrument. The issuing authority may assign its rights under that agreement.

**Source: L. 2000:** Entire part added, p. 136, § 1, effective August 2.

**11-57-208. Pledged revenues received or credited subject to immediate lien - priority and validity of lien.** (1) A public entity may pledge all or any portion of its revenues to the payment of its securities unless the use of any of such revenues is restricted by other laws of the state. In pledging the proceeds of an ad valorem property tax, an issuing authority may limit the rate of taxation or the amount of tax dollars that it is obligated to impose or collect to pay any securities as set forth in the act of issuance enacted by such body.

(2) The creation, perfection, enforcement, and priority of a pledge of revenues to secure or pay securities shall be governed by this section and the act of issuance passed by the issuing authority authorizing such securities. Revenues pledged for the payment of any securities, as received by or otherwise credited to the public entity, shall immediately be subject to the lien of each such pledge without any physical delivery, filing, or further act. The lien of each such pledge and the obligation to perform the contractual provisions made in the act of issuance or other instrument shall have priority over any or all other obligations and liabilities of the public entity, except as may be otherwise provided in this part 2, in the act of issuance, or in any other instrument. However, such pledges and liens shall be subject to any prior pledges and liens. The lien of each such pledge shall be valid, binding, and enforceable as against all persons having claims of any kind in tort, contract, or otherwise against the public entity irrespective of whether such persons have notice of such liens.

**Source: L. 2000:** Entire part added, p. 136, § 1, effective August 2.

**11-57-209. Recourse against public entities officers and agents - acceptance of securities constitutes waiver and release.** If a member of the issuing authority, or any officer or agent of the public entity acts in good faith, no civil recourse shall be available against such member, officer, or agent for payment of the principal, interest, or prior redemption premiums. Such recourse shall not be available either directly or indirectly through the issuing authority or the public entity, or otherwise, whether by virtue of any constitution, statute, rule of law, enforcement of penalty, or otherwise. By the acceptance of the securities and as a part of the consideration of their sale or purchase, any person purchasing or selling such public security specifically waives any such recourse.

**Source: L. 2000:** Entire part added, p. 137, § 1, effective August 2.

**11-57-210. Recital in securities conclusive evidence of validity and regularity of issuance.** An act of issuance providing for the issuance of public securities or an indenture may provide that the securities shall contain a recital that they are issued pursuant to the

supplemental public securities act. Such recital shall be conclusive evidence of the validity and the regularity of the issuance of such public securities after their delivery for value.

**Source: L. 2000:** Entire part added, p. 137, § 1, effective August 2.

**11-57-211. Meetings aided by telecommunications devices.** The act of issuance authorizing the issuance of securities may be adopted by the issuing authority at a meeting where one or more members of the issuing authority may participate in such meeting and may vote on such act of issuance through the use of telecommunications devices. Such participation may include but not be limited to the use of a conference telephone or similar communications equipment. Such participation through telecommunications devices shall constitute presence in person at such meeting. However, all such public meetings shall have at least one person physically present at the designated meeting area to ensure that the public meeting is in fact accessible to the public.

**Source: L. 2000:** Entire part added, p. 137, § 1, effective August 2.

**11-57-212. Limitation of actions.** No legal or equitable action brought with respect to any legislative acts or proceedings in connection with the authorization or issuance of securities by a public entity shall be commenced more than thirty days after the authorization of such securities.

**Source: L. 2000:** Entire part added, p. 137, § 1, effective August 2. **L. 2004:** Entire section amended, p. 949, § 3, effective May 21.

**11-57-213. Confirmation of actions and powers.** (1) In its discretion, the public entity may file a petition prior to the issuance of securities under the supplemental public securities act in the district court in any county in which the public entity or a portion thereof is located for a judicial examination and determination of any power conferred; any securities issued by the public entity or authorized to be issued by the public entity; any taxes, assessments, fees, or charges levied or otherwise made by the public entity or contracted to be levied by the public entity or otherwise made by the public entity; or of any other act, proceeding, or contract of the public entity whether or not such act, proceeding, or contract has been taken or executed, including proposed contracts for any improvement; proposed securities of the public entity to defray in whole or in part the cost of the project or any refunding; the proposed acquisition, improvement, equipment, maintenance, operation, or disposal of any property pertaining thereto; or any combination thereof.

(2) A petition filed under subsection (1) of this section shall set forth the facts upon which the validity of such power, security, tax, assessment, fee, charge, act, proceeding, or contract is founded. The presiding officer of the public entity shall verify the petition before it is filed with the public entity court by signing said petition.

(3) Any action filed under this section shall be in the nature of a proceeding in rem. The district court shall have jurisdiction over all parties interested in the proceeding upon the publication and posting of a notice in accordance with this section.

(4) The clerk of the district court in which a petition is filed shall provide notice of such filing. The notice shall include a brief outline of the contents of the petition; the time, date, and location of the hearing; and the location where a complete copy of any documents at issue in the petition may be examined. The clerk shall serve the notice by:

(a) Publishing the notice at least once a week for five consecutive weeks by five weekly insertions in a newspaper of general circulation in the municipalities and counties in which the public entity is located; and

(b) Posting the notice in the office of the public entity at least thirty days prior to the date of the hearing on the petition.

(5) Any resident in the public entity or owner of real property within the boundaries of the public entity may appear at the hearing by either filing a motion to dismiss or an answer

to the petition on or before the hearing date or within such time as the court may allow. The petition shall be taken as confessed by all persons who fail to appear.

(6) The petition and notice shall be sufficient to give the district court jurisdiction, and, upon hearing, the district court shall examine and determine all matters affecting the question submitted, shall make such findings with reference thereto, and shall render such judgment and decree thereon as the case warrants.

(7) Unless otherwise specified in this section, the Colorado rules of civil procedure shall govern any actions filed under this section in matters of pleading and practice.

(8) Costs may be divided or apportioned among any contesting parties in the discretion of the district court.

(9) Review of the judgment of the district court may be available as in other similar cases; except that such review shall be applied for within thirty days after the time of the rendition of such judgment or within such additional time as may be allowed by the district court within thirty days.

(10) The district court shall disregard any error, irregularity, or omission that does not affect the substantial rights of the parties.

(11) All cases in which there may arise a question of validity of any matter provided for under this section shall be advanced as a matter of immediate public interest and concern and shall be heard at the earliest practicable moment.

(12) Nothing in this section applies to any condemnation of property.

**Source: L. 2000:** Entire part added, p. 137, § 1, effective August 2.

**11-57-214. Investments.** Income received from any legal investment may be deposited by the public entity in any fund or account that the public entity maintains.

**11-58-101. Short title.** This article shall be known and may be cited as the "Public Securities Information Reporting Act".

**Source: L. 91:** Entire article added, p. 667, § 1, effective June 1.

**11-58-102. Legislative declaration.** The general assembly hereby declares that the annual disclosure of financial and credit information for nonrated public securities will benefit both issuers and investors by expanding and stabilizing the market for nonrated public securities and thereby improve the marketability of such securities. The general assembly further declares that issuers of nonrated public securities are strongly encouraged to make such annual disclosure of financial and credit information and to make such disclosed information available to all of their investors.

**Source: L. 91:** Entire article added, p. 667, § 1, effective June 1.

**11-58-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Annual information report” means a written report completed on forms prescribed by the director of the department of local affairs.

(2) “Conduit financing” means an outstanding nonrated public security for which a private profit making or nonprofit making issuer constitutes the ultimate credit source for the security.

(3) (Deleted by amendment, L. 2002, p. 541, § 1, effective October 1, 2002.)

(4) “Issued to the public” means offers and sales of nonrated public securities by an issuer except to the extent such securities have been offered and sold in accordance with federal rule 15c 2-12 (d) (1) of the federal “Securities Exchange Act of 1934”.

(5) “Issuer” means the state, any political subdivision thereof, and any district, board, commission, authority, or other public corporate body issuing any nonrated public securities in Colorado.

(6) “Make public” means to file the annual information report with the department of local affairs.

(7) “National rating service” means Moody’s Investors Service, Inc., Standard and Poor’s Corporation, Fitch Investors Service, Inc., or any other nationally recognized organization which regularly rates public securities.

(8) “Nonrated public securities” means bonds, notes, warrants, certificates, or other securities evidencing loans or the advancement of moneys which have been issued to the public by or on behalf of an issuer and have not been rated by a national rating service, but excluding conduit financing and any such obligation payable in full within one year after the date of its issuance; except that nothing in this article shall be construed to apply to any bond, note warrant, certificate, or other security issued for less than one million dollars.

(9) “Outstanding” in connection with any nonrated public security, means any nonrated public security which at the time has been issued, authenticated, and delivered under a financing document, and which has not been paid in full, cancelled, or deemed paid and which is otherwise outstanding in accordance with the terms of such financing document.

**11-59-101. Short title.** This article shall be known and may be cited as the "Colorado Municipal Bond Supervision Act".

**Source:** L. 91: Entire article added, p. 2404, § 1, effective January 1, 1992.

**11-59-102. Legislative declaration.** (1) The general assembly finds that:

(a) The financial reputation and integrity of all local governments and political subdivisions are a matter of statewide concern;

(b) There is a growing concern statewide with special districts and municipal and county improvement districts that are either insolvent or threatened with insolvency and the attendant impairment of viability and of the ability to provide public services; and

(c) The credit reputation of political subdivisions of the state of Colorado is of vital interest to citizens of the state.

(2) The general assembly determines that it is necessary to empower the securities commissioner to regulate and monitor the issuance of municipal bonds of political subdivisions and to develop information and recommendations for appropriate action for the general assembly in connection therewith.

(3) The general assembly declares that the annual disclosure of financial and credit information for public securities will benefit both issuers and investors by expanding and stabilizing the market for public securities and thereby improving the marketability of such securities.

(4) Therefore, the general assembly declares that it is in the best interests of this state and its citizens that safeguards and full disclosure be made in connection with the issuance of bonds of special districts and municipal and county improvement districts and that this article is necessary to protect the continued provision of public services and the credit of political subdivisions. This article is remedial in nature and is to be broadly construed to effectuate its purposes.

**Source: L. 91:** Entire article added, p. 2404, § 1, effective January 1, 1992.

**11-59-103. Definitions.** As used in this article, unless the context otherwise requires:

**11-59-104. General powers of securities commissioner.** (1) The securities commissioner is hereby empowered to administer and enforce all provisions of this article and to provide the division with such books, records, files, and printing and other supplies and such officers and clerical and other assistance as may be necessary in the commissioner's discretion to perform the duties required of the securities commissioner under this article, subject to appropriations made by the general assembly.

(2) The securities commissioner shall make such rules, forms, and orders as are necessary to assure that bonds issued by a district shall meet certain prescribed investment criteria and shall not unduly burden future property owners in such district. To further effectuate the purposes of this article, the securities commissioner may, from time to time, make, amend, and rescind such rules and forms as are necessary to carry out the provisions of this article, including rules and forms governing applications for registration and reports and defining any terms, whether or not used in this article, insofar as the definitions are not inconsistent with the provisions of this article. For the purposes of rules and forms, the securities commissioner may classify bonds, issuers, and matters within the securities commissioner's jurisdiction and prescribe different requirements for different classes.

(3) No rule, form, or order shall be made, amended, or rescinded unless the securities commissioner finds that the action is necessary or appropriate in the public interest or for the protection of investors or present or future property owners and is consistent with the purposes and provisions of this article. In prescribing rules and forms, the securities commissioner may cooperate with the securities and exchange commission, the municipal securities rule-making board, the department of local affairs, and the state auditor with a view to effectuating this article and to achieving uniformity in the form and content of applications and reports wherever practicable.

(4) (a) Unless otherwise prescribed by law, the securities commissioner may, by rule or order, prescribe the form and content of financial statements of persons other than districts required under this article, the circumstances under which consolidated financial statements shall be filed, and whether any required financial statements shall be certified by certified public accountants. Unless the commissioner by rule or order provides otherwise, a financial statement required of such persons under this article must be prepared in accordance with generally accepted accounting principles or other accounting principles or in such other form as may be prescribed for the issuer of the financial statement of such person by law.

(b) Unless otherwise prescribed by law, the securities commissioner may, by rule or order, prescribe the form and content of supplemental financial information of districts required under this article. Any supplemental financial information required under this article must be prepared in accordance with generally accepted accounting principles or such other accounting principles or in such other form as are prescribed for the supplemental financial information of such district by law.

(5) The securities commissioner may, by rule or order, establish standards and procedures for full disclosure to property owners in, and potential bond investors of, a district of such district's current financial condition.

(6) (a) The securities commissioner shall, by rule or order, require a special district to file with the securities commissioner a copy of the annual budget which such special district is required to file with the department of local affairs. Such budget shall not authorize the use of bond reserve funds or the proceeds of a sale or proposed sale of public facilities or improvements built or paid for with bond proceeds for bond payments without the prior written authorization of the securities commissioner.

(b) The securities commissioner shall, by rule or order, require districts to file with the securities commissioner a copy of the annual audit required pursuant to section 29-1-603, C.R.S., at the same time as districts are required to file audits of such districts with the state auditor.

(c) Where the application for registration of a special district is effective pursuant to section 11-59-108, the securities commissioner may, by rule or order, require such a special district to file with the audited statement a further disclosure statement setting forth credit and financial information which will assist existing and potential investors in evaluating the district's ability to meet its debt service requirements, the enforcement of bondholders' rights and remedies, and the attainment of growth projections set forth in any documents accompanying the registration application.

(d) Any statements required to be filed pursuant to paragraph (a), (b), or (c) of this subsection (6) shall be made available to any person for inspection and copies thereof supplied as ordered by any person at a fee to be determined by the securities commissioner.

(7) The securities commissioner shall, by rule or order, require that a district obtain prior written approval of the securities commissioner before making any use of the proceeds of a bond offering in a manner that is contrary in any material respect to the use of proceeds that was described in the application for registration and declared effective by the securities commissioner.

(8) The securities commissioner shall, by rule or order, provide means by which bondholders, at their expense, may communicate with the holders of bonds of the same district so long as the confidentiality of the names and addresses of the bondholders is protected.

(9) The securities commissioner may compile information and reports and may make recommendations to the general assembly and the governor for such action, including

legislation, as may be deemed desirable to promote the financial integrity of all investments in obligations of instrumentalities of the state. For such purposes, the securities commissioner may require from instrumentalities of the state such reports and information as may be necessary to determine the financial stability of such instrumentalities and the financial character of their obligations.

(10) All the powers of the securities commissioner described in this section relating to a district issuing bonds shall apply to any other taxing district signatory to a contract which pledges the revenues of such contract to the payment of the obligations of the issuing district.

**11-59-105. Colorado municipal bond supervision advisory board - creation.**

(1) (a) There is hereby created the Colorado municipal bond supervision advisory board, to be composed of three members of the general assembly, one municipal securities broker-dealer representative, one representative of a county, one representative of a municipality, one representative of a special district, one representative of banks that act as indenture trustees for municipal bond offerings, one bond counsel representative, one real estate developer representative, three members of the general public with experience in municipal financing as investors who are not associated with any of the other members or interests, and four owners of residential real property located in special districts who are not associated with any of the other members or interests. Except for the legislative members, members of the board shall be appointed by the governor, who shall take into account the extent to which the board represents the geographic areas, population concentrations, and ethnic communities of this state. Appointments by the governor shall be for a period of four years. The three members of the general assembly shall be appointed one each by the governor, the speaker of the house of representatives, and the president of the senate. No more than two of said legislative members may be from the same major political party, and, except as provided in paragraph (b) of this subsection (1), each such legislative member shall be appointed for a term of two years or for the same term to which they were elected, whichever is less. Successors shall be appointed in the same manner as the original members. Vacancies of all other members shall be filled by appointment by the governor for unexpired terms. In the case of a vacancy, the remaining members of the board shall exercise all the powers and authority of the board until such vacancy is filled. The board shall choose its own chairperson by majority vote of the quorum present at a meeting called for the purpose of electing a chairperson. The board shall meet not less than annually. Members of the board shall receive no compensation but shall be reimbursed for all actual and necessary expenses incurred in the performance of their duties. Such expenses shall be paid from the appropriations from the division of securities cash fund created in section 11-51-707. A majority of the board shall constitute a quorum to transact business and for the exercise of any of the powers or authority conferred.

(b) The terms of the members appointed by the speaker of the house of representatives and the president of the senate and who are serving on March 22, 2007, shall be extended to and expire on or shall terminate on the convening date of the first regular session of the sixty-seventh general assembly. As soon as practicable after such convening date, the speaker and the president shall each appoint or reappoint one member in the same manner as provided in paragraph (a) of this subsection (1). Thereafter, the terms of members appointed or reappointed by the speaker and the president shall expire on the convening date of the first regular session of each general assembly, and all subsequent appointments and reappointments by the speaker and the president shall be made as soon as practicable after such convening date. The person making the original appointment or reappointment shall fill any vacancy by appointment for the remainder of an unexpired term. Members appointed or reappointed by the speaker and the president shall serve at the pleasure of the appointing authority and shall continue in office until the member's successor is appointed.

(2) The board shall aid and advise the securities commissioner in connection with the commissioner's duties under this article including, but not limited to, development of

policies, rules, orders, standards, guidelines, criteria and procedures regarding the registration of bond issues, ordinances, and resolutions and applications for authorization to file federal bankruptcy petitions and assuring impartiality and freedom from political influence in such activities.

(3) Repealed.

**11-59-106. Requirement for registration of district bonds.** It is unlawful for any district to issue bonds or for any other person to make a distribution of such bonds unless they are first registered with the securities commissioner under section 11-59-108 or unless the issuance of bonds is exempted under section 11-59-110.

**Source: L. 91:** Entire article added, p. 2411, § 1, effective January 1, 1992. **L. 94:** Entire section amended, p. 1847, § 14, effective July 1.

**11-59-107. General registration provisions.** (1) An application for registration of bonds may be filed by the district proposing to issue the bonds or a broker-dealer licensed or exempt under article 51 of this title acting on behalf of such district.

(2) Every application for registration shall be accompanied by a fee, which shall be determined and collected pursuant to section 11-59-119.

(3) Any document or portion thereof filed with the securities commissioner under this article within five years preceding the filing of an application for registration may be incorporated by reference in an application to the extent that such document or portion thereof is accurate at the time of such incorporation by reference.

(4) The securities commissioner may, by rule or order, permit the omission of any item of information or document from any application.

(5) The securities commissioner may, by rule or order, require as a condition of registration under section 11-59-108 that a district require that persons building or developing improvements in the district furnish security to the district for their undertakings relating to payments supporting the offering. The commissioner may, by rule or order, determine the manner and form of such security, which may include but need not be limited to:

(a) Letters of credit or guarantees from depository institutions or such other persons, companies, or institutions approved by the securities commissioner;

(b) Escrow deposits of cash or securities; or

(c) First lien mortgages on land owned by developers or builders, together with recent appraisals.

(6) An application for registration may be amended after its effective date so as to increase the quantity of bonds being offered. A district filing such an amendment shall pay a fee, which shall be determined and collected pursuant to section 11-59-119, with respect to the additional bonds being registered.

**Source: L. 91:** Entire article added, p. 2411, § 1, effective January 1, 1992.

**11-59-108. Registration of bonds.** (1) An issuance of bonds may be registered by a district under this article.

(2) An application for registration of bonds under this section shall contain full and fair disclosure of all material facts respecting the bonds offered, including the following information, shall state the title of the bonds and the number and amount being registered under this article, and shall be accompanied by the following documents:

(a) The most recent district audit report;

(b) Engineering and architectural reports which describe the cost and location of improvements in the district;

(c) Copies of intergovernmental agreements, construction contracts, and competitive bids which disclose the material elements of any proposed project to be financed by the proceeds of the offering, if available;

(d) Copies of signed agreements, if available, with persons building or developing improvements in the district which are to be owned, managed, leased, or sold by such persons;

(e) Copies of agreements, if any, with the owners of major parcels of vacant or undeveloped land in the district which disclose development fees or other payments to be made to support the proposed bonds while the district is being developed in accordance with the service plan;

(f) Recently audited financial statements of persons building or developing improvements in the district for contracts in excess of fifty thousand dollars;

(g) In a special district, copies of the service plan and any amendments thereto and copies of all reports required by law to be filed with the county or counties wherein the special district is located and, where appropriate, evidence of compliance with any other requirement of law imposed on special districts issuing bonds; and

(h) Such additional information as the securities commissioner requires by rule or order and as is required for full and fair disclosure respecting the bonds offered.

(3) A registration application under this section becomes effective when the securities commissioner so orders, if the application is not subject to a stop order under section 11-59-109. In the case of an order of effectiveness, the securities commissioner shall include in such order a list of the documents reviewed in connection with the application for registration.

(4) The date of filing shall be the date that the application for registration or an amendment to the application is received by the securities commissioner.

(5) Districts are subject to the open meetings law under part 4 of article 6 of title 24, C.R.S., and the open records law under article 72 of title 24, C.R.S.

**Source:** L. 91: Entire article added, p. 2412, § 1, effective January 1, 1992. L. 95: (5) amended, p. 1093, § 5, effective May 31.

**11-59-109. Denial, suspension, or revocation of registration.** (1) The securities commissioner may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any application for registration, if the securities commissioner finds that the order is in the public interest and any one of the following grounds exists:

(a) The application for registration as of its effective date, or as of any earlier date in the case of an order denying effectiveness, or any amendment to such application as of its effective date contains any false or misleading statement in violation of section 11-59-112;

(b) Any provision of this article or any rule, order, or condition imposed under this article has been violated in connection with this offering by the district, or its agents, servants, or employees, or any person occupying a similar status or performing similar functions, or any person directly or indirectly controlled by the district, or any underwriter;

(c) The security registered or sought to be registered is the subject of a permanent or temporary injunction of any court of competent jurisdiction entered under any other federal or state law applicable to the offering; or

(d) The terms of the offering are substantially inconsistent with the standards, guidelines, and criteria the securities commissioner promulgates by rule to effectuate the purposes of this article, including, but not limited to:

(I) Guidelines for amounts of capitalized interest in connection with the total bond proceeds of the district. In no case shall the use of capitalized interest for bond payments for more than three years be permitted.

(II) Appraisal requirements for land in the district;

(III) Procedures for the appointment of a trustee, if necessary, to represent the bondholders of a district;

(IV) Guidelines and criteria for indentures of trust and the contents thereof included in bonds of a district;

(V) Procedures for the review of general obligation bonds for parity with other existing bonds of a district;

(VI) Standards for disclosure to bondholders in the official statement on the bonds of a district;

(VII) Guidelines and criteria for appropriate bidding, competitive arrangements, and contracts, in connection with the issuance of bonds of a district;

(VIII) Standards for the review of bidding, competitive arrangements, and contracts for conflict of interest;

(IX) Standards for underwriter fees in connection with the issuance of the bonds; and

(X) Requirements that adequate, prompt, and effective remedies be available to bondholders in the bond resolution in the event of default in the payment of bonds issued pursuant to an application for registration declared effective by the securities commissioner or in the event of failure of the district to abide by its covenants as contained in the bond resolution or ordinance or to abide by the rules promulgated by the securities commissioner under this article or any applicable law.

(2) The securities commissioner may, by emergency order, summarily postpone or suspend the effectiveness of an application for registration pending final determination of any proceeding under this section.

(3) No stop order shall be entered under this section, except under subsection (2) of this section, without the provision to the district of an appropriate prior notice, an opportunity for a hearing, and written findings of fact and conclusions of law.

(4) The securities commissioner may vacate or modify a stop order if the securities commissioner finds that the conditions which prompted its entry have changed or that it is otherwise in the public interest to do so.

**11-59-110. Exemptions from registration.** (1) Subject to the requirements of subsection (2) of this section, the following issues of bonds by a district are exempted from all of the provisions of sections 11-59-104 and 11-59-106:

(a) Bonds issued on or before December 31, 1991;

(b) Any issue of general obligation bonds where the total obligation represented by the issue together with any other general obligation of the district does not at the time of issuance exceed the greater of two million dollars or fifty percent of the valuation for assessment of the taxable property in the district as certified by the assessor;

(c) Any issue of bonds that is rated in one of its four highest rating categories by one or more nationally recognized organizations which regularly rate such obligations;

(d) Any issue of bonds by a district in which infrastructure is in place which has been determined by the board of such district to be necessary to construct or otherwise provide additional improvements specifically ordered by a federal or state regulatory agency to bring such district into compliance with applicable federal or state laws or regulations for the protection of the public health or the environment if the proceeds raised as a result of such issue are limited solely to the direct and indirect costs of the construction or improvements mandated and are used solely for those purposes;

(e) Any issue of bonds secured as to the payment of the principal and interest on the debt by a letter of credit, line of credit, or other credit enhancement, any of which must be irrevocable and unconditional, issued by a depository institution:

(I) With a net worth of not less than ten million dollars in excess of the obligation created by the issuance of the letter of credit, line of credit, or other credit enhancement;

(II) With the minimum regulatory capital as defined by the primary regulator of such depository institution to meet such obligation; and

(III) Where the obligation does not exceed ten percent of the total capital and surplus of the depository institution, as those terms are defined by the primary regulator of such depository institution;

(f) Any issue of bonds insured as to the payment of the principal and interest on the debt by a policy of insurance issued by an insurance company authorized to do business as an insurance company in this state and authorized for such risk by the insurance commissioner appointed pursuant to section 10-1-104, C.R.S.;

(g) Any issue of bonds not involving a public offering made exclusively to accredited investors, as that term is defined under sections 3(b) and (4)(2) of the federal "Securities Act of 1933" by regulation adopted thereunder by the securities and exchange commission;

(h) Any issue of bonds made pursuant to an order of a court of competent jurisdiction;

(i) Any issue of bonds by a district which has principal amounts payable from moneys other than the proceeds of an ad valorem tax, where the total of such obligations represented by the issue, together with other such bonds of the district, does not at the time of the issuance exceed two million dollars;

(j) Any issue of bonds of the district issued to the Colorado water resources and power development authority which evidences a loan from said authority to the district; and

(k) Any issue of bonds by a district that contains territory subject to an intergovernmental annexation agreement between the city and county of Denver and Adams county dated April 21, 1988, made pursuant to section 30-6-109.5, C.R.S.

(1.5) (a) The securities commissioner may make such rules, forms, and orders as are necessary to implement the provisions of subsection (1) of this section and to define any terms contained therein insofar as the definitions are not inconsistent with the provisions of this article.

(b) No such rule, form, or order may be made, amended, or rescinded unless the securities commissioner finds that the action is necessary or appropriate in the public interest or the protection of investors and is consistent with the purposes and provisions of this article. In prescribing rules and forms, the securities commissioner may cooperate with the securities and exchange commission, the municipal securities rule-making board, the department of local affairs, and the state auditor with a view to effectuating subsection (1) of this section and to achieving uniformity wherever practicable.

(c) The securities commissioner may, by rule or order, provide means by which bondholders, at their expense, may communicate with the holders of bonds of the same district so long as the confidentiality of the names and addresses of the bondholders is protected.

(2) As conditions to the applicability of the exemptions provided in subsection (1) of this section, the district issuing the bonds must file or cause to be filed with the securities commissioner at least five days prior to the first sale of such bonds:

(a) A notice of claim of exemption in the form and containing the information prescribed by the securities commissioner;

(b) A copy of the official statement to be distributed in connection with such offering; and

(c) An exemption fee, which shall be determined and collected pursuant to section 11-59-119.

(2.5) For purposes of the application of this section, exemption from registration under subsection (1) of this section shall not be contingent upon review or approval of any information filed with the securities commissioner under subsection (2) of this section.

(3) The securities commissioner may, by rule or order and subject to such terms and conditions as prescribed therein, exempt specified bonds or types of bonds or transactions therein from section 11-59-106 if the securities commissioner finds that the application of section 11-59-106 to such bonds or transactions is not necessary in the public interest and for the protection of investors.

**11-59-111. Unlawful representation concerning registration or exemption.**

(1) Neither the fact that an application for registration has been filed nor the fact that an application for registration has become effective constitutes a finding by the securities commissioner that any document filed under this article is true, is complete, and is not misleading. No such fact, nor the fact that an exemption or exception is available for a security or transaction, means that the securities commissioner has passed in any way upon the merits or qualifications of, or has recommended or given approval to, any security or transaction. In the case of an issue of bonds made pursuant to an order of registration effective under section 11-59-108, nothing in this subsection (1) shall prohibit the inclusion in the official statement used in connection with the offer or sale of such bonds a representation that the issue of bonds has been registered with the securities commissioner and a statement identifying the documents reviewed by the securities commissioner in the course of the registration process.

(2) It is unlawful to make, or cause to be made, to any prospective or existing investor or property owner any representation inconsistent with subsection (1) of this section.

**Source: L. 91:** Entire article added, p. 2417, § 1, effective January 1, 1992.

**11-59-112. Misleading filing.** It is unlawful for any person to make or cause to be made, in any document filed with the securities commissioner or in any proceeding under this article, any statement which the person knows or has reasonable grounds to know is, at the time and in light of the circumstances under which it is made, false or misleading in any material respect.

**Source: L. 91:** Entire article added, p. 2418, § 1, effective January 1, 1992.

**11-59-113. Investigations - subpoenas.** (1) The securities commissioner may make such public and private investigations within or outside of this state as the securities commissioner deems necessary to determine whether any person has violated or is about to violate any provision of this article or any rule or order under this article or to aid in the enforcement of this article or in the prescribing of rules and forms under this article, may require or permit any person to file a statement as to all the facts and circumstances concerning the matter to be investigated, and may publish information concerning any violation of this article or any rule or order under this article.

(2) For the purpose of any investigation or proceeding under this article, the securities commissioner or any officer designated by the securities commissioner may administer oaths and affirmations, subpoena witnesses, seek compulsion of their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the securities commissioner deems relevant or material to the inquiry.

(3) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the district court of the city and county of Denver, upon application by the securities commissioner, may issue to the person an order requiring that person to appear before the securities commissioner, or the officer designated by the securities commissioner, to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(4) No person is excused from attending and testifying or from producing any document or record before the securities commissioner, or in obedience to the subpoena of the securities commissioner or any officer designated by the commissioner, or in any proceeding instituted by the securities commissioner on the ground that the testimony or evidence, documentary or otherwise, required of that person may tend to incriminate the person or subject that person to a penalty or forfeiture; but no document, evidence, or other information compelled from an individual, after that individual claims the privilege against self-incrimination, under order of the district court of the city and county of Denver, or any information directly or indirectly derived from such document, evidence, or other infor-

mation, may be used against an individual so compelled in any criminal case; except that the individual testifying is not exempt from prosecution and punishment for perjury in the first or second degree or contempt committed in testifying.

(5) Information in the possession of, filed with, or obtained by the securities commissioner in connection with a private investigation under this section shall be confidential. No such information may be disclosed by the securities commissioner or any officers or employees of the division except among themselves or when necessary or appropriate in connection with an investigation or a proceeding under this article or for any law enforcement purpose.

(6) It is unlawful for the securities commissioner or any officers or employees of the division to use for personal benefit any information which is filed with or obtained by the securities commissioner and which is not made public.

**Source: L. 91:** Entire article added, p. 2418, § 1, effective January 1, 1992.

**11-59-114. Enforcement by injunction.** (1) Whenever it appears to the securities commissioner upon sufficient evidence satisfactory to the securities commissioner that any person has engaged in or is about to engage in any act or practice constituting a violation of any provision of this article or of any rule or order under this article, the securities commissioner may apply to the district court for the city and county of Denver to temporarily restrain or preliminarily or permanently enjoin the act or practice in question and to enforce compliance with this article or any rule or order under this article. In any such action, the securities commissioner shall not be required to plead or prove irreparable injury or the inadequacy of a remedy at law. Under no circumstances shall the court require the commissioner to post a bond.

(2) The securities commissioner may include in any action authorized by subsection (1) of this section a claim for restitution, disgorgement, or other equitable relief on behalf of some or all of the persons injured by the act or practice constituting the subject matter of the action.

**Source: L. 91:** Entire article added, p. 2419, § 1, effective January 1, 1992.

**11-59-115. Criminal and civil penalties and damages.** (1) Any person who willfully violates the provisions of section 11-59-112 commits a class 3 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) Any person who willfully violates any of the provisions of this article, other than section 11-59-112, or any rule or order under this article commits a class 3 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., and any second violation of this section shall be punishable by a civil penalty of fifty dollars per day to a maximum penalty of one thousand dollars.

(3) Conviction of violation of any provision of this article under this section shall also establish a prima facie case for liability for civil damages by any person injured thereby.

(4) The securities commissioner may refer such evidence as is available to the securities commissioner under authority of this article concerning any violation which constitutes the commission of any felony or misdemeanor to the attorney general or the appropriate district attorney, who may, with or without such a reference, prosecute the appropriate criminal proceedings under this article or otherwise as authorized by law, or the securities commissioner may refer such evidence to the United States attorney.

(5) Nothing in this article limits the power of the state to punish any person for any conduct which constitutes a crime by statute.

(6) No person shall be prosecuted, tried, or punished for any criminal violation of this article unless the indictment, information, complaint, or action for the same is found or instituted within five years after the commission of the offense.

**11-59-116. Administrative proceedings.** Any administrative proceeding under this article shall be conducted pursuant to the provisions of section 24-4-105, C.R.S. The securities commissioner may refer the conduct of any administrative proceeding to an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S. Every hearing in an administrative proceeding shall be public unless the securities commissioner, in the commissioner's discretion, grants a request joined in by all the respondents that the hearing be conducted privately.

**Source: L. 91:** Entire article added, p. 2420, § 1, effective January 1, 1992.

**11-59-117. Judicial review of orders.** (1) Any person claiming to be aggrieved by a final order of the securities commissioner, including a refusal to issue an order, may obtain judicial review thereof, and the securities commissioner may obtain an order of court for its enforcement in a proceeding as provided in this section.

(2) Such proceeding shall be brought in the court of appeals by appropriate proceedings under section 24-4-106 (11), C.R.S.

(3) Such proceeding shall be initiated by the filing of a petition in the court of appeals and the service of a copy thereof upon the securities commissioner and upon all parties who appeared before the securities commissioner, and thereafter such proceeding shall be processed under the Colorado appellate rules. The court of appeals shall have jurisdiction of the proceeding and the questions determined therein and shall have power to grant such temporary relief or restraining order as it deems just and proper and to make and enter upon the pleadings, testimony, and proceedings set forth in such transcript an order enforcing, modifying, and enforcing as so modified or setting aside the order of the securities commissioner in whole or in part.

(4) An objection that has not been urged before the securities commissioner shall not be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances.

(5) The findings of the securities commissioner as to the facts shall be conclusive if supported by substantial evidence.

(6) The jurisdiction of the court shall be exclusive, and its judgment and order shall be final, subject to review as provided by law and the Colorado appellate rules.

(7) The commencement of proceedings under subsection (1) of this section does not, unless specifically ordered by the court, operate as a stay of the securities commissioner's order.

**11-59-118. Interpretation and interpretive opinions.** (1) The provisions and rules of this article shall be coordinated with the provisions and rules of article 51 of this title to the extent that such coordination is consistent with both the purposes and provisions of this article.

(2) The securities commissioner may, in such commissioner's discretion, honor requests from interested persons for interpretive opinions regarding any provision of this article or any rule or order under this article. Any person making such a request shall pay an opinion fee, which shall be determined and collected pursuant to section 11-59-119 and which shall not be refundable. In response to any request for an interpretive opinion received under this section, the securities commissioner may waive any condition imposed under this article as it applies to the person making such request.

**Source: L. 91:** Entire article added, p. 2421, § 1, effective January 1, 1992.

**11-59-119. Collection of fees - division of securities cash fund.** (1) A fee payable under this article shall be deemed paid when the securities commissioner receives the payment.

(2) The securities commissioner shall transmit all fees collected under this article to the state treasurer, who shall credit the same to the division of securities cash fund created by section 11-51-707. Moneys credited to the division of securities cash fund shall be used as provided in this section and in section 11-51-707 and shall not be deposited in or transferred to the general fund of this state or any other fund.

(3) The securities commissioner shall set the amount of each fee which the securities commissioner is authorized by law to collect under this article. In the discretion of the commissioner, the securities commissioner may set application for registration or amendment fees payable under section 11-59-104 by establishing a basic filing fee up to a maximum of five hundred dollars, plus a scale of rates applied to the dollar amount of bonds to be registered, not to exceed five dollars per ten thousand dollars, up to a maximum of ten thousand dollars based on the dollar amount of bonds to be issued. The securities commissioner may set the exemption fee payable under section 11-59-110 up to a maximum of one hundred dollars. Such fees for a fiscal year may be adjusted by the securities commissioner no more often than twice during that fiscal year.

11-59.3-103.	Interest rate exchange agree-	11-59.3-105.	Liberal construction.

**11-59.3-101. Legislative declaration.** The general assembly finds and declares that interest rate exchange agreements can be used to reduce net borrowing costs, to achieve desirable net effective interest rates in connection with the issuance and sale of public securities, and to provide an efficient means of debt management.

**Source: L. 92:** Entire article added, p. 949, § 1, effective April 29.

**11-59.3-102. Definitions.** As used in this article, unless the context otherwise requires:

- (1) "Proposed public securities" means public securities for which a public entity has:
  - (a) Entered into a binding sale contract subject to customary conditions; or
  - (b) Received voter approval pursuant to section 20 of article X of the state constitution.

(2) "Public entity" means any of the following entities: The state of Colorado; any institution, agency, instrumentality, authority, county, city, town, city and county, district, or other political subdivision of the state, including any school district and institution of higher education; any institution, department, agency, instrumentality, or authority of any entity listed in this subsection (2); and any other entity, organization, or corporation formed by intergovernmental agreement or other contract between or among any of the entities listed in this subsection (2).

(3) "Public securities" means bonds, notes, debentures, interim certificates, bond anticipation notes, commercial paper, or other evidences of indebtedness, or lease, installment purchase, or other agreements, or certificates of participation therein, issued by or on behalf of a public entity.

**Source: L. 92:** Entire article added, p. 949, § 1, effective April 29. **L. 2004:** (3) amended, p. 950, § 6, effective May 21. **L. 2005:** (1) amended, p. 880, § 1, effective June 1.

**11-59.3-103. Interest rate exchange agreements.** (1) A public entity may enter into an agreement for an exchange of interest rates, cash flows, or payments as provided in this section if it finds that such an agreement would be in the best interests of the public entity. In entering into any agreement under this section, the public entity shall give consideration to the savings and debt management benefits to the citizens of the public entity. Such agreement shall contain such payment, security, default, remedy, and other terms and conditions as the public entity may deem appropriate, including provisions permitting the public entity to pay the party with whom the public entity enters the agreement for any loss of benefits under such agreement upon early termination thereof or default thereunder.

(2) A public entity may enter into an agreement to exchange interest rates, cash flows, or payments only if:

(a) The long-term debt obligations of the party with whom the public entity enters the agreement are rated in one of its two highest rating categories by one or more nationally recognized securities rating agencies which regularly rate such obligations; or

(b) The obligations under the agreement of the party with whom the public entity enters the agreement are either:

(I) Guaranteed by a party whose long-term debt obligations are rated in one of its two highest rating categories by one or more nationally recognized securities rating agencies which regularly rate such obligations; or

(II) Collateralized by obligations deposited with the public entity or an agent of the public entity which would be legal investments for the public entity pursuant to section 24-75-601.1, C.R.S., and which maintain a market value of not less than one hundred percent of the principal amount upon which the exchange of interest rates is based.

(3) A public entity may agree, with respect to public securities that the public entity has issued or proposed public securities bearing interest at a variable rate, to pay sums calculated at a fixed rate or rates or at a different variable rate or rates determined pursuant to a formula or formulas set forth in the agreement on an amount not to exceed the principal amount of the public securities or proposed public securities with respect to which the agreement is made, in exchange for the payment to the public entity of sums calculated at a variable rate or rates determined pursuant to a formula or formulas set forth in the agreement on the same principal amount.

(4) A public entity may agree, with respect to public securities that the public entity has issued or proposed public securities bearing interest at a fixed rate or rates, to pay sums calculated at a variable rate or rates or in fixed amounts determined pursuant to a formula or formulas or a schedule or schedules set forth in the agreement on an amount not to exceed the principal amount of the public securities or proposed public securities with respect to which the agreement is made, in exchange for an agreement for the payment to the public entity of sums calculated at a fixed rate or rates set forth in the agreement on the same principal amount.

(5) The term of an agreement entered into pursuant to this section shall not exceed the term of the public securities or proposed public securities with respect to which the agreement is made.

(6) An agreement entered into pursuant to this section is not a debt or indebtedness of the public entity for the purposes of any limitation upon the debt or indebtedness of the public entity or any requirement for an election with regard to the issuance of public securities that is applicable to the public entity.

(7) A public entity which has entered into an agreement pursuant to this section with respect to public securities or proposed public securities may treat the amount or rate of interest on the public securities or proposed public securities as the amount or rate of interest payable after giving effect to the agreement for the purpose of calculating:

(a) Rates and charges of a revenue-producing enterprise whose revenues are pledged to or used to pay public securities;

(b) Statutory requirements concerning revenue coverage that are applicable to public securities;

(c) Tax levies to pay debt service on public securities; and

(d) Any other amounts which are based upon the rate of interest of public securities.

(8) Subject to covenants applicable to the public securities, any payments required to be made by the public entity under the agreement may be made from and secured by amounts pledged to pay debt service on the public securities or proposed public securities with respect to which the agreement is made or from any other legally available source.

(9) Prior to entering into an interest rate exchange agreement, the governing board of the public entity shall receive information as to the costs, risks, and benefits of the agreement from the staff of the public entity.

(10) Any state agency, as defined in section 24-36-121 (3) (c), C.R.S., shall notify the state treasurer when it enters into an agreement for an exchange of interest rates, cash flows, or payments as provided in this section.

**11-59.7-104. Stimulus obligations authorized under state law - ancillary agreements.** (1) Public entities may issue or enter into stimulus obligations as authorized by this article. Except as otherwise provided in this section and section 11-59.7-105, each type of stimulus obligation shall be issued or entered into by a public entity in accordance with a law of the state that authorizes or permits the public entity to issue bonds or enter into a lease-purchase agreement to finance or refinance a project that may be financed or refinanced with proceeds of the type of stimulus obligation under federal law. Notwithstanding any inconsistent provision of any other law of the state:

(a) Any public entity that is authorized or permitted under the laws of the state to issue bonds to finance or refinance a project that under federal law may be financed or refinanced with proceeds of build America bonds may issue the bonds as build America bonds. Any public entity that is authorized or permitted under the laws of the state to enter into a lease-purchase agreement to finance or refinance a project that may be financed or refinanced under federal law with proceeds of build America bonds may enter into the lease-purchase agreement as a build America bond.

(b) (I) Any public entity that is authorized or permitted under the laws of the state to issue bonds to finance or refinance a project that under federal law may be financed or refinanced with proceeds of a type of stimulus obligation other than a build America bond may issue the type of stimulus obligation:

(A) To finance or refinance any project that may be financed or refinanced under federal law with proceeds of the type of stimulus obligation; and

(B) To issue bonds as the type of stimulus obligation under federal law.

(II) Any public entity that is authorized or permitted under the laws of the state to enter into a lease-purchase agreement to finance or refinance a project that may be financed or refinanced under federal law with proceeds of a type of stimulus obligation other than a build America bond may:

(A) Enter into a lease-purchase agreement to finance or refinance any project that may be financed or refinanced under federal law with proceeds of the type of stimulus obligation; and

(B) Enter into the lease-purchase agreement as a stimulus obligation under federal law.

(c) To the extent elected by a public entity pursuant to section 11-57-204 (1), part 2 of article 57 of this title shall apply to stimulus obligations issued or entered into by public entities, stimulus obligations shall be securities, and public entities, as defined in section 11-59.7-103 (20), shall also be public entities for purposes of part 2 of article 57 of this title.

(d) A stimulus obligation may be sold at any price, be subject to optional or mandatory redemption or optional or mandatory tender at any time and at any price, and contain any other special provisions that the governing body of the public entity determines are necessary or convenient to issue or enter into the stimulus obligation at a cost and on terms, and with payments scheduled in a manner, that is determined by the governing body to be advantageous to the public entity.

(e) The right to receive any payment of principal of, any interest on, or any other amount with respect to a stimulus obligation, the right to claim any tax credit with respect to a stimulus obligation, and the right to receive any federal direct payment in connection with a stimulus obligation may be stripped or separated from one another, may be issued or delivered to different persons, and may be owned and transferred independently of one another.

(f) Any outstanding stimulus obligation may be refunded by or on behalf of the public entity that issued or entered into it pursuant to article 56 of this title or any other law of the state that authorizes the public entity to issue or enter into refunding obligations.

(g) Section 22-41-110, C.R.S., relating to timely payment of school district obligations, shall apply to a stimulus obligation issued or entered into by a school district that is a general obligation bond issued by a school district pursuant to article 42 or 43 of title 22, C.R.S., an obligation of a school district in connection with a lease agreement or installment purchase agreement entered into by a school district under section 22-32-127 or 22-45-103 (1) (c), C.R.S., or a refunding bond issued by a school district pursuant to article 56 of this title.

(h) Section 23-5-139, C.R.S., relating to the higher education revenue bond intercept program, shall apply to any stimulus obligation:

(I) That is issued or entered into:

(A) By a public institution of higher education;

(B) By a recovery and reinvestment act finance authority created by a contract to which a public institution of higher education is a party; or

(C) By any other public entity to finance or refinance a project that is or is to be owned by or used by a public institution of higher education; and

(II) That meets the other conditions specified in section 23-5-139, C.R.S.

(i) Any stimulus obligation issued or entered into for the purpose of financing or refinancing charter school capital construction by a public entity other than a school district on behalf of a charter school that is entitled to receive funding from the public school fund pursuant to part 1 of article 30.5 of title 22, C.R.S., shall qualify for direct payments under section 22-30.5-406, C.R.S. The charter school debt service reserve fund, as defined in section 22-30.5-408 (1) (a), C.R.S., for any stimulus obligation that is issued by the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., that is a qualified charter school bond, as defined in section 22-30.5-408 (1) (d), C.R.S., issued on behalf of a qualified charter school, as defined in section 22-30.5-408 (1) (c), C.R.S., and that meets the other conditions set forth in section 22-30.5-408, C.R.S., shall qualify for replenishment under section 22-30.5-408, C.R.S.

(j) Repealed.

(k) (I) Proceeds of stimulus obligations, moneys held in any sinking fund relating to any stimulus obligation, and other moneys relating to any stimulus obligation may be invested by the state treasurer in any investment or securities permitted by article 36 of title 24, C.R.S., and by the state treasurer or any other public entity in any investment or securities permitted by part 6 of article 75 of title 24, C.R.S., subject to the following modifications:

(A) Any limitations on the maturity of the investment or securities or any securities subject to a repurchase agreement, reverse repurchase agreement, or other investment shall not apply so long as the investment or securities mature on or before the last maturity of the stimulus obligation;

(B) Any limitations on variable rate investments and securities shall not apply; and

(C) Public entities may agree to invest moneys in the investment or securities in advance of the receipt of the moneys.

(II) Public entities also may direct a corporate trustee that holds proceeds of stimulus obligations, moneys held in any sinking fund relating to any stimulus obligation, and other moneys relating to any stimulus obligation to invest or deposit the proceeds or moneys in investments or deposits other than those specified by article 36 of title 24, C.R.S., and part 6 of article 75 of title 24, C.R.S., if the governing body of the public entity determines that the investment or deposit meets the standard established in section 15-1-304, C.R.S., the income is at least comparable to income available on investments or deposits specified by said article 36 or part 6, and the investment will assist the public entity in the financing or refinancing of projects that may be financed or refinanced with the proceeds of its stimulus obligations. Any earnings from any investment or securities permitted by this paragraph (k) may be used and may be pledged to make payments to the owners of stimulus obligations or other persons or may be used for any other lawful purpose for which the public entity may spend money.

(l) The interest on and income from any stimulus obligation shall be exempt from all taxation and assessments in the state. In the stimulus obligation documents, the public entity that issues or enters into a stimulus obligation may make elections under the internal revenue code, including but not limited to an election to designate the stimulus obligation as a qualified tax-exempt obligation for purposes of section 265 of the internal revenue code, an election to treat the stimulus obligation as a specified tax credit bond, or an election to receive federal direct payments with respect to the stimulus obligation, and may waive the exemption of the interest on and income from any stimulus obligation from taxation and assessments in the state.

(m) All banks, trust companies, savings and loan associations, insurance companies, executors, administrators, guardians, trustees, and other fiduciaries may legally invest any moneys within their control in stimulus obligations.

(n) Public entities, as defined in section 24-75-601 (1), C.R.S., may invest public funds in stimulus obligations if the stimulus obligations satisfy the investment requirements established in part 6 of article 75 of title 24, C.R.S. This paragraph (n) shall not limit the power of a public entity that issues or enters into a stimulus obligation to enter into an ancillary agreement with another public entity under which the other public entity agrees to make payments to the public entity that issues or enters into the stimulus obligation on any terms agreed to by the two public entities.

(o) A public entity may take any action in connection with any stimulus obligation, and the investment and use of the proceeds, any federal direct payments, or any other moneys received in connection with any stimulus obligation, that the governing body of the public entity determines is necessary or convenient and is not inconsistent with this article.

(2) Any public entity that is authorized to issue or enter into a stimulus obligation pursuant to subsection (1) of this section is also authorized to enter into ancillary agreements with respect to the stimulus obligation and to use and to pledge any amounts received or to be received by the public entity under any such ancillary agreement for the payment of or compliance with the terms of stimulus obligation documents relating to the stimulus obligation.

(3) A public entity that issues or enters into a stimulus obligation may take any action required to comply with, and may covenant in any stimulus obligation document that it will comply with, any provision of federal law applicable to the stimulus obligation, including but not limited to the applicable provisions of the federal recovery and reinvestment act relating to labor standards and reports to the federal government.

**11-59.7-105. Federal tax credits - federal direct payments.** (1) Any federal tax credit that may be claimed by an owner of a stimulus obligation or any other person in connection with a stimulus obligation shall not be treated as revenue of any public entity and shall not be considered in determining any amount payable by any public entity on or with respect to any stimulus obligation.

(2) A public entity that issues or enters into a stimulus obligation may elect in accordance with federal law to receive a federal direct payment and may use any federal direct payment to make payments to the owners of the stimulus obligation or other persons or for any other lawful purpose for which the public entity may spend money and may deposit any federal direct payment in any fund or account pending such use.

(3) For purposes of section 20 of article X of the state constitution, federal direct payments are federal funds, federal direct payments are not included in fiscal year spending of any public entity, and the receipt of federal direct payments is not a grant from any Colorado state or local government.

(4) A public entity may pledge any federal direct payments expected to be received in connection with bonds that qualify as stimulus obligations to make payments to the owners of the bonds or other persons. Any portion of the debt service on any stimulus obligation may be payable in amounts corresponding to expected federal direct payments, may be payable solely from expected federal direct payments, or may have a priority claim on expected federal direct payments. If, and to the extent that, a public entity pledges federal direct payments expected to be received in connection with bonds to make payments to the owners of the bonds or other persons, the federal direct payments that the public entity expects to receive with respect to the bonds shall be netted against and shall reduce the amount of interest on the bonds and all other amounts payable by the public entity on or with respect to the bonds for purposes of any notice delivered pursuant to section 20 (3) (b) of article X of the state constitution and for purposes of applying any limitation or restriction under the state constitution, any law of the state, any ballot question or ballot

issue, any ancillary agreement, or any ordinance or resolution of the governing body of the public entity relating to the bonds, including but not limited to any limitation on:

- (a) Interest or any other amount payable on or with respect to the bonds;
- (b) The net effective interest rate and net interest cost on the bonds;
- (c) The repayment cost of the bonds; and
- (d) The amount of debt the public entity may incur.

(5) A public entity may identify federal direct payments expected to be received in connection with a lease-purchase agreement that qualifies as a stimulus obligation as the intended source for payment of any portion of the lease payments under the lease-purchase agreement. Any portion of the lease payments payable under any lease-purchase agreement that qualifies as a stimulus obligation may be payable in amounts corresponding to expected federal direct payments, and federal direct payments may be identified as the intended sole source or intended priority source for payment of any portion of the lease payments payable under any lease-purchase agreement that qualifies as a stimulus obligation. If, and to the extent that, a public entity identifies federal direct payments expected to be received in connection with a lease-purchase agreement as an intended source of payment of lease payments, the federal direct payments that the public entity expects to receive with respect to the lease-purchase agreement shall be netted against and shall reduce the amount of lease payments under the lease-purchase agreement representing interest, and all other amounts payable by the public entity under or with respect to the lease-purchase agreement, for purposes of applying any limitation or restriction under the state constitution, any state law, any ballot question or ballot issue, any ancillary agreement, or any ordinance or resolution of the governing body of the public entity relating to the lease-purchase agreement, including but not limited to any limitation on interest or any other amount payable under the lease-purchase agreement and any determination as to the reasonableness of the lease payments under the lease-purchase agreement.

(6) The governing body of a public institution of higher education may designate and treat any federal direct payment as revenues of an auxiliary facility or an institutional enterprise for purposes of sections 23-5-101.5 to 23-5-105.5, C.R.S., and section 23-5-139, C.R.S.

**11-59.7-106. Qualified school construction bond volume cap.** (1) The state qualified school construction bond volume cap shall be allocated to the public school capital construction assistance board, which, subject to the provisions of subsections (3) and (4) of this section, shall use the volume cap to enter into lease-purchase agreements to assist the financing or refinancing of projects pursuant to article 43.7 of title 22, C.R.S.

(2) Any portion of the school district qualified school construction bond volume cap for a calendar year that is allocated to a school district that has not been used on bonds issued or a lease-purchase agreement entered into by the school district or for which a contract to purchase bonds or instruments evidencing interests in a lease-purchase agreement has not been entered into on or before November 10 of the calendar year shall, on November 11 of the calendar year, automatically by law and without any action by the school district be reallocated by the school district to the public school capital construction assistance board. If a contract to purchase has been entered into on or before November 10 of the calendar year but the related bonds or lease-purchase agreement is not issued or entered into on or before November 30 of the calendar year, the volume cap shall automatically revert to the public school capital construction assistance board on December 1 of the calendar year.

(3) If the public school capital construction assistance board determines that it cannot use, or that a school district or a charter school bond issuer can make better use of, any portion of the state qualified school construction bond volume cap for a calendar year or any portion of the school district qualified school construction bond volume cap for a calendar year that is reallocated to the board pursuant to subsection (2) of this section, the board may allocate the portion of the volume cap to the school district or charter school bond issuer for the purpose of financing or refinancing a project approved by the board. Any volume cap

allocated to a school district or charter school bond issuer pursuant to this subsection (3) that has not been used on bonds issued or a lease-purchase agreement entered into or for which a contract to purchase bonds or instruments evidencing interests in a lease-purchase agreement has not been entered into on or before November 10 of any calendar year shall, on November 11 of the calendar year, automatically revert to the public school capital construction assistance board. If a contract to purchase has been entered into on or before November 10 of the calendar year but the related bonds or lease-purchase agreement is not issued or entered into on or before November 30 of the calendar year, the volume cap shall automatically revert to the public school capital construction assistance board on December 1 of the calendar year. The public school capital construction assistance board may use or reallocate to any school district or charter school bond issuer, for the purpose of financing or refinancing a project approved by the board, any volume cap that reverts to the board pursuant to this subsection (3) or may carry the volume cap forward pursuant to subsection (4) of this section. Any volume cap that is reallocated to a school district or charter school bond issuer pursuant to this subsection (3) that has not been used on bonds issued or a lease-purchase agreement entered into by noon, prevailing Denver time, on December 31 of a calendar year shall, at 12:01 p.m., prevailing Denver time, on December 31 of the calendar year, automatically revert to the public school capital construction assistance board.

(4) The public school capital construction assistance board shall carry forward to the next calendar year any portion of the qualified school construction bond volume cap that has not been used on bonds issued or a lease-purchase agreement entered into by the end of a calendar year. In selecting projects to assist the financing or refinancing of pursuant to article 43.7 of title 22, C.R.S., and in selecting projects of school districts for the purpose of allocating the qualified school construction bond volume cap pursuant to this section, the public school capital construction assistance board shall prioritize projects that are ready to be financed or refinanced and that are most consistent with the purpose of this article described in section 11-59.7-102 (1) (b). The public school capital construction assistance board shall use or allocate the qualified school construction bond volume cap in a manner consistent with federal law and the purpose of this article described in section 11-59.7-102 (1) (b) to minimize the qualified school construction bond volume cap that has not been used on bonds issued or one or more lease-purchase agreements entered into on or before the expiration of the qualified school construction bond program. A school district to which the school district qualified school construction bond volume cap has been allocated under federal law or a school district or charter school bond issuer to which the qualified school construction bond volume cap has been allocated pursuant to this section may, at any time, relinquish the volume cap to the public school capital construction assistance board. Any volume cap relinquished may be used by the public school capital construction assistance board to enter into lease-purchase agreements to assist the financing or refinancing of projects pursuant to article 43.7 of title 22, C.R.S., may be reallocated by the board to a school district or charter school bond issuer for the purpose of financing or refinancing a project approved by the board, or may be carried forward to the next calendar year. The public school capital construction assistance board may promulgate rules in accordance with article 4 of title 24, C.R.S., regarding the manner in which the qualified school construction bond volume cap will be allocated.

**11-59.7-107. Qualified energy conservation bond volume cap.** (1) The qualified energy conservation bond volume cap shall be administered by the Colorado energy office pursuant to this section. The Colorado energy office shall allocate the qualified energy conservation bond volume cap to the state and large local governments in accordance with federal law for the purpose of financing or refinancing projects approved by the Colorado energy office. The qualified energy conservation bond volume cap for calendar year 2009 shall be allocated by the thirtieth day following June 2, 2009. The qualified energy conservation bond volume cap for each subsequent calendar year shall be allocated on or before February 15 of the calendar year.

(2) The state may reallocate any portion of the qualified energy conservation bond volume cap allocated or reallocated to the state pursuant to this section to any public entity for the purpose of financing or refinancing projects approved by the Colorado energy office.

(3) Any portion of the qualified energy conservation bond volume cap for a calendar year that is allocated to a large local government pursuant to subsection (1) of this section that has not been used on bonds issued or a lease-purchase agreement entered into or for which a contract to purchase bonds or instruments evidencing interests in a lease-purchase agreement has not been entered into on or before November 10 of the calendar year shall, on November 11 of the calendar year, automatically revert to the Colorado energy office. If a contract to purchase has been entered into on or before November 10 of the calendar year but the related bonds or lease-purchase agreement is not issued or entered into on or before November 30 of the calendar year, the volume cap shall automatically revert to the Colorado energy office on December 1 of the calendar year. The Colorado energy office may reallocate to any public entity for the purpose of financing or refinancing a project approved by the office, or carry forward pursuant to subsection (4) of this section, any volume cap that reverts to the office pursuant to this subsection (3). Any volume cap that is reallocated to a public entity pursuant to this subsection (3) that has not been used on bonds issued or a lease-purchase agreement entered into by noon, prevailing Denver time, on December 31 of a calendar year shall, at 12:01 p.m., prevailing Denver time, on December 31 of the calendar year, automatically revert to the Colorado energy office.

(4) The Colorado energy office shall carry forward to the next calendar year any portion of the qualified energy conservation bond volume cap that has not been used on bonds issued or a lease-purchase agreement entered into by the end of a calendar year. In selecting projects for the purpose of allocating the qualified energy conservation bond volume cap, the Colorado energy office shall prioritize projects that are ready to be financed or refinanced and that are most consistent with the purpose of this article described in section 11-59.7-102 (1) (b). The Colorado energy office shall allocate the qualified energy conservation bond volume cap in a manner consistent with federal law and the purpose of this article described in section 11-59.7-102 (1) (b) to minimize the qualified energy conservation bond volume cap that has not been used on bonds issued or a lease-purchase agreement entered into on or before the expiration of the qualified energy conservation bond program. The Colorado energy office may allocate the qualified energy conservation bond volume cap to the state pursuant to this section in anticipation of the enactment by the general assembly of legislation authorizing a lease-purchase agreement. The state, any large local government, or any other public entity to which the qualified energy conservation bond volume cap has been allocated pursuant to this section may, at any time, relinquish the volume cap to the Colorado energy office. Any volume cap relinquished may be reallocated by the Colorado energy office to any public entity to finance or refinance a project approved by the office or may be carried forward to the next calendar year. The department of local affairs, in consultation with the Colorado energy office, may promulgate rules in accordance with article 4 of title 24, C.R.S., regarding the manner in which the qualified energy conservation bond volume cap will be allocated.

**11-59.7-108. Recovery zone economic development bond volume cap - recovery zone facility bond volume cap.** (1) The recovery zone economic development bond volume cap and the recovery zone facility bond volume cap shall be administered by the commission on higher education pursuant to this section and, to the extent provided in subsection (5) of this section, the department of local affairs.

(2) Subject to the provisions of subsections (3) to (7) of this section, the commission on higher education shall separately allocate the recovery zone economic development bond volume cap and the recovery zone facility bond volume cap to counties and large municipalities in accordance with federal law for the purpose of financing or refinancing projects that are located in recovery zones, are approved by the commission, and either are

or are to be owned or used by one or more public institutions of higher education or are expected to increase economic development in the vicinity of a facility that is or is to be owned or used by one or more public institutions of higher education in a manner that is complementary to the use of such higher education facility.

(3) Except as otherwise provided in subsection (5) of this section, any portion of the recovery zone economic development bond volume cap or recovery zone facility bond volume cap allocated to a county or a large municipality pursuant to subsection (2) of this section that has not been used on bonds issued or a lease-purchase agreement entered into to finance or refinance a project that is located in a recovery zone, is approved by the commission on higher education, and either is or is to be owned or used by one or more public institutions of higher education or is expected to increase economic development in the vicinity of a facility that is or is to be owned or used by one or more public institutions of higher education in a manner that is complementary to the use of such higher education facility or for which a contract to purchase bonds or instruments evidencing interests in a lease-purchase agreement has not been entered into on or before November 10 of any calendar year shall, on November 11 of the calendar year, automatically revert to the commission. If a contract to purchase has been entered into on or before November 10 of the calendar year but the related bonds or lease-purchase agreement is not issued or entered into on or before November 30 of the calendar year, the volume cap shall automatically revert to the commission on higher education on December 1 of the calendar year. The commission on higher education may reallocate any recovery zone economic development bond volume cap or recovery zone facility bond volume cap that reverts to the commission pursuant to this subsection (3) to any public entity for the purpose of financing or refinancing a project that is located in a recovery zone, is approved by the commission, and either is or is to be owned or used by one or more public institutions of higher education or is expected to increase economic development in the vicinity of a facility that is or is to be owned or used by one or more public institutions of higher education in a manner that is complementary to the use of such higher education facility or may carry the volume cap forward pursuant to subsection (4) of this section. Any recovery zone economic development bond volume cap or recovery zone facility bond volume cap that is reallocated to a public entity pursuant to this subsection (3) that has not been used on bonds issued or a lease-purchase agreement entered into to finance or refinance a project that is located in a recovery zone, is approved by the commission on higher education, and either is or is to be owned or used by one or more public institutions of higher education or is expected to increase economic development in the vicinity of a facility that is or is to be owned or used by one or more public institutions of higher education in a manner that is complementary to the use of such higher education facility by noon, prevailing Denver time, on December 31 of a calendar year, shall, at 12:01 p.m., prevailing Denver time, on December 31 of the calendar year, automatically revert to the commission.

(4) The commission on higher education shall carry forward to the next calendar year any portion of the recovery zone economic development bond volume cap or recovery zone facility bond volume cap that has not been used on bonds issued or a lease-purchase agreement entered into by the end of a calendar year.

(5) Notwithstanding any other provision of this section, if any portion of the recovery zone economic development bond volume cap or the recovery zone facility bond volume cap, including any portion that has been carried forward pursuant to subsection (4) of this section, has not been used on bonds issued or a lease-purchase agreement entered into by the ninetieth day preceding the date on which the recovery zone economic development bond program or recovery zone facility bond program, as applicable, is to expire under federal law, the remaining volume cap shall be allocated by the department of local affairs to public entities for the purpose of financing or refinancing any project that is located in a recovery zone and that qualifies for financing or refinancing with recovery zone economic development bonds or recovery zone facility bonds, as applicable. Any portion of any volume cap so allocated that has not been used on bonds issued or a lease-purchase agreement entered into by the fifteenth day preceding the date on which the recovery zone economic development bond program or recovery zone facility bond program, as applicable, is to expire under federal law shall revert to the department of local affairs, which shall

reallocate the volume cap to public entities for the purpose of financing or refinancing any project that is located in a recovery zone and that qualifies for financing or refinancing with recovery zone economic development bonds or recovery zone facility bonds, as applicable.

(6) In selecting projects for the purpose of allocating the recovery zone economic development bond volume cap or recovery zone facility bond volume cap, the commission on higher education and the department of local affairs shall prioritize projects that are ready to be financed or refinanced and that are most consistent with the purpose of this article described in section 11-59.7-102 (1) (b). The commission on higher education and the department of local affairs shall allocate the recovery zone economic development bond volume cap and the recovery zone facility bond volume cap in a manner consistent with federal law and the purpose of this article described in section 11-59.7-102 (1) (b) to minimize the volume cap that has not been used on bonds issued or one or more lease-purchase agreements entered into at the expiration of the recovery zone economic development bond program or the recovery zone facility bond program, as applicable, under federal law. Any county or large municipality to which the recovery zone economic development bond volume cap or recovery zone facility bond volume cap has been allocated pursuant to this section may, at any time, relinquish the volume cap to the commission on higher education or, in the circumstances described in subsection (5) of this section, the department of local affairs. Any volume cap relinquished may be reallocated by the commission on higher education to any public entity for the purpose of financing or refinancing a project that is located in a recovery zone, has been approved by the commission, and either is or is to be owned or used by one or more public institutions of higher education or is expected to increase economic development in the vicinity of a facility that is or is to be owned or used by one or more public institutions of higher education in a manner that is complementary to the use of such higher education facility, may be carried forward to the next calendar year, or, if the circumstances described in subsection (5) of this section apply, may be reallocated by the department of local affairs for the purpose of financing or refinancing any project that is located in a recovery zone and that qualifies for financing or refinancing with recovery zone economic development bonds or recovery zone facility bonds, as applicable. The commission on higher education and the department of local affairs may promulgate rules in accordance with article 4 of title 24, C.R.S., regarding the manner in which the recovery zone economic development bond volume cap and the recovery zone facility bond volume cap that they are respectively responsible for allocating pursuant to this section will be allocated.

(7) On or before the one hundred eightieth day preceding the date on which the recovery zone economic development bond program or the recovery zone facility bond program, as applicable, is to expire under federal law, the commission on higher education shall deliver to the department of local affairs a written report describing:

(a) The stimulus obligations that have been issued or entered into using the recovery zone economic development bond volume cap or recovery zone facility bond volume cap;

(b) The stimulus obligations that the commission on higher education expects to be issued or entered into with the recovery zone economic development bond volume cap or recovery zone facility bond volume cap on or before the ninetieth day preceding the date on which the recovery zone economic development bond program or the recovery zone facility bond program, as applicable, is to expire under federal law; and

(c) The actions that have not yet been taken and the events that have not yet occurred but that must be taken or that must occur before the stimulus obligations described in paragraphs (a) and (b) of this subsection (7) are issued or entered into, the date on which the actions and events are scheduled to be taken or to occur, and the commission's analysis of the likelihood that the actions or events will be taken or will occur and that the stimulus obligations will be issued or entered into on or before the ninetieth day preceding the date on which the recovery zone economic development bond program or the recovery zone facility bond program, as applicable, is to expire under federal law.

**11-59.7-109. Qualified zone academy bond volume cap.** (1) The qualified zone academy bond volume cap shall be administered by the public school capital construction assistance board pursuant to this section. The qualified zone academy bond volume cap shall be allocated to school districts to finance or refinance projects approved by the public school capital construction assistance board.

(2) Any portion of the qualified zone academy bond volume cap for a calendar year that is allocated to a school district pursuant to subsection (1) of this section and that has not been used on bonds issued or a lease-purchase agreement entered into or for which a contract to purchase bonds or instruments evidencing interests in a lease-purchase agreement has not been entered into on or before November 10 of the calendar year shall, on November 11 of the calendar year, automatically revert to the public school capital construction assistance board. If a contract to purchase has been entered into on or before November 10 of the calendar year but the related bonds or lease-purchase agreement is not issued or entered into on or before November 30 of the calendar year, the volume cap shall automatically revert to the public school capital construction assistance board on December 1 of the calendar year. The public school capital construction assistance board may reallocate to any school district for the purpose of financing or refinancing a project approved by the board any volume cap that reverts to the board pursuant to this subsection (2) or may carry the volume cap forward pursuant to subsection (3) of this section. Any volume cap that is reallocated to a school district pursuant to this subsection (2) that has not been used on bonds issued or a lease-purchase agreement entered into by noon, prevailing Denver time, on December 31 of a calendar year shall, at 12:01 p.m., prevailing Denver time, on December 31 of the calendar year, automatically revert to the public school capital construction assistance board.

(3) The public school capital construction assistance board shall carry forward to the next calendar year any portion of the qualified zone academy bond volume cap that has not been used on bonds issued or a lease-purchase agreement entered into by the end of a calendar year.

(4) In selecting projects for the purpose of allocating the qualified zone academy bond volume cap, the public school capital construction assistance board shall prioritize projects that are ready to be financed or refinanced and that are most consistent with the purpose of this article described in section 11-59.7-102 (1) (b). The public school capital construction assistance board shall allocate the qualified zone academy bond volume cap in a manner consistent with federal law and the purpose of this article described in section 11-59.7-102 (1) (b) to minimize the qualified zone academy bond volume cap that has not been used on bonds issued or lease-purchase agreements entered into by the expiration of the qualified zone academy bond program. Any school district to which the qualified zone academy bond volume cap has been allocated pursuant to this section may, at any time, relinquish the volume cap to the public school capital construction assistance board. Any volume cap relinquished may be reallocated by the public school capital construction assistance board to a school district to finance or refinance a project approved by the board or may be carried forward to the next calendar year. The public school capital construction assistance board may promulgate rules in accordance with article 4 of title 24, C.R.S., regarding the manner in which the qualified zone academy bond volume cap will be allocated.

**11-59.7-110. Recovery and reinvestment act finance authorities.** (1) Two or more public entities that are authorized to issue or enter into one or more types of stimulus obligations or one or more public entities that are authorized to issue or enter into one or more types of stimulus obligations and one or more public entities that may use or benefit from the project or projects to be financed or refinanced by one or more types of stimulus obligations may, by or pursuant to one or more contracts with each other, create a separate legal entity, to be known as a recovery and reinvestment act finance authority, for the purposes of issuing or entering into stimulus obligations of the type or types, providing for the use or distribution of the proceeds of the stimulus obligations, providing for the payment

of the stimulus obligations, and addressing other matters relating to the stimulus obligations and the property and operations of the recovery and reinvestment act finance authority.

(2) The contract pursuant to which a recovery and reinvestment act finance authority is created shall specify:

(a) The name and purpose of the authority and the type or types of stimulus obligations that the authority is authorized to issue or enter into;

(b) The establishment and organization of the governing body of the authority, which shall be a board of directors in which all legislative power of the authority is vested, including:

(I) The number of directors, their manner of appointment, their terms of office, their compensation, if any, and the procedure for filling vacancies on the board;

(II) The officers of the authority, the manner of their selection, and their duties;

(III) The voting requirements for action by the board; except that, unless otherwise specifically provided, a majority of directors shall constitute a quorum, and a majority of the quorum shall be necessary for any action taken by the board; and

(IV) The duties of the board;

(c) The obligations and rights of the contracting public entities;

(d) Provisions for the disposition, division, or distribution of any property of the authority;

(e) The term of the contract creating the authority, which may be continued for a definite term or until rescinded or terminated, and the method, if any, by which it may be rescinded or terminated; except that the contract may not be rescinded or terminated so long as the authority has bonds or one or more lease-purchase agreements outstanding unless provision for full payment of the bonds or lease-purchase agreement or agreements, by escrow or otherwise, has been made pursuant to the terms of the bonds or lease-purchase agreement or agreements;

(f) The provisions for the amendment of the contract creating the authority;

(g) Any intention of the contracting public entities to create the authority as, and have the authority conduct its business in a manner that satisfies all requirements of the constitution and laws of the state for maintaining the status of, an enterprise, as defined in section 20 (2) (d) of article X of the state constitution; and

(h) The conditions required when adding or deleting public entities to or from the contract.

(3) The general powers of a recovery and reinvestment finance authority shall include the following powers:

(a) To issue or enter into bonds and lease-purchase agreements that qualify as the type or types of stimulus obligations identified in the contract;

(b) To use or distribute the proceeds of its stimulus obligations for the benefit of one or more of the contracting public entities;

(c) To make and enter into ancillary agreements and other contracts and agreements with the contracting public entities and other persons;

(d) To employ agents and employees, to enter into contracts with attorneys, accountants, investment bankers, and other consultants, and to do and perform any acts and things authorized by this section under, through, or by means of any employee, agent, or person with which it contracts;

(e) To sue and be sued in its own name;

(f) To have and use a corporate seal;

(g) To adopt, by resolution, bylaws, rules, and regulations respecting the exercise of its powers and the carrying out of its purposes;

(h) To deposit moneys not then needed in the conduct of its affairs in any depository authorized in section 24-75-603, C.R.S. For the purpose of making deposits, the board of directors of the authority may appoint, by written resolution, one or more persons to act as custodians of the moneys. The persons shall give surety bonds in such amounts and form and for such purposes as the board of directors requires.

(i) To exercise any other powers that are necessary or convenient to the exercise of its other powers.

(4) A recovery and reinvestment act finance authority shall be a political subdivision and a public corporation of the state, separate from the parties to the contract creating the authority, and shall be a validly created and existing political subdivision and public corporation of the state irrespective of whether a public entity withdraws, whether voluntarily, by operation of law, or otherwise, from the authority subsequent to its creation under circumstances not resulting in the rescission or termination of the contract pursuant to the terms of the contract. A recovery and reinvestment act finance authority shall have the duties, privileges, immunities, rights, liabilities, and disabilities of a public body politic and corporate.

(5) The income or other revenues of a recovery and reinvestment act finance authority and all property at any time owned by an authority shall be exempt from all taxation and assessments in the state.

(6) The contracting public entities may provide in the contract creating a recovery and reinvestment act financing authority for payment to the authority of moneys from any legally available source to be used for payment of the bonds, lease-purchase agreements, and contractual and other obligations and liabilities of the authority.

(7) (a) To carry out the purposes for which a recovery and reinvestment act finance authority was created, the authority may issue bonds and enter into lease-purchase agreements payable solely from amounts paid to the authority from the contracting public entities, amounts paid to the authority by other persons, and any other available moneys of the authority. The terms, conditions, and details of the bonds or lease-purchase agreements and the procedures related thereto shall be set forth in the stimulus obligation documents authorizing the bonds or lease-purchase agreements. The terms, conditions, and details of the bonds or lease-purchase agreements shall, as nearly as may be practicable and subject to the provisions of sections 11-59.7-104 and 11-59.7-105, be substantially the same as those provided in part 6 of article 4 of title 43, C.R.S., relating to regional transportation authorities. Bonds or lease-purchase agreements issued or entered into under this subsection (7) shall not constitute a debt of a recovery and reinvestment act finance authority or a debt or multiple-fiscal year financial obligation of the state or any of the contracting public entities within the meaning of any constitutional or statutory limitations or provisions. Each bond or lease-purchase agreement issued or entered into under this subsection (7) shall recite in substance that the bond or lease-purchase agreement, including the interest thereon, is payable solely from the revenues and other available funds of the recovery and reinvestment act finance authority pledged for the payment thereof and that the bond or lease-purchase agreement does not constitute a debt of the authority or a debt or multiple-fiscal year financial obligation of the state or any of the contracting public entities within the meaning of any constitutional or statutory limitations or provisions.

(b) The stimulus obligation documents under which bonds are issued or lease-purchase agreements are entered into pursuant to paragraph (a) of this subsection (7) shall constitute a contract with the holders thereof and may contain such provisions as are determined by the board of the recovery and reinvestment act finance authority to be appropriate and necessary in connection therewith and to provide security for the payment thereof, including, without limitation, any mortgage or other security interest in any revenues, funds, rights, or properties of the authority.

(8) The powers granted to a recovery and reinvestment act finance authority pursuant to this section are supplemental to and shall in no manner limit the powers of public entities to enter into intergovernmental agreements or contracts or to establish separate legal entities pursuant to any other provision of law.

**11-59.7-111. Reporting requirements.** (1) A public entity that issues or enters into a stimulus obligation authorized by the allocation or reallocation of the volume cap to the public entity pursuant to section 11-59.7-106, 11-59.7-107, 11-59.7-108, or 11-59.7-109, by the public school capital construction assistance board, the Colorado energy office, the commission on higher education, or the department of local affairs, as applicable, shall

deliver a report to the entity that allocated or reallocated the volume cap within thirty days after the stimulus obligation is issued or entered into. The report shall include the following information and any other information requested by the entity that allocated or reallocated the volume cap:

- (a) The type of stimulus obligation;
- (b) The state law or laws under which the stimulus obligation was issued or entered into;
- (c) The date on which the stimulus obligation was issued or entered into;
- (d) A description of the project financed or refinanced with the proceeds of the stimulus obligation;
- (e) The principal amount, interest rates or method for determining the interest rates, and maturity dates for the stimulus obligation and a schedule showing all scheduled payments on the stimulus obligation;
- (f) The person or persons to which the stimulus obligation was sold;
- (g) The terms on which the stimulus obligation was sold, including but not limited to any premium or discount at which the stimulus obligation was sold and any redemption or tender provisions applicable to the stimulus obligation;
- (h) A description of any credit or liquidity enhancement or credit or liquidity support for the stimulus obligation and the amounts paid or to be paid for the enhancement or support;
- (i) A description of any interest rate exchange agreement, interest rate cap agreement, or other similar agreement entered into in connection with the stimulus obligation;
- (j) A copy of form 8038, 8038G, or other similar form that is filed with the federal internal revenue service in connection with the stimulus obligation; and
- (k) A copy of the official statement, offering document, or other similar document prepared in connection with the sale of the stimulus obligation.

(2) The failure of a public entity to comply with subsection (1) of this section shall not adversely affect the validity of the stimulus obligation issued or entered into, but no public entity that has failed to comply with said subsection (1) with respect to a stimulus obligation shall be authorized to issue or enter into any other stimulus obligation until the entity that allocated or reallocated to the public entity the volume cap that authorized the public entity to issue or enter into the stimulus obligation has certified in writing that the public entity is in compliance with said subsection (1).

Executive orders authorized.** This article was enacted in order to authorize public entities to take full advantage of financing opportunities available under the federal recovery and reinvestment act shortly after the enactment of the act and without detailed guidance from the executive branch of the federal government or courts regarding the proper interpretation of the act. If, based on additional information regarding the proper interpretation of the federal recovery and reinvestment act or amendments to the act, the governor determines that any provision of this article is not authorized by or is inconsistent with federal law or regulations or that additional legal authority is needed to authorize public entities to take full advantage of financing opportunities available under the act, the

governor is expressly authorized to issue one or more executive orders that stops the operation or implementation of the unauthorized or inconsistent provision or provides the necessary additional legal authority.

### Legal Tender

11-61-101. Gold and silver coin a legal tender.

**11-61-101. Gold and silver coin a legal tender.** The gold and silver coin issued by the government of the United States shall be a legal tender for the payment of all debts contracted on or after April 5, 1893, between the citizens of this state. The same shall be received in payment of all debts due to the citizens of this state and in satisfaction of all taxes levied by the authority of the laws of this state.

ANNOTATION

Federal reserve notes are legal tender for all debts. State statute on legal tender cannot prohibit acceptance of federal reserve notes because Congress has the power to declare what is

legal tender for all debts and it has done so by delegation to the federal reserve system. *Walton v. Keim*, 694 P.2d 1287 (Colo. App. 1984).

**11-70-101. Trust agreements among a group or association of physicians, dentists, or health care institutions authorized.** (1) There is hereby authorized the establishment, maintenance, administration, and operation of any trust, established by agreement of any group or association of physicians, dentists, or health care institutions, properly licensed by the state of Colorado, as grantor, with such physicians, dentists, or health care institutions as beneficiaries, for the purpose of insuring against loss by the payment of compensation under the Colorado workers' compensation law and general public liability claims based upon acts or omissions of such physicians, dentists, or health care institutions, including, without limitation, claims based upon malpractice. Such group or association of physicians, dentists, or health care institutions may, by trust agreement among themselves and a trustee or trustees of their selection, specify the terms, conditions, and provisions of such a trust.

(2) Upon approval of the executive director of the department of labor and employment and if the terms of the trust agreement so authorize, the following entities may be included as participants in or members of a trust created pursuant to subsection (1) of this section:

- (a) Organizations or associations in which licensed health care institutions are qualified members;
- (b) Entities which own or operate otherwise qualified licensed health care institutions under this article; or
- (c) Residential, retirement, or personal care facilities, whether or not such facilities are required to be licensed by this state.

**11-70-102. Title to property of trusts - liability of trust and trustees.** The trustees of trusts established pursuant to this article shall hold the legal title to all property at any time belonging to the trusts. They shall have control over such property, as well as the control and management of the business and affairs of the trust. Liability to third persons for any act, omission, or obligation of a trustee of a trust, when acting in such capacity, shall extend to the whole of the trust estate, or so much thereof as may be necessary to discharge such obligation, but no trustee shall be personally liable for any such act, omission, or obligation. The trustees shall have such powers as to the investment of the trust estate as may be set out in the declaration of trust, without regard to the type of investments to which trustees generally are restricted by the provisions of part 8 of article 1 of title 15, C.R.S., nor shall such trustees be subject to the provisions of title 10, C.R.S., concerning the regulation of

insurance; except that the trustees shall report any malpractice claim against a licensed practitioner that is settled or in which judgment is rendered against the insured to the Colorado medical board, which board shall provide statistical data concerning such claims to the commissioner of insurance. Without limiting the generality of the foregoing, the trustees shall have any powers, whether conferred upon them by the agreement of trust or otherwise, to perform all acts necessary or desirable to the conduct of the business of a public liability insurer.

**11-71-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Compliance review committee" means:

(a) An audit committee, loan review committee, or compliance committee appointed by the board of directors of a depository institution, as defined in subsection (3) of this section; or

(b) Any other person who is not an employee or director who acts in an investigatory capacity at the direction of a compliance review committee.

(2) "Compliance review documents" means documents exclusively prepared for or created by a compliance review committee.

(3) (a) "Depository institution" means:

(I) A person organized, chartered, doing business, or holding an authorization charter under the laws of this state or the United States to receive deposits, which person is supervised or examined for the protection of depositors by an official or agency of a state or the United States. "Deposits" includes deposits in savings, share, certificate, or other deposit accounts.

(II) A trust company or other institution that is chartered pursuant to article 109 of this title.

(b) "Depository institution" does not include an insurance company or other organization primarily engaged in the business of insurance.

(4) "Loan review committee" means a person or group of persons who, on behalf of a depository institution, reviews loans held by such institution for the purpose of assessing the credit quality of the loans, compliance with the institution's loan policies, and compliance with applicable laws and regulations.

(5) "Person" means an individual, group of individuals, board, committee, partnership, firm, association, corporation, or other legal entity.

**11-71-103. Applicability of article - confidentiality of compliance review committee documents.** (1) This article applies to a compliance review committee the functions of which are to evaluate and seek to improve:

(a) Loan underwriting standards;

(b) Asset quality;

(c) Compliance with federal or state statutory or regulatory requirements;  
(d) Financial reporting to federal or state regulatory agencies; or  
(e) The ability of electronic computing devices and any other computers, software programs, databases, network information systems, firmware, microprocessors, internal time clocks, hardware, or any other device used to interpret, produce, calculate, compute, generate, compare, account for, or sequence a date from, into, or between the years 1999 and 2000.

(f) (I) Repealed.

(II) For the purposes of this section:

(A) "Electronic computing device" shall have the same meaning set forth in section 13-21-603 (2), C.R.S.

(B) Repealed.

(2) (a) (I) Except as provided in subsection (3) of this section, compliance review documents, including those which have been delivered to a federal or state governmental agency, are confidential and not discoverable or admissible in evidence in any civil action arising out of matters evaluated by the compliance review committee.

(II) Notwithstanding any provision to the contrary, this article shall not be construed to limit the discovery or admissibility in any civil action of documents that are not compliance review documents, including, but not limited to, books, records, loan documents, applications, and appraisals, and other documents otherwise prepared or maintained in the ordinary course of business.

(b) No person shall testify in a civil proceeding concerning such person's participation in the collection, evaluation, reporting, or use of compliance review documents or about the contents of compliance review documents. Such testimony, if offered, is inadmissible in evidence.

(3) Subsection (2) of this section shall not limit the ability of a governmental agency to examine, obtain, or use compliance review documents. Such compliance review documents shall remain confidential and not discoverable or admissible in evidence in any civil action by other than a governmental agency.

## PART 1

## SHORT TITLE AND POLICY

**11-101-101. Short title.** Articles 101 to 109 and article 10.5 of this title shall be known and may be cited as the “Colorado Banking Code”. A reference to the code means the Colorado Banking Code as amended from time to time.

**Source: L. 2003:** Entire article added with relocations, p. 1051, § 3, effective July 1.

**Editor’s note:** This section is similar to former § 11-1-101 as it existed prior to 2003.

**11-101-102. Declaration of policy.** (1) It is hereby declared to be the policy of the state of Colorado that, to protect the public interest, the business of all state banks be supervised and regulated in such manner as to:

- (a) Preserve and promote:
  - (I) Sound and constructive competition among financial services institutions;
  - (II) A dual federal and state banking system;
  - (III) The security of deposits;
  - (IV) The safe and sound conduct of the business of state banks; and
  - (V) A statewide safe and sound banking system;
- (b) Seek:
  - (I) Regulatory coordination and cooperation; and
  - (II) Regulatory parity among financial services institutions; and
- (c) Encourage diversity in financial products and services.

**Source: L. 2003:** Entire article added with relocations, p. 1051, § 3, effective July 1.

**Editor’s note:** This section is similar to former § 11-1-101.5 as it existed prior to 2003.

## PART 2

## EFFECT ON EXISTING BANKS

**11-101-201. Effect on existing banks.** The charters of the state banks organized and existing prior to July 1, 2003, under the laws of this state shall continue in full force and effect. All such state banks, and, to the extent applicable, all national banks doing business in this state on or after July 1, 2003, shall, from that date, be subject to the provisions of this article. Any such state bank, by filing an application under this code for an amendment of its charter or for a merger, consolidation, or sale of all, or substantially all, of its assets, or the assets of any department of such bank, shall be deemed to have expressly recognized that it is so subject.

**Source: L. 2003:** Entire article added with relocations, p. 1052, § 3, effective July 1.

**Editor’s note:** This section is similar to former § 11-1-103 as it existed prior to 2003.

## PART 3

## APPLICATION

**11-101-301. Application of code.** (1) The provisions of this code shall govern the incorporation, organization, corporate functions, merger, consolidation, sale of assets, liquidation, dissolution, and reorganization procedures of corporations operating as banks (whether or not, as a part of and in conjunction with such operations, they engage in the trust or safe deposit business) in the state of Colorado; but the provisions of articles 10.5 and 101 to 107 of this title only apply to industrial banks and trust companies organized and operating under the provisions of articles 108 and 109 of this title when specifically provided in articles 10.5 and 101 to 109 of this title, and articles 108 and 109 of this title shall otherwise govern exclusively industrial banks and trust companies.

(2) (a) (I) The regulation of banking is a matter of statewide concern, and in order to maintain a uniform statewide system of banking and bank regulatory policy in Colorado, the regulation by a political subdivision of deposits, lending, or other services or products provided by banks in accordance with applicable state or federal law shall be prohibited except to the extent expressly permitted under article 10.5 of this title.

(II) Nothing in this subsection (2) shall preclude a political subdivision from enacting and enforcing laws or rules of general applicability concerning public health, safety, or welfare.

(b) For the purposes of this section, “political subdivision” means and includes every county, city and county, city, town, school district, special district, and housing authority within the state.

**Source: L. 2003:** Entire article added with relocations, p. 1052, § 3, effective July 1.

**Editor’s note:** This section is similar to former § 11-1-105 as it existed prior to 2003.

**11-101-302. No private right of action.** Except as expressly provided in this code, no person, other than the banking board, shall have the right to bring or maintain any private action, at law or in equity, for a violation of or enforcement of this code.

**Source: L. 2003:** Entire article added with relocations, p. 1053, § 3, effective July 1.

**Editor’s note:** This section is similar to former § 11-1-106 as it existed prior to 2003.

## PART 4

## DEFINITIONS

**11-101-401. Definitions.** As used in this code, unless the context otherwise requires:

(1) “Account holder” means a person having an established demand, savings, or loan account at a Colorado bank.

(2) “Account overline” means a banking transaction pursuant to which an account holder debits his existing demand or savings account even though such debit may create or extend a negative balance to be covered by an extension of credit, or would create a negative balance but for an extension of credit to such account by the Colorado bank.

(3) “Action”, in the sense of a judicial proceeding, means a recoupment, counterclaim, third-party claim, cross-claim, setoff, suit in equity, arbitration, and any other proceeding in which rights are determined.

(3.5) “Affiliate” means any company that directly or indirectly controls, is controlled by, or is under common control with another company.

(4) “Affiliate financial institution” means any bank, industrial bank, or savings and loan association that has its principal place of business in Colorado and that is controlled by a financial institution.

(5) "Bank" means a state bank (other than an industrial bank) or bank and trust company, chartered by this state or a national bank; except that, for the purpose of part 2 of article 104 of this title, "bank" means any bank organized or chartered under articles 10.5 and 101 to 109 of this title, any bank organized or chartered as a bank under the laws of any other jurisdiction, or any bank organized or chartered under chapter 2 of title 12 of the United States Code. The singular "bank" includes the plural "banks".

(6) "Bank holding company" means any company that has direct or indirect control over any banking institution.

(7) "Banking board" means the banking board within the division established pursuant to section 11-102-103.

(8) "Banking institution" means any institution organized or chartered under this code or under chapter 2 of title 12 of the United States Code, but does not include a credit card national bank.

(9) "Banking transactions" means cash withdrawals, deposits, account transfers, payments from bank accounts, disbursements under a preauthorized credit agreement, and loan payments initiated by an account holder at a communications facility and accessing his or her account at a Colorado bank.

(10) "Branch" means any branch bank, branch office, branch agency, additional office, or branch place of business of a financial institution located in this state at which deposits are received, checks are paid, or money is lent.

(11) "Capital and surplus" or "capital stock and unimpaired surplus fund" means paid-in capital stock plus surplus, undivided profits, subordinated notes and debentures, reserves for contingencies and other capital reserves, and the reserve for possible loan losses.

(12) "Colorado affiliate", with respect to a Colorado bank or Colorado trust company, means:

(a) Any company that is controlled by a bank holding company that controls a Colorado bank or Colorado trust company; or

(b) Any company that is controlled by or that controls a Colorado bank or Colorado trust company.

(13) "Colorado bank" means a bank having its principal place of business in Colorado.

(14) "Colorado bank holding company" means a registered bank holding company the operations of which are principally conducted in Colorado. "Colorado bank holding company" does not include an out-of-state bank holding company that acquires control of one or more Colorado bank holding companies or Colorado banks, whether or not its operations are principally conducted in Colorado after such acquisition, or any Colorado bank holding company the control of which or as to which a majority nonvoting equity interest is first acquired by an out-of-state bank holding company on or after July 1, 1988.

(15) "Colorado financial institution" means a financial institution having its principal place of business in Colorado.

(16) "Colorado trust company" means:

(a) A national banking association that has its principal office in Colorado and to which the comptroller of the currency has issued a certificate authorizing the commencement of business and that is required by said comptroller to limit its operations to those of a trust company and any activities related thereto; or

(b) A trust company organized under article 109 of this title, which trust company has its principal office in Colorado.

(16.5) "Commercial activities" means activities in which a bank holding company, a financial holding company, a national bank, or a national bank financial subsidiary may not engage under federal law.

(17) "Commissioner" means the state bank commissioner appointed and serving pursuant to section 11-102-101 (2), who shall be the commissioner of banking referred to in articles 101 to 109 of this title.

(18) "Communications facility" means an attended or unattended electronic information processing device, other than an ordinary telephone instrument, located in this state separate and apart from a Colorado bank and through which account holders and Colorado banks may engage in banking transactions by means of either the instant transmission

(on-line) of electronic impulses to and from the Colorado bank or its data processing agent or the recording of electronic impulses or other indicia of a banking transaction for delayed transmission (off-line) to a Colorado bank or its data processing agent. Such a device located on the premises of a Colorado bank shall be a communications facility if such device is utilized by the account holders of other Colorado banks.

(19) "Community" means a city, town, or incorporated village of this state, or a trade area in this state in unincorporated territory.

(20) "Company" means any corporation, partnership, business trust, association, or similar organization; except that, for the purpose of article 106 of this title, "company" means a bank or trust company that is authorized by the division of banking or the comptroller of the currency to conduct fiduciary business in Colorado.

(21) "Constituent bank" means a party to a merger.

(22) "Continuing bank" means a merging bank the charter of which becomes the charter of the resulting bank.

(23) (a) Except as otherwise provided in paragraphs (b) and (c) of this subsection (23), a company with "control" means:

(I) A company that, either directly, indirectly, or acting through one or more persons, owns, controls, or has the power to vote twenty-five percent or more of the voting securities of another company; or

(II) A company that controls in any manner the election of a majority of the directors, managers, or trustees of another company.

(b) For the purpose of part 2 of article 104 of this title, "control" means that:

(I) A company, either directly, indirectly, or acting through one or more persons, owns, controls, or has power to vote twenty-five percent or more of the voting securities of a bank holding company or of a bank; or

(II) A company controls in any manner the election of a majority of the directors, managers, or trustees of a bank holding company or of a bank.

(c) For the purpose of section 11-104-101, "control" means that:

(I) Any company directly or indirectly or acting through one or more persons owns, controls, or has power to vote twenty-five percent or more of the voting securities of the banking institution; or

(II) The company controls in any manner the election of a majority of the directors, managers, or trustees of the banking institution.

(24) "Converted bank" means the same bank after the conversion.

(25) "Converting bank" means a bank converting from a state to a national bank, or the reverse.

(26) "Court" means a court of competent jurisdiction.

(27) "Credit card national bank" means an institution that is organized or chartered as a national bank under chapter 2 of title 12 of the United States Code, that engages only in credit card operations, and that qualifies for exception from the definition of a "bank" under section 2 (c) (2) (F) of the federal "Bank Holding Company Act of 1956", Public Law 84-511, 12 U.S.C. sec. 1841 (c) (2) (F).

(28) "De novo branch" means a branch of a financial institution that:

(a) Is originally established by the financial institution as a branch; and

(b) Does not become a branch of such financial institution as a result of:

(I) The acquisition by the financial institution of a depository institution or a branch of a depository institution; or

(II) The conversion, merger, or consolidation of any such institution or branch.

(29) "Deposit production office" means an office or branch used primarily for the purpose of deposit production.

(30) "Depositor" means a person delivering property or documents to a lessor for safekeeping.

(31) "Division" means the division of banking of this state created by this code.

(32) "Executive officer", when referring to a bank, means a person who participates or has authority to participate, other than in the capacity of a director, in major policy-making functions of the bank, whether or not the officer has an official title, the title designates the officer as an assistant, or the officer is serving without salary or other compensation.

“Executive officer” includes the chairman of the board of directors and the president, every vice-president, and the cashier of a bank, unless any such officer is excluded by resolution of the board of directors or by the bylaws of the bank from participation, other than in the capacity of a director, in major policy-making functions of the bank and such officer does not actually participate therein.

(33) “Federal bank holding company act” means the federal “Bank Holding Company Act of 1956”, Pub.L. 84-511, 12 U.S.C. sec. 1841 et seq., as amended.

(34) “Fiduciary” means original or successor trustee of an expressed or implied trust, including but not limited to a resulting or constructive trust, special administrator, executor, administrator, administrator c.t.a., guardian, guardian-trustee or conservator for a minor or other incompetent person, receiver, trustee in bankruptcy, assignee for creditors, or any holder of a similar position of trust acting alone or with others.

(35) “Fiduciary business” means estate and trust administration, conservatorship, agency, escrow, and custodian business and any other fiduciary business.

(36) “Financial institution” means any bank, bank holding company, industrial bank, industrial bank holding company, savings and loan association, federal savings bank, or thrift holding company.

(37) (a) “Foreign bank” means any bank, including any commercial bank, merchant bank, or other institution that engages in banking activities that are usual in connection with the business of banking in the nations where such institution is organized or operating, other than a bank that is organized under the laws of a state of the United States or a national bank that maintains its head office in a state of the United States.

(b) As used in this subsection (37), “foreign nation” means any nation other than the United States, including any subdivision, territory, trust territory, dependency, or possession of any such nation. “Foreign nation” includes Puerto Rico, Guam, American Samoa, the Virgin Islands, and any territory, trust territory, dependency, or insular possession of the United States.

(38) “Good faith” means honesty in fact in the transaction and some reasonable ground for belief that the transaction is rightful or authorized.

(39) “Home state” means:

(a) In the case of a national bank, the state in which the main office of the bank is located; and

(b) In the case of a state bank, the state in which the bank is chartered.

(40) “Interested party” means, with respect to the fiduciary business of a transferor for which a successor is substituted:

(a) Each person who is readily identifiable as a beneficiary or devisee because of such person’s receipt of statements of account;

(b) A parent, custodian, conservator, or guardian who receives statements of account on behalf of a minor beneficiary or devisee;

(c) Each cofiduciary;

(d) Each surviving settlor of a trust;

(e) Each issuer of a security for which the transferor acts as a fiduciary;

(f) The plan sponsor for every employee benefit plan;

(g) The principal of every agency account; and

(h) The guardian or conservator of the person under guardianship.

(41) “Item” means any instrument for the payment of money even though not negotiable, but does not include money.

(42) “Lessee” means a person contracting with a lessor for the use of a safe deposit box.

(43) “Lessor” means a bank, as defined in subsection (5) of this section, or subsidiary thereof, that rents or maintains safe deposit facilities. “Lessor” does not include a financial institution regulated by article 30, 46, 108, or 109 of this title or a credit union chartered under the laws of the United States.

(44) “Merger” includes consolidation.

(45) “Merging bank” means a party to a merger.

(46) “National bank” means a national banking association.

(47) “Officer”, when referring to a bank, means any person designated as such in the bylaws and includes, whether or not so designated, any executive officer, the chairman of the board of directors, the chairman of the executive committee, and any trust officer, assistant trust officer, assistant vice-president, assistant treasurer, assistant cashier, assistant comptroller, assistant secretary, auditor, or any person who performs the duties appropriate to those offices.

(48) The state where “operations are principally conducted” means that state where the largest percentage of the aggregate deposits of all bank subsidiaries of the bank holding company are held.

(49) “Order” means all or any part of the final disposition, whether affirmative, negative, injunctive, or declaratory in form, by the commissioner or the banking board of any matter other than the making of rules of general application.

(50) “Out-of-state bank” means a bank the home state of which is another state. The term “out-of-state bank” includes a foreign bank.

**PART 1****COMMISSIONER AND BANKING BOARD**

**11-102-101. Division of banking - creation - subject to termination - repeal of article.** (1) There is hereby created a division of banking within the department of regulatory agencies. The division shall be charged with functions provided by law. Whenever any law of this state refers to the banking department, said law shall be construed as referring to the division of banking.

(2) The administrative head of the division shall be the commissioner of banking, who

shall be the state bank commissioner appointed and serving as provided by law, and the deputies and employees of the commissioner shall also be deputies and employees of the division of banking hereby created. The bank commissioner, at the time of his or her appointment, shall be experienced in the theory and practice of the business and regulation of financial services institutions under the jurisdiction of the banking board.

(3) (a) The provisions of section 24-34-104, C.R.S., concerning the termination schedule for regulatory bodies of the state unless extended as provided in that section, are applicable to the division of banking created by this section.

(b) This article is repealed, effective July 1, 2013.

**Source:** L. 2003: Entire article added with relocations, p. 1059, § 3, effective July 1.  
L. 2004: (3)(b) amended, p. 322, § 1, effective April 7.

**Editor's note:** This section is similar to former § 11-2-101 as it existed prior to 2003.

**11-102-102. Powers of commissioner.** (1) The commissioner shall be the administrative head of the division, shall set administrative policy therefor, and shall be responsible for the internal administration thereof, including personnel matters, records, reports, systems, and procedures.

(2) The commissioner shall be the appointing authority for employees of the division under the state personnel system.

(3) The commissioner shall be responsible for all examination and enforcement functions of the division of banking subject to the policy-making and rule-making authority of the banking board. In carrying out the responsibilities for examinations and enforcement, in addition to other powers conferred by this code and delegated by the banking board, the commissioner has the power to require a bank to:

(a) Comply with the standards that the banking board may prescribe for determining the value of various types of assets;

(b) Charge off the whole or any part of an asset that, at the time of the commissioner's action, could not lawfully be acquired;

(c) Write down an asset to its market value;

(d) File, record, or otherwise make effective liens and other interests in property;

(e) Obtain a financial statement from a person with present or prospective liability to the bank to the extent that the bank can do so;

(f) Obtain insurance against damage to real estate taken as security;

(g) Obtain title insurance for real estate taken as security;

(h) Maintain adequate insurance against such other risks as the commissioner or the banking board may determine to be necessary and appropriate for the protection of depositors and the public.

(4) The commissioner shall have primary responsibility for the preparation of the preliminary budget draft for the division for review and comment by the banking board prior to its submission to the department of regulatory agencies.

(5) The commissioner shall have the power to perform any acts and to make any decisions incidental to or necessary for carrying out any functions specified by this code or delegated by the banking board pursuant to this code.

(6) The commissioner has the power, subject to the approval of the banking board and subject to the laws and state constitution, to appoint a chief deputy commissioner and such other deputy commissioners as shall be necessary to efficiently perform the duties of the commissioner. All such officers and employees shall receive such compensation for their services as shall be fixed under general provisions of law relating to the compensation of state officers and employees.

(7) The commissioner, the deputies, and all other employees of the division shall, before entering upon the discharge of their duties, in addition to any oath required by the state constitution, take and subscribe an oath to keep secret all information acquired by them in the discharge of their duties, except as may be otherwise required by this code or by law. Willful violation of this oath is declared to be a criminal offense. The commissioner, all

deputies, and all other employees of the division shall be subject to article 18 of title 24, C.R.S.

(8) The commissioner may delegate to any officer or employee of the division any of the commissioner's powers and may designate any officer or employee of the division to perform any of the commissioner's duties.

(9) The commissioner, and such other officers and employees handling money or securities in the course of their duties as the banking board may determine, shall be bonded in such amount as the banking board may fix. The cost thereof shall be charged as an expense of the division.

(10) The commissioner, all deputies, and all the employees, except special deputies and assistants employed in liquidating failed banks, shall devote their entire time and attention to the duties of their several positions and shall not, during their terms of service, receive any salary or compensation whatsoever from any bank.

(11) In the case of a vacancy in the office of the commissioner for any cause, and until such vacancy is filled, the chief deputy commissioner shall have and exercise all the powers and duties conferred by law or by the banking board upon the commissioner, with the same authority as if those powers and duties were exercised and performed by the commissioner. If there is no chief deputy at the time of such vacancy, a chief deputy shall be appointed.

(12) The commissioner shall have a seal of office containing the words "Commissioner of Banking of Colorado" in the form of a circle and the word "seal" within the circle.

**Source: L. 2003:** Entire article added with relocations, p. 1060, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-2-106 as it existed prior to 2003.

**11-102-103. Banking board - repeal.** (1) (a) There is hereby established in the division a banking board, which shall consist of nine members as further specified in this section.

(b) The members of the banking board serving on June 30, 2003, shall continue to serve until the expiration of their terms of office in accordance with the provisions of this section.

(2) (a) There shall be five members who during their tenure are, and shall remain, executive officers of state banks, each of whom shall have not less than five years' practical experience as an active executive officer of a bank. At least two of such members shall represent banks having less than one hundred fifty million dollars in total assets at the time of their appointment.

(b) There shall be one member who during his or her tenure is, and shall remain, an executive officer of a business licensed pursuant to article 52 of title 12, C.R.S.

(c) There shall be one member who during his or her tenure is, and shall remain, the executive officer of a trust company.

(d) There shall also be two members to serve as public members of the banking board who shall have expertise in finance through their current experience in business, industry, agriculture, or education.

(3) No member of the banking board shall have any interest, direct or indirect, in a bank in which another member of the banking board has any such interest. Not more than one of the members shall be an executive officer or employee of any one bank holding company or affiliate thereof.

(4) Of the members appointed under subsection (2) of this section, at all times at least one shall reside west of the continental divide.

(5) Members shall be appointed by the governor, with the consent of a majority of the elected members of the senate at the next meeting thereof. The term of office of each member shall be four years. In the event of the death, resignation, nonresidency in the congressional district from which appointed, inability to act, or refusal to act of any member of the banking board, or the occurrence of any other event that disqualifies the member from serving the remainder of his or her term on the banking board, the governor within forty-five days thereafter, or in the event of the governor's failure to act, the banking board, shall make an interim appointment of a member to serve for the unexpired term on the banking board, subject to the approval of a majority of the elected members of the senate at the next

meeting thereof. A member who moves out of the congressional district from which appointed shall promptly notify the governor of the date of such move, but such notice is not a condition precedent to the occurrence of the vacancy. The governor may, after notice and hearing, remove a member for cause. Any banking board member who is absent from three consecutive banking board meetings is subject to immediate removal by the governor.

(6) Each member of the banking board shall receive the same per diem compensation and reimbursement of expenses as those provided for members of boards and commissions in the division of professions and occupations pursuant to section 24-34-102 (13), C.R.S. Payment for all such expenses and allowances shall be made upon vouchers therefor, which shall be filed with the department of personnel.

(7) The banking board shall meet at least once in each calendar month. The chairman of the banking board may call additional meetings of the banking board upon at least seventy-two hours' notice to all members of the banking board and shall do so upon the request of two members. All members of the banking board shall be subject to immediate call in the event of an emergency. Four members of the banking board shall constitute a quorum, and action taken by a majority of those present at any meeting at which a quorum is present shall be the action of the banking board. Upon the affirmative vote of a majority of those present at any meeting at which a quorum is present, one or more members may be authorized to conduct any hearing required under this code. In the event that less than a quorum of the banking board is present during the conduct of the hearing, at least a quorum of the banking board shall read the entire record before voting thereon. No member shall participate in a proceeding before the banking board when any corporation, partnership, or unincorporated association of which he or she is, or was at any time in the preceding twelve months, a director, officer, partner, employee, member, or stockholder is a party to such proceedings. A member may disqualify himself or herself from participating in a proceeding for any other cause deemed by him or her to be sufficient.

(8) A quorum may be established by means of a conference telephone call, which shall be recorded in the banking board's minutes. Upon the affirmative vote of a majority of those present at any meeting at which a quorum is present, the banking board may hold an executive session to consider certain matters required by statute to be kept confidential under this code. Any agenda and the minutes of executive sessions shall be kept confidential by the banking board.

(9) The division shall provide such clerical, technical, and legal assistance as the banking board may require.

(10) The members of the banking board shall, before entering upon the discharge of their duties, in addition to any oath required by the state constitution, take and subscribe an oath to keep secret all information acquired by them in the discharge of their duties, except as may be otherwise required by law. Willful violation of this oath shall be a criminal offense.

(11) The banking board shall elect a chairperson from among its members to serve for a term not exceeding two years, as determined by the banking board. No chairperson shall be eligible to serve as such for more than two successive terms. In addition to the amounts received pursuant to subsection (6) of this section, the chairperson shall receive per diem compensation and reimbursement of expenses in the amounts provided by section 24-34-102 (13), C.R.S., for each day spent in attending to the duties of the banking board.

(12) The banking board may enter into contracts with temporary employees and for the provision of such other services as it may deem necessary in accordance with section 13 of article XII of the state constitution.

(13) This section is repealed, effective July 1, 2013.

## ANNOTATION

**Annotator's note.** Since § 11-102-103 is similar to § 11-2-102 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

**Quorum must be present to approve action of the banking board.** The general assembly intended that any and all actions of the banking board may be approved at a meeting at which at least a quorum is present, and that any such action taken by a majority of the quorum shall be the action of the board. There are no exceptions to its applicability and therefore it governs all acts of the banking board, including the

granting of a state bank charter. *Peoples Bank v. Banking Bd.*, 164 Colo. 564, 436 P.2d 681 (1968).

**Banking board member is not disqualified from participating in consideration of issues** where none of the members of the banking board had any direct, personal, financial, or official stake in the decision to seize and liquidate the assets of the bank, and where there was no other conflict of interest sufficient to overcome the presumption of fairness. *First Bank v. Dept. of Regulatory Agencies*, 852 P.2d 1345 (Colo. App. 1993).

**Applied** in *Walton v. Banking Bd.*, 36 Colo. App. 311, 541 P.2d 1254 (1975).

**11-102-104. Powers and duties of banking board.** (1) The banking board is the policy-making and rule-making authority for the division of banking and has the power to:

(a) Make, modify, reverse, and vacate rules for the proper enforcement and administration of this code and the "Public Deposit Protection Act", article 10.5 of this title;

(b) Make, promulgate, alter, amend, or revise reasonable rules as may be necessary for the enforcement and execution of the provisions of the "Money Order Act", article 52 of title 12, C.R.S.; and

(c) Regulate procedure and practice of the banking board.

(2) In addition to any other powers conferred on it by this code, the banking board has the power to:

(a) Make all final decisions with respect to ownership including, but not limited to:

(I) Chartering and conversions;

(II) Mergers;

(III) Acquisitions; and

(IV) Change of control;

(b) Make all final decisions with respect to certification pursuant to section 11-104-202;

(c) Make all final decisions with respect to the taking of possession, liquidation, or reorganization of banks and the emergency grant of new charters and branch facilities;

(d) Make all final decisions with respect to requests to exercise trust, fiduciary, and agency powers.

(3) The banking board has the power to prohibit the taking of deposits or to restrict the withdrawal of deposits, or both, from any one or more state banks when the banking board finds that extraordinary circumstances make such a restriction necessary for the proper protection of depositors in the affected state bank.

(4) The banking board has the power to authorize state banks under circumstances in which state banks are not given authority under this code to act without the approval of the banking board; to participate in any public agency created after July 1, 1957, under the laws of this state or the United States, the purpose of which is to afford advantages or safeguards to banks or depositors; and to authorize compliance with all requirements and conditions imposed upon such participants.

(5) The banking board has the power to authorize such banks to engage in any banking activity in which state banks could engage were they operating as national banks at the time such authority is granted, so long as such activity is not prohibited elsewhere in this code and to the extent permissible under rules of the banking board promulgated pursuant to subsection (1) of this section consistent with the policies set forth in section 11-101-102, or under any other provision of this code. State banks may engage in interstate branching to the same extent as if they were operating as national banks so long as such activity is in accordance with the rules of the banking board.

(5.5) (a) The banking board has the power to issue a state bank charter to a limited liability company, as that term is defined in section 7-80-102, C.R.S., so long as the limited

liability company meets the requirements of this code. In the event of a conflict between the requirements of the provisions of this code and the "Colorado Limited Liability Company Act", article 80 of title 7, C.R.S., a state bank organized as a limited liability company shall be subject to the requirements of this code.

(b) The banking board has the power to issue an industrial bank charter to a limited liability company, as that term is defined in section 7-80-102, C.R.S., so long as the limited liability company meets the requirements of article 108 of this title. In the event of a conflict between the requirements of the provisions of article 108 of this title and the "Colorado Limited Liability Company Act", article 80 of title 7, C.R.S., an industrial bank organized as a limited liability company shall be subject to the requirements of article 108 of this title.

(c) The banking board has the power to issue a trust company charter to a limited liability company, as that term is defined in section 7-80-102, C.R.S., so long as the limited liability company meets the requirements of article 109 of this title. In the event of a conflict between the requirements of the provisions of article 109 of this title and the "Colorado Limited Liability Company Act", article 80 of title 7, C.R.S., an industrial bank organized as a limited liability company shall be subject to the requirements of article 109 of this title.

(d) The banking board shall promulgate rules to effectuate the provisions of this subsection (5.5).

(6) The banking board has the power to affirm, modify, reverse, vacate, or stay the enforcement of any order or ruling made by a hearing officer acting pursuant to section 11-102-201 or the commissioner acting pursuant to authority delegated by the banking board.

(7) The banking board has the power to order any person to cease violating a provision of this code or a rule issued pursuant to this code or to cease engaging in any unsound banking practice, to impose civil money penalties pursuant to section 11-102-503, to suspend or remove a director or officer pursuant to section 11-102-505, and to take such other enforcement action as is authorized by sections 11-102-506 to 11-102-508 and any other provision of this code.

(8) With respect to any action pursuant to subsection (3) or (7) of this section, ten days' notice by certified mail, return receipt requested, and the opportunity for a hearing shall be provided to the bank, the directors of the bank, and any person ordered to cease violating provisions of this code pursuant to subsection (7) of this section in advance of any action taken by the banking board. In cases found by the banking board to involve extraordinary circumstances requiring immediate action, the banking board may take such action without notice or hearing but shall promptly afford a subsequent opportunity for hearing upon application by the bank or directors of the bank to rescind the action taken. With respect to any authorization requested pursuant to subsection (4) or (5) of this section, the banking board may, on its own motion, or shall if requested by the applicant, hold a hearing on such request.

(9) The banking board has the power to issue a declaratory order with respect to the applicability of this code or a rule issued by the banking board to any person, property, or state of facts under this code.

(10) The banking board has the power to review and comment on the preliminary budget draft for the division prior to its submission to the department of regulatory agencies.

(11) The banking board shall annually establish such fees and assessments and the percentages thereof as are necessary to generate the moneys appropriated by the general assembly for the division.

(12) The banking board has the power to comment on who shall be the bank commissioner and to recommend the termination of the commissioner for cause. The banking board's comments and recommendations shall be given to the appropriate office or officer of the state having appointment or termination powers with regard to the commissioner.

(13) The banking board has the power to perform any acts and make any decisions incidental to or necessary for carrying out its functions as set forth in this code.

(14) The banking board shall not delegate to the commissioner any of its powers under subsections (1) to (12) of this section except informal enforcement powers arising under section 11-102-507, which powers shall be delegable pursuant to subsection (15) of this section.

(15) Except as provided in subsection (14) of this section, the banking board may, in its discretion, delegate to the commissioner any of its powers, duties, and functions; except that all powers under this code vest in the banking board unless delegated to the commissioner by statute.

(16) The banking board may, in its discretion, require the commissioner to report to the banking board periodically with respect to any powers delegated pursuant to subsection (15) of this section.

(17) The banking board shall have a seal of office containing the words "Banking Board of Colorado" in the form of a circle and the word "seal" within the circle.

(18) (a) As described in section 11-109-1001 (5) (b), the banking board may define circumstances that do not constitute transacting business with the public for the purposes of part 10 of article 109 of this title.

(b) As described in section 11-109-1003, the banking board may grant a whole or partial exemption to a private family trust company or proposed private family trust company from compliance with one or more provisions of article 109 of this title only if the banking board determines that the private family trust company or proposed private family trust company does not and will not transact business with the general public.

(c) For the purposes of section 11-109-1003, the banking board shall promulgate rules specifying the provisions of article 109 of this title from which a private family trust company or proposed private family trust company may or may not request an exemption from compliance.

(d) The banking board shall promulgate rules to establish:

(I) Procedures by which a private family trust company or proposed private family trust company may request an exemption from compliance with one or more provisions of article 109 of this title pursuant to section 11-109-1003. The procedures shall include:

(A) The creation of a standard application form to be used by a private family trust company or proposed private family trust company in requesting an exemption; and

(B) The designation of an application fee to be submitted by a private family trust company with each application;

(II) Conditions under which the banking board may revoke an exemption granted to a private family trust company or proposed private family trust company pursuant to section 11-109-1003. The conditions, at a minimum, shall include the following acts or failures to act by the private family trust company:

(A) Making a false statement on any document required to be filed pursuant to article 109 of this title or by any rule promulgated by the banking board;

(B) Failing to submit to or cooperate with an investigation initiated by the banking board pursuant to section 11-109-1003 (3) (b);

(C) Withholding any information from the banking board or the commissioner; or

(D) Violating any provision of article 109 of this title for which the private family trust company does not possess an exemption granted by the banking board pursuant to section 11-109-1003;

(III) Procedures by which a private family trust company, pursuant to section 11-109-1002 (2), is to certify that it is complying with the provisions of article 109 of this title, except for those provisions for which the private family trust company has received an exemption from the banking board pursuant to section 11-109-1003;

(IV) Procedures by which a person who wants to transfer control of a private family trust company pursuant to section 11-109-1005 is to provide to the banking board written notice of his or her intent to transfer control of the company. The procedures shall include minimum requirements for the form of the notice of intent.

(V) Procedures by which a private family trust company that intends to terminate its status as a private family trust company, convert itself to a public trust company, and start transacting business with the general public pursuant to section 11-109-1007 is to submit notice of its intent in writing to the banking board. The procedures shall include:

(A) The creation of a form to be used by a private family trust company for this purpose that requires the inclusion of the name of the private family trust company; an acknowledgment that any exemption granted by the banking board pursuant to section 11-109-1003 or otherwise applicable to the private family trust company will become inapplicable upon

the termination of the company's status as a private family trust company; and the name under which the company will transact business with the general public;

(B) The designation of a fee that the private family trust company shall be required to submit to the banking board upon submission of the form.

## ANNOTATION

**In extraordinary circumstances requiring immediate action,** the banking board is permitted to seize and liquidate a bank's assets without notice or hearing, provided that, upon application for rescission within ten days of such ac-

tion, it conducts a prompt hearing on the request for rescission. *First Bank v. Dept. of Regulatory Agencies*, 852 P.2d 1345 (Colo. App. 1993) (decided prior to 1989 repeal and reenactment of former § 11-2-103).

**11-102-105. Roles and authority of banking board and commissioner - rules - exercise of powers.** (1) All rules of the commissioner lawfully adopted prior to April 15, 1988, shall continue to be effective until revised, amended, repealed, or nullified pursuant to law.

(2) The banking board and the commissioner in the exercise of their powers pursuant to this code shall be guided by and shall act in a manner consistent with the policies of the state of Colorado with respect to state banks as set forth in section 11-101-102.

**11-102-106. Nontraditional mortgages - consumer protections - rules - incorporation of federal interagency guidance.** The banking board shall adopt rules governing the marketing of nontraditional mortgages by banking institutions. In adopting such rules, the board shall incorporate appropriate provisions of the final "Interagency Guidance on Nontraditional Mortgage Product Risks" released on September 29, 2006, by the office of the comptroller of the currency and the office of thrift supervision in the federal department of the treasury, the board of governors of the federal reserve system, the federal deposit insurance corporation, and the national credit union administration, as such publication may be amended.

## PART 2

## PROCEEDINGS

**11-102-201. Hearing officers - powers - procedure - order final.** (1) The banking board has the power to designate a person to act as a hearing officer to conduct any public hearing authorized or required by this code except in the case of charter applications that have been timely protested pursuant to the rules of the banking board. The banking board may determine the qualifications required for a person to be designated pursuant to this subsection (1) based upon the education and experience required for the particular hearing.

Such person may, but need not be, an administrative law judge serving pursuant to section 24-30-1003, C.R.S.

(2) Any such hearing officer shall have the powers of a hearing officer prescribed in section 24-4-105, C.R.S.

(3) After the conclusion of a hearing, the hearing officer shall prepare written findings and recommendations based on the hearing and shall certify such findings and recommendations to the banking board and to each party. If the banking board does not affirm, modify, reverse, remand for further findings, or vacate such written recommendations within sixty days after receipt of the recommendations, the same shall be deemed the determination and order of the banking board. The banking board may extend such sixty-day period by no more than thirty additional days.

**Editor's note:** This section is similar to former § 11-2-103.6 as it existed prior to 2003.

**11-102-202. Subpoenas - witnesses - production of records.** (1) The commissioner, or the banking board, has the power to subpoena witnesses, compel their attendance, require the production of evidence, administer an oath, and examine any person under oath in connection with any subject relating to a duty imposed upon, or a power vested in, the commissioner or the banking board.

(2) In case of a refusal of any person to comply with a lawful subpoena or order of the commissioner or of the banking board issued pursuant to this section, upon proper petition by the commissioner or the banking board to the district court, the court shall require compliance therewith, and further refusal shall be punishable as contempt of court.

**Editor's note:** This section is similar to former § 11-2-104 as it existed prior to 2003.

**11-102-203. Effect of good faith reliance on orders or rules of banking board.** No person who in good faith relies on any order or rule of the banking board shall be subjected to any civil or criminal liability for any act or omission to act, notwithstanding a subsequent decision by a court invalidating any such order or rule.

**Source: L. 2003:** Entire article added with relocations, p. 1067, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-2-104.5 as it existed prior to 2003.

**11-102-203.5. Independent administrative review of material supervisory determinations - rules.** (1) The banking board shall establish by rule an independent administrative appeals process to address an adverse material supervisory determination that affects a state bank. For purposes of this section, a "material supervisory determination" means:

(a) An examination rating, including composite scores, information technology, and trust department ratings;

(b) A determination relating to the adequacy of loan loss reserve provisions;

(c) A disputed asset classification exceeding ten percent of the state bank's total capital;

(d) A determination relating to violations of law or regulation; and

(e) Any other determination that may have an effect on a state bank's capital, earnings, operating flexibility, or capital category for prompt corrective action purposes, or may otherwise affect the nature and level of supervisory oversight accorded the state bank.

(2) In promulgating the rule provided for in this section, the banking board shall apply the following criteria, considerations, and policies:

(a) The initial appeal shall be heard by one or more people selected by the banking board who did not participate in and does not report to anyone who made the material supervisory determination under review;

(b) The banking board shall establish safeguards to protect from retaliation a state bank that files an appeal;

(c) All appeals shall be in writing, on forms approved by the banking board, and approved by the appellant's governing principal or a majority of principals;

(d) All appeals shall be heard within ninety days after filing and decided within one hundred eighty days after filing;

(e) The banking board shall classify the state banks that are eligible to appeal;

(f) The banking board shall encourage informal resolution procedures;

(g) The banking board shall encourage coordination with other state and federal regulatory authorities; and

(h) To the extent that federal guidelines are consistent with this section, the banking board shall model the rule provided for in this section on relevant federal guidelines.

(3) Notwithstanding any other provision of this section, an appeal of an adverse material supervisory determination shall not affect, delay, or impede any formal or informal supervisory or enforcement action in progress.

**Source: L. 2004:** Entire section added, p. 22, § 4, effective March 3.

**11-102-204. Court review.** (1) Any person aggrieved and directly affected by an order of the banking board issued under this code may seek a review in the district court in and for the county in which the bank is located, or proposed bank is to be located, within thirty days after receipt of written notice of the issuance of said order; except that any person aggrieved or directly affected by an order of the banking board pursuant to section 11-103-304 granting or denying a charter for a new state bank may seek a review in the court of appeals and not the district court. Such review in the court of appeals shall be in accordance with section 24-4-106 (11), C.R.S. The validity of an order may be tested only by such a review and may not be placed in issue in an action to enforce it. The filing of such a petition for review shall not, of itself, stay enforcement of an order, but the court may order a stay upon such terms as it deems proper.

(2) The court may affirm the order of the banking board or may direct the banking board to take any action deemed proper. It may reverse or modify the order of the banking board if the order was issued pursuant to an unconstitutional statutory provision, was in excess of statutory authority, was issued upon unlawful procedure, or is not supported by substantial evidence in the record.

## ANNOTATION

I. General Consideration.

II. Reviewing Court.

III. Scope of Review.

IV. Order of Reviewing Court.

V. Procedure.

### I. GENERAL CONSIDERATION.

**Annotator's note.** Since § 11-102-204 is similar to § 11-2-105 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

**Applied** in *Monroe Indus. Bank v. Bloom*, 648 P.2d 686 (Colo. App. 1982).

### II. REVIEWING COURT.

**The commission's denial of an application is reviewable in a district court** as provided by this section. *Colo. Banking Bd. v. Finnigan*, 139 Colo. 92, 336 P.2d 98 (1959).

**No concurrent jurisdiction.** This section was not intended to confer concurrent jurisdiction between the district courts and court of appeals. *Nizel v. Banking Bd.*, 196 Colo. 98, 581 P.2d 306 (1978).

### III. SCOPE OF REVIEW.

**The state banking board may determine whether to grant bank charter** and has jurisdiction to hold hearings to that effect. The district courts cannot usurp this power. *Banking*

Bd. v. District Court, 177 Colo. 77, 492 P.2d 837 (1972).

**Board may use expertise which may not be disturbed by court.** Convenience is only one of the factors the state banking board was entitled to consider in determining whether the proposed bank would serve a "public need and advantage" in the area. Other factors, such as the already highly competitive nature of banking in the area, outweighed the convenience factor. It was within the board's competence, applying its expertise, to make this determination, and it should not be disturbed on review. *Goldy v. Henry*, 166 Colo. 401, 443 P.2d 994 (1968).

**Court cannot affirm board's order which exceeds statutory tolerances.** Where the business location of a proposed bank as described in the banking board's order exceeds the statutory tolerance and does not conform to the proposed location which was specified in the notice of hearing, the conclusion of law made by the district court that the banking board's order was valid insofar as it described the possible location of the proposed bank was in error, and that portion of the district court's judgment would be reversed. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**Court cannot disregard all evidence given to board by interested parties.** In reversing the state banking board, the reviewing court disregarded virtually all of the evidence presented by the protesting banks, on the ground that only one of their witnesses was "neutral" or disinterested. Most of the applicants' witnesses were as interested as the protestants' witnesses. The fact that these witnesses had an interest in the outcome of the hearing may affect the weight to be given their opinions, but it does not require the board to assume that these witnesses were not telling the truth when they testified as to factual matters. *Goldy v. Henry*, 166 Colo. 401, 443 P.2d 994 (1968).

**It is up to the board to weigh evidence.** The weighing and evaluation of the testimony and evidence offered as to an application for a charter is the statutorily delegated power and responsibility of the banking board, and it is beyond the power of a reviewing court to substitute its judgment for that of the fact-finding authority. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**It is also the board's duty to determine the credibility of witnesses.** The credibility of witnesses as well as the weight of the testimony are peculiarly within the province of the board to whom a statute entrusts the fact-finding process. When a conflict in the evidence exists, it is not within the power of a reviewing court to substitute its judgment for that of a fact-finding au-

thority as to the weight of the evidence and the credibility of witnesses. *Goldy v. Henry*, 166 Colo. 401, 443 P.2d 994 (1968).

#### IV. ORDER OF REVIEWING COURT.

**Reviewing court may modify board's order if basis for modification is on the record.** Where the basis for modification of the banking board's order appears in the record, the court may modify and correct that order on appeal. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**This section provides that the reviewing court may affirm the order of the board,** direct the taking of any action deemed proper, or may reverse or modify the order of the banking board if it is not supported by substantial evidence in the record. *Banking Bd. v. Holyoke Indus. Bank*, 152 Colo. 489, 383 P.2d 318 (1963).

**There was substantial evidence supporting the banking board's finding of extraordinary circumstances** where examinations of the bank over a period of five months revealed a continuing deterioration of its financial status, a negative capital assessment which continued to worsen over time, a failure of the bank to comply with the banking board's order to levy an assessment, the insolvency of one of the bank's major shareholders, and the bank's inability to demonstrate the ability to secure an investor or otherwise inject the necessary capital in the immediate future. *First Bank v. Dept. of Regulatory Agencies*, 852 P.2d 1345 (Colo. App. 1993) (decided prior to 1989 repeal and reenactment).

#### V. PROCEDURE.

**Extent to which court of appeals governed by rules of civil procedure.** Under this section, judicial proceedings to review the banking board determinations originate in the court of appeals. Therefore, to the extent that appellate rules are inadequate in this situation, the court of appeals is governed by the Colorado rules of civil procedure. *Columbine State Bank v. Banking Bd.*, 34 Colo. App. 11, 523 P.2d 474 (1974).

**Failure to join indispensable parties within statutory time for appeal is fatal defect.** In an action in district courts to review administrative proceedings, failure to join indispensable parties prior to the expiration of the statutory time for appeal is a fatal defect which deprives the court of jurisdiction to entertain the action. *Columbine State Bank v. Banking Bd.*, 34 Colo. App. 11, 523 P.2d 474 (1974).

## PART 3

## RECORDS, REPORTING, AND INFORMATION

**11-102-301. Examinations and examiner's reports.** (1) The commissioner shall examine the books and records of every state bank as often as deemed advisable and to the extent required by the banking board, shall make and file in his or her office a correct report in detail disclosing the results of such examination, and shall mail a copy of such report to the bank examined.

(2) The commissioner shall examine, as often as deemed advisable and to the extent required by the banking board, any electronic data processing centers of a state bank or any electronic data processing centers that serve a state bank, without regard to the location of the electronic data processing center; shall make and file in his or her office a correct report in detail disclosing the results of such examination; and shall mail a copy of such report to the data processing centers examined and the state bank that they serve.

(3) (a) The commissioner, if he or she deems it necessary or if required by the banking board, may examine the books and records of the controlling shareholder of a state bank and any affiliated entities of the controlling shareholder, as well as any relationship among the controlling shareholder and its affiliated entities, for the purpose of determining the safety and soundness of the state bank.

(b) If the controlling shareholder or affiliate's records are located outside this state, the controlling shareholder or affiliate shall either make them available to the commissioner at a convenient location within this state or pay the reasonable and necessary expenses for the commissioner or the commissioner's representative to examine the records at the place where they are located.

(c) The commissioner may designate representatives, including comparable officials of the state in which the records are located, to inspect the records on the commissioner's behalf.

(d) If a controlling shareholder or affiliate refuses to permit the commissioner to make an examination, the banking board may fine such controlling shareholder or affiliate an amount not to exceed one thousand dollars for each day any such refusal continues.

(e) In lieu of any examination required by this subsection (3), the commissioner may accept an audit for the previous fiscal year prepared by an independent certified public accountant, independent registered accountant, or other independent qualified person. If the commissioner accepts an audit prepared by such independent person, no costs of the audit shall be borne by the commissioner and all costs of such audit shall remain the obligation of the controlling shareholder or affiliate.

(f) For purposes of this subsection (3):

(I) "Affiliated entity" or "affiliate" means an entity in control of a controlling shareholder or an entity controlled by a controlling shareholder.

(II) "Controlling shareholder" means a shareholder in control of a state bank.

(III) "In control of" means that an entity or shareholder meets the same criteria for acquiring control as is set forth in section 11-102-303 for acquiring control of a state bank.

(4) If the commissioner deems necessary, the commissioner may examine any corporation the majority of the stock of which is owned by a state bank or which corporation is found by the banking board to be controlled by a state bank, but the provisions of this subsection (4) shall not apply when such stock is held in a fiduciary capacity by the bank.

(5) If the banking board finds any officer, director, or employee of any state bank to be dishonest, reckless, incompetent, or acting in violation of this code, it shall, in writing, report the facts regarding such officer, director, or employee to the board of directors of the state bank, and, if the directors of the state bank fail or refuse to take action on such report within ten days, the banking board may, if it deems it advisable, send a copy of such report to the surety on the bond of said officer.

**Editor's note:** This section is similar to former § 11-2-108 as it existed prior to 2003.

**11-102-302. Bank reports to banking board - generally.** (1) Every state bank shall make and file with the banking board not less than three reports during each calendar year according to the form that may be prescribed by the banking board, verified by the oath of either the president, the vice-president, the cashier, or the secretary and attested by the signature of three or more of the directors. Each such report shall exhibit in detail, as may be required by the banking board, the resources and liabilities of the state bank at the close of business on the date specified by the banking board.

(2) Said reports shall be transmitted to the banking board within thirty days after its request.

(3) The banking board has power to call for special reports from any particular state bank if, in the banking board's judgment, the special reports are necessary to establish a full and complete knowledge of the state bank's condition. No such special report, nor any summary of a special report, shall be required to be published. The reports required by, and filed pursuant to, this section shall be in lieu of all others required by law from state banks. Every state bank that fails to comply with this section shall pay to the banking board a penalty in an amount set by the banking board pursuant to section 11-102-104 (11). The banking board, for valid reasons and good cause, may waive such penalty.

**Editor's note:** This section is similar to former § 11-2-109 as it existed prior to 2003.

#### ANNOTATION

**Loan omitted from report to deceive commissioner is void.** Where a bank failed to report or publish a certain bank loan as required by this section and had it done so the commissioner would have closed the bank, the evident purpose of the loan then was to deceive the commis-

sioner in his performance of an official duty. Such contracts are contrary to public policy and void. *Walther v. McFerson*, 92 Colo. 314, 20 P.2d 552 (1933) (decided under repealed laws antecedent to CSA, C. 18, § 22, which were similar to this section).

**11-102-303. Bank reports to banking board - requirements for acquiring control.**

(1) As used in this section, unless the context otherwise requires:

(a) "Person" means an individual, a corporation, a partnership, a trust, or any other legal entity.

(b) "Controlling person" means a person who is in control of a state bank or would be in control of a state bank after a proposed acquisition.

(2) A person shall be deemed to have acquired control of a state bank if, as a result of acquisition, such person:

(a) Directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing twenty-five percent or more of the outstanding voting stock thereof;

(b) Controls in any manner the election of a majority of the directors thereof; or

(c) Exercises a controlling influence over the management or policies thereof.

(3) (a) Whenever a person proposes to acquire control of any state bank, such person shall first make application to the banking board for approval. Without approval from the banking board pursuant to subsection (4) of this section, a person shall be prohibited from making such an acquisition.

(b) An application required by paragraph (a) of this subsection (3) shall contain the following information to the extent that it is known by the person making the application:

(I) The number of shares involved;

(II) The name of each seller or transferor;

(III) The name of each purchaser or transferee;

(IV) The name of each beneficial owner if the share or shares are registered in another name;

(V) The purchase price;

(VI) Detailed information concerning any loans made in connection with the acquisition;

(VII) Such other information concerning the transaction as may be required by the banking board regarding the effect of the transaction upon the control of the state bank involved;

(VIII) Biographical and financial information concerning each purchaser, controlling person, or person in control of a controlling person participating in the proposed acquisition; and

(IX) The name of each controlling person and each person in control of a controlling person participating in the proposed acquisition.

(4) (a) After receipt of an application, the commissioner shall make an investigation, and the banking board shall approve the change of control only after the banking board has determined:

(I) That the person proposing to acquire control is qualified by character, experience, and financial responsibility to control the state bank in a legal and proper manner;

(II) That the interests of the public generally will not be jeopardized by the proposed acquisition; and

(III) That the person proposing to acquire control has satisfied the requirements of subsections (1) to (7) of this section and the other provisions of articles 101 to 109 of this title.

(b) The general assembly declares that the acquisition of control of, or of any ownership interest in, state banks by persons owned or controlled by a country with which it has been determined to be against the national interest to trade without export controls for national security purposes by the president of the United States or another appropriate agency of the federal government as directed by the president pursuant to the "Export Administration Act of 1979", 50 U.S.C. Appendix sec. 2401 et seq., the "International Emergency Economic Powers Act", 50 U.S.C. sec. 1701 et seq., or any rule, order, or decision promulgated in connection therewith, is against the public interest. If the application or the commissioner's investigation indicates that any person seeking to have control of or any ownership interest in a state bank is owned or controlled by such a country, the banking board shall not approve any such change of control.

(5) This section shall not apply to the acquisition of:

(a) Voting proxies acquired in the normal course of business as a result of a proxy solicitation in conjunction with a stockholders' meeting;

(b) Stock held in a fiduciary capacity unless the acquiring person has sole discretionary authority to exercise voting rights with respect thereto;

(c) Stock acquired in securing or collecting, in whole or in part, a debt contracted in good faith or stock acquired through testate or intestate succession or bona fide gift, if the acquirer advises the banking board of such acquisition within thirty days after the acquisition and provides any information required or requested by the banking board or commissioner;

(d) Stock acquired by an underwriter in good faith and without any intent to evade the purpose of this section if the shares are held only for such reasonable period of time as will permit the sale of the shares; or

(e) Pro rata stock dividends.

(6) If the banking board has not acted upon a completed application within sixty days after receipt thereof, unless extended for an additional thirty days by the banking board, such application shall be considered approved.

(7) Whenever any person proposes to acquire control of any state bank and is required by the "Change in Bank Control Act of 1978" (section 7 (j) of the "Federal Deposit Insurance Act", 12 U.S.C. 1817 (j)), as such act may be amended from time to time, to give the appropriate federal banking agency prior written notice of such proposed acquisition, a copy of such notice with supporting information shall be given concurrently to the banking board for information. The banking board may use such information in evaluating applications submitted pursuant to this section and shall submit its recommendations and comments to the appropriate federal regulatory authority in a timely manner.

(8) Any person who becomes a director, executive officer, or other person who, directly or indirectly, is responsible for the management, control, or operations of a state bank shall within ninety days thereafter file a report with the banking board containing: A statement

describing any civil or criminal offenses affecting such person's qualification to serve in such capacity with respect to which such person has been found guilty or liable by any federal or state court or federal or state regulatory agency; such biographical information as the banking board requires; and such other information as the banking board requires pursuant to its rules. If any statement contained in such report subsequently becomes inaccurate or misleading in any way, such person shall file an amended report within thirty days after the date on which the statement in the report first becomes inaccurate or misleading. Any person who fails to comply with this subsection (8) shall be required by the banking board to pay a penalty in an amount set by the banking board by rule, which penalty shall not exceed twenty-five dollars per day, and such penalty shall be deposited in the general fund. The banking board, for valid reasons and good cause, may waive such penalty.

(9) If any state bank changes any executive officer, director, or other person who, directly or indirectly, is responsible for the management, control, or operations of the state bank, such changes shall be promptly reported to the banking board, and the state bank shall provide such information concerning such person as may be requested by the banking board on such forms as the banking board may require, including information about the reasons for termination from any prior employment and whether such person was charged or convicted of any civil or criminal offenses enumerated in subsection (8) of this section. No civil liability shall arise for any state bank, its directors, executive officers, employees, or agents, or other persons due to compliance with the requirements of this subsection (9). The purpose of such information is to inform the banking board of the qualifications of such person as they may affect the safety and soundness of the state bank. The information shall be treated as confidential under this code. Any bank that fails to comply with this subsection (9) shall be required to pay a penalty in an amount set by the banking board by rule, which penalty shall not exceed twenty-five dollars per day, and such penalty shall be deposited in the general fund. The banking board, for valid reasons and good cause, may waive such penalty.

**11-102-305. Records.** (1) (a) Information from the records of the division shall be revealed only to members of the banking board, except as follows:

(I) Information may be disclosed if such disclosure is rendered necessary by law.

(II) Any party entitled to appear in a hearing on an application for bank charter shall have access to the applicant's proposed articles or amended articles of incorporation, application for charter, and proposed bylaws.

(III) The commissioner may exchange information as to the condition of banks with the United States comptroller of the currency, banking departments of other states, the federal reserve system and its examiners, and the federal deposit insurance corporation and its examiners.

(IV) The commissioner may exchange information obtained from money transmitters with the United States secretary of the treasury, the secretary's designees, the United States attorney general, or the attorney general's designee pertaining to compliance with federal money laundering and other financial crimes laws, including, but not limited to, the "Bank

Secrecy Act”, the “Right to Financial Privacy Act of 1978”, the “Money Laundering Control Act of 1986”, and the “Annunzio-Wylie Anti-Money Laundering Act”.

(V) The commissioner may exchange information as provided by part 2 of article 52 of title 12, C.R.S.

(b) Notwithstanding any other provision of articles 101 to 109 of this title to the contrary, the commissioner, the commissioner’s deputies, and the members of the banking board may disclose any information in the records of the division or acquired by them in the discharge of their duties that is publicly available from the federal deposit insurance corporation, the United States comptroller of the currency, or the federal reserve system or the disclosure of which has been specifically authorized by the board of directors of the financial institution to which such information relates.

(2) Reports of examinations made by the division shall be retained by the division for seven years.

(3) Upon request and upon payment of such reasonable charges as the commissioner shall prescribe, the commissioner shall furnish to any person a certified copy of any document on file with the division that is a public record. Such certified copy shall be admissible in evidence in lieu of the original and shall constitute prima facie evidence of the contents of the original.

(4) The division or the commissioner may inform a licensing agency within the department of regulatory agencies of possible misconduct by a person or entity licensed by said agency, notwithstanding that the division or commissioner learned of the alleged misconduct while discharging their duties under the code. The division and the commissioner may give the licensing agency records or information in their possession relating to the licensee’s alleged misconduct.

**11-102-306. Information confidential.** (1) The banking board, the commissioner, and all deputies and employees of the division shall not divulge any information acquired by them in the discharge of their duties except insofar as disclosure may be rendered necessary or authorized by law, including section 11-102-305 (4).

(2) The banking board, the commissioner, and their designees may exchange information with the United States comptroller of the currency, the federal deposit insurance corporation, the board of governors of the federal reserve system, the federal home loan bank in which an institution is a member or is making an application to become a member, the executive director of the department of regulatory agencies, the division of financial services, and banking regulatory agencies of other states, subject to any confidentiality agreement entered into between the banking board or the commissioner and the United States comptroller of the currency, the federal deposit insurance corporation, the board of governors of the federal reserve system, or the federal home loan bank in which an institution is a member or is making an application to become a member. In addition, the banking board, the commissioner, and their designees may exchange information obtained by the banking board relating to:

(a) Possible violations of the federal “Employee Retirement Income Security Act of 1974”, 29 U.S.C. sec. 1001 et seq., with the federal department of labor or the executive director of the department of regulatory agencies;

(b) Possible criminal violations of federal law relating to the activities of a federally insured institution with the federal bureau of investigation or the executive director of the department of regulatory agencies; and

(c) The activities of money transmitters and foreign capital depositories pertaining to compliance with federal money laundering and other financial crimes laws, including, but not limited to, the "Bank Secrecy Act", the "Right to Financial Privacy Act of 1978", the "Money Laundering Control Act of 1986", and the "Annunzio-Wylie Anti-Money Laundering Act", with the United States secretary of the treasury or the secretary's designees.

(3) The executive director of the department of regulatory agencies and the state commissioner of financial services and their deputies shall, before entering upon the discharge of their duties specified in this section, in addition to an oath required by the state constitution, take and subscribe an oath to keep secret all information acquired by them in the discharge of such duties, except as may otherwise be required by law. Willful violation of this oath shall be a criminal offense.

(4) Notwithstanding any other provision of this article to the contrary, the commissioner, the deputies, and the members of the banking board may disclose any information in the records of the division of banking or acquired by them within the discharge of their duties that is publicly available from the federal deposit insurance corporation, the United States comptroller of the currency, or the federal reserve system and disclose information that has been specifically authorized by the board of directors of the bank to which such information relates. Nothing in this section shall be construed to authorize the board of directors of a bank to waive any privileges that belong solely to the banking board, the division, or its employees.

**11-102-308. Bank records - preservation - reproduction.** (1) Every state bank shall retain its business records for such periods as are prescribed by or in accordance with the terms of this section.

(2) Each state bank shall retain permanently the minute books of meetings of its stockholders and directors, its capital stock ledger and capital stock certificate ledger or stubs, its general ledger (or the record kept by the bank in lieu thereof), its daily statements of condition, and all records that the banking board shall, in accordance with the terms of this section, require to be retained permanently.

(3) All other state bank records shall be retained for such periods as the banking board shall, in accordance with the terms of this section, prescribe.

(4) The banking board shall from time to time issue rules classifying all records kept by state banks and prescribing the period for which records of each class shall be retained. Such periods may be permanent or for a term of years. Such rules may be amended or repealed. Prior to issuing any such rule, the banking board shall consider:

(a) Actions and administrative proceedings in which the production of bank records might be necessary or desirable;

(b) State and federal statutes of limitation applicable to such actions or proceedings;

(c) The availability of information contained in bank records from other sources;

(d) Such other matters as the banking board deems pertinent in order that its rules will require banks to retain their records for such periods as are commensurate with the interests of bank customers and shareholders and of the people of this state in having bank records available.

(5) Any state bank may dispose of any record that has been retained for the period prescribed, in accordance with the terms of this section for retention of records of its class, and shall, after it has disposed of a record, thereafter be under no duty to produce such record in any action or proceeding.

(6) In lieu of retention of the original records, any state bank may cause any of its records and records at any time in its custody, including those held by it as a fiduciary, to be photographed or otherwise reproduced in permanent form. Any such photograph or reproduction shall have the same force and effect as the original and be admitted in evidence equally with the original.

(7) To the extent that they are not in contravention of any statute of the United States or any rule promulgated thereunder, the provisions of this section shall apply to all banks doing business in this state.

#### PART 4

#### ASSESSMENTS AND FEES

**11-102-401. Assessments.** (1) The banking board shall annually establish fees and assessments pursuant to section 11-102-104 (11). Assessments may be made more frequently than annually at the discretion of the banking board.

(2) For the fiscal year beginning July 1, 2003, and for each fiscal year thereafter, the banking board shall establish an assessment to be collected at least semiannually in such amounts as are sufficient to generate the moneys appropriated by the general assembly to the division of banking for each such fiscal year.

**11-102-403. Division of banking cash fund - creation.** All fees and assessments collected by the banking board shall be transmitted to the state treasurer, who shall credit the same to the division of banking cash fund, which fund is hereby created in the state treasury. All moneys in the fund shall be subject to appropriation by the general assembly for the direct and indirect costs of the activities of the banking board and the division. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. Any moneys not appropriated shall remain in the fund and shall not be transferred or revert to the general fund of the state at the end of any fiscal year.

## PART 5

### CONFLICTS OF INTEREST, PENALTIES, REMOVAL, SUSPENSION, ENFORCEMENT

**11-102-501. Banking interests of officers and employees.** No officer or employee of the division shall be an officer, director, attorney, owner, or shareholder in any bank, or, except as provided in this article, receive, directly or indirectly, any payment or gratuity from any such bank, or be indebted to any bank or other institution over which the division has supervisory control. Willful violation of this section is declared to be a criminal offense. This section shall not prohibit being a depositor or the lessee of a safe deposit box on the same terms as are available to the public generally, or being indebted to a bank: Upon a mortgage loan upon the mortgagor's own home, or upon an installment debt transferred to a bank in the regular course of business by a seller of consumer goods including automobiles purchased by the officer or employee. Further, this section shall not prohibit the four banker members of the banking board, provided for in section 11-102-103 (2) (a), from being executive officers in banks and from receiving bona fide compensation as such officers.

## ANNOTATION

**Annotator's note.** Since § 11-102-502 is similar to § 11-2-116 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant case construing that provision has been included in the annotations to this section.

**A bank is under a duty not to disclose the financial condition of its customers and depositors.** *Rubenstein v. S. Denver Nat. Bank*, 762 P.2d 755 (Colo. App. 1988).

**11-102-503. Assessment of civil money penalties by banking board.** (1) (a) (I) After notice and a hearing as provided in article 4 of title 24, C.R.S., and after making a determination that no other appropriate governmental agency has taken similar

action against such person for the same act or practice, the banking board may assess against and collect a civil penalty from:

(A) Any person who has violated any final cease-and-desist order issued by the banking board pursuant to section 11-102-104 (7); and

(B) Any state bank that, or any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of such bank who, violates or knowingly permits any person to violate any of the provisions of this code or any rule promulgated pursuant to this code, or engages or participates in any unsafe or unsound practice in connection with a bank. The civil money penalty shall not exceed one thousand dollars per day for each day such violation continues. This provision shall include, but not be limited to, the following violations: Making, or causing to be made, delinquent payment of assessments under section 11-102-401; submitting, or causing to be submitted, delinquent reports, including but not limited to call reports; or knowingly submitting, or causing to be submitted, to the banking board any report or statement that contains materially false or misleading information.

(II) The banking board may, in extraordinary circumstances, at its option, and upon waiver of the right to a public hearing by a respondent, close to the public any hearing concerning an assessment of a civil money penalty, an order of suspension or removal from office, an order to cease and desist from any unlawful or unsafe and unsound practices, or any other formal enforcement action by the banking board. Such extraordinary circumstances occur when specific concern arises about prompt withdrawal of moneys from or the safety and soundness of the institution.

(b) For the purposes of this section, a violation shall include, but is not limited to, any action, by any person alone or with another person, that causes, brings about, or results in the participation in, counseling of, or aiding or abetting of a violation.

(2) Civil money penalties shall be assessed by written notice of assessment of a civil money penalty served upon the person to be assessed. The notice of assessment of a civil money penalty shall state the amount of the penalty, the period for payment, the legal authority for the assessment, and the matters of fact or law constituting the grounds for assessment. The notice of assessment of a civil money penalty shall constitute a final order for purposes of judicial review pursuant to section 24-4-106, C.R.S.

(3) The banking board shall have authority to determine the amount of any civil money penalty assessed against any executive officer, director, employee, agent, or other person participating in the affairs of a bank, except as expressly limited by this code. In determining the amount of the civil money penalty to be assessed, the banking board shall consider the good faith of the person assessed, the gravity of the violation, any previous violations by the person assessed, the nature and extent of any past violations, and such other matters as the banking board may deem appropriate; except that the civil money penalty shall be not more than one thousand dollars per day for each day the person assessed remains in violation.

(4) Civil money penalties assessed pursuant to this section shall be due and payable and collected within thirty days after the notice of assessment of a civil money penalty is issued by the banking board; except that the banking board may, in its discretion, compromise, modify, or set aside any civil money penalty. Any civil money penalty collected pursuant to this section shall be transmitted to the state treasurer, who shall credit it to the general fund.

**Editor's note:** This section is similar to former § 11-2-117 as it existed prior to 2003.

**11-102-504. No indemnification or insurance against civil money penalties.** Notwithstanding any other provision of law, no state bank shall indemnify or insure any executive officer, director, employee, agent, or person participating in the conduct of affairs of such bank against civil money penalties.

**Editor's note:** This section is similar to former § 11-2-118 as it existed prior to 2003.

**11-102-505. Removal of director, officer, or other person.** (1) The banking board may serve any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of a bank with a written notice of its intention to remove such person from office whenever the banking board determines:

(a) That any such person has committed any violation of this code, rule of the banking board, or cease-and-desist order of the banking board that has become final; has engaged or participated in any unsafe or unsound practice in connection with a bank; has committed or engaged in any act, omission, or practice that constitutes a breach of fiduciary duty to the state bank; or has been found liable for or guilty of any of the civil or criminal offenses enumerated in section 11-102-303 (8); and

(b) (I) That the state bank has suffered or probably will suffer substantial financial loss or other damage or that the interests of its depositors could be seriously prejudiced by reason of such violation, practice, breach of fiduciary duty, or offense; or

(II) That such person has received financial gain by reason of such violation, practice, breach of fiduciary duty, offense; or

(III) That such violation is one involving personal dishonesty on the part of such person or one that demonstrates a willful or continuing disregard for the safety or soundness of the state bank.

(2) Whenever the banking board determines that an executive officer, director, employee, agent, or other person participating in the conduct of the affairs of a state bank, by conduct or practice with respect to another bank or business institution that results in substantial financial loss or other damage, has evidenced either personal dishonesty or a willful or continuing disregard for such state bank's safety and soundness, and, in addition, has evidenced unfitness to continue such person's relationship with the state bank, the banking board may serve upon such person a written notice of its intention to remove him or her from office or to prohibit the person's further participation in any manner in the conduct of the affairs of the state bank.

(3) A notice of intention to remove a director, executive officer, or other person from office or to prohibit such person's participation in the conduct of the affairs of a state bank shall contain a statement of the facts constituting grounds therefor and shall fix a time and place at which a hearing shall be held thereon. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after the date of service of such notice, unless an earlier or a later date is set by the banking board at the request of such director or executive officer or other person, and for good cause shown. Unless such director, executive officer, or other person appears at the hearing in person or by a duly authorized representative, such person shall be deemed to have consented to the issuance of an order of removal or prohibition as specified in the notice issued pursuant to subsection (1) or (2) of this section. In the event of such consent or, if, upon the record made at any such hearing, the banking board finds that any of the grounds specified in such notice have been established, the banking board may issue such orders of suspension or removal from office as it may deem appropriate. Any such order shall become effective at the expiration of thirty days after service upon such bank and the director, executive officer, or other person concerned except in the case of an order issued upon consent, which shall become effective at the time specified therein. Such order shall remain effective and enforceable except to such extent as it is stayed, modified, terminated, or set aside by action of the banking board or a reviewing court.

**Editor's note:** This section is similar to former § 11-2-119 as it existed prior to 2003.

**11-102-506. Suspension of director, officer, or other person.** (1) The banking board may suspend an executive officer, director, employee, agent, or other person participating

in the conduct of the affairs of a state bank who becomes ineligible to hold such position, or who after receipt of an order of the banking board to cease and desist violates this code or a lawful rule or order issued pursuant thereto, or who is dishonest, or who is reckless or grossly incompetent in the conduct of banking business, or who may be subject to removal under section 11-102-505. It shall be a criminal offense for any such person, after receipt of a suspension order, to perform any duty or exercise any power of any state bank until the banking board vacates such suspension order. A suspension order shall specify the grounds thereof. A copy of the order shall be sent to the bank concerned and to each member of its board of directors.

(2) With respect to any action pursuant to this section, ten days' notice, by certified mail, return receipt requested, and an opportunity for hearing shall be provided to the bank affected, in advance of any action taken by the banking board. In cases found by the banking board to involve extraordinary circumstances requiring immediate action, the banking board may take such action, without notice or hearing, but shall promptly afford a subsequent opportunity for hearing, upon application to rescind the action taken.

**11-102-507. Informal enforcement authority.** The banking board, or the commissioner if so authorized by the banking board, shall have authority to initiate informal actions to enforce the provisions of this code. In this regard the banking board or the commissioner may, in the banking board's or the commissioner's discretion, enter into written agreements such as a memorandum of understanding with, or an informal commitment letter from, or strongly worded letter of reprimand to any bank or any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of a bank.

**11-102-508. Statements derogatory to state banks - penalty.** Any person who willfully makes, circulates, or transmits to another any false statement, written or oral, that is directly or by inference derogatory to the financial condition of any state bank and that results in an extraordinary withdrawal of funds from such bank or that results in impairing public confidence in such bank and any person who shall counsel, aid, procure, or induce another to start, transmit, or circulate any such statement knowing the statement to be false commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

## PART 1

## GENERAL CORPORATE POWERS

**11-103-101. General corporate powers.** (1) A state bank may be organized to exercise the powers provided in this code.

(2) Subject to the provisions of section 11-103-102, a state bank organized under the laws of this state shall, without specific mention thereof in its charter, have all the powers conferred by this code and the following additional general corporate powers:

- (a) To continue perpetually as a corporation;
- (b) To make contracts;
- (c) To sue and be sued, complain, and defend in its corporate name;
- (d) To have a corporate seal, which may be altered at pleasure, and to use the same by causing it or a facsimile thereof to be impressed or affixed, or in any manner reproduced;
- (e) To make, alter, amend, and repeal bylaws, not inconsistent with its charter or with law, for the administration and regulation of the affairs of the corporation;
- (f) To elect, appoint, or remove officers and agents of the bank and to define their duties and fix their compensation;
- (g) To adopt and operate reasonable bonus, profit-sharing, and pension plans for officers and employees;
- (h) To grant, subject to approval of the banking board, and by vote of two-thirds of the outstanding voting stock voted at a meeting of the stockholders, options to purchase, sell, or enter into agreements to sell shares of its capital stock to its employees, whether or not such transactions qualify for special tax treatment under the "Internal Revenue Code", as amended, and rules promulgated thereunder.

(3) A state bank, organized under the laws of this state, if so provided in its charter, has the general corporate power to eliminate or limit the personal liability of a director to the corporation or to its stockholders for monetary damages for breach of fiduciary duty as a director; except that such provision shall not eliminate or limit the liability of a director to the corporation or to its shareholders for monetary damages for: Any breach of the director's duty of loyalty to the corporation or its stockholders, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or any transaction from which the director derived an improper personal benefit. No such provision shall eliminate or limit the liability of a director to the corporation or to its shareholders for monetary damages for any act or omission occurring prior to the date when such provision becomes effective.

(4) A state bank, organized under the laws of this state, without specific mention in its charter, shall also have the power, in addition to all other powers, to make contributions to, or for the use or benefit of, the following:

(a) The United States, any state, territory, or political subdivision thereof, the District of Columbia, or any possession of the United States for exclusively public purposes;

(b) A corporation, foundation, trust, community chest, or other organization created or organized in the United States, or in any state or territory, or the District of Columbia, or any possession of the United States, and organized and operated exclusively for religious, charitable, scientific, veteran rehabilitation service, civic enterprise, or literary or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation; or

(c) Other lawful expenditures, contributions, and donations to the extent authorized, approved, or ratified by action of the board of directors of the corporation, except as otherwise specifically provided or limited by its articles of incorporation, its bylaws, or resolution duly adopted by its stockholders.

(5) A state bank organized under the laws of this state, without specific mention in its charter, shall also have the power to act as escrow agent.

(6) If the name of a state bank organized under the laws of this state contains the word “bank”, said bank need not comply with the requirements of part 6 of article 90 of title 7, C.R.S.

(7) No state bank shall commit itself, either directly or indirectly, to undertake the responsibility for the tax liability of its shareholders or members.

**11-103-102. Trust, fiduciary, and agency powers - when authorized.** In addition to its other powers, a state bank that is authorized by its charter to exercise trust powers, upon proper qualification under this code, has the power to act as a fiduciary in any capacity. It may also act as registrar, transfer agent, fiscal agent, or attorney-in-fact and have the power to receive, manage, and apply sinking funds. Every state bank that is authorized by its charter to exercise trust powers pursuant to this section shall make and file with the commissioner an annual report of trust assets and such other reports as the banking board may require by rule, on such forms as may be prescribed by the banking board. No report filed pursuant to this section shall be required to be published.

**Editor’s note:** This section is similar to former § 11-3-102 as it existed prior to 2003.

**11-103-103. State bank organized as a limited liability company.** (1) Pursuant to section 11-102-104 (5.5) (a), a state bank charter may be issued to a limited liability company that otherwise meets the requirements of this code.

(2) A state bank organized as a limited liability company shall not be required to exist in perpetuity; except that the articles of organization of such a state bank shall provide for a method to extend the existence of the state bank in the event that termination occurs. In addition, the articles of organization of such a state bank shall require that liquidation of the limited liability company conform with the requirements of this code.

(3) Upon approval of the banking board, a state bank organized as a limited liability company may be merged with or converted into another entity regardless of the form of the surviving entity, so long as the surviving entity satisfies the requirements of this code.

(4) Upon approval of the banking board, a state bank organized as a corporation may be merged with or converted into a limited liability company, so long as it satisfies the requirements of this code.

(5) (a) A state bank organized as a limited liability company shall have a written operating agreement containing any provisions for the affairs of the bank and the conduct of its business as may be agreed upon by the members and which provisions are consistent with this code and the “Colorado Limited Liability Company Act”, article 80 of title 7, C.R.S.

(b) A copy of the written operating agreement shall be filed with the banking board prior to the granting of a charter to the state bank, and any amendments to the operating agreement shall be filed with and approved by the banking board prior to adoption.

(c) The banking board may promulgate rules establishing additional requirements relating to operating agreements to implement the provisions of this section.

(6) All distributions made by a state bank organized as a limited liability company to its members shall be subject to the requirements applicable to dividends issued by a state bank organized as a corporation under this code and the rules of the banking board.

(7) For purposes of implementing this section, the following definition constructions shall apply:

(a) Where this code refers to “articles of incorporation”, that term shall be construed to apply to a limited liability company’s articles of organization, as that term is defined in section 7-80-102 (1), C.R.S.;

(b) Where this code refers to “bylaws”, that term shall be construed to apply to a limited liability company’s operating agreement, as that term is defined in section 7-80-102 (11), C.R.S.;

(c) Where this code refers to “common stock” or “shares” of a state bank, such terms shall be construed to apply to a limited liability company’s membership interests;

(d) Where this code refers to a “corporation”, such term shall be construed to include a limited liability company organized under the “Colorado Limited Liability Company Act”, article 80 of title 7, C.R.S., which limited liability company conforms to this section and the requirements established by the banking board pursuant to section 11-102-104 (5.5);

(e) Where this code refers to a “director” or a “board of directors” of a state bank, such terms shall be construed to apply to a manager or the managers of a limited liability company;

(f) Where this code refers to an “incorporator”, such term shall be construed to apply to the organizers of a limited liability company;

(g) Where this code refers to a “shareholder” or a “stockholder” of a state bank, such terms shall be construed to apply to a member of a limited liability company.

**Source: L. 2003:** Entire section added, p. 1746, § 2, effective July 1.

## PART 2

### CAPITAL REQUIREMENTS

**11-103-201. Capital.** The banking board shall establish by rule the capital standards and guidelines, the methods for measuring capital, and the definitions of “capital”, “capital adequacy”, “capital inadequacy”, and other related terms for banks subject to this code, that may differ for specific purposes. In promulgating such rules, the banking board shall consider all relevant factors, including, without limitation, the policies set forth in section 11-101-102 and relevant federal laws and rules. Each bank subject to this code shall at all times comply with the capital rules promulgated by the banking board.

**Source: L. 2003:** Entire article added with relocations, p. 1081, § 3, effective July 1.

**Editor’s note:** This section is similar to former § 11-3-103 as it existed prior to 2003.

**11-103-202. Inadequacy of capital - assessments.** (1) If the banking board has reason to believe that the capital of any bank is inadequate under the rules of the banking board, the banking board may ascertain the facts and furnish the bank with a copy of its determination. If the banking board determines an inadequacy of capital based upon such determination, the commissioner, with the approval of the banking board, may direct the state bank to levy an assessment in a designated amount upon the holders of record of common stock to remedy an inadequacy of capital. Upon receipt of an order to levy an assessment, the directors shall cause to be sent to all holders of common stock, at their addresses, a copy of the order and a copy of this subsection (1). If an assessment is not paid within the time prescribed in the order or such shorter period as the directors decide, but not less than thirty days, the state bank may, within sixty days thereafter as the banking board

may prescribe in its order, offer the shares of the defaulting stockholders for sale at public auction or private sale at a price that shall not be less than the amount of the assessment and the cost of the sale. Any excess shall be paid to the prior owners. Except under circumstances where section 11-103-203 applies, the method of collection provided in this section shall be the sole method of collecting assessments. If an assessment is not paid within ninety days after the date of the order to levy or at such other date as may be specified in the order, but in no event less than thirty days, the commissioner may, with the approval of the banking board, proceed pursuant to part 8 of this article; however, for good cause shown to the banking board by the affected bank, the banking board may extend the ninety-day limit.

(2) If the banking board determines that the capital or reserves of any bank are inadequate, the banking board may order the bank not to make new loans or discounts.

**Source: L. 2003:** Entire article added with relocations, p. 1082, § 3, effective July 1.

## ANNOTATION

- I. General Consideration.
- II. Assessment Funds.
- III. No New Loans.

### I. GENERAL CONSIDERATION.

**Annotator's note.** Since § 11-103-202 is similar to repealed laws antecedent to CSA, C. 18, § 31, relevant cases construing those provisions have been included in the annotations to this section.

**The purpose of this section is to make good impaired capital** and to permit an action to enforce payment of the assessment if necessary. *Allen v. McFerson*, 77 Colo. 186, 235 P. 346 (1925).

**Purpose is also to protect depositors and the general public.** An assessment which the bank commissioner orders, and which the directors of the bank levy, is made for the purpose of protecting the bank's depositors and in the interest of the public in general who might be induced to transact business with the bank. *Lengel v. Commercial Bank*, 87 Colo. 331, 288 P. 174 (1930).

**Fact that bank did make assessment is sufficient compliance with this section.** Compliance with this section is sufficient where the pleadings and proof show that an assessment was in fact made by the officers of a bank. *Allen v. McFerson*, 77 Colo. 186, 235 P. 346 (1925).

**Incorrect reports of directors do not bar collection of assessments.** The fact that reports which bank directors made as to the condition of the bank appeared a number of years later to be incorrect, and that certain notes listed as assets were uncollectible or had become worthless, does not create an estoppel which bars the bank from collecting assessments ordered by the bank commissioner, and which were levied by its board of directors, if the same was found to be

necessary, as it was, to protect depositors and creditors, and the public at large. *Lengel v. Commercial Bank*, 87 Colo. 331, 288 P. 174 (1930).

**Claim of fraud in purchase of bank stock cannot be urged as defense in action to collect an assessment.** The claim on the part of a stockholder who was sued for an assessment made upon his stock, that he purchased the stock through fraud on the part of the officers of the bank, cannot be urged in an action to recover on the stockholder's liability. *Lengel v. Commercial Bank*, 87 Colo. 331, 288 P. 174 (1930).

**Insufficient assessment does not alter stockholder's statutory liability.** The fact that an assessment was insufficient for the purpose for which it was levied does not alter the stockholder's statutory liability. *Broadbent v. McFerson*, 80 Colo. 264, 250 P. 852 (1926).

### II. ASSESSMENT FUNDS.

**Where assessment funds are not kept separate, etc., stockholders cannot claim a preference.** Where the general finding of the court was that funds received by a bank from an assessment were not kept separate from other funds of the bank; that the funds were treated as other assets of the bank; that they were used as other money and property of the bank in the transaction of its daily business; and that it did not appear that any of that fund was used in the payment of the debts of the bank, the stockholders cannot claim a preference, nor that the assessment fund should be held available for the satisfaction of such claim. Neither should those stockholders, who paid their assessments, be given credit therefor on their statutory liability. *Broadbent v. McFerson*, 80 Colo. 264, 250 P. 852 (1926).

**This fund, when paid in, could not, by any**

**process of reasoning, become a liability of the bank;** neither could the bank commissioner, nor the officers of the bank, change the character of that fund from an asset to a liability by an entry on the books of the bank. *Broadbent v. McFerson*, 80 Colo. 264, 250 P. 852 (1926).

**Assessment fund due bank, not creditors.** Where an assessment of 50% was made by the bank directors for the sole purpose of restoring the impaired capital of the bank, the fund was due to the bank, not to the creditors. *Broadbent v. McFerson*, 80 Colo. 264, 250 P. 852 (1926).

### III. NO NEW LOANS.

**Commissioner has power to give notice when capital is impaired.** The provisions of subsection (2) necessarily imply that the bank commissioner has power to give notice whenever there is an impairment of capital. *Lengel v. Commercial Bank*, 87 Colo. 331, 288 P. 174 (1930).

**11-103-203. Liability of shareholders.** (1) The shareholders of every state bank shall be held individually responsible, equally and ratably, and not for another, for all contracts, debts, and engagements of said bank, to the extent of double the amount of their stock therein, at the par value thereof, in addition to the amount invested in such shares.

(2) The term "shareholder" shall apply not only to such persons as appear on the books of the bank as shareholders, but also to every owner of stock, legal or equitable, although the stock may stand on such books in the name of another person, but not to a person who holds the stock as collateral security for the payment of a debt.

(3) Any shareholder of any state bank who has transferred his or her shares or caused such transfer to appear on the books of the bank within sixty days immediately preceding the capital inadequacy of such bank, or who has made such transfer with knowledge of such impending capital inadequacy, shall be liable to the same extent that the transferee or subsequent transferee fails to meet such liability. This section shall not be construed to affect in any way any recourse that such shareholder might otherwise have against those in whose names such shares appear upon the books of the bank at the time of such capital inadequacy.

(4) If the capital of any state bank becomes inadequate, and its assets and affairs have been taken possession of by the banking board pursuant to this code, and the banking board is of the opinion that it will become necessary in the course of liquidation of such bank to resort to the liability of the shareholders as provided for in this section, in order to make good the contracts, debts, or engagements of such bank, it shall be lawful for the banking board to file in the office of the county clerk and recorder of any county in this state, wherein any real estate belonging to any shareholder of such bank is situated, a statement in writing to the effect that such person is a stockholder of such bank (naming it) and that such bank is in process of liquidation, and stating the number of shares held by such shareholder and their aggregate par value and the extent of such shareholder's liability under this code.

(5) Such statement shall be duly endorsed as filed by such county clerk and recorder, giving the date of filing, and shall be indexed with the name of the shareholder as grantor and the name of the bank as grantee, and shall be recorded as mortgages of real estate are required to be recorded, and from the date of filing of such statement the same shall be a lien upon any real estate of such shareholder located in such county.

(6) If such shareholder thereafter deposits with the banking board an amount of money equal to double the amount of the par value of his or her shares, to be held by the banking board as security for the shareholder's liability under this section, then the banking board shall execute and file with such county clerk and recorder a release of such lien and, upon completing the liquidation of such bank, shall return to such shareholder any excess of such deposit, if such shareholder's ultimate liability shall prove to be less than the amount so deposited with the banking board; and in all cases where the liability of the shareholder has been satisfied, either as the result of litigation or otherwise, such liens so filed shall be released by the banking board. The expense of filing and recording such liens and releases thereof shall be paid out of any assets of the bank in the possession of the banking board.

(7) The liability imposed by this section shall not extend to shareholders in any bank that has become a member of the federal deposit insurance corporation; but if any bank that has become a member of the federal deposit insurance corporation ceases to remain a

member thereof, the double liability mentioned in this section shall extend to the shareholders in any such bank as provided in this section.

(8) No stockholder of a state bank shall set off against his or her stockholder liability any claim he or she may have as a depositor in or creditor of any insolvent bank.

## ANNOTATION

- I. General Consideration.
- II. Liability of Parties.
- III. Enforcement.
  - A. Creation of Lien.
  - B. Foreclosure.
  - C. Evidence.

### I. GENERAL CONSIDERATION.

**Annotator's note.** Since § 11-103-203 is similar to repealed laws antecedent to CSA, C. 18, § 50, relevant cases construing those provisions have been included in the annotations to this section.

**This section is applicable alike to ordinary commercial institutions and savings banks.** Colo. Sav. Bank v. Evans, 12 Colo. App. 334, 56 P. 981 (1898).

### II. LIABILITY OF PARTIES.

**This section provides for double liability to be borne by four classes of persons:** First, any shareholder of record on the books of the bank; second, any one who, though not appearing on the books as a shareholder, is an "owner of stock, legal or equitable", but not "a person who holds the stock as collateral security for the payment of a debt"; third, any one who has transferred his stock within sixty days before the bank's insolvency; and, fourth, any one who has transferred his stock with knowledge of the bank's impending insolvency. McFerson v. Anderson, 96 Colo. 171, 40 P.2d 614 (1935).

**The liability of stockholders of an insolvent bank is strictly statutory.** Bundy v. Wilson, 66 Colo. 253, 180 P. 740 (1919).

**Liability cannot be extended beyond provisions of this section.** Liability of stockholders in a banking corporation is undoubtedly a creature of statute. It does not exist at common law; hence it can be said that such liability, being statutory, cannot be extended beyond the plain purpose and intention of the statute. Buenz v. Cook, 15 Colo. 38, 24 P. 679 (1890).

**The purpose of liability is to provide a fund for the payment of the debts of the bank.** McDonald v. McFerson, 80 Colo. 4, 249 P. 496 (1926).

**Liability is a contractual and not a penal liability.** This liability, unlike the liability imposed by the statute upon directors or officers of a corporation for its debts, because of their fraud or negligence in the management of the affairs of the corporation, is not penal in its nature; it is a liability voluntarily assumed by the act of becoming a stockholder, and an obligation thus assumed is purely contractual, contains all the elements of a contract, and is to be enforced as such. Adams v. Clark, 36 Colo. 65, 85 P. 642 (1906).

**If a bank could purchase its own stock, this liability could be avoided,** its capital depleted, and there would be no security to the depositors except in the bank itself. Kassler v. Kyle, 28 Colo. 374, 65 P. 34 (1901).

**Party assuming to act as stockholder cannot escape liability.** A party who assumes to act in the capacity and exercise the rights of a stockholder, attends meetings, and, after the bank is closed by the bank commissioner, joins with others to salvage the concern cannot be heard to deny his character as a stockholder when charged as such under this section. Bundy v. Wilson, 66 Colo. 253, 180 P. 740 (1919).

Where a person holds no stock in a banking corporation, in any capacity, but is nevertheless elected a member of the board of directors, files his oath as such and accepts the office of president, he will not, on the failure of the bank, escape the statutory liability. Swenson v. McFerson, 91 Colo. 519, 17 P.2d 530 (1932).

**The liability of the stockholders being several,** it was not essential that all should have been included in the same judgment. The court was empowered, after rendering judgment against the defendant stockholders, who had been served or had appeared, to continue the cause, for the purpose of acquiring jurisdiction of the persons or property of the others, who were named in the decree as being nonresidents but not served, in order that complete relief might be administered with respect to the subject of the cause. Toll v. Cobbey, 22 Colo. App. 244, 124 P. 357 (1912).

**Stockholders may not set off their deposits against their statutory liability** since this would make stockholders who are depositors preferred creditors against the fund, and, in a

measure, defeat its purpose. *McDonald v. McFerson*, 80 Colo. 4, 249 P. 496 (1926).

### III. ENFORCEMENT.

#### A. Creation of Lien.

**Bank commissioner filing statement claiming lien has same standing as judgment creditor.** There is no substantial reason why the same rule that applies to a judgment creditor who, without notice of unrecorded conveyance, files a transcript of his judgment and whose lien is thereby superior to the grantee in the deed, should not be applied in favor of a bank commissioner who files a statement claiming a statutory lien under this section. *Fleming v. McFerson*, 94 Colo. 1, 28 P.2d 1013 (1933).

This section does not attempt to give the bank commissioner power to enforce the lien by selling the property, or make his act conclusive of the ownership of the stock or of the real estate; nor does it attempt to forbid resort to a court, which alone has jurisdiction to determine such matters after notice to the stockholder and after he has been afforded an opportunity to be heard. *Fleming v. McFerson*, 94 Colo. 1, 28 P.2d 1013 (1933).

#### B. Foreclosure.

**Section is not void** because it does not expressly provide for foreclosure or other judicial proceedings. *Fleming v. McFerson*, 94 Colo. 1, 28 P.2d 1013 (1933).

**The district court has jurisdiction** in all suits to foreclose liens. *Fleming v. McFerson*, 94 Colo. 1, 28 P.2d 1013 (1933).

**The suit is administrative in character**, the main purpose being to enforce contribution by as many of the stockholders as practicable, within the limit of liability fixed by the statute, to the satisfaction of the whole indebtedness of the insolvent bank in excess of its assets. *Toll v. Cobbey*, 22 Colo. App. 244, 124 P. 357 (1912).

**Bank not a necessary party.** To an action to ascertain the liabilities of the stockholders of a defunct bank and for judgment against them, the bank is not a necessary party. *Kipp v. Miller*, 47 Colo. 598, 108 P. 164 (1910).

**Complaint held sufficient.** *Richardson v. Boot*, 18 Colo. App. 140, 70 P. 454 (1902).

#### C. Evidence.

**Books and records are admissible in evidence.** In a proceeding to enforce the stockholders' liability under this section, books and records were clearly competent, as admissions against interest, if on no other ground, whether original entry or otherwise. *Denver & R.G.R.R. v. Wilson*, 4 Colo. App. 355, 36 P. 67 (1894); *Plummer v. Struby-Estabrooke Mercantile Co.*, 23 Colo. 190, 47 P. 294 (1896); *Zang v. Wyant*, 25 Colo. 551, 56 P. 565 (1898); *Kipp v. Miller*, 47 Colo. 598, 108 P. 164 (1910).

**Stock ledger is admissible to prove who are the stockholders.** In an action to recover the statutory liability of alleged stockholders of an insolvent bank, the stock ledger of such bank, identified and supported by the testimony of the ex-cashier of the bank, is competent and sufficient evidence to prove that appellants are stockholders of the insolvent bank. *Adams v. Clark*, 36 Colo. 65, 85 P. 642 (1906).

**Evidence sufficient to sustain nonresident's statutory liability.** *McFerson v. Anderson*, 96 Colo. 171, 40 P.2d 614 (1935).

## PART 3

### CHARTERING A STATE BANK

**11-103-301. Incorporators.** Five or more individual incorporators desiring to organize a state bank shall file with the banking board, in triplicate, an application for charter on the form prescribed therefor and together with all other documents required by section 11-103-303, all of which instruments shall be duly signed by each of the incorporators and sworn to before an officer authorized by the laws of this state to administer oaths. A majority of the incorporators shall be residents of the state and citizens of the United States. Each incorporator shall, prior to the filing of said application, subscribe and pay in full in cash for stock having a par value of not less than one percent of the minimum capital and paid-in surplus requirements.

**Editor's note:** This section is similar to former § 11-3-106 as it existed prior to 2003.

## ANNOTATION

**Annotator's note.** Since § 11-103-301 is similar to § 11-3-106 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant case construing that provision has been included in the annotations to this section.

**Legislative intent.** The general assembly intended to assure that, in order to protect the

public, a new bank should commence operations with its capital and paid-in surplus intact and with its organizational expenses paid. *Firstbank of N. Longmont v. Banking Bd.*, 648 P.2d 684 (Colo. App. 1982).

**11-103-302. Application fees.** Each application for charter shall be accompanied by a fee established by the banking board pursuant to section 11-102-104 (11). The fee may be refunded to the incorporators if the application for charter is withdrawn prior to the date set for public hearing.

**Source: L. 2003:** Entire article added with relocations, p. 1084, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-3-107 as it existed prior to 2003.

**11-103-303. Application for charter.** (1) After the capital stock has been fully subscribed, the incorporators shall make application to the banking board for a charter. The incorporators shall submit to the banking board the following:

(a) Its proposed articles of incorporation in duplicate, in such form as the banking board shall prescribe and as shall be acceptable to the secretary of state for purposes of filing, containing the following information: The name of the state bank; whether the state bank is to exercise trust powers; the community in which it is to be located; the amount of capital, the number of shares of each class, the relative preferences, powers, and the rights of each class, the par value of the shares of each class, and the amount of the paid-in surplus; a statement whether voting for directors shall or shall not be cumulative, and the extent of the preemptive rights of stockholders; and such other proper provisions to govern the business and affairs of the state bank as may be desired by the incorporators.

(b) An application for a charter in such form and containing such information as the banking board requires, including but not limited to the following: The name, business and residence address, and business and professional affiliations of each director and executive officer; the name, residence, citizenship, and occupation of each subscriber and the number of shares for which he or she has subscribed; the past and present connection with any bank, other than as a customer, on terms generally available to the public of each director and each subscriber to more than five percent of the capital stock; the amount to be borrowed and from whom borrowed on any stock issued to a subscriber to more than five percent of the capital stock; the address at which it is proposed that the state bank do business or, if such address is not known, the area within a radius of one-half mile in which the proposed bank is to be located and the community that it proposes to serve; a statement that all the proposed bylaws have been attached as an exhibit to the application; and such other information as the banking board may reasonably require to enable it to determine whether a charter should be issued. The proposed bylaws shall be attached to the application as an exhibit.

(2) If the proposed articles of incorporation or application do not comply with the requirements of this code, and with the requirements of the banking board issued pursuant thereto, the banking board shall, within thirty days after the receipt thereof, return both of the said documents to the incorporators, calling attention to the defects therein. If such articles of incorporation and application are not so returned by the banking board within thirty days after the receipt thereof, they shall be deemed to have been filed with the banking board as of the date received in its office; otherwise they shall be deemed filed as of the date the amended documents, with all defects corrected, are received in the commissioner's office.

(3) Not more than forty days after the date upon which the completed application and all required documents are properly filed with the banking board, the banking board shall mail notice of such filing by registered or certified mail to each bank within a three-mile radius of the location of the proposed bank and to such other persons or banks as the banking board may designate. Such notice shall be in the form prescribed therefor by the banking board and shall include a statement that an application for a state banking charter has been filed, the date of such filing, the names and addresses of the incorporators thereof, and the location of the proposed bank. The banking board shall also cause such notice to be published, at least one time, not more than forty days after the date of filing such completed application, in a newspaper of general circulation within the community in which such proposed bank is to be located.

**Source: L. 2003:** Entire article added with relocations, p. 1084, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-3-109 as it existed prior to 2003.

### ANNOTATION

**Annotator's note.** Since § 11-103-303 is similar to § 11-3-109 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

**Board must seek information on the primary contributors to proposed bank capitalization.** The clear wording of the applicable statutes directs the banking board to demand and consider specified information concerning those persons who have expressly committed themselves to the primary capitalization of the proposed bank through stock subscriptions. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**Location of proposed bank must be clear in application.** In a situation where the address at which the proposed state bank will do business is not known, subsection (1)(b) requires that the charter application describe the area within a radius of one-half mile in which the bank is to be located. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**Notice must be given to banks in area of proposed bank.** This section requires the board to send written notice of an applicant's request for a charter to banks doing business in the community in which applicant's proposed bank is to be located. *Colo. Banking Bd. v. Finnigan*, 139 Colo. 92, 336 P.2d 98 (1959).

**"Fully subscribed" defined.** The term "fully subscribed" means "totally", and not "totally and unconditionally" subscribed. *Banking Bd. v. Columbine State Bank*, 194 Colo. 54, 569 P.2d 871 (1977).

**Intent in using words "fully subscribed".** The use of the words "fully subscribed" is intended to insure that the applicants account for 100 percent of the subscribed stock. *Banking Bd. v. Columbine State Bank*, 194 Colo. 54, 569 P.2d 871 (1977).

**A stock subscription agreement conditioned upon the approval of the board of governors of the federal reserve system satisfies the requirement of subsection (1) that the stock of a proposed commercial bank be "fully subscribed".** *Banking Bd. v. Columbine State Bank*, 194 Colo. 54, 569 P.2d 871 (1977).

**Financial information need not be submitted at time of charter application.** Since, pursuant to § 11-3-111, the stock for a new bank cannot be issued until a charter is granted, it is inconsistent for subsection (1)(b) of this section to require that financial information on issued stock be submitted at the time of the application for the charter. *First Nat'l Bank v. Banking Bd.*, 663 P.2d 261 (Colo. App. 1983).

It is neither logical nor practicable to require submission of detailed information regarding borrowings on stock purchases at the time of an application for a bank charter. *First Nat'l Bank v. Banking Bd.*, 663 P.2d 261 (Colo. App. 1983).

**11-103-304. Procedure for granting or denying charter.** (1) Within sixty days following the filing of the completed application for charter, the commissioner shall make or cause to be made a careful investigation to determine that the following requirements have been met:

- (a) That the applicant has proceeded in a lawful manner;
- (b) That the name is not deceptively similar to that of another bank or otherwise misleading;
- (c) That the persons who will serve as directors or officers, insofar as such persons are known, possess the qualifications and experience required under rules promulgated by the

banking board and that the qualifications and financial status of the incorporators, directors, officers, and persons in control of the bank, as defined in section 11-102-302 (2), are consistent with their responsibilities and duties;

(d) That the proposed capital satisfies the standards and guidelines in the rules promulgated by the banking board;

(e) That the proposed or amended articles of incorporation and bylaws are appropriate or may be amended to be appropriate.

(2) If the commissioner determines that any of the requirements in subsection (1) of this section have not been met in any respect, he or she shall notify the applicant of such deficiencies and of corrective measures deemed appropriate. Within six months after the filing of an application for charter, and prior to the hearing prescribed in subsection (3) of this section, the commissioner shall report to the banking board that the applicant has met all of the requirements of subsection (1) of this section, if such be the case, or shall report which requirements have been met and which have not been met, together with the circumstances respecting such deficiencies. This report shall be introduced by the banking board into the record of the hearing on such application.

(3) (a) The banking board, within six months after the filing of an application for charter, and subject to subsection (7) of this section, shall hold a public hearing to consider the application; except that the banking board, for valid reasons and good cause, may postpone such hearing. At such hearing, the applicant shall have the burden of proving:

(I) That the proposed bank will serve a public need and advantage in the community or area of the community that the bank will serve; and

(II) That the volume of business in the community or area of the community that the proposed bank will serve is such that profitable operation of the bank may be reasonably projected.

(b) Notwithstanding any other provision of this section, if the banking board has given notice pursuant to subsection (5) of this section of a hearing on any application for charter filed pursuant to this section and the banking board has received no written protests against such charter application on or before the tenth day preceding the date fixed for the hearing, the banking board may grant such charter without a hearing as otherwise required in this section if the applicants for such charter are known to the banking board.

(4) On hearing, the banking board may admit in evidence the application for charter and any other relevant information in the files of the division. The applicant and all others receiving notice by registered or certified mail under subsection (5) of this section are also entitled to be heard and to introduce testimony at such hearing, as well as such others as the banking board may determine to be necessary.

(5) The banking board shall give notice of the hearing on application for charter provided in subsection (3) of this section at least thirty days in advance of the hearing date fixed by the banking board, by registered or certified mail, to the applicant, to each bank within a three-mile radius of the location of the proposed bank, and to such other persons or banks as the banking board may designate. Such notice shall be in the form prescribed by the banking board and shall include the names of the incorporators, the name of each stockholder subscribing to ten percent or more of the stock of the bank, the name and location of the proposed bank, the date, time, and place of the hearing, and a statement declaring that the application and proposed articles of incorporation or amended articles of incorporation are available for inspection in the office of the banking board. The banking board shall also cause such notice to be published at least one time not less than twenty days prior to the date fixed for such hearing in a newspaper of general circulation within the community in which the proposed bank is to be located.

(6) Within one hundred twenty days following the date of conclusion of the hearing, the banking board shall issue a written order requiring the commissioner to grant a charter if a majority of the banking board finds that the requirements of subsection (1) of this section have been met and that the applicant has met the burden of proof prescribed in subsection (3) of this section. The banking board shall make execution of its order to grant a charter contingent upon the proposed bank making a bona fide application for membership in the federal deposit insurance corporation or the federal reserve system. In applications where management has not been fully disclosed at the time of the hearing, the banking board may

make execution of its order to grant a charter contingent upon its subsequent approval of management. If a majority of the banking board finds that the requirements of subsection (1) of this section or the burden of proof of subsection (3) of this section have not been met, the application for charter shall be denied. The banking board may revoke a charter that may have been granted in any case where the proposed bank has not exercised its charter and opened for business within six months after the date of the order to grant the charter.

(7) If within a ninety-day period there have been filed with the banking board two or more applications for charter for state banks to serve the same community, the banking board may hold a single hearing to consider such applications. The banking board may grant or deny a charter to one or more of the applicants without regard to the priority in time of filing applications. The determination of the banking board to deny a charter to an applicant who might otherwise qualify for a charter under subsections (1) and (3) of this section shall be based upon a finding that the public need or advantage of the community or area of the community in which the proposed bank will be located will best be served by such denial and by the granting of a charter on another application or other applications heard at such single hearing.

(8) It shall be a criminal offense against this code for a proposed state bank to perform any act as a state bank other than to perfect its organization, obtain and equip a place of business, or otherwise prepare to do business as a state bank prior to receiving a charter.

(9) Unless otherwise provided by law to the contrary, articles of incorporation, amended articles of incorporation, or amendments to articles of incorporation shall be delivered and filed as follows:

(a) Duplicate originals shall be delivered to the secretary of state for filing in accordance with the general corporate laws of this state;

(b) A verified copy shall be filed in the office of the clerk and recorder for the county in which the state bank is located;

(c) A copy to which the commissioner shall affix the charter, or certificate of approval in the case of amendments, shall be delivered by the commissioner to the applicant.

#### ANNOTATION

**Annotator's note.** Since § 11-103-304 is similar to § 11-3-110 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

**Section mandatory.** This section requiring the state banking board to consider properly filed applications is phrased in mandatory terms. *Northern Nat'l Bank v. Banking Bd.*, 37 Colo. App. 135, 547 P.2d 253 (1975).

**"Fully subscribed" is not unconditionally subscribed.** There is nothing in the statutory language of this section or § 11-3-109 or 11-3-111 to indicate that "fully subscribed" means unconditionally and irrevocably subscribed. *Banking Bd. v. Columbine State Bank*, 194 Colo. 54, 569 P.2d 871 (1977).

**It is the responsibility of the board to maintain a sound banking structure** in the state of Colorado and to grant charters only to those applicants which in its judgment will be financially successful and serve a public need and

advantage in the area where the new bank seeks to be located. *Walton v. Banking Bd.*, 36 Colo. App. 311, 541 P.2d 1254 (1975).

**Board not required to determine whether federal approval obtained.** The banking board is not required as a part of its prechartering duties to determine that the petitioners have obtained federal approval under the federal Bank Holding Company Act of 1956, 12 U.S.C. § 1841 et seq. *Banking Bd. v. Columbine State Bank*, 194 Colo. 54, 569 P.2d 871 (1977).

**The hearings clearly contemplated by the law are held for the purpose of giving to all interested persons an opportunity to furnish facts or opinions for the guidance of the commission in the performance of its duties in granting or denying a charter.** *Colorado Banking Bd. v. Finnigan*, 139 Colo. 92, 336 P.2d 98 (1959).

**The state banking board may determine whether to grant bank charter** and has jurisdiction to hold hearings to that effect. The district courts cannot usurp this power. *Banking Bd. v. District Court*, 177 Colo. 77, 492 P.2d 837 (1972).

**This section places the burden on the applicant at the hearing to show** that the proposed bank will serve a public need and advantage in the community and that the volume of business in the community is such that profitable operation of the bank may be reasonably projected. *Goldy v. Henry*, 166 Colo. 401, 443 P.2d 994 (1968).

**Subsection (3) clearly places the burden of proof upon the applicants.** *Walton v. Banking Bd.*, 36 Colo. App. 311, 541 P.2d 1254 (1975).

**Public need and advantage.** The purpose of a similar requirement, i.e., a finding that the industrial bank "will promote the convenience and advantage of the community" is to protect prospective depositors and other creditors in their dealings with the bank and not to protect competitors. *Banking Bd. v. Turner Indus. Bank*, 165 Colo. 147, 437 P.2d 531 (1968).

The board seems to have determined the "public need and advantage" to be synonymous with "so long as existing institutions are not affected by additional competition". Such construction is contrary to the law, for competition may benefit the public by causing protestant banks to review their policies, increase interest rates on deposits, and even augment their service to the community in which they do business. *Banking Bd. v. Turner Indus. Bank*, 165 Colo. 147, 437 P.2d 531 (1968).

**Too strict a monopoly in the banking field is as undesirable as having an excessive number of banks.** *Banking Bd. v. Turner Indus. Bank*, 165 Colo. 147, 437 P.2d 531 (1968).

**The nature of competition in banking in the area may be considered.** Other factors, such as the already highly competitive nature of banking in the area, outweighed the convenience factor. It was within the board's competence, applying its expertise, to make this determination, and it should not be disturbed on review. *Goldy v. Henry*, 166 Colo. 401, 443 P.2d 994 (1968); *Banking Bd. v. Turner Indus. Bank*, 165 Colo. 147, 437 P.2d 531 (1968).

**Board may not approve application which shows violation of branch bank prohibition.** The procedure for incorporating a new bank, the proposed operation of the new bank, and the basis upon which the charter for the new bank was granted met with the approval of the banking board which was fully apprised of all the facts concerning the common ownership of stock, the common directors, and the other facts concerning the relationship between the two banks. None of the facts as shown from the record, necessarily and as a matter of law, reveal that the banking board's grant of the state charter to the applicant bank is in violation of the prohibition against branch banking. *Peoples Bank v. Banking Bd.*, 164 Colo. 564, 436 P.2d 681 (1968).

**Court may not speculate on future violation of law.** Where it would be necessary for the

court to speculate that, after issuance of the bank's charter, the applicants and the bank would thereafter proceed to act in direct violation of applicable federal laws, such speculation by the court would be contrary to the settled legal principle that it is precluded from deciding abstract or contingent questions. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**Board must also consider primary capitalizers.** The clear wording of the applicable statutes directs the banking board to demand and consider specified information concerning those persons who have expressly committed themselves to the primary capitalization of the proposed bank through stock subscriptions. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**The weight to be given to uncontroverted testimony** is peculiarly within the province of the board. The board is not bound to accept testimony at face value merely because it is not directly contradicted. *Walton v. Banking Bd.*, 36 Colo. App. 311, 541 P.2d 1254 (1975).

**When record is barren, court may remand to board.** Where the record of proceedings before the Colorado banking board, denying an application for a charter for a state bank, are devoid of information as to what transpired at a hearing held and a reviewing court cannot pass upon the validity of the board's order denying the charter, the matter will be remanded for the taking and recording of all testimony, exhibits, and other evidence and the making of specific findings as the basis for an order granting or denying such charter. *Colo. Banking Bd. v. Finnigan*, 139 Colo. 92, 336 P.2d 98 (1959).

**Court may not compel board to consider factors other than those in statute.** The district court would be in error if it construed the governing statutes to require that the banking board consider factors other than those specified by the clear provisions of the statute. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**Board's expertise utilized.** In weighing the evidence and drawing inferences therefrom, the board may utilize its expertise in banking matters. *Walton v. Banking Bd.*, 36 Colo. App. 311, 541 P.2d 1254 (1975).

**Board, not court, weighs and evaluates evidence.** The weighing and evaluation of the testimony and evidence offered as to an application for a charter is the statutorily delegated power and responsibility of the banking board, and it is beyond the power of a reviewing court to substitute its judgment for that of the fact-finding authority. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

Where the inferences to be drawn from evidence are conflicting, the reviewing court may not displace an administrative agency's choice between two fairly conflicting views, even

though the court could justifiably have made a different choice had the matter been before it de novo. *Walton v. Banking Bd.*, 36 Colo. App. 311, 541 P.2d 1254 (1975).

**Court may modify board order when basis is on record.** Where the basis for modification of the banking board's order appears in the record, the court may modify and correct that order on appeal. *Academy Blvd. Bank v. Banking Bd.*, 30 Colo. App. 331, 492 P.2d 76 (1971).

**Applicants need not allege a substantial change of fact in filing a second application** for a charter. *Northern Nat'l Bank v. Banking Bd.*, 37 Colo. App. 135, 547 P.2d 253 (1975).

**Res judicata is inapplicable.** A literal reading of this section would prevent the board from using res judicata to deprive an applicant of his right to a hearing and would impose on it a statutory duty to examine each application for a license as an original proceeding. *Northern Nat'l Bank v. Banking Bd.*, 37 Colo. App. 135, 547 P.2d 253 (1975).

**When hearing considered concluded.** Where additional time is granted for the filing of briefs after the close of an evidentiary hearing, the hearing cannot be considered concluded until such briefs are filed. *Hyde v. Banking Bd.*, 38 Colo. App. 41, 552 P.2d 32 (1976).

### SHARES AND DISTRIBUTIONS

**11-103-401. Subscription calls.** After a charter has been granted, the directors may call for the payment of the subscriptions in full within thirty days after the date of the notice that the charter has been granted. No share shall be issued until the par value and the pro rata portion of the paid-in surplus specified in the charter have been paid in full in cash.

**Editor's note:** This section is similar to former § 11-3-111 as it existed prior to 2003.

### ANNOTATION

**Annotator's note.** Since § 11-103-401 is similar to § 11-3-111 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

**"Fully subscribed" is not unconditionally subscribed.** There is nothing in the statutory

language of this section or § 11-3-109 or 11-3-110 to indicate that "fully subscribed" means unconditionally and irrevocably subscribed. *Banking Bd. v. Columbine State Bank*, 194 Colo. 54, 569 P.2d 871 (1977).

**Applied** in *First Nat'l Bank v. Banking Bd.*, 663 P.2d 261 (Colo. App. 1983).

**11-103-402. First meetings of stockholders - director's oath - bylaws.** (1) After the capital and surplus have been fully paid in cash and before any business is transacted, the incorporators shall call a meeting of the stockholders, on at least ten days' notice, to elect directors and to adopt bylaws, and shall direct the call, on at least five days' notice, of the first meeting of directors for election of officers.

(2) Every director of a state bank shall take and subscribe to an oath before a disinterested notary public that the director will, insofar as the duty devolves upon him or her, diligently and honestly administer the affairs of the bank and that he or she will not knowingly violate nor willingly permit to be violated any provision of the law.

(3) Bylaws may be adopted and amended by a majority vote at a stockholders' meeting, but the bylaws may provide for adoption or amendment by the board of directors of any provisions other than those relating to the duties, term of office, remuneration, reimbursement, or indemnification of a director. Copies of all bylaws and amendments thereto shall be filed with the commissioner.

**Editor's note:** This section is similar to former § 11-3-112 as it existed prior to 2003.

## ANNOTATION

**Failure to obtain capital and surplus may forfeit charter.** Where a banking corporation fails within the period prescribed to pay up its entire capital stock in cash, its charter is liable to

forfeiture. *People ex rel. Attorney Gen. v. City Bank*, 7 Colo. 226, 3 P. 214 (1883) (decided under repealed laws antecedent to CSA, C. 18, § 8, which were similar to this section).

**11-103-403. Stockholders' meetings - voting trusts - preemptive right - transfer of stock.** (1) A regular annual meeting of stockholders shall be held each year as the bylaws direct. A special meeting may be called at any time by the banking board or the commissioner, by not less than one-third of the directors, or by the holders of twenty-five percent of the outstanding voting shares. The regular annual meeting and special meetings of the stockholders shall be held at such place as may be designated in the bylaws. Notice shall be mailed at least ten days before a meeting to every person who is a stockholder of record twenty days before the date of the meeting or at such longer period as may be provided in the bylaws. Such notice shall be mailed to the stockholder's address on the records of the bank. No business shall be transacted at a special meeting that is not specified in the notice thereof or necessary or proper in connection with or incidental to the business specified. The holders of a majority of the outstanding voting shares, or their authorized representatives, shall constitute a quorum. In the absence of a quorum, a meeting may be adjourned from time to time without notice to the stockholders.

(2) Except on the election of directors, when cumulative voting is provided for in the charter, each share of common stock shall have one vote, which may be cast by the owner of record on the record date or by such owner's proxy, whether or not the owner of record has the beneficial interest therein. The bank may not vote shares that it holds in any capacity other than as fiduciary.

(3) A stockholder authorized to vote may, by means of a proxy executed in writing, appoint a representative to cast his or her vote. The banking board may promulgate rules governing proxies and the solicitation thereof.

(4) No shares deposited under a voting trust agreement shall be voted by the trustee unless the agreement has been approved by the banking board. Approval shall be withheld or, if previously granted, revoked if it appears that the existence of the trust would tend to reduce competition among lending institutions or to affect adversely the character or competence of the management or the bank's policies or operating procedures. In the absence of such approval, the record owner may vote his or her shares.

(5) Unless otherwise provided in the charter, if additional stock of a class is offered for sale, stockholders of record of the same class on the date of the offer shall have the right to subscribe to such proportion of the shares as the stock held by them bears to the total of the outstanding stock. This right shall be transferable, but shall terminate if not exercised within thirty days after the offer. If the right is not exercised, the stock shall not be offered for sale to others at a lower price, or on other more favorable terms, without the stockholders again being accorded a preemptive right to subscribe.

(6) No transfer of shares of stock shall be effective with respect to the bank until it has been entered upon the transfer books. The stock book shall be available for examination by a stockholder of the corporation at the principal place of business during its business hours.

**Editor's note:** This section is similar to former § 11-3-113 as it existed prior to 2003.

**11-103-404. Waiver of notice - meeting or vote.** (1) When a notice is required to be given to stockholders under this code, or the charter or bylaws of any state bank, a waiver thereof in writing, signed by the person entitled to said notice, either before or after the time stated therein, shall be deemed equivalent thereto.

(2) If the vote of stockholders at a meeting thereof is required or permitted to be taken in connection with any corporate action by any section of this code, the meeting and vote of stockholders may be dispensed with, if all of the stockholders who would have been

entitled to vote upon the action if such meeting were held consent in writing to such corporate action being taken.

(3) In the event that the action that is consented to is such as would have required the filing of a certificate under any of the other sections of this code if such action had been voted upon by the stockholders at a meeting thereof, the certificate filed under such other section shall state that written consent has been given under this section, in lieu of stating that the stockholders have voted upon the corporate action in question, if such last mentioned statement is required thereby.

**Editor's note:** This section is similar to former § 11-3-116 as it existed prior to 2003.

**11-103-405. Amendment of articles - change of location - authorized but unissued stock.** (1) A state bank may apply to the banking board to amend its articles of incorporation or to change its location.

(2) An application for an amendment of the articles of incorporation to change the authorized capital and the number and par value of the shares, to acquire or abandon trust powers, or to change its location shall be authorized by the vote of two-thirds of the outstanding voting stock voted at a meeting of the stockholders. Any other application may be authorized by the vote of a majority of the outstanding voting stock voted at a meeting of the stockholders.

(3) Notice of the application shall be sent to such persons and organizations as the banking board may require.

(4) The banking board shall approve an application:

(a) To change the name of the corporation if the proposed name is not deceptive or misleading;

(b) To increase the total capital by increasing the amount of capital stock; but an amendment increasing the total capital shall not become effective until the banking board finds that the new capital has been fully paid in cash; except that amendments increasing the capital stock of the bank in the category of authorized but unissued stock shall be approved pursuant to the provisions of subsection (6) of this section.

(5) In making its determination thereon, the banking board shall consider whether the public need and advantage would be served by granting the application and shall be guided by the standards prescribed for the approval of an application for a charter, insofar as they are reasonably applicable. In making its determination upon an application for change of location, the banking board shall consider the need and advantage of both the community or area of the community in which the bank will be located and the community or area of the community from which the bank will be moved.

(6) A state bank, upon application to and approval by the banking board and by vote of two-thirds of the outstanding voting stock voted at a meeting of the stockholders, by an amendment of the articles of incorporation, may authorize an increase in the capital stock of the bank in the category of authorized but unissued stock. Such authorized but unissued stock may be issued from time to time to employees of the bank pursuant to stock option or stock purchase plans adopted in accordance with the provisions of section 11-103-101 (2) (h), or in exchange for convertible preferred stock or convertible capital debentures in accordance with the terms and provisions of such securities. Authorized but unissued stock may also be issued from time to time for such other purposes and considerations as may be approved by the board of directors of the state bank and the banking board.

Dividends - when payable.** The board of directors of a state bank may declare dividends from retained earnings and from other components of capital specifically approved by the banking board so long as the declaration is made in compliance with the rules established by the banking board.

## PART 5

### DIRECTORS AND OFFICERS

**11-103-501. Directors and officers.** (1) The affairs of a state bank shall be managed by a board of directors, which shall exercise its powers and be responsible for the discharge of its duties. The number of directors, not less than three nor more than twenty-five, shall be as fixed by the bylaws, and the number so fixed shall be the board, regardless of vacancies. At least three-fourths of the directors shall be citizens of the United States, two-thirds shall be residents of this state, and a majority shall reside within one hundred miles of the place of business of the bank; except that, if the bank is organized solely to do business with other financial institutions, is owned primarily by the financial institutions with which it does business, and does not do business with the general public, at least three-fourths of the directors shall be citizens of the United States and a majority shall be residents of this state. A director need not own shares. No director may serve who has been convicted of fraud involving any financial institution or of a felony, but the banking board may waive this provision regarding a felony if it determines that the particular felony does not jeopardize the person's ability to act as a director. A director who is disqualified may be removed by the board of directors or by the banking board. No action taken by a director prior to his or her resignation or removal shall be subject to attack on the ground of his or her disqualification.

(2) Directors shall receive such reasonable compensation as the bylaws may prescribe and shall serve until their successors are elected and qualify.

(3) Directors shall be elected by the stockholders at the first meeting, and thereafter, at the annual meeting or at a special meeting called for the purpose. If the charter provides for cumulative voting, the votes of each share may be cast for one person or divided among two or more, as the stockholder may choose. The person (to the number of directors to be elected) having the largest number of votes shall be elected.

(4) The term of office of directors shall be one year. Vacancies may be filled by vote of the board of directors until the next meeting of the stockholders.

(5) A director may be removed by the stockholders at a meeting. Where cumulative voting for directors is provided in the charter, no director shall be removed unless the votes cast against a motion for his or her removal are less than the total number of shares outstanding divided by the number of authorized directors, but all of the directors shall be removed if a majority of the outstanding shares approves a motion for the removal of all.

(6) The officers designated by the bylaws shall be elected by the board of directors. A member of the board of directors shall be elected president. No officer shall be elected, or a contract executed for the officer's employment, for a period longer than one year. No person may be employed as an officer of a state bank who has been convicted of fraud involving any financial institution or of a felony, but the banking board may waive this provision regarding a felony if it determines that the particular felony does not jeopardize the person's ability to act as an officer. An officer may be removed by the board of directors at any time, but removal shall not prejudice any rights that the officer may have to damages for breach of contract of employment, unless the officer falsely answered any question or made any material misstatement of facts relating to any matter leading to or constituting any inducement to such employment.

**Editor's note:** This section is similar to former § 11-3-114 as it existed prior to 2003.

#### ANNOTATION

**This section assures responsibility of directors.** One of the purposes of this section is that only a person substantially interested should be entrusted with the control of the business of a bank. Another is that a director should be able to respond in something more than a nominal

amount in case of failure of business, for which failure he was, in part, in law, responsible. *Swenson v. McFerson*, 91 Colo. 519, 17 P.2d 530 (1932) (decided under repealed laws antecedent to CSA, C. 18, § 12, which were similar to this section).

**11-103-502. Directors' meetings - duties.** (1) The board of directors of a state bank shall meet at least once each calendar month. The banking board, the commissioner, or an executive officer may call a special meeting. A majority of the board of directors shall constitute a quorum. The board shall keep minutes of each meeting, including a record of attendance. Any director who fails to attend meetings of such board of directors for three consecutive months shall automatically cease to be a director, unless such absence is satisfactorily explained to the banking board or the commissioner, who shall, in such event, notify the president of such bank of the approval thereof.

(2) The board of directors or the executive committee of the board shall review at least monthly the following transactions occurring since the last review:

(a) Each loan, advance, discount, overdraft, and purchase or sale of a security that exceeds in amount one percent of the capital of the corporation pursuant to the rules promulgated by the banking board, and each loan, advance, discount, and overdraft that makes the total obligations from one obligor exceed that amount;

(b) Each purchase or sale of a security that, together with the bank's other purchases and sales in the security during the preceding two months, involves such amount.

(3) (a) The board of directors shall cause the financial statements of the state bank to be prepared in accordance with generally accepted accounting principles consistently applied, except as the banking board may otherwise provide in order to establish regulatory and competitive parity and pursuant to the policies expressed in section 11-101-102.

(b) The board of directors shall cause an audit of the state bank to be completed by an accounting firm composed of certified public accountants or a directors' examination by a public accountant or any other independent person or persons as determined by the banking board at least annually but at intervals of not more than fifteen months, as may be required by the banking board or its rules. The banking board shall adopt rules regarding the qualifications of such public accountant and other independent person or persons, who shall assume the responsibility for due care in such director's examinations. The banking board's rules shall also establish the scope of such directors' examinations, which shall include safeguards to insure that such examinations adequately describe the financial condition of the financial institution. The banking board may require an audit to be completed by an accounting firm composed of certified public accountants under certain circumstances. A report of the audit or directors' examination and any related management letters and documents shall be completed and submitted to the banking board within the time periods, in the form, and containing such information as the banking board may require in its rules. Such report of the audit or directors' examination and any related management letters and documents shall be reviewed by the directors at the next meeting of the board of directors.

(c) If a bank is owned or controlled by a bank holding company, the requirement of paragraph (b) of this subsection (3) may be fulfilled if:

(I) As required by the banking board and its rules, the controlling bank holding company is audited or examined in a directors' examination annually at intervals of not more than fifteen months and the bank is included in the annual audit or directors' examination of the bank holding company by that firm;

(II) A report of the audit or directors' examination for the controlling bank holding company and any related management letters and documents is completed and submitted to the banking board within the time periods, in the form, and containing such information as the banking board may require in its rules; and

(III) An annual internal examination of the bank is prepared by the internal examination staff of the controlling bank holding company and kept available for submission to the banking board immediately upon the banking board's request.

(4) A state bank authorized to exercise trust powers shall not accept, or voluntarily relinquish, a fiduciary account without the approval or ratification of the board of directors, or of a committee of officers or directors designated by the board to perform this function, but the board of directors or the committee may prescribe general rules governing acceptances or relinquishment of fiduciary accounts, and action taken by an officer in accordance with these rules is sufficient approval. Any committee so designated shall keep minutes of its meetings and report at each monthly meeting of the board of directors all action taken since the previous meeting of the board. The board of directors shall designate one or more committees of not less than three qualified officers or directors to supervise the investment of fiduciary funds. No such investment shall be made, retained, or disposed of without the approval of a committee as to which the bank has investment or review responsibility. At least once in every calendar year, the committee shall review the records of each fiduciary account as to which the bank has investment or review responsibility and shall determine the current value, safety, and suitability of the investments and whether the investments should be modified or retained. The committee shall keep minutes of its meetings and shall report at each monthly meeting of the board of directors its conclusions on all questions considered and all action taken since the previous meeting of the board.

**Editor's note:** This section is similar to former § 11-3-115 as it existed prior to 2003.

**11-103-503. Waiver of notice - meeting or vote.** (1) When a notice is required to be given to directors under this code, or the charter or bylaws of any state bank, a waiver thereof in writing, signed by the person entitled to said notice, either before or after the time stated therein, shall be deemed equivalent thereto.

(2) If the vote of directors at a meeting thereof is required or permitted to be taken in connection with any corporate action by any section of this code, the meeting and vote of directors may be dispensed with, if all of the directors who would have been entitled to vote upon the action if such meeting were held consent in writing to such corporate action being taken.

(3) In the event that the action that is consented to is such as would have required the filing of a certificate under any of the other sections of this code if such action had been voted upon by the directors at a meeting thereof, the certificate filed under such other section shall state that written consent has been given under this section.

## PART 6

### INDEMNIFICATION AND INSURANCE

**11-103-601. Director and officer insurance and fidelity bonds - legislative declaration.** (1) The directors of a state bank shall require good and sufficient fidelity bonds on all active officers and employees, whether or not they draw salary or compensation, which bonds shall provide for indemnity to such bank on account of any losses sustained by it as the result of any dishonest, fraudulent, or criminal conduct by them acting independently or in collusion or combination with any person. Such bonds may be in individual, schedule, or blanket form, and the premiums therefor shall be paid by the bank.

(2) The said directors shall also require suitable insurance protection to the bank against burglary, robbery, theft, and other insurable hazard to which the bank may be exposed in the operations of its business on the premises or elsewhere.

(3) The directors shall be responsible for prescribing, at least once in each calendar year, the amount or penal sum of the bonds and policies specified in this section and the

sureties or underwriters thereon after giving due and careful consideration to all known elements and factors constituting such risk or hazard. Such action shall be recorded in the minutes of the board of directors.

(4) (a) The general assembly hereby finds, determines, and declares that the following is enforceable and in conformity with the public policy of this state, as expressed in this code, including the provisions of section 11-101-102:

(I) Any insurance policy, form, contract, endorsement, or certificate in effect or issued on or after April 30, 1993, that provides insurance coverage to directors or officers, or both, of a bank but that does not grant coverage or that excludes coverage for claims made by any depository insurance organization or any other state or federal corporation, organization, or entity acting as receiver, conservator, or liquidator of such bank, whether in its own name or on behalf of any other person or entity; or

(II) Any fidelity bond, financial institution bond, or depository institution bond in effect or issued on or after April 30, 1993, that provides for termination of such bond upon the taking over of the bank by a receiver or other liquidator or by state or federal officials.

(b) No provision of part 8 of this article shall be construed to contravene or modify the expressed public policy set forth in this subsection (4).

**Editor's note:** This section is similar to former § 11-3-120 as it existed prior to 2003.

#### ANNOTATION

**FDIC claim is not barred under the "insured v. insured" exclusion since FDIC is not considered an "insured" within the meaning of policy of insurance.** To exclude liability for claims raised by FDIC as a receiver for an insolvent bank would defeat the provisions of

the Banking Code, which recognizes the power of a receiver to gather and distribute bank assets. *FDIC v. Bowen*, 865 P.2d 868 (Colo. App. 1993) (decided under law prior to 1993 amendment of former § 11-3-120).

**11-103-602. Indemnification and personal liability of directors, officers, employees, and agents.** The state bank shall have the same powers, rights, and obligations and shall be subject to the same limitations as apply to corporations for profit as set forth in article 109 of title 7, C.R.S. State bank directors, officers, employees, and agents shall have the same rights as directors, officers, employees, and agents, respectively, of corporations for profit as set forth in article 109 of title 7, C.R.S. State bank directors and officers shall have the benefit of the same limitations on personal liability for any injury to person or property arising out of a tort as set forth in section 7-108-402 (2), C.R.S., for directors and officers, respectively, of corporations for profit. Any reference in said sections to shareholders shall be construed to refer to stockholders for the purposes of this section.

**Editor's note:** This section is similar to former § 11-3-121 as it existed prior to 2003.

**11-103-603. Deposit insurance - membership in federal reserve system - federal national mortgage association.** (1) A state bank is authorized to do any act necessary to obtain insurance of its deposits by the United States or any agency thereof and to acquire and hold membership in the federal reserve system or to take advantage of any other act or resolution of congress that may be enacted to aid, regulate, or safeguard state banks and their depositors, including any amendments of the same or any substitutions thereof. It may also subscribe for and acquire any stock, debentures, bonds, or other types of securities of the federal deposit insurance corporation and comply with the lawful regulations and requirements from time to time issued or made by such corporation.

(2) A state bank that is a member of the federal reserve system, or of the federal deposit insurance corporation, or of both may make payments to the federal national mortgage

association, a constituent agency of the national housing and home finance agency, of nonrefundable capital contributions, receive stock evidencing such capital contributions and hold and dispose thereof, contract with said association, and incur the expenses and otherwise comply with the then lawful regulations and requirements issued by said association from time to time to the extent a national bank in like circumstances is authorized by any act or resolution by the United States congress or by any lawful rule issued pursuant thereto.

#### ANNOTATION

This section specifically authorizes state banks to contract for insurance with the federal deposit insurance corporation. *Atterson v. United States*, 232 F.2d 837 (10th Cir.), cert.

denied, 351 U.S. 975, 76 S. Ct. 1038, 100 L. Ed. 1492 (1956) (decided under repealed § 14-9-6, CRS 53, which was similar to this section).

#### PART 7

### MERGER, CONSOLIDATION, CONVERSION, AND SALE OF ASSETS

**11-103-701. Merger or conversion.** (1) Upon approval of the banking board, banks may be merged with, or converted into, a resulting state bank as prescribed in this article; except that the action by a constituent national bank shall be taken in the manner prescribed by, and shall be subject to, any limitation or requirements imposed by any law of the United States, which law shall also govern the rights of its dissenting shareholders.

(2) Nothing in the law of this state shall restrict the right of a state bank to merge with, or convert into, a resulting national bank. The action to be taken by a constituent state bank and its rights and liabilities and those of its shareholders shall be the same as those prescribed for national banks at the time of the action by the applicable laws of the United States and not by the law of this state.

**Editor's note:** This section is similar to former § 11-4-102 as it existed prior to 2003.

**11-103-702. Approval of merger by directors.** (1) Where there is to be a resulting state bank, the board of directors of each constituent state bank shall, by a majority of the entire board, approve a merger agreement, which agreement shall contain:

- (a) The name of each constituent bank and the location of each office;
- (b) With respect to the resulting bank, the name and the location of each proposed office; the name and residence of each director to serve until the next annual meeting of the stockholders; the name and residence of each officer; the amount of capital, the number of shares, and the par value of each share; whether preferred stock is to be issued and the amount, terms, and preferences; the amendments to the charter and bylaws;
- (c) The terms for the exchange of shares of the constituent banks for those of the resulting bank;
- (d) A statement that the agreement is subject to approval by the banking board and by the stockholders of each constituent bank;
- (e) Provisions governing the manner of disposing of the shares of the resulting state bank not taken by dissenting shareholders of constituent banks;
- (f) Such other provisions as the banking board requires to enable it to discharge its duties with respect to the merger.

**11-103-703. Approval by banking board.** (1) After approval by the board of directors of each constituent bank, the merger agreement shall be submitted to the banking board for approval, together with certified copies of the authorizing resolutions of the several boards of directors showing approval by a majority of the entire board and evidence of proper action by the board of directors of any constituent national bank.

(2) Without approval by the banking board, no asset shall be carried on the books of the resulting bank at a valuation higher than that on the books of the constituent bank at the time of the last examination by a state or national bank examiner before the effective date of the merger.

(3) Within thirty days after receipt by the banking board of the papers specified in subsection (1) of this section, the banking board shall approve or disapprove the merger agreement. The banking board shall approve the agreement if it appears that:

(a) The resulting state bank meets all the requirements of state law as to the formation of a new state bank;

(b) The agreement provides for adequate capital as established by the banking board in its rules;

(c) The agreement is fair;

(d) The merger is not contrary to the public interest.

(4) If the banking board disapproves an agreement, it shall state its objections and give an opportunity to the constituent banks to amend the merger agreement to obviate such objection.

(5) Where the resulting state bank is not to exercise trust powers, the banking board shall not approve a merger until satisfied that adequate provision has been made for successors to fiduciary positions held by constituent banks.

**Editor's note:** This section is similar to former § 11-4-104 as it existed prior to 2003.

**11-103-704. Approval by stockholders - rights of dissenters.** (1) To be effective, a merger must be approved by the stockholders of each constituent state bank by a vote of two-thirds of the outstanding voting stock, at a meeting called to consider such action, which vote shall constitute the adoption of the charter and bylaws of the resulting state bank, including the amendments set forth in the merger agreement.

(2) The notice of the meeting of stockholders shall state that dissenting stockholders will be entitled to payment of the value of only those shares that are voted against the approval of the plan.

(3) The owners of shares that were voted against the approval of the merger shall be entitled to receive their value in cash, if and when the merger becomes effective, upon written demand made to the resulting state bank at any time within thirty days after the effective date of the merger, accompanied by the surrender of the stock certificates. The value of such shares shall be determined as of the date of the shareholders' meeting approving the merger by three appraisers, one to be selected by the owners of two-thirds of the dissenting shares involved, one by the board of directors of the resulting state bank, and the third by the two so chosen. The valuation agreed upon by any two appraisers shall govern. If the appraisal is not completed within ninety days after the merger becomes effective, the commissioner shall cause an appraisal to be made.

(4) The expenses of appraisal shall be paid by the resulting state bank.

(5) The resulting state bank may fix an amount that it considers to be not more than the fair market value of the shares of a constituent bank at the time of the stockholders' meeting approving the merger, which it will pay dissenting shareholders of that constituent bank

entitled to payment in cash. The amount due under such accepted offer or under the appraisal shall constitute a debt of the resulting state bank.

**Editor's note:** This section is similar to former § 11-4-105 as it existed prior to 2003.

**11-103-705. Effective date of merger - certificate.** (1) A merger shall, unless a later date is specified in the agreement, become effective upon the filing with the banking board of the executed agreement, together with copies of the resolutions of the stockholders of each constituent bank approving it, certified by such bank's president or a vice-president and a secretary. The charters of the constituent banks, other than the resulting bank, shall thereupon be deemed surrendered.

(2) The banking board shall thereupon issue to the resulting bank a certificate of merger, setting forth the name of each constituent bank and the name of the resulting state bank. Such certificate shall be conclusive evidence of the merger and of the correctness of all proceedings therefor in all courts and places and may be recorded in any office for the recording of deeds to evidence the new name in which the property of the constituent banks is held.

**11-103-706. Continuation of corporate entity.** (1) The resulting state bank shall be considered the same business and corporate entity as each constituent bank with all of the rights, powers, and duties of each constituent bank, except as limited by the charter and bylaws of the resulting state bank.

(2) The resulting state bank has the right to use the name of any constituent bank whenever it can do any act under such name more conveniently.

(3) Any reference to any constituent bank in any writing, whether executed or taking effect before or after the merger, shall be deemed a reference to the resulting state bank if not inconsistent with the other provisions of such writing.

**Editor's note:** This section is similar to former § 11-4-107 as it existed prior to 2003.

**11-103-707. Conversion from state bank to national and vice versa.** (1) Nothing in the law of this state shall restrict the right of a state bank to convert into a national bank upon compliance with the laws of the United States, and, upon completion of such conversion, it shall surrender its charter as a state bank.

(2) A national bank located in this state that follows the procedure prescribed by federal law to convert into a state bank shall be granted a state charter if it meets the requirements for the incorporation of a state bank. Any requirement that shares must be paid in cash may be satisfied by the exchange of shares of the converted state bank for those of the converting national bank, which may be valued at no more than their fair cash market value. The procedure for incorporation of a state bank may be modified to the extent made necessary by the difference between an ordinary incorporation and a conversion.

(3) The converted bank shall be considered the same business and corporate entity as the converting bank with all of the rights, powers, and duties of the converting bank except as limited by the charter and bylaws of the resulting bank. It may use the name of the converting bank whenever it can do any act under such name more conveniently.

(4) Any reference to the converting bank in any writing, whether executed or taking effect before or after the conversion, shall be deemed a reference to the converted bank if not inconsistent with the other provisions of such writing.

**11-103-708. Nonconforming assets.** If a constituent bank has assets that do not conform to the requirements of state law for the resulting bank, or if a converting national bank has assets that do not conform to the requirements of a state law for the converted state bank, or if, in either case, there are business activities that are not permitted for the resulting or converted state bank, the banking board may permit a reasonable time to conform with state law.

**Editor's note:** This section is similar to former § 11-4-109 as it existed prior to 2003.

**11-103-709. Sale of all assets of bank or department.** (1) Any state bank may sell to any other bank all, or substantially all, of the selling bank assets and business, or all, or substantially all, of the assets and business of any department of the selling bank.

(2) Any state bank may, upon assuming the liabilities relating thereto, purchase all, or substantially all, of the assets and business of another bank, or all, or substantially all, of the assets and business of any department of another bank.

(3) The agreement of purchase and sale shall be authorized and approved by the banking board and by the vote of a majority of the stockholders of the purchasing and selling banks at meetings called for the purpose in like manner as meetings to approve mergers are called, and filed with the commissioner, accompanied by evidence of such stockholders' approval in like manner as agreements of merger are filed. After such approval is given by the stockholders, a notice of such sale shall be published once a week for three successive weeks in a newspaper of general circulation in the county in which the selling bank has its principal office. Proof of such publication shall be filed with the division.

(4) Notwithstanding any term of the agreement, or of his or her contract of deposit, any depositor whose business is thus sold has the right, upon payment of any indebtedness owing by the depositor to the bank, to withdraw his or her deposit in full on demand after such sale unless, by dealing with the purchasing bank with knowledge of the purchase, the depositor ratifies the transfer.

(5) The agreement of sale may provide for the transfer to the purchasing bank of all fiduciary positions held by the selling bank pursuant to section 11-106-105.

(6) No right against, or obligation of, the selling bank, in respect of the assets or business sold, shall be released or impaired by the sale until one year from the last date of publication of the notice, pursuant to subsection (3) of this section, but, after the expiration of such year, no action shall be brought against the selling bank on account of any deposit, obligation, trust, or asset transferred to or liability assumed by the purchasing bank.

## PART 8

### LIQUIDATION, DISSOLUTION, AND REORGANIZATION

**11-103-801. Voluntary liquidation and dissolution.** (1) With the approval of the banking board, a state bank may liquidate and dissolve. The banking board shall grant such approval if it appears that the proposal to liquidate and dissolve has been approved by a vote of two-thirds of the outstanding voting stock at a meeting called for that purpose and that

the capital of the state bank is adequate and such state bank has sufficient liquid assets to pay off depositors and creditors immediately.

(2) (a) Upon approval by the banking board, the bank shall forthwith cease to do business, shall have only the powers necessary to effect an orderly liquidation, and shall proceed to pay its depositors and creditors and to wind up its affairs.

(b) Within thirty days after the approval, a notice of liquidation shall be sent by mail to each depositor, creditor, person interested in funds held as a fiduciary, lessee of a safe deposit box, and bailor of property at the address of such person as shown on the books of the bank. The notice shall be posted conspicuously on the premises of the bank and shall be given such publication as the banking board may require. The bank shall send with each notice a statement of the amount shown on the books to be the claim of the depositor or creditor. The notice shall demand that property held by the bank as bailee or in a safe deposit box be withdrawn by the person entitled thereto and that claims of depositors and creditors, if the amount claimed differs from that stated in the notice to be due, be filed with the bank before a specified date not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice.

(c) As soon after approval as may be practicable, the state bank shall resign all fiduciary positions and take such action as may be necessary to settle its fiduciary accounts.

(d) Safe deposit boxes, the contents of which have not been removed within thirty days after demand, shall be opened. Sealed packages containing the contents of such box, with a certificate of inventory of contents, together with any other unclaimed property held by the bank as bailee and certified inventories thereof shall be transferred to the banking board, which shall retain them for six years unless sooner claimed by the person entitled to them. After six years the banking board shall sell or otherwise appropriately dispose of the property. The proceeds of any sale shall be transferred to the state treasurer as abandoned funds.

(e) The approval of an application for liquidation shall not impair any right of a depositor or creditor to payment in full, and all lawful claims of creditors and depositors shall promptly be paid. The unearned portion of the rental of a safe deposit box shall be returned to the lessee.

(f) Any assets remaining after the discharge of all obligations shall be distributed to the stockholders in accordance with their respective interests. No such distribution shall be made before all claims of depositors and creditors have been paid or, in the case of any disputed claim, the bank has transmitted to the banking board a sum adequate to meet any liability that may be judicially determined and any funds payable to a depositor or creditor and unclaimed have been transmitted to the banking board.

(3) Any unclaimed distribution to a stockholder or depositor shall be held until ninety days after the final distribution and then transmitted to the banking board. Such unclaimed funds shall be held by the banking board for six years and, unless sooner claimed by the person entitled thereto, shall be transferred to the treasury of the county in which the bank is located. The county treasurer and his successors shall hold such money in trust for a period of six years, unless the same shall be sooner paid out to the beneficial owner thereof or a suit is instituted to recover such money or a portion thereof. Any money remaining in said fund six years after the same is paid into the treasury of the county, for the recovery of which no action is pending, shall be transferred to the general fund of the county, and all rights of the former beneficial owners therein to recover the same shall be forever barred.

(4) If the banking board finds that the assets will be insufficient for the full discharge of all obligations, or that completion of the liquidation has been unduly delayed, it may take possession and complete the liquidation in the manner provided in this code for involuntary liquidations.

(5) The banking board may require reports of the progress of liquidation. If it is satisfied that the liquidation has been properly completed, it shall cancel the charter and enter an order of dissolution.

## ANNOTATION

Where a cause of action arose while the charter of a bank was still in force and the bank was a going concern, the dissolution of the bank did not deprive creditors of a remedy against it, although sought to be applied after

that time. *Steinhauer v. Colmar*, 11 Colo. App. 494, 55 P. 291 (1898); *Kipp v. Miller*, 47 Colo. 598, 108 P. 164 (1910) (cases decided under repealed laws antecedent to CSA, C. 18, § 62, which were similar to this section).

**11-103-802. Involuntary liquidation by banking board - reorganization.**

(1) (a) Except as otherwise provided in this code, only the banking board may take possession of a state bank if, after a hearing before the banking board, the banking board finds: The bank's capital is inadequate or it is otherwise in an unsound condition; the bank's business is being conducted in an unlawful or unsound manner; the bank is unable to continue normal operations; examination of the bank has been obstructed or impeded; or control of the bank has been assumed by any person or persons convicted of fraud or a felony in this state or any other jurisdiction, or by any partnership, association, or corporation controlled, directly or indirectly, by any person so convicted, unless the banking board determines that such person has been duly rehabilitated or otherwise that the bank will be honestly and efficiently managed.

(b) Notice of hearing shall be mailed by first class mail to the bank and the directors of the bank no less than ten days prior to the hearing. Any proceedings conducted pursuant to this subsection (1) shall be exempt from any provision of law requiring that proceedings of the banking board be conducted publicly.

(2) (a) The commissioner, upon order of the banking board, shall take possession by posting upon the premises a notice reciting that the commissioner is assuming possession pursuant to this code and the time, not earlier than the posting of the notice, when his or her possession shall be deemed to commence. A copy of the notice shall be filed in the district court in and for the county in which the bank is located. The commissioner shall notify the federal reserve bank of the district of taking possession of any state bank that is a member of the federal reserve system and shall notify the federal deposit insurance corporation of taking possession of any state bank that is a member of the federal deposit insurance corporation.

(b) When the commissioner has taken possession of a state bank, the commissioner shall be vested with the full and exclusive power of management and control, including the power to continue or to discontinue the business; to stop or to limit the payment of its obligations; to employ any necessary assistants, including legal counsel; to execute any instrument in the name of the bank; to commence, defend, and conduct in its name any action or proceeding to which it may be a party; to terminate such possession by restoring the bank to its board of directors; and to reorganize or liquidate the bank in accordance with this code. As soon as practicable after taking possession, the commissioner shall make an inventory of the assets and file a copy thereof with the court in which the notice of possession was filed.

(c) When the commissioner is in possession and while the commissioner's possession continues, there shall be a postponement, until six months after such taking, of the date upon which any period of limitation fixed by statute or agreement would otherwise expire on a claim or right of action of the bank, or upon which a review must be taken, or a pleading, or other document must be filed, by the bank in any pending action or proceeding.

(3) (a) If the banking board determines, after hearing before the banking board, to liquidate the state bank, it shall give notice of its determination by posting upon the premises a notice reciting that the determination has been made to liquidate the bank. A copy of the notice shall be filed in the district court in and for the county in which the bank is located. The commissioner, upon order of the banking board, shall tender to the federal deposit insurance corporation or its successor the appointment as liquidator under section 11-103-805.

(b) If, in the opinion of the banking board, an emergency exists that may result in serious losses to the depositors, it may take possession of a state bank and may immediately appoint the federal deposit insurance corporation or its successor as liquidator in accordance

with section 11-103-805 without notice of a hearing. Notice of the banking board's emergency determination shall be posted and filed in the same manner as prescribed in paragraph (a) of this subsection (3). Within ten days after the banking board's emergency determination, the bank or the directors of the bank may file an application with the banking board to rescind its determination. The filing of an application shall not act as a stay of the banking board's action pursuant to this subsection (3). The banking board shall grant the application if it finds that its action was unauthorized and shall rescind its action taking possession and restore the bank to its board of directors. If no application is filed within ten days after the banking board's emergency determination, all action taken by the banking board shall be final.

(c) Notice of hearing shall be mailed by first class mail to the bank and the directors of the bank no less than ten days prior to the hearing. Any proceeding conducted pursuant to this subsection (3) shall be exempt from any provision of law requiring that proceedings of the banking board be conducted publicly.

(d) If the federal deposit insurance corporation or its successor does not accept the tender of appointment as liquidator, the banking board as liquidator shall proceed to liquidate the institution, upon first providing a bond executed by some surety company authorized to do business in this state, running to the people of the state of Colorado, that meets with the approval of the banking board, for the faithful discharge of its duties in connection with such liquidation and the accounting for all moneys coming into its hands. The cost of such bond shall be paid from the assets of the bank. Suit may be maintained on such bond by any person injured by a breach of conditions thereof.

(e) If the commissioner determines to reorganize the state bank or if the banking board, after staying its liquidation, orders such reorganization, the commissioner, after according a hearing to all interested persons, shall enter an order proposing a reorganization plan. A copy of the plan shall be sent to each depositor and creditor who shall not receive payment of his or her claim in full under the plan, together with notice that, unless within fifteen days the plan is disapproved in writing by persons holding one-third or more of the aggregate amount of such claims, the commissioner will proceed to effect the reorganization. A department, agency, or political subdivision of this state holding a claim that will not be paid in full is authorized to participate as any other creditor.

(4) No judgment, lien, or attachment shall be executed upon any asset of the state bank while it is in the possession of the banking board. Upon the election of the banking board, in connection with a liquidation or reorganization:

(a) Any lien or attachment, other than an attorney's or mechanic's lien, obtained upon any asset of the state bank during the banking board's possession, or within four months prior to commencement thereof, shall be vacated and voided, except liens created by the banking board while in possession and further excepting liens or security interests obtained by the federal reserve bank;

(b) Any transfer of an asset of the state bank made after or in contemplation of its insolvency, with intent to effect a preference, shall be voided.

(5) With the approval of the banking board, the commissioner may borrow money in the name of the state bank and may pledge its assets as security for the loan.

(6) All necessary and reasonable expenses of the commissioner's possession of a state bank and of its reorganization or liquidation shall be defrayed from the assets thereof.

**Editor's note:** This section is similar to former § 11-5-102 as it existed prior to 2003.

**11-103-803. Reorganization plan.** (1) A plan of reorganization shall not be prescribed under this code unless:

(a) The plan is feasible and fair to all classes of depositors, creditors, and stockholders;

(b) The aggregate face amount of the interest accorded to any class of depositors, creditors, or stockholders under the plan does not exceed the value of the assets upon liquidation, less the full amount of the claims of all prior classes, subject to any fair adjustment for new capital that any class will pay in under the plan;

(c) The plan provides for the issuance of capital stock and, if necessary, debentures and other securities and instruments in an amount that will comply with the rules promulgated by the banking board;

(d) Any exchange of new common stock for obligations or stock of the bank will be effected in inverse order to the priorities in liquidation of the classes that will retain an interest in the bank and upon terms that fairly adjust any change in the relative interests of the respective classes that will be produced by the exchange;

(e) The plan assures the removal of any director, officer, or employee responsible for any unsound or unlawful action or the existence of an unsound condition;

(f) Any merger or consolidation provided by the plan conforms to the requirements of this code.

(2) If, in the course of reorganization, supervening conditions render the plan unfair or its execution impractical, the commissioner, upon approval of the banking board, may modify the plan or liquidate the institution. Any such action shall be taken by order of the banking board upon appropriate notice.

**Source: L. 2003:** Entire article added with relocations, p. 1103, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-5-103 as it existed prior to 2003.

**11-103-804. Liquidation by commissioner - procedure.** (1) In liquidating a state bank, the commissioner may exercise any power thereof, but the commissioner shall not, without the approval of the court in which notice of possession has been filed:

(a) Sell any asset of the bank having a value in excess of five hundred dollars;

(b) Compromise or release any claim if the amount of the claim exceeds five hundred dollars, exclusive of interest;

(c) Make any payment on any claim, other than a claim upon an obligation incurred by the commissioner, before preparing and filing a schedule of the commissioner's determinations in accordance with this code.

(2) Within six months after the commencement of liquidation, the commissioner may, by his or her election, terminate any executory contract for services or advertising to which the state bank is a party, or any obligation of the bank as a lessee. A lessor who receives at least sixty days' notice of the commissioner's election to terminate the lease shall have no claim for rent, other than rent accrued to the date of termination, nor for damages for such termination.

(3) As soon after the commencement of liquidation as is practicable, the commissioner shall take the necessary steps to terminate all fiduciary positions held by the state bank and take such action as may be necessary to surrender all property held by the bank as a fiduciary and to settle its fiduciary accounts.

(4) The right of any agency of the United States insuring deposits to be subrogated to the rights of depositors upon payment of their claims shall not be less extensive than the law of the United States requires as a condition of the authority to issue such insurance or make such payments to depositors of national banks.

(5) As soon after the commencement of liquidation as is practicable, the commissioner shall send notice of the liquidation to each known depositor, creditor, and lessee of a safe deposit box and bailor of property held by the bank at the address shown on the books of the institution. The notice shall also be published in a newspaper of general circulation in the county in which the institution is located once a week for three successive weeks. The commissioner shall send with each notice a statement of the amount shown on the books of the institution to be the claim of the depositor or creditor. The notice shall demand that property held by the bank as bailee, or in a safe deposit box, be withdrawn by the person entitled thereto and the claim of a depositor or creditor, if the amount claimed differs from that stated in the notice to be due, be filed with the commissioner before a specified date, not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice.

(6) Safe deposit boxes, the contents of which have not been removed before the date specified, shall be opened by the commissioner. Sealed packages containing the contents of

such box, with a certificate of inventory of contents, together with any unclaimed property held by the bank as bailee and certified inventories thereof, shall be held by the commissioner for six years unless sooner claimed by the person entitled thereto. After six years the commissioner may sell or otherwise appropriately dispose of the property. The proceeds of a sale shall be transferred and disposed of in accordance with the provisions of subsection (11) of this section.

(7) Within six months after the last day specified in the notice for the filing of claims, or within such longer period as may be allowed by the court in which notice of possession has been filed, the commissioner shall:

- (a) Reject any claim if he or she doubts the validity thereof;
- (b) Determine the amount, if any, owing to each known creditor or depositor and the priority class of such claim under this code;
- (c) Prepare a schedule of the commissioner's determinations for filing in the court in which notice of possession was filed;
- (d) Notify each person whose claim has not been allowed in full and publish once a week for three successive weeks, in a newspaper of general circulation in the county in which the institution is located, a notice of the time when and the place where the schedule of determinations will be available for inspection and the date, not sooner than thirty days thereafter, when the commissioner will file the schedule in court.

(8) Within twenty days after the filing of the commissioner's schedule, any creditor, depositor, or stockholder may file an objection to any determination made that adversely affects such objector. Any objections so filed shall be heard and determined by the court upon such notice to the commissioner and interested claimants as the court may prescribe. If the objection is sustained, the court shall direct an appropriate modification of the schedule. After filing the schedule, the commissioner may, from time to time, make partial distribution to the holders of claims that are undisputed or have been allowed by the court if a proper reserve is established for the payment of disputed claims. As soon as is practicable after the determination of all objections, the commissioner shall make final distribution.

(9) (a) On liquidation of a state bank, after payment of federal deposit insurance, claims for payment have the following priority:

- (I) Obligations incurred by the commissioner, fees and assessments due to the division, and expenses of liquidation, all of which may be covered by a proper reserve of funds;
- (II) Claims of depositors having an approved claim against the general liquidating account of the bank;
- (III) Claims of general creditors having an approved claim against the general liquidating account of the bank;
- (IV) Claims otherwise proper that were not filed within the time prescribed by this code;
- (V) Approved claims of subordinate creditors; and
- (VI) Claims of stockholders of the bank.

(b) On liquidation of a state bank, after payment of federal deposit insurance, claims by governmental units for payment of uninsured deposits collateralized pursuant to the "Public Deposit Protection Act of 1975", article 10.5 of this title, shall be governed by the provisions of said article. Claims by governmental units for payment of uninsured deposits not collateralized pursuant to article 10.5 of this title shall have the same priority assigned to depositors under subparagraph (II) of paragraph (a) of this subsection (9).

(10) Any assets remaining after all claims have been paid shall be distributed to the stockholders in accordance with their respective interests.

(11) Unclaimed funds remaining after completion of the liquidation shall be retained for six years by the commissioner unless sooner claimed by the owner. At the expiration of such period, the remaining sum shall be transferred to the treasury of the county in which the bank is located. The county treasurer and his or her successors shall hold such money in trust for a period of six years, unless the same is sooner paid out to the beneficial owner or owners thereof, or a suit is instituted to recover such money or a portion thereof. Any money remaining in said fund six years after the same is paid into the treasury of the county, for the recovery of which no action is pending, shall be transferred to the general fund of

the county, and all rights of the former beneficial owners therein to recover the same shall be forever barred.

(12) When the assets have been distributed in accordance with this code, the commissioner shall file an account with the court. Upon approval thereof, the commissioner shall be relieved of liability in connection with the liquidation, and shall cancel the charter.

**Editor's note:** This section is similar to former § 11-5-104 as it existed prior to 2003.

**11-103-805. Federal deposit insurance corporation or successor as liquidator.**

(1) The federal deposit insurance corporation, created by section 12B of the "Federal Reserve Act", as amended, or its successor is authorized to act without bond as liquidator of any banking institution, the deposits in which are to any extent insured by said corporation or its successor pursuant to section 11-103-802.

(2) Pursuant to section 11-103-802, the commissioner, upon order of the banking board, shall tender to said corporation or its successor the appointment as liquidator of such banking institution.

(3) After being notified in writing of the acceptance of such an appointment, the commissioner shall file in the office of the clerk and recorder in the county in which the bank is situated a certificate evidencing the appointment of the federal deposit insurance corporation or its successor. Upon such an appointment, the possession of all the assets, business, and property of such bank of every kind and nature, wheresoever situated, shall be deemed transferred from such bank and the banking board to the federal deposit insurance corporation or its successor. Without the execution of any instruments of conveyance, assignment, transfer, or endorsement, the title to all such assets and property shall be vested in the federal deposit insurance corporation or its successor, and the banking board and the commissioner shall be forever thereafter relieved from all responsibility and liability in respect to the liquidation of such bank; except that the banking board may retain jurisdiction over and responsibility for liquidation of eligible collateral pledged pursuant to the "Public Deposit Protection Act", article 10.5 of this title, to secure public deposits not insured by the federal deposit insurance corporation or its successor.

(4) If the corporation or its successor accepts said appointment, it has all the powers and privileges provided by the laws of this state with respect to the liquidation of a banking institution, its depositors, and other creditors.

(5) (a) When a state bank is liquidated, after payment of federal deposit insurance, claims for payment shall have the following priority:

(I) Obligations incurred by the banking board, fees and assessments due to the division of banking, and expenses of liquidation, all of which may be covered by a proper reserve of funds;

(II) Claims of depositors having an approved claim against the general liquidating account of the bank;

(III) Claims of general creditors having an approved claim against the general liquidating account of the bank;

(IV) Claims otherwise proper that were not filed within the time prescribed by this code;

(V) Approved claims of subordinate creditors; and

(VI) Claims of stockholders of the bank.

(b) When a state bank is liquidated, after payment of federal deposit insurance, claims of official custodians of public funds for payment of uninsured public funds pursuant to the "Public Deposit Protection Act", article 10.5 of this title, shall be governed by the provisions of this subsection (5). In the event that the state bank holds collateral that is pledged for the safekeeping and protection of uninsured public funds on deposit pursuant to article 10.5 of this title, such collateral shall be considered to be held in trust on behalf of the official custodian, and the liquidator shall not use such collateral to pay any claim or liability other than that of the official custodian until all claims for uninsured public funds have been paid. In the event that such collateral is insufficient to pay all claims made by

official custodians, the payment of such claims shall be made according to a pro rata formula. Claims by official custodians for payment of uninsured deposits not collateralized pursuant to article 10.5 of this title shall have the same priority as that assigned to depositors under subparagraph (II) of paragraph (a) of this subsection (5).

#### ANNOTATION

**Annotator's note.** Since § 11-103-805 is similar to § 11-5-105 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant case construing that provision has been included in the annotations to this section.

**Regulatory exclusion contained in directors' and officers' liability insurance policy** is contrary to the public policy expressed in state banking law and undermines the authority and

responsibility that such law vests in the FDIC as liquidator of a state-chartered insolvent bank for protecting the interests of the bank's depositors, creditors, and stockholders by making equitable payment to them out of the bank's assets as compensation for losses caused by the negligence and breach of fiduciary duty of the bank's former directors. *FDIC v. Am. Cas. Co.*, 841 P.2d 1285 (Colo. 1992).

**11-103-806. Assets sold or pledged as security.** (1) With respect to any banking institution closed on account of inability to meet the demands of its depositors or by action of the banking board or by action of its directors or in the event of its capital inadequacy or suspension, the liquidator of such institution may borrow from the federal deposit insurance corporation and furnish any part or all of the assets of said institution to said corporation as security for a loan from same, but, if said corporation is acting as such liquidator, the order of a court of record of competent jurisdiction shall be first obtained approving such loan. Upon the order of a court of record of competent jurisdiction, all or any part of the assets of such institution may be sold.

(2) The provisions of this section shall not be construed to limit the power of any banking institution, the commissioner, or the liquidators to pledge or sell assets in accordance with any existing law.

#### ANNOTATION

**Annotator's note.** Since § 11-103-807 is similar to § 11-5-107 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant

cases construing that provision have been included in the annotations to this section.

**This section applies only when the FDIC is acting as a liquidator or receiver.** It did not

apply after the court substituted FDIC-corporate as plaintiff in place of FDIC-receiver. *FDIC v. Isham*, 777 F. Supp. 828 (D. Colo. 1991).

**General statutory mandate to collect and distribute assets of failed banks** is insufficient to establish a public policy regulating the nature and extent of insurance coverage on claims of the bank such as to render an exclusion of claims asserted by the federal deposit insurance corporation void as against public policy. *FDIC v. Bowen*, 824 P.2d 41 (Colo. App. 1991).

**Regulatory exclusion contained in directors' and officers' liability insurance policy** is

**11-103-808. Emergency grant of new charter.** In addition to powers regarding liquidation or reorganization, the banking board may, in the interest of protecting the public and the depositors of a closed state bank or national banking association with its principal office in this state, issue a new bank charter to qualified individuals for the same location as the closed bank, contingent upon the new bank assuming full liability for such deposits of the closed bank as may be transferred to it. Under such conditions, a new charter may be issued summarily without the publication of notice, without the holding of a public hearing, and without complying with any of the other provisions and procedures specified in this code.

**Editor's note:** This section is similar to former § 11-5-108 as it existed prior to 2003.

**11-103-809. Emergency grant of branch facility - legislative declaration.** (1) The general assembly hereby finds, determines, and declares that the economy of this state and its communities and the public interest will be better served by permitting financial institutions, as defined in section 11-101-401 (35), to operate at the same location as a closed bank.

(2) (a) In addition to powers regarding liquidation or reorganization, the banking board, in the interest of protecting the public and the depositors of a closed bank or national banking association with its principal place of business in this state, may issue an emergency grant of authority to another financial institution, which financial institution has its principal place of business in this state and which financial institution has acquired assets and liabilities of the closed bank, to operate a branch facility at the same location as the closed bank, or within a one-half mile radius of the location of the nearest point on the boundary of the premises of the closed bank's place of business, contingent upon the bank assuming full liability for such deposits of the closed bank as may be transferred to it. Such branch facility shall not be located at any other location if such other location is within three hundred feet of the boundary of the premises of another bank unless the other bank consents to a closer location.

(b) Under such conditions, the authority to operate the branch facility may be issued summarily without the publication of notice; without the holding of a public hearing, and without complying with any of the other provisions and procedures specified in this code.

(3) No financial institution may hold, acquire, control, or operate more than two branch facilities pursuant to this section; however, if the banking board determines that, because of this limitation, no qualified financial institution can bid on the assets and liabilities of the closed bank, the banking board may authorize and issue such an emergency grant to another financial institution, in excess of such limit, but in no event more than two additional branch facilities.

(4) Notwithstanding any other provision of this section, a branch facility operated pursuant to this section on or before August 1, 1991, may continue to operate in perpetuity as a branch without being subject to any percentage limitation on branches as set forth in section 11-105-602.

**11-103-810. Preapproved shelf charter.** The board may preapprove a shelf charter for a new bank to qualified individuals, contingent upon the new bank completing all specified requirements and purchasing the assets and assuming the liabilities of a bank in receivership as the federal deposit insurance corporation may determine, if the proposed bank has its principal place of business in Colorado and has assets and liabilities held in receivership by the federal deposit insurance corporation. The shelf charter may be preapproved and summarily issued without publication of a notice, without the holding of a public hearing, and without complying with all of the other provisions and procedures specified in this code. Upon federal deposit insurance corporation approval of the purchase and assumption by the new bank, the final charter approval may be granted, together with final approval of deposit insurance by the federal deposit insurance corporation. If the bid is not accepted by the federal deposit insurance corporation, the charter remains on the shelf for up to eighteen months. During that time, the charter may be used for other bids.

## PART 2

ACQUISITION OF CONTROL OF BANKS  
AND BANK HOLDING COMPANIES

**Law reviews:** For article, "Interstate Banking Comes to Colorado", see 17 Colo. Law. 1089 (1988).

**11-104-201. Legislative declaration.** (1) The general assembly finds, determines, and declares that, in authorizing expansion of interstate banking to this state, primary consideration should be given to providing positive benefits for the people of this state; to affording protection to bank depositors in this state; to enhancing the opportunity of the people of this state to receive services provided by banks and bank holding companies; and to setting forth the standards under which out-of-state bank holding companies may acquire or control Colorado banks and bank holding companies.

(2) In order to comply with the considerations set forth in subsection (1) of this section with respect to interstate branch banking, the general assembly finds that it is in the best interests of the citizens of this state to declare that interstate branching in Colorado is prohibited prior to June 1997. The general assembly further finds and declares that de novo interstate branching in this state is expressly prohibited and that interstate branching through the acquisition of a branch of an insured financial institution without the acquisition of such financial institution that has been in operation for at least five years at the time of acquisition is expressly prohibited.

**Source: L. 2003:** Entire article added with relocations, p. 1109, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-6.4-101 as it existed prior to 2003.

**11-104-202. Acquisition of control of bank holding companies and banks by bank holding companies in different states - interstate banking and branching.** (1) A Colorado bank holding company may acquire control of out-of-state bank holding companies and out-of-state banks; and, subject to the limitations of subsections (2) to (6) of this section, an out-of-state bank holding company may acquire control of Colorado financial institutions.

(2) An out-of-state bank holding company may not acquire control of, or acquire all or substantially all of the assets of, a Colorado depository institution having its principal place of business in Colorado unless such depository institution has been in operation for at least five years at the time of the acquisition of control. An out-of-state bank holding company acquiring control of a Colorado bank holding company, industrial bank holding company, or thrift holding company may acquire control of any Colorado depository institution having its principal place of business in Colorado controlled by the Colorado bank holding company, industrial bank holding company, or thrift holding company even though such depository institution has been in operation for less than five years.

(3) A Colorado bank holding company may acquire control of any Colorado bank by organizing or seeking to charter de novo a Colorado bank.

(4) A bank holding company may not acquire control of any financial institution if such acquisition of control will result, at the time of such acquisition, in the bank holding company controlling more than twenty-five percent of the aggregate of all deposits in all banks, savings and loan associations, federal savings banks, and other financial institutions located in Colorado, which are federally insured. For the purpose of this subsection (4), deposits shall be determined based upon the public reports most recently filed with the appropriate federal regulatory agency.

(5) A bank holding company may not acquire control of a Colorado financial institution unless, immediately before such acquisition, such bank holding company has such capital as the banking board may require by rule.

(6) Interstate branching through the acquisition of a branch of an insured financial institution without the acquisition of such financial institution is expressly prohibited. De

novo interstate branching is expressly prohibited. Deposit production offices are expressly prohibited.

(7) No bank holding company may acquire control of any financial institution that controls a Colorado financial institution except in accordance with the provisions of this section and with prior approval of the federal reserve board under section 3(a) of the federal "Bank Holding Company Act", 12 U.S.C. sec. 1842(a).

(8) A bank or bank holding company that intends to acquire control of any Colorado financial institution or to conduct interstate branching in Colorado shall provide the banking board with the name or names under which it proposes to conduct the business of such bank, bank holding company, or branch. The bank or bank holding company shall not be eligible to conduct interstate branching or make any such acquisition if the proposed name is either:

(a) Identical to or deceptively similar to the name of any existing Colorado financial institution; except that this paragraph (a) shall not apply if the bank or bank holding company obtains express written consent of the affected existing Colorado financial institution; or

(b) Likely to cause the public to be confused, deceived, or mistaken.

(9) Concurrently with the filing of its application or notice with the appropriate federal regulatory agency concerning the acquisition or control of a Colorado financial institution, or concerning an interstate branch, a bank or bank holding company shall file a copy of said application or notice with the banking board, which may submit advisory comments to the federal regulatory agency.

(10) No bank or bank holding company may conduct interstate branching in Colorado or acquire control, directly or indirectly, of any Colorado financial institution without first obtaining a certificate from the banking board certifying that such branch or acquisition complies with the provisions of this article. Such certificate shall accompany any advisory comments submitted by the banking board to the appropriate federal regulatory agency pursuant to subsection (9) of this section. If the banking board refuses to issue a certificate pursuant to this subsection (10), such refusal and the reasons therefor shall be submitted pursuant to subsection (9) of this section to the appropriate federal regulatory agency with advisory comments. The banking board shall act on any application or notice filed pursuant to subsection (9) of this section and shall issue or refuse to issue the certificate required by this subsection (10) within ninety days after the filing of any such application.

**Editor's note:** This section is similar to former § 11-6.4-103 as it existed prior to 2003.

**11-104-203. Authority of banking board to enforce provisions of article.** (1) Any bank holding company controlling any other bank holding company or bank pursuant to the provisions of this code in this state shall, for purposes of enforcing the provisions of this article, be subject to the jurisdiction of the banking board with respect to its operations and affairs in the state of Colorado. The banking board may utilize the applicable powers conferred by this code to carry out the duties imposed by this section.

(2) The banking board shall have the authority to examine the records and affairs of any bank holding company filing an application to acquire control of a Colorado bank or Colorado bank holding company pursuant to this article. The banking board shall have the power to subpoena witnesses, compel their attendance, require the production of evidence, administer an oath, and examine any person under oath in connection with any subject relating to a duty imposed upon, or power vested in, the banking board pursuant to this section. In case of a refusal of any person to comply with a lawful subpoena or order of the banking board issued pursuant to this section, upon proper petition by the banking board to the district court, the court shall require compliance therewith, and further refusal shall be punishable as contempt of court.

(3) The banking board may, after notice and hearing pursuant to article 4 of title 24, C.R.S., order any person to cease and desist from violating any provision of this article.

(4) The banking board may, after notice and hearing pursuant to article 4 of title 24, C.R.S., order any bank holding company controlling any other bank holding company or any bank in this state in violation of the provisions of this article to divest its interest in any such bank holding company or bank.

## PART 1

## GENERAL PROVISIONS

**11-105-101. Branch banks and practices prohibited.** (1) Any bank, upon application to and approval by the banking board, may operate one or more loan production offices as defined by the banking board.

(2) For purposes of this subsection (2), "elementary school" means any public or private school with students in kindergarten through eighth grade. A bank that both opens accounts and accepts students' deposits at elementary schools in conjunction with other educational programs presented by the bank is not engaged in branch banking as defined in section 11-101-401 (10). Any bank establishing a location in an elementary school pursuant to this section shall receive the prior approval of the banking board. Approval shall be granted if the program is predominantly educational.

(3) Any other facility, agency, or paying or receiving station operated by any bank or agent shall constitute a branch within the meaning of this section. Any facility authorized by the United States treasury department shall not be subject to the limitations of this section.

(4) As authorized under section 10-2-601 (2), C.R.S., any bank may, pursuant to federal law or under such rules as may be prescribed by the banking board and subject to rules promulgated by the commissioner of insurance concerning the sale of insurance by financial institutions as provided in section 10-2-601, C.R.S., as such laws and rules are applicable to the bank, depending upon whether such bank is a national bank or a state bank, act as the agent for any fire, life, or other insurance company authorized to do business in this state by soliciting and selling insurance and collecting premiums on policies issued by such company. For services so rendered, such bank may receive such fees or commissions as may be agreed upon between the bank and the insurance company for which it may act as agent. For purposes of this subsection (4), "bank" shall have the same meaning as set forth in section 11-101-401 (3).

(5) Except as provided in the federal "Gramm-Leach-Bliley Act", as amended, Pub.L. 106-102, 113 Stat. 1388, it is unlawful for a bank or an officer, director, employee, or affiliate of a bank to engage in the business of issuing, floating, underwriting, distributing, or promoting the sale of stocks, bonds, or other securities or to be an officer, trustee, director, employee, stockholder, or partner of any person engaged principally in any such business. Additional exceptions to this section shall be securities issued or guaranteed as to principal and interest by the United States or any agency thereof or by a state or territory of the United States or a subdivision, instrumentality, or public authority organized under the laws of such state or territory or pursuant to an interstate compact between two or more states.

(6) Except as expressly permitted in this code, a state bank shall not assume liability as an insurer, nor shall it become a guarantor or endorser of any security instrument or obligation in which, or with respect to which, it has no property interest.

(7) No officer, director, employee, or agent of a state bank shall maintain, or authorize the maintenance of, any account of the bank in a manner that, to his or her knowledge, does not conform to the requirements prescribed by this code or by the commissioner or the banking board.

(8) No officer, director, employee, or agent of a state bank shall obstruct, or endeavor to obstruct, a lawful examination of the institution by an officer or employee of the division.

**Annotator's note.** Since § 11-105-101 is similar to § 11-6-101 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

**This section clearly prohibits banks from conducting business at more than one location.** It likewise implies that the duly granted charter of a bank cannot be used as a grant of authority to do business at more than the single place of business. Hence, it is also implied that an approved bank having a duly granted charter cannot apply for another charter to do business under a second charter at a second place of business. *Peoples Bank v. Banking Bd.*, 164 Colo. 564, 436 P.2d 681 (1968).

**If banks do business as one, then they are branches.** To establish that a bank is a branch it must be shown, that, in substance, one is doing business through the instrumentality of the other, or vice versa, in the same way as if the institutions were one. *Peoples Bank v. Banking Bd.*, 164 Colo. 564, 436 P.2d 681 (1968).

**The general assembly did intend to permit what is known as "affiliate banks",** whereby,

for example, modern and progressive bookkeeping and accounting procedures may be employed by "smaller" banks through the contractual use of facilities of a "larger" bank, thus reducing overhead costs to both the smaller and the larger banks and thereby passing along larger profits to stockholders and less expensive charges to customers without the abuses, risks, and problems of supervision often involved in branch banking. *Peoples Bank v. Banking Bd.*, 164 Colo. 564, 436 P.2d 681 (1968).

**An electronic banking facility is prohibited branch banking in all its functions.** State ex rel. *State Banking Bd. v. First Nat'l Bank*, 540 F.2d 497 (10th Cir. 1976), cert. denied, 429 U.S. 1091, 97 S. Ct. 1102, 51 L. Ed.2d 537 (1977).

**Standing to challenge actions of comptroller of the currency.** The interest of state administrative officials in enforcing branch banking prohibitions to maintain competitive equality between state and national banks has been held sufficient to confer standing to challenge the actions of the comptroller of the currency. State ex rel. *State Banking Bd. v. First Nat'l Bank*, 394 F. Supp. 979 (D. Colo. 1975), aff'd on this point, 540 F.2d 497 (10th Cir. 1976), cert. denied, 429 U.S. 1091, 97 S. Ct. 1102, 51 L. Ed.2d 537 (1977).

**Letter of credit to secure bond not guaranty.** An irrevocable letter of credit issued by a state bank to secure a supersedeas bond is not ultra vires as constituting a guaranty, contrary to subsection (4). *United Bank v. Quadrangle, Ltd.*, 42 Colo. App. 486, 596 P.2d 408 (1979).

**11-105-102. Accounts and interest.** (1) A state bank may maintain demand, savings, and time deposit accounts and any type of account that a national bank may maintain.

(2) Savings deposits shall be repaid to the depositors under such rules as the board of directors of the state bank shall, from time to time, prescribe. Such rules shall be conspicuously exposed in some place accessible and visible in the business office of the state bank. No alterations that may at any time be made in the rules shall in any manner affect the rights of a depositor within the contract period in respect to deposits made previous to such alteration.

(3) The banking board may by rule establish the maximum annual rate of interest that a state bank may pay on any type of deposit or account. In the absence of such rule, a state bank shall be subject only to applicable federal law in the payment of interest.

## ANNOTATION

**Annotator's note.** Since § 11-105-102 is similar to § 11-6-102 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant

case construing that provision has been included in the annotations to this section.

**Applied in** Otero Sav. & Loan Ass'n v. Bd. of Governors, 497 F. Supp. 370 (D. Colo. 1980).

**11-105-103. Saturday closing - notice - effect.** Any state bank or trust company, national banking association, or federal reserve bank may, by brief notation on its front door, fully dispense with, or restrict to such extent as it may determine, the hours within which it will be open for business on all, or less than all, Saturdays. However, the fact that a bank remains open for business on all, or less than all, Saturdays shall not make that day, or any part thereof, a banking day for the purposes of section 4-4-104 (a) (3), C.R.S., of the "Uniform Commercial Code". Any plan so adopted by any such organization may be changed by it from time to time in its discretion. Every Saturday on which any such state bank, national banking association, or federal reserve bank, in observance of such notation, is not open for business shall be, with respect to the particular organization, the equivalent of a legal holiday, as specified in section 24-11-101, C.R.S. Any act authorized, required, or permitted to be performed at, by, or with respect to such organization on a Saturday that is for it a holiday may be performed on the next succeeding business day, notwithstanding the provisions of any other law of this state to the contrary, and no liability or loss of right of any kind shall result from such delay. The provisions of this section shall not operate to invalidate or prohibit the doing on any Saturday of any such act by any person or organization referred to in this section.

**11-105-104. Minor or institutional deposits.** (1) A bank may operate a deposit account for a minor with the same effect upon its liability as if the minor were of full age unless such minor's guardian or conservator files with the bank a certified copy of the order of a Colorado court having jurisdiction appointing him or her and directs otherwise.

(2) Subject to such rules, not in conflict with section 11-105-101, as the banking board may prescribe for the protection of depositors, a bank may contract with the proper authorities of any public or nonpublic elementary or secondary school or any public or charitable institution caring for minors for the participation by the bank in any school or institutional thrift or savings plan.

**Annotator's note.** Since § 11-105-105 is similar to § 11-6-105 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, and to repealed CSA, C. 18, § 45, relevant cases construing those provisions have been included in the annotations to this section.

**At common law a deposit payable to one or more persons, with an express right of survivorship, established a joint tenancy**, subject to certain exceptions where the apparent intent of the depositor might be rebutted. Houle v. McMillan, 83 Colo. 216, 263 P. 409 (1928).

**This section goes beyond the common law** and expressly provides that a deposit in the names of two or more persons payable to them or to any of them shall be deemed to be owned by said persons in joint tenancy with the right of survivorship. Houle v. McMillan, 83 Colo. 216, 263 P. 409 (1928).

**The general assembly has preempted the field and declared the public policy** with respect to the disposition of property held in joint tenancy. Smith v. Greenburg, 121 Colo. 417, 218 P.2d 514 (1950).

**This section is expressly limited by its terms** to delineate rights and liabilities only as between a bank and its depositors. In re Estate of Beasley, 40 Colo. App. 347, 578 P.2d 662 (1978).

**Rights are fixed and vested at time of creation of tenancy.** In a joint tenancy the rights are fixed and vested in the joint tenants at the time of the creation of the joint tenancy under the statute. Smith v. Greenburg, 121 Colo. 417, 218 P.2d 514 (1950).

**Generally any joint owner may withdraw the entire balance.** This section changes the usual law pertaining to joint ownership and pro-

vides that, in the case of joint bank accounts, any joint owner may withdraw for his own purposes the entire property. In re Estate of Lee v. Graber, 170 Colo. 419, 462 P.2d 492 (1969).

**Where property is held in joint tenancy under this section by a husband and wife and the husband kills his wife and commits suicide**, the husband's estate is entitled to the entire property as there is no exception to prevent payment to a surviving tenant on account of his misconduct toward the tenant who has predeceased him. Smith v. Greenburg, 121 Colo. 417, 218 P.2d 514 (1950).

**Establishing a joint bank account providing for the right of survivorship does not constitute an inter vivos gift ipso facto.** Albers v. Young, 119 Colo. 37, 199 P.2d 890 (1948).

**Nothing in this section prevents parties from making express contracts with relation to their several interests in moneys placed on deposit in their joint names.** Urbancich v. Jersin, 123 Colo. 88, 226 P.2d 316 (1950).

**Property in joint account is subject to surrender by bank to satisfy IRS levy against individual depositor.** Fair v. Wise, 753 P.2d 780 (Colo. App. 1987).

**A bank has a statutory right to set off the funds of a joint deposit** against a debt owed it by one of the depositors. Burgess v. First Nat'l Bank, 31 Colo. App. 67, 497 P.2d 1035 (1972); In re Estate of Sharpe v. Metro. Nat'l Bank, 31 Colo. App. 511, 503 P.2d 1043 (1972); Mancuso v. United Bank of Pueblo, 796 P.2d 7 (Colo. App. 1990), aff'd in part and rev'd in part on other grounds, 818 P.2d 732 (Colo. 1991).

**Bank has no duty to inform depositor in joint tenancy account that it has right to set-off against entire amount of account for debt owed by just one of the depositors.** Mancuso v. United Bank of Pueblo, 796 P.2d 7 (Colo. App. 1990), aff'd in part and rev'd in part on other grounds, 818 P.2d 732 (Colo. 1991).

**No information given to bank about special needs of one depositor when joint account opened, so "special account" not established as a matter of law.** Mancuso v. United Bank of Pueblo, 796 P.2d 7 (Colo. App. 1990), aff'd in part and rev'd in part on other grounds, 818 P.2d 732 (Colo. 1991).

**11-105-106. Final adjustment - statement of account.** (1) When a statement of account has been rendered by a bank to a depositor and accompanied by vouchers, if any, that are the basis for debit entries in such account, or when the depositor's passbook or savings account book has been written up by the bank, showing the condition of the depositor's account, and delivered to such depositor with like accompaniment of vouchers, if any, such account shall, after the period of one year from the date of its rendition, in the event no objection thereto has been theretofore made by the depositor, be deemed finally adjusted and settled and its correctness conclusively presumed. Such depositor shall

thereafter be barred from questioning the correctness of such account for any cause.

(2) Nothing in this section shall be construed to relieve the depositor from the duty of exercising due diligence in the examination of such account and vouchers, if any, when rendered by the bank and of immediate notification to the bank upon discovery of any error therein, nor from the legal consequences of neglect of such duty.

(3) A statement of account may be rendered to a depositor by mailing such statement, with supporting vouchers, if any, to such depositor's address as shown on the books of the bank.

**Editor's note:** This section is similar to former § 11-6-106 as it existed prior to 2003.

**11-105-107. Adverse claim deposits.** (1) Notice to any bank of an adverse claim to a deposit standing on its books to the credit of any person, or to securities or other property deposited by any person with the bank, shall not be effectual to cause said bank to recognize said adverse claimant, unless said adverse claimant shall also either procure a restraining order, injunction, or other appropriate process against and served upon said bank from a court of competent jurisdiction in an action instituted by said adverse claimant wherein the person to whose credit the deposit stands or for whose account the securities or other property are held is made a party and served with summons or shall comply with subsection (2) of this section.

(2) Such adverse claimant, in lieu of a court order, shall execute to said bank, in form and amount and with sureties acceptable to it, a bond indemnifying said bank from all liability, loss, damage, costs, and expenses, whether on account of the payment of such adverse claim or the dishonor of the check or other order of the person to whose credit the deposit stands on the books of said bank or on account of the delivery of said securities or other property to the adverse claimant or the refusal to comply with any order of the depositor of the securities or property held, as the case may be.

(3) This section shall not apply in any instance where the person to whose credit the deposit stands or for whose account the securities or other property is held, is a fiduciary designated as such by words indicating the deposit or other property is, or the securities are, held for the benefit of such adverse claimant, and the facts showing reasonable cause of belief on the part of said claimant that the fiduciary is about to misappropriate such deposit, securities, or other property are made to appear by the affidavit of such claimant.

**11-105-109. Temporary closing of banks - when.** (1) Any bank doing business in this state may remain closed on any day on which, by reason of an occasion of national mourning or rejoicing or national or local emergency affecting the community in which such bank is located, the governor shall by proclamation request the people of the state or of said community to close their places of business.

(2) If the banking board is of the opinion that an emergency exists affecting banks located in the state or in any part thereof, it may authorize banks located in the area affected

by the emergency to close any or all of their offices, and it shall make public announcement of such authorization. In addition, if the banking board is of the opinion that an emergency exists that affects a particular bank or a particular office thereof, but not banks located in the area generally, it may authorize the particular bank or office so affected to close. As used in this subsection (2), the word "emergency" shall include any condition that may interfere with the conduct of the normal operations of, or the transportation of employees to or from, a bank or one or more offices thereof; or that poses an existing or imminent threat to the safety or security of bank personnel or property, including without limitation conditions arising by reason of fire, flood, windstorm, snowstorm, or other casualty, interruption of transportation or power facilities, war or other enemy action, riots, civil commotion, or other acts of lawlessness or violence.

(3) If the officers of a bank are of the opinion that conditions exist that pose an existing or imminent threat to the safety or security of bank personnel or property generally or at any one or more offices thereof, they may close the bank or the office affected by such threat, as the case may be, irrespective of whether the governor or the banking board has acted under this section. As used in this section, the word "officers" shall mean the person designated by the board of directors, board of trustees, or other governing body of a bank to act for the bank in carrying out the provisions of this section or, in the absence of any such designation or the officer so designated, the president or any other officer currently in charge of the operations of the bank or of the office in question. A bank closing an office pursuant to this section shall give as prompt notice to the banking board of such action as conditions permit.

(4) Any bank or office thereof that is closed by action of the banking board under this section may remain closed until it declares that the emergency has ended. Any bank or office thereof that is closed by decision of the officers of the bank may remain closed until such officers determine that the threat has ended. In either event, any bank or office thereof may remain closed for such further time thereafter as may reasonably be required to reopen, but in any event not later than the normal time of opening on the next business day.

(5) Any day on which a bank remains closed and any day on which a bank or any one or more of its offices is closed during any part or all of its normal banking hours, by decision of the banking board or by decision of its officers, shall be, with respect to such bank, or if not all of its offices are closed, then with respect to those offices that are closed, the equivalent of a legal holiday, as specified in section 24-11-101, C.R.S., and any act authorized, required, or permitted to be performed at or by or with respect to such bank or such office, as the case may be, on such day may be performed on the next succeeding business day without any liability or loss of rights resulting from such delay.

**Editor's note:** This section is similar to former § 11-6-109 as it existed prior to 2003.

**11-105-110. Disclosure of information pursuant to legal process.** Any bank, savings and loan association, industrial bank, credit union, or any agent or employee of such financial institutions that makes a disclosure of records or information on the direction contained in a lawful notice, subpoena, written request, search warrant, grand jury subpoena, or other process issued by any governmental authority or by a court shall not be held civilly or criminally liable for such disclosure, nor shall the financial institution be held liable to the customer or any other person for such disclosure.

**Editor's note:** This section is similar to former § 11-6-113 as it existed prior to 2003.

**11-105-111. Trust account - limited documentation required - certificate of trust.**  
(1) For any deposit account that is opened with any bank transacting business in this state by one or more persons expressly acting as a trustee or trustees for one or more other named

person or persons pursuant to or purporting to be pursuant to a written trust agreement, a trustee may provide the bank with a certificate of trust to evidence the trust relationship. The certificate of trust shall be an affidavit executed by any trustee and shall include the following:

- (a) The name of the trust;
- (b) The effective date of the trust;
- (c) The name and address of each trustee;
- (d) The name of each known successor trustee;
- (e) A statement that the trustee has authority or that the trustees have authority to open the account on behalf of the trust; and
- (f) Any other information that may be required by the bank, including an indemnification that is acceptable to the bank.

(2) If a bank decides to accept a certificate of trust pursuant to this section, the bank may administer the account in accordance with the certificate of trust without requiring receipt of a copy of the written trust agreement.

(3) If a bank decides to accept a certificate of trust pursuant to this section, upon the death, resignation, or adjudication of incompetence of all named trustees and successor trustees noted on the certificate of trust, the bank may withhold disposition of any funds on deposit in the account until receipt of one of the following:

- (a) An order by a court of competent jurisdiction directing the disposition of funds;
- (b) A newly executed certificate of trust created pursuant to this section from a person acting or purporting to act as a newly appointed successor trustee under the same trust; or
- (c) Other documentation that establishes to the satisfaction of the bank the manner in which the funds are to be administered or distributed.

(4) If a bank decides to accept a certificate of trust pursuant to this section, the bank shall not be liable for administering the account as provided by the certificate of trust, even if the certificate of trust is contrary to the terms of the written trust agreement, unless the bank has actual knowledge that the terms of the written trust agreement are contrary to the terms of the certificate of trust.

(5) Nothing in this section shall obligate a bank to establish a deposit account for a trustee who refuses to furnish the bank with a copy of a written trust agreement. In addition, nothing in this section shall be construed to prohibit a bank from requesting additional information in order to establish a deposit account for a trustee, including a request that the certificate of trust be executed by all trustees.

### **11-105-112. Entity account - certificate of existence and authority - definitions.**

(1) For any deposit or loan account that is opened by one or more persons acting or purporting to act for or on behalf of an entity with any financial institution transacting business in this state, such person may provide the financial institution with a certificate to evidence the existence of the entity and the authority of such person to act for or on behalf of the entity with respect to the account. The certificate of existence and authority shall be an affidavit executed by such person and shall include the following, as applicable:

- (a) The name and mailing address of the entity;
- (b) The type of entity and the state, country, or other governmental authority under whose laws the entity was formed;
- (c) The organization date of the entity;
- (d) The name, mailing address, and office or other position held by the person executing the certificate; and

(e) A statement that the board of directors, managers, members, general partners, or other governing body of the entity opening the account has duly taken all action legally required to open the account in the name of the entity and the name, office, or other position of the person who has been duly authorized to engage in transactions with respect to the account, including any limitation that may exist upon the authority of such person to bind the entity and any other matters concerning the manner in which such person may deal with the account. If the deposit or loan is to be opened on behalf of an institution of higher

education, the statement shall be accompanied by a resolution certified by the secretary of the governing board.

(2) If a financial institution accepts a certificate of existence and authority pursuant to this section, the financial institution may open and administer the account in accordance with the information set forth therein and shall not be liable for so doing even if any such information is inaccurate, unless the financial institution has actual knowledge of such inaccuracy or knowledge sufficient to cause a reasonably prudent person to doubt the accuracy of such information.

(3) Nothing in this section shall be construed to prohibit a financial institution from requesting additional information or requiring other agreements in order to establish a deposit or loan account for an entity, including without limitation a resolution, certificate of good standing, trade name registration, request for taxpayer identification number, entity agreements, or documents or parts thereof evidencing the existence of the entity or the authority of the person executing the certificate, and an indemnification that is acceptable to the financial institution.

(4) As used in this section, unless the context otherwise requires:

(a) "Entity" means any government or governmental subdivision or agency, and any domestic or foreign corporation, limited liability company, general partnership, limited partnership, limited partnership association, limited liability partnership, limited liability limited partnership, joint venture, cooperative, association, or other legal entity, whether operated for profit or not for profit.

(b) "Financial institution" means any federal or state chartered commercial bank, savings and loan association, industrial bank, savings bank, or credit union.

**11-105-208. Consumer protection.** (1) Every Colorado bank using a communications facility shall provide its account holders, at the time the facility is used, with a receipt or record of each banking transaction initiated at a facility. Such receipt or record shall be admissible as evidence in any legal action or proceeding and shall constitute prima facie proof of the banking transaction evidenced by such receipt or record. When a Colorado bank furnishes a statement of a demand, savings, or loan account to an account holder, such statement shall reflect each banking transaction affecting such account made by the account holder at a communications facility during the period covered by the statement.

(2) With respect to any card or other device issued to an account holder for use at a communications facility, any account holder whose card or device is lost or stolen and subsequently used by an unauthorized person shall only be liable for the lesser of fifty dollars or the amount of money, goods, or services obtained by the unauthorized use prior to notice to the Colorado bank that issued the card or device of the theft or loss. If the unauthorized use occurs through no fault of the account holder, no liability shall be imposed on the account holder.

(3) No account holder shall be held liable for any loss occurring as the result of any tampering or manipulation of a communications facility unless such account holder performs or authorizes such acts.

(4) Commercial banks shall continue to offer customers the right to use checking accounts. No bank shall make the use of such accounts burdensome with intent to discourage such use. The banking board shall issue rules designed to prevent violation of this provision.

(5) (a) No agreement to operate or share a communications facility may prohibit, limit, or restrict the right of the operator or owner of the communications facility to charge a

customer conducting a transaction using an account from a foreign bank a usual and customary access fee or surcharge unless prohibited under state or federal law.

(b) Notwithstanding paragraph (a) of this subsection (5), nothing in this section may be construed to prohibit, limit, or otherwise restrict the right of the operator or owner of a communications facility from voluntarily entering into an agreement to participate in a surcharge-free network.

#### **RESERVES, LOANS, AND INVESTMENTS**

**11-105-301. Reserves against deposits.** State banks that are subject to reserve provisions of the "Federal Reserve Act" shall maintain such reserves against deposits as may be required by the "Federal Reserve Act", but, in addition thereto, the banking board may by rule impose reserve requirements that it deems prudent and sound on said banks or on state banks not subject to reserve provisions of the "Federal Reserve Act".

## ANNOTATION

**Law reviews.** For article, "Loan Documentation Clauses to Avoid Lender Liability", see 19 Colo. Law. 2225 (1990).

**Annotator's note.** Since § 11-105-302 is similar to § 11-7-102 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, and to repealed laws antecedent to CSA, C. 18, § 33, relevant cases construing those provisions have been included in the annotations to this section.

**Reduction of capital stock and distribution of assets thus received is sale of own stock to bank.** Where a bank reduced its capital stock by one-half and distributed assets of the bank amongst the stockholders equal to one-half the par value of the original stock, such a transaction was in effect a sale of one-half of the capital stock of the bank to itself, which is prohibited by law except in specified instances, and its agreement to pay for such stock is therefore in violation of its charter powers and cannot be enforced to the detriment of the rights of general creditors. *Kassler v. Kyle*, 28 Colo. 374, 65 P. 34 (1901).

**A cashier selling stock in a bank to such bank is liable for misappropriation of funds.** Where the cashier of a bank handed in his

resignation before the sale of stock in the bank to the bank, this was a mere subterfuge resorted to for the purpose of apparently changing his relations with the bank and he is therefore liable for the misappropriation of the assets of the bank to which he was a party in his official capacity independent of the ownership of the stock transferred. *United Sec. Co. v. Ostenberg*, 60 Colo. 249, 152 P. 1163 (1915).

**Where a bank put it in the power of the cashier to carry out a deal prohibited by this section, it should bear the loss,** if he committed a wrong and damaged the defendant by improper methods, purporting to act in his official capacity. The bank should bear the loss rather than an innocent outsider, who undoubtedly had faith in the cashier because of his relations to the bank. *Commercial Bank & Trust Co. v. Beach*, 66 Colo. 226, 180 P. 982 (1919).

**Stockholders conveying bank's own stock to such bank hold assets received subject to rights of creditors.** A stockholder who conveys his stock in a bank to such bank, or for a transfer of his stock knowingly receives therefor the funds and assets of the bank, holds the same subject to the prior rights of the creditors of the institution. *United Sec. Co. v. Ostenberg*, 60 Colo. 249, 152 P. 1163 (1915).

**11-105-303. Corporate powers - interest and charges.** In addition to the general corporate powers granted by this code, a state bank has the power, subject to the limitations and restrictions imposed by this code and the rules of the banking board, to lend money either upon the security of real property or personal property, or otherwise; to charge, or to receive in advance, interest therefor; and to contract for a charge for a secured or unsecured installment loan.

**Editor's note:** This section is similar to former § 11-7-103 as it existed prior to 2003.

**11-105-304. Bank investments - customers' orders.** (1) In addition to other investments, expressly authorized by this code or the rules promulgated by the banking board, a state bank may purchase:

(a) Obligations that satisfy the requirements of this code or the rules promulgated by the banking board for loans;

(b) Obligations of, or fully guaranteed by, the United States, a state of the United States, or the Dominion of Canada;

(c) Obligations of the international bank for reconstruction and redevelopment;

(d) Farm loan bonds issued by any federal land bank organized pursuant to an act of congress approved July 17, 1916, entitled: "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgages, to furnish a market for United States bonds, to create government depositories and financial agents for the United States, and for other purposes." and known as the "Federal Farm Loan Act", and acts amendatory thereto. Such farm loan bonds shall be accepted as security for all public deposits and in all cases where bonds are required by law to be deposited with any department or public official of this state, but this section shall not be so construed as to prohibit such moneys or deposits from being invested in such other securities provided for by law.

(e) General obligations of a territory of the United States, a province of the Dominion of Canada, a political subdivision or instrumentality of a state or territory of the United States;

(f) Obligations of a corporation chartered by the United States or a state thereof doing business in the United States; an authority organized under state law, an interstate compact, or by substantially identical legislation adopted by two or more states if any of the foregoing under this paragraph (f) are approved by the banking board for investment;

(g) Revenue obligations issued to provide, enlarge, or improve electric power, gas, water, and sewer facilities by any city or town having a population of not less than two thousand people at the time of the investment, located in any state in the United States or territories thereof;

(h) Such other obligations as the general assembly has designated or may from time to time designate as legal investments for public funds.

(2) A state bank may invest an amount not exceeding ten percent of its capital as defined in the rules promulgated by the banking board in the stock of a corporation exclusively engaged in trust business and incorporated as a trust company under article 109 of this title, but every such investment shall be subject to prior approval of the banking board.

(3) A state bank's investment in the stock of a safe deposit company is governed by section 11-105-501.

(4) A state bank may purchase or sell without recourse any security, including corporate stock, upon the order of a customer and for such customer's account.

(5) A state bank may, to the extent that banks subject to the laws of the federal government are permitted so to do and to the extent permitted by the rules of the banking board, purchase shares of stock in small business investment companies organized under Public Law No. 85-699, 85th Congress, known as the "Small Business Investment Act of 1958", and as amended, but in no event shall any state bank hold shares in small business investment companies in an amount aggregating more than three percent of the bank's capital and surplus.

(6) No limitation or prohibition otherwise imposed by any provision of state law relating to banks shall prevent a state bank from investing not more than ten percent of the bank's capital as defined in the rules promulgated by the banking board in a bank service corporation as defined in 12 U.S.C. 1861 to 1865, inclusive, and as amended, subject to the rights, powers, and limitations contained therein, and such investment by state banks is expressly authorized to the extent permitted by the rules of the banking board.

(7) Notwithstanding any restrictions upon investments in obligations, powers, or activities contained in this code, a state bank may invest in any obligation, exercise such powers, and engage in such activities that such bank could legally acquire, exercise, and engage in were it operating as a national bank at the time such investment was made, such powers were exercised, or such activities were engaged in, to the extent permitted by the rules promulgated by the banking board.

(8) A state bank may invest an amount not exceeding ten percent of its capital as defined in the rules promulgated by the banking board in the stock of any bank or bank holding company that provides services solely to depository institutions and their shareholders, directors, officers, and employees, wherein the ownership of stock of the bank or bank holding company, except for any stock required by law to be owned by directors of the bank or bank holding company, is restricted to banks or bank holding companies. The amount of stock owned by a state bank in any such bank or bank holding company shall not be in excess of five percent of the voting shares of such bank or bank holding company.

(9) (a) Notwithstanding the provisions of section 11-105-102 (2), a state bank may directly engage in activities that are primarily investments in real estate or may acquire and hold the voting stock of one or more corporations the activities of which are primarily investments in real estate. Such activities may include subdividing and developing real property and building residential housing or commercial improvements on such property and may also include owning, renting, leasing, managing, operating for income, or selling such property. Investments in real estate subject to section 11-105-401 may, at the bank's option, be included in investments authorized in this subsection (9) and thereby be removed

from the restrictions of section 11-105-401. Such property shall be entered on the books at not more than cost or fair market value, whichever is less, but without any charge off as required under section 11-105-401 (1) (d). The total of all investments made by a state bank pursuant to the authority of this subsection (9), including any loans and guarantees made by the bank on such property or made to or for the benefit of corporations the stock of which it holds pursuant to the authority of this subsection (9), shall not exceed ten percent of its total assets. The authority provided in this subsection (9) is in addition to investment in fixed assets of the bank pursuant to section 11-105-402.

(b) Upon finding that such restrictions are necessary according to the criteria set forth in section 11-102-105 and the policies set forth in section 11-101-102, the banking board may adopt rules that restrict the total investments of a state bank under this subsection (9) to a percentage less than ten percent of the bank's total assets. Nothing in this subsection (9) shall authorize a state bank to contravene a lawful order of the banking board or commissioner with respect to investments by the state bank in real estate or corporations engaging in real estate activities. A state bank that intends to initiate a program of investments under the authority of this subsection (9) shall give sixty days' advance notice to the division of such intent; except that such notice may be waived in the banking board's discretion where such notice is impracticable or unnecessary. The state bank shall also notify the division within ten days after the commencement of the investment program. If similar notices are required by the bank's federal supervisory agency, the same form of notice may be used for purposes of notice under this subsection (9).

(10) A state bank may invest in the securities of, or other interests in, any open-end and closed-end management type investment company or investment trust registered under the federal "Investment Company Act of 1940", 15 U.S.C. section 80(a)-1 et seq., if the portfolio of such investment company or investment trust is limited to United States government obligations that are backed by the full faith and credit of the United States government and to repurchase agreements fully collateralized by such obligations and if any such investment company or investment trust actually takes delivery of such collateral, either directly or through an authorized custodian.

#### **11-105-305. Acceptances - letters of credit.** (1) A state bank may accept:

(a) A draft that has not more than six months' sight to run, exclusive of days of grace, and is drawn to finance the purchase of goods with maturity in accordance with the original terms of purchase, or is secured by shipping documents transferring or securing title to goods, or by receipt of a licensed or bonded warehouse or elevator transferring or securing title to readily marketable staples;

(b) A draft that has no more than three months' sight to run, exclusive of days of grace, and is drawn by a bank outside the continental limits of the United States for the purpose of furnishing dollar exchange for trade.

(2) A state bank may issue letters of credit, but, unless the authority conferred to draw upon the bank or its correspondents is limited to such drafts as a bank is authorized by this section to accept, the amount of the credit outstanding at any one time shall be deemed to be a loan to the person for whose account the credit was issued.

#### ANNOTATION

**Annotator's note.** Since § 11-105-305 is similar to § 11-7-107 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant case construing that provision has been included in the annotations to this section.

**Letter of credit by state bank not ultra vires.** Letters of credit issued by a state bank,

being authorized by subsection (2) and falling within the provisions of § 4-5-102(1), are binding, primary obligations, dependent solely on presentation of conforming documents, and are, therefore, not ultra vires. *United Bank v. Quadrange, Ltd.*, 42 Colo. App. 486, 596 P.2d 408 (1979).

#### PART 4

#### PROPERTY, SALES, BORROWING, AND SIGNATURE GUARANTY

**11-105-401. Acquisition of property to satisfy indebtedness.** (1) A state bank may take property of any kind to satisfy, in whole or in part, or to protect indebtedness previously created in good faith by it. Property acquired by a state bank to apply on an indebtedness to a state bank shall be held subject to the following limitations:

(a) Stock shall be sold within six months or such additional period not exceeding eighteen months as the banking board may allow.

(b) Real estate may be used in the banking business, subject to the conditions prescribed by this code for property purchased for such use, or may be rented. Real estate may be put in such condition as will reasonably facilitate its sale. Unless used in the banking business, it shall be sold within fifteen years or such longer period as the banking board may allow.

(c) Other property, the acquisition of which is not otherwise authorized by this code, shall be sold within two years or such longer period as the banking board may allow.

(d) The property shall be entered on the books at not more than cost or fair market value, whichever is less, except as otherwise provided by the banking board. Each bank maintaining property acquired to satisfy indebtedness will obtain an initial written appraisal and subsequent appraisals as to fair market value by a qualified independent appraiser or such other person as the banking board may approve. Such subsequent appraisals shall be obtained pursuant to rules of the state banking board; except that, for purposes of this paragraph (d), an appraisal, as defined in section 12-61-702 (1), C.R.S., by an appraiser certified, licensed, or registered pursuant to section 12-61-708, C.R.S., shall not be required on properties initially valued pursuant to this paragraph (d) at two hundred fifty thousand dollars or less. If such appraiser or other person approved by the banking board certifies in writing such appraiser's or other person's opinion that the fair market value has not declined, this opinion may be substituted for a subsequent appraisal.

**11-105-402. Banking property - acquisition.** (1) A state bank may invest in fixed assets of the bank or the stock or obligations of any corporation holding such fixed assets or may make loans to or upon the security of the stock of any such corporation, but the aggregate of all such investments and loans shall not exceed one hundred percent of the bank's capital, as provided in the rules promulgated by the banking board; except that the banking board may approve a larger investment upon application of the bank if the banking board deems the same prudent. As used in this subsection (1), "fixed assets" means real estate, leasehold improvements, fixtures, furniture, and equipment; "real estate" and "leasehold improvements" include land and buildings to be used in the transaction of the bank's business and any excess space that may be rented to others.

(2) The rate of depreciation of property so acquired may be prescribed by the banking board.

**11-105-404. Pledge of assets.** (1) A state bank may pledge its assets to:

- (a) Enable it to act as agent for the sale of obligations of the United States;
- (b) Secure borrowed funds;
- (c) Secure deposits if:

(I) The depositor is required to obtain such security by the laws of the United States, by the terms of any interstate compact, by the laws of any state, or by the order of a court of competent jurisdiction; or

(II) The state bank secures the deposit with a letter of credit issued or confirmed by a federal home loan bank; or

- (d) Otherwise comply with the provisions of this code.

**11-105-405. Signature guaranty.** (1) A bank may become guarantor of the genuineness of a signature.

(2) A bank guaranteeing the signature of a person on any document warrants to any person relying on such guaranty only that:

- (a) The signature is that of a person signing;

(b) The signer is the holder, or the signer has purported authority to sign in the name of the holder; except that, if the holder purports to act as a fiduciary, as "fiduciary" is defined either in this code or in article 1 of title 15, C.R.S., or if the holder's name is signed by a person purporting to act on the holder's behalf as such a fiduciary, the bank warrants that such holder or such person so signing as such fiduciary is in fact the fiduciary he or she purports to be and warrants that the bank has no actual knowledge that such fiduciary is committing a breach of such fiduciary's obligation as such fiduciary in signing such document and that it has no knowledge of such facts that its action in guaranteeing the signature amounts to bad faith; and

(c) The signer has legal capacity to sign.

(3) A bank may disclaim in its guaranty all or any part of the obligations set forth in paragraph (b) of subsection (2) of this section.

## PART 5

### SAFE DEPOSIT AND SAFEKEEPING FACILITIES

**11-105-501. Safe deposit boxes - leasing and subsidiary company.** (1) Subject to such rules as the banking board may prescribe, a bank may maintain and lease safe deposit boxes and may accept property for safekeeping if, except in the case of night depositories, it issues a receipt therefor.

(2) A bank may own stock in a safe deposit company located in the same community in which the bank is doing business, not exceeding in aggregate cost fifteen percent of its capital and surplus, but at least ninety percent of the stock in such safe deposit company in which such stock is so owned must be owned by banks or trust companies.

**11-105-502. Access by fiduciaries.** (1) Where a safe deposit box is made available by a lessor to one or more persons acting as fiduciaries, the lessor may, except as otherwise expressly provided in the lease or the writings pursuant to which such fiduciaries are acting, allow access thereto as follows:

- (a) By any one or more of the persons acting as executors or administrators;
- (b) By any one or more of the persons otherwise acting as fiduciaries, when authorized in writing, signed by all other persons so acting;
- (c) By any agent authorized in writing, signed by all of the persons acting as fiduciaries.

**11-105-505. Adverse claims to safe deposit box.** (1) An adverse claim to the contents of a safe deposit box is not sufficient reason to require the lessor to deny access to its lessee unless:

(a) The lessor is directed to do so by a court order issued in an action in which the lessee is served with process and named as a party by a name that identifies the lessee with the name in which the safe deposit box is leased; or

(b) The safe deposit box is leased, or the property is held, in the name of a lessee with the addition of words indicating that the contents, or property, are held in a fiduciary capacity for a named beneficiary or beneficiaries, and the adverse claim is supported by a sworn written statement of facts disclosing that it is made by, or on behalf of, such a beneficiary and that there is reason to know that the fiduciary may misappropriate the trust property.

(2) A claim is also an adverse claim where one of several lessees claims, contrary to the terms of the lease, an exclusive right of access, or where one or more persons claim a right of access as agents or officers of a lessee to the exclusion of others as agents or officers, or where it is claimed that a lessee is the same person as one using another name.

(3) The lessor of a safe deposit box shall not be deemed to be in possession or control of the contents thereof for the purposes of section 13-54.5-103, C.R.S., or any other statute or rule pertaining to writs of garnishment.

## PART 6

### FINANCIAL INSTITUTIONS, OPERATION OF BRANCHES, ORGANIZATIONAL AND OPERATIONAL EQUALITY

**11-105-601. Legislative declaration.** (1) The general assembly finds, determines, and declares that distinctions in function and services of various types of financial institutions have become so narrow that organizational and operational equality should be encouraged and facilitated in this state. It is the intent of the general assembly to enact legislation that will promote the safety and soundness of financial institutions for the benefit of the public, improve efficiency for the economic operation of those financial institutions, and ensure that the state of Colorado, by its appropriate action, will continue its control of those financial institutions within its jurisdiction.

(2) Repealed.

**Editor's note:** This section is similar to former § 11-25-101 as it existed prior to 2003.

**11-105-602. Financial branches allowed - conversion of financial institutions to branches - acquisitions.** (1) Any financial institution may convert any affiliate financial institution to a branch.

(2) Any financial institution that has its principal place of business in Colorado may acquire any other financial institution for conversion to a branch or branches.

(3) (a) Any bank that has its principal place of business in this state or any industrial bank that has its principal place of business in this state, upon thirty days' prior written notice to the banking board, or any savings and loan association that has its principal place of business in this state, upon thirty days' prior written notice to the state commissioner of financial services, may establish one or more de novo branches anywhere in this state.

(b) Any bank, industrial bank, or savings and loan association may, upon thirty days' written notice to the banking board or commissioner, be converted to a branch of any bank, industrial bank, or savings and loan association.

(b.5) (I) No financial institution may directly or indirectly establish or maintain or cause to be established or maintained its principal office, a loan production office, a deposit production office, an electronic communications device, or a branch in this state on or within one and one-half miles from premises or property owned, leased, or otherwise controlled, directly or indirectly, by an affiliate that engages in commercial activities.

(II) This paragraph (b.5) shall not apply with respect to any industrial bank that:

(A) Became an insured depository institution before October 1, 2003, or pursuant to an application for deposit insurance that was approved by the federal deposit insurance corporation before such date; and

(B) Is a subsidiary of a parent entity, at least eighty-five percent of whose gross revenues on a consolidated basis, including affiliates, were derived from engaging in, on an ongoing basis, activities that are financial in nature or incidental to a financial activity, as defined by the federal "Gramm-Leach-Bliley Act", as amended, Pub.L. 106-102, 113 Stat. 1388, during at least three of the prior four calendar quarters.

(c) The banking board and the financial services board shall adopt policies and procedures by rule no more restrictive than federal regulatory policies and procedures relative to notice of branches to be established under this subsection (3).

#### ANNOTATION

**Law reviews.** For article, "Colorado's Version of Branch Banking", see 20 Colo. Law. 1611 (1991).

**11-105-603. Financial institutions - common powers and limitations.** (1) Any acquisition of a branch from another financial institution shall be subject to the percentage limitation set forth in subsection (5) of this section. Such an acquisition by a financial institution that has its principal place of business in Colorado is expressly authorized, and the location of such branch may be changed pursuant to law.

(2) Nothing in this part 6 shall be construed to apply to a branch facility operating under an emergency grant pursuant to section 11-103-809 or 11-108-611; however, such a branch facility may continue to operate in perpetuity as a branch without being subject to any percentage limitation on branches set forth in this part 6.

(3) Nothing in this part 6 or part 2 of article 104 of this title shall be construed to prevent the acquisition of any financial institution in this state by any other financial institution the principal operations of which are located in this state; however, any conversion of all or any part thereof to a branch shall be in accordance with the provisions of this part 6.

(4) If any financial institution converts any affiliate financial institution to a branch pursuant to the provisions of this part 6, such financial institution at the time of such conversion or immediately thereafter shall meet the capital standards for banks in Colorado

as required by the “Colorado Banking Code”, by any rules of the banking board, or by the commissioner.

(5) Notwithstanding any other provision of this part 6, no financial institution that acquires any other financial institution on or after August 1, 1991, may convert the acquired financial institution to a branch or branches if such conversion or conversions will result in the acquiring financial institution controlling more than twenty-five percent of the aggregate of all deposits in all banks, savings and loan associations, federal savings banks, and other financial institutions located in Colorado that are federally insured. For the purpose of this subsection (5), deposits shall be determined based upon the public reports most recently filed with the appropriate federal regulatory agency.

**11-105-604. Subsidiary depository institutions as agent.** (1) Any bank subsidiary of a bank holding company may receive deposits, renew time deposits, close loans, service loans, and receive payments on loans and other obligations as an agent for an affiliate financial institution, as such authority is set forth in section 101(d) of the federal “Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994”. Notwithstanding any other provision of law, a bank acting as an agent in accordance with this subsection (1) for an affiliate financial institution shall not be considered to be a branch of the affiliate.

(2) Any contract entered into pursuant to section 11-25-105 as it existed prior to July 1, 1995, shall remain valid and in effect according to the terms of the contract and any subsequent agreement of the contracting financial institutions.

**11-106-105. Substitution of Colorado bank or Colorado trust company.** (1) In addition to the procedures initiated by an interested party concerning internal affairs of their trust under section 15-16-201, C.R.S., or procedures otherwise permitted by Colorado law, and unless a will, agreement, or trust instrument otherwise provides, a company may be substituted as fiduciary for all or a part of the fiduciary business of another company without court approval if:

(a) The successor is a Colorado affiliate of the transferor and the boards of directors of the transferor and successor both adopt resolutions to cause the successor to be substituted as fiduciary for all or part of the fiduciary business of the transferor;

(b) The transferor is discontinuing all or part of its fiduciary business and the boards of directors of the transferor and successor both adopt resolutions to cause the successor to be

substituted as fiduciary for the fiduciary business of the transferor that is being discontinued; or

(c) There is a merger or consolidation of the transferor and the successor, with the successor being the surviving entity, and the boards of directors of the transferor and successor both adopt resolutions to cause the successor to be substituted as fiduciary for all of the fiduciary business of the transferor.

(2) If the boards of directors adopt such resolutions as provided in subsection (1) of this section and comply with the notice and delivery provisions pursuant to subsection (3) of this section, the successor shall replace the transferor as fiduciary and shall be the successor fiduciary possessing all the rights, powers, and duties that were granted to or imposed on the transferor. Such rights, powers, and duties shall vest in the successor upon effectuation of the substitution, irrespective of the date on which the fiduciary relationship is established or of the date of any related written agreement establishing the fiduciary relationship or of the date of the death of any decedent whose estate is being so administered. Nothing in connection with a substitution affects a renunciation or revocation of any letters of administration or letters testamentary pertaining to a fiduciary relationship or a removal or resignation of the transferor as personal representative, trustee, custodian, or other fiduciary.

(3) At least thirty days prior to the effective date of the substitution, a certified copy of the resolutions of the boards of directors of the transferor and successor shall be delivered to the division of banking, and a written notice of such substitution shall be delivered to each interested party. Delivery will be deemed to have occurred upon the earlier of actual delivery or three days after depositing such resolutions or notification in the United States mails, certified mail with return receipt prepaid. The effective date of the substitution as fiduciary for all or part of the fiduciary business, as set forth in the resolutions, shall be the date provided in the resolutions, which shall not be earlier than thirty days after the date of delivery in accordance with this subsection (3). If the resolutions provide no effective date, the effective date shall be thirty days after the date of delivery in accordance with this subsection (3).

**11-106-106. Investment in securities.** Notwithstanding any other law to the contrary and subject to the standard contained in sections 11-50-113 (2) and 15-1-304, C.R.S., a Colorado bank or trust company may invest and reinvest the assets that it maintains in its trust in the securities of any open-end or closed-end management investment company or investment trust registered under the federal "Investment Company Act of 1940", 15 U.S.C. sec. 80a1-64, as amended. A Colorado bank or trust company shall be allowed to make such investment even if it exercises investment discretion as a fiduciary, custodian, managing agent, or otherwise with respect to the investment and reinvestment of assets that it maintains in its trust department. The fact that a Colorado bank or trust company, or any affiliate thereof, is providing services to the investment company or trust as investment advisor, sponsor, distributor, custodian, transfer agent, registrar, or otherwise, and receiving reasonable remuneration for the services, does not preclude such bank or trust company from investing in the securities of such investment company or trust.

## ANNOTATION

- I. General Consideration.
- II. Necessity for Intent or Knowledge.

### I. GENERAL CONSIDERATION.

**Annotator's note.** Since § 11-107-102 is similar to repealed laws antecedent to CSA, C. 18, § 26, relevant cases construing those provisions have been included in the annotations to this section.

**Section is valid under the federal constitution.** This section as originally found in L. 1885, p. 50, was held not within the class of legislation prohibited by the provisions of the federal constitution. When the law applies to all persons engaged in a certain occupation or business, and each one is without distinction amenable to its provisions solely because he pursues such occupation or business, it is then "binding upon all persons of the community under similar circumstances". *Robertson v. People*, 20 Colo. 279, 38 P. 326 (1894).

**It is not essential to a conviction that the president of a bank should assent to a particular deposit,** or that he should have acquiesced in its reception after he obtained actual knowl-

edge that it had been made. *McClure v. People*, 27 Colo. 358, 61 P. 612 (1900).

When an officer and director of a bank with authority to instruct the employees as to what they should and should not do remains silent, it is mere sophistry to say that he did not assent to the reception of deposits, even when made in his absence, when as a reasonable man he knew they would be received by the employees if presented. *Woolsey v. People*, 98 Colo. 62, 53 P.2d 596 (1935).

**Indictment sufficient to charge "larceny" for violation of this section.** *Cole v. Van Horn*, 67 F.2d 735 (10th Cir. 1933).

**Facts sufficient to show insolvency.** *Walther v. McFerson*, 92 Colo. 314, 20 P.2d 552 (1933).

### II. NECESSITY FOR INTENT OR KNOWLEDGE.

**An intent to violate the provisions of this section must be shown.** Under this section a director of a bank may not be held liable, either civilly or criminally, for a violation of the provisions of the statute unless the evidence shows that he intended to violate its provisions.

Goldsworthy v. Anderson, 92 Colo. 446, 21 P.2d 718 (1933).

**It is not necessary that a specific intent to defraud or harm** a depositor should be shown on the part of defendant, or that defendant had actual knowledge of the insolvency of the bank, if his ignorance of its insolvency was due to his own criminal negligence. McClure v. People, 27 Colo. 358, 61 P. 612 (1900).

**Intentional absence by officer will not exempt him from liability.** An officer of a bank

cannot exempt himself from criminal liability under this section by intentionally absenting himself from the bank and abstaining from participation in its management, and purposely neglecting to avail himself of means of information as to its financial condition, or by showing that if he had given attention to its business, on account of his ignorance of banking methods he would not have been able to ascertain its true condition. McClure v. People, 27 Colo. 358, 61 P. 612 (1900).

**11-107-103. Unlawful service as officer or director.** (1) It is a criminal offense for any person to serve as an officer or director of a state bank, or serve as commissioner, deputy commissioner, or employee of the division:

(a) Who has been convicted of an unpardoned offense constituting, in the jurisdiction in which the conviction was had, a violation of the banking laws, a felony involving moral turpitude, or a breach of trust;

(b) Who is indebted to the bank for more than thirty days upon a judgment that has become final.

**Source: L. 2003:** Entire article added with relocations, p. 1135, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-11-103 as it existed prior to 2003.

**11-107-104. Unlawful gratuity, compensation, or transactions.** (1) It is a criminal offense for an affiliate of a state bank or for an officer, director, or employee of a state bank or affiliate of a state bank:

(a) To solicit, accept, or agree to accept, directly or indirectly, from any person other than the institution, any gratuity, compensation, or other personal benefit for any action taken by the institution, or for endeavoring to procure any such action;

(b) To have any interest, direct or indirect, in the purchase at less than its face value of any evidence of indebtedness issued by the institution.

(2) In this section and section 11-105-101 (5), the term "affiliate" of a state bank shall include:

(a) Any person who holds a majority of the stock of the bank or has been determined by the banking board to hold a controlling interest therein, any other corporation in which such person owns a majority of the stock, and any partnership in which such person has an interest;

(b) Any corporation in which the state bank or an officer, director, or employee thereof holds a majority of the stock and any partnership in which such person has an interest;

(c) Any corporation of which a majority of the directors are officers, directors, or employees of the state bank or of which officers, directors, trustees, or employees constitute a majority of the directors of the state bank.

**Source: L. 2003:** Entire article added with relocations, p. 1135, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-11-104 as it existed prior to 2003.

#### ANNOTATION

**Annotator's note.** Since § 11-107-104 is similar to § 11-11-104 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant case construing that provision has been included in the annotations to this section.

**This section and § 11-6-101 recognize the existence of "affiliate banking"** in Colorado and impose criminal sanctions for acts committed outside the scope of recognized banking practices. Peoples Bank v. Banking Bd., 164 Colo. 564, 436 P.2d 681 (1968).

**11-107-105. Unlawful concealment of transactions.** (1) It is a criminal offense for an officer, director, employee, attorney, or agent of a state bank:

(a) To conceal, or endeavor to conceal, any transaction of the bank from any officer, director, or employee of the bank or any official or employee of the division to whom it should properly be disclosed;

(b) With intent to deceive, to make any false or misleading statement or entry, or omit any statement or entry that should be made in any book, account, report, or statement of the institution.

(2) No bank shall sell, assign, or transfer any of its assets when insolvent, or in contemplation of insolvency with the intent of preferring any credit, or preventing the application of such assets to the subrogation of its debts; nor shall any officer, director, or employee of any bank personally authorize or permit the same to be done.

**Editor's note:** This section is similar to former § 11-11-105 as it existed prior to 2003.

**11-107-106. Unlawful payment of penalties and judgment against others.** It is a criminal offense for a state bank to pay a fine, or penalty imposed by law upon any other person, or any judgment against such person, or to reimburse directly or indirectly any person by whom such fine, penalty, or judgment has been paid, except in settlement of its own liability or in connection with the acquisition of property against which such judgment is a lien or as provided in section 11-103-602.

**Source: L. 2003:** Entire article added with relocations, p. 1136, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-11-106 as it existed prior to 2003.

**11-107-107. Embezzlement or misapplication of funds.** It is a criminal offense for any officer, director, shareholder, or employee of any bank to directly or indirectly embezzle, abstract, or misapply, or cause to be embezzled, abstracted, or misapplied, any of the funds or securities or other property of or under the control of the bank with intent to deceive, injure, cheat, wrong, or defraud any person.

**Source: L. 2003:** Entire article added with relocations, p. 1136, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-11-107 as it existed prior to 2003.

#### ANNOTATION

**Annotator's note.** Since § 11-107-107 is similar to repealed laws antecedent to CSA, C. 18, § 25, relevant cases construing those provisions have been included in the annotations to this section.

**This section places embezzlement by bankers in a special class.** It was the clear intention of the general assembly to withdraw from the operation of the earlier and general act of 1907 the crime of embezzlement by bankers, and place it in a special class by itself. This being true, it follows that, so far as bankers are con-

cerned, this provision supersedes and impliedly repeals the act of 1907. *Cliff v. People*, 84 Colo. 254, 269 P. 907 (1928).

**It is only when specific intent exists** that an act comes within the provisions of this section; hence, where abstraction or misapplication is charged, it is necessary to allege such specific intent. *Cliff v. People*, 84 Colo. 254, 269 P. 907 (1928).

**Facts sufficient for conviction and penalty.** *Briggs v. People*, 76 Colo. 591, 233 P. 836 (1925).

**11-107-108. Unlawful acts or omissions - penalties.** (1) Any person responsible for an act or omission expressly declared to be a criminal offense by this code:

(a) Is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine

of not more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment;

(b) If the act or omission was intended to defraud, commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) An officer, director, employee, agent, or attorney of a state bank shall be criminally responsible for an act or omission of the institution declared to be a criminal offense by this code if, knowing that such act or omission is a criminal offense, he or she participates in authorizing, executing, ratifying, or concealing such act or in authorizing or ratifying such omission or, having a duty to take the required action, omits to do so.

(3) Unless otherwise provided in this code, it is no defense to a criminal prosecution under this code that the defendant did not know the facts establishing the criminal character of the act or omission charged, if the defendant could and should have known such facts in the proper performance of his or her duty.

**Editor's note:** This section is similar to former § 11-11-108 as it existed prior to 2003.

**11-107-109. Unlawful acts or failure to perform - penalty.** Any person who willfully or knowingly fails to perform any act required, and as required by section 11-102-102 (10) or 11-102-501, or who commits any act in violation of said sections commits a class 5 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

#### ANNOTATION

**Law reviews.** For article, "Highlights of 1955 Colorado Legislative Session — Banks and Banking", see 28 Rocky Mt. L. Rev. 79 (1955).

**Annotator's note.** Since § 11-107-109 is similar to repealed laws antecedent to CSA, C. 18, § 105, a relevant case construing those provisions has been included in the annotations to this section.

**The penalty provided by this section is germane** to the general subject expressed in the

title, "An act relating to banks and bankers", is relevant and appropriate to such title, and therefore is covered by the title. *Cole v. People*, 92 Colo. 145, 18 P.2d 470 (1933).

**And is valid and enforceable.** The penal provision of this section is valid and enforceable, although it creates a crime otherwise than by amendment of the criminal code. *Cole v. People*, 92 Colo. 145, 18 P.2d 470 (1933).

**11-107-110. Injunction.** (1) If a violation of this code by a state bank or an officer, director, or employee thereof is threatened or impending and may cause substantial injury to the institution or to the depositors, creditors, or stockholders thereof, the district court in and for the county in which the bank is located may, upon the suit of the banking board, issue an injunction restraining such violation.

(2) If any person, not authorized to carry on a banking business under this code, falsely acts as a bank, or falsely represents that such person is acting for a bank, or uses an artificial or corporate name that is the name of a bank, the said district court may, upon the suit of the banking board, issue an injunction restraining such act.

corporations shall, insofar as the same are not inconsistent with this code, govern corporations and nonprofit corporations operating under the provisions of this code.

## PART 2

### POWERS

**11-108-201. Powers - general corporate - loans and investments - rules of banking board.** (1) Every industrial bank duly organized and chartered under the provisions of this article has the powers granted general business corporations by the laws of the state of Colorado to the extent the same are not inconsistent with or contrary to this article, including such special powers provided in this article, without the necessity of such powers or special powers being specifically recited or set out in the articles of incorporation of said industrial bank or any amendments thereto.

(2) No industrial bank shall be authorized to engage in any business or activity except as may be authorized by this article.

(3) No stock shall be issued for any consideration other than cash, except stock dividends.

(4) An industrial bank may make such loans, secured or unsecured, accept such drafts, make such investments, and issue such letters of credit as shall be permissible pursuant to rules promulgated by the banking board or otherwise permitted by this article. In promulgating such rules the banking board shall consider all relevant factors, including without limitation the policies set forth in section 11-101-102.

(5) In addition to the general corporate powers granted by this code, an industrial bank has the power, subject to the limitations and restrictions imposed by this code and the rules of the banking board, to lend money either upon the security of real property or personal property, or otherwise; to charge, or to receive in advance, interest therefor; and to contract for a charge for a secured or unsecured installment loan.

(6) As authorized pursuant to section 10-2-601 (2), C.R.S., an industrial bank may, pursuant to federal law or under such rules as may be adopted by the banking board or the commissioner of insurance pursuant to section 10-2-601, C.R.S., act as the agent for any insurance company authorized to do business in this state by soliciting and selling insurance and collecting premiums on policies issued by such company. For such services, an industrial bank may receive such fees or commissions as may be agreed between the industrial bank and the insurance company.

(7) (a) It is unlawful for an industrial bank, or an officer, director, employee, or affiliate of an industrial bank, to:

(I) Engage in the business of issuing, floating, underwriting, distributing, or promoting the sale of stocks, bonds, or other securities; or

(II) Be an officer, trustee, director, employee, stockholder, or partner of any person engaged principally in a business described in subparagraph (I) of this paragraph (a).

(b) Nothing in paragraph (a) of this subsection (7) shall include securities issued or guaranteed as to principal and interest by:

(I) The United States or any agency of the United States;

(II) A state or territory of the United States; or

(III) A subdivision, instrumentality, or public authority organized under the laws of such state or territory pursuant to an interstate compact between two or more states.

**Editor's note:** This section is similar to former § 11-22-106 as it existed prior to 2003.

**11-108-202. Special powers.** (1) Every industrial bank, in addition to the powers granted by this article or the rules promulgated by the banking board, has all of the following powers:

(a) The right to purchase and carry obligations of, or fully guaranteed by, the United States or a state of the United States; obligations of a corporation chartered by the United States or a state of the United States doing business in the United States; obligations of an authority organized under state law, under an interstate compact, or by substantially identical legislation adopted by two or more states if any such authority is approved for investment by the rules of the banking board; revenue obligations issued to provide, enlarge, or improve electric power, gas, water, and sewer facilities by any city or town having a population of not less than two thousand people at the time of investment, located in any state of the United States; general obligations of a territory of the United States, or a political subdivision or instrumentality of a state or territory of the United States; obligations that the general assembly of Colorado designates from time to time as legal investments for public funds; notes, secured or unsecured; mortgages; contracts; acceptances; bills of exchange; or trust receipts. All assets and funds of an industrial bank shall at all times be maintained within the United States and in legal investments within the United States as recited in this paragraph (a); but, with the written consent of the banking board, industrial banks may purchase and carry other types of assets but shall only be permitted to make such investments as are permitted by law to fiduciaries.

(b) The right to lend money upon the security of the character and earning capacity of the borrower, comakers, personal chattels, real property, or any other property, or a combination of the foregoing;

(c) If a member in good standing of the federal deposit insurance corporation, the right to issue certificates of deposit, contracts, or agreements under any descriptive name and receive savings deposits that may bear such interest as their terms may provide. Industrial banks may pay interest on savings deposits, certificates of deposit, contracts, or agreements at a rate, without regard to compounding, not to exceed one-half percent per annum greater than the rates of interest that any national or state bank, savings and loan association, or building and loan association in the state is permitted by law to pay on the same type of savings deposit, certificate of deposit, contract, or agreement, whichever is greater. If any national or state bank, savings and loan association, or building and loan association is not limited by applicable law or rule with regard to the rate of interest on any type of savings deposit, certificate of deposit, contract, or agreement, banks shall also not be limited in the same manner. Such certificates of deposit, contracts, or agreements shall be issued with a maturity of not less than seven days and shall be sold at not less than par.

(d) The right to issue, with the prior approval of the banking board based upon the facts and circumstances of each case, capital notes, debentures, or evidences of indebtedness that will not be covered by a guaranty and may be included as a part of the capital and surplus and that:

(I) Have a maturity of not less than five years;

(II) Will be paid by the bank at or prior to maturity in part or in whole only upon written permission of the banking board and are at all times and in all respects wholly subject, subordinate, junior, and inferior to all senior debts of the bank with respect to right of payment;

(III) Provide that the holder of the note by its acceptance thereof must agree that the payment of the principal and interest of the note is expressly subordinated to the prior payment of the principal and interest on all existing and future obligations of the bank to its savings depositors and certificate holders; and

(IV) Contain a provision in the note that no amount shall be paid by the bank as principal or interest unless the capital of the bank, as defined in rules of the banking board, increases over its capital as of the date of the execution of the note by not less than the amount of such principal or interest payment;

(e) The right to invest not more than ten percent of its assets in personal property leases to the same extent and in the same manner as allowed national or other state banks; except that an industrial bank shall not invest in any lease in excess of fifteen percent of its capital, as defined in rules of the banking board, less any inadequacy of capital to any person,

association, partnership, or corporation and except that an industrial bank may exceed the limit established by this paragraph (e) subsequent to investing in the lease if such excess is necessary to protect the lease;

(f) The right to broker first mortgage loans.

**11-108-203. Trust, fiduciary, and agency powers - when.** In addition to its other powers, an industrial bank that is authorized by its charter to exercise trust powers, upon proper qualification under this article, has the power to act as a fiduciary in any capacity. It may also act as registrar, transfer agent, fiscal agent, or attorney-in-fact and have the power to receive, manage, and apply sinking funds. Every industrial bank that is authorized by its charter to exercise trust powers pursuant to this section shall make and file with the commissioner an annual report of trust assets and such other reports, as the banking board may require by rule, on such forms as may be prescribed by the banking board. No report filed pursuant to this section shall be required to be published.

**Editor's note:** This section is similar to former § 11-22-107.5 as it existed prior to 2003.

**11-108-204. Forbidden powers.** (1) No industrial bank has power to do any of the following:

(a) To accept demand deposits that the depositor may withdraw by check or similar means for payment to third parties;

(b) To engage in, or acquire any interest in, any business except as permitted by this article.

(2) In calculating the obligations of a single obligor there shall be included:

(a) In the case of obligations of a partnership or association, the obligations of each general partner or each member of the association;

(b) In the case of obligations of a general partner or a member of an association, the obligations of the partnership or association;

(c) In the case of obligations of a corporation, the obligations of any subsidiaries in which it owns, directly or indirectly, a majority of the outstanding voting stock;

(d) In the case of obligations of a corporation, the amount of a loan made to any other person to the extent that the proceeds of such loan, directly or indirectly, are to be loaned to the corporation; or used for the acquisition from the corporation of any securities issued by the corporation, other than securities acquired by an underwriter for public offering; or transferred to the corporation without fair and adequate consideration. The discharge of an equivalent amount of debt previously incurred in good faith for value shall be deemed fair and adequate consideration.

**11-108-205. Industrial bank organized as a limited liability company.** (1) Pursuant to section 11-102-104 (5.5) (b), an industrial bank charter may be issued to a limited liability company that otherwise meets the requirements of this article.

(2) An industrial bank organized as a limited liability company shall not be required to exist in perpetuity; except that the articles of organization of such an industrial bank shall provide for a method to extend the existence of the industrial bank in the event that termination occurs. In addition, the articles of organization of such an industrial bank shall require that liquidation of the limited liability company conform with the requirements of this code.

(3) Upon approval of the banking board, an industrial bank organized as a limited liability company may be merged with or converted into another entity regardless of the form of the surviving entity, so long as the surviving entity satisfies the requirements of this code.

(4) Upon approval of the banking board, an industrial bank organized as a corporation may be merged with or converted into a limited liability company, so long as it satisfies the requirements of this code.

(5) (a) An industrial bank organized as a limited liability company shall have a written operating agreement containing any provisions for the affairs of the bank and the conduct of its business as may be agreed upon by the members and which provisions are consistent with this code and the “Colorado Limited Liability Company Act”, article 80 of title 7, C.R.S.

(b) A copy of the written operating agreement shall be filed with the banking board prior to the granting of a charter to the industrial bank, and any amendments to the operating agreement shall be filed with and approved by the banking board prior to adoption.

(c) The banking board may promulgate rules establishing additional requirements relating to operating agreements to implement the provisions of this section.

(6) All distributions made by an industrial bank organized as a limited liability company to its members shall be subject to the requirements applicable to dividends issued by an industrial bank organized as a corporation under this code and the rules of the banking board.

(7) For purposes of implementing this section, the following definition constructions shall apply:

(a) Where this code refers to “articles of incorporation”, that term shall be construed to apply to a limited liability company’s articles of organization, as that term is defined in section 7-80-102 (1), C.R.S.;

(b) Where this code refers to “bylaws”, that term shall be construed to apply to a limited liability company’s operating agreement, as that term is defined in section 7-80-102 (11), C.R.S.;

(c) Where this code refers to “common stock” or “shares” of an industrial bank, such terms shall be construed to apply to a limited liability company’s membership interests;

(d) Where this code refers to a “corporation”, such term shall be construed to include a limited liability company organized under the “Colorado Limited Liability Company Act”, article 80 of title 7, C.R.S., which limited liability company conforms to this section and the requirements established by the banking board pursuant to section 11-102-104 (5.5);

(e) Where this code refers to a “director” or a “board of directors” of an industrial bank, such terms shall be construed to apply to a manager or the managers of a limited liability company;

(f) Where this code refers to an “incorporator”, such term shall be construed to apply to the organizers of a limited liability company;

(g) Where this code refers to a “shareholder” or a “stockholder” of an industrial bank, such terms shall be construed to apply to a member of a limited liability company.

## PART 3

## CHARTERS

**11-108-301. Incorporation.** Three or more persons desiring to form a bank, as permitted in this article, may incorporate such bank, and said bank may be chartered by the banking board to engage in the business of a bank upon compliance with the provisions of this article.

**Source: L. 2003:** Entire article added with relocations, p. 1142, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-22-101.2 as it existed prior to 2003.

**11-108-302. Charter - application - fee - issuance procedure - change in location.**

(1) The incorporators of a proposed industrial bank shall submit to the banking board an application for an industrial bank charter and in support thereof shall submit the following:

(a) An application for a charter in such form as may be prescribed by the banking board by rule, including the following: The name, address, and business affiliation of each director and proposed officer and the name and address of any and all other industrial banks with which each director and proposed officer may be affiliated as a director, officer, or stockholder; the name, address, and business affiliation of each subscriber to stock and the amount of stock subscribed for; the address at which it is proposed the industrial bank will maintain its place of business or, if such address is not known, the area within a radius of one-half mile in which the bank is to be located; a designation of the primary service area it proposes to serve; and such other information as the banking board may reasonably require to enable it to determine whether such charter should be issued;

(b) Proposed articles of incorporation, containing: The name of the proposed industrial bank; the city or county in which it is to be located; the amount of capital; the number and par value of the shares authorized; the number of directors; a statement whether cumulative voting will be permitted for directors; preemptive rights, if any, of stockholders; its term of existence; and such other proper provisions as may be approved by the banking board to govern the affairs and business of the proposed industrial bank, including such provisions required by law for the incorporation of ordinary corporations. The name of the industrial bank need not comply with the requirements of part 6 of article 90 of title 7, C.R.S. Only one class of par value stock of not less than ten dollars per share shall be authorized, but the foregoing shall not affect industrial banks chartered prior to July 1, 1965, having other classes of stock or other par value than recited in this article. The articles of incorporation shall not contain any provisions authorizing such proposed industrial bank to engage in any business or activity except as may be authorized by this article.

(c) Bylaws of the proposed industrial bank;

(d) An application fee established by the banking board pursuant to section 11-102-103 (12). The fee may be refunded to the incorporators by the banking board if the application for charter is withdrawn by the incorporators prior to the date set for public hearing. The applicants shall also submit evidence satisfactory to the banking board that the stock, in an amount not less than the minimum required by section 11-108-305, has been fully subscribed and paid in and that the subscribing stockholders have, in addition thereto, deposited an estimated amount to cover organizational expense.

(2) (a) Within sixty days after the submission of an application, the banking board shall determine whether the application is complete or whether deficiencies exist in the application and shall notify the applicant of such finding and shall specify any deficiencies that have been found to exist. In the event that the application is not completed in accordance with this section and the rules of the banking board within ninety days after the submission date, the application shall be deemed withdrawn and the application fee forfeited.

(b) After the application has been properly completed within the required ninety-day period, the hearing required by this section shall be held and a decision rendered by the

banking board on the charter application at least thirty days prior to any hearing on any later filed application for a bank proposing to serve any portion of the same primary service area.

(c) The banking board, upon determining that the application is complete, shall fix a time and place for a hearing upon such application not less than thirty days nor more than ninety days after such determination or not less than thirty days nor more than ninety days after the banking board renders a decision on an earlier filed application to serve a portion of the same primary service area. At least thirty days prior to the hearing, the banking board shall notify the applicants thereof and mail notices of the hearing upon such application to each industrial bank doing business in the primary service area to be served by the applicant and to such other persons and organizations as the banking board may select. If any person or organization objects to the application, such person or organization may file with the banking board a written objection within twenty days after receipt of the notice of hearing. At such hearing, applicants, persons notified by this subsection (2), and other persons interested may appear and offer testimony in support of, or in opposition to, such application, and such testimony shall be transcribed. The banking board may continue the hearing from time to time for the purpose of taking additional testimony.

(d) Notwithstanding any other provision of this section, if the banking board has given notice pursuant to paragraph (c) of this subsection (2) of a hearing on any application for charter filed pursuant to this section and the banking board has received no written protests against such charter application within ten days prior to the hearing, the banking board may grant such charter without a hearing as otherwise required in this section if the applicants for such charter are known to the banking board.

(3) (a) Upon the receipt of the instruments recited in subsection (1) of this section, the banking board shall investigate the facts and the application and, after a hearing, shall grant the charter if it finds that:

(I) Allowing the applicants to engage in such business will serve the public need and advantage in the primary service area in which the business of the applicants is to be conducted; and that the volume of business in the primary service area that the applicants propose to serve, attributable to industrial banking, is such that profitable operation of the industrial bank may reasonably be projected;

(II) The experience, financial responsibility, character, and general fitness of the proposed officers, directors, stockholders, and persons in control of the industrial bank, as defined in section 11-108-101 (1), are such as to command the confidence of the public and to warrant belief that the business will be operated lawfully and within the purposes of this article. In making a determination under the provisions of this subparagraph (II), the banking board shall be governed by the provisions of section 24-5-101, C.R.S.; and

(III) The articles of incorporation and bylaws are in compliance with law and any rules of the banking board and its proposed capital satisfies the standards and guidelines in the rules promulgated by the banking board.

(b) The applicants shall have the burden of proving the matters set forth in paragraph (a) of this subsection (3).

(4) Such charter shall not be issued until: The articles of incorporation, duly approved by the banking board, have been filed by the incorporators with the secretary of state of Colorado and with the banking board; the proposed capital satisfies the standards and guidelines in the rules promulgated by the banking board; and the organization of said industrial bank, including adoption of the bylaws, election of members to the board, and the election of its officers have been duly completed.

(5) The banking board shall grant or deny an application for a charter within thirty days after conclusion of the hearings thereon. Within ten days after the entry of an order denying or granting an application, the banking board shall give written notice thereof and the banking board's reasons therefor to the applicants and to such industrial banks or other persons who appeared at the hearing in opposition to the granting of such application. The banking board shall make execution of its order to grant a charter contingent upon the proposed industrial bank's making a bona fide application for, and receiving membership in, the federal deposit insurance corporation or the federal reserve system.

(6) The proposed incorporators, or any industrial bank, or other persons aggrieved by the order of denial or granting of the application may seek a review thereof in any district

court of Colorado within thirty days after written notice of the issuance of said order. The court may affirm the order of the banking board, or may reverse or modify the same, or direct the banking board to take any action deemed proper if it finds that the banking board abused its discretion or exceeded its jurisdiction. Review by appeal may be prosecuted from the final judgment of the district court as provided by law and the Colorado appellate rules in the same manner as appeals are taken from judgments of the district court in civil actions.

(7) (a) If a bank chartered under the provisions of this article desires to move from the location for which the charter was granted, the bank shall submit to the banking board in such form as the banking board may prescribe an application for change of location. The application for change of location shall include the following: The new address at which the bank proposes to maintain its place of business; a designation of the primary service area it proposes to serve; evidence satisfactory to the banking board that the requirements of section 11-108-305 (1) relating to the proposed new location have been met; and such other information as the banking board may reasonably require to enable it to determine whether the application for change of location should be granted.

(b) If the proposed new location of the bank is over five hundred feet from the location for which the charter was granted, then, within thirty days following the submission of an application for change of location, the bank shall give notice to the public of the proposed new location by publishing, at least twice in a newspaper of general circulation in the primary service area that such bank serves, a notice identifying the present location of the bank and the proposed new location. If the proposed new location of the bank is five hundred feet or less from the location for which the charter was granted, no such public notice shall be required under this paragraph (b), and the banking board shall grant or deny the application for a change of location within sixty days after submission by the applicant.

(c) If the proposed new location of the bank is more than five hundred feet from and within a radius of one-half mile of the location for which the charter was granted, the banking board shall mail notice of such application for change of location within thirty days following submission of the application to each bank doing business in the primary service area to be served by the applicant. If no bank which received notice of the application objects in writing to the banking board within thirty days after mailing of such notice, the banking board may grant or deny the application, without a hearing, based upon the merits of the application, but such application shall be granted only if the provisions of section 11-108-305 (1) relating to the proposed new location have been met. If any bank receiving notice does object in writing and requests a hearing on the application, the banking board shall determine if a hearing is advisable, and, if it finds it advisable the banking board shall mail a notice of such hearing to each bank doing business in the primary service area to be served.

(d) If the proposed new location of the bank is more than one-half mile from the location for which the charter was granted, the banking board shall give notice within thirty days following submission of the application to each bank doing business in the primary service area to be served by the applicant and to such other persons and organizations as the banking board determines. If no bank, person, or organization receiving notice of the application objects in writing to the banking board within thirty days after mailing of such notice, the banking board may grant or deny the application, with or without a hearing, at its discretion, based on the merits of the application, but such application shall be granted only if the provisions of section 11-108-305 (1) relating to the proposed new location have been met. If any bank, person, or organization receiving notice does object in writing and requests a hearing on the application, the banking board shall hold a hearing on the application, and the banking board shall mail a notice of such hearing to all persons and organizations who were mailed notice of application to change location.

(e) Any hearing held under the provisions of this subsection (7) shall be held within ninety days following the date of mailing of the notice of hearing. At such hearing, the applicant, persons, or organizations notified pursuant to this subsection (7), and other persons interested may appear and offer testimony in support of, or in opposition to, the application for change of location, and such testimony shall be transcribed.

(f) The banking board shall grant or deny an application for change of location within ninety days after the conclusion of any hearing held on the application or, if no hearing is held, within ninety days after the receipt of the application.

#### ANNOTATION

**Annotator's note.** Since § 11-108-302 is similar to § 11-22-102 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, relevant cases construing that provision have been included in the annotations to this section.

Gerber*, 151 Colo. 180, 377 P.2d 111 (1962).

**Unrealistic estimate of business volume is not grounds for application denial.** There is nothing in this section precluding one from engaging in the banking business because his estimates of future volume of business and earnings are unrealistic. *Goldy v. Gerber*, 151 Colo. 180, 377 P.2d 111 (1962).

**The existence of another industrial bank in the area is not grounds for denial.** A finding by the bank commissioner that one industrial bank exists in the support area and that other facilities exist in or near the area affected does not support a determination that granting of a charter to defendant citizens to do business as an industrial bank would be detrimental to the convenience and advantage of the community. *Goldy v. This being the only evidence bearing on the applicant's fitness, and the matter having been resolved satisfactorily to the end that the applicant was authorized by the commissioner to resume his money lending operations, the record does not support the finding that the applicants in general or in particular were unfit to engage in the business of industrial banking. *Bloom v. Cohen*, 165 Colo. 126, 437 P.2d 344 (1968).

**Intention to transfer stock ownership need not be disclosed.** There is no requirement in this section that the application disclose what may or may not be a firm future intention to transfer ownership of some or all of the stock to another entity. *Monroe Indus. Bank v. Bloom*, 648 P.2d 686 (Colo. App. 1982).

promulgating such rules, the banking board shall consider all relevant factors, including without limitation the policies set forth in section 11-101-102 and relevant federal laws and regulations. Each industrial bank subject to this article shall at all times comply with the capital rules promulgated by the banking board.

(2) The board of directors of an industrial bank may declare dividends from retained earnings and from other components of capital specifically approved by the banking board so long as the declaration is made in compliance with the rules established by the banking board.

(3) If the banking board has reason to believe that the capital of any industrial bank is inadequate under the rules of the banking board, the banking board may ascertain the facts and furnish the bank with a copy of its determination. If the banking board determines an inadequacy of capital based upon such determination, the commissioner, with the approval of the banking board, may direct the industrial bank to levy an assessment in a designated amount upon the holders of record of common stock to remedy an inadequacy of capital. Upon receipt of an order to levy an assessment, the directors shall cause to be sent to all holders of common stock, at their addresses, a copy of the order and a copy of this subsection (3). If an assessment is not paid within the time prescribed in the order or such shorter period as the directors decide, but not less than thirty days, the bank may offer the shares of the defaulting stockholders for sale at public auction or private sale at a price that shall not be less than the amount of the assessment and the cost of the sale. Any excess shall be paid to the prior owners. Except under circumstances where section 11-103-203 applies, the method of collection provided in this section shall be the sole method of collecting assessments. If an assessment is not paid within ninety days after the date of the order to levy or at such other date as may be specified in the order, but in no event less than thirty days, the commissioner may, with the approval of the banking board, proceed pursuant to part 6 of this article; however, for good cause shown to the banking board by the affected bank, the banking board may extend the ninety-day limit. If the banking board determines that the capital or reserves of any bank are inadequate, the banking board may order the bank not to make new loans or discounts.

(4) Any industrial bank upon application to and approval by the banking board, may operate one loan production office as defined by the banking board. Notwithstanding the limitations of this subsection (4), an industrial bank is authorized to engage in such deposit and loan activities as are expressly authorized by this article through a communications facility, as defined in section 11-48-103.

**11-108-306. Assessments.** (1) The banking board shall annually establish fees and assessments pursuant to section 11-102-104 (11). Assessments may be made more frequently than annually at the discretion of the banking board.

(2) For the fiscal year beginning July 1, 1992, and for each fiscal year thereafter, the banking board shall establish its annual assessment to be collected at least semiannually in such amounts as are sufficient to generate the moneys appropriated by the general assembly to the division of banking for each such fiscal year.

#### PART 4

#### RECORDS, REPORTING, AND INFORMATION

**11-108-401. Subject to corporation laws - powers of banking board - examinations by commissioner - reports by industrial banks.** (1) Industrial banks shall be subject to and governed by the laws relating to general business corporations, except where inconsistent with the provisions of this article, but, in addition thereto, the commissioner shall examine the books and records of every industrial bank as often as deemed advisable and to the extent required by the banking board. The cost of the examination shall be borne by the industrial bank at the rate provided for in section 11-108-306.

(2) The commissioner shall examine, as often as deemed advisable and to the extent required by the banking board, any electronic data processing centers of an industrial bank or any electronic data processing centers that serve an industrial bank, without regard to the location of the electronic data processing center; shall make and file in his or her office a correct report in detail disclosing the results of such examination; and shall mail a copy of such report to the data processing centers examined and the industrial bank that they serve.

(3) (a) The commissioner, if he or she deems it necessary or if required by the banking board, may examine the books and records of the controlling shareholder of an industrial bank and any affiliated entities of the controlling shareholder for the purpose of determining the safety and soundness of the industrial bank. If the controlling shareholder or affiliate's records are located outside this state, the controlling shareholder or affiliate shall either make them available to the commissioner at a convenient location within this state or pay the reasonable and necessary expenses for the commissioner or the commissioner's representative to examine them at the place where they are located. The commissioner may designate representatives, including comparable officials of the state in which the records are located, to inspect them on the commissioner's behalf. If a controlling shareholder or affiliate refuses to permit the commissioner to make an examination, the banking board may fine such controlling shareholder or affiliate an amount not to exceed one hundred dollars for each day any such refusal continues. In lieu of any examination required by this subsection (3), the commissioner may accept an audit for the previous fiscal year prepared by an independent certified public accountant, independent registered accountant, or other independent qualified person. If the commissioner accepts an audit prepared by such independent person, no costs thereof shall be borne by the commissioner and all costs of such audit shall remain the obligation of the controlling shareholder or affiliate.

(b) For purposes of this subsection (3):

(I) "Affiliated entity" or "affiliate" means an entity in control of a controlling shareholder.

(II) "Controlling shareholder" means a shareholder in control of an industrial bank.

(III) "In control of" means that an entity or shareholder meets the same criteria for acquiring control as are set forth in section 11-102-303 for acquiring control of a state bank.

(4) Any person who becomes a director, executive officer, or other person who, directly or indirectly, is responsible for the management, control, or operations of an industrial bank shall within ninety days thereafter file a report with the banking board containing: A statement describing any civil or criminal offenses involving fraud, dishonesty, moral turpitude, bribery, perjury, larceny, theft, robbery, extortion, forgery, counterfeiting, embezzlement, misappropriation of property, or conspiracy to commit any of such offenses, or an offense affecting such person's qualification to serve in such capacity with respect to which such person has been found guilty or liable by any federal or state court or federal or state regulatory agency; such biographical information as the banking board requires; and such other information as the banking board requires pursuant to its rules. If any statement contained in such report subsequently becomes inaccurate or misleading in any way, such person shall file an amended report within thirty days after the date on which the statement

in the report first becomes inaccurate or misleading. Any person who fails to comply with this subsection (4) shall be required by the banking board to pay a penalty in an amount set by the banking board by rule, which shall not exceed twenty-five dollars per day, and such penalties shall be deposited in the general fund. The banking board, for valid reasons and good cause, may waive such penalty.

(5) If any industrial bank changes any executive officer, director, or other person who, directly or indirectly, is responsible for the management, control, or operations of the bank, such changes shall be promptly reported to the banking board, and the bank shall provide such information concerning such person as may be requested by the banking board on such forms as the banking board may require, including information about the reasons for termination from any prior employment and whether such person was charged or convicted of any civil or criminal offenses enumerated in subsection (4) of this section. No civil liability shall arise for any industrial bank, its directors, executive officers, employees, or agents, or other persons due to compliance with the requirements of this subsection (5). The purpose of such information is to inform the banking board of the qualifications of such person as they may affect the safety and soundness of the bank. The information shall be treated as confidential under this article. Any industrial bank that fails to comply with this section shall be required by the banking board to pay a penalty in an amount set by the banking board by rule, which shall not exceed twenty-five dollars per day, and such penalties shall be deposited in the general fund. The banking board, for valid reasons and good cause, may waive such penalty.

(6) An industrial bank shall not permit other businesses to be carried on at its place of business except as permitted by this article, unless such businesses were carried on at the place of business of the bank prior to July 1, 1965. A bank shall identify other businesses carried on at its place of business by conspicuous signs placed in or upon the exterior of and adjacent to the principal entrance of its place of business.

(7) (a) Industrial banks that are subject to reserve provisions of the "Federal Reserve Act", as amended, shall maintain such reserves against deposits as may be required by the "Federal Reserve Act", as amended, but in addition thereto the banking board may by rule impose reserve requirements that it deems prudent and sound on said industrial banks. The banking board may also impose reserve requirements by rule on industrial banks not subject to reserve provisions of the "Federal Reserve Act", as amended.

(b) In addition to the reserve against deposit liability, a bank shall maintain a reserve against bad debts as required by law and the banking board.

(8) In addition to other powers conferred by this article, the banking board has power to:

(a) Regulate the procedure and practice at hearings;

(b) Implement by order and rule any provision of this article and obtain restraining orders and injunctions to prevent violation of, and enforce compliance with, the provisions of this article and the orders and rules issued thereunder. In the exercise of such power to make orders and rules to implement the provisions of this article, the banking board shall act, consistent with the policies expressed in section 11-101-102, in the interests of promoting and maintaining a sound industrial banking system, the security of deposits and depositors, and the protection of other customers.

(c) Restrict the withdrawal of deposits from any industrial bank or the payment of any certificate of deposit, contract, or agreement when the banking board determines that the capital of such industrial bank is inadequate pursuant to the provisions of section 11-108-501 (1) (a);

(d) Order any person or industrial bank to cease violating a provision of this article, or a lawful rule issued thereunder, or to cease engaging in unsound business practices. A copy of such order shall be mailed to each director of the industrial bank involved.

(e) Require the board of directors of industrial banks to:

(I) (A) Cause an annual audit of the industrial bank to be completed by an accounting firm composed of certified public accountants or a directors' examination by a public accountant or any other independent person or persons as determined by the banking board at least annually but at intervals of not more than fifteen months as may be required by the banking board or its rules. The banking board shall adopt rules regarding the qualifications

of such public accountant and other independent person or persons who shall assume the responsibility for due care in such directors' examinations. The banking board's rules shall also establish the scope of such director's examinations, which shall include safeguards to ensure that such examinations adequately describe the financial condition of the financial institution. The banking board may require an audit to be completed by an accounting firm composed of certified public accountants under certain circumstances. A report of the audit or directors' examination and any related management letters and documents shall be completed and submitted to the banking board within the time frames, in the form, and containing such information as the banking board may require in its rules. Such report of the audit or directors' examination and any related management letters and documents shall be reviewed by the directors at the next meeting of the board of directors.

(B) If an industrial bank is owned or controlled by a bank holding company, the requirement of sub-subparagraph (A) of this subparagraph (I) may be fulfilled if: As required by the banking board and its rules, the controlling bank holding company is audited or examined in a directors' examination annually at intervals of not more than fifteen months and the industrial bank is included in the annual audit or directors' examination of the bank holding company by that firm; a report of the audit or directors' examination for the controlling bank holding company and any related management letters and documents is completed and submitted to the banking board within the time frames, in the form, and containing such information as the banking board may require in its rules; and an annual internal examination of the industrial bank is prepared by the internal examination staff of the controlling bank holding company which shall be submitted to the banking board immediately upon its request.

(II) Cause the financial statements of the industrial bank to be prepared in accordance with generally accepted accounting principles consistently applied, except as the banking board may otherwise provide in order to establish regulatory and competitive parity and pursuant to the policies expressed in section 11-101-102;

(III) File, record, or otherwise make effective any lien or other interests in property;

(IV) Obtain a financial statement from a person with present or prospective liability to the industrial bank to the extent that the industrial bank can do so;

(f) (I) After notice and hearing, suspend any officer or director for fraud, embezzlement, or failure to comply with any provision of this article or any valid order or rule of the banking board.

(II) With respect to any action pursuant to this section, ten days' notice, by certified mail, return receipt requested, and hearing shall be provided to the bank affected in advance of any action taken by the banking board. In cases found by the banking board to involve extraordinary circumstances requiring immediate action, the banking board may take such action, without notice of hearing, but shall promptly afford a subsequent hearing upon application to rescind the action taken.

(g) Order any industrial bank to cease making loans if the banking board determines that the reserves against savings obligations as required in subsection (7) of this section, are deficient, or are not in compliance with this article, or are otherwise inadequate, or order any industrial bank to cease taking savings obligations if the banking board determines that the capital of such bank are inadequate.

(9) The banking board has the power to subpoena witnesses, compel their attendance, require the production of evidence, administer oaths, and examine any person under oath in connection with any subject relating to a duty imposed upon, or a power vested in, the banking board.

(10) Any industrial bank aggrieved and directly affected by an order or rule of the banking board issued under this article may seek a review in the district court of Colorado in and for the county in which the industrial bank is located, within thirty days after receipt of written notice of the issuance of said order or rule. The filing of such a petition for review shall not, of itself, stay enforcement of an order or rule, but the court, upon a finding that irreparable injury would otherwise result, may order a stay upon such terms as it deems proper. The court may affirm the order of the banking board or may direct the banking board to take any action deemed proper.

(11) (a) A bank shall not, without the written consent of the banking board, purchase real estate or any interest therein or make substantial improvements thereon; except that an industrial bank shall not be prohibited from purchasing or otherwise acquiring real estate or any interest therein pursuant to section 11-108-704.

(b) Any consent given by the banking board under the provisions of paragraph (a) of this subsection (11) shall not constitute any determination by the banking board as to the value of any real estate or the improvements thereon.

(12) No industrial bank shall advertise, display, distribute, or broadcast, or cause or permit to be advertised, displayed, distributed, or broadcasted, in any manner whatsoever, false, misleading, or deceptive statements or representations with regard to the charges for, or terms of, loans, or with reference to its savings deposits or certificates of deposit. The banking board has the power to require that all advertisements of any industrial bank be stated fully and clearly and in such manner as the banking board may deem necessary to prevent misunderstanding thereof by prospective borrowers, depositors, or purchasers of certificates of deposit.

(13) The provisions of article 52 of title 12, C.R.S., known as the "Money Order Act", shall not be applicable to industrial banks, nor shall industrial banks be required to comply therewith.

(14) No person who in good faith relies on any order or rule of the banking board shall be subjected to any civil or criminal liability for any act or omission to act, notwithstanding a subsequent decision by a court invalidating any such order or rule.

(15) The banking board, the bank commissioner, and all deputies and employees of the division of banking shall not divulge any information acquired by them in the discharge of their duties except insofar as the same may be rendered necessary by law. The banking board, the commissioner, and their designees may exchange such information with the United States comptroller of the currency, the federal deposit insurance corporation, the board of governors of the federal reserve system, the executive director of the department of regulatory agencies, the division of savings and loan, and banking regulatory agencies of other states. In addition, the banking board, the commissioner, and their designees may exchange information as to possible violations of the federal "Employee Retirement Income Security Act of 1974", as amended, with the federal department of labor or the executive director of the department of regulatory agencies. The executive director of the department of regulatory agencies and the state commissioner of savings and loan associations and their deputies shall, before entering upon the discharge of their duties specified in this section, in addition to an oath required by the state constitution, take and subscribe an oath to keep secret all information acquired by them in the discharge of such duties, except as may otherwise be required by law. Willful violation of this oath shall be a criminal offense. Notwithstanding any provision of this article to the contrary, the bank commissioner, the deputies, and the members of the banking board may disclose any information in the records of the division of banking or acquired by them within the discharge of their duties that is publicly available from the federal deposit insurance corporation, the United States comptroller of the currency, or the federal reserve system and disclose information that has been specifically authorized by the board of directors of the bank to which such information relates.

(16) Any person who willfully makes, circulates, or transmits to another any false statement, written or oral, that is directly or by inference derogatory to the financial condition of any industrial bank and that results in an extraordinary withdrawal of funds from such bank or that results in impairing public confidence in such bank and any person who shall counsel, aid, procure, or induce another to start, transmit, or circulate any such statement knowing the statement to be false commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

## ANNOTATION

**Annotator's note.** Since § 11-108-401 is similar to § 11-22-109 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant

case construing that provision has been included in the annotations to this section.

**Applied** in *Monroe Indus. Bank v. Bloom*, 648 P.2d 686 (Colo. App. 1982).

**11-108-402. Requirements for acquiring control of industrial banks - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Controlling person" means a person who is in control of an industrial bank or would be in control of an industrial bank after a proposed acquisition.

(b) "Person" means an individual, a corporation, a partnership, a trust, or any other legal entity.

(2) A person shall be deemed to have acquired control of an industrial bank if, as a result of acquisition, such person:

(a) Directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing twenty-five percent or more of the outstanding voting stock thereof;

(b) Controls in any manner the election of a majority of the directors thereof; or

(c) Exercises a controlling influence over the management or policies thereof.

(3) (a) Whenever a person proposes to acquire control of any industrial bank, such person shall first make application to the banking board for approval. Without approval from the banking board pursuant to subsection (4) of this section, a person shall be prohibited from making such an acquisition.

(b) An application required by paragraph (a) of this subsection (3) shall contain the following information to the extent that it is known by the person making the application:

(I) The number of shares involved;

(II) The name of each seller or transferor;

(III) The name of each purchaser or transferee;

(IV) The name of each beneficial owner if the share or shares are registered in another name;

(V) The purchase price;

(VI) Detailed information concerning any loans made in connection with the acquisition;

(VII) Such other information concerning the transaction as may be available to inform the commissioner of the effect of the transaction upon the control of the industrial bank involved;

(VIII) Biographical and financial information concerning each purchaser, controlling person, or person in control of a controlling person participating in the proposed acquisition; and

(IX) The name of each controlling person and each person in control of a controlling person participating in the proposed acquisition.

(4) (a) After receipt of an application, the commissioner shall make an investigation, and the banking board shall approve the change of control only after the banking board has determined:

(I) That the person proposing to acquire control is qualified by character, experience, and financial responsibility to control the industrial bank in a legal and proper manner;

(II) That the interests of the public generally will not be jeopardized by the proposed acquisition; and

(III) That the person proposing to acquire control has satisfied the requirements of this section and the other provisions of articles 101 to 104, parts 1 to 5 of article 105, and articles 106 and 107 of this title and this article.

(b) The general assembly declares that the acquisition of control of or of any ownership interest in industrial banks by persons owned or controlled by a country with which it has been determined to be against the national interest to trade without export controls for national security purposes by the president of the United States or another appropriate agency of the federal government as directed by the president pursuant to the "Export Administration Act of 1979", 50 U.S.C. Appendix sec. 2401 et seq., the "International

Emergency Economic Powers Act", 50 U.S.C. sec. 1701 et seq., or any rule, order, or decision promulgated in connection therewith is against the public interest. If the application or the commissioner's investigation indicates that any person seeking to have control of or any ownership interest in an industrial bank is owned or controlled by such a country, the banking board may not approve any such change of control.

(5) This section shall not apply to the acquisition of:

(a) Voting proxies acquired in the normal course of business as a result of a proxy solicitation in conjunction with a stockholders' meeting;

(b) Stock held in a fiduciary capacity unless the acquiring person has sole discretionary authority to exercise voting rights with respect thereto;

(c) Stock acquired in securing or collecting, in whole or in part, a debt contracted in good faith or stock acquired through testate or intestate succession or bona fide gift, if the acquirer advises the banking board of such acquisition within thirty days after the acquisition and provides any information required or requested by the banking board or commissioner;

(d) Stock acquired by an underwriter in good faith and without any intent to evade the purpose of this section if the shares are held only for such reasonable period of time as will permit the sale thereof; or

(e) Pro rata stock dividends.

(6) If the banking board has not acted upon a completed application within sixty days after receipt thereof, unless extended for an additional thirty days by the banking board, such application shall be considered approved.

(7) Whenever any person proposes to acquire control of any industrial bank and is required by the "Change in Bank Control Act of 1978" (section 7 (j) of the "Federal Deposit Insurance Act", 12 U.S.C. 1817 (j)), as such act may be amended from time to time, to give the appropriate federal banking agency prior written notice of such proposed acquisition, a copy of such notice with supporting information shall be given concurrently to the banking board for information. The banking board may use such information in evaluating applications submitted pursuant to this section and shall submit its recommendations and comments to the appropriate federal regulatory authority in a timely manner.

(8) (a) Except for the acquisitions approved by the banking board prior to July 1, 2003, a company shall not directly or indirectly acquire or retain control of an industrial bank, including through merger, consolidation, subsidiary or affiliate arrangement, or any other type of business combination, unless the company is engaged only in the activities permitted for a financial holding company pursuant to 12 U.S.C. sec. 1843 (k) (1). This subsection (8) shall not be construed to prohibit acquisition or retention of control of an industrial bank by a natural person or the retention of control of an industrial bank by a person who controlled an industrial bank prior to July 1, 2003.

(b) For the purposes of this subsection (8):

(I) "Company" means a company as defined in 12 U.S.C. sec. 1841 (b).

(II) "Financial holding company" means a financial holding company as defined in 12 U.S.C. sec. 1841 (p).

(9) (a) No industrial bank may accept deposits or make loans at a commercial location unless the industrial bank is owned by a financial holding company.

(b) Nothing in this section shall be construed as authorizing any additional powers for an industrial bank or other financial institution.

(c) For the purposes of this subsection (9):

(I) "Commercial location" means a location owned, operated, leased, or otherwise controlled by an entity that derives fifteen percent or more of its annual gross revenues, on a consolidated basis, including all affiliates of the entity, from engaging, on an on-going basis, in activities that are not financial in nature or incidental to a financial activity during at least three of the prior four calendar quarters, as determined by the division of banking.

(II) "Financial holding company" means a financial holding company as defined in 12 U.S.C. sec. 1841 (p).

(d) This subsection (9) shall not apply to an industrial bank that became an insured depository institution prior to October 1, 2003, and that is a subsidiary of an entity that derives less than fifteen percent of its annual gross revenues, on a consolidated basis,

including all affiliates of the entity, from engaging, on an on-going basis, in activities that are not financial in nature or incidental to a financial activity during at least three of the prior four calendar quarters, as determined by the division of banking.

**11-108-403. Reports on condition and income to commissioner.** (1) Every industrial bank shall make and file with the commissioner not less than three reports during each calendar year according to the form that may be prescribed by the commissioner, verified by the oath of either the president, the vice-president, the cashier, or the secretary and attested by the signature of three or more of the directors. Each such report shall exhibit in detail, as may be required by the commissioner, the resources and liabilities of the industrial bank at the close of business on the day past to be specified by said commissioner in writing.

(2) Said reports shall be transmitted to the commissioner within thirty days after the request therefor.

(3) The commissioner has power to call for special reports from any particular industrial bank if, in the commissioner's judgment, the same are necessary to a full and complete knowledge of its condition. No such special report, nor any summary thereof, shall be required to be published. The reports required by, and filed pursuant to, this section shall be in lieu of all others required by law from industrial banks. Every industrial bank that fails to comply with this section shall pay to the commissioner a penalty in an amount set by the banking board pursuant to section 11-102-104 (11) for each day's delay. The commissioner, for valid reasons and good cause, may waive such penalty.

**Editor's note:** This section is similar to former § 11-22-109.6 as it existed prior to 2003.

**11-108-404. Industrial bank converted to state bank.** (1) Any industrial bank organized under the laws of this state may apply to the banking board, in such form and with such exhibits as it shall prescribe, to be converted into a state bank. Proposed amended articles of incorporation shall accompany the application.

(2) Upon receipt of such application and proposed amended articles of incorporation, the banking board shall proceed to process and hear such application and grant or deny a charter in the same manner and upon the same standards as prescribed in section 11-103-304, relating to the granting or denying of a charter.

(3) In the event of a denial of an application for conversion, the applicant has the right of review and appeal in the manner and form provided in section 11-108-302 (6).

(4) Upon a charter being granted, the industrial bank shall file amended articles of incorporation and also certified copies of the resolution passed by the board of directors and stockholders representing not less than two-thirds of the capital stock of such bank authorizing such conversion. The resolutions of the stockholders shall declare that the officers have been authorized and required to file amended articles of incorporation and to take all steps necessary or proper to convert the industrial bank into a state bank. Upon the filing of the amended articles of incorporation, the banking board shall issue a charter to the industrial bank authorizing it to commence business in the same form as is issued to a state bank. The officers, after executing the amended articles of incorporation, have the power to

execute all other papers and perform all other acts as may be required in connection with the conversion of the industrial bank.

(5) Upon the filing of the amended articles of incorporation, such bank and all of its stockholders, officers, and employees have the same rights, powers, and privileges and shall be subject to the same duties, liabilities, and obligations in all respects as are applicable to state banks originally organized as such under the laws of this state. The shares of stock of any such bank may continue to be for the same amount each as they were before the conversion, and the directors and officers of such bank may continue until others are elected or appointed.

(6) Upon the filing of the amended articles of incorporation, all of the property of the industrial bank, including all of its right, title, and interest therein as to all property of whatever kind, whether real, personal, or mixed, and things in action, and every right, privilege, interest, and asset of any conceivable value then existing, belonging to it or that would inure to it, shall be vested, immediately by act of law and without conveyance or transfer and without any further act or deed, in and be the property of the state bank, which shall have, hold, and enjoy the same in its own right as fully and to the same extent as the same was possessed, held, and enjoyed by the industrial bank. The bank converted under this part 4, in every respect, shall be subject to the provisions of the law pertaining to state banks and shall be deemed to have a continuation of the entity and of the identity of the industrial bank, and all the rights, obligations, and relations of the industrial bank to or in respect to any person, creditor, or depositor shall remain unimpaired.

(7) If necessary, the banking board, for a period not to exceed one year after the date of the issuance of the charter to commence business, subject to such condition as it may prescribe, may permit the converted bank to continue and carry, at a value determined by the banking board, such of the assets of the converted bank as do not conform to the legal requirements relative to assets required and held by state banks.

(8) Any industrial bank organized under this article has the power to purchase and hold, for the purpose of becoming a member of a federal reserve bank, so much of the capital stock thereof as will qualify it for membership in such bank pursuant to the "Federal Reserve Act", and acts amending such act; to become a member of such federal reserve bank and to have and exercise all powers, not in conflict with the laws of this state, that are conferred upon any such member by the "Federal Reserve Act", and acts amending such act. Such industrial bank and its directors, officers, and stockholders shall continue to be subject to all liabilities and duties imposed upon them by any law of the state and to all provisions of this article.

(9) Any industrial bank organized under this article has power to obtain federal deposit insurance or other deposit insurance and to assume and discharge such obligations to the federal deposit insurance corporation or other insurance corporations as may be necessary or required for the purpose of maintaining deposit insurance in such corporations.

## PART 5

DIRECTORS, PENALTIES, REMOVAL,  
SUSPENSION, AND ENFORCEMENT

**11-108-501. Unsound business practices.** (1) For the purposes of this article, an unsound business practice includes, but is not limited to, the following:

(a) The conducting of any business by a bank while the capital of any such bank is inadequate under rules of the banking board. The capital of a bank shall be deemed inadequate if the capital is less than the requirements set by the banking board pursuant to the provisions of section 11-108-305.

(b) The violation by a bank of its articles of incorporation, of any provision of this article or any rule promulgated pursuant thereto, or of any other law or rule of this state that may impair the financial soundness of the bank;

(c) The conducting by a bank of its business in an unsafe or unauthorized manner;

(d) The refusal by a bank to submit its books, papers, and affairs for reasonable inspection by any representative of the division of banking;

(e) The refusal by any officer, director, employee, or agent of any bank to be examined under oath regarding the condition of such bank;

(f) The suspension by a bank of the payment of its obligations;

(g) The operation of a bank in a manner that significantly impairs the condition of the bank or otherwise materially affects the interests of its depositors;

(h) The failure to maintain adequate reserves for losses;

(i) The payment of management or other fees to any person, firm, corporation, or other entity for services rendered in an amount not justified by the actual services rendered;

(j) The payment by a bank of dividends if such payment results in an inadequacy of capital as defined in paragraph (a) of this subsection (1). In making such a determination, the adequacy of loss reserves maintained by the bank shall be taken into consideration.

(k) The repayment of any capital notes, debentures, or evidences of indebtedness that have been included as part of the capital of a bank, without the express prior written consent of the banking board;

(l) The extension of credit to any officer, director, or principal shareholder of a bank, or any related interest of that person, unless the extension of credit:

(I) (A) Is made on substantially the same terms including interest rates, maturity, and collateral as those prevailing at the time for comparable transactions by a bank with other persons; or

(B) Is made pursuant to a benefit or compensation program that is widely available to employees of the bank and does not give preference to any insider; and

(II) Does not involve more than the normal risk of repayment or present other unfavorable features.

**Editor's note:** This section is similar to former § 11-22-115 as it existed prior to 2003.

**11-108-502. Assessment of civil money penalties by banking board.** (1) (a) (I) After notice and a hearing as provided in article 4 of title 24, C.R.S., and after making a determination that no other appropriate governmental agency has taken similar action against such person for the same act or practice, the banking board may assess against and collect a civil penalty from:

(A) Any person who has violated any final cease-and-desist order issued by the banking board pursuant to section 11-108-401 (8) (d); and

(B) Any industrial bank that, or any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of such industrial bank who, violates or knowingly permits any person to violate any of the provisions of this article or any rule promulgated pursuant to this article, or engages or participates in any unsafe or unsound

practice in connection with an industrial bank. The civil money penalty shall not exceed one thousand dollars per day for each day such violation continues. This provision shall include, but need not be limited to, the following violations: Making, or causing to be made, delinquent payment of assessments under this section; submitting, or causing to be submitted, delinquent reports, including but not limited to call reports; or knowingly submitting, or causing to be submitted, to the banking board any report or statement that contains materially false or misleading information.

(II) The banking board may, at its option and upon waiver of the right to a public hearing by a respondent, close to the public any hearing concerning an assessment of a civil money penalty, an order of suspension or removal from office, an order to cease and desist from any unlawful or unsafe and unsound practices, or any other formal enforcement action by the banking board.

(b) For the purposes of this section, a violation shall include but need not be limited to any action, by any person alone or with another person, which causes, brings about, or results in the participation in, counseling of, or aiding or abetting of a violation.

(2) Civil money penalties shall be assessed by written notice of assessment of a civil money penalty served upon the person to be assessed. The notice of assessment of a civil money penalty shall state the amount of the penalty, the period for payment, the legal authority for the assessment, and the matters of fact or law constituting the grounds for assessment. The notice of assessment of a civil money penalty shall constitute a final order for purposes of judicial review pursuant to section 24-4-106, C.R.S.

(3) The banking board shall have authority to determine the amount of any civil money penalty assessed against any executive officer, director, employee, agent, or other person participating in the affairs of an industrial bank, except as expressly limited by this article. In determining the amount of the civil money penalty to be assessed, the banking board shall consider the good faith of the person assessed, the gravity of the violation, any previous violations by the person assessed, the nature and extent of any past violations, and such other matters as the banking board may deem appropriate; except that the civil money penalty shall be not more than one thousand dollars per day for each day the person assessed remains in violation.

(4) Civil money penalties assessed pursuant to this section shall be due and payable and collected within thirty days after the notice of assessment of a civil money penalty is issued by the banking board; except that the banking board may, in its discretion, compromise, modify, or set aside any civil money penalty. Any civil money penalty collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the general fund.

**Editor's note:** This section is similar to former § 11-22-115.1 as it existed prior to 2003.

**11-108-503. No indemnification or insurance against civil money penalties.** Notwithstanding any other provision of law, no industrial bank shall indemnify or insure any executive officer, director, employee, agent, or person participating in the conduct of affairs of such industrial bank against civil money penalties.

**11-108-504. Removal of director, officer, or other person.** (1) The banking board may serve any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of an industrial bank with a written notice of its intention to remove such person from office whenever the banking board determines:

(a) That any such person has committed any violation of this article, rule, or cease-and-desist order of the banking board, that has become final, or has engaged or participated

in any unsafe or unsound practice in connection with an industrial bank, or has committed or engaged in any act, omission, or practice that constitutes a breach of such person's fiduciary duty to the industrial bank; and

(b) (I) That the industrial bank has suffered or probably will suffer substantial financial loss or other damage or that the interests of its depositors could be seriously prejudiced by reason of such violation or practice or breach of fiduciary duty or offense; or

(II) That such person has received financial gain by reason of such violation or practice or breach of fiduciary duty or offense; or

(III) That such violation is one involving personal dishonesty on the part of such person or one that demonstrates a willful or continuing disregard for the safety or soundness of the trust company.

(2) Whenever the banking board determines that an executive officer, director, employee, agent, or other person participating in the conduct of the affairs of an industrial bank, by conduct or practice with respect to another industrial bank or business institution that results in substantial financial loss or other damage, has evidenced either personal dishonesty or a willful or continuing disregard for the bank's safety and soundness and, in addition, has evidenced unfitness to continue his or her relationship with the industrial bank, the banking board may serve upon such person a written notice of its intention to remove him or her from office or to prohibit his or her further participation in any manner in the conduct of the affairs of the industrial bank.

(3) A notice of intention to remove a director, executive officer, or other person from office or to prohibit such person's participation in the conduct of the affairs of an industrial bank shall contain a statement of the facts constituting grounds for removal and shall fix a time and place at which a hearing shall be held. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after the date of service of such notice, unless an earlier or a later date is set by the banking board at the request of such director or executive officer or other person, and for good cause shown. Unless such director, executive officer, or other person appears at the hearing in person or by a duly authorized representative, such person shall be deemed to have consented to the issuance of an order of removal or prohibition as specified in the notice issued pursuant to subsection (1) or (2) of this section. In the event of such consent or, if, upon the record made at any such hearing, the banking board finds that any of the grounds specified in such notice have been established, the banking board may issue such orders of suspension or removal from office as it may deem appropriate. Any such order shall become effective at the expiration of thirty days after service upon such industrial bank and the director, executive officer, or other person concerned except in the case of an order issued upon consent, which shall become effective at the time specified in the order. Such order shall remain effective and enforceable except to such extent as it is stayed, modified, terminated, or set aside by action of the banking board or a reviewing court.

**Editor's note:** This section is similar to former § 11-22-115.3 as it existed prior to 2003.

**11-108-505. Suspension of director, officer, or other person.** (1) The banking board may suspend an executive officer, director, employee, agent, or other person participating in the conduct of the affairs of an industrial bank who becomes ineligible to hold such person's position, or who after receipt of an order of the banking board to cease and desist violates this article or a lawful rule or order issued thereunder, or who is dishonest, or who is reckless or grossly incompetent in the conduct of business of an industrial bank, or who may be subject to removal under section 11-108-504. It shall be a criminal offense for any such person, after receipt of a suspension order, to perform any duty or exercise any power of any industrial bank until the banking board vacates such suspension order. A suspension order shall specify the grounds thereof. A copy of the order shall be sent to the industrial bank concerned and to each member of its board of directors.

(2) With respect to any action pursuant to this section, ten days' notice, by certified mail, return receipt requested, and hearing shall be provided to the industrial bank affected,

in advance of any action taken by the banking board. In cases found by the banking board to involve extraordinary circumstances requiring immediate action, the banking board may take such action, without notice or hearing, but shall promptly afford a subsequent hearing, upon application to rescind the action taken.

**Editor's note:** This section is similar to former § 11-22-115.4 as it existed prior to 2003.

**11-108-506. Informal enforcement authority.** The banking board, or the commissioner if so authorized by the banking board, shall have authority to initiate informal actions to enforce the provisions of this article. In this regard the banking board or the commissioner may, in its or the commissioner's discretion, enter into written agreements such as a memorandum of understanding with, or an informal commitment letter from, or a strongly worded letter of reprimand to any industrial bank or any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of the industrial bank.

**11-108-507. Director and officer insurance and fidelity bonds - legislative declaration.** (1) If any director or officer of a bank knowingly engages in any unsafe or unsound business practice or knowingly violates, in conducting the business of the bank, a law or rule or any condition imposed in writing by the banking board or commissioner, every director or officer participating in or knowingly assenting to such violation shall be held liable in such person's individual capacity for all damages that the bank, its shareholders, or any other person shall have sustained in consequence of such violation.

(2) If the banking board deems any officer of any bank to be dishonest, to be engaging in an unsafe or unsound business practice, or to be incompetent, it shall report in writing the facts regarding such officer to the board of directors or owners of said bank, and, if the directors or owners of said bank fail or refuse to take action on such report within ten days, the commissioner, if he or she deems it advisable, may send a copy of such report to the surety on the bonds of said officer.

(3) For the purposes of this section, "officer" means any person or entity that has the power to direct or cause the direction of the management and policies of the bank, other than in the capacity of a director, through the ownership of voting stock, by contract, or otherwise, and regardless of whether such person has an official title, whether such person's title contains a designation of assistant, and whether such person is serving without salary or other compensation.

(4) In the event of liquidation of a bank, the banking board may prosecute an action under this section to collect damages from such director or officer on behalf of such bank in any court of competent jurisdiction.

(5) (a) The general assembly hereby finds, determines, and declares that the following is enforceable and in conformity with the public policy of this state, as expressed in this article, including the provisions of section 11-101-102:

(I) Any insurance policy, form, contract, endorsement, or certificate that provides insurance coverage to directors or officers, or both, of an industrial bank but that does not grant coverage or that excludes coverage for claims made by any depository insurance organization or any other state or federal corporation, organization, or entity acting as receiver, conservator, or liquidator of such industrial bank, whether in its own name or in behalf of any other person or entity; or

(II) Any fidelity bond, financial institution bond, or depository institution bond that provides for termination of such bond upon the taking over of the industrial bank by a receiver or other liquidator or by state or federal officials.

(b) No provision of part 6 of this article shall be construed to contravene or modify the expressed public policy set forth in this subsection (5).

## PART 6

### LIQUIDATION AND DISSOLUTION

**11-108-601. Voluntary liquidation and dissolution.** (1) With the approval of the banking board, a bank may liquidate and dissolve. The banking board shall grant such approval if it appears that the proposal to liquidate and dissolve has been approved by a vote of two-thirds of the outstanding voting stock of the bank at a meeting called for that purpose and that the capital of the bank is adequate and such bank has sufficient liquid assets to pay off depositors and creditors immediately.

(2) (a) Upon approval by the banking board, the bank shall forthwith cease to do business, shall have only the powers necessary to effect an orderly liquidation, and shall proceed to pay its depositors and creditors and to wind up its affairs.

(b) Within thirty days after the approval, a notice of liquidation shall be sent by mail to each depositor and creditor at the address of such person as shown in the records of the bank. The notice shall be posted conspicuously on the premises of the bank and shall be published in such a manner as the banking board may require. With each notice, the bank shall send a statement of the amount shown in the records of the bank to be the claim of the depositor or creditor. The notice shall require that claims of depositors and creditors, if the amount claimed differs from the amount stated in the notice to be due, be filed with the bank before a specified date not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice.

(c) The approval of an application for liquidation shall not impair any right of a depositor or creditor to payment in full, and all lawful claims of creditors and depositors shall promptly be paid.

(d) Any assets remaining after the discharge of all obligations shall be distributed to the stockholders in accordance with their respective interests. No such distribution shall be made before all claims of depositors and creditors have been paid or any funds payable to a depositor or creditor and unclaimed have been transmitted to the banking board or before, in the case of any disputed claim, the bank has transmitted to the banking board a sum adequate to meet any liability that may be judicially determined.

(3) Any unclaimed distribution to a stockholder or depositor shall be held until ninety days after the final distribution and then transmitted to the banking board. Such unclaimed funds shall be held by the banking board for six years and, unless sooner claimed by the person entitled thereto, shall be transferred to the treasury of the county in which the bank is located. The county treasurer and the treasurer's successors shall hold such money in trust for a period of six years, unless the money shall be sooner paid out to the beneficial owner thereof. Any money remaining in the fund six years after the money is paid into the treasury of the county, for the recovery of which no action is pending, shall be transferred to the general fund of the county, and all rights of the beneficial owners therein to recover the same shall be forever barred.

(4) If the banking board finds that the assets will be insufficient for the full discharge of all obligations or that completion of the liquidation has been unduly delayed, it may take possession and complete the liquidation in the manner provided in this article for involuntary liquidations.

(5) The banking board may require reports of the progress of liquidation. If the banking board is satisfied that the liquidation has been properly completed, it shall cancel the charter and enter an order of dissolution.

**Source:** L. 2003: Entire article added with relocations, p. 1163, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-22-601 as it existed prior to 2003.

**11-108-602. Involuntary liquidation by banking board - reorganization.** (1) Except as otherwise provided in this article, only the banking board may take possession of a bank if it finds, after a hearing before the banking board, that: The bank's capital is inadequate; the bank is committing or has committed an unsound business practice as defined in section 11-108-501; the bank is unable to continue normal operations; or the control of the bank has been assumed by any person or persons convicted of fraud or a felony involving moral turpitude or financial dealings in this state or any other jurisdiction or by any partnership, association, or corporation controlled, directly or indirectly, by any person so convicted, unless the banking board determines that such person has been duly rehabilitated or otherwise that the bank will be honestly and efficiently managed.

(2) (a) The banking board shall take possession of a bank by posting upon the premises a notice reciting that it is assuming possession pursuant to this article and the time, not earlier than the posting of the notice, when such possession shall be deemed to commence. A copy of the notice shall be filed in the district court of the county in which the bank is located. The banking board shall notify the federal reserve bank of the district of its taking possession of any bank that is a member of the federal reserve system and shall notify the federal deposit insurance corporation of its taking possession of any bank that is a member of the federal deposit insurance corporation.

(b) When the banking board has taken possession of a bank, it shall be vested with the full and exclusive power of control, including the power to stop or to limit the payment of its obligations, to employ any necessary assistants, including legal counsel after possession of the bank has been taken, to execute any instrument in the name of the bank, to commence, defend, and conduct in its name any action or proceeding to which it may be a party, to appoint a bank receiver pursuant to section 11-108-612, to terminate its possession by restoring the bank to its board of directors and stockholders upon conditions prescribed by the banking board, and to reopen a closed bank or liquidate the bank in accordance with this article. As soon as practicable after taking possession, the banking board shall make an inventory of the assets and file a copy thereof with the court in which the notice of possession was filed.

(c) For six months after the posting of the notice of possession and while the banking board's possession continues, there shall be a postponement of the date upon which any period of limitation fixed by statute or agreement would otherwise expire on a claim or right of action of the bank, or upon which a review must be taken, or a pleading or other document must be filed by the bank in any pending action or proceeding.

(d) If, in the opinion of the banking board, an emergency exists that may result in serious losses to the depositors, it may take possession of an industrial bank without a prior hearing. Within ten days after the banking board has taken possession, any interested person may file an application with the banking board for an order vacating such possession. The banking board shall grant the application if it finds its action was unauthorized.

(3) (a) For the purposes of the article, a bank shall be deemed to be closed when the banking board has closed the bank for business for the purpose of liquidation. Unless the banking board tenders to the federal deposit insurance corporation the appointment as liquidator under section 11-108-606 and except as otherwise provided in paragraphs (b) and (c) of this subsection (3), the banking board shall mail notice of its intent to liquidate the bank to the directors, stockholders, and depositors at their addresses as shown on the records of the bank, and the banking board shall proceed to liquidate the bank. With each notice to the depositors, the banking board shall send a statement of the amount shown in the records of the bank to be the claim for each depositor. If the amount of a depositor's claim differs from the amount stated in the notice to be due, the depositor's claim must be filed with the banking board before a specified date, not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice. The banking board may appoint a liquidator to conduct the liquidation of the affairs of any bank. The liquidator shall perform all of the duties required of the banking board under this article and shall make

such periodic reports as the banking board shall require. The liquidator may employ such other assistants and legal counsel at such reasonable compensation as the liquidator shall determine to be necessary. All expenses incident to the liquidation shall be paid out of the assets of the bank. If a liquidator is appointed, and is other than the federal deposit insurance corporation or an employee of the division of banking, the liquidator and any assistants shall provide a bond executed by a surety company authorized to do business in this state, running to the people of the state of Colorado, which meets with the approval of the banking board, for the faithful discharge of their duties in connection with such liquidation and the accounting for all moneys coming into their hands. The cost of such bond shall be paid from the assets of the bank. Suit may be maintained on such bond by any person injured by a breach of the conditions thereof.

(b) Any notice sent to a depositor pursuant to paragraph (a) of this subsection (3) may contain any additional information or forms as deemed appropriate by the banking board. The banking board shall not be required to send a notice to a depositor pursuant to paragraph (a) of this subsection (3) if no address is shown in the records of the bank.

(c) If the amount shown in the records of the bank to be the claim of a depositor is less than ten dollars, no notices shall be required under this part 6. The banking board may satisfy such claim by mailing the full amount of the claim to the address shown in the records of the bank. If no such address is shown in the records of the bank, the unclaimed funds or property shall be held for disposition pursuant to section 11-108-604.

(4) No judgment, lien, or attachment shall be executed upon any asset of the bank while it is in the possession of the banking board. Upon the election of the banking board, in connection with a liquidation:

(a) Any nonconsensual lien or attachment, other than an attorney's or mechanic's lien, obtained upon any asset of the bank during the banking board's possession, or within four months prior to commencement thereof, shall be vacated and voided, except liens created by the banking board while in possession and further excepting liens or security interests obtained by the federal reserve banks;

(b) Any transfer of an asset of the bank made after or in contemplation of its capital inadequacy, with intent to effect or that results in a preference, shall be voided.

(5) With the approval of the court in which notice of possession has been filed, the banking board may borrow money in the name of the bank and may pledge its assets as security for the loan.

(6) All necessary and reasonable expenses of the banking board's possession of a bank and of its liquidation shall be paid from the assets thereof.

#### ANNOTATION

**Annotator's note.** Since § 11-108-602 is similar to § 11-21-104 as it existed prior to its 1981 repeal, relevant cases construing that provision have been included in the annotations to this section.

**The bank commissioner has full control in liquidating a bank.** After the bank commissioner takes charge of a bank for the purpose of liquidating its affairs, the hands of the officers of the bank are tied; the bank commissioner is in control. The debts and claims of the bank are not wiped out by the mere fact that the bank com-

missioner takes control. As a public officer he takes them as he finds them, under his powers and for the purposes set forth in the statute. *Allen v. McFerson*, 77 Colo. 186, 235 P. 346 (1925).

**In court the commissioner has authority to testify as to the amount of claims** allowed by him against a bank; his testimony, therefore, of the amount of such claims is competent under this section. *McDonald v. McFerson*, 80 Colo. 4, 249 P. 496 (1926).

**11-108-603. Injunctions - appeals.** (1) Whenever the banking board has taken possession of a bank and the bank deems itself aggrieved thereby, such bank, within ten days after such taking, may apply to the court in which notice of possession has been filed

to enjoin further proceedings. After citing the banking board to show cause why further proceedings should not be enjoined and after a hearing, the court may dismiss the application of the bank or may enjoin the banking board from further liquidation proceedings and direct the banking board to surrender possession of the bank.

(2) An appeal may be taken by the banking board or by the bank from the judgment of the court in the manner provided by law for appeals from judgments of the district court. An appeal from the judgment does not operate as a stay of judgment. If the appeal is taken by the banking board, no bond need be given, but if the appeal is taken by the bank, a bond shall be given as required by the Colorado rules of civil procedure.

**Source:** L. 2003: Entire article added with relocations, p. 1166, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-22-603 as it existed prior to 2003.

**11-108-604. Liquidation by banking board - procedure.** (1) In liquidating a bank, the banking board may exercise any power thereof and shall have the duty to collect all assets, debts, and claims belonging to the bank. Unless the banking board obtains the approval of the court in which notice of possession has been filed by petition setting forth the material facts and upon such notice to the officers, directors, or stockholders in such form as the court may require, the banking board shall not:

- (a) Sell any asset of the bank having a value in excess of one thousand dollars;
- (b) Compromise or release any claim if the amount to be compromised or released exceeds one thousand dollars;
- (c) Make any payment on any claim, other than a claim upon an obligation incurred by the banking board, before preparing and filing a schedule of its determinations in accordance with this article.

(2) Within six months after the commencement of liquidation, the banking board may, by its election, terminate any executory contract for services or advertising to which the bank is a party or any obligation of the bank as a lessee. A lessor who receives at least sixty days' notice of the banking board's election to terminate the lease shall have no claim for rent, other than rent accrued to the date of termination, nor for damages for such termination.

(3) The right of any agency of the United States insuring savings obligations to be subrogated to the rights of depositors upon payment of their claims shall not be less extensive than the law of the United States requires as a condition of the authority to issue such insurance or make such payments to depositors of national banks.

(4) Except as otherwise provided in subsection (5) of this section, as soon after the commencement of liquidation as is practicable, the banking board shall send notice of the liquidation to each known creditor and bailor of property held by the bank at the address shown in the records of the bank. The notice shall also be published once a week for three successive weeks in a newspaper of general circulation in the city or county in which the bank is located. With each notice, the banking board shall send a statement of the amount shown in the records of the bank to be the claim of the creditor or bailor. The notice shall demand that property held by the bank as bailee be withdrawn by the person entitled thereto and that the claim of creditor, if the amount claimed differs from the amount stated in the notice to be due, be filed with the banking board before a specified date, not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice. The notice may contain any additional information or forms deemed appropriate by the banking board. The banking board shall not be required to send a notice pursuant to this subsection (4) to a creditor or bailor if no address is shown in the records of the bank.

(5) If the amount shown in the records of the bank to be the claim of a creditor or bailor of property held by the bank is less than ten dollars, no notice shall be required under this part 6. The banking board may satisfy such claim by mailing the full amount of the claim to the address shown in the records of the bank. If no address is shown in the records of the bank, the unclaimed funds or property shall be held for disposition pursuant to subsection (11) of this section.

(6) Any unclaimed property held by the bank as bailee and certified inventories thereof shall be held by the banking board for six years unless sooner claimed by the person entitled thereto. After six years the banking board may sell or otherwise appropriately dispose of the property. The proceeds of a sale shall be transferred and disposed of in accordance with the provisions of subsection (11) of this section.

(7) Within six months after the last day specified in the notice for the filing of claims, or within such longer period as may be allowed by the court in which notice of possession has been filed, the banking board shall:

- (a) Reject any claim if the banking board determines the invalidity thereof;
- (b) Determine the amount, if any, owing to each known creditor or depositor and the priority class of such claim under this article;
- (c) Prepare a schedule of the banking board's determinations for filing in the court in which notice of possession was filed;

(d) Notify each person whose claim has not been allowed in full and publish once a week for three successive weeks, in a newspaper of general circulation in the city or county in which the bank is located, a notice of the time when and the place where the schedule of determinations will be available for inspection and the date, not sooner than thirty days thereafter, when the banking board will file its schedule in court. If there is no newspaper of general circulation in such city or county, then publication shall be in the newspaper of general circulation published nearest thereto.

(8) Within twenty days after the filing of the banking board's schedule, any creditor, depositor, or stockholder may file an objection to any determination made that adversely affects or may adversely affect such objector. Any objections so filed shall be heard and determined by the court upon such notice to the banking board and interested claimants as the court may prescribe. If the objection is sustained, the court shall direct an appropriate modification of the schedule. After filing its schedule, the banking board may, from time to time, make partial distribution to the holders of claims that are undisputed or have been allowed by the court if a proper reserve is established for the payment of disputed claims. As soon as is practicable after the determination of all objections, the banking board shall make final distribution.

(9) (a) The following claims shall have priority in the order specified: Obligations incurred by the banking board; wages and salaries of officers and employees earned during the three-month period preceding the banking board's possession in an amount not exceeding five thousand dollars for any one person; fees and assessments due to the banking board; claims of the federal reserve as a secured creditor to the extent of the value of its collateral; amounts that the federal deposit insurance corporation shall be entitled to receive on account of its subrogation to the claims of depositors; all other claims for savings obligations; claims of secured creditors to the extent of the value of their collateral; and all other claims.

(b) After the payment of all other claims, with interest at the legal rate, the banking board shall pay claims otherwise proper that were not filed within the time prescribed. If the sum available for any class is insufficient to provide payment in full, such sum shall be distributed to the claimants in the class pro rata.

(10) Any assets remaining after all claims have been paid shall be distributed to the stockholders in accordance with their respective interests.

(11) Unclaimed funds remaining after final distribution has been made by the banking board shall be retained for six years by the banking board unless sooner claimed by the owner. At the expiration of such period, the remaining sum shall be transferred to the treasury of the county in which the bank is located. The county treasurer and the treasurer's successors shall hold such money in trust for a period of six years, unless the money is sooner paid out to the beneficial owner or owners thereof or a suit is instituted to recover such money or a portion thereof. Any money remaining in the fund six years after the money is paid into the treasury of the county, for the recovery of which no action is pending, shall be transferred to the general fund of the county, and all rights of the former beneficial owners therein to recover the same shall be forever barred.

(12) When the final distribution of the proceeds of liquidation have been made in accordance with this article, the banking board shall file an account with the court in which

notice of possession was filed. Upon approval thereof, the banking board shall be relieved of liability in connection with the liquidation and shall cancel the charter.

**11-108-605. Sale of bank stock.** After failure of the stockholders of a bank whose capital is inadequate to cure such inadequacy pursuant to section 11-108-305, the banking board, at its discretion and at any time before or after taking possession of the bank, may offer the stock of the bank for sale at public auction or at private sale at a price not less than the amount required to cure the capital inadequacy and to cover the cost of sale. Any excess over this minimum amount plus the expenses of the banking board shall be paid to the prior owners.

**Editor's note:** This section is similar to former § 11-22-605 as it existed prior to 2003.

**11-108-606. Federal deposit insurance corporation as liquidator.** (1) The federal deposit insurance corporation, created by section 12B of the "Federal Reserve Act", as amended, or its successor is authorized to act without bond as liquidator of any bank, the deposits of which are to any extent insured by said corporation or its successor and which bank shall have been closed on account of inability to meet the demands of its depositors or for any other lawful cause.

(2) In the event of such closing, the banking board may tender to said corporation or its successor the appointment as liquidator of such bank.

(3) Upon being notified in writing of the acceptance of such an appointment, the commissioner shall forthwith file in the office of the clerk and recorder in the county in which the bank is situated a certificate evidencing the appointment of the federal deposit insurance corporation or its successor. Upon the filing of such certificate, the possession of all the assets, business, and property of such bank of every kind and nature, wheresoever situated, shall be deemed transferred from such bank and the banking board to the federal deposit insurance corporation or its successor. Without the execution of any instruments of conveyance, assignment, transfer, or endorsement, the title to all such assets and property shall be vested in the federal deposit insurance corporation or its successor, and the banking board and the commissioner shall be forever thereafter relieved from all responsibility and liability in respect to the liquidation of such bank.

(4) If the federal deposit insurance corporation or its successor accepts said appointment, it has all the powers and privileges provided by the laws of this state with respect to the liquidation of a bank, its depositors, and other creditors.

**11-108-607. Assets sold or pledged as security.** (1) With respect to any bank closed on account of inability to meet the demands of its depositors or by action of the banking board or by action of its directors or in the event of its capital inadequacy or suspension, the liquidator of such bank may borrow from the federal deposit insurance corporation and furnish any part or all of the assets of said institution to said corporation as security for a loan from same, but, if said corporation is acting as liquidator, the order of a court of record

of competent jurisdiction shall be first obtained approving such loan. Upon the order of a court of record of competent jurisdiction, all or any part of the assets of such bank may be sold to the federal deposit insurance corporation by the banking board or by the liquidator with the permission of the banking board.

(2) The provisions of this section shall not be construed to limit the power of any bank, the banking board, or the liquidators to pledge or sell assets in accordance with any existing law.

**11-108-609. Application of deposits.** (1) Deposits of all persons indebted to a bank in the possession of the banking board, whether such indebtedness is due or to become due, shall be applied by the banking board on account of such indebtedness; except that no stockholder shall set off against his or her stockholder's liability any claim he or she may have as a depositor in or creditor of any bank in the possession of the banking board.

(2) The banking board and any bank that may assume the liability for savings obligations of a bank in the possession of the banking board need not honor and shall not be liable for any agreement between the bank in the possession of the banking board and any other party relating to any savings obligation which agreement is not disclosed on the records of the bank. Neither the assuming bank nor any bank to which a savings obligation is transferred shall be required to recognize as the owner of any portion of a savings obligation any claimant whose name or interest is not disclosed on the records of the bank of which the banking board has taken possession.

## ANNOTATION

**Annotator's note.** Since § 11-108-609 is similar to § 11-21-106 as it existed prior to its 1981 repeal, relevant cases construing that provision have been included in the annotations to this section.

**"Deposit" should be given its common and ordinary meaning.** The term "deposit" is a common word; used in the statute without limiting definition, its common and ordinary meaning is the one which should be given effect in construing the statute. *Isenhart v. Monty*, 161 Colo. 589, 423 P.2d 836 (1967).

**Term includes deposits subject to check and those for which certificate is issued.** "Deposit", according to its commonly accepted and generally understood meaning among bankers and by the public, includes not only deposits

payable on demand and subject to check, but deposits not subject to check, for which certificates, whether interest-bearing or not, may be issued, payable on demand, or on certain notice, or at a fixed future time. *Isenhart v. Monty*, 161 Colo. 589, 423 P.2d 836 (1967).

**Thus, a thrift certificate purchase is a deposit.** By purchase of a "thrift certificate", plaintiff had no intent to make a general loan to the bank. He made a deposit with the bank within the statute. *Isenhart v. Monty*, 161 Colo. 589, 423 P.2d 836 (1967).

**A deposit without special terms becomes part of bank's general assets.** A deposit with a bank, in the absence of terms which make it a special deposit, becomes immediately a part of the general assets of the bank, and the bank

thereby becomes the debtor of the depositor for the amount of the deposit. *Isenhardt v. Monty*, 161 Colo. 589, 423 P.2d 836 (1967).

**A stockholders' statutory liability is not an indebtedness.** The statutory liability is due to

the creditors and the deposit is due from the bank. *McDonald v. McFerson*, 80 Colo. 4, 249 P. 496 (1926).

**11-108-610. Emergency grant of new charter.** (1) In addition to powers regarding liquidation, the banking board, in the interest of protecting the public and the depositors of a bank, may issue a new bank charter to qualified individuals for the same location as the bank in its possession, contingent upon the new bank assuming full liability for such savings obligations of the bank in its possession as may be transferred to such new bank. Under such conditions, a new charter may be issued summarily without the publication of notice, without the holding of a public hearing, and without complying with any of the other provisions and procedures specified in this article.

(2) The banking board may sell the right to assume the outstanding savings obligations of a bank in its possession along with such other assets and under such terms and conditions as it deems advisable.

**Editor's note:** This section is similar to former § 11-22-610 as it existed prior to 2003.

**11-108-611. Emergency grant of branch facility.** (1) (a) In addition to powers regarding liquidation, the banking board may issue a grant of authority to a financial institution, as defined in section 11-101-401 (36), which has its principal place of business in this state, to operate a branch at the same location as a closed industrial bank.

(b) Under such conditions, the authority to operate the branch facility may be issued summarily without the publication of notice, without the holding of a public hearing, and without complying with any of the other provisions and procedures specified in this article.

(2) Notwithstanding any other provision of this section, a branch facility operated pursuant to this section on or before August 1, 1991, may continue to operate in perpetuity as a branch without being subject to any percentage limitation on branches as set forth in section 11-105-602.

## PART 7

### BANKING PRACTICES

**11-108-701. Saturday closing - notice - effect.** Any industrial bank, by brief notation on its front door, may fully dispense with or restrict to such extent as it may determine the hours within which it will be open for business on all or less than all Saturdays. The fact that a bank remains open for business on all or less than all Saturdays shall not make that day, or any part thereof, a banking day for purposes of section 4-4-104 (a) (3), C.R.S., of the "Uniform Commercial Code". Any plan so adopted by any such organization may be changed by it from time to time in its discretion. Every Saturday on which any such industrial bank, in observance of such notation, is not open for business shall be with respect to the particular organization the equivalent of a legal holiday as specified in section 24-11-101, C.R.S. Any act authorized, required, or permitted to be performed at, by, or with respect to such organization on a Saturday which is for it a holiday may be performed on the next succeeding business day, notwithstanding the provisions of any other law of this state to the contrary, and no liability or loss of right of any kind shall result from such delay. The provisions of this section shall not operate to invalidate or prohibit the doing on any Saturday of any such act by any person or organization referred to in this section.

**Editor's note:** This section is similar to former § 11-22-112 as it existed prior to 2003.

**11-108-702. Limitations on secured borrowing.** (1) Unless authorized by the banking board, no bank shall borrow money upon a secured basis by a pledge or assignment of its notes, mortgages, contracts, or other assets unless it shall retain notes, mortgages, contracts, or other assets that are not pledged or assigned in an aggregate amount, without taking into account unearned charges, of not less than the total amount of its savings deposits, certificates of deposit, contracts, or agreements permitted by section 11-108-202 (1) (c). In the event that any industrial bank should create or incur any such secured indebtedness within the limitations as provided by this section, every financial statement or report of such industrial bank published, issued, or distributed shall indicate clearly therein the extent to which its assets are encumbered.

(2) If liquidation of a bank occurs, any secured indebtedness shall be paid from assets remaining after depositors, other prior claims, and the expenses of liquidation have been paid.

(3) The limitations of this section on secured indebtedness shall not apply to a bank borrowing money upon a secured basis from a federal reserve bank.

(4) For the purposes of this section, "borrowing money upon a secured basis" shall include, but not be limited to, the sale, pledge, or assignment of its notes, mortgages, contracts, or other assets whereby the bank remains or may become liable or partially liable for any indebtedness evidenced by such notes, mortgages, contracts, or other assets.

**11-108-704. Acquisition of property to satisfy indebtedness.** (1) An industrial bank may take property of any kind to satisfy, in whole or in part, or to protect indebtedness previously created in good faith by it, and such property shall be held subject to the following limitations:

(a) Real estate may be used in the banking business, subject to the conditions prescribed by this article for property purchased for such use, or may be leased. Real estate may be put in such condition as will reasonably facilitate its sale. Unless used in the banking business, it shall be sold within five years or such longer period as the banking board may allow.

(b) Other property, the acquisition of which is not otherwise authorized by this article, shall be sold within six months or such longer period as the banking board may allow.

(c) The property shall be entered on the books at not more than cost or fair market value, whichever is less. Except as otherwise provided, each bank maintaining property acquired to satisfy indebtedness will obtain an initial written appraisal and subsequent appraisals as to fair market value by a qualified independent appraiser or such other person as the banking board may approve. Such subsequent appraisals shall be obtained pursuant to rules of the state banking board; except that, for purposes of this paragraph (c), an appraisal, as defined in section 12-61-702 (1), C.R.S., by an appraiser certified, licensed, or registered pursuant to section 12-61-708, C.R.S., shall not be required on properties initially valued pursuant to this paragraph (c) at one hundred thousand dollars or less. If such

appraiser or other person approved by the banking board certifies in writing such appraiser's or other person's opinion that the fair market value has not declined, this opinion may be substituted for a subsequent appraisal.

## PART 8

### CRIMINAL OFFENSES AND VIOLATIONS

**11-108-801. Criminal offenses.** (1) It shall be a criminal offense for any officer, director, employee, or agent of any industrial bank to:

(a) Receive, take, or authorize the receipt or taking of any savings obligation with knowledge that such industrial bank is insolvent or after receipt of any notice or order issued by the banking board directing said industrial bank to cease taking savings obligations;

(b) Issue or cause to be issued, or to authorize or direct the issuance of, any certificate of deposit, contract, or agreement under any descriptive name, under the provisions of section 11-108-202 (1) (c), with knowledge that such industrial bank is insolvent or after receipt of any order or notice from the banking board, ordering said industrial bank to cease issuing any such certificate of deposit, contract, or agreement;

(c) Make or issue, or authorize or direct the making or issuing of, any certificate of deposit, contract, or agreement authorized by section 11-108-202 (1) (c) at any place whatsoever other than its banking premises;

(d) With intent to deceive, withhold, or secrete information, fail to record any transaction made by said industrial bank upon the books and records of said industrial banks by the close of the third business day, exclusive of Sundays and holidays, from the consummation or completion of any such transaction;

(e) Make investments of industrial bank funds other than those permitted by this article;

(f) With intent to deceive, make any false or misleading statement or entry in any book, account, report, or statement of the industrial bank, or fail to make an entry in any book, account, report, or statement of the industrial bank affecting its operations, assets, or liabilities;

(g) Cause, authorize, or permit any industrial bank to sell, assign, or transfer any of its assets with knowledge that such industrial bank is insolvent, or in contemplation of insolvency, with the intent of preferring any creditor or to prevent the application of such assets to the payment of its debts;

(h) Receive or accept, or authorize the receipt or acceptance by and on behalf of said industrial bank, of any false, bogus, or fictitious notes or other evidence of indebtedness, knowing the same to be false, bogus, or fictitious.

(2) Any person responsible for any act or omission expressly declared in subsection (1) of this section to be a criminal offense commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(3) It is a criminal offense for any officer, director, shareholder, or employee of a bank to directly or indirectly embezzle, abstract, or misapply, or cause to be embezzled, abstracted, or misapplied, any of the funds, securities, or other property of, or under the control of, such bank with the intent to deceive, injure, or defraud any person. If the amount of funds, securities, or other property embezzled, abstracted, or misapplied is less than five thousand dollars in total, a person commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S. If the amount of funds, securities, or other property embezzled, abstracted, or misapplied is five thousand dollars or more in total, a person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S. Any person found guilty of a criminal offense under this subsection (3) shall be required to make restitution or repayment of any funds, securities, or other property embezzled, abstracted, or misapplied.

**11-108-803. Prosecutions.** Whenever the banking board determines that a violation of the provisions of this article constitutes a criminal offense, it shall notify the district attorney for the district in which the bank involved in the violation is located. The district attorney shall prosecute the party or parties alleged to have committed the violation within sixty days following the date the banking board notifies the district attorney of such violation. Upon failure or refusal of the district attorney to prosecute under this section, it shall be the duty of the attorney general to prosecute such violation.

### GENERAL PROVISIONS

**11-109-101. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Act as a fiduciary" or "acting as a fiduciary" means to:

(a) Accept or execute trusts, including to:

(I) Act as trustee under a written agreement;

(II) Receive money or other property in the capacity as trustee for investment in real or personal property;

(III) Act as trustee and perform the fiduciary duties committed or transferred to the trustee by order of a court of competent jurisdiction;

(IV) Act as personal representative or trustee of the estate of a deceased person; or

(V) Act as trustee for a minor or incapacitated person;

(b) Administer real or tangible personal property in any other fiduciary capacity; or

(c) Act pursuant to an order of a court of competent jurisdiction as personal representative, executor, or administrator of the estate of a deceased person or as a guardian or conservator for a minor or incapacitated person.

- (2) "Banking board" shall have the same meaning as defined in section 11-101-401 (7).
- (3) "Commissioner" means the state bank commissioner.
- (4) "Order" means all or any part of the final disposition, whether affirmative, negative, injunctive, or declaratory in form, by the banking board of any matter other than the making of rules of general application.
- (5) "Person" means an individual, corporation, partnership, joint venture, unincorporated association, or any other legal or commercial entity.
- (6) "Representative trust office" means an office at which a trust company has been authorized by the commissioner to engage in a trust business other than acting as a fiduciary.
- (7) "Savings deposit" means a deposit or account with respect to which the depositor is not required by the deposit contract, but may at any time be required by the trust company, to give written notice of an intended withdrawal not less than seven days before withdrawal is made, and that is not payable on a specified date or at the expiration of a specified time after the date of deposit, and funds deposited to the credit of, or in which any beneficial interest is held by, a corporation, association, partnership, or other organization operated for profit do not exceed one hundred fifty thousand dollars per depositor at the trust company.
- (8) "Time deposit" means a deposit that the depositor does not have a right to withdraw for a period of seven days or more from the date of deposit. A "time deposit" may be represented by a transferable or nontransferable, or a negotiable or nonnegotiable, certificate, instrument, passbook, statement, or otherwise.
- (9) "Transaction account" means a deposit or account that the depositor or account holder may withdraw by check or by similar means for payment to third parties.

**11-109-102. Use of words "trust" or "trust company".** (1) It is unlawful for any person, firm, association, or corporation to use or advertise the words "trust" or "trust company" in the conduct of its business in such a manner as is likely to cause the public to be confused, deceived, or mistaken that such person, firm, association, or corporation has been authorized to transact business as a regulated financial institution unless such person, firm, association, or corporation is organized under the "Colorado Banking Code", articles 101 to 109 and article 10.5 of this title, article 70 of this title, or the national banking laws and is authorized to use the words "trust" or "trust company" as part of its name.

(2) The provisions of subsection (1) of this section shall not apply to state banks with trust powers, national banking associations located in Colorado that have trust powers, and trust companies incorporated in Colorado.

**Editor's note:** This section is similar to former § 11-23-102.5 as it existed prior to 2003.

**11-109-104. Powers - banking board - commissioner.** (1) In addition to the other powers conferred on the banking board by this article, the banking board shall have the power to:

(a) Implement by order and rule any provision of this article and to obtain restraining orders and injunctions to prevent violation of and to enforce compliance with the provisions of this article and the orders and rules issued thereunder. In the exercise of the power to make orders and issue rules, the banking board shall act in the interests of maintaining sound trust companies and the security of fiduciary funds.

(b) Regulate the procedure and the practice at hearings;

(c) Order any person or a trust company to cease violating any provision of this article or any rule and to mail a copy of the order to the person or trust company and to each director of the trust company;

(d) Suspend, after notice and hearing, any officer or director for fraud, theft, or failure to comply with the provisions of this article or with any valid order or rule;

(e) Subpoena witnesses, require the production of evidence, administer oaths, and examine any person under oath in connection with any matter relating to the powers and duties of the banking board;

(f) Require that each trust company maintain such insurance and bonds as necessary and appropriate;

(g) Approve amendments to a trust company's articles of incorporation;

(h) Approve or disapprove a change of location;

(i) Approve or disapprove any merger or other corporate reorganization;

(j) Require a trust company holding fiduciary funds pursuant to section 11-109-906 to collateralize such funds as are in excess of federally insured amounts in accordance with the rules adopted by the banking board;

(k) Require that a trust company that is accepting deposits pursuant to section 11-109-201 (1) (d) limit the aggregate amount of such deposits.

(2) If the banking board has reason to believe that the capital of any trust company is inadequate under the rules of the banking board, the banking board may ascertain the facts and furnish the trust company with a copy of its determination. If the banking board finds an inadequacy of capital based upon such determination, the commissioner, with the approval of the banking board, may direct the trust company to levy an assessment in a designated amount upon the holders of record of common stock to remedy the inadequacy of capital. Upon receipt of an order to levy an assessment, the directors shall cause to be sent to all holders of common stock, at their addresses, a copy of the order and a copy of this subsection (2). If an assessment is not paid within the time prescribed in the order or such shorter period as the directors decide, but not less than thirty days, the trust company may, within sixty days thereafter as the banking board may prescribe in its order, offer the shares of the defaulting stockholders for sale at public auction or private sale at a price that shall not be less than the amount of the assessment and the cost of the sale. Any excess shall be paid to the prior owners. The method of collection provided in this subsection (2) shall be the sole method of collecting assessments. If an assessment is not paid within ninety days after the date of the order to levy or at such other date as may be specified in the order, but in no event less than thirty days, the commissioner may, with the approval of the banking board, proceed pursuant to section 11-109-702. However, for good cause shown to the banking board by the affected trust company, the banking board may extend the ninety-day limit.

(3) The term "shareholder" shall apply not only to such persons as appear on the books of the trust company as shareholders, but also to every owner of stock, legal or equitable,

although the stock may stand on such books in the name of another person, but not to a person that holds the stock as collateral security for the payment of a debt.

(4) Any trust company shareholder that has transferred such shareholder's shares, caused such transfer to appear on the books of the trust company within sixty days before the capital inadequacy of such trust company, or that has made such transfer with knowledge of such impending capital inadequacy shall be liable to the same extent that the transferee or subsequent transferee fails to meet such liability. This section shall not be construed to affect in any way any recourse that such shareholder might otherwise have against those in whose names such shares appear upon the books of the trust company at the time of such capital inadequacy.

(5) No stockholder of a trust company shall set off against the stockholder's liability any claim such stockholder may have as a depositor in or creditor of any insolvent trust company.

(6) The commissioner shall examine the books and records of every trust company as often as deemed advisable and to the extent required by the banking board; shall make and file a correct report in detail disclosing the results of such examination; and shall mail a copy of such report to the trust company examined.

(7) The commissioner shall examine, as often as deemed advisable and to the extent required by the banking board, any electronic data processing centers of a trust company or any electronic data processing centers that serve a trust company, without regard to the location of the electronic data processing center; shall make and file in the commissioner's office a correct report in detail disclosing the results of such examination; and shall mail a copy of such report to the data processing centers examined and the trust company that they serve.

(8) (a) The commissioner, if he or she deems it necessary or if required by the banking board, may examine the books and records of the controlling shareholder of a trust company and any affiliated entities of the controlling shareholder for the purpose of determining the safety and soundness of the trust company. If the controlling shareholder or affiliate's records are located outside this state, the controlling shareholder or affiliate shall either make them available to the commissioner at a convenient location within this state or pay the reasonable and necessary expenses for the commissioner or the commissioner's representative to examine them at the place where they are located. The commissioner may designate representatives, including comparable officials of the state in which the records are located, to inspect them on the commissioner's behalf. If a controlling shareholder or affiliate refuses to permit the commissioner to make an examination, the banking board may fine such controlling shareholder or affiliate an amount not to exceed one thousand dollars for each day any such refusal continues. In lieu of any examination required by this subsection (8), the commissioner may accept an audit for the previous fiscal year prepared by an independent certified public accountant, independent registered accountant, or other independent qualified person. If the commissioner accepts an audit prepared by such independent person, no costs thereof shall be borne by the commissioner and all costs of such audit shall remain the obligation of the controlling shareholder or affiliate.

(b) For purposes of this subsection (8):

(I) "Affiliated entity" or "affiliate" means an entity in control of a controlling shareholder.

(II) "Controlling shareholder" means a shareholder in control of a trust company.

(III) "In control of" means that an entity or shareholder meets the same criteria for acquiring control as is set forth in section 11-102-303 for acquiring control of a state bank.

## PART 2

### POWERS

**11-109-201. Powers of trust companies.** (1) A trust company shall be incorporated under and subject to the general corporation laws of this state not inconsistent with this article. The business activities of a trust company in this state shall be limited to the exercise of the power to:

(a) Act or be appointed by a court to act in like manner as an individual, an executor, a personal representative, a trustee, an administrator, a guardian, a conservator, an assignee, a custodian, a receiver, or a depository or in any other fiduciary capacity for any purposes permitted by law;

(b) Act as a transfer agent, a registrar, an escrow agent, or an attorney-in-fact and to receive, manage, and apply sinking funds;

(c) Maintain and rent safe deposit and safekeeping facilities;

(d) Receive and maintain savings deposits, time deposits, and certificates of deposit, and to pay interest thereon at the rates permitted state banks under section 11-105-102 (3), subject to the restrictions of section 11-109-204;

(e) Exercise the same investment powers as an individual fiduciary under like circumstances;

(f) Accept and execute any fiduciary business permitted by the laws of this state or any other state and the United States and to establish common trust funds as provided by article 24 of this title;

(g) Take oaths and execute affidavits by the oath or affidavit of the president, vice-presidents, secretary, assistant secretary, manager, trust officer, or assistant trust officer;

(h) Act as an investment adviser under any applicable law;

(i) Do and perform any other acts necessary or proper to exercise the powers enumerated in this section.

(2) Except for those powers specifically authorized in subsection (1) of this section and section 11-109-907, a trust company shall not have the power to conduct a banking business, receive and maintain transaction deposit accounts, nor use the word "bank" in its name.

(3) As authorized pursuant to section 10-2-601 (2), C.R.S., a trust company may, pursuant to federal law or under such rules as may be adopted by the banking board or the commissioner of insurance pursuant to section 10-2-601, C.R.S., act as the agent for any insurance company authorized to do business in this state by soliciting and selling insurance and collecting premiums on policies issued by such company. For such services, a trust company may receive such fees or commissions as may be agreed between the trust company and the insurance company.

**Editor's note:** This section is similar to former § 11-23-103 as it existed prior to 2003.

**11-109-202. Offices of trust companies.** (1) (a) Each trust company shall have and continuously maintain a principal office in this state.

(b) Each executive officer at the principal office is an agent of the trust company for service of process.

(c) A trust company may change its principal office to any location within this state by filing a written notice with the banking board. The written notice shall contain:

(I) The name of the trust company;

(II) The street address of its principal office before the change;

(III) The street address to which the principal office is to be changed; and

(IV) A copy of the resolution authorizing the change adopted by the board of directors of the trust company.

(d) The change of principal office shall take effect on the thirty-first day after the date the banking board receives the notice pursuant to paragraph (c) of this subsection (1), unless:

(I) The banking board establishes an earlier or later date; or

(II) Prior to such day the banking board notifies the trust company that the trust company shall establish, to the satisfaction of the banking board, that the relocation is consistent with the original determination made under section 11-109-306 for the establishment of a trust company at that location, in which event the change of principal office shall take effect when approved by the commissioner.

(2) A trust company may act as a fiduciary and engage in a trust business at each trust office as permitted by this article.

(3) A trust company may not act as a fiduciary but may otherwise engage in a trust business at a representative trust office as permitted by this article.

(4) (a) A trust company may establish or acquire and maintain trust offices or representative trust offices anywhere in this state.

(b) (I) A trust company desiring to establish or acquire and maintain an additional office shall file a written notice with the banking board. The written notice shall contain the following:

(A) The name of the trust company;

(B) The location of the proposed additional office; and

(C) Information indicating whether the additional office will be a trust office or a representative trust office.

(II) The trust company shall also furnish a copy of the resolution authorizing the additional office adopted by the board of directors of the trust company and shall pay the filing fee, if any, prescribed by the banking board.

(c) The trust company may commence business at the additional office on the thirty-first day after the date the banking board receives the notice, unless the banking board specifies an earlier or later date.

(d) The thirty-day period of review may be extended by the banking board on a determination that the written notice raises issues that require additional information or additional time for analysis. If the period of review is extended, the trust company may establish the additional office only on prior written approval by the banking board.

(e) The banking board may deny approval of the additional office if the banking board finds that the trust company lacks sufficient financial resources to undertake the proposed expansion without adversely affecting its safety or soundness or that establishment of the proposed office would be contrary to the public interest.

(5) A trust company chartered by a state other than Colorado may establish and maintain a trust office or representative trust office anywhere in this state if the establishment and operation of such office is authorized expressly by rules promulgated by the banking board for that purpose. The out-of-state trust company must provide to the commissioner notice of its intent to open an office at least sixty days before opening such office for business.

**11-109-203. Activities not requiring a charter.** (1) Notwithstanding any other provision of this article to the contrary, a company does not engage in the trust business, or in any other business in a manner requiring a charter, under this article or in an unauthorized trust activity by:

(a) Acting in the scope of authority as an agent of a trust institution;

(b) Rendering a service customarily performed by an attorney or law firm in a manner approved and authorized by the Colorado supreme court;

(c) Acting as trustee under a deed of trust delivered only as security for the payment of money or for the performance of another act;

(d) Receiving and distributing rents and proceeds of sale as a licensed real estate broker on behalf of a principal in a manner authorized by the real estate commission pursuant to article 61 of title 12, C.R.S.;

(e) Engaging in a securities transaction or providing an investment advisory service as a licensed and registered broker-dealer, investment advisor, or registered representative of an investment advisor, if the activity is regulated by the securities commissioner or the federal securities and exchange commission;

(f) Engaging in the sale and administration of an insurance product as an insurance company or agent licensed by the division of insurance to the extent that the activity is regulated by the division of insurance;

(g) Acting as trustee for a public, private, or independent institution of higher education or a university system, including an institution of higher education's or university system's affiliated foundations or corporations, with respect to endowment funds or other funds owned, controlled, provided to, or otherwise made available to such institution or system with respect to its educational or research purposes;

(h) Rendering services customarily performed by a certified public accountant in a manner authorized by article 2 of title 12, C.R.S.;

(i) If the company is a trust institution and is not otherwise prohibited from engaging in a trust business in this state:

(I) Marketing or soliciting in this state through the mails, telephone, any electronic means, or in person with respect to acting or proposing to act as a fiduciary outside of this state;

(II) Delivering money or other intangible assets and receiving the money or other intangible assets from a client or other person in this state; or

(III) Accepting or executing outside of this state a trust of any client or otherwise acting as a fiduciary outside of this state for any client.

**11-109-204. Federal deposit insurance required.** (1) No trust company may accept or hold savings deposits, time deposits, or certificates of deposit pursuant to section 11-109-201 (1) (d) unless such deposits are insured by the federal deposit insurance corporation or its successor.

(2) Each trust company shall immediately give notice to the banking board when it has applied to the federal deposit insurance corporation or its successor for deposit insurance and, thereafter, shall give bi-monthly reports on the status of its application for deposit insurance to the banking board until final disposition of the application is made.

**Source: L. 2003:** Entire article added with relocations, p. 1183, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-103.5 as it existed prior to 2003.

**11-109-205. Transactions with affiliates.** (1) Unless otherwise prohibited by law, a trust company and its affiliates may engage in any of the transactions described in subsection (2) of this section if such transactions are either:

(a) On terms and under circumstances, including credit standards, that are substantially the same, or at least as favorable to such trust company or its subsidiary, as those prevailing at the time for comparable transactions with or involving nonaffiliated companies; or

(b) In the absence of comparable transactions, on terms and under circumstances, including credit standards, that in good faith would be offered to, or would apply to, nonaffiliated companies.

(2) **Transactions covered.** Subsection (1) of this section shall apply to the following:

- (a) A purchase of, or an investment in, securities issued by the affiliate;
- (b) A purchase of assets, including assets subject to an agreement to repurchase, from the affiliate;
- (c) The acceptance of securities issued by the affiliate as collateral security for a loan or extension of credit to any person or company;
- (d) The sale of securities or other assets to an affiliate, including assets subject to an agreement to repurchase;
- (e) The payment of money or the furnishing of services to an affiliate under contract, lease, or otherwise;
- (f) Any transaction in which an affiliate acts as an agent or broker or receives a fee for its services for the trust company or for any other person; and
- (g) Any transaction or series of transactions with a third party including those in which an affiliate has a financial interest in the third party or is a participant in such transaction or series of transactions.

(3) (a) A company or shareholder shall be deemed to have control over another company if such company or shareholder:

(I) Directly or indirectly, or acting through one or more other persons, owns, controls, or has power to vote twenty-five percent or more of any class of voting securities of the other company; or

(II) Controls in any manner the election of a majority of the directors or trustees of the other company.

(b) Notwithstanding any other provision of this section, no company shall be deemed to own or control another company by virtue of its ownership or control of shares in a fiduciary capacity or if the company owning or controlling such shares is a business trust.

(4) The banking board may promulgate rules to exempt transactions or relationships from the requirements of this section if the banking board finds such exemptions are in the public interest and consistent with the purposes of this section.

(5) As used in this section, unless the context otherwise requires:

(a) (I) "Affiliate" with respect to a trust company means:

(A) Any company that controls the trust company and any other company that is controlled by the company that controls the trust company;

(B) Any company that is controlled, directly or indirectly, by a trust or otherwise, by or for the benefit of shareholders who beneficially or otherwise control, directly or indirectly, by trust or otherwise, the trust company or any company that controls the trust company;

(C) Any company in which a majority of its directors or trustees constitute a majority of the persons holding any such office with the trust company or any company that controls the trust company;

(D) Any company, including a real estate investment trust, that is sponsored and advised on a contractual basis by the trust company or any subsidiary or affiliate of the trust company; and

(E) Any investment company with respect to which a trust company or any affiliate thereof is an investment advisor as defined in 15 U.S.C. sec. 80a-2 (a) (20).

(II) "Affiliate" with respect to a trust company does not include:

(A) Any company that is a subsidiary of a trust company; and

(B) Any company engaged solely in holding the premises of the trust company.

(b) "Company" means a corporation, partnership, business trust, association, or similar organization and, unless specifically excluded, the term "company" includes a "trust company" and a "bank".

(c) "Securities" shall have the same meaning as set forth in section 11-51-201 (17).

**Source: L. 2003:** Entire article added with relocations, p. 1183, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-103.7 as it existed prior to 2003.

**11-109-206. Trust company organized as a limited liability company.** (1) Pursuant to section 11-102-104 (5.5) (c), a trust company charter may be issued to a limited liability company that otherwise meets the requirements of this article.

(2) A trust company organized as a limited liability company shall not be required to exist in perpetuity; except that the articles of organization of such a trust company shall provide for a method to extend the existence of the trust company in the event that termination occurs. In addition, the articles of organization of such a trust company shall require that liquidation of the limited liability company conform with the requirements of this code.

(3) Upon approval of the banking board, a trust company organized as a limited liability company may be merged with or converted into another entity regardless of the form of the surviving entity, so long as the surviving entity satisfies the requirements of this code.

(4) Upon approval of the banking board, a trust company organized as a corporation may be merged with or converted into a limited liability company, so long as it satisfies the requirements of this code.

(5) (a) A trust company organized as a limited liability company shall have a written operating agreement containing any provisions for the affairs of the trust company and the conduct of its business as may be agreed upon by the members and which provisions are consistent with this code and the “Colorado Limited Liability Company Act”, article 80 of title 7, C.R.S.

(b) A copy of the written operating agreement shall be filed with the banking board prior to the granting of a charter to the trust company, and any amendments to the operating agreement shall be filed with and approved by the banking board prior to adoption.

(c) The banking board may promulgate rules establishing additional requirements relating to operating agreements to implement the provisions of this section.

(6) All distributions made by a trust company organized as a limited liability company to its members shall be subject to the requirements applicable to dividends issued by a trust company organized as a corporation under this code and the rules of the banking board.

(7) For purposes of implementing this section, the following definition constructions shall apply:

(a) Where this code refers to “articles of incorporation”, that term shall be construed to apply to a limited liability company’s articles of organization, as that term is defined in section 7-80-102 (1), C.R.S.;

(b) Where this code refers to “bylaws”, that term shall be construed to apply to a limited liability company’s operating agreement, as that term is defined in section 7-80-102 (11), C.R.S.;

(c) Where this code refers to “common stock” or “shares” of a trust company, such terms shall be construed to apply to a limited liability company’s membership interests;

(d) Where this code refers to a “corporation”, such term shall be construed to include a limited liability company organized under the “Colorado Limited Liability Company Act”, article 80 of title 7, C.R.S., which limited liability company conforms to this section and the requirements established by the banking board pursuant to section 11-102-104 (5.5);

(e) Where this code refers to a “director” or a “board of directors” of a trust company, such terms shall be construed to apply to a manager or the managers of a limited liability company;

(f) Where this code refers to an “incorporator”, such term shall be construed to apply to the organizers of a limited liability company;

(g) Where this code refers to a “shareholder” or a “stockholder” of a trust company, such terms shall be construed to apply to a member of a limited liability company.

## PART 3

## CHARTERS

**11-109-301. Incorporators.** Five or more individual incorporators desiring to organize a trust company shall file with the banking board an application for charter on the form prescribed by the banking board, together with all other documents required by section 11-109-305, all of which instruments shall be duly signed by each of the incorporators and sworn to before an officer authorized by the laws of this state to administer oaths.

**Editor's note:** This section is similar to former § 11-23-105.5 as it existed prior to 2003.

**11-109-304. Capital.** (1) The banking board shall establish by rules the capital standards and guidelines, the methods for measuring capital, and the definitions of "capital", "capital adequacy", "capital inadequacy", and other related terms for trust companies subject to this article, which may differ for specific purposes. In promulgating such rules, the banking board shall consider all relevant factors, including without limitation the policies set forth in section 11-101-102 and relevant federal laws and regulations.

(2) Each trust company subject to this article shall at all times comply with the capital rules promulgated by the banking board.

**Source: L. 2003:** Entire article added with relocations, p. 1186, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-106 as it existed prior to 2003.

**11-109-305. Application for charter.** (1) After the capital stock has been fully subscribed, the incorporators shall make application to the banking board for a charter. The incorporators shall submit to the banking board the following:

(a) The proposed articles of incorporation in such form as the banking board, pursuant to rules, shall prescribe and as shall be acceptable to the secretary of state for purposes of filing;

(b) An application for a charter in such form and containing such information as the banking board may require.

(2) If the proposed articles of incorporation or application do not comply with the requirements of this article, and with the requirements of the banking board issued pursuant thereto, the banking board shall, within thirty days after the receipt thereof, return both of the said documents to the incorporators, calling attention to the defects therein.

**Source: L. 2003:** Entire article added with relocations, p. 1186, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-108 as it existed prior to 2003.

**11-109-306. Procedure for granting or denying charter.** (1) Within sixty days following the filing of the completed application for charter, the commissioner shall make or cause to be made a careful investigation to determine that the following requirements have been met:

(a) That the applicant has proceeded in a lawful manner;

(b) That the name is not deceptively similar to that of another trust company or otherwise misleading;

(c) That the persons who will serve as directors or officers, insofar as such persons are known, are qualified by character and experience and that the qualifications and financial status of the incorporators, directors, officers, and persons in control of the trust company, as defined in section 11-109-401, are consistent with their responsibilities and duties;

(d) That the proposed capital satisfies the standards and guidelines in the rules promulgated by the banking board;

(e) That the proposed or amended articles of incorporation and bylaws are appropriate or may be amended to be appropriate.

(2) Within ninety days after the filing of the application, the banking board shall conduct a public hearing to consider the application. At least thirty days prior to such hearing, the banking board shall give written notice thereof to all persons doing a trust business in the community in which the proposed trust company is to be located and to such other persons as it may designate. At such hearing, the applicants shall have the burden of proving that:

(a) The public convenience and advantage will be promoted by the establishment of the proposed trust company;

(b) Conditions in the locality in which the proposed trust company will transact business afford reasonable promise of successful operation;

(c) The trust company is being formed for no other purpose than the legitimate objects contemplated by this article;

(d) The applicants have complied with all of the applicable provisions of this article;

(e) The books and records of the proposed trust company will be maintained in Colorado and a substantial portion of the proposed trust company's operations will be conducted in Colorado.

(3) Notwithstanding any other provision of this section, if the banking board has given notice pursuant to subsection (2) of this section of a hearing on any application for charter filed pursuant to this section and the banking board has received no written protests against such charter application within ten days before the hearing, the banking board may grant such charter without a hearing as otherwise required in this section if the applicants for such charter are known to the banking board.

(4) Within thirty days after the date of the conclusion of the hearing, the banking board shall grant a charter to the applicants if the banking board determines that the requirements of subsections (1) and (2) of this section have been met.

(5) If the proposed trust company fails to open for business within six months after the date of granting the charter, the privilege of transacting business shall terminate. The banking board, for good cause and upon written application filed prior to the expiration of such six-month period, may extend the time within which the trust company may open for business.

(6) Unless otherwise provided by law to the contrary, articles of incorporation, amended articles of incorporation, or amendments to articles of incorporation shall be delivered to the secretary of state for filing in accordance with the general corporate laws of this state.

#### PART 4

### RECORDS, REPORTING, AND INFORMATION

**11-109-401. Acquisition of majority control over an existing trust company - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Controlling person" means a person who is in control of a trust company or would be in control of a trust company after the proposed acquisition.

(b) A person shall be deemed to have acquired control of a trust company if as a result of acquisition such person:

(I) Directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing twenty-five percent or more of the outstanding voting stock thereof;

(II) Controls in any manner the election of a majority of the directors thereof; or

(III) Exercises a controlling influence over the management or policies thereof.

(2) (a) Whenever a person proposes to acquire control of any trust company, such person shall first make application to the banking board for approval. Without approval from the banking board pursuant to subsection (3) of this section, a person shall be prohibited from making such an acquisition.

(b) An application required by paragraph (a) of this subsection (2) shall contain the following information to the extent that it is known by the person making the application:

(I) The number of shares involved;

(II) The name of each seller or transferor;

(III) The name of each purchaser or transferee;

(IV) The name of each beneficial owner if the share or shares are registered in another name;

(V) The purchase price;

(VI) Detailed information concerning any loans made in connection with the acquisition;

(VII) Such other information concerning the transaction as may be required by the banking board regarding the effect of the transaction upon the control of the trust company involved;

(VIII) Biographical and financial information concerning each purchaser, controlling person, or person in control of a controlling person participating in the proposed acquisition; and

(IX) The name of each controlling person and each person in control of a controlling person participating in the proposed acquisition.

(3) (a) After receipt of an application, the banking board shall make an investigation, and the banking board shall approve the change of control only after the banking board has determined:

(I) That the person proposing to acquire control is qualified by character, experience, and financial responsibility to control the trust company in a legal and proper manner;

(II) That the interests of the public generally will not be jeopardized by the proposed acquisition; and

(III) That the person proposing to acquire control has satisfied the requirements of this section and the other provisions of this article.

(b) The general assembly declares that the acquisition of control of or of any ownership interest in trust companies by persons owned or controlled by a country with which it has been determined to be against the national interest to trade without export controls for

national security purposes by the president of the United States or another appropriate agency of the federal government as directed by the president pursuant to the "Export Administration Act of 1979", 50 U.S.C. Appendix sec. 2401 et seq., as amended, the "International Emergency Economic Powers Act", 50 U.S.C. sec. 1701 et seq., as amended, or any rule, order, or decision promulgated in connection therewith, is against the public interest. If the application or the banking board's investigation indicates that any person seeking to have control of or any ownership interest in a trust company is owned or controlled by such a country, the banking board may not approve any such change of control.

(4) This section shall not apply to the acquisition of:

(a) Voting proxies acquired in the normal course of business as a result of a proxy solicitation in conjunction with a stockholders' meeting;

(b) Stock held in a fiduciary capacity unless the acquiring person has sole discretionary authority to exercise voting rights with respect thereto;

(c) Stock acquired in securing or collecting, in whole or in part, a debt contracted in good faith or stock acquired through testate or intestate succession or bona fide gift, if the acquirer advises the banking board of such acquisition within thirty days after the acquisition and provides any information required or requested by the banking board or commissioner;

(d) Stock acquired by an underwriter in good faith and without any intent to evade the purpose of this section if the shares are held only for such reasonable period of time as will permit the sale thereof; or

(e) Pro rata stock dividends.

(5) If the banking board has not acted upon a completed application within sixty days after receipt thereof, the time may be extended for an additional thirty days by the banking board.

(6) Whenever any person proposes to acquire control of any trust company and is required by the "Change in Bank Control Act of 1978" (section 7 (j) of the "Federal Deposit Insurance Act", 12 U.S.C. 1817 (j)), as amended, to give the appropriate federal banking agency prior written notice of such proposed acquisition, a copy of such notice with supporting information shall be given concurrently to the banking board for information. The banking board may use such information in evaluating applications submitted pursuant to this section and shall submit its recommendation and comments to the appropriate federal regulatory authority in a timely manner.

**Source:** L. 2003: Entire article added with relocations, p. 1188, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-115 as it existed prior to 2003.

**11-109-402. Reports to the banking board and to the commissioner.** (1) The board of directors shall cause the financial statements of the trust company to be prepared in accordance with generally accepted accounting principles consistently applied, except as the banking board may otherwise provide in order to establish regulatory and competitive parity and pursuant to the policies expressed in section 11-101-102.

(2) The board of directors shall cause an annual audit of the trust company to be completed by an accounting firm composed of certified public accountants or a directors' examination by a public accountant or any other independent person or persons as determined by the banking board at least annually but at intervals of not more than fifteen months as may be required by the banking board or its rules. The banking board shall adopt rules regarding the qualifications of such public accountant and other independent person or persons who shall assume the responsibility for due care in such directors' examinations. The banking board's rules shall also establish the scope of such directors' examinations, which shall include safeguards to insure that such examinations adequately describe the financial condition of the financial institution. The banking board may require an audit to be completed by an accounting firm composed of certified public accountants under certain circumstances. A report of the audit or directors' examination and any related management letters and documents shall be completed and submitted to the banking board within the

time frames, in the form, and containing such information as the banking board may require in its rules. Such report of the audit or directors' examination and any related management letters and documents shall be reviewed by the directors at the next meeting of the board of directors.

(3) If a trust company is owned or controlled by a bank holding company, the requirement of subsection (2) of this section may be fulfilled if:

(a) As required by the banking board and its rules, the controlling bank holding company is audited or examined in a directors' examination annually at intervals of not more than fifteen months and the trust company is included in the annual audit or directors' examination of the bank holding company by that firm;

(b) A report of the audit or directors' examination for the controlling bank holding company, and any related management letters and documents, is completed and submitted to the banking board within the time frames, in the form, and containing such information as the banking board may require in its rules; and

(c) An annual internal examination of the trust company is prepared by the internal examination staff of the controlling bank holding company, which shall be submitted to the banking board immediately upon its request.

(4) (a) Every trust company shall make and file with the commissioner not less than three reports during each calendar year according to the form that may be prescribed by him, verified by the oath of either the president, the vice-president, the cashier, or the secretary and attested by the signature of three or more of the directors. Each such report shall exhibit in detail, as may be required by the commissioner, the resources and liabilities of the trust company at the close of business on the date specified by the commissioner.

(b) Such reports shall be transmitted to the commissioner within thirty days after the request therefor.

(c) The commissioner has power to call for special reports from any particular trust company if, in the commissioner's judgment, such reports are necessary to a full and complete knowledge of its condition. No such special report, nor any summary thereof, shall be required to be published. The reports required by, and filed pursuant to, this section shall be in lieu of all others required by law from trust companies. Every trust company that fails to comply with this section shall pay to the commissioner a penalty in an amount set by the banking board pursuant to section 11-102-104 for each day's delay. The commissioner, for valid reasons and good cause, may waive such penalty.

(5) Any person who becomes a director, executive officer, or other person who, directly or indirectly, is responsible for the management, control, or operations of a trust company shall within ninety days thereafter file a report with the banking board containing: A statement describing any civil or criminal offenses affecting such person's qualification to serve in such capacity with respect to which such person has been found guilty or liable by any federal or state court or federal or state regulatory agency; such biographical information as the banking board shall require; and such other information as the banking board shall require pursuant to its rules. If any statement contained in such report subsequently becomes inaccurate or misleading in any way, such person shall file an amended report within thirty days after the date on which the statement in the report first becomes inaccurate or misleading. Any person who fails to comply with this subsection (5) shall be required by the banking board to pay a penalty in an amount set by the banking board by rule, which shall not exceed twenty-five dollars per day, and such penalties shall be deposited in the general fund. The banking board, for valid reasons and good cause, may waive such penalty.

(6) If any trust company changes any executive officer, director, or other person who, directly or indirectly, is responsible for the management, control, or operations of the trust company, such changes shall be promptly reported to the banking board, and the trust company shall provide such information concerning such person as may be requested by the banking board on such forms as the banking board may require, including information about the reasons for termination from any prior employment and whether such person was charged or convicted of any civil or criminal offenses enumerated in subsection (5) of this section. No civil liability shall arise for any trust company, its directors, executive officers, employees, or agents, or any other persons due to compliance with the requirements of this

subsection (6). The purpose of such information is to inform the banking board of the qualifications of such person as they may affect the safety and soundness of the trust company. The information shall be treated as confidential under this article. Any trust company that fails to comply with this subsection (6) shall be required by the banking board to pay a penalty in an amount set by the banking board by rule, which shall not exceed twenty-five dollars per day, and such penalties shall be deposited in the general fund. The banking board, for valid reasons and good cause, may waive such penalty.

## PART 5

### DIRECTORS

**11-109-501. Directors' meetings - duties.** (1) The board of directors of a trust company shall meet at least quarterly. A special meeting of the board of directors may be called by the banking board. The board of directors shall maintain minutes of each meeting including the record of attendance. A director who fails to attend three consecutive meetings of the board of directors shall cease to be a director unless such absence is satisfactorily explained to the banking board.

(2) The board of directors shall establish the policies and procedures necessary for the proper exercise of fiduciary powers by the trust company. In discharging this responsibility, the board of directors may assign, by action duly entered in the minutes, the administration of the trust company's powers as the board of directors may consider proper to assign to any director, officer, employee, or committee as it may designate.

(3) The board of directors of a trust company may declare dividends from retained earnings and from other components of capital specifically approved by the banking board so long as the declaration is made in compliance with the rules established by the banking board.

**11-109-502. Director and officer insurance and fidelity bonds - legislative declaration.** (1) The general assembly hereby finds, determines, and declares that the following is enforceable and in conformity with the public policy of this state, as expressed in this article, including the provisions of section 11-101-102:

(a) Any insurance policy, form, contract, endorsement, or certificate in effect or issued on or after April 30, 1993, that provides insurance coverage to directors or officers, or both, of a trust company but that does not grant coverage or that excludes coverage for claims made by any depository insurance organization or other state or federal corporation, organization, entity, or agency acting as receiver, conservator, or liquidator of such trust company, whether in its own name or in behalf of any other person or entity; or

(b) Any fidelity bond, financial institution bond, or depository institution bond in effect or issued on or after April 30, 1993, that provides for termination of such bond upon the taking over of any trust company by a receiver or other liquidator or by state or federal officials.

(2) No provision of this article shall be construed to contravene or modify the expressed public policy set forth in this section.

## PART 6

OFFENSES, PENALTIES, REMOVAL,  
SUSPENSION, AND ENFORCEMENT

**11-109-601. Penalty for noncompliance with the law.** It is unlawful for any person to carry on or conduct in this state a trust company business, or to advertise or hold himself or herself out as being engaged in or doing a trust company business, or to use the word "trust" or words "trust company" in connection with a business unless such person has complied with the provisions of this article or other laws of this state specifically authorizing a fiduciary or trust business. Any person violating this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment.

**Source: L. 2003:** Entire article added with relocations, p. 1193, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-119 as it existed prior to 2003.

**11-109-602. Assessment of civil money penalties by banking board.** (1) (a) (I) After notice and a hearing as provided in article 4 of title 24, C.R.S., and after making a determination that no other appropriate governmental agency has taken similar action against such person for the same act or practice, the banking board may assess against and collect a civil penalty from:

(A) Any person who has violated any final cease-and-desist order issued by the banking board pursuant to section 11-109-104 (1) (c); and

(B) Any trust company that, or any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of such trust company who, violates or knowingly permits any person to violate any of the provisions of this article or any rule promulgated pursuant to this article, or engages or participates in any unsafe or unsound practice in connection with a trust company. The civil money penalty shall not exceed one thousand dollars per day for each day such violation continues. This provision shall include, but not be limited to, the following violations: Making, or causing to be made, delinquent payment of assessments under this section; submitting, or causing to be submitted, delinquent reports, including but not limited to call reports; or knowingly submitting, or causing to be submitted, to the banking board any report or statement that contains materially false or misleading information.

(II) The banking board may, at its option and upon waiver of the right to a public hearing by a respondent, close to the public any hearing concerning an assessment of a civil money penalty, an order of suspension or removal from office, an order to cease and desist from any unlawful or unsafe and unsound practices, or any other formal enforcement action by the banking board.

(b) For the purposes of this section, a violation shall include, but is not limited to, any action, by any person alone or with another person, that causes, brings about, or results in the participation in, counseling of, or aiding or abetting of a violation.

(2) Civil money penalties shall be assessed by written notice of assessment of a civil money penalty served upon the person to be assessed. The notice of assessment of a civil money penalty shall state the amount of the penalty, the period for payment, the legal authority for the assessment, and the matters of fact or law constituting the grounds for assessment. The notice of assessment of a civil money penalty shall constitute a final order for purposes of judicial review pursuant to section 24-4-106, C.R.S.

(3) The banking board shall have authority to determine the amount of any civil money penalty assessed against any executive officer, director, employee, agent, or other person participating in the affairs of a trust company, except as expressly limited by this article. In determining the amount of the civil money penalty to be assessed, the banking board shall consider the good faith of the person assessed, the gravity of the violation, any previous

violations by the person assessed, the nature and extent of any past violations, and such other matters as the banking board may deem appropriate; except that the civil money penalty shall be not more than one thousand dollars per day for each day the person assessed remains in violation.

(4) Civil money penalties assessed pursuant to this section shall be due and payable and collected within thirty days after the notice of assessment of a civil money penalty is issued by the banking board; except that the banking board may, in its discretion, compromise, modify, or set aside any civil money penalty. Any civil money penalty collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the general fund.

**Editor's note:** This section is similar to former § 11-23-119.1 as it existed prior to 2003.

**11-109-603. No indemnification or insurance against civil money penalties.** Notwithstanding any other provision of law, no trust company shall indemnify or insure any executive officer, director, employee, agent, or person participating in the conduct of affairs of such trust company against civil money penalties.

**11-109-604. Removal of director, officer, or other person.** (1) The banking board may serve any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of a trust company with a written notice of its intention to remove him or her from office whenever the banking board determines:

(a) That any such person has committed any violation of this article, a rule of the banking board, or a cease-and-desist order of the banking board that has become final; has engaged or participated in any unsafe or unsound practice in connection with a trust company; or has committed or engaged in any act, omission, or practice that constitutes a breach of fiduciary duty to the trust company; and

(b) (I) That the trust company has suffered or probably will suffer substantial financial loss or other damage or that the interests of its customers could be seriously prejudiced by reason of such violation or practice or breach of fiduciary duty or offense; or

(II) That such person has received financial gain by reason of such violation, practice, breach of fiduciary duty, or offense; or

(III) That such violation is one involving personal dishonesty on the part of such person or one that demonstrates a willful or continuing disregard for the safety or soundness of the trust company.

(2) Whenever the banking board determines that an executive officer, director, employee, agent, or other person participating in the conduct of the affairs of a trust company, by conduct or practice with respect to another trust company or business institution that results in substantial financial loss or other damage, has evidenced either personal dishonesty or a willful or continuing disregard for the trust company's safety and soundness, and, in addition, has evidenced unfitness to continue his or her relationship with the trust company, the banking board may serve upon such person a written notice of its intention to remove him or her from office or to prohibit such person's further participation in any manner in the conduct of the affairs of the trust company.

(3) A notice of intention to remove a director, executive officer, or other person from office or to prohibit such person's participation in the conduct of the affairs of a trust company shall contain a statement of the facts constituting grounds for removal and shall fix a time and place at which a hearing shall be held thereon. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after the date of service of such notice, unless an earlier or a later date is set by the banking board at the request of such

director or executive officer or other person, and for good cause shown. Unless such director, executive officer, or other person appears at the hearing in person or by a duly authorized representative, he or she shall be deemed to have consented to the issuance of an order of removal or prohibition as specified in the notice issued pursuant to subsection (1) or (2) of this section. In the event of such consent or, if, upon the record made at any such hearing, the banking board finds that any of the grounds specified in such notice have been established, the banking board may issue such orders of suspension or removal from office as it may deem appropriate. Any such order shall become effective at the expiration of thirty days after service upon such trust company and the director, executive officer, or other person concerned except in the case of an order issued upon consent, which shall become effective at the time specified therein. Such order shall remain effective and enforceable except to such extent as it is stayed, modified, terminated, or set aside by action of the banking board or a reviewing court.

**Editor's note:** This section is similar to former § 11-23-119.3 as it existed prior to 2003.

**11-109-605. Suspension of director, officer, or other person.** (1) The banking board may suspend an executive officer, director, employee, agent, or other person participating in the conduct of the affairs of a trust company who becomes ineligible to hold his or her position, or who after receipt of an order of the banking board to cease and desist violates this article or a lawful rule or order issued thereunder, or who is dishonest, or who is reckless or grossly incompetent in the conduct of trust business, or who may be subject to removal under section 11-109-604. It shall be a criminal offense for any such person, after receipt of a suspension order, to perform any duty or exercise any power of any trust company until the banking board vacates such suspension order. A suspension order shall specify the grounds thereof. A copy of the order shall be sent to the trust company concerned and to each member of its board of directors.

(2) Ten days' notice, by certified mail, return receipt requested, and hearing shall be provided to any trust company affected by an action of the banking board in advance of any action taken by the banking board pursuant to this section. In cases found by the banking board to involve extraordinary circumstances requiring immediate action, the banking board may take such action, without notice or hearing, but shall promptly afford a subsequent hearing, upon application to rescind the action taken.

**11-109-606. Informal enforcement authority.** The banking board, or the commissioner if so authorized by the banking board, shall have authority to initiate informal actions to enforce the provisions of this article. In this regard the banking board or the commissioner may, in its or the commissioner's discretion, enter into written agreements such as a memorandum of understanding with, or an informal commitment letter from, or a strongly worded letter of reprimand to any trust company or any executive officer, director, employee, agent, or other person participating in the conduct of the affairs of the trust company.

## PART 7

### LIQUIDATION, DISSOLUTION, AND EMERGENCY CHARTERS

**11-109-701. Discontinuance of trust business - voluntary liquidation and dissolution.** (1) A trust company may discontinue its trust business upon furnishing to the banking board satisfactory evidence of its release and discharge from all obligations and trusts that it has undertaken or that have been imposed by law. Thereupon, the banking board shall cancel the charter, and such trust company shall not be permitted to use the word "trust" in its name or in connection with its business.

(2) (a) With the approval of the banking board, a trust company may liquidate and dissolve. The banking board shall grant such approval if it appears that the proposal to liquidate and dissolve has been approved by a vote of two-thirds of the outstanding voting stock of the trust company at a meeting called for that purpose and that the trust company is solvent and has sufficient liquid assets to pay off depositors and creditors immediately.

(b) (I) Upon approval by the banking board, the trust company shall forthwith cease to do business, shall have only the powers necessary to effect an orderly liquidation, and shall proceed to pay its depositors and creditors and to wind up its affairs.

(II) Within thirty days after the approval, a notice of liquidation shall be sent by mail to each depositor and creditor, at the address of such person as shown in the records of the trust company. The notice shall be posted conspicuously on the premises of the trust company and shall be published in such a manner as the banking board may require. With each notice, the trust company shall send a statement of the amount shown in the records of the trust company to be the claim of the depositor or creditor. The notice shall require that claims of depositors and creditors, if the amount claimed differs from the amount stated in the notice to be due, be filed with the trust company before a specified date not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice.

(III) The approval of an application for liquidation shall not impair any right of a depositor or creditor to payment in full, and all lawful claims of creditors and depositors shall promptly be paid.

(IV) Any assets remaining after the discharge of all obligations shall be distributed to the stockholders in accordance with their respective interests. No such distribution shall be made before all claims of depositors and creditors have been paid or any funds payable to a depositor or creditor and unclaimed have been transmitted to the banking board, or, in the case of any disputed claim, the trust company has transmitted to the banking board a sum adequate to meet any liability that may be judicially determined.

(c) Any unclaimed distribution to a stockholder or depositor shall be held until ninety days after the final distribution and then transmitted to the banking board. Such unclaimed funds shall be held by the banking board for six years and, unless sooner claimed by the person entitled thereto, shall be transferred to the treasury of the county in which the trust company is located. The county treasurer and his successors shall hold such money in trust for a period of six years, unless the money is sooner paid out to the beneficial owner. Any money remaining in the fund six years after such money is paid into the treasury of the county, for the recovery of which no action is pending, shall be transferred to the general fund of the county, and all rights of the beneficial owners therein to recover such money shall be forever barred.

(d) If the banking board finds that the assets will be insufficient for the full discharge of all obligations or that completion of the liquidation has been unduly delayed, the banking

board may take possession and complete the liquidation in the manner provided in this article for involuntary liquidations.

(e) The banking board may require reports of the progress of liquidation. If the banking board is satisfied that the liquidation has been properly completed, it shall cancel the charter and enter an order of dissolution.

**Source: L. 2003:** Entire article added with relocations, p. 1196, § 3, effective July 1.

**Editor's note:** This section is similar to former § 11-23-121 as it existed prior to 2003.

**11-109-702. Involuntary liquidation.** (1) Except as otherwise provided in this article, only the banking board may take possession of a trust company if, after a hearing before the banking board, it finds: The trust company's capital is inadequate; the trust company's business is being conducted in an unlawful or unsound manner; the trust company is unable to continue normal operations; or the control of the trust company has been assumed by any person or persons convicted of fraud or a felony involving moral turpitude or financial dealings in this state or any other jurisdiction, or by any partnership, association, or corporation controlled, directly or indirectly, by any person so convicted, unless the banking board determines that such person has been duly rehabilitated or otherwise that the trust company will be honestly and efficiently managed.

(2) (a) The banking board shall take possession of a trust company by posting upon the premises a notice reciting that it is assuming possession pursuant to this article and the time, not earlier than the posting of the notice, when its possession shall be deemed to commence. A copy of the notice shall be filed in the district court of the county in which the trust company is located. The commissioner shall notify the federal deposit insurance corporation of taking possession of any trust company that is a member of such corporation.

(b) When the banking board has taken possession of a trust company, the commissioner shall be vested with the full and exclusive power of control, including the power to stop or to limit the payment of its obligations; to employ any necessary assistants, including legal counsel after possession of the trust company has been taken; to execute any instrument in the name of the trust company; to commence, defend, and conduct in its name any action or proceeding to which it may be a party; to terminate his or her possession by restoring the trust company to its board of directors and stockholders upon conditions prescribed by the banking board; and to reopen a closed trust company or liquidate the trust company in accordance with this article. As soon as practicable after the banking board takes possession, the commissioner shall make an inventory of the assets and file a copy thereof with the court in which the notice of possession was filed.

(c) For six months after the posting of the notice of possession and while the banking board's possession continues, there shall be a postponement of the date upon which any period of limitation fixed by statute or agreement would otherwise expire on a claim or right of action of the trust company, or upon which a review must be taken or a pleading or other document must be filed by the trust company in any pending action or proceeding.

(d) If, in the opinion of the banking board, an emergency exists that may result in serious losses to the customers, it may take possession of a trust company without a prior hearing. Within ten days after the banking board has taken possession, any interested person may file an application with the banking board for an order vacating such possession. The banking board shall grant the application if it finds its action was unauthorized.

(3) For the purposes of this article, a trust company shall be deemed to be closed when the banking board has closed the trust company for business for the purpose of liquidation. The banking board shall mail notice of its intent to liquidate the trust company to the directors, stockholders, and depositors at their addresses as shown on the records of the trust company, and the commissioner shall proceed to liquidate the trust company. The banking board may appoint a liquidator to conduct the liquidation of the affairs of any trust company. The liquidator shall perform all of the duties required of the commissioner under this article and shall make such periodic reports as the banking board shall require. If the trust company is a member of the federal deposit insurance corporation, the banking board may offer the position of liquidator to the federal deposit insurance corporation, which may decline in

their discretion. The liquidator may employ such other assistants and legal counsel at such reasonable compensation as the liquidator shall determine to be necessary. All expenses incident to the liquidation shall be paid out of the assets of the trust company. The liquidator and any assistants shall provide a bond executed by a surety company authorized to do business in this state, running to the people of the state of Colorado, that meets with the approval of the banking board, for the faithful discharge of their duties in connection with such liquidation and the accounting for all moneys coming into their hands. The cost of such bond shall be paid from the assets of the trust company. Suit may be maintained on such bond by any person injured by a breach of the conditions thereof.

(4) No judgment, lien, or attachment shall be executed upon any asset of the trust company while it is in the possession of the banking board. Upon the election of the commissioner, in connection with a liquidation:

(a) Any nonconsensual lien or attachment, other than an attorney's or mechanic's lien, obtained upon any asset of the trust company during the banking board's possession, or within four months prior to commencement thereof, shall be vacated and voided, except liens created by the banking board while in possession;

(b) Any transfer of an asset of the trust company made after or in contemplation of its insolvency, with intent to effect or that results in a preference, shall be voided.

(5) With the approval of the court in which notice of possession has been filed, the commissioner may borrow money in the name of the trust company and may pledge its assets as security for the loan.

(6) All necessary and reasonable expenses of the banking board's possession of a trust company and of its liquidation shall be paid from the assets thereof.

#### ANNOTATION

**Annotator's note.** Since § 11-109-702 is similar to § 11-23-122 as it existed prior to the 2003 recodification of the "Colorado Banking Code", articles 101 to 109 of title 11, a relevant case construing that provision has been included in the annotations to this section.

**The Trust Company Act provides for a broad delegation to the liquidator of the discretionary powers of the bank commissioner.** *Summit Trust Servs., Inc. v. Snyder*, 936 P.2d 623 (Colo. App. 1997).

Division of claimants into two classes, consisting of those whose assets had been commingled with those of out-of-state investors victimized by Ponzi scheme and those whose assets had not, was reasonable under the circumstances and within the liquidator's authority under this section. *Summit Trust Servs., Inc. v. Snyder*, 936 P.2d 623 (Colo. App. 1997).

**11-109-703. Emergency grant of new charter.** In addition to powers regarding liquidation, the banking board may, in the interest of protecting the public and the depositors of a closed trust company with its principal office in this state, issue a new trust company charter to qualified individuals for the same location as the closed trust company, contingent upon the new trust company assuming full liability for such deposits of the closed trust company as may be transferred to it. Under such conditions, a new charter may be issued summarily without the publication of notice, without the holding of a public hearing, and without complying with any of the other provisions and procedures specified in this article.

**11-109-704. Liquidation by commissioner - procedure.** (1) In liquidating a trust company, the commissioner may exercise any power of the trust company and shall have

the duty to collect all assets, debts, and claims belonging to the trust company. Unless the commissioner obtains the approval of the court in which notice of possession has been filed by petition setting forth the material facts and upon such notice to the officers, directors, or stockholders in such form as the court may require, the commissioner shall not:

- (a) Sell any asset of the trust company having a value in excess of five hundred dollars;
- (b) Compromise or release any claim if the amount of the claim exceeds five hundred dollars, exclusive of interest;
- (c) Make any payment on any claim, other than a claim upon an obligation incurred by the commissioner, before preparing and filing a schedule of his or her determinations in accordance with this article.

(2) Within six months after the commencement of liquidation, the commissioner may, by election, terminate any executory contract for services or advertising to which the trust company is a party or any obligation of the trust company as a lessee. A lessor who receives at least sixty days' notice of the commissioner's election to terminate the lease shall have no claim for rent, other than rent accrued to the date of termination, nor for damages for such termination.

(3) The right of any agency of the United States insuring savings obligations to be subrogated to the rights of depositors upon payment of their claims shall not be less extensive than the law of the United States requires as a condition of the authority to issue such insurance or make such payments to depositors of trust companies.

(4) As soon after the commencement of liquidation as is practicable, the commissioner shall send notice of the liquidation to each known depositor, creditor, and bailor of property held by the trust company at the address shown in the records of the trust company. The notice shall also be published once a week for three successive weeks, in a newspaper of general circulation in the city or county in which the trust company is located. With each notice, the commissioner shall send a statement of the amount shown in the records of the trust company to be the claim of the depositor, creditor, or bailor. The notice shall demand that property held by the trust company as bailee be withdrawn by the person entitled thereto and the claim of a depositor or creditor, if the amount claimed differs from the amount stated in the notice to be due, be filed with the commissioner before a specified date, not earlier than sixty days thereafter, in accordance with the procedure prescribed in the notice.

(5) Any unclaimed property, including the contents of safe deposit boxes, held by the trust company as bailee and certified inventories thereof shall be held by the commissioner for six years unless sooner claimed by the person entitled to such property. After six years the commissioner may sell or otherwise appropriately dispose of the property. The proceeds of a sale shall be transferred and disposed of in accordance with the provisions of subsection (10) of this section.

(6) Within six months after the last day specified in the notice for the filing of claims, or within such longer period as may be allowed by the court in which notice of possession has been filed, the commissioner shall:

- (a) Reject any claim if the commissioner determines the invalidity thereof;
- (b) Determine the amount, if any, owing to each known creditor or depositor and the priority class of such claim under this article;
- (c) Prepare a schedule of the commissioner's determinations for filing in the court in which notice of possession was filed;
- (d) Notify each person whose claim has not been allowed in full and publish once a week for three successive weeks, in a newspaper of general circulation in the city or county in which the trust company is located, a notice of the time when and the place where the schedule of determinations will be available for inspection and the date, not sooner than thirty days thereafter, when the commissioner will file the schedule in court. If there is no newspaper of general circulation in such city or county, then publication shall be in the newspaper of general circulation published nearest thereto.

(7) Within twenty days after the filing of the commissioner's schedule, the federal deposit insurance corporation or any creditor, depositor, or stockholder may file an objection to any determination made that adversely affects or may adversely affect such objector. Any objections so filed shall be heard and determined by the court upon such

notice to the commissioner and interested claimants as the court may prescribe. If the objection is sustained, the court shall direct an appropriate modification of the schedule. After filing the schedule, the commissioner may, from time to time, make partial distribution to the holders of claims that are undisputed or have been allowed by the court if a proper reserve is established for the payment of disputed claims. As soon as is practicable after the determination of all objections, the commissioner shall make final distribution.

(8) (a) The following claims shall have priority in the order specified: Obligations incurred by the commissioner; wages and salaries of officers and employees earned during the three-month period preceding the commissioner's possession in an amount not exceeding five thousand dollars for any one person; fees and assessments due to the commissioner; amounts that the federal deposit insurance corporation are entitled to receive on account of their subrogation to the claims of depositors; all other claims for savings obligations; claims of secured creditors to the extent of the value of their collateral; and all other claims.

(b) After the payment of all other claims, the commissioner shall pay claims otherwise proper that were not filed within the time prescribed. If the sum available for any class is insufficient to provide payment in full, such sum shall be distributed to the claimants in the class pro rata.

(9) Any assets remaining after all claims have been paid shall be distributed to the stockholders in accordance with their respective interests.

(10) Unclaimed funds remaining after final distribution has been made by the commissioner shall be retained for six years by the commissioner unless sooner claimed by the owner. At the expiration of such period, the remaining sum shall be transferred to the treasury of the county in which the trust company is located. The county treasurer and his or her successors shall hold such money in trust for a period of six years, unless the money is sooner paid out to the beneficial owner or owners or a suit is instituted to recover such money or a portion thereof. Any money remaining in the fund six years after such money is paid into the treasury of the county, for the recovery of which no action is pending, shall be transferred to the general fund of the county, and all rights of the former beneficial owners of such money to recover the money shall be forever barred.

(11) When the final distribution of the proceeds of liquidation have been made in accordance with this article, the commissioner shall file an account with the court in which notice of possession was filed. Upon approval thereof, the commissioner shall be relieved of liability in connection with the liquidation and shall cancel the charter.

## PART 8

### APPEALS

**11-109-801. Appeals procedure.** Any trust company aggrieved and directly affected by an order or rule of the banking board, issued under this article, may seek a review in the district court of this state in and for the county in which the trust company is located, within thirty days after receipt of written notice of the issuance of such order or rule. The filing of such a petition for review shall not, of itself, stay enforcement of an order or rule, but the court, upon a finding that irreparable injury would otherwise result, may order a stay upon such terms as it deems proper. The court may affirm the order of the banking board or may direct said banking board to take any action deemed proper. No person shall be subjected to any civil or criminal liability for any act or omission made in good faith reliance upon a then existing order or rule of the banking board, notwithstanding a subsequent decision by a court invalidating the order or rule.

**Editor's note:** This section is similar to former § 11-23-120 as it existed prior to 2003.

**11-109-802. Injunctions - appeals.** (1) Whenever the banking board has taken possession of a trust company and the trust company deems itself aggrieved thereby, such trust company, within ten days after such taking, may apply to the court in which notice of possession has been filed to enjoin further proceedings. After citing the banking board to show cause why further proceedings should not be enjoined and after a hearing, the court may dismiss the application of the trust company or may enjoin the banking board from further liquidation proceedings and direct the banking board to surrender possession of the trust company.

(2) An appeal may be taken by the banking board or by the trust company from the judgment of the court in the manner provided by law for appeals from judgments of the district court. An appeal from the judgment does not operate as a stay of judgment. If the appeal is taken by the banking board, no bond need be given, but if the appeal is taken by the trust company, a bond shall be given as required by the Colorado rules of civil procedure.

## PART 9

### TRUST PRACTICES

**11-109-901. Reserves against deposits.** Trust companies that are subject to reserve provisions of the "Federal Reserve Act" shall maintain such reserves against deposits as may be required by the "Federal Reserve Act", but, in addition thereto, the banking board may by rule impose reserve requirements that it deems prudent and sound on trust companies, including trust companies not subject to reserve provisions of the "Federal Reserve Act". In promulgating these rules, the banking board shall consider all relevant factors, including without limitation, the factors set forth in section 11-101-102.

**Cross references:** For the "Federal Reserve Act", see 12 U.S.C. § 221 et seq.

**11-109-902. Investments.** (1) In addition to other investments expressly authorized by this article or the rules promulgated by the banking board, a trust company may purchase:

(a) Obligations that satisfy the requirements of this article or the rules promulgated by the banking board for loans for state banks;

(b) Obligations of, or fully guaranteed by, the United States, a state of the United States, or the Dominion of Canada;

(c) Obligations of the international bank for reconstruction and redevelopment;

(d) Farm loan bonds issued by any federal land bank organized pursuant to an act of congress approved July 17, 1916, entitled: "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgages, to furnish a market for United States bonds, to create government depositories and financial agents for the United States, and for other purposes." and known as the "Federal Farm Loan Act", and acts amendatory thereto. Such farm loan bonds shall be accepted as security for all public deposits and in all cases where bonds are required by law to be deposited with any department or public official of this state, but this section shall not be so construed as to prohibit such moneys or deposits from being invested in such other securities provided for by law.

(e) General obligations of a territory of the United States, a province of the Dominion of Canada, or a political subdivision or instrumentality of a state or territory of the United States;

(f) Obligations of a corporation chartered by the United States or a state thereof doing business in the United States; or an authority organized under state law, an interstate compact, or by substantially identical legislation adopted by two or more states if any of the foregoing under this paragraph (f) are approved by the banking board for investment;

(g) Revenue obligations issued to provide, enlarge, or improve electric power, gas, water and sewer facilities by any city or town having a population of not less than two thousand people at the time of the investment, located in any state in the United States or territories thereof;

(h) Such other obligations as the general assembly has designated or may from time to time designate as legal investments for public funds;

(i) The capital stock of other corporations, including the stock of a corporation regulated under the federal "Investment Company Act of 1940", as amended, 15 U.S.C. section 80a-1 et seq., and the land or lands and building or buildings in which the business of the trust company is carried on, including its trust company offices, other property in the same building to rent as a source of income, and fixtures, and furniture, safe deposit vaults and boxes, and other personal property such as may be appropriate to carry on its business.

(2) A trust company may, to the extent that banks subject to the laws of the federal government are permitted so to do and to the extent permitted by the rules of the banking board, purchase shares of stock in small business investment companies organized under Public Law No. 85-699, 85th Congress, known as the "Small Business Investment Act of 1958", as amended, but in no event shall any trust company hold shares in small business investment companies in an amount aggregating more than three percent of the trust company's capital and surplus.

(3) No limitation or prohibition otherwise imposed by any provision of state law relating to trust companies shall prevent a trust company from investing not more than ten percent of the trust company's capital as defined in the rules promulgated by the banking board in a bank service corporation as defined in 12 U.S.C. 1861 to 1865, inclusive, and as amended, subject to the rights, powers, and limitations contained therein, and such investment by trust companies is expressly authorized to the extent permitted by the rules of the banking board.

(4) A trust company may acquire or retain an equity investment in a subsidiary of which the trust company is the majority owner, so long as the subsidiary is engaged in activities that are allowed pursuant to this article.

(5) Notwithstanding any restrictions upon investments in obligations, powers, or activities contained in this article, a trust company may invest in any obligation, exercise such powers, and engage in such activities that such trust company could legally acquire, exercise, and engage in were it operating as a national bank at the time such investment was made, such powers were exercised, or such activities were engaged in, to the extent permitted by the rules promulgated by the banking board.

(6) A trust company may invest an amount not exceeding ten percent of its capital as defined in the rules promulgated by the banking board in the stock of any bank or bank holding company that provides services solely to depository institutions and their shareholders, directors, officers, and employees, wherein the ownership of stock of the bank or bank holding company, except for any stock required by law to be owned by directors of the bank or bank holding company, is restricted to banks, trust companies, or bank holding companies. The amount of stock owned by a trust company in any such bank or bank holding company shall not be in excess of five percent of the voting shares of such bank or bank holding company.

(7) (a) A trust company may directly engage in activities that are primarily investments in real estate or may acquire and hold the voting stock of one or more corporations the activities of which are primarily investments in real estate. Such activities may include subdividing and developing real property and building residential housing or commercial improvements on such property and may also include owning, renting, leasing, managing, operating for income, or selling such property. Such property shall be entered on the books

at not more than cost or fair market value, whichever is less. The total of all investments made by a trust company pursuant to the authority of this subsection (7) shall not exceed ten percent of its capital.

(b) Upon finding that such restrictions are necessary according to the criteria set forth in section 11-101-102, the banking board may adopt rules that restrict the total investments of a trust company under this subsection (7) to a percentage less than ten percent of the trust company's capital. Nothing in this subsection (7) shall authorize a trust company to contravene a lawful order of the banking board or commissioner with respect to investments by the trust company in real estate or corporations engaging in real estate activities. A trust company that intends to initiate a program of investments under the authority of this subsection (7) shall give sixty days' advance notice to the division of banking of such intent; except that such notice may be waived in the banking board's discretion where such notice is impracticable or unnecessary. The trust company shall also notify the division within ten days after the commencement of the investment program. If similar notices are required by the trust company's federal supervisory agency, the same form of notice may be used for purposes of notice under this subsection (7).

(2) A trust company, including a private family trust company as defined in section 11-109-1001, may:

(a) Make a loan or extend credit to its officers, directors, and employees if such loan or credit is adequately secured and does not involve more than the normal risk of default or present other unfavorable features. Any loan or extension of credit in excess of twenty-five thousand dollars shall be subject to prior approval by the banking board.

(b) Establish with one or more broker-dealers margin accounts in its name as fiduciary or custodian for the benefit of the owners or beneficiaries of such accounts.

## PART 10

### PRIVATE FAMILY TRUST COMPANIES

**11-109-1001. Definitions.** As used in this part 10, unless the context otherwise requires:

(1) "Applicant" means a private family trust company or proposed private trust company that is applying for an exemption from one or more provisions of this article pursuant to section 11-109-1003.

(2) "Control" means that:

(a) A person directly or indirectly, or acting through one or more persons, owns, controls, or has power to vote twenty-five percent or more of the voting securities of a private family trust company; or

(b) A person controls in any manner the election of a majority of the directors, managers, or trustees of a private family trust company.

(3) (a) "Family member" means:

(I) Any individual who is related within the fourth degree of affinity or consanguinity to each individual who owns an interest in the private family trust company, referred to in this subsection (3) as the "individual family member";

(II) A sole proprietorship, partnership, joint venture, association, trust, estate, business trust, or other company or charitable organization that is at least eighty percent owned, directly or indirectly, by one or more individual family members and has no other owners other than employee-owners, as described in subparagraph (III) of this paragraph (a), or that exclusively benefits an individual family member; or

(III) Any individual who is an employee of and owns a minority interest in an entity described in subparagraph (II) of this paragraph (a).

(b) In determining whether an individual is a "family member" for the purposes of this article:

(I) If more than one person controls a private family trust company or establishes a trust or corporation that controls a private family trust company, all individuals who control the private family trust company must be related within the second degree of affinity or consanguinity;

(II) An individual shall be deemed to be related to another individual if he or she is married to, is an ancestor of, or is a descendant of any ancestor of the other individual.

(c) Adopted children and stepchildren shall be treated the same as natural children for the purpose of determining ancestors and descendants.

(4) "Private family trust company" means a trust company that is prohibited from transacting business with the general public, is exclusively owned by one person or by family members, and is authorized to apply to the banking board for an exemption from certain provisions of this article pursuant to section 11-109-1003.

(5) (a) "Transacting business with the general public" means conducting any sales, solicitations, arrangements, agreements, or transactions to provide a trust or other business service, regardless of whether the conduct is performed for a fee, commission, or other type of remuneration, with any person who is not a family member.

(b) Pursuant to section 11-102-104 (18) (a), the banking board has the power to define circumstances that do not constitute transacting business with the general public for the purposes of this part 10.

**Source: L. 2008:** Entire part added, p. 1494, § 1, effective May 28.

**11-109-1002. Compliance - prohibited transactions - certification - remedies.**

(1) Except as otherwise provided in section 11-109-1003, a private family trust company:

- (a) Shall comply with the provisions of this article;
- (b) Shall not transact business with the general public;
- (c) Shall not market or advertise in any way and shall not hold itself out as providing services to any persons other than family members; and
- (d) Shall provide services, directly or indirectly, only to family members.

(2) Pursuant to section 11-102-104 (18) (d) (III), a private family trust company shall annually submit to the banking board a certification confirming that the company is complying with the provisions of this article, except for those provisions for which the private family trust company has received an exemption from the banking board pursuant to section 11-109-1003.

(3) If a private family trust company fails to comply with one or more provisions of this article for which the private family trust company does not possess an exemption pursuant to section 11-109-1003 or any order issued by the banking board consistent with this article, the banking board may:

- (a) Institute any action or remedy prescribed by this article or any applicable rule promulgated by the banking board; or
- (b) Revoke the charter of the private family trust company.

**Source: L. 2008:** Entire part added, p. 1495, § 1, effective May 28.

**11-109-1003. Exemptions from compliance - applications - investigations.** (1) A private family trust company may be exempted from compliance with one or more provisions of this article as specified in rules adopted by the banking board pursuant to section 11-102-104 (18) (c).

(2) An applicant may submit to the banking board an application requesting that the banking board, pursuant to section 11-102-104 (18) (b), grant the applicant a whole or partial exemption from compliance with one or more provisions of this article. The application shall be submitted on the standard application form developed by the banking board pursuant to section 11-102-104 (18) (d) (I) (A) and shall include:

- (a) A nonrefundable application fee in an amount to be determined by the banking board pursuant to section 11-102-104 (18) (d) (I) (B);
- (b) The applicant's financial statements as of the end of the most recent quarter of the calendar year and the most recent calendar or fiscal year end;
- (c) A statement of the reason for which the applicant is requesting the exemption;
- (d) A statement that the applicant:
- (I) Is not currently transacting business with the general public;

- (II) Will not transact business with the general public;
  - (III) Will not market or advertise in any way and will not hold itself out as providing services to any persons other than family members; and
  - (IV) Will provide services, directly or indirectly, only to family members;
  - (e) The current street mailing address and phone number of the physical location in this state at which the applicant will maintain its financial records;
  - (f) A list of the specific provisions of this article for which the applicant is requesting an exemption; and
  - (g) Any other information requested by the banking board.
- (3) Upon receipt of an application submitted by an applicant pursuant to subsection (2) of this section, the banking board may:
- (a) Grant the exemption wholly or in part;
  - (b) At the expense of the applicant, investigate the applicant in connection with the request; or
  - (c) Request that the applicant submit additional information to allow the banking board to make an informed decision.
- (4) Unless an application submitted by an applicant pursuant to subsection (2) of this section presents novel or unusual questions, the banking board shall either approve the application and grant the exemption wholly or in part or set a date for a hearing concerning the application no later than sixty-one days after:
- (a) The banking board receives the application; or
  - (b) In the event that the banking board requests additional information pursuant to paragraph (c) of subsection (3) of this section, the banking board receives the additional information.
- (5) The banking board may grant a whole or partial exemption to an applicant only if the banking board determines that the applicant does not and will not transact business with the general public.
- (6) In granting a whole or partial exemption pursuant to this section, the banking board may, in its discretion, attach any conditions or limitations to the exemption that are consistent with the provisions of this article.

**11-109-1005. Change of control.** (1) A person who controls a private family trust company may sell or otherwise transfer control of the company thirty days after providing to the banking board written notice of his or her intent to transfer control of the company. The notice shall be in such form as the banking board may require pursuant to section 11-102-104 (18) (d) (IV).

(2) If a person transfers control of a private family trust company pursuant to subsection (1) of this section to another person to whom he or she is related within the second degree of affinity or consanguinity, any exemptions that have been granted to the private family trust company by the banking board pursuant to section 11-109-1003 shall remain effective.

(3) If a person transfers control of a private family trust company pursuant to subsection (1) of this section to another person to whom he or she is not related within the second degree of affinity or consanguinity, any exemptions that have been granted to the private family trust company by the banking board pursuant to section 11-109-1003 shall be revoked upon the date that the transfer becomes effective. If the person to whom control of

the private family trust company is transferred wishes to retain an exemption that has been granted by the banking board to the company prior to the transfer, he or she must submit an application for the exemption pursuant to section 11-109-1003.

**11-109-1006. Revocation of exemption - notice - hearing.** (1) The banking board, in accordance with rules promulgated pursuant to section 11-102-104 (18) (d) (II), may revoke an exemption granted to a private family trust company pursuant to section 11-109-1003, which also subjects the private family trust company to additional securities regulations.

(2) (a) If the banking board resolves to revoke an exemption granted to a private family trust company pursuant to subsection (1) of this section, it shall notify the private family trust company in writing of the revocation. The notice shall state with reasonable certainty the reason for the revocation and the effective date of the revocation. The effective date shall be no less than ten days after the date that the notice is mailed or delivered to the private family trust company.

(b) The exemption revocation shall become effective upon the effective date, as specified in paragraph (a) of this subsection (2), unless the private family trust company submits a written request, before the effective date, that the banking board hold a hearing on the matter pursuant to subsection (3) of this section.

(3) (a) If a private family trust company, upon receiving notice of a revocation, timely requests a hearing of the banking board as specified in subsection (2) of this section, the banking board shall conduct a hearing. At the hearing, the banking board shall grant the private family trust company a reasonable opportunity to state the reason or reasons why the exemption should not be revoked. At the conclusion of the hearing, the banking board shall immediately uphold or withdraw the revocation.

(b) If, upon the conclusion of a hearing granted to a private family trust company pursuant to paragraph (a) of this subsection (3), the banking board upholds a revocation of an exemption, the effective date of the upheld revocation shall be ten days after the date of the hearing. The decision of the banking board to uphold a revocation shall be final and not subject to further appeals by the private family trust company or any other party.

**11-109-1007. Conversion to a public trust company.** (1) Upon satisfaction of the conditions described in subsection (2) of this section, and except as otherwise provided in subsections (3) to (5) of this section, a private family trust company may terminate its status as a private family trust company, convert itself to a public trust company, and begin transacting business with the general public in accordance with the provisions of this article.

(2) A private family trust company that intends to terminate its status as a private family trust company, convert itself to a public trust company, and begin transacting business with the general public shall submit notice of its intent in writing to the banking board in a manner prescribed by rule of the banking board adopted pursuant to section 11-102-104 (18) (d) (V). Except as described in subsections (3) to (5) of this section, the company may begin transacting business with the general public thirty-one days after approval by the banking board.

(3) Upon receipt of a notice of intent submitted by a private family trust company pursuant to subsection (2) of this section, the banking board may:

(a) At the expense of the private family trust company, investigate the private family trust company in connection with the request;

(b) Request that the private family trust company submit additional information to allow the banking board to make an informed decision;

(c) Order the company to refrain from transacting business with the general public as described in subsection (4) of this section; or

(d) Specify a date upon which the company may begin transacting business with the general public as described in subsection (5) of this section.

(4) The banking board shall order a company that has provided a notice of intent pursuant to subsection (2) of this section to refrain from transacting business with the general public if the banking board determines that:

(a) The company lacks adequate financial resources to undertake the proposed conversion without adversely affecting the company's safety or soundness;

(b) The transaction of business with the general public by the company would be contrary to the public interest; or

(c) The company will not be in compliance, when it commences business with the general public, with any provision of this article for which the company has been granted an exemption pursuant to section 11-109-1003.

(5) A private family trust company that submitted a notice of intent and has been ordered by the banking board to refrain from transacting business with the general public pursuant to subsection (4) of this section shall not begin transacting business with the general public until such date as the banking board specifies that the company may begin to transact business with the general public.
